

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects																					
Projects reflect profiles as at 2025-26 MYEFO.																					
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.																					
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).																					
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.																					
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.																					
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).																					
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.																					
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.																					
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.																					
Completed projects are included where final payments are to be made (awaiting project closure report).																					
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.																					
State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
NSW	Appin Road	Road Investment		122.0	122.0	100%	20.0	40.0	27.0	20.5	107.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Campbelltown City Council, Wollondilly Shire Council	The project will provide for the: • Development of strategic design to concept stage and detailed design, for delivery readiness of the Upgrade of Appin Road between Rosemeadow and Appin. • A Corridor study between Appin Road and Spring Farm Parkway/Menangle Road. • Upgrade of 3.5kms along Appin Road between Brian Road, Appin, and Mount Gilead.
NSW	Appin Road - St Johns Road Intersection Upgrade	Road Investment		45.0	22.5	50%	0.0	10.0	10.0	2.5	22.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Campbelltown City Council, Wollondilly Shire Council	The project will widen both carriageways of Appin Road at the St Johns Road intersection from two to three lanes in each direction, widen St Johns Road into the median to provide a further two right turn lanes into Appin Road northbound, and a separate left turn lane onto Appin Road southbound. The project will also include a dedicated cycle lane leading south through the intersection.
NSW	Avoca Drive Upgrade	Road Investment		130.0	100.0	77%	2.6	2.6	10.0	51.6	66.8	31.2	0.0	0.0	0.0	0.0	0.0	31.2	In Planning	Central Coast Council (Nsw)	The project will improve safety and reduce congestion on Avoca Drive, including widening the section between Carrak Road and Killara Road intersections.
NSW	Bald Nob Road upgrade	Road Investment		5.6	4.5	80%	0.4	0.0	0.0	0.0	0.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Glen Innes Severn Council	This project will upgrade Bald Nob Road between the New England Highway and the Gwydir Highway, north of Glen Innes. This is expected to include rehabilitation of around 6 kilometres of pavement on Bald Nob Road, as well as other safety improvements to bring the road up to current standards, such as widening and realignment.
NSW	Barton Highway Upgrade Package	Road Investment		117.9	78.6	67%	3.9	0.0	0.0	0.0	3.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Yass Valley Council	This project will deliver upgrades along the Barton Highway, including the duplication of a prioritised section of the highway, from south of the ACT border to at least Kaveney's Road NSW. This project forms 'stage one' of duplication works planned along the corridor.
NSW	Barton Highway Upgrade Package - 2	Road Investment		125.0	100.0	80%	8.0	11.0	20.0	33.0	72.0	18.0	0.0	0.0	0.0	0.0	0.0	18.0	In Planning	Yass Valley Council	This project will deliver duplication and intersection upgrades along the Barton Highway from the end of stage one to south of Capricorn Place, as well as the permanent upgrade of the southern tie-in section near the NSW/ACT border.
NSW	Barton Highway Upgrade Program - Future Stages - Planning	Road Investment		50.0	25.0	50%	0.0	0.0	5.0	7.5	12.5	12.5	0.0	0.0	0.0	0.0	0.0	12.5	In Planning	Yass Valley Council	The project will support completion of a final business case and commencement of detailed investigations for the future stages of the Barton Highway Upgrade Program.
NSW	Bellingen Shire Council - Kalang Road Reconstruction and Upgrade, Bellingen and Kalang	Road Investment - Remote Roads Upgrade Pilot Prog		7.5	5.0	67%	3.5	0.0	0.0	0.0	3.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Bellingen Shire Council	Approximately 6.8km widening and rehabilitation works of narrow, unsafe and deteriorated road sections. Approximately 11.7km widening and sealing of unsealed and hazardous road sections. Replacement of Knights Bridge, Tysons Bridge, Hopsons Bridge and Youngs Bridge - four old timber bridges built in the sixties with new flood resistant concrete bridges.
NSW	Bells Line of Road Safety Improvements	Road Investment		100.0	100.0	100%	0.7	6.7	17.0	42.0	66.4	33.1	0.0	0.0	0.0	0.0	0.0	33.1	In Planning	Blue Mountains City Council, Hawkesbury City Council	The project will upgrade Bells Line of Road, including overtaking lanes, intersection upgrades and upgrades to Truck Stopping Bays, making for a safer journey for local commuters and tourists who use the route between the Blue Mountains and Richmond.
NSW	Bemera Road Upgrade at Yarrawa Street, Prestons	Western Sydney Infrastructure Plan		2.1	2.1	100%	-0.2	0.0	0.0	0.0	-0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Liverpool City Council	The project involves the upgrading of Bemera Road between Yarrawa Street and Yarrunga Street/Yato Road, Prestons from a single lane in each direction to a divided four lane road approximately 100m north of the intersection with Yarrunga Street and Yato Road, installation of 430m of shared path along the western side of Bemera Road and to connect with the existing shared path north of M7 off ramp, and improvements to street lighting and drainage works.
NSW	Blue Mountains Roads Upgrades	Road Investment		12.5	12.5	100%	7.5	0.5	0.0	0.0	8.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Blue Mountains City Council	The project will deliver heavy patching, road resealing and rehabilitation (combined with kerb & gutter/drainage upgrades) to Megalong Valley Road and Railway Parade in the Blue Mountains.
NSW	Brindabella Road Upgrade	Road Investment		37.4	37.4	100%	0.4	5.0	10.0	20.6	36.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Snowy Valleys Council	This Project will provide safety upgrades on priority sections of Brindabella Road, from Brindabella Valley to the NSW/ACT border.
NSW	Bringelly Road Upgrade	Western Sydney Infrastructure Plan		509.0	407.0	80%	5.0	0.0	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Liverpool City Council, The Council of Camden	The project involves the upgrade of approximately 10 kilometres of Bringelly Road between Camden Valley Way and The Northern Road, delivered in two stages. Works include: - Upgrade of the existing Bringelly Road to a four-lane divided carriageway, with a wide central median to allow for future widening to six lanes, except between Eastwood Road and the Upper Canal Bridge, where it will be widened to six lanes. - A posted speed limit of 80 kilometres per hour. - The upgrade and signalisation of designated intersections and provision of pedestrian crossings along the length of Bringelly Road. - Replacement of the South Creek Bridge with new bridge structures for both westbound and eastbound traffic and construction of a new bridge over the Upper Canal. - Provision of off-road shared pedestrian/cyclist paths. - Interchange upgrade at the intersection of The Northern Road and Bringelly Road.
NSW	Bucketts Way	Road Investment		25.0	20.0	80%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Mid-Coast Council	The upgrade of The Bucketts Way will prioritise sections of the route that have been identified in The Bucketts Way Route Access Strategy Upgrade Program. Upgrade works will include reconstruction, widening and resealing.
NSW	Bucketts Way and Meadowie Road/M1 Intersection upgrades - Planning	Road Investment		15.0	12.0	80%	0.0	2.0	6.0	4.0	12.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Port Stephens Council	This project will undertake detailed planning and design work for future upgrades to the Bucketts Way and Meadowie Road intersections with the Pacific Highway north of Raymond Terrace.
NSW	Caddens Road Upgrade, Claremont Meadows - Penrith City Council.	Western Sydney Infrastructure Plan		7.6	7.6	100%	-3.7	0.0	0.0	0.0	-3.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Penrith City Council	The project will upgrade the existing Caddens Road, linking to Werrington Arterial Road, and includes: • Widening of Caddens Road from Gipps Street / Kent Road to Caddens Hill Sport & Recreation Precinct (approximately 150m west of Heaton Avenue) to provide 3.2m wide travel lanes in each direction with double barrier central line-marking; • Bridge extension - Construction of a cantilever structure to the north for the provision of a 2.5m wide shared user path on Caddens Road across the culvert at Claremont Creek.
NSW	Cambridge Avenue Upgrade - Planning	Road Investment		100.0	50.0	50%	0.0	0.0	0.0	0.0	0.0	50.0	0.0	0.0	0.0	0.0	0.0	50.0	In Progress	Campbelltown City Council, Liverpool City Council	The Project will deliver a Final Business Case for the upgrade of Cambridge Avenue with a new alignment linking Campbelltown Road and Glenfield Road in Sydney's South West.
NSW	Camden Valley Way / Hilder Street Intersection Upgrade	Western Sydney Infrastructure Plan		6.6	6.6	100%	4.6	1.0	0.0	0.0	5.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	The Council of Camden	The project will upgrade approximately 170 metres of the approach/departure lanes along Camden Valley Way in each direction, as well as around 40 metres of approach/departure lanes along Hilder Street. Raise the existing two lane roundabout by 1.7 metres and deliver associated stormwater and street lighting infrastructure.
NSW	Castlereagh Connection - Planning and Preparatory Works	Road Investment		100.0	50.0	50%	2.0	3.0	5.0	5.0	15.0	35.0	0.0	0.0	0.0	0.0	0.0	35.0	In Planning	Blacktown City Council, Hawkesbury City Council, Penrith City Council	The project will finalise planning and preparatory works for the Castlereagh Connection.
NSW	Central Coast Highway Upgrade - Tumbi Road Intersection Upgrade	Road Investment		65.5	52.4	80%	15.8	16.7	9.4	2.9	44.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Central Coast Council (Nsw)	This project will upgrade the intersection at Central Coast Highway and Tumbi Road and associated road upgrades. Key features of the upgrade include replacing the existing intersection roundabout with traffic lights and widening the Central Coast Highway and Tumbi Road at the intersection to two lanes in each direction.
NSW	Central Coast Road Upgrades	Road Investment		40.0	40.0	100%	11.0	9.0	0.0	0.0	20.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Central Coast Council (Nsw)	The Project will upgrade multiple roads across the Central Coast region in New South Wales, including heavy patching, road resealing and rehabilitation (combined with kerb & gutter/drainage upgrades).
NSW	Central Coast Roads Package	Road Investment		107.3	93.0	87%	17.0	22.8	0.0	0.0	39.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Central Coast Council (Nsw)	The package will upgrade 29 individual road projects across the Central Coast of New South Wales. The projects were identified and prioritised in consultation with Central Coast Council.
NSW	Cessnock Bypass - Northern Alternative Route Planning	Road Investment		5.0	5.0	100%	0.0	5.0	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Cessnock City Council	The project will support planning to alleviate congestion with traffic along Wollombi Road and will identify an alternative safe route to connect new housing developments at Belbird and Nulkaba to the Hunter Expressway.
NSW	Cessnock Road - Testers Hollow	Road Investment		17.0	15.0	88%	0.7	0.0	0.0	0.0	0.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Cessnock City Council	Upgrade of Cessnock Road/Main Road (MR155) at Testers Hollow to increase flood immunity.
NSW	Circular Quay Renewal Program	Road Investment		440.0	220.0	50%	0.0	0.0	0.0	25.0	25.0	80.0	110.0	5.0	0.0	0.0	0.0	195.0	In Planning	City of Sydney	The project will revitalise Sydney's Circular Quay precinct, including upgrading the train station to: • enable safer and more effective crowd management; • improve pedestrian flow, safety and access; • enhance passenger amenity, including wayfinding; and • provide new facilities for transport operation staff.
NSW	Clarence Town Bridge	Road Investment		20.6	11.8	57%	4.0	0.8	0.0	0.0	4.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Dungay Shire Council	The project will construct a new two-lane bridge over the Williams River, adjacent to the existing Brig O'Johnston Bridge, at Clarence Town. The works will include road approaches and a pedestrian walkway.
NSW	Clarence Town Road - Raymond Terrace to Dungay	Road Investment		25.0	20.0	80%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Dungay Shire Council, Port Stephens Council	Priority upgrades along Clarence Town Road between Raymond Terrace and Dungay. Upgrade works will include reconstruction, widening and resealing along the route to improve safety, transport efficiency and access.
NSW	Commuter Car Park Upgrade - Emu Plains	Road Investment		34.0	15.0	44%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Penrith City Council	This project is expected to increase the capacity of park and ride facilities at Emu Plains Station. Scoping and Development phase included completion of a final business case. Delivery phase will include construction of an at-grade commuter car park which will provide up to 750 spaces.
NSW	Commuter Car Park Upgrade - TB East Hills Line - Campbelltown	Road Investment		25.0	25.0	100%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Campbelltown City Council	This project will increase the capacity of the park and ride facilities in Campbelltown.
NSW	Commuter Car Park Upgrade - TB East Hills Line - Revesby	Road Investment		32.0	12.5	39%	0.7	0.0	0.0	0.0	0.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Canterbury-Bankstown Council	This project is expected to increase the capacity of the park and ride facilities at Revesby Station. Scoping and Development phase included completion of a final business case. Delivery phase will include the extension of an existing multi-storey car park which will provide approximately 385 additional car spaces.
NSW	Commuter Car Park Upgrade - TB East Hills Line - Riverwood	Road Investment		41.0	10.5	26%	0.6	0.0	0.0	0.0	0.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Georges River Council	This project is expected to increase the capacity of the park and ride facilities at Riverwood Station. Scoping and Development phase included completion of a final business case. Delivery phase will include construction of a multi-storey commuter car park which will provide up to 150 spaces.
NSW	Construction Funding - Manns Road - Intersection Upgrades at Narara Creek Road and Stockyard Place	Road Investment		59.4	47.5	80%	0.0	0.0	5.7	41.8	47.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Not Started	Central Coast Council (Nsw)	This project is for the construction for intersection upgrades along Manns Road, subject to the completion of the planning phase. The project includes two key intersection upgrades at Manns Road and Stockyard Place, West Gosford and Manns Road and Narara Creek Road, Narara.
NSW	Construction funding - Swan Hill Bridge	Road Investment		60.0	48.0	80%	0.0	4.8	27.0	16.2	48.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Not Started	Murray River Council	This project involves the construction of a new crossing over the Murray River at Swan Hill.
NSW	Coreen Avenue and Coombes Drive Upgrades	Western Sydney Infrastructure Plan		9.0	9.0	100%	6.8	0.0	1.3	0.0	8.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Penrith City Council	The project will upgrade existing intersections on Coreen Avenue at Coombes Drive (West and East) and install new roundabout at the intersection of Coombes Drive and Hickys Lane.
NSW	Coreen Avenue and Lemongrove Road signals	Western Sydney Infrastructure Plan		4.7	4.7	100%	3.2	0.0	0.7	0.0	3.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Penrith City Council	The project will upgrade existing traffic signals with dual turn lanes into Lemongrove Road, and widen Coreen Avenue and Lemongrove Road.
NSW	Coulsons Creek Road Upgrade	Road Investment		48.3	38.6	80															

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
NSW	Critical Renewable Energy Zones Road Infrastructure (Port of Newcastle to Renewable Energy Zone)	Road Investment	Golden Highway																In Planning	Cessnock City Council, Dubbo Regional Council, Maitland City Council, Muswellbrook Shire Council, Newcastle City Council, Singleton Council, Upper Hunter Shire Council, Warrumbungle Shire Council	This project will identify intersection upgrades and other priority works along road corridors connecting the Port of Newcastle to Renewable Energy Zones in regional NSW to support the movement of heavy vehicles and Over-Size and Over-Mass (OSOM) volumes.
NSW	Golden Highway - Dubbo to Newcastle Improvement Program - Planning	Road Investment	Golden Highway																In Progress	Dubbo Regional Council, Maitland City Council, Mid-Western Regional Council, Muswellbrook Shire Council, Newcastle City Council, Singleton Council, Upper Hunter Shire Council, Warrumbungle Shire Council	This project will deliver a business case for priority corridor solutions, including potential overtaking lanes and other improvements to support renewable energy transition zones in regional NSW.
NSW	Golden Highway - Over Size and Over Mass Movements	Road Investment	Golden Highway																In Planning	Dubbo Regional Council, Maitland City Council, Mid-Western Regional Council, Muswellbrook Shire Council, Newcastle City Council, Singleton Council, Upper Hunter Shire Council, Warrumbungle Shire Council	This project will deliver upgrades and other priority works along the Golden Highway between Dubbo and Whittingham
NSW	Governor Macquarie Drive Upgrade - Munday Street to ATC Access Road, Warwick Farm	Western Sydney Infrastructure Plan		1.7	1.7	100%	0.4	0.3	0.0	0.0	0.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Liverpool City Council	The project involves the completion of design for: the road widening of the section of Governor Macquarie Drive between Munday Street and the ATC Access Road from a single lane in each direction to two lanes in each direction; the provision of a channelised right turn treatment at the Governor Macquarie Drive and Shore Street intersection; and completion of a shared path along the northern side of the road.
NSW	Governor Macquarie Drive Upgrade - Newbridge Road to Alfred Road - Liverpool City Council	Western Sydney Infrastructure Plan		1.4	1.4	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	Completed	Liverpool City Council	The project will upgrade Governor Macquarie Drive between Newbridge Road and Alfred Road, Chipping Norton, and includes: •Extension of the existing right turn lane at the existing signalised Newbridge Road and Governor Macquarie Drive intersection; and •Reconfiguration of the existing carriageway to provide a four lane divided road with on-street parking on both sides between Newbridge Road and Alfred Road.
NSW	Governor Macquarie Drive Upgrade at Alfred Road and Childs Road, Chipping Norton	Western Sydney Infrastructure Plan		0.7	0.7	100%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Liverpool City Council	The project will undertake planning and design work for: road widening of the section of Governor Macquarie Drive (GMD) between Alfred Road to Childs Road, from the current 2 lane road to a 4-lane divided road; and the upgrade the existing single lane roundabout at Alfred Road and Childs Road to a dual lane roundabout and associated localised road widening along Alfred Road and Childs Road.
NSW	Grade separating road interfaces	Road Investment		562.5	450.0	80%	20.0	30.0	80.0	80.0	210.0	69.2	0.0	0.0	0.0	0.0	170.0	239.2	In Planning	Albury City Council, City of Wodonga, Coonamble Shire Council, Cootamundra-Gundagai Regional Council, Forbes Shire Council, Gilgandra Shire Council, Goolsworld Regional Council, Greater Hume Shire Council, Gwydir Shire Council, Hilltops Council, Junee Shire Council, Lockhart Shire Council, Moree Plains Shire Council, Narrabri Shire Council, Narromine Shire Council, Parkes Shire Council, Wagga Wagga City Council, Warrumbungle Shire Council, Weddin Shire Council	The Scoping Phase of the Project will consider the strategic merits of the 22 identified sites by assessing existing rail corridor performance, predicted performance requirements, present and future community needs, engineering and geotechnical considerations, potential design solutions, economic analysis and assessment of costs and benefits.
NSW	Hawkesbury Nepean Valley Flood Resilience and Housing Growth Package - Garfield Road West Upgrade	Road Investment		469.4	234.7	50%	0.0	8.5	45.0	80.0	133.5	80.0	21.2	0.0	0.0	0.0	0.0	101.2	In Planning	Blacktown City Council, Penrith City Council	This project will deliver detailed design and early works to support the future upgrade of 3.2 kilometres of Garfield Road West between Richmond Road in Marsden Park and Denmark Road in Riverstone, including more lanes to support growth.
NSW	Hawkesbury Nepean Valley Flood Resilience and Housing Growth Package - Townson Road and Burdikin Road Upgrade	Road Investment		690.6	345.3	50%	0.0	8.0	60.0	60.0	128.0	150.0	67.3	0.0	0.0	0.0	0.0	217.3	In Planning	Blacktown City Council, Penrith City Council	This project will support Stage 1 upgrades to 1.6 kilometres of Townson Road between Richmond Road and Jersey Road, delivering two-lanes in either direction, separated by a raised median.
NSW	Hawkesbury Roads Upgrade Package	Road Investment		18.5	11.2	61%	3.5	0.0	0.0	0.0	3.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Hawkesbury City Council	The package of works will deliver critical road upgrades in the Hawkesbury region, including pavement upgrades, road rehabilitation and widening.
NSW	Hawkesbury Nepean Valley Flood Evacuation Road Resilience - Planning	Road Investment		33.0	16.5	50%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Blacktown City Council, Hawkesbury City Council, Penrith City Council	The planning study will develop a program of works to address more than 100 identified road infrastructure constraints to existing flood evacuation routes and areas within the Hawkesbury Nepean Valley, such as road widening, new culvert and bridge structures, road raising, pinch point upgrades and drainage improvements. The Hawkesbury Nepean Valley Flood Risk Management Strategy is a whole of government initiative led by Infrastructure NSW.
NSW	Heathcote Road Upgrade, Hammondville to Voyager Point	Road Investment		188.0	94.0	50%	25.0	5.0	0.0	0.0	30.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Liverpool City Council	The project is to upgrade and widen 2.1km section of Heathcote Road to four lanes divided carriageway between Infantry Parade at Holsworthy and The Avenue at Voyager Point. The project also includes: • Upgrading the Macarthur Drive and The Avenue intersections to signalised intersections • Duplicating three existing road bridges over Harris Creek, Williams Creek and the T8 Airport railway line respectively • Replacing two existing road bridges over Harris Creek and Williams Creek respectively • Providing a pedestrian and cyclist shared path along the road, connecting Voyager Point to Holsworthy Train Station and towards Hammondville.
NSW	Henry Lawson Drive Stage 1B	Road Investment		220.0	110.0	50%	0.0	5.0	5.0	10.0	20.0	90.0	0.0	0.0	0.0	0.0	0.0	90.0	In Planning	Canterbury-Bankstown Council	The project will upgrade approximately 1.8km of Henry Lawson Drive between Auld Avenue and the M5 Motorway from a two-lane road to a four-lane divided road, upgrade of key intersections and upgrade of shared path connectivity.
NSW	High Speed Rail Authority Priorities	Rail Investment		430.0	430.0	100%	25.0	120.0	200.0	85.0	430.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	The Australian Government has established the High Speed Rail Authority (HSRA) to provide independent advice on high speed rail, lead coordination with the states and territories, and oversee construction of the high-speed rail network. The first priority of the Authority will be planning, corridor protection and early works for the Sydney to Newcastle section of the high-speed rail network, with a \$500 million investment by Australian Government. Of this, \$70 million has been provided to HSRA to deliver the Sydney to Newcastle business case by the end of 2024. In January 2024, Government announced that \$70.0 million of this commitment will be provided to HSRA to deliver to deliver the \$2N business case.
NSW	Hill Road Upgrade for Wentworth Point	Road Investment		8.5	8.5	100%	0.5	1.6	2.5	0.0	4.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Parramatta Council	The project will progress the Hill Road Master Plan by upgrading the Hill Road and Benelong Parkway Intersection, installing new street lighting and upgrading stormwater infrastructure.
NSW	Hogbin Drive and De Havilland Way Intersection Upgrade	Road Investment		3.8	3.0	80%	0.7	0.0	0.0	0.0	0.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Goffs Harbour City Council	This project involves the upgrade of the existing intersection of Hogbin Drive and De Havilland Way through the design and construction of a two-lane roundabout.
NSW	Homebush Bay Drive	Road Investment		200.0	100.0	50%	0.0	0.0	7.0	33.3	81.7	17.0	0.0	0.0	0.0	0.0	0.0	17.0	In Planning	City Of Canada Bay Council, City Of Parramatta Council, Strathfield Municipal Council	This project is expected to provide priority upgrades that will ease congestion around and improve traffic flow along Homebush Bay Drive, including an options study of the Australian Avenue and Underwood Road intersection. The first stage of the project will undertake scoping works to provide a strategic business case for the project.
NSW	Hume Highway - Governor Macquarie Drive - Todman Road intersection upgrade - Liverpool City Council	Western Sydney Infrastructure Plan		13.0	13.0	100%	1.5	5.7	0.8	0.0	7.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Liverpool City Council	The project will upgrade the existing signalised intersection between the Hume Highway/Todman Road and Governor Macquarie Drive, Warwick Farm, and includes construction of associated road upgrades.
