The unload area is currently shell grit and dirt and in the rain often becomes quite boggy for the heavy vehicles. Concreting this area will ensure all weather access for heavy vehicles. Sealing this area will also minimise the dust that is lifted and spread into adjoining Community businesses such as: PUBSC, Kiosk & Contractors Camp. The project will provide an all-weather access into the Admin Store Freight Shed, which is the loading and unloading point for Heavy Vehicles that bring the freight requirements for the community into Pormpuraaw. Our Admin Store unloads the freight and distributes the freight to community members. Stage 1 – Admin Store Project consists of concrete driveway from Wirran Street to the Admin Store Freight Shed Heavy Vehicle Loading Area. This project also has an element of paving on Wirrant St. This project is being funded under R2R funding for the amount of \$168,000. Stage 2 – Admin Store Project consists of the second stage of the concrete driveway (385m2 approx.) which will be from the Admin Store Freight Heavy Vehicle Loading Area through to Marranthan Street. This project is being requested to be approved under our LRCI Phase 3 for the amount of \$108,860. Attached is a map of Pormpuraaw showing the location of the project and indicating Stage 1 and Stage 2 sections.	Complete	\$108,860	Jun-22	Oct-22	Community
3	QLD	Pormpuraaw Aboriginal Shire Council	Council Works Depot-Piithamp St	Concrete Seal for Heavy Vehicle Access for Road Transport Vehicles and Plant/Machinery - 1250m2 A number of critical services and council equipment operate out of the works depot. The Gorge Walk is a large stretch of pathway that includes concrete pathways, timber boardwalk, handrails and stairs with key lookout points along the way. During an extensive rain event in March - April 2021 a section of the embankment washed away and undermined the structure, de-stabilising a section of the boardwalk. Council has undertaken a technical site condition report (including Geotechnical investigations) and have engaged a Contractor to undertake the repairs to the boardwalk, based on the specialist advice. The construction will replace the footings and make safe and reuse the existing timber of the boardwalk. The Project is to commence in October in order for boardwalk to be back in use for the public in time for the peak tourist season in December	Complete	\$426,593	Oct-21	Dec-21	Community

2	QLD	Redland City Council	INDIGISCAPES FACILITY UPGRADES, CAPALABA	Painting/Improvements to community facilities Minor works required at IndigiScapes will enhance customer experience and work efficiency of staff within Environmental Education Centre. 1	SA	City of Adelaide	Road resurfacing of Chesser Street and pavement surfacing (DuraTherm) upon entrance to Coromandel Place	The Historian Precinct consists of three public roads that operate mainly in a one-way direction. Motorists enter Coromandel Place from Pirie Street, turn right onto French Street, right onto Chesser Street and exit out onto Pirie Street. The Grenfell Street end of both Coromandel Place and Chesser Street has bollards to prevent entering or exiting the precinct. These bollards are removable to allow for two-way vehicle movement under traffic control during special event road closures. This section operates under two-way conditions for motorists parking/unparking and those entering/exiting private property. All three streets have kerbs however the narrowness of these and bin placement forces pedestrians, etc. to use the road. On-street parking consists of 17 x Loading Zones as follows; • Coromandel Place consists of two spaces between Pirie and French Streets and five between French and Grenfell Streets, • There is one space on French Street, and • Chesser Street consists of five spaces between Grenfell and French Streets and four spaces between French and Pirie Streets. The narrowness of the streets, particularly Chesser, forces motorists manoeuvring around a parked vehicle to mount the kerb which poses a significant risk to pedestrians exiting the properties on the east side between French and Pirie Streets. It is recommended that approval be sought from Department of Planning, Transport and Infrastructure for the introduction of a Shared Use zone. In principle support for the Shared Use zone has already been received. This support is based on ensuring that changes are made to all three streets to ensure that a motorist is aware of the differing environment. These changes are the removal of parking on Coromandel Place and Chesser Street between Pirie and French Streets and installation of planter boxes to	Complete	\$88,067	Nov-20	May-21	Road

Extension of existing Shared Use Path along Alma Tce from Nicholls Tce corner to the pedestrian access to Albert Park train station. New landscaping and tree planting along Nicholls Tce and Alma Tce verges.	The suburb of Woodville West is undergoing significant urban renewal as a result of a State Government initiated project to renew an area with a high concentration of social housing into an area with a broad mix of housing types and new public spaces. While the new development is progressing well, Council has received a number of complaints from residents in the interface area with the new development about the quality and appearance of existing assets and the public realm and a desire for Council to invest in the upgrade of these assets to be more consistent and sympathetic to the evolving urban renewal area. This funding presents an opportunity for Council to bring forward some works already identified in our Asset Management Plans and Strategic Plans for delivery within the next 4yrs and action some of the concerns raised by the local community. 1	SA	City of Mount Gambier	Review of existing lighting levels across the City of Mount Gambier compared to Australian Standards, including modelling the improvement in lighting that will be achieved through the installation of LED lights.	Improving lighting levels and safety in the streets of the City of Mount Gambier. - Improved safety due to higher lighting levels provided by LEDs. - Council's energy consumption and carbon footprint would therefore be considerably reduced; - the incidence of reported Street Lights Out should reduce. This will reduce operating costs; - LEDs have a lower lumen depreciation than HID lamps. This means that approaching the end of life a LED output is higher than that of a HID lamp; - Disposal and/or recycling or refurbishment of LED luminaires will be more efficient than disposal of lamps containing higher levels of mercury; - LED luminaires are smart ready. That is, they can facilitate control systems such as remote reporting (of parameters such as temperature, noise and air quality), control and dimming, should it be required; - A variety of existing luminaire and lamp combinations can be replaced with one LED type, with white light, which is the preferred option for P category (minor road) installations; and - Some HID light sources (e.g. Low-Pressure Sodium lamps and Mercury Vapour lamps) are no longer available. This requires the replacement of whole luminaires with an alternative replacement. LEDs meet this need	Complete	\$486,995	May-22	Nov-22	Community

1	SA	Corporation of The City of Unley	Landscaping of an important walking and cycle corridor, following path widening to be undertaken by the State Government. The works involve vegetation clearance, soil improvements, irrigation and extensive planting of shrub, grasses and ground covers, as well as advanced trees. In addition to the corridor greening, improved way finding signage and upgrade LED path lighting will be installed.	The Mike Turtur is the most popular off-road cycle route for daily commuters into the CBD. Over time, the popularity has placed increased pressure on the path width and its capacity to accommodate increased cyclists and pedestrians. The State Government has chosen to increase the path width to improve the safety and efficiency of the route, between Musgrave Street, Goodwood and King William Road, Wayville. The bikeway runs parallel to the existing tram corridor and adjoining side and rear fences of residential homes. To enable the construction of a wider path, extensive vegetation clearance is required. Much of the existing planting is old, self-seeded and overgrown, and inappropriate along the bikeway due to sightlines, CPTED, form or seed drop. The LRCI Program allows Council to invest in a new corridor landscaping to improve the safety, amenity and biodiversity for all users, and adjacent residents. A sustainable palette of predominantly native plants will be carefully chosen to ensure long-term sightlines are maintained along the corridor, support the Council's long term tree canopy growth targets, and increase local biodiversity. Once established, the Council will take the longer-term maintenance responsibility of the bikeway and corridor greening.	Complete	\$340,054	Feb-21	Jun-22	Community

3	SA	District Council of Robe	Esplanade, Robe	Reconstruction/Off Road carparks/Traffic Improvement/ Improved Accessibility of Community Facilities and Areas: Existing carparks along the Esplanade are short, which means users are standing on the road when unloading and loading vehicles from the rear. This was identified as a risk in the 2020 traffic study. 50 Carparks are being deepened by encroaching 3m into the grass on the Long Beach park. A section of parallel parking is also being realigned to 10 90 degree parks to match the rest. Significant usability, safety improvements will be the result. Carparks can now also accommodate the length of a motorhome.	Complete	\$20,000	Jan-22	Mar-22	Combination
3	SA	District Council of Robe	Robe Street, Robe	Street Lighting/ Off car Parks: Installation of 2 solar powered LED lights in the main off street carpark on the corner of Robe and Victoria streets. These works align with our Disability Access and Inclusion Plan 2020	Complete	\$13,580	Apr-24	May-24	Community

3	SA	District Council of Robe	Seafarers Crescent, Robe	Sealing/Bicycle and Walking Paths/ Improved Accessibility of Community Facilities and Areas/ Street lighting equipment: Sealing of the Drain L to Seafarers Crescent walking trail 1,114m long and installation new solar lighting for safety. This popular walking trail has historically been limestone road base and dirt and is responsible for an increasing number of injuries and issues, along with silt and soil erosions in the waterway. Providing a sealed connection from the large, long beach residential area, beaches and parks is a key action in the Disability Access and Inclusion Plan 2020. Currently people who are not fit and able bodied need to walk in the bicycle lanes of the Department of Transport's main road to access town. The lack of seal on the path means children, families pushing prams, children on small bikes and people who use disability aids can't enjoy a safe and scenic walk.	Complete	\$193,986	Oct-22	Dec-22	Community
3	SA	District Council of Robe	Town Beach - Lake Butler Marina, Robe	Bicycle and Walking Paths/ Improved Accessibility of Community Facilities and Areas/ Resealing: The Foreshore walks in Robe are very popular. At the town beach the existing old and dilapidated path does not reach the main street and public toilets, meaning people who need wheels, or a smooth walking surface can access these areas. A new section of path will be built where it is required (65m) and the old path will be resealed from the new section all the way from the foreshore to Marina entrance (412m) & Marina entrance to Arthur Fennell Way boardwalk (300m) and a (32m) new path from Arthur Fennell Way to boat ramp carpark. These works align with our Disability Access and Inclusion Plan 2020	Complete	\$71,200	Jan-22	Feb-22	Community
3	SA	District Council of Robe	Victoria Street, Robe	Traffic Improvement/ Improved Accessibility of Community Facilities and Areas/Council will establish parking through and off the main street in Robe through the realignment and line marking of existing parking in the main street we will replace carparks with 2 seasonal loading zones (there aren't any currently) Currently main street parking is at capacity and delivery vehicle double park and block the street. This work will create additional parks. These works align with our Disability Access and Inclusion Plan 2020	Complete	\$22,401	Jun-24	Jun-24	Combination

