Dear Senator

**Re: Hansard Correction – Friday 22 February 2019**

I have reviewed the proof Hansard of the Additional Estimates 2019 hearing conducted by the Senate Rural and Regional Affairs and Transport Legislation Committee on Friday 22 February 2019 and I wish to make one factual correction. I have provided it as *Attachment A* to this letter.

Thank you for the opportunity to review the transcript.

Kind regards

Phillip Glyde

**Corrections to Hansard of Additional Estimates hearing on  
Friday 22 February 2019**

**Correction 1:**

The correction relates to my opening statement which can be found on page 4 of the proof Hansard:

*“The first is the Basin Community Committee statement and the second is the independent panel interim report into the fish deaths, which was provided by the Australian Academy of Science. I’m happy to table that statement.”*

I wish to highlight to the committee that on page 4 I mistakenly stated the above and the corrected answer is provided below.

*“The first is the Basin Community Committee statement and the second is the independent panel interim report into the fish deaths, which was provided by Professor Rob Vertessy. I’m happy to table that statement.”*