NSW	Hume Highway Corridor Assessment and Strategy - Planning	Road Investment		10.0	5.0	50%	1.5	2.5	0.0	1.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Albury City Council, Cootamundra-Gundagai Regional Council, Goulburn Mulwaree Council, Greater Hume Shire Council, Hilltops Council, Upper Lachlan Council, Wagga Wagga City Council, Yass Valley Council	The project will deliver a corridor assessment and management strategy for the full length of the Hume Highway from Manulan to the Victoria Border.
NSW	Installation of Single Lane Roundabout at multiple locations	Western Sydney Infrastructure Plan		3.5	3.5	100%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Fairfield City Council	The project will deliver a single-lane roundabout and associated kerb blisters to provide deflection and manage the speed of vehicles through the intersection at the following locations: 1. Belfield Road and Prairie Vale Road (Construction) 2. Belfield Road and Allambee (Construction) 3. Sweethaven Road and Cheyenne Road (Construction) 4. Sweethaven Road and Edensor Road (Design only) 5. Canley Vale Road and Brisbane Road and adjustment to the intersection of Canley Vale Road & Winburndale Road, St Johns Park (Construction) 6. New Leaf Parade and Humphries Road (Construction) 7. New Leaf Parade and Edensor Road (Design only) 8. Wilson Road and Simpson Road (Construction).
NSW	Jane Street and Mulgoa Road Infrastructure Upgrade	Road Investment		145.0	72.5	50%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Penrith City Council	Design and construction of an upgrade of Mulgoa Road/Castlereagh Road, including the Jane Street, High Street and Union Road intersections. Works include: Widening the existing alignment on the western side of Mulgoa Road/Castlereagh Road between Union Road and a point south of Museum Drive. Upgrading and widening the Jane Street/Mulgoa Road/Castlereagh Road intersection and addition of a bus priority lane. Upgrading and widening the Mulgoa Road/High Street intersection to allow for an additional eastbound lane and right turn lane. Replacement of the existing railway bridge over Castlereagh Road and installation of bridge protection beams on either side of Castlereagh Road. Provision of a separated pedestrian and cycle pathway along the eastern side of Mulgoa Road.
NSW	John Renshaw Drive	Road Investment		15.0	12.0	80%	2.0	5.0	1.8	0.0	8.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Newcastle City Council	This project involves scoping and development of upgrades to John Renshaw Drive including grade separation of the intersection of the M1 Motorway and Weakleys Drive, Bersfield, lane duplication of Weakley Drive between Enterprise Drive and Canavan Drive; duplicated northbound left-turns and southbound right-turns from Weakleys Drive to the New England Highway; dual southbound on-ramps from the M1 Pacific Motorway extension to Raymond Terrace on to Weakleys Drive; and signalised intersections where there are currently roundabouts at the intersections of Enterprise Drive and Weakleys Drive and Canavan Drive and Weakleys Drive.
NSW	King Georges Road Upgrade - Stage 1 and 2A (early works)	Road Investment		190.0	95.0	50%	13.9	18.0	5.4	0.0	37.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Georges River Council	This project will involve the delivery of widening a 1.5km length of King Georges Road from Stony Creek Road to Forest Road from four to six lanes (Stage 1) and upgrading the King Georges Road and Connells Point Road intersection (Stage 2A - early works).
NSW	Kurrangong Road Intersection Upgrade at Beech Road and Lyn Parade, Prestons	Western Sydney Infrastructure Plan		6.9	6.9	100%	4.7	0.0	0.0	0.0	5.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Liverpool City Council	The project involves the replacement of the existing single lane roundabout with a signalised intersection, signalised pedestrian crossing on all approaches; road widening to the northern side of Kurrangong Road, between Lyn Parade and 50m west of Cedar Road to provide two eastbound/westbound traffic lanes approximately 65m long, along the Lyn Parade approach; dedicated right turn lanes in all directions; and paved footpath connections along the northern side of Kurrangong Road and both sides of Lyn Parade.
NSW	Kyogle Council - Clarence Way Upgrade, Bonalbo to Urbenville	Road Investment - Remote Roads Upgrade Pilot Prog		20.1	16.1	80%	8.0	0.0	0.0	0.0	8.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Kyogle Council	Upgrade 18km of the most degraded sections of main road MR361, Clarence Way between Bonalbo and Urbenville. This will include pavement widening and strengthening along with drainage and delineation improvements.
NSW	Liverpool to Airport Transit Corridor, Fifteenth Avenue	Road Investment		1,000.0	500.0	50%	8.5	27.0	140.2	142.5	318.2	80.0	21.9	0.0	0.0	0.0	0.0	181.9	In Planning	Liverpool City Council	The Project will upgrade Fifteenth Avenue as part of a vital east west public transport corridor between Liverpool, Bradfield and the Western Sydney Airport.
NSW	Lorne Road upgrade, Kew to Comboyne	Road Investment		5.0	5.0	100%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Mid-Coast Council, Port Macquarie Hastings Council	This project is expected to deliver sealing of two kilometres of Lorne Road between Kew and Comboyne (NSW), and complete detailed design work for stage two and early design work for stage three.
NSW	M1 Pacific Motorway – Tweed Heads and Byron Bay Network Improvements	Road Investment		30.0	15.0	50%	0.0	2.5	7.5	5.0	15.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Byron Shire Council, Tweed Shire Council	The project will deliver modelling, concept design, and economic analysis for upgrades to key interchanges on the Pacific Motorway between Tweed Coast Road at Chinderah and the Gold Coast Highway connection near the QLD border and planning for network improvements for the M1 Pacific Highway and Ewingdale Road intersection at Byron Bay to provide safe and efficient access to Byron Bay.
NSW	M1 Productivity Package	Road Investment		391.6	195.8	50%	2.0	0.0	0.0	0.0	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Central Coast Council (Nsw), Newcastle City Council	The project scope included widening the M1 Pacific Motorway from four to six lanes between the Kariong and Somersby interchanges and between Tuggerah to Doyalson interchanges, and upgrading the intersection of M1 Pacific Motorway, Weakleys Drive and John Renshaw Drive at Bersfield.
NSW	M12 Motorway	Western Sydney Infrastructure Plan		2,039.0	1,631.4	80%	151.4	84.8	0.0	0.0	236.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Fairfield City Council, Liverpool City Council, Penrith City Council	The project will involve the construction of a 16 kilometre east-west motorway between the M7 Motorway near Cecil Hills and The Northern Road at Luddenham. The M12 Motorway will serve as a major access route to the Western Sydney Airport and connect to Sydney's motorway network. The project includes: • Construction of a four-lane motorway (with provision for up to six lanes), approximately 16 kilometres in length and divided by a central median, between the M7 Motorway, Cecil Hills and The Northern Road, Luddenham. • Motorway design speed of 110 kilometres per hour (lower on access ramps/roads). • Grade separated interchanges at: - the Western Sydney Airport main access including a dual-carriageway airport access road, - Elizabeth Drive at the entrance to the Western Sydney Airport, and - the interchange with Elizabeth Drive at the M7 Motorway. • Signalised intersection with The Northern Road. • Provision for future grade separated interchanges in the vicinity of Mamre Road/Devonshire Road and The Northern Road. • Off-road shared pedestrian and cyclist paths.
NSW	M5 Motorway - Moorebank Avenue - Hume Highway Intersection Upgrade	Road Investment		400.0	190.0	48%	17.0	31.0	70.0	35.0	153.0	11.3	15.2	0.0	0.0	0.0	0.0	26.5	In Planning	Liverpool City Council	This project includes two components: • The M5 Westbound Traffic Upgrade, which provides a new two-lane bridge over the Georges River and rail line, connecting the M5 Motorway and Moorebank Avenue to the Hume Highway. It will also include a new underpass at Moorebank Avenue, which will connect M5 Motorway westbound traffic to the Hume Highway, enabling the closure of the M5 Motorway westbound Hume Highway exit; and • The M5 Motorway/Moorebank Avenue Intersection Upgrade, which will widen three of the four interchange ramps.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
NSW	Macquarie Park Precinct and Bus Interchange	Road Investment		120.0	90.0	75%	1.8	8.4	39.1	27.4	76.7	1.6	0.5	0.0	0.0	0.0	0.0	2.1	in Planning	Council of the City of Ryde	The project will plan and upgrade the Macquarie University Station Bus Interchange, optimising bus operations and pedestrian access to and from the interchange precinct, as well as future proofing transport operations in the area.
NSW	Manre Road Stage 2 Upgrade	Road Investment		1,000.0	500.0	50%	16.5	57.5	150.0	222.5	446.5	45.0	8.5	0.0	0.0	0.0	0.0	53.5	In Planning	Penrith City Council	The project will upgrade Manre Road with four lanes between Enskine Park Road and Kerrs Road, with provision for future capacity upgrades.
NSW	Mandalong Road Upgrade	Road Investment		94.0	56.0	60%	6.9	7.5	7.2	19.6	41.2	7.4	2.8	0.0	0.0	0.0	0.0	10.2	In Planning	Lake Macquarie City Council	This project will include a traffic controlled signalised intersection at the Mandalong Road, Wyee Road and Freemans Drive intersection, and a realignment of Mandalong Road between the intersection and the Gibberris Road and Gateway Boulevard roundabout, and shared pathways to support active transport initiatives.
NSW	Manns Road - Intersection Upgrades at Narara Creek Road and Stockyard Place	Road Investment		6.6	5.3	80%	0.0	5.3	0.0	0.0	5.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Central Coast Council (Nsw)	The project will plan for intersection upgrades along Manns Road, including two key intersection upgrades at Manns Road and Stockyard Place, West Gosford and Manns Road and Narara Creek Road, Narara. Construction funding has been reserved pending additional planning works. Manns Road connects the Central Coast Highway to the industrial area of West Gosford and Pacific Highway at Narara. The section of Manns Road proposed for upgrade has a history of crashes mainly near intersections and driveways. This project supports improved road safety, improved pedestrian and cyclist safety, reduced travel times and reduced congestion on the Central Coast.
NSW	Medlow Bath Upgrade	Road Investment		220.4	176.3	80%	44.7	0.0	0.0	0.0	44.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Blue Mountains City Council	To deliver: - improved capacity, safety and accessibility for vehicles and pedestrians on the Medlow Bath section of the Great Western Highway; - a new roundabout at the intersection of Bellevue Crescent and Delmonste Avenue; and - improved pedestrian access to the Medlow Bath train station.
NSW	Memorial Avenue Upgrade	Road Investment		246.5	123.3	50%	0.0	123.3	0.0	0.0	123.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	The Hills Shire Council	The project will upgrade Memorial Avenue between Old Windsor Road and Windsor Road, Kellyville including the widening of 2.2km of road from a two-lane to four-lane divided road (with allowance for future widening to six lanes).
NSW	Middletown Drive Extension - M7 Underpass	Road Investment		12.2	6.0	49%	0.0	6.0	0.0	0.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Liverpool City Council	The project will construct a new road extending Middletown Drive, Middletown Grange, to connect with Aviation Road, Elizabeth Hills, under the M7 Motorway. The scope of work also includes the construction of a shared path overbridge parallel to the M7 Motorway.
NSW	Mona Vale Road West - Mona Vale Road upgrade	Road Investment		500.0	250.0	50%	0.0	10.0	50.0	80.0	140.0	70.0	30.0	10.0	0.0	0.0	0.0	110.0	In Planning	Northern Beaches Council	Upgrade 3.4 kilometres of Mona Vale Road from two lanes to four lanes between McCarrs Creek Road, Terrey Hills and Powder Works Road, Ingleside.
NSW	Mount Ousley Interchange	Road Investment		402.0	321.6	80%	77.0	72.0	23.0	25.8	197.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Wollongong City Council	This project involves the upgrade of the intersection of the Princes Motorway and Mount Ousley Road. The interchange will replace the current intersection.
NSW	Mount Ousley Safety and Reliability (MOSAR) - Planning	Road Investment		10.0	5.0	50%	1.0	3.0	1.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Wollongong City Council	The project will undertake development activities and the preparation of a Final Business Case to improve the safety and resilience of the M1 Princes Motorway at Mount Ousley.
NSW	Mt Lindsay Road - Legume to Woodenbong	Road Investment		27.0	13.5	50%	1.8	0.2	0.0	0.0	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Tenterfield Shire Council	Realignment, widening and upgrade of a number of sections of Mt Lindsay Road between Legume and Woodenbong.
NSW	Mulgoa Road Stage 2 Upgrade	Road Investment		230.0	115.0	50%	16.0	23.0	26.0	32.0	97.0	18.0	0.0	0.0	0.0	0.0	0.0	18.0	In Planning	Penrith City Council	The project will upgrade Mulgoa Road to six lanes between Glenmore Parkway to Jeanette Street, Glenmore Park, including upgrades to active and public transport infrastructure. This builds on the upgrade of Mulgoa Road Stage 1 from Jeanette Street to Blakie Road.
NSW	Mulgoa Road Upgrade	Road Investment		226.3	171.2	76%	53.0	11.3	0.0	0.0	64.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Penrith City Council	The project will upgrade road capacity from four lanes to six lanes, upgrade Wolsley Street, Glenbrook Street, and Blakie Road intersections, construct a noise wall and decommission the Wolsley street tunnel. The project also includes providing the concept design, a detailed design, a review of environmental factors and property acquisition.
NSW	Murrabrine Bridge Upgrade, Cobargo	Road Investment		5.2	2.3	44%	0.4	0.0	0.0	0.0	0.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Bega Valley Shire Council	This project will replace the existing timber bridge with a new two-lane concrete structure.
NSW	Narrandera Shire Council - Heavy Agricultural Vehicle Route Upgrade on Ergolia Road, Binyu	Road Investment - Remote Roads Upgrade Pilot Prog		1.1	0.9	80%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Narrandera Shire Council	Undertake road shoulder widening and seal of approximately 11.7km of Ergolia Road, between the townships of Barellan/Binya and Rankin Springs
NSW	National Network Maintenance (NSW)	Road Investment		692.9	692.9	100%	134.8	138.2	141.6	145.2	559.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Five-year road maintenance works on the National Land Transport Network under the Land Transport Infrastructure Projects 2024-2029 Schedule to the Federation Funding Agreement - Infrastructure.
NSW	Nelson Bay Road - Willamtown to Bobs Farm	Road Investment		275.0	137.5	50%	5.0	10.0	20.0	55.0	90.0	45.0	2.5	0.0	0.0	0.0	0.0	47.5	In Planning	Port Stephens Council	This project will realign the two-lane, two-way Nelson Bay Road with upgrades to intersections at the eastern (Bobs Farm) and western (Willamtown) ends as well as an upgrade to the Lemon Tree Passage connection. The design will enable the duplication of the alignment in the future should funding become available.
NSW	New England Highway	Road Investment	New England Highway	1,451.9	1,183.5	82%	269.6	106.7	135.7	195.1	707.2	101.1	16.4	4.0	0.0	96.0	0.0	217.5	In Progress	Not applicable / allocated	The New England Highway along the National Land Transport Network in New South Wales between Tenterfield and Newcastle. There are currently 10 projects in the corridor: - New England Highway - Singleton Bypass - New England Highway - Rocky Cut Realignment - New England Highway - Goonoo Goonoo Road Duplication – Barnes Gully to Calala Lane - New England Highway Corridor - Priority Intersection Upgrades - New England Highway - Tenterfield Heavy Vehicle Bypass - Construction - New England Highway - Tenterfield Heavy Vehicle Bypass - New England Highway - Belford to Muswellbrook safety and capacity upgrades - Planning - New England Highway - Sandy Hollow Rest Area Upgrade, Golden Highway - New England Highway - Muswellbrook Bypass - Westbound Overpass at the Maitland Roundabout in Maitland
NSW	New England Highway - Belford to Muswellbrook safety and capacity upgrades - Planning	Road Investment	New England Highway																In Planning	Muswellbrook Shire Council, Singleton Council	This planning project will develop a staging strategy for duplication of the southern end of the section which would continue the existing two-lane two-way carriageway, with identification of priority areas for overtaking lanes.
NSW	New England Highway - Goonoo Goonoo Road Duplication – Barnes Gully to Calala Lane	Road Investment	New England Highway																In Planning	Tamworth Regional Council	This project involves the upgrade of Goonoo Goonoo Road from Barnes Gully to Calala Lane, along the New England Highway in Tamworth.
NSW	New England Highway - Muswellbrook Bypass	Road Investment	New England Highway																In Planning	Muswellbrook Shire Council	This project involves the planning and construction of a bypass of Muswellbrook on the New England Highway.
NSW	New England Highway - Rocky Cut Realignment	Road Investment	New England Highway																In Planning	Upper Hunter Shire Council	This project involves planning and delivery of upgrades to the New England Highway at Rocky Cut, Wingen, including realignment of the highway to remove tight curves.
NSW	New England Highway - Sandy Hollow Rest Area Upgrade, Golden Highway	Road Investment	New England Highway																In Planning	Muswellbrook Shire Council	This project will deliver a new rest area at Sandy Hollow along the Golden Highway, to facilitate use by heavy vehicles.
NSW	New England Highway - Singleton Bypass	Road Investment	New England Highway																Under Construction	Singleton Council	The project includes the development and delivery of the New England Highway bypass to the west of Singleton, starting south of Newington Lane and finishing north of McDougals Hill.
NSW	New England Highway - Tenterfield Heavy Vehicle Bypass	Road Investment	New England Highway																Completed	Tenterfield Shire Council	Development Phase activities including: - concept design; - environmental assessment; - property acquisition; and - detailed design.
NSW	New England Highway - Tenterfield Heavy Vehicle Bypass - Construction	Road Investment	New England Highway																In Planning	Tenterfield Shire Council	This project will construct a heavy vehicle bypass of Tenterfield on the New England Highway.
NSW	New England Highway Corridor - Priority Intersection Upgrades	Road Investment	New England Highway																In Planning	Liverpool Plains Shire Council, Singleton Council	This project involves upgrades to priority intersections along the corridor, including at Willow Tree and Glennies Creek Road, and if funding allows, at Segenhoe Road.
NSW	Westbound Overpass at the Maitland Roundabout in Maitland	Road Investment	New England Highway																In Planning	Maitland City Council	This project will deliver a westbound flyover overpass at the Cessnock Road New England Highway intersection (near Maitland Railway Station), complementing the existing eastbound flyover.
NSW	New England Highway - Bolivia Hill Upgrade	Road Investment		133.7	98.0	73%	2.8	0.0	0.0	0.0	2.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Tenterfield Shire Council	Realignment and widening of approximately 2.1 kilometres of the New England Highway at Bolivia Hill, including construction of a 320 metre long bridge.
NSW	New Line Road	Major Project Business Case Fund (Road)		20.0	10.0	50%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	5.0	0.0	5.0	In Progress	Hornsby Shire Council	New Line Road extends approximately 6.2km from Castle Hill Road in West Pennant Hills to Old Northern Road in Dural. It is a combination of divided dual carriageway and single carriageway. Investigations would deliver a Full Business Case to inform an upgrade to four lane divided carriageway based.
NSW	New Richmond Bridge - Stage 2	Road Investment		143.0	114.4	80%	0.0	0.0	0.0	5.0	5.0	40.0	60.0	9.4	0.0	0.0	0.0	109.4	In Planning	Hawkesbury City Council, Penrith City Council	Stage 2 of the New Richmond Bridge Project, including the connecting road to North Richmond and a bypass to Londonderry (Southee Road).
NSW	New Richmond Bridge and Traffic Improvements	Road Investment		500.0	400.0	80%	57.5	15.4	45.6	102.4	220.9	105.5	53.2	0.0	0.0	0.0	0.0	158.7	Under Construction	Hawkesbury City Council, Penrith City Council	A new bridge crossing the Hawkesbury River between Richmond and North Richmond, a bypass of Richmond Town Centre and associated road upgrades.
NSW	Newcastle Inner City Bypass, Rankin Park to Jesmond	Road Investment		488.2	390.6	80%	45.0	4.2	0.0	0.0	49.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Newcastle City Council	This project involves construction of a bypass of inner city Newcastle. The bypass will be built between Rankin Park and Jesmond, to the west of John Hunter Hospital. It will provide traffic relief to the surrounding road network.
NSW	Newell Highway	Road Investment	Newell Highway	1,452.6	1,120.1	77%	89.4	91.9	98.1	61.4	340.7	4.5	0.2	119.2	0.0	68.0	0.0	192.0	In Progress	Not applicable / allocated	The Newell Highway along the National Land Transport Network in New South Wales between Moree and West Wyalong. There are currently 10 projects in the corridor: - Newell Highway - Forbes Iron Bridge Upgrade - Newell Highway - Newell Highway and Oxley Highway Intersection Upgrade - Newell Highway - Newell Highway and Oxley Highway Intersection Upgrade - Newell Highway - Newell Highway Flood Mitigation - West Wyalong to Forbes - Newell Highway - Upgrades to Hargraves Lane and Federation Street - Newell Highway - Upgrades to Hargraves Lane and Federation Street - Newell Highway Corridor Unallocated - Newell Highway Upgrade - Dubbo Bridge - Newell Highway Upgrade - Heavy Duty Pavement Upgrades - Newell Highway Upgrade - Heavy Duty Pavement Upgrades - North Moree - Newell Highway Upgrade - Overtaking Lanes - Newell Highway Upgrade - Parkes Bypass
NSW	Newell Highway - Forbes Iron Bridge Upgrade	Road Investment	Newell Highway																In Planning	Forbes Shire Council	This project involves constructing a new bridge and road alignment to the east of the existing bridge, linking Lachlan Valley Way to The Escort Way.
NSW	Newell Highway - Newell Highway and Oxley Highway Intersection Upgrade	Road Investment	Newell Highway																In Planning	Warrumbungle Shire Council	This projects involves the upgrade of the intersection of the Newell Highway and Oxley Highway near Coonabarabran.
NSW	Newell Highway - Newell Highway Flood Mitigation - West Wyalong to Forbes	Road Investment	Newell Highway																In Planning	Bland Shire Council, Forbes Shire Council, Weddin Shire Council	The project will develop and deliver flood mitigation solutions for the Newell Highway between West Wyalong and Forbes to reduce the amount of time the Newell Highway is closed during and post floods.
NSW	Newell Highway - Upgrades to Hargraves Lane and Federation Street	Road Investment	Newell Highway																In Planning	Gilgandra Shire Council	This project involves upgrades to four intersections along Hargraves Lane and Federation Street to the Newell, Oxley and Castlereagh Highways in Gilgandra.
NSW	Newell Highway Corridor Unallocated	Road Investment	Newell Highway																Not Started	Not applicable / allocated	Unallocated.
NSW	Newell Highway Upgrade - Dubbo Bridge	Road Investment	Newell Highway																Under Construction	Dubbo Regional Council	This project involves the construction of a new bridge over the Macquarie River in Dubbo, the construction of a new 2.3 kilometre link road between Thompson Street and Bourke Street, and associated intersection upgrades.
NSW	Newell Highway Upgrade - Heavy Duty Pavement Upgrades	Road Investment	Newell Highway																Under Construction	Moree Plains Shire Council, Narrabri Shire Council	The Project will deliver prioritised heavy duty pavement upgrades along the corridor, with upgrades to at least four sections of the Newell Highway to be delivered. This instrument covers the Delivery Phase of this project.
NSW	Newell Highway Upgrade - Heavy Duty Pavement Upgrades - North Moree	Road Investment	Newell Highway																In Planning	Moree Plains Shire Council	The project will deliver heavy duty pavement upgrades to two sections of the Newell Highway, with a combined length of approximately 14.9 kilometres of upgrades.
NSW	Newell Highway Upgrade - Overtaking Lanes	Road Investment	Newell Highway																Completed	Berrigan Shire Council, Bland Shire Council, Colomann Shire Council, Dubbo Regional Council, Federation Council, Forbes Shire Council, Gilgandra Shire Council, Moree Plains Shire Council, Murrumbidgee Council, Narrabri Shire Council, Narrandera Shire Council, Narramine Shire Council, Parkes Shire Council, Warrumbungle Shire Council, Weddin Shire Council	This project involves the construction of approximately 20 overtaking lanes on the Newell Highway to improve safety, reduce crash numbers and travel times, allow more accurate travel planning and improve freight productivity.