1	SA	District Council of Streaky Bay	Redevelopment of the public Streaky Bay Boat Launch and Retrieval facility (Moore's Boat Ramp).	The current facility poses safety and access risks due to its age and is no longer considered fit for purpose. The ramps are dilapidated with holes making it difficult for some vessels and the current pontoons are not suitable for larger style vessels. The walkways are also considered unsafe and makes access difficult for elderly users. The Boat Ramp is a critical asset to our community for both our residents and our visitor, it provides a valuable asset to add to our liveability and economic return through both use by visitors and commercial fishing operations.	Complete	\$493,000	Aug-20	Dec-20	Community
1	SA	District Council of Streaky Bay	Streaky Bay Signage upgrades	Current signage is inadequate, not to standard or non-existent in key locations. Council has received many requests for improved signage particularly around wayfinding and directional signage, including in off road car parks (information boards).	Complete	\$58,708	Aug-20	Dec-21	Combination

2	SA	District Council of Streaky Bay	Lions Park Development	Wells Street Road Realignment as part of the Lions Park Upgrade Landscaping Improvements. The reserve development will aim to redevelop a partially developed reserve that has high community value and this was emphasised through the recent community consultation process. The Park is a 9500m2 reserve that is underutilised with very little activation, there is existing tree canopy that is nearing end of useful life, along with play equipment and a toilet facility that are at the end of life. The proposed development is to activate the space with landscaping, seating, pathways, vegetation and stormwater management. The overall beautification of the site will provide safe passage for pedestrians, play space for local children, a connection between the eastern entrance to the CBD of Streaky Bay. The reserve shall consider stormwater mitigation measures such as swales and rain gardens. It will provide a valued recreational space that is currently unavailable to residents on the Eastern section of town and as a key to a welcoming entrance and place to gain bearings for visitors coming into the township. GPS Location -32.7950432, 134.2175872	Complete	\$118,600	Sep-23	Mar-24	Community

3	SA	District Council of Streaky Bay	Streaky Bay – Bay Road Streetscape Development	Landscaping Improvements. The Bay Road (reserve development) will aim to develop an undeveloped nature reserve that runs adjacent to Dodgson Drive and Bay Road (between Wallshutzky and Centenary Road) in Streaky Bay. The reserve is a 30m wide x 600m wide nature reserve with existing tree canopy and stormwater catchments. The proposed development is to activate the space with landscaping, seating, pathways, vegetation and stormwater management. The overall beautification of the site will provide safe passage for pedestrians, play space for local children, a connection between the southern entrance to the CBD of Streaky Bay. The reserve shall consider stormwater mitigation measures such as swales, rain gardens and physical infrastructure that will alleviate flooding that is sometimes prevalent in the area.	Complete	\$618,416	Apr-23	Mar-24	Combination
3	SA	District Council of Streaky Bay	Streaky Bay Township Entrance Statements	Landscaping Improvements. The township of Streaky Bay currently does not have in place any kind of welcoming or identity branding into the township. The project would involve design of a number of concepts, followed by community consultation to ensure the design meets the need of the community. The entrance statements to be located at each entrance to the township will include reference to local traditional custodians, whilst also providing the entire community with an entrance that provides them with a place of identify and welcoming. Entry statements can grow tourism, attract investment and even become a destination on their own right. Then entry signs will showcase the region, convey the vibrancy of the local culture and maintain a strong harmony with the surrounding environment. In total there will be two (2) entrance statements constructed. The entrance statements will be permanent fixed structures.	Complete	\$145,059	Apr-23	Jun-24	Community
3	SA	District Council of Streaky Bay	Streaky Bay Youth Precinct Development	Playgrounds and Skate parks (including all ability playgrounds). The current skate park facility is dated, limited to a certain demographic of users and reaching its end of useful life and is in need of repairs. There are limited facilities at the site including no toilets. The scope of the works is to complete landscape the site, refurbished and expanded skate park, shelters, seating, BBQ, greened areas, nature play space, pump track and toilets installed. Concept planning has been completed. The revised concept will provide a safe and inclusive community youth precinct where the youth of the district and our visitors can play, engage and connect with each other.	Complete	\$304,941	Apr-23	Sep-23	Community

3	SA	District Council of Streaky Bay	Wirrulla Oval Playground Development	Playgrounds and Skate parks (including all ability playgrounds). The existing playground has become outdated and in need of replacement. The playground will be replaced with a new built to standard, modern, fit for purpose facility and equipment. The Playground is located at the Wirrulla Oval Sporting Precinct and is regularly utilised by the community and visitors. The Wirrulla Oval is the major recreational precinct for the district and the main play space location. The grounds supports netball, football, tennis, social gatherings and community events. The nearest play facility of this nature is located in Streaky Bay a 65km drive. The development will provide a space for members of this remote community to gather whilst also continuing to support its recreational and sporting activities.	Complete	\$35,000	Mar-23	Dec-23	Community
4	SA	District Council of Streaky Bay	Calca Road Sealing	The road will be resheeted (formed subbase in preparation for sealing) and then sealed to an 8m width for a distance of 3000m. 1	SA	The Berri Barmera Council	The revitalisation of Berri's Colin Jennings Apex Park (Apex Park) will incorporate improvements including an upgrade of the previous BMX track to a versatile pump track which can be used by bike riders, skateboarders and scooter riders of all abilities. Complimenting this will be an off-grid solar BBQ shelter and associated amenities so park users can spend extended time enjoying this space and the additional play equipment that will accompany it. Concrete connecting footpaths, that double as a junior scooter track meander through the native vegetation to connect the different zones of the park. Finalising the upgrades is new fencing for the current dog park, bringing the whole area together to deliver a unique and enjoyable public open space that provides positive health and wellbeing opportunities for the Berri and wider Riverland community.	The Berri township does not currently have a suitable community open space that provides adequate facilities for people to connect and enjoy together, while meeting the needs for families that are transport disadvantaged and unable to access other facilities within the district. Additionally, Berri has no free active public facilities for older age groups (pre-teens and teens) such as a skate park. This project will provide a pump track (amongst other infrastructure) which caters for a variety of ages and wheeled users. This is a community facility that is not currently provided by any of the other Riverland Councils and will be a distinctive point of difference for the park. The space currently has ad-hoc infrastructure including; a dog park, two small pieces of playground equipment, asphalt multi-use court and shaded gazebo. The existing layout lacks connectivity between the current facilities which reduces the appeal of the area. By teaming the pump track up with dedicated concrete connecting footpaths, that double as a junior scooter track, provides the safe connectivity required for the individual areas and is the perfect combination for families with children of varying ages. To ensure that the new features of the park are fully maximised, complimentary facilities such as; a fully solar BBQ, solar lighting, seating and drinking fountain will be installed to enable visitors to extend their time and utilise all that the park has to offer leading to enhanced positive health and wellbeing for our residents and other users.. Given that much of the groundwork is already in place within the site, the additional enhancements will enable the Berri Barmera Council to provide a	Complete	\$299,755	Apr-21	Dec-22	Community

1	SA	Town of Gawler	Install shade sails over four playgrounds: Fifth Street, Hemafor Grove, Willaston Nature and Apex Park	At present, there is no protection from sun, UV and wet weather conditions at playgrounds. Children get burns from hot play equipment and from playing in the sun on hot days. The lifespan of play equipment will be reduced with fading and cracking that can happen from sun exposure over time. These issues will be addressed by installing shade sails over playgrounds and it is widely recognised shade provides beneficial outcomes for the community to encourage active play at times when they may not have played due to hot weather conditions. Council has three existing other playgrounds with shade sails over them, and due to these beneficial outcomes, is seeking to expand these over more playgrounds as part of this community infrastructure program.	Complete	\$155,562	Feb-21	Oct-21	Community

4	SA	Wakefield Regional Council	Celebrating Port Wakefield's Cultural Connection: Stage 1 - Port Wakefield Town Entry Cultural Art and Wayfinding; new Town Plaza	Develop, design and construct town entry art piece inspired by cultural history. The exact art work will be determined following initial concept design and consultation with key stakeholders. The work will capture the town's role as a cultural meeting place for neighbouring Indigenous nations. This will be developed in consultation with Elders from these nations. The final design will also encapsulate a wayfinding element to promote attractions within the township to passing travellers. Artists, led by lead artist Mike Makatron (https://www.makatron.com/sculpture) and Harley Hall (https://www.facebook.com/Aboriginalartdesigns/) will then construct and install the art piece, complete with feature lighting to ensure it is visible at all times. This project will commence the Indigenous Art Trail, which will be funded in future stages. For the Town Plaza, the scope of works includes demolition of existing surface, site preparation and paving of town centre plaza. Total paving area is approx. 670m2 for the road + 440m2 for the footpath. Little Hampton Clay brick will be used for the road way and the footpath. Road way and driveways will be in herringbone pattern, while the footpath in a Stretcher bond pattern. 2	SA	Wattle Range Council	Penola to Coonawarra Walking / Cycling Track	The concept of a walking and cycling trail from Penola to the Coonawarra was developed following investigations into a regional trails network that was completed in 2015. With the increasing awareness of the value of outdoor recreation in relation to health and wellbeing, and the Coonawarra Wine Region being acknowledged as an excellent tourism attraction, the development of a multi-use walking and riding trail would add strongly to the region. A well planned and constructed trail network in this area would cater to a range of users including recreational walkers and runners, cyclists, and tourists wanting to visit wineries and other destinations. The section of trail proposed for development runs for approximately 16km (excluding links to wineries and tourist attractions) from the town of Penola through several vineyards and wineries to Coonawarra. Additionally, Naracoorte Lucindale Council is currently developing a 16km connecting the Naracoorte township and the world-heritage listed Naracoorte Caves to strengthen the high-quality visitor experiences offered in the region. This Stage 2 of the project, to link the caves to cabernet via a shared-use rail trail, will be managed directly by the Naracoorte Lucindale Council.	Complete	\$736,052	Oct-21	Mar-22	Combination