NSW	Newell Highway Upgrade - Parkes Bypass	Road Investment	Newell Highway																Under Construction	Parkes Shire Council	This project involves the construction of a 10.5 kilometre bypass west of the existing Newell Highway in Parkes.
NSW	North West Growth Corridor - Planning and Early Works	Road Investment		150.0	75.0	50%	4.0	15.3	55.7	0.0	75.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Blacktown City Council, Hawkesbury City Council	The project will finalise planning and development activities including completion of a Final Business Case for Bandon Road in the North West Growth Corridor, and commence early works on the road and flood evacuation route. The project will support the expected increase in population in the area.
NSW	NorthConnex	Road Investment		2,987.0	412.3	14%	0.0	7.0	0.0	0.0	7.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Parramatta Council, Hornsby Shire Council, Ku-Ring-Gai Council, The Hills Shire Council	The project involves the construction of a dual three-lane road tunnel, initially marked for two-lanes in each direction with a breakdown lane, approximately nine kilometres in length beneath Pennant Hills Road and the Northern Railway Line linking the M1 Pacific Motorway at Wahroonga and the M2 Motorway at West Pennant Hills. This project includes integration works with the M2 Motorway and the use of the Hornsby Quarry site for spoil management. In accordance with section 27(1) of the Act, this variation is approved on the condition that funding is sourced from savings within the NSW Programme of Works as they are realized.
NSW	Norwa Bridge	Road Investment		353.0	176.5	50%	4.3	0.0	8.9	0.0	13.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Shoalhaven City Council	The project involves the construction of a new northbound bridge, repurposing of the existing northbound bridge to take southbound traffic, and rehabilitating and repurposing the historic truss bridge for active travel use.
NSW	Old Windsor Road - Planning	Road Investment		20.0	20.0	100%	10.0	10.0	0.0	0.0	20.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Blacktown City Council, City Of Parramatta Council, The Hills Shire Council	A planning study to improve travel times on Old Windsor Road between Kellyville and Northmead, with a particular focus on the section between Windsor Road and Norwest Boulevard.
NSW	Pacific Highway	Road Investment	Pacific Highway	4,509.0	3,607.2	80%	449.9	472.1	351.3	115.3	1,388.6	3.0	2.6	0.0	0.0	0.0	0.0	5.6	In Progress	Not applicable / allocated	The Pacific Highway along the National Land Transport Network in New South Wales between Coffs Harbour and Newcastle. There are currently 4 projects in the corridor: - M1 Pacific Motorway Extension to Raymond Terrace - Pacific Highway - Harrington Road Intersection Upgrade, Coopers Creek - Pacific Highway - Raymond Terrace to Karuah - Planning

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
NSW	Coffs Harbour Bypass	Road Investment	Pacific Highway																Under Construction	Coffs Harbour City Council	The project includes upgrading around 14 kilometres of the Pacific Highway at Coffs Harbour, starting from south of Englands Road roundabout and finishing at the southern end of the Sapphire to Woolgoolga upgrade project. The project will deliver four lanes of divided highway to a motorway standard and will bypass the Coffs Harbour urban area.
NSW	M1 Pacific Motorway Extension to Raymond Terrace	Road Investment	Pacific Highway																Under Construction	Newcastle City Council, Port Stephens Council	An extension of the M1 Pacific Motorway from Black Hill to Raymond Terrace, to deliver a 15 kilometre dual carriageway bypass of Hexham and Heatherbrae, including a 2.6-kilometre bridge over the New England Highway and Hunter River and upgrades to the surrounding network, including the Hexham Straight widening. The Hexham Straight widening involves widening around 6 kilometres of the Pacific Highway/Maitland Road to three lanes in each direction.
NSW	Pacific Highway - Harrington Road Intersection Upgrade, Copernook	Road Investment	Pacific Highway																In Planning	Mid-Coast Council, Port Macquarie Hastings Council	This project involves constructing a full grade separated interchange at the junction between the Pacific Highway and roads connecting to Harrington and Cooperbrook.
NSW	Pacific Highway - Raymond Terrace to Karuah - Planning	Road Investment	Pacific Highway																In Planning	Port Stephens Council	This planning project will scope and develop works for the removal of three high-risk at grade intersections on the Pacific Highway between Raymond Terrace and Karuah, including Buckets Way, Meadow Road and Italia Road. It will address safety issues, improve efficiency, and also support the development of industries utilising these intersections.
NSW	Pacific Highway - Woolgoolga to Ballina	Road Investment		4,735.4	3,744.5	79%	0.0	0.0	10.0	0.0	10.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Ballina Shire Council, Clarence Valley Council, Richmond Valley Council	The project will, through the use of a Delivery Partner, construct 155 kilometres of four-lane divided road comprising approximately 93 kilometres of Class M (motorway) standard with the remainder being Class A (arterial) standard. This duplication excludes the existing divided four-lane sections at Halfway Creek, Glenugie and Devils Pulpit. The upgrade will link the Sapphire to Woolgoolga upgrade with the Ballina bypass. The project includes: • Nine grade-separated interchanges. • Construction of two major river crossings over the Clarence River at Harwood and Richmond River at Wardell which comply with higher mass limit (HML) requirements. • Numerous bridges over rivers, creeks and floodplains. • Access roads to maintain connections to existing local roads and properties. • Rest areas located at Arrawarra, Pine Brush (Tyndale) and north of Mororo Road. • Many fauna underpasses as well as dedicated animal land bridges to mitigate impacts on the surrounding natural environment. • The design allows for the highway to be upgraded to a full motorway style highway in the future when warranted by increased traffic volumes. • Increased flood protection to 1 in 20 year flood events on the Clarence and Richmond River floodplains, and 1 in 100 year flood events on the remaining highway and major bridge structures. • Upgrades to the northbound carriageways of the existing divided four-lane sections at Glenugie and Devils Pulpit and improvements to intersections at Halfway Creek.
NSW	Pacific Highway - Wyong Town Centre	Road Investment		488.0	390.4	80%	15.0	60.7	96.2	88.7	260.6	83.8	46.0	0.0	0.0	0.0	0.0	129.8	In Planning	Central Coast Council (Nsw)	This project will upgrade the Pacific Highway through Wyong, including duplication of the highway between Johnson Road and Culler Drive, Wyong. It will also replace the existing Wyong River road bridge with two new road bridges, improving overhead clearance heights for River Road and South Tacoma Road.
NSW	Parkes Shire Council - Bogan Road extension of seal and access improvements, Goomubla	Road Investment - Remote Roads Upgrade Pilot Prog		4.0	3.2	80%	1.6	0.0	0.0	0.0	1.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Parkes Shire Council	Extension of seal for approx 4kms including horizontal and vertical alignment improvements, upgrade of 3 causeways to improve freight efficiency and HML access and resheet approximately 16kms unsealed road to improve drainage, horizontal and vertical alignment and pavement profile
NSW	Peak Hill Road Upgrade 'Part 1'	Road Investment		30.0	27.8	93%	15.0	9.4	0.0	0.0	24.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Cabonne Council	This Project will deliver upgrades along approximately 16 kilometres of Peak Hill Road within Cabonne Shire Council. Upgrades include road sealing, road rehabilitation, widening and flood immunity.
NSW	Peak Hill Road Upgrade 'Part 2'	Road Investment		15.8	11.5	73%	7.0	2.4	0.0	0.0	9.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Parkes Shire Council	This project will widen and seal approximately 16 kilometres of Peak Hill Road within the Parkes Shire.
NSW	Picton Bypass - Planning	Road Investment		18.6	14.9	80%	6.2	3.5	0.0	0.0	9.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Wollondilly Shire Council	The project will undertake planning for a Picton bypass, including development of a Final Business Case.
NSW	Picton Road Upgrades - Planning	Road Investment		132.4	80.7	61%	10.0	9.6	3.6	9.0	32.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Wollondilly Shire Council, Wollongong City Council	The project will undertake planning and early works for upgrades to Picton Road, between the Nepean River and M1 Princes Motorway.
NSW	Pinch Point Program	Road Investment		260.5	130.3	50%	0.0	6.0	0.0	0.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Bayside Council, Canterbury-Bankstown Council, City Of Parramatta Council, Council of the City of Ryde, Inner West Council, Ku-Ring-Gai Council, Randwick City Council, The Hills Shire Council, Waverley Council, Willoughby City Council	The Pinch Point Program will deliver 11 small scale road improvements to address congestion issues, improve bus services and improve active transport facilities on the Sydney metropolitan road network. The Program will deliver the following projects: • Intersection improvements - Pacific Highway and Finlay Road, Warrawee. • Intersection improvements - Devlin Street, Blaxland Road and Parkes Street, Ryde. • Intersection improvements - Parramatta Road and Woodville Road, Granville. • Intersection improvements - Georges River Road and Milton Street, Ashfield. • Intersection improvements - King Georges Road and Canterbury Road, Wiley Park. • Installation of traffic lights - Wentworth Avenue and Baker Street, Bankstown. • Intersection upgrades to improve bus priority - Showground Road and Carrington Road, Castle Hill. • Bus priority improvements - Lane Cove Road and Waterloo intersection, Macquarie Park. • Bus priority improvements along Epping Road and Herring Road, Macquarie Park. • Provision of a dedicated cycle path along Oxford Street, Bondi Junction. • Provision of a dedicated cycle path from Centennial Park to Kingsford, via Doncaster Avenue.
NSW	Port Botany to Kingsford Smith Airport and Mascot	Major Project Business Case Fund (Road)		1.8	0.9	50%	0.0	0.9	0.0	0.0	0.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Cancelled	Bayside Council, Fairfield City Council, Liverpool City Council	This project was cancelled at the October 2022-23 Budget
NSW	Port Stephens Cutting upgrade	Road Investment		25.0	20.0	80%	1.9	13.7	4.3	0.0	20.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Tamworth Regional Council	The project involves the upgrade of Port Stephens Cutting.
NSW	Princes Highway (NSW) - South of Nowra to Victorian border, including Milton-Ulladulla Bypass	Road Investment	Princes Highway (NSW) - South of Nowra to Victorian border, including Milton-Ulladulla Bypass	1,815.9	1,396.0	77%	91.6	90.0	158.1	171.5	511.3	345.1	250.0	159.2	0.0	0.0	0.0	754.3	In Progress	Not applicable / allocated	The Princes Highway corridor (NSW) runs from south of Nowra to the Victorian border. There are currently 6 projects in the corridor: - Jervis Bay Road Intersection - Jervis Bay Road to Hawken Road - Milton Ulladulla Bypass - Narooma Bridge - Planning - Nowra Bypass and Network Improvements - Planning - Princes Motorway M1 Improvements - Bulli Tops to Picton Road
NSW	Jervis Bay Road Intersection	Road Investment	Princes Highway (NSW) - South of Nowra to Victorian border, including Milton-Ulladulla Bypass																Under Construction	Shoalhaven City Council	This project will upgrade the Jervis Bay Road intersection, including: - a bridge for highway traffic to cross Jervis Bay Road to travel North and South on the Princes Highway - longer entry and exit lanes on and off the highway to improve safety and efficiency and reduce congestion - improved services for pedestrians, cyclists and public transport users - improved access to local roads - the construction of two roundabouts to enter/exit highway to reduce congestion and improve safety
NSW	Jervis Bay Road to Hawken Road	Road Investment	Princes Highway (NSW) - South of Nowra to Victorian border, including Milton-Ulladulla Bypass																In Planning	Shoalhaven City Council	This project involves upgrades along the Princes Highway between Jervis Bay Road and Hawken Road.
NSW	Milton Ulladulla Bypass	Road Investment	Princes Highway (NSW) - South of Nowra to Victorian border, including Milton-Ulladulla Bypass																In Planning	Shoalhaven City Council	The Project involves the construction of a bypass of Milton and Ulladulla on the NSW South Coast along the Princes Highway.
NSW	Narooma Bridge - Planning	Road Investment	Princes Highway (NSW) - South of Nowra to Victorian border, including Milton-Ulladulla Bypass																In Progress	Eurobodalla Shire Council	This project involves a feasibility study on the future of the Narooma Bridge.
NSW	Nowra Bypass and Network Improvements - Planning	Road Investment	Princes Highway (NSW) - South of Nowra to Victorian border, including Milton-Ulladulla Bypass																In Progress	Shoalhaven City Council	This project will undertake investigations to propose options for a bypass of Nowra and alternative road upgrades, including how these can be supported by improved access to public transport or active transport options such as cycleways.
NSW	Princes Motorway M1 Improvements - Bulli Tops to Picton Road	Road Investment	Princes Highway (NSW) - South of Nowra to Victorian border, including Milton-Ulladulla Bypass																In Planning	Wollongong City Council	Princes Motorway M1 - Bulli Tops to Picton Road Planning for upgrades between Bulli Tops and Picton Road.
NSW	Princes Highway and Waratah Street Intersection Upgrade	Road Investment		19.2	9.6	50%	8.6	5.1	0.5	0.2	9.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Sutherland Shire Council	Duplication of eastbound right turn lanes on Waratah Street into Princes Highway and provision of a northbound high entry angle left turn slip lane on Princes Highway into Waratah Street.
NSW	Prospect Highway Upgrade	Road Investment		300.0	150.0	50%	27.5	0.0	0.0	0.0	27.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Blacktown City Council, Cumberland Council	The project will upgrade a 3.6km section of the Prospect Highway between Reservoir Road, Prospect and St Martins Crescent, Blacktown to a four-lane divided carriageway, with the section north of Lancelot Street to be upgraded to a six-lane divided road, inclusive of two dedicated bus lanes, and improvements to 11 intersections along the route.
NSW	Regional Level Crossing Upgrade Fund - NSW	Road Investment		56.0	28.0	50%	11.2	9.8	0.0	0.0	21.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	Upgrade of 23 regional level crossings as listed in the NSW Round 1 Project Proposal Report.
NSW	Richmond Road - Planning	Road Investment		50.0	37.0	74%	3.3	5.0	4.8	0.0	13.0	24.0	0.0	0.0	0.0	0.0	0.0	24.0	In Progress	Blacktown City Council, Hawkesbury City Council, Penrith City Council	The project will help to finalise planning on the Richmond Road corridor to inform a future investment decision for construction.
NSW	Richmond Road Stage 1 - Elara Boulevard to Heritage Road, Marsden Park	Road Investment		150.0	75.0	50%	14.5	24.8	24.1	10.6	73.9	1.1	0.0	0.0	0.0	0.0	0.0	1.1	In Planning	Blacktown City Council	The Project will duplicate Richmond Road from two lanes to four lanes between Elara Boulevard and near Heritage Road (Chydelaide Farm Road) and build a new four-way signalised intersection about 800 metres north of Elara Boulevard. The signalised intersection will provide access to Marsden Park Precinct to the west and Marsden Park North Precinct to the east.
NSW	Richmond Road Upgrade, M7 Motorway to Townson Road	Road Investment		520.0	260.0	50%	38.5	43.0	34.8	23.2	139.6	40.1	26.7	19.9	33.7	0.0	0.0	120.4	In Planning	Blacktown City Council	The project will upgrade a 2km stretch of the Richmond Road corridor from the M7 Motorway to Townson Road to six lanes, providing support to the Hawkesbury-Nepean valley flood evacuation route and improving access to the Marsden Park industrial precinct and housing developments.
NSW	River Road Safety Upgrades	Road Investment		17.7	17.7	100%	0.5	4.3	4.0	8.9	17.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Canterbury-Bankstown Council	The project will upgrade the intersection of River Road, Marco Avenue and Sphlna Avenue in Resbury to improve traffic flow and pedestrian safety.
NSW	Road Safety Program - NSW (Regional)	Road Investment		486.5	389.2	80%	13.3	0.0	0.0	0.0	13.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The Australian Government contributed \$407.3m to the Regional component of Tranches 1-3 of the Road Safety Program in NSW which supported the rollout of lifesaving road safety treatments that aimed to reduce fatal and serious injury road crashes, and provide greater protection for vulnerable road users.
NSW	Road Safety Program - NSW (Urban)	Road Investment		122.0	61.0	50%	12.1	0.0	0.0	0.0	12.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Not applicable / allocated	The Australian Government contributed \$77.6m to the Urban component of Tranches 1-3 of the Road Safety Program in NSW, which supported the rollout of lifesaving road safety treatments that aimed to reduce fatal and serious injury road crashes, and provide greater protection for vulnerable road users.
NSW	Road Safety Program additional funding - NSW	Road Investment		586.5	293.2	50%	116.6	150.7	0.0	0.0	267.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	Projects delivered under the Program will enable road safety infrastructure treatments to reduce fatal and serious injury crashes on NSW roads. Treatments may include safety barriers, audio tactile line marking, intersection upgrades, sealing of road shoulders, and pedestrian and cycleway improvements.
NSW	Safer Roads Program	Road Investment		398.0	140.0	35%	-1.2	0.0	0.0	0.0	-1.2	0.0	16.2	0.0	0.0	0.0	0.0	16.2	Completed	Not applicable / allocated	The Safer Roads Program is a targeted program to develop and deliver road safety infrastructure projects across NSW, including: - Audio-Tactical Line Marking - Road Safety Barriers; - Rural Curve treatments; - Wide Centrelines; - Shoulder Widening; and - Sealing of unsealed Shoulders. This program will assist to reduce incidents of road accidents.
NSW	Sheahan Bridge Upgrade - Planning	Road Investment		20.0	16.0	80%	1.8	8.6	1.6	0.0	12.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Cootamundra-Gundagai Regional Council	The project involves the planning of the upgrade of Sheahan Bridge on the Hume Highway around Gundagai to allow for uninterrupted heavy freight vehicle movements.
NSW	Shoalhaven Roads Package	Road Investment		40.0	40.0	100%	8.1	31.3	0.0	0.0	39.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Shoalhaven City Council	This project will deliver upgrades to Forest Road, Callala Beach Road, Callala Bay Road, Culbourn Road, Worrigee Intersection, and Callala Bay Intersection just outside of Nowra.
NSW	South West Sydney Rail Extension - Bradfield to Leppington and Macarthur - corridor preservation	Rail Investment		2,000.0	1,000.0	50%	0.0	0.0	100.0	100.0	200.0	400.0	400.0	0.0	0.0	0.0	0.0	800.0	In Planning	Campbelltown City Council, Liverpool City Council, The Council of Camden	Corridor preservation work for future rail extensions from Bradfield to Leppington and Macarthur.
NSW	South West Sydney Rail Planning - Business Case	Rail Investment		195.0	97.5	50%	43.9	6.2	0.0	47.5	97.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Campbelltown City Council, Liverpool City Council, The Council of Camden	The Project will provide funding for the development of a Final Business Case and early property acquisitions, if required, for a rail line from Bradfield to Glenfield via Leppington, and from Bradfield to Macarthur. The Final Business Case will consider heavy and light rail, and provide the detailed design, economic assessment and cost estimation to inform an investment decision for the construction of the extension.
NSW	South West Sydney Roads - Planning	Road Investment		65.0	32.5	50%	5.0	10.0	17.5	0.0	32.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Campbelltown City Council, Liverpool City Council, The Council of Camden	The project will develop Final Business Cases for critical road upgrades in South West Sydney including Hume Highway, Cowpasture Road, Camden Valley Way and Menangle Road to support housing growth in the Greater Macarthur Growth Area and the South West Growth Area. The business cases will identify upgrades needed to address congestion, improve road safety and enhance accessibility.
NSW	Spring Farm Parkway Stage 2 - Planning	Road Investment		15.0	7.5	50%	1.0	3.9	2.6	0.0	7.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Campbelltown City Council, The Council of Camden	The project will develop a Final Business case to link Liza Kennahan Drive at Spring Farm and Spring Farm Parkway Stage 1 at Menangle Park, to support housing development in the area.
NSW	Stacey St Bankstown - Planning	Road Investment		50.0	25.0	50%	0.0	0.0	0.0	11.5	11.5	0.0	0.0	0.0	0.0	0.0	0.0	13.5	In Progress	Canterbury-Bankstown Council	The project will develop a Final Business Case for the upgrade of Stacey Street in Bankstown, including a business case for stage two and complete enabling works.
NSW	Swan Hill Bridge	Road Investment		15.0	12.0	80%	4.8	6.0	1.2	0.0	12.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Murray River Council, Swan Hill Rural City Council	This project involves the planning of a new bridge, over the Murray River, between the border towns of Swan Hill in Victoria and Murray Downs in New South Wales.
NSW	Sydney Metro - Western Sydney Airport	Rail Investment		10,380.0	5,190.0	50%	940.5	244.1	10.5	0.0	1,195.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Liverpool City Council, Penrith City Council	The project will deliver a new 23 kilometre metro rail from St Marys to the Aerotropolis at Bradfield via Western Sydney International (Nancy-Bird Walton) Airport, with six new metro stations at St Marys, Orchard Hills East, Luddenham Road, Airport Business Park, Airport Terminal and the Aerotropolis at Bradfield, and stabling and maintenance facilities at Orchard Hills.
NSW	Terrigal Drive Upgrade	Road Investment		115.0	115.0	100%	3.0	7.0	5.0	10.0	25.0	50.0	40.0	0.0	0.0	0.0	0.0	90.0	In Planning	Central Coast Council (Nsw)	The project will upgrade Terrigal Drive to duplicate sections of the single-lane road and deliver critical intersection upgrades.
NSW	The Horsley Drive Upgrade	Road Investment		190.0	95.0	50%	30.0	20.0	15.0	10.0	75.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Fairfield City Council	The Horsley Drive Upgrade project will deliver intersection upgrades at the Wallgrove/M7 interchange to enhance performance and safety.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
NSW	The Northern Road	Western Sydney Infrastructure Plan		1,584.5	1,233.5	78%	2.0	0.0	0.0	0.0	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Liverpool City Council, Penrith City Council, The Council of Camden	- Widening between The Old Northern Road and Peter Brock Drive to a four-lane road divided by a central median; upgrading traffic signal controlled intersections at Fairwater Drive/Porpende Street, Hillside Drive, and Cobbitty Road. - Widening between Peter Brock Drive and Mersey Road to a four-lane road divided by a wide central median; constructing new bridges over Thompson Creek; a grade separated intersection at Bringley Road; a new un-signalised T-intersection at Oran Park Link Road 3; and signalising nine intersections including five new intersections. - Widening between Glenmore Parkway and Jamison Road to an eight-lane divided road separated by a central median; an upgrade to the M4 interchange, including widening the road bridge over the M4 Motorway; signalising the intersection at Frogmore Road; removal of existing right turn movements at Homestead Road and Castle Road; a new roundabout at the Frogmore Road/Simeon Road intersection; and installing new traffic lights at the Glenmore Parkway intersection and other intersections. - Widening between Mersey Road and Glenmore Parkway (Stages 4, 5 and 6) to a four lane divided road separated by a wide central median; around eight kilometres of new road between Mersey Road, Bringley and just south of the existing Elizabeth Drive, Luddenham, to realign the section of The Northern Road that currently bisects the Western Sydney Airport site and bypass Luddenham; seven new and six modified intersections; four new traffic light signals; dedicated u-turn facilities at three intersections; upgrades and improvements to local roads; drainage infrastructure; new shared and pedestrian paths; bus priority crossings; and new traffic management facilities.
NSW	Toongabbie Bridge enabling works	Road Investment		25.0	25.0	100%	1.0	1.0	3.0	10.0	15.0	10.0	0.0	0.0	0.0	0.0	0.0	10.0	In Planning	Blacktown City Council, City Of Parramatta Council, Cumberland Council	The project will reduce congestion on Toongabbie Bridge by delivering upgrades to Wentworth Avenue.
NSW	Tooraweenah Road Upgrade	Road Investment		41.2	41.2	100%	6.5	19.5	10.8	0.0	36.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Coonamble Shire Council	This project will deliver upgrades along 27km of Tooraweenah Road. Upgrades include road sealing, road rehabilitation, widening, culvert upgrades and flood immunity.
NSW	Unallocated Road NSW	Road Investment		1,126.5	1,126.5	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	421.2	705.3	0.0	1,126.5	Not Started	Not applicable / allocated	Unallocated.
NSW	Wagga Wagga Freight Bypass - Planning	Rail Investment		30.0	30.0	100%	5.0	10.0	15.0	0.0	30.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Wagga Wagga City Council	The Wagga Wagga Freight Bypass – Planning project will prepare a business case for a rail freight bypass of Wagga Wagga.
NSW	Warren Road upgrade, Coonamble to Warren	Road Investment		6.8	1.9	28%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Coonamble Shire Council, Warren Shire Council	This delivery phase Project is expected to upgrade Warren Road between Coonamble to Warren.
NSW	Wentworth Shire Council - Arumpo Road Reconstruction & Upgrade, Arumpo	Road Investment - Remote Roads Upgrade Pilot Prog		6.3	5.0	80%	2.5	0.0	0.0	0.0	2.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Bairnsdall Shire Council, Wentworth Shire Council	Reconstruction & Upgrade of Arumpo Road, including earthworks to reinstate formation/drainage.
NSW	Western Distributor Smart Motorway	Road Investment		179.0	80.0	45%	4.0	0.0	0.0	0.0	4.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City of Sydney, Inner West Council, North Sydney Council	This project includes the upgrade of the Sydney motorway network from the ANZAC Bridge in Rozelle to the Bradfield Highway, Milsons Point. The Smart Motorway project will use complementary technologies to monitor traffic conditions, manage congestion and respond to incidents in real time. It will provide motorists with real-time information about travel times, while bringing together intelligent technologies to ease congestion and provide a safer, smoother and more reliable journey.
NSW	Western Sydney Freight Line and Intermodal Terminal - Final Business Case - Stage 1	Major Project Business Case Fund (Rail)		60.0	30.0	50%	6.2	9.1	11.1	3.5	30.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Liverpool City Council	The project will develop a Final Business Case for a new freight rail link from Port Botany to Western Sydney. Stage 1 will help to identify and prioritise options for the intermodal terminal and a dedicated freight link from Port Botany. The project scope includes investigation of: - 30km dual track, dedicated freight line; and - a 24/7 open access intermodal terminal in Western Sydney.
NSW	Western Sydney Freight Line and Intermodal Terminal Strategic Business Case	Rail Investment		10.0	5.0	50%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Blacktown City Council, City Of Parramatta Council, Cumberland Council, Fairfield City Council, Liverpool City Council, Penrith City Council	The Western Sydney Freight Line and Intermodal Terminal business case is investigating the need and strategic options for a dedicated rail connection from Port Botany to Western Sydney, to address expected future capacity constraints across Greater Sydney.
NSW	Western Sydney Heavy Vehicle Rest Area	Road Investment		80.0	40.0	50%	0.0	10.0	30.0	0.0	40.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Blacktown City Council, Penrith City Council	This project provides funding for a Western Sydney Heavy Vehicle Rest Area, which is expected to accommodate around 100 heavy vehicles, providing a critical facility in Greater Sydney's growing freight network. The Australian Government contribution towards this project will support construction activities.
NSW	Western Sydney Rapid Bus Infrastructure Upgrade Project	Road Investment		200.0	100.0	50%	0.0	0.0	20.0	20.0	40.0	60.0	0.0	0.0	0.0	0.0	0.0	60.0	In Planning	Blacktown City Council, Campbelltown City Council, Liverpool City Council, Penrith City Council	The project will provide infrastructure for zero emission rapid bus services to connect the metropolitan centres of Penrith, Liverpool, Campbelltown and Blacktown to the Western Sydney International Airport and Aerotropolis.
NSW	Western Sydney Roads - Planning	Road Investment		30.0	15.0	50%	1.0	7.9	6.0	0.2	15.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Penrith City Council	The project will develop Final Business Cases for three projects in Western Sydney: • Great Western Highway/Parker Street, • The Northern Road, Burwoodvale to Londonderry; and • Werrington Arterial Stage 2 – St Marys to Marsden Park. The business cases will support the Western Parkland City and address a series of upgrades required in the region to support housing development and during flood evacuation.
NSW	Whipstick Bridge upgrade, Wyndham	Road Investment		2.4	2.4	100%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Bega Valley Shire Council	This project will replace the existing timber bridge with a new two-lane concrete structure.
NSW	Windsor Road Upgrades	Road Investment		400.0	200.0	50%	5.0	10.0	40.0	70.0	125.0	60.0	15.0	0.0	0.0	0.0	0.0	75.0	In Planning	Blacktown City Council, The Hills Shire Council	Upgrade Windsor Road in Rouse Hill, including: - widening Windsor Road between Mile End Road and Commercial Road to three lanes plus a bus lane in each direction; - dedicated bus lanes along Windsor Road between the existing Transitway and Mile End Road; - upgrading the Windsor Road and Commercial Road, Windsor Road and Mile End Road, and Commercial Road and Caddies Boulevard intersections; and - a shared path on the eastern side of Windsor Road.
NSW	Zero Emission Buses Tranche 1 Infrastructure - Macquarie Park Depot	Road Investment		230.0	115.0	50%	24.7	24.5	39.0	16.2	104.3	10.7	0.0	0.0	0.0	0.0	0.0	10.7	In Planning	Council of the City of Ryde	The project will construct a new purpose-built electric bus depot in Macquarie Park to house Zero Emission Buses.
VIC	Avon Airport Road Upgrades - Planning	Road Investment		5.0	5.0	100%	2.5	2.5	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	The Greater Geelong City Council	A feasibility study to explore options to upgrade Beach Road at Avon, improve access to the Airport and help transform the precinct into a transport and logistics hub.
VIC	Ballan Road Intersection Upgrade, Wyndham Vale	Road Investment		90.3	45.1	50%	20.0	11.8	13.4	0.0	45.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Wyndham City Council	The project will deliver an upgrade to the intersection of Ballan, Greens and McGrath roads in Wyndham Vale.
VIC	Ballarat Intermodal Freight Hub	Rail Investment		55.5	27.8	50%	10.5	7.0	8.2	1.2	26.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City of Ballarat	This funding will support development phase planning works, and the preparation of a Delivery Phase Project Proposal Report for the Ballarat Intermodal Freight Hub, in Ballarat, Victoria.
VIC	Ballarat Road and Hulett Street Intersection Upgrade	Road Investment		4.7	2.3	50%	-0.2	0.0	0.0	0.0	-0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Brimbank City Council	This project will upgrade the Ballarat Road and Hulett Street intersection in Albion, including the installation of traffic signals and raised safety platforms.
VIC	Ballarat to Ouyen - Birchip-Rainbow Road - McLaughlans Road Intersection Upgrade	Road Investment		3.3	3.3	100%	1.2	0.0	0.0	0.0	1.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Buloke Shire Council	This project will upgrade the intersection of the Sunraysia Highway with Birchip-Rainbow Road and McLaughlans Road, Birchip.
VIC	Ballarat to Ouyen - Scoping and Development	Road Investment		1.9	1.9	100%	0.8	0.0	0.0	0.0	0.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Buloke Shire Council, City of Ballarat, Mildura Rural City Council, Northern Grampians Shire Council, Pyrenees Shire Council, Yarramblack Shire Council	This project will undertake scoping work to develop a prioritised program of future projects along the Sunraysia Highway corridor.
VIC	Ballarto Road, Skye	Road Investment		36.5	30.0	82%	5.0	0.0	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Frankston City Council	The Project will upgrade key intersections along Ballarto Road between Frankston-Dandenong Road and Western Port Highway which will reduce congestion and improve access and safety for all road users.
VIC	Barwon Heads Road Upgrade - Stage 2	Road Investment		318.2	193.2	61%	97.4	55.8	17.2	6.4	176.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Surf Coast Shire, The Greater Geelong City Council	The Project involves duplicating and upgrading Barwon Heads Road from Reserve Road to Lower Duneed Road. This will include upgrading approximately 6.0km of the Barwon Heads Road from a two lane to a new four lane arterial road between Reserve Road and Lower Duneed Road. This will include new intersections at Boundary Road and Newport Drive (New road delivered by developers on the east side of Barwon Heads Road resulting in a new road link between Central Boulevard and Warrally Road), as well as intersection modifications works at Precinct Road, Central Boulevard and Warrally Boulevard; Bridge structure widening at Armstrong Creek; and shared use path (SUP) along Barwon Heads Road between Reserve Road and Lower Duneed Road.
VIC	Barwon Heads Road Upgrade	Road Investment		365.0	292.0	80%	32.0	0.0	0.0	0.0	32.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	The Greater Geelong City Council	This project will duplicate Barwon Heads Road, south of Geelong, from Settlement Road to Reserve Road, and will deliver an additional southbound carriageway and upgrade and rehabilitate the existing northbound carriageway. Works will also include: grade separation of the level crossing with the Geelong-Warmambool Rail Line, construction of a new bridge structure over Waurm Ponds Creek, intersection and signalling upgrades, installation of new guardrails and safety barriers, upgraded pedestrian and cycling infrastructure, improvements to street lighting, signage, drainage and landscaping, and planning for future upgrades.
VIC	Bonang Road Upgrade, Bonang	Road Investment		9.0	9.0	100%	0.7	0.0	0.0	0.0	0.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	East Gippsland Shire Council	This project will seal the 11.7 kilometre unsealed section of Bonang Road in East Gippsland.
VIC	Boronia Road and Lewis Road Intersection Upgrade	Road Investment		3.8	3.8	100%	-0.1	0.0	0.0	0.0	-0.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Knox City Council	This project will upgrade the Boronia Road and Lewis Road intersection in Wantmna South, Victoria.
VIC	Bridgewater Road and Portland Ring Road, Portland, intersection upgrade	Road Investment		24.0	12.0	50%	0.0	3.0	3.0	6.0	12.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Glenelg Shire Council	The Henty Highway/ Bridgewater Road Intersection Upgrade will see the existing Bridgewater Road bridge over Henty Highway removed and the adjacent intersection upgraded with a roundabout to allow access for over-dimensional loads.
VIC	Cameron's Lane Interchange	Road Investment		1,050.0	900.0	86%	34.5	70.0	150.0	200.0	454.5	300.0	139.5	0.0	0.0	0.0	0.0	439.5	In Planning	Mitchell Shire Council, Whittlesea City Council	Scoping and Development phase funding for a Cameron Lanes Interchange detailed business case, associated delivery phase Project Proposal Report, Minton Street delivery report for connection to the Beveridge Interstate Freight Terminal, and preconstruction works.
VIC	Canterbury Road Upgrade	Road Investment		4.8	4.8	100%	0.0	4.8	0.0	0.0	4.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Maroondah City Council, Yarra Ranges Shire Council	The funding will undertake works in order to widen Canterbury Road from Dorset Road to Liverpool Road to three lanes in each direction.
VIC	Cape Otway Road and Winchelsea-Deans Marsh Road Intersection Upgrade	Road Investment		6.0	6.0	100%	5.2	0.0	0.0	0.0	5.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Surf Coast Shire	The project will construct a roundabout at the intersection of Cape Otway Road and Winchelsea-Deans Marsh Road in Birregurra.
VIC	Clyde Road Upgrade	Road Investment		277.7	277.7	100%	48.4	27.0	0.0	0.0	75.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Casey City Council	This project is expected to upgrade the two intersections at Clyde Road and Kangan Drive and Clyde Road and Monash Freeway. The upgrades are expected to include widening of the Monash Freeway bridge and three through lanes in each direction over the bridge. The project is also expected to include freeway terminal upgrades, improved right turn storage on the bridge structure and a provision for a

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect profiles as at 2025-26 MYEFO.

Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.

The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
VIC	Gippsland Rail Line Upgrade	Rail Investment		878.1	737.8	84%	71.0	2.0	0.0	0.0	73.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Baw Baw Shire Council, Cardinia Shire Council, East Gippsland Shire Council, Latrobe City Council, Wellington Shire Council	The Gippsland Rail Line Upgrade project will deliver planning and development works, early delivery works involving level crossing upgrades, and the replacement of corrugated steel drainage pipes along the corridor, and major delivery works involving additional level crossing and pedestrian crossing upgrades, rail control system upgrades, upgrades to four stations, modifications to stabling facilities, and associated works along the rail corridor.
VIC	Glenelg Highway and Eurambeen-Stratham Road Intersection Upgrade	Road Investment		5.0	2.5	50%	0.4	0.0	0.0	0.0	0.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Pyrenees Shire Council	This project provides intersection improvements, including construction of a new roundabout, at the junction of the Glenelg Highway and Eurambeen-Stratham Road.
VIC	Goulburn Valley Highway and Graham Street, Shepparton, Intersection Improvements	Road Investment		4.5	2.2	50%	2.1	0.2	0.0	0.0	2.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	City of Greater Shepparton	The project will signalise the Goulburn Valley Highway - Graham Street intersection, deliver new traffic signals, pavement widening and reconstruction works, pavement line-marking, new street lighting and improved signage and accessibility for pedestrians and cyclists.
VIC	Goulburn Valley Link Freight Precinct	Road Investment		22.5	8.5	38%	8.5	0.0	0.0	0.0	8.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City of Greater Shepparton	The project will deliver upgrades to Simson Road and construct a roundabout at the Todlamba and Simson Road intersection in order to facilitate High Productivity Freight Vehicle movements.
VIC	Green Triangle - Bridge Upgrades	Road Investment		18.0	16.3	91%	5.6	5.6	0.0	0.0	11.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Glenelg Shire Council, Southern Grampians Shire Council	This project will undertake bridge upgrades at Grange Burn, Charcoal Creek and Wattle Hill Creek to improve access and safety for High Productivity Freight Vehicles.
VIC	Green Triangle - Road Surface and Intersection Upgrades	Road Investment		7.4	7.4	100%	2.5	0.0	0.0	0.0	2.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Glenelg Shire Council, Moyne Shire Council, Southern Grampians Shire Council	This project will undertake a number of road surface upgrades to key routes within the Green Triangle region, including the Henry Highway, Portland-Casterton Road, Portland-Nelson Road and Princes Highway West.
VIC	Green Triangle - Scoping and Development	Road Investment		0.4	0.4	100%	0.1	0.0	0.0	0.0	0.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Glenelg Shire Council, Moyne Shire Council, Southern Grampians Shire Council	This project will undertake scoping and development works to inform works in future tranches, including an assessment of the Bridgewater Road overpass in Portland.
VIC	Grubb Road Upgrade, Ocean Grove	Road Investment		7.7	7.7	100%	3.5	0.6	0.0	0.0	4.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	The Greater Geelong City Council	This project involves the installation of traffic signals and associated works to reduce congestion and improve safety on Grubb Road.
VIC	Hall Road Upgrade	Road Investment		282.5	141.3	50%	10.5	0.0	0.0	0.0	10.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Casey City Council, Frankston City Council	This project will upgrade 5.2 kilometres of Hall Road between McCormicks Road in Snye and Cranbourne-Frankston Road in Cranbourne West. The project will include: • Upgrades to McCormicks Road, Taylors Road, Western Port Highway, Evans Road and Cranbourne-Frankston Road intersections. • Separated dual carriageway between McCormicks Road and Atlas Drive.
VIC	Henderson Road Upgrades	Road Investment		14.3	14.3	100%	6.4	0.0	1.4	0.0	7.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Knox City Council	This project will upgrade the Henderson Rd/Kalletts Rd intersection in Rowville, and the Henderson Rd/Ferntree Gully Rd in Knoxfield, Victoria.
VIC	Hume Freeway - O'Herns Road Interchange Upgrade	Road Investment		155.0	50.0	32%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Whittlesea City Council	The project will construct a grade-separated interchange on the Hume Freeway at O'Herns Road in Epping. The Project will also duplicate 1.4 kilometres of O'Herns Road between the Hume Freeway and Cooper Street, and signalise the intersection of Epping Road, Findon Road, High Street and O'Herns Road.
VIC	Isan Road Overpass	Road Investment		114.0	57.0	50%	0.0	2.7	0.0	0.0	2.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Wyndham City Council	The project will construct a four-lane road overpass between Isan Road and Bulban Road intersection to Browns Road in Werribee, Victoria. The overpass will be constructed across the Melbourne-Geelong Railway line extending the road south towards Browns Road and connecting with a section of Isan Road to be constructed by Wyndham City Council.
VIC	Kananook Car Park	Road Investment		22.0	22.0	100%	0.6	0.0	0.0	0.0	0.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Frankston City Council	This project is expected to deliver a three-level multi-deck car park near Kananook Railway Station, and associated works.
VIC	M80 Ring Road Upgrade	Road Investment		1,000.0	500.0	50%	0.7	3.0	0.0	0.0	3.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Brimbank City Council, Hume City Council, Whittlesea City Council, Wyndham City Council	This project will complete the upgrade of the M80 Ring Road by widening and upgrading the following sections: • Sunshine Avenue to Calder Freeway; • Princes Freeway to Western Highway; • Sydney Road to Edgars Road; and • Plenty Road to Greensborough Highway. It will include: • widening the road to provide a minimum of three lanes in each direction and, at some locations, up to six lanes; • modification to existing, and construction of new, ramps and bridges at interchanges, including the interface with the West Gate Tunnel (WGT); • widening and strengthening the EJ Whitten Bridge over the Maribymong River and the installation of safety barriers; • protection/relocation of existing services, stormwater drainage system upgrades, street lighting upgrades, noise attenuation, shared use paths, and other associated works; and • provision of an Intelligent Transport System (ITS) that will be fully integrated with other ITS devices along the length of the M80 corridor. Excluded purposes: Payment of costs for the procurement, management, construction and commissioning of the state funded West Gate Tunnel project beyond those works required to design and construct the interface between the West Gate Tunnel and M80 Ring Road.
VIC	Macedon and Mitchell Shire Roads	Road Investment		11.3	11.0	97%	3.7	0.0	0.0	0.0	3.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Macedon Ranges Shire Council, Mitchell Shire Council	This project will upgrade and improve roads across the Macedon Ranges and Mitchell Shire Council areas. Scope of works will deliver road surface upgrades and improvements, pedestrian upgrades, pavement reconstruction, kerb and channel reconstruction, drainage improvements, new formalised on-street parking spaces, road safety enhancements, landscaping and other associated works. Roads to be upgraded in the Macedon Ranges Shire Council include: Old Lancelfield Road, Woodend, Murphy Street, Romsay, Sutherlands Road, Clarkefield and Fensfield Road, Gisborne. Roads to be upgraded in the Mitchell Shire Council include: Darrawell Road and Wellington Street, Wallan.
VIC	Mallacoota-Genoa Road Upgrade	Road Investment		10.0	10.0	100%	2.0	5.5	2.0	0.0	9.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	East Gippsland Shire Council	This project will provide targeted road safety upgrades on Mallacoota-Genoa Road, including shoulder sealing, sight line improvements, safety barrier installation, line marking and hazard removal.
VIC	Mansfield Shire Council - Widening and Resurfacing of Highton Lane, Rifle Butts Road and Chapel Hill Road	Road Investment - Remote Roads Upgrade Pilot Prog		12.3	9.9	80%	2.0	0.0	0.0	0.0	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Mansfield Shire Council	Upgrades to three multipurpose roads between Mansfield and the intersection of Chapel Hill Road and Mt Buller Road. Proposed upgrades will include widening, resurfacing, drainage improvements, re-alignment, cut and fill, and envelope clearing to improve safety, traffic flow and heavy vehicle access throughout the route.
VIC	Marondah Highway, Coldstream	Road Investment		20.0	20.0	100%	0.0	12.2	6.3	0.0	18.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Yarra Ranges Shire Council	The project will upgrade the Marondah Highway in Coldstream, including additional lanes and installation of traffic lights.
VIC	Melbourne Airport Rail Link	Rail Investment		12,000.0	7,000.0	58%	389.0	866.2	660.0	827.2	2,742.5	1,358.0	1,600.0	1,112.5	116.4	0.0	0.0	4,186.8	In Planning	Brimbank City Council, City of Melbourne, Hume City Council, Maribymong City Council, Moonee Valley City Council	The Melbourne Airport Rail Link will provide a rail service for passengers travelling between Melbourne Airport and the Melbourne CBD.
VIC	Melbourne Intermodal Terminal - Planning and Development	Rail Investment		123.6	61.8	50%	3.3	20.0	20.0	15.7	59.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Melton City Council, Mitchell Shire Council, Whittlesea City Council	Provide funding for the first tranche of scoping and development work for the Western Interstate Freight Terminal and the Outer Metropolitan Ring Rail South. This work will inform future detailed business cases.
VIC	Melbourne Northern Suburbs Rail Upgrades - Planning	Major Project Business Case Fund (Rail)		14.1	7.1	50%	5.0	2.1	0.0	0.0	7.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	The project will deliver a business case to develop and prioritise options for upgrades to Melbourne's northern metropolitan railway lines. This builds on the Victorian Government's earlier work undertaken through the Northern Rail Plan project.
VIC	Melbourne to Mildura - Balleys Road Intersection, Sea Lake	Road Investment		3.0	3.0	100%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Buloke Shire Council	This project will upgrade the intersection of the Calder Highway with Balleys Road at Lake Tyrell near Sea Lake.
VIC	Melbourne to Mildura - Overtaking Lanes	Road Investment		12.5	12.5	100%	10.5	2.0	0.0	0.0	12.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	City of Greater Bendigo, Loddon Shire Council, Mildura Rural City Council	This project will deliver two overtaking lanes on both the north and south bound lanes from Marong to Bridgewater and complete the planning and development activities required for one overtaking lane southbound south of Hattah.
VIC	Melbourne to Mildura - Project Development and Preconstruction	Road Investment		4.4	4.4	100%	1.7	0.0	0.0	0.0	1.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Buloke Shire Council, City of Greater Bendigo, Hume City Council, Loddon Shire Council, Macedon Ranges Shire Council, Mildura Rural City Council, Mount Alexander Shire Council	This project will undertake scoping and development to inform a future program of works for the Melbourne to Mildura corridor.
VIC	Melbourne Western Suburbs Rail Upgrades - Planning	Rail Investment		41.0	20.5	50%	14.0	6.5	0.0	0.0	20.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The project will deliver a business case to develop and prioritise options for upgrades to Melbourne's western metropolitan railway lines. This builds on the Victorian Government's earlier work undertaken through the Western Rail Plan - Further Planning project.
VIC	Melton Line Upgrade	Rail Investment		650.0	325.0	50%	0.0	60.0	128.0	128.0	316.0	9.0	0.0	0.0	0.0	0.0	0.0	9.0	In Planning	Brimbank City Council, Melton City Council	The project will deliver additional platforms at Melton Station and lengthen platforms at Cobblebank, Rockbank, Caroline Springs and Deer Park stations to enable longer nine-car V/Line trains to run on the Melton line. To facilitate the upgrades, a new stabling facility will also be constructed at Cobblebank.
VIC	Mickleham Road Upgrade	Road Investment		228.2	109.5	48%	4.5	0.0	0.0	0.0	4.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Hume City Council	This project will: • Build extra lanes in each direction on Mickleham Road between Somerton Road and Dellamare Boulevard in Greenvale; • Replace the roundabout at the Somerton Road intersection with traffic lights; • Add new traffic lights to the Aitken College intersection; • Upgrade the Hillview Road and Dellamare Boulevard intersections; and • Upgrade existing, and build new walking and cycling paths to improve connectivity. This project will also complete a business case for Stage 2 which will focus from Dellamare Boulevard to Craigieburn Road.
VIC	Midland Highway and Clyde Road Intersection Upgrade	Road Investment		6.5	5.2	80%	0.7	0.0	0.0	0.0	0.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Golden Plains Shire Council	This project will construct a roundabout and associated works at the intersection of the Midland Highway and Clyde Road near Bannockburn, Victoria.