3	SA	Yorke Peninsula Council	Arthurton Main Street beautification. Category: Bicycle and Walking Paths	Arthurton's main street features an impressive sporting complex that hosts a variety of sporting and recreational activities, as well as the fast-growing Arthurton Pop-up Markets, which are this year nominated for our region's Event of the Year. This section of the main street has a sealed footpath, but it does not continue down to where the actual businesses are. The poor condition of the unsealed footpath in this section means visitors often track mud and dirt in to the markets, making a mess of the courts and indoor clubrooms. This project proposes to create a sealed footpath from the current footpath site along to the main street businesses. Arthurton Progress Association, a volunteer group working to improve the town, also plans to beautify the section with some lawn and planter boxes, although that will be funded from the community and not the LRCIP.	Complete	\$129,789	Jul-22	Aug-23	Community

Category: Painting/Improvements to community facilities	Painting of water tower and tank with murals and associated works that include car parking, pathways, fencing, and signage to extend the Water Tower Mural Trail and offer further tourism benefits. This project will continue Yorke Peninsula Council's Southern Yorke Peninsula Water Tower Mural Trail project. This is community/public art as part of a project that has already proven to bring tourism to the region and boost community pride (https://www.ypct.com.au/news/towering-project-officially-launched and https://www.ypct.com.au/news/tours-of-port-vincent-water-tower-mural-1). The artwork will be viewable to all and help attract visitation to Bulbacowie/Minlacowie as well as Wool Bay. The exact artwork will be dependent upon community consultation and artist EOI concepts, but will continue the theme established by the existing tower and tank murals of showcasing the region and, when possible, the township itself. Please see https://yorke.sa.gov.au/discover/things-to-do/southern-yorke-peninsula-mural-trail-yorke-peninsula-art-trail/ which details the process undertaken to ensure the community directed the artwork concept and how it represents their town/local area. 1	TAS	Break O'Day Council	MTB Trail Head and Flagstaff Road - Sealing	A segment of Flagstaff Road and internal vehicle roads at the MTB trailhead are constructed in a gravel road base, which is prone to vehicle and weather wear and fine dust generation. Sealing of the road surfaces will benefit the community, especially the users of the trailhead area and adjacent properties in the vicinity. The newly constructed trail network which is focussed around the Flagstaff trailhead is already attracting large numbers of people who are using the world class mountain bike trails for exercise and to explore our diverse and wonderful natural environment. The sealing of the road will improve stormwater quality, ensure longevity of pavement, reducing maintenance costs and ensure the experience at the trailhead is enhanced by reducing dust. By undertaking these works we are encouraging community members and visitors to participate in exercise safely and promote healthy lifestyles.	Complete	\$94,322	Nov-20	Mar-21	Combination
1	TAS	Break O'Day Council	Multiple Locations - Tourism Information Signs	After reviewing Tourist Information sites in the municipality, Council has found that existing information is outdated and not conducive to emphasising visitor experiences in the area. 1	TAS	Central Coast Council (TAS)	Ulverstone Skate Park Redevelopment Major redevelopment of c.1970s existing skate park to provide modern activity hub with the adjacent, new MTB pump'n'jump courses. Includes new 'street' style skate elements, with proper zoned design to allow all-ages and wheelchair access, separate parkour obstacle area, new outdoor ball arena (half-court basketball and futsal), and refurbishment of existing picnic shelter area, including new bicycle parking.	Existing skate park facility is aged (c.1970s) and near end of serviceable life. Current layout and design reflects age, with style and zoning of elements not suitable for all-ages/all-skills use. Current surface and layout is not suitable for wheelchair access and use. Shape and design of some current ramps is not as safe as modern design. Existing ball court is too small (less than 3-point arc) for even casual use. The location is a popular active recreation area, particularly for youth and teen activities. It is adjacent a new mountain bike pump and jump track, at the end of a popular regional coastal parkland with various playgrounds, and only 100m from local surf club and amenities. The redevelopment project will help consolidate the zone as a regional destination for active recreation, particularly among youth and teenagers.	Complete	\$371,486	Aug-21	Oct-22	Community

3	TAS	Glenorchy City Council	Construction of Montrose Skate Park	This Project has 2 phases, one for design and the second for the construction phase. These additional funds are for the construction phase for a project. The majority of the project is already grant funded, but a shortfall has been created by Covid-19 cost escalations and a poor sub-base. The construction work being carried out in connection with the development of the new skate park located within Montrose Foreshore Community will include: - Initial set out of the area including the confirmation of services. - Excavation and shaping of an area, which will cover approximately 700sqm – this is completely within Council owned land. - Installation of drainage lines which will be connected to various locations / features within the final skate park e.g. the 'bowl' - Importation of structural sub-base material to form a stable base – the present ground has through geotechnical assessment been assessed as unstable. - Following the importation of stabilizing material, a base layer of concrete will be laid, this will form the initial foundation on which the skate park will be constructed. - Form work forming the features as showing in the design along with final connection to drainage system. - Concrete pours and installation of exposed steel elements - Apply the finishing concrete across the site (this is fine grained coating which is designed to withstand the impact of skaters)- The whole of the skate park is then treated with an anti- graffiti coating. - Re-instatement of the surrounding ground / landscaping works. - Addition funds are required to stabilize the area prior to construction – the unstable nature of the site was identified during the geotechnical investigation as part of the design process. 1	TAS	Hobart City Council	Queens Domain The project consists of the complete development of a whole new cycleway along with car park and associated infrastructure. The cycleway will be constructed on a steep gradient of land by the side of the old Tas rail line which is currently unused. The project rectifies many ongoing issues/complaints about the surface of the car park and road ways in this area.	The project brings together the "missing link" the missing connection of cycleway between the Regatta grounds car park and the Macquarie Point development. Currently the cycleway ends requiring riders and other users to travel through an active car park and thoroughfare to the water. The potential conflict for users currently poses significant risk to public safety. The lack of connectivity to the new cycleway at Macquarie Point often causes confusion throughout the cycling community and this is often addressed through our network / stakeholders' meetings with cycling groups as a major area for improvement. The project will allow you to enter the cycleway throughout Glenorchy providing a continuous, safe path away from traffic directly into the heart of the Hobart central district. 3	TAS	Hobart City Council	New Town Retail Precinct Upgrade - Cross Street and Salvation Army Zones. - Reconstruction; Bicycle and Walking Paths; Other (Bus Shelter), Landscaping Improvements.	Streetscape upgrade of New Town retail precinct to create a more vibrant, inviting and accessible local shopping area along New Town Road. The project scope has been developed through an extensive community participatory planning (co-design) process to promote a sense of local ownership amongst community and business stakeholders in the evolving, mixed use main-street environment. Improvements to pedestrian access, safety and amenity are prioritised. Anticipated health and wellbeing benefits and the improved local business environment delivered by the project, will enhance local community resilience in a post COVID-19 context. The Project will: Deliver improved active travel outcomes, especially walking, further enhancing connectivity throughout New Town, with a focus on pedestrian safety, access and amenity. -Enhance liveability of the precinct with greening including a new 'pocket urban park', and new trees and ground level plantings, which will support the growing population. -Upgrade mobility and public transport support infrastructure, including bicycle lanes, improved bus shelters and lighting. - Improved digital connectivity future proofing. -Feature engaging and enduring public artwork that reflects the identity of the area. - This zone will reinvigorate New Town's heart at the junction of Cross and Valentine streets with a flexible, traffic calmed space that will improve pedestrian safety and can also be used for temporary events, markets and other community activities. This area will feature: - a raised pedestrian threshold, new footpaths and reconfigured intersection to calm traffic and improve pedestrian access. - Removable bollards will allow for occasional community events. -Raised pedestrian thresholds on side streets to assist pedestrian access and safety. - A high quality public bus shelter and landscaping adjacent to the new 'community hub' on New Town road, delivering improved DAA access, lighting, weather protection and safety outcomes for bus passengers. - Addition of greening and amenity with new trees, plants, art and	Complete	\$1,370,262	Jan-23	Aug-23	Combination

3	TAS	King Island Council	Second Seal Programme	Sealing. The project involves placing the second seal on approximately 13.5 kilometres of road. These roads were previously gravel roads and had a first seal applied circa 2017. In accordance with good road construction practice a second seal should be applied to complete the works. This usually takes place some after the initial seal and this work is now overdue to be completed. The roads involved are Old Grassy Road, Cape Wickham Road and South Road. A significant difference with this project and other projects undertaken by Council is that it will be utilising external contractors who will bring machinery and workforce to the island. This approach is due to the scale of the works involved and the resulting efficiency that they can achieve with their equipment resources. Also, to attract contractors to the island there has to be a substantial body of works to make it attractive to them at a reasonable price. Smaller projects are able to be undertaken by the Council utilising its internal resources	Complete	\$599,062	Mar-22	Apr-22	Road

2	TAS	Launceston City Council	Newnham Bikeway Reserve	Landscaping Improvements - Newnham Reserve contains significant drainage infrastructure and is subject to flooding, erosion and boggy conditions. Headcuts in the waterway and local road flooding present a hazard to community. It is an important pedestrian link for the local high school and the community more broadly. It contains a playground for small children, is a site of industry//school revegetation projects and is next to an aged care residence providing pleasant views across the kanamaluka/Tamar estuary. Vegetation is difficult to manage due to boggy conditions, with pathways and bridges now impassable to due water and vegetation. There is very limited seating for rest & reflection. The project will decrease downstream flooding, repair erosion, improve habitat and water quality for wetland species, reinstate accessible pathways and bridges, and provide seating for rest opportunities.	Complete	\$175,000	Sep-22	Jun-24	Community
2	TAS	Launceston City Council	North Esk Trail Improvements	Bicycle and Walking Paths. The North Esk trail between Henry St and Hoblers Bridge Road is an important commuter/recreational shared trail. In its current form, the trail inundated by tidal waters frequently (almost daily), damaging the trail but also severing this important link. The project will also form part of a broader program to provide a shared trail through to a new/significant growth area to encourage active transport modes to connect to the city.	Complete	\$788,688	Jan-22	May-23	Combination

1	VIC	Baw Baw Shire Council	Erica to Rawson Intertown Trail - The project will develop an intertown connection for use for pedestrians and cyclists between Erica and Rawson that aligns with Baw Baw Shire's Paths and Trails Strategy. The project will include a granitic sand path approximately 4.7km in length from Henty Street, Erica to Pinnacle Drive, Rawson. The proposed route of this path begins at the intersection of Henty Street and School Road. From here the proposed path follows the East side of School Road/ Moe-Rawson Road, crossing Collins Road and Thomson Valley Road. The proposed route turns East at the intersection with Knotts Siding Road, and runs along the South side of Knotts Siding Road into Rawson via Tyers-Walhalla Road (West side).	The project will achieve the following solutions as identified in Council's Paths and Trails Strategy: - Meet demands for connectivity for pedestrians and cyclists to key public points of interest in the Shire. - Growing demands for new paths and trails to connect our smaller communities. - Providing additional leisure and recreation opportunities to our communities aimed to encourage the community to stay healthy and increase community connectedness and participation. - Offer an additional tourism experience for visitors to the region to benefit businesses in communities where tourism is a major contributor to economic output and job creation. 2	VIC	City of Greater Shepparton	Vibert Reserve Pavilion Stage 3 Redevelopment, 290-300 Archer Street, Shepparton Victoria 3630	The redevelopment of the Vibert Reserve Pavilion will see a large extension to accommodate the South Shepparton Community Centre who will relocate from their current facility. This part of the project has already been approved to be funded under the LRCI Phase 1 allocation. The balance of the project, will see the sports clubhouse extended and upgraded to facilitate appropriate sports club social use for the 3 main sports clubs and other casual use clubs that currently utilise this pavilion. The new social club space will also provide for further opportunities within this South Shepparton community to utilise this space for community gatherings and meetings. The extension works will now be part of the overall Vibert Reserve Pavilion Stage 3 redevelopment including new car parking, with security lighting, relocated and upgraded playground, landscaping and improved accessibility for neighbourhood house users and the sports club users. Plans are available and can be provided if further clarification is required on the extent of this project, and the 2 stages of works that can be completed with both Phases of funding. There is significant benefit in completing this project as a single contract and approval to include this under Phase 2 will see the project more efficiently delivered under one contract as opposed to a staged approach. 2	VIC	City of Greater Shepparton	Victoria Park lake Power Upgrade [NEW PROJECT]	It is proposed to install permanent power supply boxes to the open space area at Victoria Park Lake, Wyndham Street, Shepparton. Costs to Council's Events Team for electrical/generator/electrician services and hire were \$90,094.86 over the past 5 years. This does not include community and private event company costings and having in excess of 18 annually events where they all have to source power, there is a need to address and implement improved infrastructure for availability, consistency, and safety of all users. Having this upgrade in place will also improve the capacity for the location to be marketed appropriately to a broader range of events organisers and companies as this area will have the capacity to deliver event needs without the requirement of temporary infrastructure inclusions, which all come at a cost to either Council or event organisers, thus giving the site improved capabilities and attractiveness for events and reducing the outlay for temporary infrastructure. 1	VIC	City of Port Phillip	Rotary Park, St Kilda Foreshore	The playground at Rotary Park was removed during the construction of The Stokehouse restaurant – which used this space as a building site. The playground is in a high tourism visitation area on St Kilda Foreshore, an area that attracts over 2m people each year. The playground is a high priority for reconstruction given there are no other playgrounds in the area. The project has strong support from the community and Rotary Club of St Kilda, who originally created the park and have been advocating for improvements. Upgrading the full park enhances the gateway to the foreshore and creates more usable public space, through improvements to pathways, access points, infrastructure and through safety improvements such as upgrades to lighting. The park has been identified for critical security upgrades to minimise the danger of unauthorised vehicle access to the foreshore.	Complete	\$277,686	Mar-22	Jun-22	Combination

1	VIC	Colac Otway Shire Council	Construct footpath in Birregurra (and associated crossing treatments)	There are currently no all-weather connections or dedicated pedestrian crossing points to the train station. This station provides a connection to the major centres of Geelong (45 mins journey) and Colac (30mins journey), and is used as a sustainable transport connection to jobs and services.	Complete	\$192,160	May-21	Apr-22	Community
1	VIC	Colac Otway Shire Council	Construction of concrete footpaths in multiple locations	Many key connections that link schools, shopping precincts, tourist destinations, community facilities, open space and off road shared paths do not have existing hard surface, accessible paths on either side of the road. This limits access to recreational and community destinations for many residents and visitors, particularly for the elderly and mobility impaired and in high rainfall areas such as Gellibrand, Lavers Hill and Apollo Bay.	Complete	\$410,619	Sep-20	Apr-22	Community
1	VIC	Colac Otway Shire Council	Construction of new kerb and channel, and associated drainage	In 2019 Colac Otway Shire adopted a masterplan for Forrest Common Reserve, the main community park servicing the Forrest township. The plan identified that road run-off from Station Street was causing damage to the reserve, particularly the playground and car park. High volumes of stormwater sheet across the reserve carrying debris and spreading playground softfall into the car park, creating slippery surface	Complete	\$63,319	May-21	Jun-21	Road
1	VIC	Colac Otway Shire Council	Construction of new play space	Residents of the Petjuli Street park catchment do not currently have access to a playground within walking (500m) distance, with the nearest playground being more than a kilometre away. The park is currently undeveloped with some trees and park benches. This development will create a social destination for the many children, families and carers in the area, activities for a range of age groups and access to these facilities with the creation of a hard surface path connecting to the existing footpaths.	Complete	\$106,000	May-21	Mar-22	Community

1	VIC	Colac Otway Shire Council	Construction of pedestrian and cycling bridge and paths	In 2016 a pedestrian bridge that forms part of the Barongarook Creek Shared Trail was washed away by flood waters. The bridge connection forms a critical off-road link for users of the Barongarook Creek shared trail and, once completed, will provide a continuous, 1.3 kilometre off-road walking and cycling connection from the Coles on Bromfield Street and the Visitor Information Centre on the corner of Murray and Queen Streets, via picnic/toilet facilities and a recently constructed Traditional Owner memorial space to Lake Colac. If the bridge is not replaced, pedestrians, wheelchair users and cyclists are diverted 360 metres via a car park, up to busy Murray Street (Princes Highway) and must cross at traffic lights and journey along Murray Street to arrive at the continuation of the shared path.	Complete	\$390,000	Apr-21	Jul-22	Community
1	VIC	Colac Otway Shire Council	Installation of speed humps outside school	Speeding vehicles currently pose a safety risk to children accessing the Specialist School in Wilson Street, Colac. Students aged 5-18 with special needs and their carers currently use the crossing daily during school term. Cars and heavy vehicles use this local road as a short-cut between the C155 (Colac-Lavers Hill Road) and Queen Street (north south collector road). The installation of speed humps either side of the crossing aims to slow vehicles and deter heavy vehicles, generally improving pedestrian safety in this area.	Complete	\$17,536	Nov-20	Dec-20	Road
1	VIC	Colac Otway Shire Council	Resurfacing two tennis courts and one netball court	The condition of the existing asphalt surface of these courts has reached a point where it is no longer safe to play. There are cracks with weeds and during rainfall, water pools on the surface causing slipperiness and poses a risk to the users. The courts are used by the Apollo Bay Netball club, casual and social tennis players from the townships of Apollo Bay, Skenes Creek and Marengo and visitors to the adjacent camping ground.	Complete	\$39,416	Nov-21	Dec-21	Community
1	VIC	Colac Otway Shire Council	Road repairs at main entry and emergency entry and nearby roundabout at Colac Hospital	The roundabout and section of Connor Street are heavily used for everyday access to Colac Hospital, Bulla Factory, and various medical centres. Repair of this road will improve the safety of the road surface for users, especially ambulances and other medical vehicles entering the hospital and people visiting the various medical services in this area. The asphalt works will also assist in reducing traffic noise for aged care residents and patients who are situated in hospital wards and wings adjacent to this roadway. Undertaking rehabilitation works now will avoid the need for full road reconstruction when the road fails. If a full reconstruction were required it would cause substantial disruption in the area and interrupt hospital access.	Complete	\$193,334	Mar-21	Apr-21	Road
1	VIC	Colac Otway Shire Council	Sealing of 700m of road	The main benefit this project will deliver is improved safety by providing all weather access constructed to a higher standard, for adjoining property owners and other road users in general. It will provide an attractive alternative access route for residents in the Swan Marsh community. It will provide a viable option for heavy vehicle access (milk tankers, stock trucks, quarry vehicles) into and out of the Swan Marsh district. It will provide an attractive alternative access point for emergency responders (Fire Safety Victoria, etc.), both into and away from the Swan Marsh district. Safety at night or in foggy circumstances will be greatly improved through road side delineation, the advantage of a sealed surface, and through the addition of solid edge lines. Routine maintenance of the unsealed surface (maintenance grading) will be substantially reduced – shoulders will still require periodic maintenance.	Complete	\$290,816	Mar-21	Mar-22	Road
2	VIC	Colac Otway Shire Council	A 700 m long unsealed section of Swan Marsh Stonyford road will be sealed	A 700 m long unsealed section of Swan Marsh Stonyford Road, from the Princes Highway to the bridge of the Pirron Yallock Creek, will be sealed	Complete	\$69,001	Mar-21	Jun-22	Road