VIC	Midland Link Highway, Midland Highway to Magills Lane Safety Improvements	Road Investment		4.8	3.8	80%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Mansfield Shire Council	This project includes the installation of safety barriers including shoulder sealing, signing and delineation improvements on the Midland Link Highway between the Midland Highway and Magills Lane.
VIC	Monash Freeway Upgrade	Road Investment		1,367.6	683.8	50%	3.8	0.0	0.0	0.0	3.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Cardinia Shire Council, Casey City Council, City of Greater Dandenong, City of Monash	The project will upgrade the Monash Freeway by adding additional lanes from Warigal Road to EastLink, from EastLink to Springvale Road, and between Clyde Road and Cardinia Road. It will also: - extend managed motorway technology from the South Gippsland Freeway to the Beaconsfield interchange - upgrade the Beaconsfield interchange to widen the overpass and add east facing ramps - duplicate and extend O'Shea Road from Clyde Road to the Beaconsfield interchange - build an outbound collector-distributor between Jacksons Road and EastLink - construct a number of other related active and public transport works The project would see the upgrade of approximately 31.3km of road in the Chatsworth-Woorndoo area to 6.5m seal width, improving road safety and accessibility for the local community and boosting productivity for the primary production and transport industries.
VIC	Moyne Shire Council - Chatsworth-Woorndoo Road Upgrade, Chatsworth and Woorndoo	Road Investment - Remote Roads Upgrade Pilot Prog		14.0	11.2	80%	0.1	0.0	0.0	0.0	0.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Moyne Shire Council	This project would see the upgrade of approximately 31.3km of road in the Chatsworth-Woorndoo area to 6.5m seal width, improving road safety and accessibility for the local community and boosting productivity for the primary production and transport industries.
VIC	Murradoc Road Upgrade	Road Investment		5.0	5.0	100%	0.3	0.0	0.0	0.0	0.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	The Greater Geelong City Council	This project will upgrade Murradoc Road in St Leonards.
VIC	Murray Basin Freight Rail Project (Off-Network)	Rail Investment		645.7	408.1	63%	0.0	0.0	16.2	0.0	16.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Ararat Rural City Council, Buloke Shire Council, Central Goldfields Shire Council, Gannawarra Shire Council, Loddon Shire Council, Pyrenees Shire Council, Swan Hill Rural City Council	The project involves improvements to the Murray Basin rail network in north west Victoria aimed at addressing key operational issues, and optimising the standard and broad gauge lines.
VIC	Narre Warren North Road Upgrade	Road Investment		62.2	31.0	50%	1.9	0.0	0.0	0.0	1.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Casey City Council	This project will upgrade Narre Warren North Road between Ernst Wanke and Heatherton Road in Narre Warren North. Upgrades will include: • an additional lane in each direction • upgrades to the Heatherton Road and Ernst Wanke Road intersections • investigating new safety treatments for the Memorial Drive and Crawley Road intersections
VIC	National Network Maintenance (VIC)	Road Investment		396.0	396.0	100%	77.6	79.6	81.6	83.6	322.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Five-year road maintenance works on the National Land Transport Network under the Land Transport Infrastructure Projects 2024-2029 Schedule to the Federation Funding Agreement - Infrastructure.
VIC	Next Generation Rapid Transport for Melbourne's Southeast	Rail Investment		6.0	6.0	100%	6.0	0.0	0.0	0.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City of Monash, Glen Eira City Council, Knox City Council, Stonnington City Council	The project will develop a preliminary business case to investigate transport solutions and corridor options in Melbourne's south-eastern suburbs, linking Caulfield Station to Rowville, via Chadstone Shopping Centre and Monash University's Clayton Campus.
VIC	North East Link	Road Investment		26,210.0	5,000.0	19%	1,138.5	1,462.2	785.5	391.4	3,777.6	248.9	0.0	0.0	0.0	0.0	0.0	248.9	Under Construction	Banyule City Council, City of Boroondara, Manningham City Council, Nilumbik Shire Council, Whitehorse City Council, Yarra City Council	The project will construct a new motorway between the M80 Ring Road at Greensborough and the Eastern Freeway at Bulleen Road. It will also widen and upgrade the existing Eastern Freeway.
VIC	Outer Metropolitan Ring / E6 Corridor - Detailed Business Case	Road Investment		20.0	10.0	50%	0.5	9.0	0.5	0.0	10.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Brimbank City Council, Hume City Council, Macedon Ranges Shire Council, Melton City Council, Mitchell Shire Council, Whittlesea City Council, Wyndham City Council	The Australian and Victorian governments are jointly undertaking a Detailed Business Case to investigate the planning, design development and delivery along Melbourne's Outer Metropolitan Ring and E6 Corridor to support the future construction of this proposed transport link. This new transport link is expected to: *provide accessibility to jobs, education and other social and economic opportunities for residents in new growth corridors. *provide integration and connectivity between planned and existing trade gateways and nationally significant manufacturing and distribution clusters. *create more liveable communities by supporting the delivery of future passenger and freight rail services to Melbourne's north and west and reducing the freight network's overall impact on communities and the environment.
VIC	Outer Metropolitan Ring Rail South	Rail Investment		1,840.0	920.0	50%	0.0	0.0	0.0	0.0	0.0	115.0	215.0	260.0	330.0	0.0	0.0	920.0	In Planning	Melton City Council, Wyndham City Council	This project involves the delivery of the south portion of the OMR rail connection. It will provide a key link from the existing national freight network near Werribee/Little River into the new Western Interstate Freight Terminal in Truganina. The OMR Rail South connection will be delivered in time for the delivery of the Western Interstate Freight Terminal.
VIC	Pakenham Roads Upgrade	Road Investment		415.7	415.7	100%	55.1	41.0	0.0	0.0	96.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Cardinia Shire Council	The project is expected to duplicate Racecourse Road between the Princes Freeway and Henry Street in Pakenham, and upgrade McGregor Road and Racecourse Road interchanges. This includes the signalisation of the intersection at Bald Hill Road, upgrading the Princes Freeway overpass, upgrading the McGregor Road interchange with the Pakenham Bypass, new freeway ramps and the widening of McGregor Road between the northern freeway roundabout and Webster Way.
VIC	Pedestrian and Safer Schools - Regional	Road Investment		6.2	5.0	80%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Alpine Shire Council, City of Greater Bendigo, Colac Otway Shire Council, Glenelg Shire Council, Golden Plains Shire Council, Indigo Shire Council, Latrobe City Council, Southern Grampians Shire Council, The Greater Geelong City Council	This project will install pedestrian safety improvements and electronic speed limit signs across various locations in regional Victoria.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
VIC	Pedestrian and Safer Schools - Urban	Road Investment		11.3	5.6	50%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Baw Baw Shire Council, Cardinia Shire Council, Colac Otway Shire Council, Golden Plains Shire Council, Macedon Ranges Shire Council, Mitchell Shire Council, Mornington Peninsula Shire Council, South Gippsland Shire Council, Surf Coast Shire, The Greater Geelong City Council	The Pedestrian and Safer Schools - Urban Tranche 2 will install pedestrian safety improvements and electronic speed limit signs across various locations in Melbourne.
VIC	Plymouth Road improvements	Road Investment		4.4	4.4	100%	0.1	0.0	0.0	0.0	0.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Maroondah City Council	The Project will upgrade the Plymouth Road and Kirtain Drive Intersection, formalise two lanes in each direction between Narr-Maen Drive and Yarra Road and install right turn lane detector loops at Golden Ridge Drive and the primary school access point.
VIC	Port Rail Shuttle	Rail Investment		140.0	38.0	27%	6.0	0.7	3.0	0.0	9.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City of Greater Dandenong, City of Melbourne, Hobsons Bay City Council, Hume City Council	To fund the construction of rail infrastructure on public land at Altona, Somerton and Dandenong South to support the delivery of port rail shuttles serving the Port of Melbourne.
VIC	Princes Highway - VIC	Road Investment	Princes Highway - VIC	363.4	322.9	89%	54.5	30.2	19.5	12.7	116.8	0.4	0.0	68.1	66.9	0.0	0.0	135.4	In Progress	Not applicable / allocated	Projects along the Princes Highway Corridor in Victoria, between the intersection of Princes Margaret Road Caves Road & Princes Highway on the VIC/SA Border, and the intersection on the Sandy Waterholes Road and Princes Highway on the VIC/NSW Border.
VIC	Princes Highway Corridor Unallocated	Road Investment	Princes Highway - VIC																Unallocated		
VIC	Princes Highway Corridor Upgrades	Road Investment	Princes Highway - VIC																In Planning	Baw Baw Shire Council, Latrobe City Council	The project will deliver upgrades to the Princes Highway, including bridge strengthening works for High Productivity Freight Vehicles movements at seven sites between Longwarry and Morwell, including Buln Buln Road, King Street, Morwell River, and Tramway Road Overpass. The project will also deliver the installation of a roundabout for Maffra-Sale Road, Myrtlebank-Fulham Road and Myrtlebank Roads on the Sale Alternative Truck Route.
VIC	Princes Highway East - Bairnsdale Median Shared-Pathway from Bairnsdale-Dargo Road to Forge Creek Road	Road Investment	Princes Highway - VIC																Closed	East Gippsland Shire Council	This project is Stage 1 of a shared path project through the Bairnsdale town centre to Bairnsdale's western end. The scope of this stage comprises construction of shared path in the wide median of the Princes Highway from Bairnsdale-Dargo Road to Forge Creek Road.
VIC	Princes Highway East - Bairnsdale-Dargo Road Intersection	Road Investment	Princes Highway - VIC																In Planning	East Gippsland Shire Council	The project will signalise the Bairnsdale-Dargo Road intersection, deliver an additional left-turn slip lane from Dargo Road into the Princes Highway and link new traffic signals with boom gates at the adjacent rail crossing.
VIC	Princes Highway East - Bridge and major structure treatments to 23 critical sites	Road Investment	Princes Highway - VIC																Closed	East Gippsland Shire Council, Wellington Shire Council	This project will conduct bridge and major structure periodic treatments to 23 critical sites on the Princes Highway Corridor in the eastern region of Victoria.
VIC	Princes Highway East - Bridge Strengthening at Bunyip River, Longwarry	Road Investment	Princes Highway - VIC																Completed	Baw Baw Shire Council, Cardinia Shire Council	This project will upgrade the bridge over the Bunyip River on the Princes Highway at Longwarry.
VIC	Princes Highway East - Bridge Strengthening of Stirling Bridge at Lavers Creek on Myrtlebank-Fulham Road, Sale	Road Investment	Princes Highway - VIC																Completed	Wellington Shire Council	This project will strengthen the Stirling Bridge over Lavers Creek on Myrtlebank-Fulham Road as part of the Princes Highway East Sale Alternative Truck Route.
VIC	Princes Highway East - Bridge Strengthening of Thomson Bridge on Myrtlebank-Fulham Road, Sale	Road Investment	Princes Highway - VIC																Completed	Wellington Shire Council	This project will strengthen the bridge over the Thomson River on Myrtlebank-Fulham Road as part of the Princes Highway East Sale Alternative Truck Route.
VIC	Princes Highway East - Development Works	Road Investment	Princes Highway - VIC																In Progress	Not applicable / allocated	This project will undertake development works on the Princes Highway East to inform future projects.
VIC	Princes Highway East - Lakes Entrance East - Princes Highway Safety Upgrades	Road Investment	Princes Highway - VIC																In Planning	East Gippsland Shire Council	This project will provide safety upgrades on the Princes Highway in Lakes Entrance East.
VIC	Princes Highway East - Lakes Entrance West - Princes Highway Safety Upgrades	Road Investment	Princes Highway - VIC																Under Construction	East Gippsland Shire Council	This project will provide safety upgrades on the Princes Highway in Lakes Entrance West.
VIC	Princes Highway East - Lloyd Street (Moe-Glenangary Road) and Waterloo Road Intersection Upgrade, Moe	Road Investment	Princes Highway - VIC																In Planning	Latrobe City Council	This project will upgrade the intersection of Lloyd Street (also known as Moe-Glenangary Road) and Waterloo Road, and undertake upgrades to associated road/rail interfaces.
VIC	Princes Highway East - Pavement Strengthening at various locations between New South Wales border and Stratford	Road Investment	Princes Highway - VIC																Completed	East Gippsland Shire Council, Wellington Shire Council	This project will upgrade road pavement in seven key locations between the New South Wales Border and Stratford.
VIC	Princes Highway East - Princes Highway and Bank Street Intersection Upgrade, Traralgon	Road Investment	Princes Highway - VIC																Under Construction	Latrobe City Council	This project will signalise and upgrade pedestrian facilities at the intersection of the Princes Highway East and Bank Street in Traralgon.
VIC	Princes Highway East - Princes Highway and Breed Street Intersection Upgrade, Traralgon	Road Investment	Princes Highway - VIC																Completed	Latrobe City Council	This project will upgrade the intersection of the Princes Highway East and Breed Street in Traralgon.
VIC	Princes Highway East - Princes Highway and Grey Street Intersection Upgrade, Traralgon	Road Investment	Princes Highway - VIC																Closed	Latrobe City Council	This project will upgrade the intersection of the Princes Highway East and Grey Street in Traralgon.
VIC	Princes Highway East - Princes Highway and Kosciuszko Street Intersection Upgrade, Traralgon	Road Investment	Princes Highway - VIC																Under Construction	Latrobe City Council	This project will upgrade traffic signals and pedestrian access routes around the Princes Highway East, Kosciuszko Street intersection and the Gippsland Rail Line.
VIC	Princes Highway East - Princes Highway and McEacham Street Intersection Upgrade, Bairnsdale	Road Investment	Princes Highway - VIC																Completed	East Gippsland Shire Council	This project will construct a roundabout and upgrade the highway at the intersection of the Princes Highway and McEacham Street in East Bairnsdale.
VIC	Princes Highway East - Princes Highway and Rollo Street Intersection Upgrade, Yarragon	Road Investment	Princes Highway - VIC																Closed	Baw Baw Shire Council	This project upgraded the intersection of the Princes Highway and Rollo Street in Yarragon, Victoria. The upgrades have provided safety improvements for right turning traffic.
VIC	Princes Highway East - Robin Hood Interchange Upgrade, Drouin	Road Investment	Princes Highway - VIC																Closed	Baw Baw Shire Council	This project delivered new street lighting and supporting infrastructure to the off-ramps and on-ramps at the interchange of Princes Highway and Princes Freeway in Drouin, Victoria.
VIC	Princes Highway West - Asphalt surfacing and intersection strengthening at various locations in Terang and Camperdown	Road Investment	Princes Highway - VIC																Completed	Corangamite Shire Council, Moynie Shire Council	This project will undertake asphalt surfacing works and intersection strengthening at Terang and Camperdown.
VIC	Princes Highway West - Blue Church Intersection Upgrade	Road Investment	Princes Highway - VIC																In Planning	Colac Otway Shire Council, Corangamite Shire Council	This project will upgrade the intersection of the Princes Highway West with Timboon-Colac Road and Nalangi Road at Pirron Yallock west of Colac.
VIC	Princes Highway West - Bridge Upgrade Fitzroy River, Tyrendarra	Road Investment	Princes Highway - VIC																Closed	Glenelg Shire Council	This project will upgrade the bridge over the Fitzroy River on the Princes Highway West at Tyrendarra.
VIC	Princes Highway West - Bridge Upgrade Glenelg River, Dartmoor	Road Investment	Princes Highway - VIC																In Planning	Glenelg Shire Council	This project will upgrade the bridge over the Glenelg River on the Princes Highway West at Dartmoor.
VIC	Princes Highway West - Bridge Upgrade Merri River, Dennington	Road Investment	Princes Highway - VIC																Completed	City of Warrnambool	This project will upgrade the bridge over the Merri River on the Princes Highway West at Dennington.
VIC	Princes Highway West - Bridge Upgrade Mount Emu Creek, Panmure	Road Investment	Princes Highway - VIC																Under Construction	Moynie Shire Council	This project will upgrade the bridge over the Mount Emu Creek on the Princes Highway West at Panmure.
VIC	Princes Highway West - Bridge Upgrade Moynie River, Rosebrook	Road Investment	Princes Highway - VIC																Completed	Moynie Shire Council	This project will upgrade the bridge over the Moynie River on the Princes Highway West at Rosebrook.
VIC	Princes Highway West - Bridge Upgrade Port Fairy North	Road Investment	Princes Highway - VIC																Completed	Moynie Shire Council	This project will upgrade the bridge over the Port Fairy North Main Drain, south of Albert Road.
VIC	Princes Highway West - Bridge Upgrade Shaw River, Yambuk	Road Investment	Princes Highway - VIC																In Planning	Moynie Shire Council	This project will upgrade the bridge over the Shaw River on the Princes Highway West at Yambuk.
VIC	Princes Highway West - Bridge Upgrade Surrey River, Narrawong	Road Investment	Princes Highway - VIC																Completed	Glenelg Shire Council	This project will upgrade the bridge over the Surrey River on the Princes Highway West at Narrawong.
VIC	Princes Highway West - Bridge Upgrade Warrnambool-Geelong Rail Line, Allansford	Road Investment	Princes Highway - VIC																In Planning	Moynie Shire Council	This project will upgrade the bridge over the Warrnambool-Geelong rail line at Allansford.
VIC	Princes Highway West - Bridge Upgrade Warrnambool-Geelong Rail Line, Weerite	Road Investment	Princes Highway - VIC																In Planning	Corangamite Shire Council	This project will upgrade the bridge over the Warrnambool-Geelong rail line at Weerite.
VIC	Princes Highway West - Bridge Upgrade Warrnambool-Port Fairy Rail Line, Dennington	Road Investment	Princes Highway - VIC																In Planning	City of Warrnambool, Moynie Shire Council	This project will upgrade the bridge over the Warrnambool-Port Fairy Rail Line at Dennington, near Drummond Street.
VIC	Princes Highway West - Development Works	Road Investment	Princes Highway - VIC																In Progress	Not applicable / allocated	This project will undertake development works on the Princes Highway West to inform future projects.
VIC	Princes Highway West - Overtaking Lane at Tyrendarra (Westbound)	Road Investment	Princes Highway - VIC																Completed	Moynie Shire Council	This project will construct a westbound overtaking lane on the Princes Highway West at Tyrendarra.
VIC	Princes Highway West - Overtaking Lane at Yambuk (Westbound)	Road Investment	Princes Highway - VIC																Completed	Moynie Shire Council	This project will construct a westbound overtaking lane on the Princes Highway West at Yambuk.
VIC	Princes Highway West - Overtaking Lane East of Terang (Westbound)	Road Investment	Princes Highway - VIC																In Planning	Corangamite Shire Council	This project will construct a westbound overtaking lane on the Princes Highway east of Terang.
VIC	Princes Highway West - Overtaking Lane West of Terang (Eastbound)	Road Investment	Princes Highway - VIC																In Planning	Corangamite Shire Council	This project will construct an eastbound overtaking lane on the Princes Highway west of Terang.
VIC	Princes Highway East - Complete the Duplication between Traralgon and Sale	Road Investment		292.2	233.7	80%	1.1	0.0	0.0	0.0	1.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Latrobe City Council, Wellington Shire Council	This project will complete the duplication of the Princes Highway East between Traralgon and Sale by duplicating the remaining two sections of the highway, totalling approximately 12.1 kilometres, known as the Flynn and Kilmany sections.
VIC	Princes Highway East - Marine Parade Improvement Works, Lakes Entrance	Road Investment		2.1	1.8	83%	0.6	0.0	0.0	0.0	0.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	East Gippsland Shire Council	The project will provide safety improvements and an intersection upgrade along Marine Parade in Lakes Entrance, Victoria.
VIC	Princes Highway East - Traralgon to Sale Duplication	Road Investment		260.0	210.0	81%	8.9	0.0	0.0	0.0	8.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Latrobe City Council, Wellington Shire Council	The project will duplicate approximately 30.9 kilometres of the 47.3 kilometres between Maffra Road, Traralgon and Reeve Street, Sale. The project will construct two additional lanes to provide a four lane dual carriageway with a central median, construct new and upgrade existing bridges, roundabouts and truck stops, upgrade and signalise intersections and install safety barriers and ramp metering. The project will be delivered in the following sections: - Traralgon-Maffra Road to Stammers Road - Stammers Road to Minnieedale Road - Minnieedale Road to Sheepwash Creek Road - Flynn Creek Road to Byes Lane - Denison Road to Nambrook Road - Nambrook Road to Maffra-Rosedale Road - Sale-Cowwarr Road to Sale Heyfield Road - Sale Heyfield Road to Reid Drive - Reid Drive to Reeve Street
VIC	Princes Highway Intersection Upgrades - Pakenham to Beaconfield	Road Investment		35.6	23.6	66%	3.5	1.4	1.0	0.0	5.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Cardinia Shire Council	This funding will upgrade five intersections on the Princes Highway between Pakenham and Beaconfield.
VIC	Princes Highway West - Winchelsea to Colac Duplication	Road Investment		337.5	168.7	50%	2.0	0.0	0.0	0.0	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Colac Otway Shire Council, Surf Coast Shire	The Project will duplicate 35 kilometres of the Princes Highway West from Deans Marsh Road, Winchelsea to Baillie Street, Colac, and rehabilitate 2 kilometres from Baillie Street, Colac to Corangamite Street, Colac. The Project will also upgrade existing bridges, pedestrian and bicycle paths, install new traffic signals and parking bays, reinstate local access and grade separate the Geelong-Warrnambool Rail Line near Warrnacourt.
VIC	Regional Level Crossing Upgrade Fund - VIC	Road Investment		64.0	32.0	50%	15.5	12.0	0.0	0.0	27.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	- Upgrade of 5 regional railway level crossings as previously agreed under Round 1 of the Regional Level Crossing Fund. - Upgrade of 32 regional railway crossings as listed in the Victoria Round 2 Project Proposal Report.
VIC	Road Blitz	Road Investment		1,200.0	1,000.0	83%	50.5	89.8	261.0	278.8	680.0	215.0	55.0	50.0	0.0	0.0	0.0	320.0	In Planning	Baw Baw Shire Council, Cardinia Shire Council, Casey City Council, City of Greater Dandenong, Frankston City Council, Hobsons Bay City Council, Hume City Council, Kingston City Council, Knox City Council, Manningham City Council, Maroondah City Council, Melton City Council, Mitchell Shire Council, Wyndham City Council	This project will create a new package of works to increase capacity and improve efficiency in Melbourne's suburbs and surrounds.
VIC	Road Safety Program additional funding - VIC	Road Investment		503.9	251.9	50%	60.0	161.9	0.0	0.0	221.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	Projects delivered under the Program will enable road safety infrastructure treatments to reduce fatal and serious injury crashes on Victorian roads. Treatments may include safety barriers, audio tactile line marking, intersection upgrades, sealing of road shoulders, and pedestrian and cycleway improvements.
VIC	Safety Barriers between Seymour and Shepparton	Road Investment		35.0	28.0	80%	4.1	0.0	0.0	0.0	4.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City of Greater Shepparton, Mitchell Shire Council, Strathbogie Shire Council	This project will install 175km of flexible safety barriers on the Goulburn Valley Highway between Seymour and Shepparton.
VIC	Shepparton Rail Line Upgrade - Stage 3	Rail Investment		414.2	331.4	80%	34.1	10.2	11.7	0.0	56.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City of Greater Shepparton, Mitchell Shire Council, Strathbogie Shire Council	This project will upgrade the Shepparton Rail Line between Seymour and Shepparton in Victoria. Works will include track and signalling upgrades, expansion of stabling facilities at Shepparton Station, and the expansion of the Murchison East crossing loop. The works will allow Vlocity trains to operate at maximum running speeds between Shepparton and Melbourne and enable the implementation of an updated timetable with more frequent and conveniently timed services.