1	VIC	Corangamite Shire Council	This project will see an upgrade to the existing netball infrastructure, including court lighting, shelters and inclusive design change rooms for players, officials and spectators.	The upgrades have been identified as a priority to improve the safety for participants, increase the chances of clubs attracting and retaining participants and to increase access and usage. These works are identified as a priority in the Great South Coast AFL, Netball and Cricket Strategy and are supported by the Recreation Reserve Committee of Management, Cobden Football Netball Club and Cobden Tennis Club. In addition, there is a demand for female facilities at the Cobden Recreation Reserve with the establishment of an under 18's female football team. If funding can be secured through this program, it is expected that there will be an increase in the number of females participating at the reserve. Currently, there are three under 18 female football teams across the Corangamite Shire. The upgrade allows Cobden Recreation Reserve to become a venue for further female teams including the development of female senior sides.	Complete	\$300,000	Feb-21	Jun-22	Community

Safer Local Roads and Infrastructure Program - Projects approved for funding (as at 31 December 2025)

Eligible proponents: State, Territory or Local Government Entities.■

Scope: Active projects and projects completed since last financial year. This includes projects approved under the former Bridges Renewal Program (BRP) and former Heavy Vehicle Safety and Productivity Program (HVSPSP).

Objectives: The Safer Local Roads and Infrastructure Program (SLRIP) provides funding to address current and emerging priorities in road infrastructure needs. Projects address at least one of the program, focus areas which are road safety, productivity, bridge renewal, road resilience, road sustainability and heavy vehicle rest areas. The SLRIP consolidated the former BRP and HVSPSP from 2024-25. Existing approved BRP and HVSPSP projects will continue to be delivered under SLRIP until they are completed.■

Project selection: Applications for SLRIP undergo a three stage assessment process within the department including: eligibility checks, merits assessment, and a quality assurance process. Projects approved under the former BRP and HVSPSP also included input from states and territory road authorities (for council-led projects). Only proposals which are eligible and demonstrate good value for money were recommended to the approving Minister for Australian Government funding. Ministers do not approve recommended proposals in their own electorate / jurisdiction.

Caveat: Project-level reporting is provided by the state and territory governments on a quarterly basis. The project statuses reported are based on the most current information available to the department at a point in time. The information contained in the below list is the most current available to the department and may differ from that published on the website. The department continues to work with the state and territory governments to improve the timeliness and accuracy of project-level reporting under the program, including projects requiring extension to the construction end date.■ ■

Heavy Vehicle Rest Area initiative - Projects approved for funding (as at 31 December 2025)

Eligible proponents: State, Territory or Local Government Entities. **Scope:** Active projects and projects completed since last financial year. **Objectives:** The Australian Government has committed \$140 million over 10 years for the Heavy Vehicle Rest Area (HVRA) initiative, which is currently delivered under the Safer Local Roads and Infrastructure Program. The initiative aims to provide rest areas that improve the productivity and safety outcomes of heavy vehicle operations across Australia, and includes the delivery of new and upgraded formal rest areas, informal rest areas and signage. **Project selection:** Applications undergo a three stage assessment process within the department including: eligibility checks, merits assessment, and a quality assurance process. Projects approved in the first three tranches also included input from states and territory road authorities (for council-led projects), and projects from the first six tranches included input from the HVRA Steering Committee. Only proposals which are eligible and demonstrate good value for money are recommended to the approving Minister for Australian Government funding. Ministers do not approve recommended proposals in their own electorate / jurisdiction. **Caveat:** Project-level reporting is provided by the state and territory governments on a quarterly basis. The project statuses reported are based on the most current information available to the department at a point in time. The information contained in the below list is the most current available to the department and may differ from that published on the website. The department continues to work with the state and territory governments to improve the timeliness and accuracy of project-level reporting under the program, including projects requiring extension to the construction end date.

Active Transport Fund - Projects approved for funding (as at 31 December 2025)

Eligible proponents: State, Territory or Local Government Entities.■

Scope: There was \$100 million of available funding via tranche 1, and 81 projects were approved under program. There is no expectation that this terminating program will have additional tranches.

Objectives: The Active Transport Fund provides funding for the design and construction of new or existing bicycle and walking pathways to encourage the use of active transport.

Project selection: Applications for ATF underwent a three stage assessment process within the department including: eligibility check, merits assessment, and a quality assurance process. Only proposals which were eligible and demonstrated good value for money were recommended to the approving Minister for Australian Government funding. Ministers do not approve recommended proposals in their own electorate / jurisdiction.

Caveat: Project-level reporting is provided by the state and territory governments on a quarterly basis. The project statuses reported are based on the most current information available to the department at a point in time. The information contained in the below list is the most current available to the department and may differ from that published on the website. The department continues to work with the state and territory governments to improve the timeliness and accuracy of project-level reporting under the program, including projects requiring extension to the construction end date ■ ■

131053-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Barcoo Shire Council	Barcoo Shire Council - Urban Pathways Project	This project will create a network of pathways within three Shire towns - Jundah, Stonehenge and Windorah. The project will extend existing pathways, completing 'missing links' and creating continuous and safe connections between high use areas such as schools and community facilities.	In Planning	\$368,739	\$737,479	Jul-26	Oct-27
132058-25QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Brisbane City Council	Brisbane City Council - Construction of Sylvan Road Bikeway	This project will complete the "missing link" between the Western Freeway Bikeway and the Bicentennial Bikeway by providing a bi directional fully separated facility over a distance of about 1.5km. Due to topographic and network constraints, the most feasible route between the two bikeways is along Sylvan Road. The Western Freeway Bikeway and the Bicentennial Bikeway offer a high standard of safety and amenity with protected and off-road facilities for people on bikes. Sylvan Road, which connects the two, is currently a mix of peak hour bike lanes (delivered in 2017) and bike lanes between parked cars and motor vehicle traffic. This infrastructure gap means the network link is inaccessible to people using e-mobility devices. This project will significantly improve active transport outcomes for a very large catchment by providing a continuous dedicated cycle facility between the Western Freeway and Bicentennial Bikeways. This missing link is the final piece in providing a fully separated active transport facility from Richlands in the West to the Brisbane CBD totally a distance of approximately 20km. This project is identified as a priority project by Bicycle Queensland in consultation with Bicycle User Groups.	In Planning	\$5,000,000	\$12,000,000	Mar-26	Mar-28
131037-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Burdekin Shire Council	Burdekin Shire Council - Home Hill Walking Path Network	Construction of 2 kilometres of new 2 metre wide connected pathway in 11th Avenue from 15th Street to 17th Street, 15th Street from 11th Avenue to 14th Avenue and 14th Avenue from 4th Street to 14th Avenue to improve safety. The pathway is part of and will complete the Home Hill Be-Active Trail.	In Planning	\$566,851	\$1,133,702	Feb-26	Dec-28
131048-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Carpentaria Shire Council	Carpentaria Shire Council - Karumba Pathway	This project will construct a 2m wide concrete footpath from Karumba CBD to the Les Wilson Barramundi Discovery Centre along Yapper Street in Karumba. The pathway will be approximately 1,930 metres long. The pathway will be constructed to FNQROC standard drawing (S1035). This pathway will be used by community members and the many visitors to our region. The pathway will extend the footpath in the Karumba CBD and travel adjacent to Yapper Street to The Les Wilson Barramundi Discovery Centre, which is a major tourism attraction in the region.	Completed	\$300,000	\$600,000	Sep-25	Dec-25
131036-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Douglas Shire Council	Douglas Shire Council - Port Douglas Road Principle Cycle Network Upgrade, Lakeland Avenue to Old Port Road, construction of shared path	The project will upgrade 2.1km of existing pathway along Port Douglas Road to a 2.5-3m wide shared path. The project includes; - Demolition of the existing footpath, - Protection and modification of some PUP, - Construction of 2.5-3m wide shared path from Lakeland Avenue to Old Port Road, - Drainage provisions, - Pedestrian and cyclists crossings/refuges, - Pavement marking, and - Signage.	In Planning	\$1,287,660	\$2,575,320	May-26	Mar-28
131040-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Fraser Coast Regional Council	Fraser Coast Regional Council - Construction of a pathway along Madsen Road between Maikie Drive to Urraween Road, Urraween	The project will provide for construction of new pathway along Madsen Road between Maikie Drive and Urraween Road. Approximately 306 m of pathway will be constructed to provide an off-road shared facility (approx. 2.5- 2.8m in width). Works will include reinstatement of several residential and commercial driveway crossings and planting four street trees for shade. The pathway will be used by students travelling to and from two nearby schools (P- 12) and visitors to medical precinct (inc. public and private hospital).	Completed	\$260,139	\$520,278	Jul-25	Oct-25