VIC	South Geelong to Waurn Ponds - Stage 3 Business Case	Major Project Business Case Fund (Rail)		8.0	4.0	50%	4.0	0.0	0.0	0.0	4.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	The Greater Geelong City Council	The project will undertake preliminary planning and design work to increase the capacity of the Geelong Rail Tunnel between Geelong Station and South Geelong Station.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
VIC	South Geelong to Waurn Ponds Duplication	Rail Investment		933.6	784.1	84%	0.0	11.3	0.0	0.0	11.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	The Greater Geelong City Council	The Project will upgrade the Geelong rail line between South Geelong and Waurn Ponds, Victoria. Works will include track duplication between South Geelong and Waurn Ponds, upgrades to South Geelong and Marshall stations, removal of two level crossings at Fyans Street and Surf Coast Highway, signalling upgrades and construction of new shared user paths.
VIC	South Gippsland Highway - Koonwarra Realignment	Road Investment		115.2	57.6	50%	5.0	0.0	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	South Gippsland Shire Council	The project will realign the South Gippsland Highway from Old Koonwarra-Meenyan Road to Minns Road. The project will also widen shoulders and install flexible safety barriers at selected locations between Meenyan and Yarram.
VIC	Suburban Rail Loop East	Rail Investment		14,000.0	2,200.0	16%	800.0	800.0	600.0	0.0	2,200.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City of Monash, Kingston City Council, Whitehorse City Council	SRL East is the first section of the Suburban Rail Loop (SRL), delivering twin tunnels with six underground stations at Cheltenham, Clayton, Monash, Burwood, Glen Waverley and Box Hill – connecting Victorians to key employment and health precincts across east and south-east Melbourne.
VIC	Suburban Roads Upgrades - South Eastern Roads and Northern Roads	Road Investment		3,143.3	1,577.4	50%	180.0	180.0	77.3	0.0	437.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Cardinia Shire Council, Casey City Council, City of Greater Dandenong, Frankston City Council, Hume City Council, Manningham City Council, Nillumbik Shire Council, Whittlesea City Council	This project involves the upgrade of 12 suburban roads in Melbourne's South East and Northern suburbs. The upgrades will include road duplications including new bridges; intersection upgrades including roundabout conversion to signalised intersections; and the provision of share user paths and continuous safety barrier along the project length.
VIC	Surf Coast Highway, Reserve Road, Felix Street Intersection Improvements	Road Investment		5.0	2.5	50%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	The Greater Geelong City Council	This project will upgrade the intersection of the Surf Coast Highway at Reserve Road and Felix Street, including signalisation and associated works.
VIC	Thompson Road, North Geelong	Road Investment		5.0	4.0	80%	0.8	0.0	0.0	0.0	0.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	The Greater Geelong City Council	This project will deliver road safety improvements along the Thompson Road corridor in North Geelong.
VIC	Thompsons Road and Berwick-Cranbourne Road Intersection Upgrade	Road Investment		83.5	41.8	50%	25.0	9.7	7.1	0.0	41.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Casey City Council	The project will upgrade the intersection of Thompsons and Berwick-Cranbourne roads in Clyde North.
VIC	Toowoomba to Seymour - Victoria - Project Scoping and Development	Road Investment		3.0	3.0	100%	0.6	0.0	0.0	0.0	0.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City of Greater Shepparton, Mitchell Shire Council, Moira Shire Council, Strathbogie Shire Council	This project will undertake scoping work to develop a prioritised program of works for future tranches on the Goulburn Valley Highway.
VIC	Unallocated Rail VIC	Rail Investment		8.4	8.4	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	8.4	0.0	0.0	0.0	8.4	Not Started	Not applicable / allocated	Unallocated.
VIC	Unallocated Road VIC	Road Investment		18.1	18.1	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	18.1	0.0	0.0	0.0	18.1	Not Started	Not applicable / allocated	Unallocated.
VIC	Uralla Road and Nepean Highway Intersection Upgrade	Road Investment		10.5	10.5	100%	0.0	7.0	3.0	0.0	10.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Mornington Peninsula Shire Council	This funding will undertake works to upgrade the Uralla Road and Nepean Highway intersection at Mount Martha. These works include the installation of traffic signals, intersection widening, road pavement upgrades and improved safety features.
VIC	Various Rural Intersection Safety Upgrades	Road Investment		23.4	18.7	80%	5.1	0.0	0.0	0.0	5.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Alpine Shire Council, Bass Coast Shire Council, Benalla Rural City Council, Campaspe Shire Council, City of Greater Bendigo, City of Greater Shepparton, East Gippsland Shire Council, Mansfield Shire Council, Moira Shire Council, Rural City of Wangaratta, The Greater Geelong City Council, Wellington Shire Council	This project will deliver targeted safety treatments at 30 high-speed and high-risk intersections in regional Victoria.
VIC	Warrnambool Rail Line Upgrade - Stage 2	Rail Investment		281.1	224.9	80%	37.8	8.8	0.0	0.0	46.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City of Warrnambool, Colac Otway Shire Council, Corangamite Shire Council, Moyne Shire Council, Surf Coast Shire, The Greater Geelong City Council	This project will expand stabling and refueling facilities at Warrnambool Station, upgrade siding facilities at the Dennington intermodal terminal, upgrade 57 level crossings between Geelong and Warrnambool and deliver associated enabling works.
VIC	Watson Street Interchange Upgrade, Wallan	Road Investment		175.0	90.0	51%	18.0	31.0	0.9	0.0	49.9	9.0	0.0	0.0	0.0	0.0	0.0	9.0	In Planning	Hume City Council, Mitchell Shire Council, Whittlesea City Council	Upgrade the Hume Freeway and Watson Street interchange to include two south facing entry and exit ramps to the Hume Freeway, Wallan, improve the pavement on Watson Street between the Northern Highway and the Hume Freeway, and upgrade the Northern Highway and Watson Street intersection.
VIC	Wendouree Station - Local Traffic Calming	Road Investment		1.3	1.0	77%	0.1	0.0	0.0	0.0	0.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City of Ballarat	This project will deliver traffic calming initiatives, upgrades to pedestrian infrastructure and associated works around Wendouree Station in Ballarat.
VIC	Werribee Main Road – Princes Freeway Interchange Upgrade	Road Investment		250.0	63.9	26%	0.0	0.0	42.6	15.0	57.6	0.0	6.3	0.0	0.0	0.0	0.0	6.3	In Planning	Wyndham City Council	This project will upgrade the Princes Freeway and Werribee Main Road interchange. The Werribee Main Road interchange links to the Isom Road Overpass, a jointly committed project currently in delivery.
VIC	Western Freeway between Woodmans Hill to Dowling Road, Miners Rest Safety Improvements	Road Investment		10.0	8.0	80%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City of Ballarat	This project will deliver safety upgrades to the Western Freeway between Woodmans Hill and Miners rest near Ballarat, Victoria.
VIC	Western Freeway realignment at Pykes Creek (Ballarat bound)	Road Investment		21.0	14.6	69%	0.0	12.0	2.6	0.0	14.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Moorabool Shire Council	This project will realign Western Freeway, Ballarat bound at Pykes Creek. This project will realign a 1.1 kilometre section of the westbound carriageway of the Western Freeway at Pykes Creek, east of Ballarat. The works will include earthworks, pavement and drainage upgrades, signage and line marking, and safety barrier installation.
VIC	Western Freeway Upgrade between Melton and Caroline Springs - Business Case	Road Investment		20.0	10.0	50%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Melton City Council	Funding for development of a business case exploring investment options along the Western Highway between Caroline Springs and Melton.
VIC	Western Highway	Road Investment	Western Highway	2,465.7	2,097.9	85%	39.7	254.5	114.3	128.8	537.3	30.1	35.0	540.0	504.0	0.0	0.0	1,109.1	In Progress	Not applicable / allocated	Projects along the Western Highway Corridor in Victoria, between Western Ring Road, Derimut, and the Dukes Highway on the VIC/SA Border.
VIC	Horsham Junction Upgrade	Road Investment	Western Highway																Under Construction	Horsham Rural City Council	This project will construct a roundabout at the intersection of the Henry Highway/Western Highway/ Golf Course Road in Horsham.
VIC	Sandy Street Intersection Upgrade	Road Investment	Western Highway																Completed	Northern Grampians Shire Council	This project will signalise the intersection of the Western Highway and Seaby Street in Stawell
VIC	Stawell to South Australian Border - Nhill-Jeparit Road Intersection Upgrade	Road Investment	Western Highway																Completed	Hindmarsh Shire Council	This project will realign the Western Highway at Nhill to increase the distance between the highway and nearby railway line.
VIC	Stawell to South Australian Border - Project Scoping and Development	Road Investment	Western Highway																In Progress	Hindmarsh Shire Council, Horsham Rural City Council, Northern Grampians Shire Council, West Wimmera Shire Council	This project will undertake scoping work to develop a prioritised program of future projects on the Western Highway.
VIC	Western Freeway and Brewery Tap Road Intersection Upgrade	Road Investment	Western Highway																Not Started	City of Ballarat	The project will deliver planning and early works to upgrade the Western Freeway and Brewery Tap Road intersection in Warrenheip, Victoria.
VIC	Western Highway - Ballarat to Stawell Duplication	Road Investment	Western Highway																Under Construction	Ararat Rural City Council, City of Ballarat, Northern Grampians Shire Council, Pyrenees Shire Council	The Project will complete planning for the 110 kilometres from Ballarat to Stawell, excluding bypasses at Beaufort and Ararat, and duplicate 68.4 kilometres from the Sunraysia Highway, Ballarat to Warratyatin Road, Ararat including new bypasses of Trawalla and Buangor. Construction will occur in five sections. Section 1a – Ballarat to Burrumbeet, 8.1 kilometres from the Sunraysia Highway to Carpenter Road, Section 1b – Burrumbeet to Trawalla, 23.5 kilometres from Carpenter Road to Smiths Lane, Section 1c – Trawalla to Beaufort, 2.9 kilometres from Smiths Lane to Beaufort-Campham Road, Section 2a – Beaufort to Buangor, 21.5 kilometres from McKinnon Lane to Pope Road and Section 2b – Buangor to Ararat, 12.4 kilometres from Pope Road to Warratyatin Road. The Project will also construct new and upgrade existing intersections, bridges and culverts, construct new rest areas, rehabilitate local access roads and install variable message signs at selected locations.
VIC	Western Highway - Complete the Duplication Between Ballarat and Stawell	Road Investment	Western Highway																In Planning	Ararat Rural City Council, Northern Grampians Shire Council	This project will complete the duplication of the Western Highway between Ballarat to Stawell by duplicating the remaining section from Ararat to Stawell.
VIC	Western Highway - Stawell to SA Border Upgrade	Road Investment	Western Highway																Closed	Hindmarsh Shire Council, Horsham Rural City Council, Northern Grampians Shire Council, West Wimmera Shire Council	The project will upgrade the Western Highway between Stawell and the South Australian border.
VIC	Western Highway Corridor Bridge Upgrades	Road Investment	Western Highway																In Planning	Hindmarsh Shire Council, Horsham Rural City Council	The project will deliver bridge strengthening upgrades on two bridges along the Western Highway, between Stawell and the South Australia border, to support Hight Productivity Freight Vehicles. This includes upgrades to the Dimboola Bridge over the Melbourne-Adelaide Railway Line and Dadswells Bridge over the Mt William Creek Floodplain.
VIC	Western Highway Corridor Unallocated	Road Investment	Western Highway																In Planning	Not applicable / allocated	Unallocated.
VIC	Western Port Highway Upgrade	Road Investment		115.0	57.5	50%	4.5	0.0	0.0	0.0	4.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Casey City Council, Frankston City Council	This project will upgrade two intersections on the Western Port Highway in outer south-east Melbourne. The project will upgrade the roundabouts at the intersections of Ballarto Road and Cranbourne-Frankton Road with traffic lights.
VIC	Wollert Rail Feasibility Study	Rail Investment		0.5	0.3	50%	0.3	0.0	0.0	0.0	0.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Whittlesea City Council	Study to consider better transport options for the City of Whittlesea with connections to Epping North and Wollert being considered.
VIC	Yarra Boulevard Upgrade	Road Investment		7.0	7.0	100%	0.0	1.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City of Boroondara	The project will upgrade Yarra Boulevard in Kew, Victoria.
QLD	Angus Smith Drive Upgrade	Road Investment		60.0	30.0	50%	0.0	0.0	0.0	5.0	5.0	10.0	15.0	0.0	0.0	0.0	0.0	25.0	In Planning	Townsville City Council	The Project will upgrade the existing intersection on Angus Smith Drive to improve access and traffic flow to and from James Cook University and the Townville University Hospital. The Project may include the installation of traffic lights or a roundabout to improve traffic and reduce traffic congestion.
QLD	Arcadia Valley Road Upgrade	Road Investment		6.0	4.8	80%	4.6	0.2	0.0	0.0	4.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Maranoa Regional Council	This project includes pavement rehabilitation and widening on Arcadia Valley Road.
QLD	Artilley Road and Greenlake Road Upgrades	Road Investment		7.7	6.2	80%	6.2	0.0	0.0	0.0	6.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Livingstone Shire Council	Various upgrades for Artilley Road and Greenlake Road, including pavement widening and floodway upgrades.
QLD	Banana Shire Council - Cracow Road Upgrade, Cracow	Road Investment - Remote Roads Upgrade Pilot Prog		4.1	3.3	80%	1.7	0.0	0.0	0.0	1.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed		

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects																						
Projects reflect profiles as at 2025-26 MYEFO.																						
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.																						
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).																						
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.																						
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.																						
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).																						
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.																						
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.																						
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.																						
Completed projects are included where final payments are to be made (awaiting project closure report).																						
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

QLD	Bruce Highway - Rockhampton Ring Road - Plan and Preserve Corridor	Road Investment		35.5	28.4	80%	2.0	0.0	0.0	0.0	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Rockhampton Regional Council	Undertake scoping and development activities to inform the design and construction of the Rockhampton Ring Road.	
QLD	Bruce Highway Central	Road Investment	Bruce Highway Central	1,958.4	1,566.8	80%	26.2	61.5	110.4	133.8	331.9	150.6	150.0	120.1	50.0	50.0	60.2	581.0	In Progress	Not applicable / allocated	The Bruce Highway Central corridor is broadly along the National Land Transport Network in Queensland between Gladstone to below Bowen. There are currently 9 projects in the corridor and 1 unallocated funding item: - Bruce Highway - Mackay Northern Access Upgrade - Bruce Highway - Mackay Ring Road - Stage 1 - Bruce Highway - Rockhampton Northern Access Upgrade - Bruce Highway - Jumper Creek Upgrade - Bruce Highway - Goorganga Plains Upgrade - Plan and Preserve Corridor - Bruce Highway - Knobels Road Intersection Upgrade - Bruce Highway - Mackay Port Access - Slade Point Road - Bruce Highway - Goorganga Floodplain Upgrade - Bruce Highway - Gladstone to Rockhampton upgrades - Bruce Highway - Central Corridor Unallocated	
QLD	Bruce Highway - Central Corridor Unallocated	Road Investment	Bruce Highway Central																Not Started	Not applicable / allocated	Unallocated.	
QLD	Bruce Highway - Gladstone to Rockhampton upgrades	Road Investment	Bruce Highway Central																Under Construction	Gladstone Regional Council, Rockhampton Regional Council	The project will deliver priority upgrades on the Bruce Highway on the section between Gladstone and Rockhampton.	
QLD	Bruce Highway - Goorganga Floodplain Upgrade	Road Investment	Bruce Highway Central																In Planning	Whitsunday Regional Council	Improve Road immunity over the Goorganga Floodplain from north of the O'Connell River to south of Prosperpine and construct northbound and southbound overtaking lanes with a divided carriageway configuration.	
QLD	Bruce Highway - Goorganga Plains Upgrade - Plan and Preserve Corridor	Road Investment	Bruce Highway Central																In Progress	Whitsunday Regional Council	Plan for a future construction project that will improve the flood immunity and reliability of 11km of the Bruce Highway, including improved crossings of Thompson, Goorganga, Deadmans and Lethe Brook Creeks.	
QLD	Bruce Highway - Jumper Creek Upgrade	Road Investment	Bruce Highway Central																Completed	Mackay Regional Council	The Project involves upgrading the flood immunity of 900m of the Bruce Highway, near Jumper Creek, in between Pindi Pindi and Calen. The development works will include completing the detailed design, land resumptions and environmental clearances, and commencing Public Utility relocations. The delivery works will include raising the road level and installing Wide Centre Line Treatments and guardrails.	
QLD	Bruce Highway - Knobels Road Intersection Upgrade	Road Investment	Bruce Highway Central																Completed	Mackay Regional Council	This project will upgrade a 1.1km section of the Bruce Highway, at the intersection of Knobels Road and Nebia Coningsby Road. Works will include reconfiguration of the intersection layout, pavement widening, installation of street lighting, and correcting the road surface to reduce water pondage.	
QLD	Bruce Highway - Mackay Northern Access Upgrade	Road Investment	Bruce Highway Central																Closed	Mackay Regional Council	The project involves upgrading 4 kilometres of the Bruce Highway from Sans Road to Bald Hill Road, including six laning between Sans Road and Mackay-Buccasia Road, and four laning the Bruce Highway from between Mackay-Buccasia Road to Bald Hill Road; two new bridge overpasses of Davey Street, construction of a new duplicate two-lane bridge at James Creek and widening of the existing bridge to create four lanes, construction of a new bridge over the Port Access Rail line, various roundabout and intersection upgrades and the extension of existing and addition of new turning lanes.	
QLD	Bruce Highway - Mackay Port Access - Slade Point Road	Road Investment	Bruce Highway Central																In Planning	Mackay Regional Council	Construct a new connection between the Bruce Highway at Grenella and Harbour Road at the Port of Mackay.	
QLD	Bruce Highway - Mackay Ring Road - Stage 1	Road Investment	Bruce Highway Central																Completed	Mackay Regional Council	Construct a ring road in Mackay between Stockroute Road and the intersection of the Bruce Highway and Bald Hill Road. The project also includes early works for Bruce Highway - Mackay Port Access - Slade Point Road. This includes concept designs and construction of two new underpass bridges and entry and exit ramps to connect the two projects with the co-located Mackay Northern Access Upgrade.	
QLD	Bruce Highway - Rockhampton Northern Access Upgrade	Road Investment	Bruce Highway Central																Closed	Rockhampton Regional Council	The project involves the duplication of the Bruce Highway over a 4.9 kilometre length to deliver a four-lane divided highway from the Rockhampton-Yeppoon Road intersection to Ramsay Creek Bridge, including northbound two-lane bridge at Limestone Creek, pedestrian/cycle bridge at Limestone Creek, upgraded intersections, new road connections between Boundary Road south and north, and the construction of on-road cycle facilities.	
QLD	Bruce Highway North	Road Investment	Bruce Highway North	2,094.0	1,674.0	80%	73.1	12.6	35.3	60.8	181.7	42.7	43.3	35.0	35.0	50.8	0.0	206.8	In Progress	Not applicable / allocated	The Bruce Highway North corridor is broadly along the National Land Transport Network in Queensland between Bowen and Cairns. There are currently 16 projects in the corridor: - Bruce Highway - Babinda Intersection Upgrade - Bruce Highway - Burdekin Bridge - Bruce Highway - Burdekin Deviation - Plan and Preserve Corridor - Bruce Highway - Cairns Southern Access - Stage 3 - Edmonton to Gordonvale - Bruce Highway - Cairns Southern Access - Stage 5 - Bruce Highway - Cairns Southern Access Corridor - Stage 2 - Robert Road to Foster Road - Bruce Highway - Cairns Southern Access Corridor - Stage 4 - Kate to Aumuller - Bruce Highway - Dallachy Road Flood Immunity Upgrade - Bruce Highway - Gairloch Floodway - Improved flood immunity - Bruce Highway - Houghton River Floodplain Upgrade - Bruce Highway - Ingham to Cardwell Range Deviation - Plan and Preserve Corridor - Bruce Highway - Innisfail Bypass - Plan and Preserve Corridor - Bruce Highway - North Corridor Unallocated - Bruce Highway - Pavement Widening - South of Home Hill to Ingham - Bruce Highway - Townsville Northern Access Intersections Upgrade - Bruce Highway - Townsville Ring Road - Stage 5	
QLD	Bruce Highway - Babinda Intersection Upgrade	Road Investment	Bruce Highway North																Under Construction	Cairns Regional Council	The project will include the construction of a signalised pedestrian crossing at the intersection of Munro Street and the Bruce Highway, Babinda.	
QLD	Bruce Highway - Burdekin Bridge	Road Investment	Bruce Highway North																Under Construction	Burdekin Shire Council	Rehabilitation of the Burdekin River Bridge including major work on the steel girders, removal of red-lead paint, rust elimination, painting and deck resurfacing.	
QLD	Bruce Highway - Burdekin Deviation - Plan and Preserve Corridor	Road Investment	Bruce Highway North																In Progress	Burdekin Shire Council	Plan to identify the optimum solution (including completing a Business Case and PPP) and preserve a corridor for the future construction of a deviation of Ayr, Brandon and Home Hill to avoid the safety, flooding, amenity, capacity and travel time impacts through these three towns.	
QLD	Bruce Highway - Cairns Southern Access - Stage 3 - Edmonton to Gordonvale	Road Investment	Bruce Highway North																Completed	Cairns Regional Council	Undertake development activities associated with the construction of a new alignment of the Bruce Highway between Edmonton and Gordonvale.	
QLD	Bruce Highway - Cairns Southern Access - Stage 5	Road Investment	Bruce Highway North																In Planning	Cairns Regional Council	Construct duplicated highway on new alignment between Collinson Creek and Mulgrave River Bridge including new and upgraded intersections, new bridges, new cycle facility, realignment and upgrade of the Queensland Rail Line and local roads.	
QLD	Bruce Highway - Cairns Southern Access Corridor - Stage 2 - Robert Road to Foster Road	Road Investment	Bruce Highway North																Completed	Cairns Regional Council	Upgrade of the Bruce Highway from four lanes to six lanes between Robert Road and Foster Road, an upgrade of the Robert Road signalised intersection, construction of a new service road on the eastern side of the highway. The project will also deliver a cycleway, and create a new connection to the Caleb Shang Bridge shared pathway.	
QLD	Bruce Highway - Cairns Southern Access Corridor - Stage 4 - Kate to Aumuller	Road Investment	Bruce Highway North																Closed	Cairns Regional Council	The project will widen the Bruce Highway from four to six lanes on this section of the Bruce Highway and improve access and egress to the highway through upgrades of numerous intersections.	
QLD	Bruce Highway - Dallachy Road Flood Immunity Upgrade	Road Investment	Bruce Highway North																Under Construction	Cassowary Coast Regional Council	Upgrading the Bruce Highway between Dallachy Road and Dean Road.	
QLD	Bruce Highway - Gairloch Floodway - improved flood immunity	Road Investment	Bruce Highway North																In Planning	Hinchinbrook Shire Council	The project involves upgrading works to improve the flood immunity of the Bruce Highway at the Gairloch Floodway, north of Ingham.	
QLD	Bruce Highway - Houghton River Floodplain Upgrade	Road Investment	Bruce Highway North																Closed	Burdekin Shire Council	The project will upgrade the 13.5 kilometre section of the Bruce Highway that traverses the Houghton River floodplain. The project will include the construction of an upgraded Houghton River bridge, installation of Wide Centre Line treatment, two highway overpasses of the existing cane-tramway open-level crossings, upgrading of nine rural intersections, and curve realignment.	
QLD	Bruce Highway - Ingham to Cardwell Range Deviation - Plan and Preserve Corridor	Road Investment	Bruce Highway North																In Progress	Cassowary Coast Regional Council, Hinchinbrook Shire Council	Plan and preserve a corridor for the future construction of a deviation from the current Bruce Highway alignment between the Ingham and Cardwell range, to increase flood immunity.	