Mareeba Shire Council	Mareeba Shire Council - Arara Street Kuranda, pathway connection	The project will provide the critical missing link from the Barang Street intersection on Arara Street to the Kuranda Library/community precinct. The project will design and construct a 320m x 2m wide footpath, 2 kerb ramps, and 211m of roadside kerbing to connect the southern end of Arara St from Barang St intersection to the Kuranda Library/community precinct.	In Planning	\$225,388	\$281,735	Jan-26	Mar-26
131146-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Moreton Bay City Council	Moreton Bay Regional Council - Bridges Road pathway construction, Morayfield	The project is located over a 1.3km section of Bridges Road in Morayfield, between Oakley Flat Road and Hauton Road. The project scope includes construction of a new pathway on the southern side of Brudges Road, new kerb ramps at Polar Court and Linden Court, and street tree planting. The length of Bridges Road falls on Council's secondary active transport network, and therefore requires the provision of an appropriate pathway in line with Council's Planning Scheme.	In Planning	\$450,000	\$925,241	Feb-26	Sep-26
131147-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Moreton Bay City Council	Moreton Bay Regional Council - Diamond Jubilee Way intersection crossing improvements, North Lakes	The project is located at the intersections of Diamond Jubilee Way with Discovery Drive, Memorial Drive and Endeavour Boulevard in North Lakes. The project scope includes the installation of four wombat (raised pedestrian) crossings on each left-turn slip lane of the signalised intersections, in order to enable safer active transport user access across each of the intersections.	In Planning	\$515,000	\$1,055,825	Feb-26	Jul-26
131148-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Moreton Bay City Council	Moreton Bay Regional Council - Mount Mee Road (Terrors Creek) active transport bridge and pathways, Dayboro	The project is located on Mount Mee Road in Dayboro, and involves the construction of an active transport bridge across Terrors Creek, with the provision of shared pathways linking to existing infrastructure at either end of the bridge. The project is intended to resolve current accessibility and safety issues encountered by active transport users seeking to cross Terrors Creek.	In Planning	\$2,000,000	\$4,120,022	Jan-26	Dec-27
131149-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Moreton Bay City Council	Moreton Bay Regional Council - Scarborough Road shared pathway upgrade, Scarborough	The project is located over a 650m section of Scarborough Road in Scarborough, between Griffith Road and Sunnyside Road, and involves the upgrade of the existing footpath on the eastern side of Scarborough Road to a 2.5m-wide shared pathway with appropriate shade tree planting, in order to encourage active transport use along a key local corridor.	In Planning	\$225,000	\$467,284	Feb-26	Apr-26
131045-24QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Mount Isa City Council	Mount Isa City Council - Fourth Avenue Principle Cycle Network - separable portion 2	The project will construct the second separable portion of the Fourth Avenue Principal Cycle Network consisting of: - Approximately 1380m of shared path upgrades from from Setout Point 2047 to Setout Points 2407 and 2406. - Demolish existing 1.8m-wide footpaths and reconstruct nominally 2.8m-wide shared paths. - Upgrade kerb ramps and driveways to compliant cross falls. - Median island construction for western intersections at Eleventh Avenue and Fifth Avenue. - New signage, linemarking, TGS and speed bumps.	Under Construction	\$810,329	\$1,620,658	Oct-25	Mar-26

131145-24SA-AT1	SA	SA, Department for Infrastructure and Transport	District Council of Streaky Bay	District Council of Streaky Bay - Streaky Bay East West Connection - Stage 1	Construction of Montgomerie Terrace Shared Use Path from East Terrace to Bay Road, Streaky Bay	In Planning	\$1,016,400	\$1,452,000	Jan-26	Feb-27
131060-24SA-AT1	SA	SA, Department for Infrastructure and Transport	Mount Barker District Council	Mount Barker District Council - Construct of Bollen Road Shared Trail	The project will deliver a new 1.1-kilometre trail link along Bollen Road, connecting to the existing primary trail network along Western Flat Creek via a footbridge. The project will also deliver a 640 m footpath along Western verge in Bollen Road, connecting the school to the bus stops, and the new land development at the top corner. The scope also includes lighting upgrade throughout the length to improve safety and usability during night time hours together with a school crossing over Bollen Rd and a shared path bridge over Western Flat Creek.	In Planning	\$977,020	\$1,994,040	Jan-26	Feb-27
131069-24SA-AT1	SA	SA, Department for Infrastructure and Transport	Tatiara District Council	Tatiara District Council - Construction of new shared path along Rowney Road/Naracoorte Road to connect Bordertown with Mundulla.	The project will construct 5.60km of off-road shared use path along Rowney Road/Naracoorte Road between Clayton Farm Track, Bordertown and Pigeon Flat Road, Mundulla. It is proposed to construct the path in three segments: 1 - Pigeon Flat Road to Curlew Lane 2 - Curlew Lane to Meatworks Road 3 - Meatworks Road to Clayton Farm Track	Under Construction	\$236,500	\$473,000	May-25	Apr-27
131170-24SA-AT1	SA	SA, Department for Infrastructure and Transport	Town of Gawler	Town of Gawler - Clark Road Shared Use Path and Streetscape Upgrade	The project will comprise a 2.5 metre shared path on the southern side of Clark Road for a length of approximately 700 metres between Coventry Road and Tambelin Railway Station. Seven pedestrian kerb ramps will also be installed crossing and connecting to adjacent local street. Existing bus stops will also be upgraded and indented to enhance pedestrian safety and compliance with DDA accessibility requirements, existing street lighting will be audited to improve visibility, aid navigation and enhance feelings of safety and reduced crime, especially adjacent to Tambelin Railway Station. New street tree planting and landscaping will be installed to provide shade and amenity for active transport users to further encourage use throughout the year.	In Planning	\$252,757	\$505,515	Apr-26	Jul-26
131047-24TAS-AT1	TAS	Department of State Growth	Brighton Council	Brighton Council - Brighton Road and East Derwent Highway Shared Path	Design and construction of a new shared path split into two components - the first component focuses on providing a shared path that connects the existing path along the East Derwent Highway (terminating west of Chalmers Link) to the path for the new Bridgewater Bridge (terminating north of Braydon Court). The second component extends the path along Glenstone Road in Brighton, linking it to the pathway network within the Brighton township.	In Planning	\$497,500	\$995,000	Jan-26	Jul-26
131062-24TAS-AT1	TAS	Department of State Growth	Launceston City Council	City of Launceston - Design and Construction of the Kings Meadows Connector Shared Path	The project will build a new path alongside Connector Park Dr (476m) and the Kings Meadow Connector (634m). This path will connect Youngtown Primary School, existing footpath networks within the Oakden Park area, and the Kate Reed Reserve. Informal access and desire paths exist along the proposed route showing current community need.	In Planning	\$670,600	\$1,341,200	Oct-26	Apr-27
131042-24TAS-AT1	TAS	Department of State Growth	Meander Valley Council	Design & Construction of the Panorama Road shared use path, Blackstone Heights	For the Design & Construction of approximately 2.1 km of new shared use path, along Panorama Road between Bayview Drive and Neptune Drive, Blackstone Heights. The improvements will create a safer route for cyclists and pedestrians by removing the need to travel on the road (shared with vehicles) and will promote active travel in the area.	In Planning	\$889,300	\$1,800,000	Mar-26	May-26