QLD	Bruce Highway - Innisfail Bypass - Plan and Preserve Corridor	Road Investment	Bruce Highway North																In Progress	Cassowary Coast Regional Council	To undertake scoping activities, including public consultation, geotechnical investigations, traffic data collection, economic analysis and development of land resumption plans for future bypass of Innisfail so that the safety and efficiency of the Bruce Highway can be maintained in the medium to long term.	
QLD	Bruce Highway - North Corridor Unallocated	Road Investment	Bruce Highway North																Not Started	Not applicable / allocated	Unallocated.	
QLD	Bruce Highway - Pavement Widening - South of Home Hill to Ingham	Road Investment	Bruce Highway North																Completed	Burdekin Shire Council, Hinchinbrook Shire Council, Townsville City Council	Pavement widening and strengthening works, including wide centreline treatments and minor intersection works, at high priority sections of the Bruce Highway, including between South of Home Hill and Ingham, and between Bowen and Ayr.	
QLD	Bruce Highway - Townsville Northern Access Intersections Upgrade	Road Investment	Bruce Highway North																Completed	Townsville City Council	The project will duplicate 5.2km of the Bruce Highway between Pope and Veales Road (north of Townsville), construct a second bridge over Black River, including rehabilitation works for the existing bridge of Black River, as well as intersection upgrades at Church Road, and Mt Kulkura Drive and Brabon Road.	
QLD	Bruce Highway - Townsville Ring Road - Stage 5	Road Investment	Bruce Highway North																Completed	Townsville City Council	Scoping, development, and delivery activities to support duplication of 6 kilometers of the Townsville Ring Road on the Bruce Highway, as well as construction of a new interchange at local road, Beck Drive.	
QLD	Bruce Highway Safety Package	Road Investment	Bruce Highway Safety Package	10,647.6	8,553.1	80%	216.2	350.6	553.9	1,081.1	2,201.8	2,325.7	2,893.8	25.1	0.0	0.0	0.0	5,244.6	In Progress	Not applicable / allocated	The Bruce Highway along the National Land Transport Network in Queensland, from Brisbane to Cairns. There are currently 5 projects in the corridor: - Bruce Highway - Additional Funding for Black Spots, Rest Areas and Safety Upgrades - Bruce Highway - Bruce Highway Safety Package - Bruce Highway - Overtaking Lanes - Bruce Highway - Roads Operations Improvement Projects - Bruce Highway - Targeted Safety Program	
QLD	Bruce Highway - Additional Funding for Black Spots, Rest Areas and Safety Upgrades	Road Investment	Bruce Highway Safety Package																Under Construction	Brisbane City Council, Bundaberg Regional Council, Burdekin Shire Council, Cairns Regional Council, Cassowary Coast Regional Council, Fraser Coast Regional Council, Gladstone Regional Council, Gympie Regional Council, Hinchinbrook Shire Council, Isaac Regional Council, Livingstone Shire Council, Mackay Regional Council, Moreton Bay Regional Council, Noosa Council, Rockhampton Regional Council, Sunshine Coast Council, Townsville City Council, Whitsunday Regional Council	High priority safety improvement works at various sections on the Bruce Highway, delivered with the Bruce Highway Safety Package Tranche 2b works.	
QLD	Bruce Highway - Bruce Highway Safety Package	Road Investment	Bruce Highway Safety Package																Under Construction	Brisbane City Council, Bundaberg Regional Council, Burdekin Shire Council, Cairns Regional Council, Cassowary Coast Regional Council, Fraser Coast Regional Council, Gladstone Regional Council, Gympie Regional Council, Hinchinbrook Shire Council, Isaac Regional Council, Livingstone Shire Council, Mackay Regional Council, Moreton Bay Regional Council, Noosa Council, Rockhampton Regional Council, Sunshine Coast Council, Townsville City Council, Whitsunday Regional Council	Safety enhancements on the Bruce Highway, including installation of wire-rope barriers, intersection upgrades, pavement widening, resurfacing, wide centre line treatments and culvert upgrades.	
QLD	Bruce Highway - Overtaking Lanes	Road Investment	Bruce Highway Safety Package																Completed	Brisbane City Council, Bundaberg Regional Council, Burdekin Shire Council, Cairns Regional Council, Cassowary Coast Regional Council, Fraser Coast Regional Council, Gladstone Regional Council, Gympie Regional Council, Hinchinbrook Shire Council, Isaac Regional Council, Livingstone Shire Council, Mackay Regional Council, Moreton Bay Regional Council, Noosa Council, Rockhampton Regional Council, Sunshine Coast Council, Townsville City Council, Whitsunday Regional Council	Construction of new overtaking lanes or upgrade of existing overtaking lanes on the Bruce Highway.	

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect profiles as at 2025-26 MYEFO.

Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.

The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
QLD	Bruce Highway - Roads Operations Improvement Projects	Road Investment	Bruce Highway Safety Package																Completed	Brisbane City Council, Bundaberg Regional Council, Burdekin Shire Council, Cairns Regional Council, Cassowary Coast Regional Council, Fraser Coast Regional Council, Gladstone Regional Council, Gympie Regional Council, Hinchinbrook Shire Council, Isaac Regional Council, Livingstone Shire Council, Mackay Regional Council, Moreton Bay Regional Council, Noosa Council, Rockhampton Regional Council, Sunshine Coast Council, Townsville City Council, Whitsunday Regional Council	Provide Intelligent Transport System (ITS) infrastructure at various locations over the length of the Bruce Highway
QLD	Bruce Highway - Targeted Safety Program	Road Investment	Bruce Highway Safety Package																Under Construction	Bundaberg Regional Council, Burdekin Shire Council, Cairns Regional Council, Cassowary Coast Regional Council, Fraser Coast Regional Council, Gladstone Regional Council, Gympie Regional Council, Hinchinbrook Shire Council, Isaac Regional Council, Livingstone Shire Council, Mackay Regional Council, Moreton Bay Regional Council, Noosa Council, Rockhampton Regional Council, Sunshine Coast Council, Townsville City Council, Whitsunday Regional Council	The Project will deliver safety projects north of Gympie. The Project will install safety barriers, wide centre lines and audio tactile line marking, construct wider shoulders, increase run off areas and remove roadside hazards, reseal and rehabilitate pavement, construct new overtaking lanes and rest areas and upgrade narrow bridges, intersections, signage, sight lines and drainage.
QLD	Bruce Highway South	Road Investment	Bruce Highway South	7,028.5	5,639.5	80%	288.4	346.3	502.8	649.9	1,787.5	463.6	300.0	131.5	0.0	0.0	0.0	895.1	In Progress	Not applicable / allocated	The Bruce Highway South corridor is broadly along the National Land Transport Network in Queensland between Brisbane to below Gladstone. There are 22 projects in the corridor: - Bruce Highway - Anzac Avenue to Uhlmann Road - Bruce Highway - Anzac Avenue- Uhlmann Road - Business Case - Bruce Highway - Buchanan Road - Caboolture Brisbane Island Road - Business Case - Bruce Highway - Caboolture-Bribie Island Road to Steve Irwin Way - Bruce Highway - Caloundra Road to Sunshine Motorway - Bruce Highway - Cooroy to Curra - Planning and Design - Bruce Highway - Cooroy to Curra - Section D - Bruce Highway - Cooroy to Curra - Section D (Planning and Design) - Bruce Highway - Deception Bay Road Interchange Upgrade - Bruce Highway - Gateway Motorway to Dohles Rocks Road (Stage 1) - Bruce Highway - Linkfield Road Overpass - Bruce Highway - Maroochydore Road and Mons Road Interchanges Upgrade - Bruce Highway - Gateway Motorway to Dohles Rocks Road (Stage 2) - Business Case - Bruce Highway - Pine River to Caloundra Interchange - Planning - Bruce Highway - Pine River to Caloundra Road Smart Motorways (Stage 2) - Bruce Highway - Saltwater Creek Upgrade - Bruce Highway - South Corridor Unallocated - Bruce Highway - Tiaro Bypass - Bruce Highway - Uhlmann Road-Buchanan Road - Business Case - Bruce Highway - Wide Bay Highway Intersection Upgrade - Gateway Motorway - Bracken Ridge to Pine River - Bruce Highway - Dohles Rocks Road to Anzac Avenue (Stage 1)
QLD	Bruce Highway - Anzac Avenue to Uhlmann Road	Road Investment	Bruce Highway South																In Planning	Moreton Bay Regional Council	This project will widen the Bruce Highway from six to eight lanes between Anzac Avenue and Uhlmann Road.
QLD	Bruce Highway - Anzac Avenue- Uhlmann Road - Business Case	Road Investment	Bruce Highway South																In Progress	Moreton Bay Regional Council	The Project will deliver a business case for critical upgrades to the Bruce Highway between Anzac Avenue and Uhlmann Road, to increase safety, reduce congestion and improve the reliability of the Bruce Highway.
QLD	Bruce Highway - Buchanan Road - Caboolture Brisbane Island Road - Business Case	Road Investment	Bruce Highway South																In Progress	Moreton Bay Regional Council	The Project will deliver a business case for critical upgrades to the Bruce Highway between Buchanan Road and Caboolture Brisbane Island Road to reduce congestion, increase flood immunity and improve reliability.
QLD	Bruce Highway - Caboolture-Bribie Island Road to Steve Irwin Way	Road Investment	Bruce Highway South																Completed	Moreton Bay Regional Council	The project will upgrade approximately 11 kilometres of the highway, from a four-lane to a six-lane divided carriageway, between Caboolture-Bribie Island Road and Steve Irwin Way. The project will also replace 10 bridges over Lagoon Creek, King Johns Creek, Six Mile Creek, Rose Creek and Beerburum Creek and upgrade existing interchange ramps, including the provision for smart motorway infrastructure, where they are impacted by the widening works.
QLD	Bruce Highway - Caloundra Road to Sunshine Motorway	Road Investment	Bruce Highway South																Closed	Sunshine Coast Council	Delivery Phase: The project will address the service needs along the seven kilometre stretch of the Bruce Highway between the Caloundra Road Interchange and the Sunshine Motorway by providing a six lane divided Highway, as well as upgrading Caloundra Road Interchange to a diverging diamond interchange and upgrading the Sunshine Motorway interchange. The project will also include corridor planning for eight lanes between the Caloundra Road Interchange and the Sunshine Motorway interchange and the provision for more than 9 kilometres of new active transport infrastructure.
QLD	Bruce Highway - Cooroy to Curra - Planning and Design	Road Investment	Bruce Highway South																Completed	Gympie Regional Council, Noosa Council	Planning, design and landowner compensation for an upgrade of a 65 kilometre section of the Bruce Highway from Cooroy to Curra, including a bypass of Gympie.
QLD	Bruce Highway - Cooroy to Curra - Section D	Road Investment	Bruce Highway South																Completed	Gympie Regional Council	The Section D Project involves the construction of a new 26 kilometre four-lane bypass east of Gympie between Woomund Interchange and Curra. The route generally follows the North Coast rail line until Old Maryborough Road, then passes through the edge of Curra State Forest.
QLD	Bruce Highway - Cooroy to Curra - Section D (Planning and Design)	Road Investment	Bruce Highway South																Completed	Gympie Regional Council	The project is for the full planning and detailed design of the Bruce Highway - Cooroy to Curra - Section D project including land acquisitions within the 30.4km Section D corridor between Woomund Interchange and the Curra Interchange.
QLD	Bruce Highway - Deception Bay Road Interchange Upgrade	Road Investment	Bruce Highway South																Completed	Moreton Bay Regional Council	Upgrade of the Deception Bay Road interchange including the upgrade of entry and exit ramps, two new parallel bridges over the Bruce Highway, two signalised intersections on Deception Bay Road immediately west of the interchange at Old Gympie Road and immediately east of the interchange at Eastern Service Road, intelligent transport systems and the construction of new cycle and pedestrian infrastructure.
QLD	Bruce Highway - Dohles Rocks Road to Anzac Avenue (Stage 1)	Road Investment	Bruce Highway South																Under Construction	Moreton Bay Regional Council	The Project will deliver an upgrade of the Bruce Highway between Dohles Rocks Road and Anzac Avenue, including new northbound and southbound ramps, and intersection upgrades.
QLD	Bruce Highway - Gateway Motorway to Dohles Rocks Road (Stage 1)	Road Investment	Bruce Highway South																In Planning	Brisbane City Council, Moreton Bay Regional Council	The project will upgrade the interchange of the Bruce Highway, Gateway Motorway and Gympie Arterial Road. This includes improving the Gateway Motorway and Bruce Highway from Bald Hills Creek to south of the Pine River.
QLD	Bruce Highway - Gateway Motorway to Dohles Rocks Road (Stage 2) - Business Case	Major Project Business Case Fund (Road)	Bruce Highway South																In Progress	Brisbane City Council, Moreton Bay Regional Council	Review and update the business case and prepare a preliminary design to inform the design and construction of Bruce Highway - Gateway Motorway to Dohles Rocks Road (Stage 2).
QLD	Bruce Highway - Linkfield Road Overpass	Road Investment	Bruce Highway South																In Planning	Brisbane City Council	The Project will widen Linkfield Road between Gympie Road and Lacey Road to four lanes and construct two parallel bridges over Gympie Arterial Road. The Project will also upgrade and signalise access ramps connecting Linkfield Road.
QLD	Bruce Highway - Maroochydore Road and Mons Road Interchanges Upgrade	Road Investment	Bruce Highway South																Completed	Sunshine Coast Council	Upgrade Maroochydore Road and Mons Road Interchanges, construct new two-way eastern and western service roads, reconfigure entry and exit ramps at Mons Road and widen Mons Road underpass.
QLD	Bruce Highway - Pine River to Caloundra Interchange Planning	Road Investment	Bruce Highway South																Closed	Brisbane City Council, Moreton Bay Regional Council, Sunshine Coast Council	The project will allow for high-level planning works, to help determine ways to increase the capacity and alleviate flooding and safety issues along the Pine River to Caloundra section of the Bruce Highway.
QLD	Bruce Highway - Pine River to Caloundra Road Smart Motorways (Stage 2)	Road Investment	Bruce Highway South																Completed	Brisbane City Council, Moreton Bay Regional Council	To deliver smart technology upgrades and undertake critical asset renewal along a 60 kilometre stretch of the Bruce Highway between Pine River and Caloundra Road.
QLD	Bruce Highway - Saltwater Creek Upgrade	Road Investment	Bruce Highway South																Completed	Fraser Coast Regional Council	Construct a high level bridge and approaches on a new alignment at Saltwater Creek crossing and a new bridge and approaches to Deadman's Gully on a new alignment. Upgrade four existing roadway sections north of Saltwater Creek between Maryborough and Torbanlea to improve flood immunity.
QLD	Bruce Highway - South Corridor Unallocated	Road Investment	Bruce Highway South																Not Started	Not applicable / allocated	Unallocated.
QLD	Bruce Highway - Tiaro Bypass	Road Investment	Bruce Highway South																In Progress	Fraser Coast Regional Council	Scoping and development activities to address flooding, traffic efficiency and safety issues at Tiaro.
QLD	Bruce Highway - Uhlmann Road-Buchanan Road - Business Case	Road Investment	Bruce Highway South																In Progress	Moreton Bay Regional Council	The Project will deliver a business case for critical upgrades to the Bruce Highway between Uhlmann Road and Buchanan Road to reduce congestion and improve reliability.
QLD	Bruce Highway - Wide Bay Highway Intersection Upgrade	Road Investment	Bruce Highway South																Completed	Gympie Regional Council	The Project involves the construction of a single lane roundabout and speed reduction curves at the Bruce Highway and Wide Bay Highway intersection, as well as revised signage, safer access arrangements and roadside works.
QLD	Gateway Motorway - Bracken Ridge to Pine River	Road Investment	Bruce Highway South																In Planning	Brisbane City Council	The project will upgrade the four-lane section of the Gateway Motorway from Bracken Ridge to the interchange with the Bruce Highway and the Gympie Arterial Road.
QLD	Bulloo Shire Council - Warri Gate Road Upgrade, Noccundra	Road Investment - Remote Roads Upgrade Pilot Prog		10.0	8.0	80%	4.0	0.0	0.0	0.0	4.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Bulloo Shire Council	Upgrading unsealed road (Warri Gate Road) with proposed resealing works between Noccundra Waterhole and the New South Wales border.
QLD	Burketown-Normanton Road Upgrade	Road Investment		20.0	16.0	80%	3.0	6.0	7.0	0.0	16.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Carpentaria Shire Council	This project will progressively upgrade the Burketown-Normanton Road, including sealing and associated works.
QLD	Business Case for Brisbane Inland Rail Intermodal Terminal	Major Project Business Case Fund (Rail)		10.0	10.0	100%	1.6	0.0	0.0	0.0	1.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Brisbane City Council, Ipswich City Council, Lockyer Valley Regional Council, Logan City Council, Sonac Rim Regional Council, Toowoomba Regional Council	A business case to consider the development of intermodal terminals in Brisbane to support Inland Rail.
QLD	Business case for Toowoomba to Gladstone Inland Rail connection	Major Project Business Case Fund (Rail)		10.0	10.0	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	5.2	0.0	0.0	0.0	0.0	In Planning	Banana Shire Council, Gladstone Regional Council, Toowoomba Regional Council, Western Downs Regional Council	This business case will investigate an extension of Inland Rail from Toowoomba to the Port of Gladstone, including options to optimise network connectivity through regional Queensland.
QLD	Caboolture - Bribie Island Road (Hickey Road - King John Creek) upgrade	Road Investment		2.0	1.0	50%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Moreton Bay Regional Council	This project will duplicate Caboolture-Bribie Island Road between King John Creek and Hickey Road to improve safety and capacity, with the final cost and scope subject to outcomes of the business case and detailed design.
QLD	Cape York	Road Investment	Cape York	675.1	517.4	77%	27.3	30.2	41.6	18.8	117.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Supports projects on Cape York. There are currently 5 projects in the corridor: - Cape York Community Access Roads - Cape York Corridor Unallocated - Cape York Region Package - Northern Peninsula Road - Jardine River Crossing Upgrade - Peninsula Developmental Road
QLD	Cape York Community Access Roads	Road Investment	Cape York																Under Construction	Cook Shire Council, Lockhart River Aboriginal Shire Council, Northern Peninsula Area Regional Council, Pormpuraaw Aboriginal Shire Council	This project will seal sections of several Community Access Roads that connect to the Peninsula Developmental Road.
QLD	Cape York Corridor Unallocated	Road Investment	Cape York																Not Started	Not applicable / allocated	Unallocated.
QLD	Cape York Region Package	Road Investment	Cape York																Completed	Cook Shire Council, Napranum Aboriginal Shire Council	The Cape York Region Package will consist of upgrading and sealing priority sections of the Peninsula Developmental Road, five sections of the Endeavour Valley Road and delivering community infrastructure projects to nine local government areas on the Cape.
QLD	Northern Peninsula Road - Jardine River Crossing Upgrade	Road Investment	Cape York																Closed	Northern Peninsula Area Regional Council	Business Case development for the Northern Peninsula Road - Jardine River Crossing Upgrade project.
QLD	Peninsula Developmental Road	Road Investment	Cape York																Under Construction	Cook Shire Council	The project will upgrade and seal sections of the Peninsula Developmental Road including the construction of a new crossing over Archer River.
QLD	Captain Cook Highway, Cairns CBD to Smithfield, Upgrade	Road Investment		359.0	287.2	80%	0.0	0.0	0.0	0.0	0.0	1.5	2.7	9.6	60.0	80.9	111.4	266.1	In Progress	Cairns Regional Council	Scoping works will involve investigating traffic management solutions to improve connectivity, reduce congestion and enhance capacity of approximately 15.5km of the Captain Cook Highway from the Bruce Highway (south) to the Kennedy Highway (north). This includes early works to upgrade the southbound carriageway of the road between Moffatt Street and Lily Street in Cairns ahead of major construction works.
QLD	Carpentaria Shire Council - Ilfrey Road Gravel Upgrade, Stokes	Road Investment - Remote Roads Upgrade Pilot Prog		5.3	4.2	80%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Carpentaria Shire Council	Import and place gravel on blacksoil areas of Ilfrey Road, from chainages approximately 42.299km to 81.276km.
QLD	Carpentaria Shire Council - Koolalah - Dixie Road Widening, Maramie	Road Investment - Remote Roads Upgrade Pilot Prog		3.1	2.5	80%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Carpentaria Shire Council	Widen Koolalah - Dixie Road (approximately 6m to 8m) from the beginning of the road to the Alice River.
QLD	Cavendish Road level crossing, Coorparoo	Road Investment		141.5	100.0	71%	3.0	11.5	14.5	28.5	57.5	26.0	16.5	0.0	0.0	0.0	0.0	42.5	In Planning	Brisbane City Council	This project will upgrade the level crossing at Cavendish Road in Coorparoo.
QLD	Centenary Bridge Upgrade	Road Investment		298.5	139.3	47%	16.6	26.9	0.0	0.0	43.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Brisbane City Council	The project will deliver a new bridge to the west of the existing Centenary Bridge, upgrades to the existing bridge and improvements to active transport facilities.
QLD	Centenary Motorway Upgrade	Major Project Business Case Fund (Road)		20.0	10.0	50%	1.3	0.0	0.0	0.0	1.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Brisbane City Council, Ipswich City Council, Logan City Council	The business case would look at options to improve the current motorway design to improve safety, amenity and connectivity along the Centenary Motorway.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

There are currently 28 projects in the corridor: - Capricorn Highway - Pavement Strengthening and Widening (Package 1) - Capricorn Highway - Pavement Strengthening and Widening (Package 2) - Capricorn Highway - Pavement Strengthening and Widening (Package 3) - Capricorn Highway - Pavement Strengthening and Widening (Package 4) - Capricorn Highway and Gregory Highway Intersection Upgrade (Breward) - Central West Corridor Unallocated - Cloncurry-Dajarra Road - Upgrades at Malbon River - Flinders Highway - Bridge Replacement at Canal Creek - Flinders Highway (Hughenden-Richmond) - Progressive Upgrades - Flinders Highway (Julia Creek to Cloncurry) - Scrubby Creek Pavement Strengthening and Widening - Flinders Highway (Richmond-Julia Creek) - Progressive Upgrades - Flinders Highway (Richmond-Julia Creek) - Upgrades at Alick Creek - Flinders Highway (Townsville - Charters Towers) Overtaking Lanes - Packages 1 and 2 - Gregory Developmental Road (Charters Towers-The Lynd) Feeder Road Pavement Strengthening and Widening Package 1 - Gulf Developmental Road - Pavement Strengthening and Widening - Gulf Developmental Road (Croydon-Georgetown) - Pavement Strengthening and Widening - Kennedy Developmental Road (The Lynd to Hughenden) - Landsborough Highway - Upgrades at McKinlay River - Landsborough Highway - Upgrades at Nora Creek - Landsborough Highway - Upgrades at Rutchillo Creek - Richmond-Winton Road - Progressive Sealing, Strengthening and Widening - Springsure to Tambo Upgrade - Townsville to Roma Corridor Upgrade - Balonne Highway - St George Breakdown Pad - Townsville to Roma Corridor Upgrade - Carnarvon Highway - Orange Hill Safety Treatments - Townsville to Roma Corridor Upgrade - Carnarvon Highway and Arcadia Valley Road Intersection Upgrade - Townsville to Roma Corridor Upgrade - Carnarvon Highway and Castlereagh Highway Intersection Upgrade - Townsville to Roma Corridor Upgrade - Carnarvon Highway and Salmon Road Intersection Upgrade - Townsville to Roma Corridor Upgrade - Dawson Highway (Banana - Rolleston) - Roundstone Creek Bridge Overflow Upgrade
QLD	Capricorn Highway - Pavement Strengthening and Widening (Package 1)	Road Investment	Central West																In Planning	Barcalidine Regional Council, Central Highlands Regional Council	Progressive pavement strengthening and widening on priority narrow sections of the Capricorn Highway between Emerald and Alpha.