131067-24TAS-AT1	TAS	Department of State Growth	Tasman Council	Tasman Council - Nubeena White Beach Walking Track	The project will design and construct a 4km multi-use walking track that connects the towns of Nubeena and White Beach, enhancing community connectivity, safety, and accessibility. The track will cater to pedestrians, cyclists, and recreational users, providing a safe, sustainable, and attractive alternative to vehicular travel.	In Planning	\$2,200,000	\$4,600,000	Jan-26	Jun-27
131039-24VIC-AT1	VIC	Victoria, Department of Transport	Ararat Rural City Council	Ararat Rural City Council - Design and Upgrade of the Active Transport Bicycle Network, Ararat	The project and design and upgrade approximately 9.85 kms of key bicycle routes identified in the Ararat on the Move - Active Transport and Lifestyle Strategy. The network will connect local residents and visitors to key places of employment, schools, community organisations, recreational facilities, Ararat CBD and train station.	In Planning	\$266,000	\$399,000	Feb-26	Aug-26
131046-24VIC-AT1	VIC	Victoria, Department of Transport	Bass Coast Shire Council	Bass Coast Shire Council - Design and construction of the Ventnor Road Shared Path, Phillip Island	A 2 kilometre long, 2.5 wide concrete shared path that will link into 2.5 kilometres of existing shared path to form a 4.5 kilometre shared path linking the townships of Cowes and Ventnor.	In Planning	\$980,000	\$1,960,000	Mar-27	Nov-28
131178-24VIC-AT1	VIC	Victoria, Department of Transport	City of Darebin	BT Connor Reserve Shared Path	The project will construct a two-way shared path along the southern edge of BT Connor Reserve. It will measure approximately 280 metres in length and connect the Merri Creek Trail with a Darebin Streets for People Corridor and Victorian Government Strategic Cycling Corridor.	Under Construction	\$158,000	\$316,000	Sep-25	Nov-26
131052-24VIC-AT1	VIC	Victoria, Department of Transport	City of Glen Eira	Glen Eira City Council - Improving Paths, Connecting Communities	Improving key cycling corridors to better connect major activity centres in Glen Eira.	In Planning	\$2,336,000	\$4,836,000	Mar-27	Mar-29
131160-24VIC-AT1	VIC	Victoria, Department of Transport	City of Port Phillip	City of Port Phillip - Beacon Road Active Transport Safety Upgrade, Port Melbourne	This project includes the development of a detailed design and delivery of a safe bike riding corridor along Beacon Road between Howe Parade and Williamstown Road, connecting a new pedestrian-operated signal on Williamstown Rd (to be delivered by DTP) and the Garden City Bike Corridor.	In Planning	\$515,000	\$1,030,000	Feb-27	Jun-27
131167-24VIC-AT1	VIC	Victoria, Department of Transport	Frankston City Council	Construction of Shared User Path (SUP) on Towerhill Road, Frankston South	Approximately 1km of standard footpath will be upgraded to Shared User Path (SUP) standard. Construction of traffic calming treatments, including raised crossings.	In Planning	\$923,650	\$1,847,300	Jul-26	Jan-27
131143-24VIC-AT1	VIC	Victoria, Department of Transport	Hobsons Bay City Council	Hobsons Bay City Council - Kororoit Creek Shared Trail Stages 4 and 5	The project will construct a 2.7km section of new shared trail, connecting Stages 1, 2 and 3 to the new Stages 4 and 5.	In Planning	\$5,000,000	\$15,482,221	Mar-26	Mar-28
131153-24VIC-AT1	VIC	Victoria, Department of Transport	Horsham Rural City Council	Horsham Central Activity District - safe eastern access for cyclists and pedestrians	Implement safety upgrades to two key entry roads into the Horsham Central Activity District	In Planning	\$900,000	\$2,248,000	Jan-26	Oct-27
131162-24VIC-AT1	VIC	Victoria, Department of Transport	Hume City Council	Hume City Council - Highland Drive Shared User Path Upgrade	The project will involve the upgrade of approximately 160m of footpath to a shared path on Highlander Drive between Estuary Place and Andaman Drive. This fills a missing link between SUP network on both ends of the proposed link.	In Planning	\$50,000	\$100,000	Jul-26	Jul-27
131161-24VIC-AT1	VIC	Victoria, Department of Transport	Hume City Council	Hume City Council - Lygon Drive Shared User Path and Cycling Facilities Upgrades	Upgrade approximately 475m of footpath to SUP on Lygon Drive between Craigieburn Road and Central Park Avenue and provide other cycling improvements.	In Planning	\$200,000	\$400,000	Jul-26	Oct-27
131063-24VIC-AT1	VIC	Victoria, Department of Transport	Maroondah City Council	Maroondah City Council - Design and construction of Greenwood Avenue Shared Use Path	This project will upgrade approximately 1.1 km of footpath to a shared use path (SUP) along the full length of Greenwood Avenue, Ringwood. The off-road SUP provides a strategic active transport link for all abilities between the railway station in central Ringwood and the regional Jubilee Sports Precinct, and the Aquinas College and Great Ryrie Primary School. A Draft Detailed Design has been completed. Prior to construction, IFC Design and Lighting Design is required.	In Planning	\$681,630	\$1,363,260	Feb-27	Aug-27
131050-24VIC-AT1	VIC	Victoria, Department of Transport	Melbourne City Council (City of Melbourne)	Melbourne City Council - Rathdowne Street Traffic Signals Upgrade	Design and construction of 3 traffic signals upgrades on Rathdowne Street, Carlton	In Planning	\$963,095	\$1,926,190	Nov-26	Jan-27
131157-24VIC-AT1	VIC	Victoria, Department of Transport	Melton City Council	Melton City Council - Design and construction of a shared use path along Westwood Drive, Burnside/Ravenhall	The project will construct approximately 3km of shared path which includes 2km widening of existing footpath and 1km of new shared path along Westwood Drive. This will deliver a shared path in the industrial estate south of Ballarat Road that currently has no paths on either side of the road, and widens the existing footpath from Ballarat Road to Rockbank Middle Road Burnside that currently doesn't have any cyclist infrastructure and very high traffic volumes on the road. The project will provide a shared path that connects the industrial employment precinct, shopping centres, schools and community facilities along this road corridor.	In Planning	\$969,527	\$1,939,054	Mar-27	Mar-29
131156-24VIC-AT1	VIC	Victoria, Department of Transport	Melton City Council	Melton City Council - Design and Construction of Raised Priority Crossings - Caroline Springs Boulevard and Gourlay Road Corridor, Caroline Springs	This project will deliver 21 new raised shared use path crossings, two new at-grade shared use path crossings and modification of nine existing pedestrian crossings on both sides of the 8.5 km Caroline Springs Boulevard and Gourlay Road corridor. This will provide a premium, consistent active transport corridor for users of the Caroline Springs train station, Caroline Springs Library, the Caroline Springs retail precinct, and 15 schools, sports precincts, retail outlets, employment hubs and community facilities.	In Planning	\$1,147,093	\$2,294,187	Mar-26	Feb-27
131175-24VIC-AT1	VIC	Victoria, Department of Transport	Moorabool Shire Council	Moorabool Shire Council - Gordon Township Active Transport Loop	Construction of an active transport route in Gordon to create new shared user paths connecting key recreation nodes and separating pedestrians and cyclists from traffic.	In Planning	\$678,825	\$1,357,650	Feb-26	Dec-26
131176-24VIC-AT1	VIC	Victoria, Department of Transport	Moorabool Shire Council	Moorabool Shire Council - Griffith Street, Maddingley Active Transport Corridor	Construction of an off road Active Transport Corridor along Griffith Street, Maddingley connecting new residential growth areas to Retail, Schools, Recreation Facilities and Train Station.	In Planning	\$1,814,503	\$3,629,007	Feb-26	Jun-27
131051-24VIC-AT1	VIC	Victoria, Department of Transport	Mount Alexander Shire Council	Mount Alexander Shire Council - Design and construction of McKenzie Hill to Parker Street Shared Pathway, Castlemaine	This project will design and construct a 3.6km shared cycling and pedestrian pathway linking McKenzie Hill to Parker Street via the Castlemaine Railway Station. This route is used by children and families travelling to and from schools and childcare centres, and by commuters travelling to the train station and Castlemaine town centre.	In Planning	\$3,010,600	\$3,763,200	Dec-26	Mar-29

In Planning	\$266,626	\$533,252	Mar-26	Oct-26
131166-24VIC-AT1	VIC	Victoria, Department of Transport	Yarra Ranges Shire Council	Yarra Ranges Council - Design and construction of the Liverpool Road Trail, Kilsyth	This project will create a new 1.7 km long shared user path (S.U.P.) along Liverpool Road, between Canterbury Road and Mount Dandenong Road, Kilsyth. It will feed into nearby trails, and connect key destinations such as the Baywater Business Precinct and Pinks Reserve which is a regional Basketball and Netball facility. The trail will also include raised crossings at high risk conflict points to improve safety for future trail users.	In Planning	\$463,938	\$927,876	Mar-27	Sep-27
131172-24WA-AT1	WA	Department of Transport	City of Canning	City of Canning - Design and Construction of Wharf Street (Rail to River) Shared Use Path - Cannington	The proposed active transport infrastructure improvements will increase connectivity between Metronet's Elevetaed Rail Project and the Canning River Regional Park through the Canning City Centre by constructing 620m of new path and upgrade 700m of existing path. The new and upgraded paths will be constructed to a shared use path width of 3.0m to improve active transport for nearby facilities including two local schools, Cannington Leisureplex, Coker Park and the Queens Park and Cannington Stations. Other infrastructure improvements include new formal pedestrian crossing facilities, parking embayments and intersection improvements.	In Planning	\$1,111,682	\$3,429,430	Sep-26	Aug-28
131168-24WA-AT1	WA	Department of Transport	City of Gosnells	City of Gosnells - finalise design and commence construction of missing shared path and lighting, Nicholson Road, Canning Vale.	This project will construct 1400m of coloured concrete path to complete the shared path along Nicholson Road from the prison precinct access to Acourt Road. The design would also include installation of street lighting along Nicholson Road and reduction of the posted speed along the proposed route.	In Planning	\$552,853	\$1,105,706	Sep-26	Jul-27
131173-24WA-AT1	WA	Department of Transport	City of Karratha	City of Karratha - Construction of Path Links for Bathgate and Dampier Road	Construction of 1.3km of missing path links along Bathgate and Dampier Road to connect to the shopping centre.	In Planning	\$774,000	\$1,548,000	May-26	Aug-27
131169-24WA-AT1	WA	Department of Transport	City of Mandurah	City of Mandurah - Construction of Falcon Coastal Shared Path	The Falcon Coastal Shared Path project plans to build a path stretching along the entire coast of Falcon. This path will link up with existing coastal paths in Wannanup to the south and Halls Head to the north, covering a total distance of about 3.9 kilometers.	In Planning	\$4,848,000	\$9,782,200	May-26	May-28
132057-25WA-AT1	WA	Department of Transport	City of Stirling	City of Stirling - Updating Final Design and Construction of Mirrabooka Avenue Shared Path, Mirrabooka	The project will upgrade a 1750m section of 2.0m to 2.5m wide concrete path located along one of the Secondary Routes of the City's Long Term Cycle Network. The existing path will be replaced with a 1750m section of 3.0m wide high-quality red asphalt. The current pathway is substandard for cycling, and upgrading it will create an important link in the cycling network between the Beach Rd shared path and the Reid Highway principal shared path. There are two schools and a TAFE along and adjacent to the route, and the route provides a cycling connection into the Mirrabooka activity centre. Minor changes to the final design completed in 2022 are required due to variations to the site since then.	In Planning	\$902,444	\$1,804,888	May-27	Oct-27
131154-24WA-AT1	WA	Department of Transport	City of Subiaco	City of Subiaco - Design and construction of Shared Path along Salvado Road, Bishop Street to Harborne Street, Subiaco	The project will install a Shared Path adjacent Salvado Road on the southern side from Bishop Street to Harborne Street. Approximately 650m of shared path will be constructed to improve the safety of cyclists and pedestrians. The corridor is a secondary route under the Department of Transport's Long Term Cycle Network. The shared path is part of the strategic East-West cycle connection between the City and the beaches. It will also link the recently developed Subiaco Commons area to the shared path.	In Planning	\$596,500	\$1,193,000	Nov-26	Oct-27
131155-24WA-AT1	WA	Department of Transport	City of Subiaco	City of Subiaco - Design and construction of shared path along Salvado Road, Harborne Street to Haydn Bunton Drive, Subiaco	The project will install a shared path adjacent Salvado Road on the southern side from Harborne Street to Haydn Bunton Drive. Approximately 700m of shared path will be constructed to improve the safety of cyclists and pedestrians. The corridor is a secondary route under the Department of Transport's Long Term Cycle Network. The shared path will link the recently developed Subiaco Commons area to important shopping hospitality, commercial, cultural and entertainment facilities.	In Planning	\$603,000	\$1,206,000	Apr-27	Aug-28
131058-24WA-AT1	WA	Department of Transport	Shire of Boddington	Shire of Boddington - Boddington to Ranford Pathway	Replace the 50 year old existing 1.2m concrete footpath with a 2.4m wide asphalt dual use footpath. Overall length 1.9km.	Under Construction	\$72,326	\$616,978	Jan-26	Aug-26
131144-24WA-AT1	WA	Department of Transport	Shire of Cunderdin	Shire of Cunderdin - Design and Constuction of Shared Pathway circular route on Watts, Togo, Yilgarn & Hodgson Street, Cunderdin.	This project involves the design and construction of new footpaths along Togo Avenue, Watts Avenue, Hodgson Street and Yilgarn Avenue, spanning approximately 3.25 kilometers with a width of 1.8m. These pathways will serve multiple purposes, including forming a fitness track for community use and providing safe access for students and community members traveling to school and the Cunderdin Golf Club.	In Planning	\$852,182	\$1,704,365	Aug-26	May-29
131174-24WA-AT1	WA	Department of Transport	Shire of Dowerin	Footpath upgrades along Memorial Avenue, East Street, Goldfields Road and Cottrell Street, Dowerin	This project will replace the existing narrow and unsafe footpaths and add new connecting paths where required along Memorial Avenue, East Street, Goldfields Road and Cottrell Street. The works will upgrade at least 2.5 kilometres of footpath and will generally be widened to 2 metres to accommodate shared usage, however, will narrow to 1.8 metres at some points to mitigate damage to existing trees along the works. Where the path narrows to 1.8 metres, adequate warnings will be provided.	In Planning	\$316,784	\$633,568	Jan-26	Apr-26

131159-24WA-AT1	WA	Department of Transport	Shire of Nannup	Shire of Nannup - Southern Bridges Shared Path	Two 2.5 meter-wide shared paths, one 237m and the other 146m long seperated by Vasse Highway. Both paths will span a low-level culvert that cross Nannup and Carlotta brooks. They will tie into existing paths either end of the project. Each culvert will consist of three barrels constructed of 1050mm diameter reinforced concrete pipes, complete with headwalls at both the inlets and outlets.	In Planning	\$611,586	\$1,084,415	Mar-26	Aug-26
131177-24WA-AT1	WA	Department of Transport	Town of Cottesloe	Town of Cottesloe - Design and upgrade of the Marine Parade Shared Pathway, North Street to Curtin Avenue.	The project involves upgrading the existing pathway along Marine Parade between Curtin Avenue and North Street. The pathway has been recognised as a Primary Route in the Department of Transport's Long Term Cycle Network (LTCN). Approximately 4km of the pathway will be widened and upgraded to improve the safety of road users (cyclists, pedestrians) by diverting them off a high vehicle volume distributor road.	In Planning	\$4,175,000	\$4,375,000	Jan-27	Apr-29

Transport and Infrastructure Net Zero Assessment, Roadmap and Action Plan

The 2023-24 Budget includes \$7.8 million over 4 years from 2022–23 to develop a Transport and Infrastructure Net Zero Roadmap and Action Plan to support the decarbonisation of the transport and infrastructure sector.

- 1. Details on the funding of projects by program that have been contractually committed, committed but not yet contracted, and any funding that has not been allocated.**

Not applicable.

- 2. Details of any changes that have occurred since details reported to the previous 2023-24 Budget Estimates hearings on 23 October 2023.**

Not applicable.

- 3. Where there have been changes (particularly delays) in scheduled project completion times, a list of projects by program which at the time of the 2023-24 Budget Estimates (May 2023) hearings were scheduled for completion in 2023-24 and the corresponding revised completion date, as well as explanation for the change in scheduled completion time.**

Not applicable.

- 4. A list of projects by program that have been discontinued since 23 October 2023, including projects that have been contractually committed, and committed but not yet contracted.**

Not applicable.

- 5. A list of completed projects by program for the 2023 calendar year.**

Not applicable.

- 6. A list of projects by program scheduled for completion in the current (2023-24) financial year.**

Not applicable.

- 7. Details of any variations since 23 October 2023 to how funding is to be allocated by each program for each year over the Forward Estimates, how funding will be distributed (including whether any co-funding arrangements apply), and, for projects approved since 1 July 2022, details on recipients have been identified.**

Departmental funding for the program over each year of the Forward Estimates is as follows:

Year	22-23 \$m	23-24 \$m	24-25 \$m	25-26 \$m	26-27 \$m
Department	0.525	2.681	2.488	2.065	0.000
Overall Total	7.759				

- 8. Details of how any underspends in completed projects and programs have been repurposed**

Not applicable.

Additional Estimates February 2026 – Regional Australia Level Crossing Safety Program**1. Details on the funding of projects by program that have been contractually committed, committed but not yet contracted, and any funding that has not been allocated.**

- Of the \$160 million available under the Regional Level Crossing Upgrade Fund (RLCUF), \$103.3 million has been approved for projects. The table below outlines remaining allocations and approved funding as at 31 October 2025 (reporting period for the RLCUF):

	AG Funding Allocations (\$m)	Funding Approved (\$m)	Remaining Allocation	Projects Approved	Projects Commenced	Projects Completed
New South Wales	28.0	28.0	0	23	22	1
Northern Territory	6.0	0.8	5.2	1	1	0

 - Administered funding for SLGAAP Phase 3 is allocated over three years as follows:

Administered Funding

Year	24-25 \$M	25-26 \$M	26-27 \$M	27-28 \$M
Administered	0.8	7.5	10.1	3.5
			Overall total	22.0

- There has been a reprofiling of the allocation of funding set out in the 2025-26 Budget (a movement of funds). The new profile of allocated funding is set out in the table above.
- The reprofiling will see the same total funding spent for Phase 3 but accommodates a delayed start to asset assessment activity.
- Phase 3 funding recipients are the National Heavy Vehicle Regulator (NHVR) and the New South Wales and Queensland governments.

9. Details of how any underspends in completed projects and programs have been repurposed.

- An unspent balance of funds of \$1,197,142 from SLGAAP Phase 2 (caused by staff shortages at the NHVR) has been carried over and will be available for the NHVR's activities under Phase 3.

OFFICIAL
Response to Senator Canavan Request

The following information is provided in relation to the Domestic Aviation and Reform Division and the International Aviation, Technology and Services Division in response to Senator Canavan's request in correspondence to the Department for the following programs:

- Western Sydney Airport
- Managing PFAS at Australian Airports
- Regional Airports Program
- Regional Airports Screening Infrastructure (Enhanced Regional Security Screening)
- Emerging Aviation Technologies Programs
- Remote Airstrip Upgrade

Not all requested data is captured by the Department, or captured in an easily reportable, reliable, and consistent format.

In the Program overview tables below:

- Contracted, committed but not yet contracted and unallocated figures are as at **23 January 2026.**
- Figures in the tables below are dollars with rounding.

Underspends go back into an unallocated pool to be committed. The total unallocated pool is managed at a program level within the financial year allocations, how individual underspends get repurposed is not tracked.

Additional project level information is included at:

- Regional Airports Program project-level listings are detailed at **Attachment A.**
- Managing PFAS at Australian Airports project-level listings are provided at **Attachment B.**
- Remote Airstrip Upgrade Program project-level listings are detailed at **Attachment C.**
- Emerging Aviation Technologies Programs project-level listings are detailed at **Attachment D.**

Response to Senator Canavan Request

The following information is provided in relation to the Regional Development, Northern Australia and Local Government Division in response to Senator Canavan's request in correspondence to the Department dated 28 January 2026.

Not all requested data is captured by the Department, or captured in an easily reportable, reliable, and consistent format.

In the Program overview tables below:

- Budget figures align with the last published 2025/26 Budget/MYEFO decisions. As at end of December 2025, the outcomes of the 2025-26 MYEFO had not been published for the Department of Infrastructure's items*. Unless otherwise requested/stated, the funding profile provides the full or life of program totals.
- Contracted, Committed but not yet contracted and Unallocated figures are as at end of December 2025.
- Figures in the tables below are dollars without rounding.

Q1, Q8*, Q12, Q13. Program overviews and funding over forward estimates

The tables below show contractually committed, committed but not yet contracted and unallocated by program for each year over the forward estimates where relevant.

Project-level listings for programs and national partnership projects of interest are at [Attachment A](#).