QLD	Capricorn Highway - Pavement Strengthening and Widening (Package 2)	Road Investment	Central West																In Planning	Barcalidine Regional Council, Central Highlands Regional Council	Progressive pavement strengthening and widening on priority narrow sections of the Capricorn Highway between Emerald and Alpha.
QLD	Capricorn Highway - Pavement Strengthening and Widening (Package 3)	Road Investment	Central West																In Planning	Barcalidine Regional Council, Central Highlands Regional Council	Progressive pavement strengthening and widening on priority narrow sections of the Capricorn Highway between Emerald and Alpha.
QLD	Capricorn Highway and Gregory Highway Intersection Upgrade (Emerald)	Road Investment	Central West																In Planning	Central Highlands Regional Council	The Project involves the widening of the Gregory Highway to include additional turning lanes at the intersection with the Capricorn Highway.
QLD	Central West Corridor Unallocated	Road Investment	Central West																Not Started	Not applicable / allocated	Unallocated.
QLD	Cloncurry-Dajarra Road - Upgrades at Malbon River	Road Investment	Central West																In Planning	Cloncurry Shire Council	The project will upgrade and widen sections of Cloncurry-Dajarra Road and install a new two-lane culvert over Malbon Creek.
QLD	Flinders Highway - Bridge Replacement at Canal Creek	Road Investment	Central West																In Planning	Cloncurry Shire Council	This project includes a bridge replacement at Canal Creek on the Flinders Highway.
QLD	Flinders Highway (Hughenden-Richmond) - Progressive Upgrades	Road Investment	Central West																In Planning	Flinders Shire Council, Richmond Shire Council	This project includes various progressive upgrades on the Flinders Highway between Hughenden and Richmond, including pavement improvements, culvert upgrades and audio tactile line marking.
QLD	Flinders Highway (Julia Creek to Cloncurry) - Scrubby Creek Pavement Strengthening and Widening	Road Investment	Central West																Completed	McKinlay Shire Council	The Project will deliver approximately 9.3km of pavement strengthening and widening on a priority section of the Flinders Highway between Julia Creek and Cloncurry.
QLD	Flinders Highway (Richmond-Julia Creek) - Progressive Upgrades	Road Investment	Central West																In Planning	Richmond Shire Council	This project includes various progressive upgrades on the Flinders Highway between Richmond and Julia Creek, including pavement improvements, culvert upgrades and audio tactile line marking.
QLD	Flinders Highway (Richmond-Julia Creek) - Upgrades at Alick Creek	Road Investment	Central West																In Planning	McKinlay Shire Council	This project includes a floodway upgrade and new culverts at Alick Creek on the Flinders Highway.
QLD	Flinders Highway (Townsville - Charters Towers) Overtaking Lanes - Packages 1 and 2	Road Investment	Central West																Completed	Charters Towers Regional Council, Townsville City Council	The Project will deliver two new overtaking lanes approximately 30km south-west of Townsville, and one new overtaking lane approximately 70km south-west of Townsville.
QLD	Flinders Highway (Townsville - Charters Towers) Wide Centre Line Treatment	Road Investment	Central West																Completed	Charters Towers Regional Council	The Project will deliver Wide Centre Line Treatment and associated culvert upgrades along a 1.45 kilometre section of the road in the vicinity of Mingela Road and Kookaburra Creek.
QLD	Gregory Developmental Road (Charters Towers-The Lynd): Feeder Road Pavement Strengthening and Widening Package 1	Road Investment	Central West																Completed	Charters Towers Regional Council	The Project will deliver works along the Gregory Developmental Road north of Charters Towers (on the Charters Towers - The Lynd section). Works will include widening of at least 4.6 kilometres of the existing narrow seal to 8 metres, pavement rehabilitation and replacement or strengthening of ageing culverts.
QLD	Gulf Developmental Road - Pavement Strengthening and Widening	Road Investment	Central West																Closed	Etheridge Shire Council	This project will strengthen and widen approximately 12.3km of the Gulf Developmental Road between Mount Garnet and Croydon. Works will include upgrading single lane road sections to two-way two lane sections and full width sprayed seal, resealing and/or rehabilitating existing deficient two lane sections and any necessary culverts works as required.
QLD	Gulf Developmental Road (Croydon-Georgetown) - Pavement Strengthening and Widening	Road Investment	Central West																Under Construction	Croydon Shire Council, Etheridge Shire Council	Progressive pavement strengthening and widening of the Gulf Developmental Road between Croydon and Georgetown.
QLD	Kennedy Developmental Road (The Lynd to Hughenden)	Road Investment	Central West																In Planning	Etheridge Shire Council, Flinders Shire Council	This project will progressively seal approximately 48 kilometres of the Kennedy Developmental Road located between The Lynd and Hughenden.
QLD	Landsborough Highway - Upgrades at McKinlay River	Road Investment	Central West																In Planning	McKinlay Shire Council	Upgrades on the Landsborough Highway at McKinlay River, including rehabilitation and drainage works.
QLD	Landsborough Highway - Upgrades at Nora Creek	Road Investment	Central West																In Planning	McKinlay Shire Council	Upgrades on the Landsborough Highway at Nora Creek, including rehabilitation and drainage works.
QLD	Landsborough Highway - Upgrades at Rutchillo Creek	Road Investment	Central West																In Planning	McKinlay Shire Council	Upgrades on the Landsborough Highway at Rutchillo Creek, including rehabilitation and drainage works.
QLD	Richmond-Winton Road - Progressive Sealing, Strengthening and Widening	Road Investment	Central West																Under Construction	Richmond Shire Council, Winton Shire Council	This project includes progressive upgrades on the Richmond-Winton Road, including pavement strengthening, widening and sealing.
QLD	Springsure to Tambo Upgrade	Road Investment	Central West																Under Construction	Central Highlands Regional Council	This project will upgrade sections of Dawson Developmental Road between Springsure and Tambo.
QLD	Townsville to Roma Corridor Upgrade - Balonne Highway - St George Breakdown Pad	Road Investment	Central West																Closed	Balonne Shire Council	This project will formalise the St George heavy vehicle breakdown pad. Works will include the reconstruction and widening of the existing facility, sprayed bitumen sealing, surface drainage improvements and delivery of up to 30 parking bays for type 2 multi-combination vehicles.
QLD	Townsville to Roma Corridor Upgrade - Carnarvon Highway - Orange Hill Safety Treatments	Road Investment	Central West																Closed	Marranoa Regional Council	This project will upgrade the Carnarvon Highway near Orange Hill by widening the pavement, lanes and shoulders of the road. Other upgrades include turn treatments at Lalors Lane, culvert extension and replacements and installation of additional warning signage.
QLD	Townsville to Roma Corridor Upgrade - Carnarvon Highway and Arcadia Valley Road Intersection Upgrade	Road Investment	Central West																Closed	Marranoa Regional Council	This project will upgrade the intersection of the Carnarvon Highway and Arcadia Valley Road. Upgrades will include lane and shoulder widening and improved intersection approach geometry to accommodate heavy vehicles. New road furniture will also be installed.
QLD	Townsville to Roma Corridor Upgrade - Carnarvon Highway and Castlereagh Highway Intersection Upgrade	Road Investment	Central West																Closed	Balonne Shire Council	This project will upgrade the intersection of the Carnarvon Highway and Castlereagh Highway. Upgrades include road realignment, pavement rehabilitation, widening lanes and shoulders and improving the intersection geometry.
QLD	Townsville to Roma Corridor Upgrade - Carnarvon Highway and Salmon Road Intersection Upgrade	Road Investment	Central West																Closed	Balonne Shire Council	This project will upgrade the intersection of the Carnarvon Highway and Salmon Road. Upgrades include road realignment, pavement rehabilitation, widening lanes and shoulders and improving the intersection geometry.
QLD	Townsville to Roma Corridor Upgrade - Dawson Highway (Banana - Rolleston) - Roundstone Creek Bridge Overflow Upgrade	Road Investment	Central West																Closed	Banana Shire Council, Central Highlands Regional Council, Woorabinda Aboriginal Council	This project will raise the height of the Dawson Highway, installing cross drainage and culverts to improve the flood immunity of the existing narrow Roundstone Creek Overflow channel. The road will be upgraded to a minimum 9 metre seal on a 5 metre pavement.
QLD	Chambers Flat Road upgrade, Park Ridge	Road Investment		79.0	36.4	46%	7.7	18.5	10.0	0.0	36.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Logan City Council	The Project will widen Chambers Flat Road, between Park Ridge Road and Derby Road, from two to four lanes. The project will also provide for the signalisation of selected intersections and upgrades to the storm water system, street lighting and flood resilience.
QLD	Charters Towers Industrial Precinct Access	Road Investment		4.6	4.6	100%	0.0	0.0	4.6	0.0	4.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Charters Towers Regional Council	This project will deliver intersection upgrades to enable triple road train access on the Flinders Highway at Charters Towers.
QLD	Commuter Car Park Upgrades - Ferry Grove and Mango Hill	Road Investment		32.0	16.0	50%	2.9	0.0	0.0	0.0	2.9	0.0	0.0	0.5	0.0	0.0	0.0	0.5	Under Construction	Brisbane City Council	The project will increase the capacity of the park and ride facilities at Mango Hill Station and Ferry Grove Station. The Ferry Grove project will deliver additional commuter car parks as part of the Transit Oriented Development adjacent to Ferry Grove Station, and the Mango Hill project will deliver additional commuter carparks across two sites adjacent to the Mango Hill Station.
QLD	Construction funding Caboolture - Brisbane Island Road (Hickey Road - King John Creek) upgrade	Road Investment		34.4	9.0	26%	0.0	0.0	3.0	3.0	6.0	3.0	0.0	0.0	0.0	0.0	0.0	3.0	Not Started	Moreton Bay Regional Council	This project will duplicate Caboolture-Brisbane Island Road between King John Creek and Hickey Road to improve safety and capacity, with the final cost and scope subject to outcomes of the business case and detailed design.
QLD	Construction funding Cairns Western Arterial Road Duplication	Road Investment		270.0	216.0	80%	0.0	0.0	0.0	0.0	0.0	0.0	54.0	54.0	54.0	54.0	0.0	216.0	Not Started	Cairns Regional Council	The project will duplicate the two-lane section of the Cairns Western Arterial Road between Redlynch Connector Road and the Captain Cook Highway to a four-lane dual carriageway. Works will include the construction of two new bridges, upgrades to various intersections, provision of a continuous shared path and construction of new bus stops.
QLD	Construction funding-M1 Pacific Motorway - Daisy Hill to Logan Motorway	Road Investment		900.0	450.0	50%	0.0	0.0	0.0	0.0	0.0	16.8	78.4	145.3	119.6	90.0	0.0	450.0	Not Started	Logan City Council	This project will upgrade the section of the Pacific Motorway between Daisy Hill and Logan Motorway and will address traffic congestion and safety issues along that corridor.
QLD	Coomera Connector Future Stages Business Case	Road Investment		22.0	11.0	50%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City of Gold Coast, Logan City Council	This planning project will investigate the future stages of the Coomera Connector, between Loganholme and Coomera, through a documented staging plan and business case to present an investment decision to governments on the next priority stage and likely funding scenario for the completion of the full corridor. It will complement the current approved and committed project - Coomera Connector Stage 1 between Coomera and Nerang.
QLD	Coomera Connector Stage 1 (Coomera to Nerang)	Road Investment		3,469.5	1,734.8	50%	365.0	150.0	100.5	132.5	748.0	121.9	118.5	0.0	0.0	0.0	0.0	240.4	Under Construction	City of Gold Coast	The Coomera Connector Stage 1 (Coomera to Nerang) project will deliver a new four lane high-speed arterial road, approximately 16km in length, between Shipper Drive (Coomera) and Nerang-Broadbeach Road (Nerang). Delivery phase activities will include the construction and delivery of: a new four-lane arterial road; major bridge structures over rivers, creeks and wetlands; shared pedestrian and cycle paths; grade separated interchanges; overpass structures over local roads; local road connections; intelligent transport systems; roadside furnishings; property and utilities adjustments; environmental and wildlife measures; and the reconfiguration of Helensvale station and Parkwood station park'n'rides.
QLD	Coomera Station commuter car park, Coomera	Road Investment		24.9	12.5	50%	2.5	0.0	0.0	0.0	2.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City of Gold Coast	This project will increase the capacity of park and ride facilities at Coomera Station.
QLD	Cunningham Highway	Road Investment	Cunningham Highway	479.8	263.9	55%	16.4	11.3	12.7	52.1	92.5	75.0	65.0	0.0	0.0	0.0	0.0	140.0	In Progress	Not applicable / allocated	The Cunningham Highway corridor is broadly along the National Land Transport Network in Queensland from the Ipswich Motorway to Goodwinville. There are currently 5 projects in the corridor: - Cunningham Highway – Amberley Interchange Upgrade - Cunningham Highway - Eight Mile Intersection Upgrade - Cunningham Highway - Planning (including Amberley Interchange) - Cunningham Highway - Safety Package - Cunningham Highway Unallocated
QLD	Cunningham Highway – Amberley Interchange Upgrade	Road Investment	Cunningham Highway																Not Started	Ipswich City Council	Project will deliver upgrades to Amberley interchange on the Cunningham Highway to improve safety and ease congestion.
QLD	Cunningham Highway - Eight Mile Intersection Upgrade	Road Investment	Cunningham Highway																Closed	Southern Downs Regional Council	This project will deliver a low-cost grade separated option at the Eight Mile Intersection, including: • A new overpass for traffic on the New England Highway travelling from Toowoomba to Warwick. • New roadway to allow for approaches to the overpass and a new Toowoomba to Ipswich exit lane. • Two culvert structures to assist with site drainage • New lighting and improvements to existing using LED luminaires. • New traffic operations monitoring infrastructure.
QLD	Cunningham Highway - Planning (including Amberley Interchange)	Road Investment	Cunningham Highway																In Progress	Ipswich City Council, Scenic Rim Regional Council, Southern Downs Regional Council	This project involves the development of two business cases at priority areas on the Cunningham Highway including the Ipswich-Rosewood Road Intersection.
QLD	Cunningham Highway - Safety Package	Road Investment	Cunningham Highway																Under Construction	Ipswich City Council, Scenic Rim Regional Council, Southern Downs Regional Council	The Cunningham Highway Safety Package will deliver safety upgrades along the Cunningham Highway between Warwick and Willowbank including pavement treatments and widening, wide centreline treatments, installation of audio tactile line markings and additional guardrail treatments.
QLD	Cunningham Highway Unallocated	Road Investment	Cunningham Highway																Not Started	Not applicable / allocated	Unallocated.
QLD	Curumbin Creek Road-Bienvenue Drive Intersection Upgrade	Road Investment		4.0	2.0	50%	1.2	0.2	0.0	0.0	1.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	City of Gold Coast	This project will upgrade the intersection of Curumbin Creek Road and Bienvenue Drive in Curumbin Waters, including lengthening of turning lanes, provision of an additional departure through lane on Curumbin Creek Road northbound, conversion of the westbound through lane on Bienvenue Drive to a shared through/night lane and upgrades for active transport users.
QLD	O'Aguliar Highway (Caboolture - Yarraman)	Road Investment		19.0	15.2	80%	2.2	0.0	0.0	0.0	2.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Moreton Bay Regional Council, Somerset Regional Council, South Burnett Regional Council, Toowoomba Regional Council	The project will upgrade three high priority sections of the O'Aguliar Highway between Sandy Creek and Kicoy. The works will widen the road formation and seal width, install a wide centreline to separate opposing traffic flows and provide roadside hazards treatments to improve the safety of the road section.
QLD	Direct Sunshine Coast Rail Line	Rail Investment		5,500.0	2,750.0	50%	87.4	350.0	472.7	446.3	1,356.4	811.8	560.8	21.0	0.0	0.0	0.0	1,393.6	In Planning	Sunshine Coast Council	The construction of 19 kilometres of dual track between Beerwah and Caloundra and associated stations, and protection of the updated rail alignment through to Maroochydhore.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
QLD	Dootwood Road Upgrade	Road Investment		1.8	1.4	80%	1.4	0.0	0.0	0.0	1.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Charters Towers Regional Council	This project includes pavement widening and sealing on the Dootwood Road.
QLD	Gateway Upgrade North	Road Investment		1,074.2	860.3	80%	6.0	0.0	0.0	0.0	6.0	0.0	0.0	18.2	0.0	0.0	0.0	18.2	Completed	Brisbane City Council	The upgrade of the Gateway Motorway in Brisbane between Nudgee and Bracken Ridge, including widening from four lanes to six, upgrading the Nudgee Interchange and duplication of the Dragon Deviation.
QLD	Gladstone Port Access - Improved Access for Heavy Vehicles	Road Investment		125.0	100.0	80%	0.0	0.0	0.0	0.0	0.0	4.0	12.8	24.0	46.4	12.8	0.0	100.0	In Planning	Gladstone Regional Council	The project will investigate and deliver improved road crossing options for the Calliope River to support access to Gladstone Port for heavy vehicles and improve safety by reducing congestion for all road users.
QLD	Gladstone Regional Council - Lowmead Road Safety and Sealing Upgrade, Colosseum	Road Investment - Remote Roads Upgrade Pilot Prog		13.4	10.7	80%	5.4	0.0	0.0	0.0	5.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Gladstone Regional Council	Sealing of approximately 21.1km of unsealed road along Lowmead Road.
QLD	Glass House Mountains Road (Steve Irwin Way) and Caloundra Street Intersection Upgrade	Road Investment		7.7	3.9	50%	1.7	0.8	0.0	0.0	2.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Sunshine Coast Council	This project will upgrade the Glasshouse Mountain Road and Caloundra Street intersection at Landsborough.
QLD	Glenroy Road Upgrade	Road Investment		25.0	20.0	80%	3.1	7.2	9.4	0.0	19.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Rockhampton Regional Council	Various upgrades for the Glenroy Road, including pavement sealing and widening and a new bridge at the Fitzroy River crossing.
QLD	Gold Coast Light Rail - Stage 3	Rail Investment		1,549.0	395.6	26%	26.4	0.0	0.0	0.0	26.4	0.0	0.0	24.8	0.0	0.0	0.0	24.8	Under Construction	City of Gold Coast	The Gold Coast Light Rail - Stage 3 project will extend the existing light rail system by approximately 6.7km from the Stage 1 terminus at Broadbeach South Station to Burleigh Heads. It will also include eight new light rail stations, upgraded pedestrian and cycling facilities, and an upgraded bus and rail interchange at Burleigh Heads Station.
QLD	Gore Highway	Road Investment	Gore Highway	101.1	86.2	85%	8.6	3.0	0.0	0.0	11.7	0.0	0.0	17.7	8.9	0.0	0.0	26.6	In Progress	Not applicable / allocated	The Gore Highway corridor is broadly along the National Land Transport Network in Queensland between the Leichhardt Hwy intersection and the Warrego Hwy intersection. There are currently 3 projects in the corridor: - Gore Highway (Millmerran - Goondwindi): Wyaga Creek Flood Improvement - Gore Highway Corridor Unallocated - Toowoomba to Seymour - Gore Highway (Pittsworth to Millmerran) Road Surface Rehabilitation
QLD	Gore Highway (Millmerran - Goondwindi): Wyaga Creek Flood Improvement	Road Investment	Gore Highway																Completed	Goondwindi Regional Council	This project will upgrade the Wyaga Creek crossing on the Gore Highway, north of Goondwindi, to replace the existing low-immunity culvert with a higher flood immunity bridge structure. The project will also deliver pavement widening and rehabilitation works on the approaches to the new bridge.
QLD	Gore Highway Corridor Unallocated	Road Investment	Gore Highway																Not Started	Not applicable / allocated	Unallocated.
QLD	Toowoomba to Seymour - Gore Highway (Pittsworth to Millmerran) Road Surface Rehabilitation	Road Investment	Gore Highway																Completed	Toowoomba Regional Council	The Project will deliver road surface rehabilitation treatments to the Gore Highway between Pittsworth and Millmerran, including sealing, waterproofing, reinforced seals and reinforced overlays.
QLD	Gympie Arterial Road (Strathpine Interchange)	Road Investment		35.1	17.5	50%	0.3	0.5	0.0	0.0	0.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Brisbane City Council	The Project will upgrade the interchange at Strathpine Road and Gympie Road using a diverging diamond interchange design, which will cross traffic into contra-flow conditions to create free flow turns on all movements. The Project will improve safety, reduce travel times and increase network connectivity for all road users.
QLD	Gympie Road Planning Study	Road Investment		10.0	5.0	50%	3.5	1.5	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Brisbane City Council, Moreton Bay Regional Council	This project will deliver a planning study to remove blockages and ease congestion along Gympie Road.
QLD	Injure Road Upgrade	Road Investment		5.9	4.7	80%	3.8	0.7	0.0	0.0	4.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Maranoa Regional Council	This project includes upgrades to high priority sections of the Injure Road, including sealing and widening works.
QLD	Inland Freight Route (Mungindi to Charters Towers) Upgrades	Road Investment		1,000.0	800.0	80%	70.0	18.3	38.8	42.9	170.0	154.6	225.3	140.7	43.0	66.4	0.0	630.0	Under Construction	Maranoa Regional Council, Central Highlands Regional Council, Charters Towers Regional Council, Isaac Regional Council, Maranoa Regional Council	This project will deliver a long-term program of priority works between Mungindi on the New South Wales border and Charters Towers to be determined by the Australian and Queensland Governments. This will provide an alternative to the Bruce Highway.
QLD	Ipswich Motorway - Rocklea to Darra	Road Investment		394.4	197.2	50%	6.3	0.0	0.0	0.0	6.3	0.0	0.0	30.4	0.0	0.0	0.0	30.4	Completed	Brisbane City Council	The project involves a motorway upgrade to three lanes between Granard Road and Osley Road, a northern service road across Osley Creek and improvements to ramps. It will also see an extension to Boundary Road to connect the two industrial areas of Rocklea and Carole Park.
QLD	Ipswich to Springfield Options Analysis	Rail Investment		2.5	1.0	40%	0.8	0.0	0.0	0.0	0.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Ipswich City Council	Planning for future a public transport line between Ipswich and Springfield via Ripley
QLD	Ipswich-Springfield Detailed Business Case	Rail Investment		7.5	3.4	45%	0.6	1.2	1.6	0.0	3.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Ipswich City Council	This project will deliver a business case and further planning for the Springfield Central to Ipswich Central public transport corridor.
QLD	John Peterson Bridge Upgrade, Mundubbera	Road Investment		34.3	27.5	80%	6.5	0.2	0.2	1.4	8.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	North Burnett Regional Council	This project will demolish the existing bridge and replace it with a concrete bridge on a new alignment. As part of the realignment of the bridge, the project will also upgrade four intersections and four property accesses as well as deliver 11 new culvert structures.
QLD	Kennedy Highway - Barron River Bridge	Road Investment		490.0	245.0	50%	3.3	27.2	14.5	61.0	106.0	36.1	51.5	51.5	0.0	0.0	0.0	139.0	In Planning	Mareeba Shire Council	The project will replace the existing bridge over the Barron River located on the Kennedy Highway near Kuranda.
QLD	Kuranda Range Road Upgrade	Road Investment		262.5	210.0	80%	2.9	13.1	97.4	50.6	163.9	25.8	19.2	0.0	0.0	0.0	0.0	45.0	In Planning	Cairns Regional Council, Mareeba Shire Council	This project will upgrade Kuranda Range Road between Smithfield and Kuranda.
QLD	Lindum Rail Crossing Upgrade	Road Investment		105.0	85.0	81%	5.0	37.7	33.5	0.0	76.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Brisbane City Council	This project will upgrade the Lindum Rail Crossing at Kinsawah Road in Wynnum West.
QLD	Logan and Gold Coast Faster Rail	Rail Investment		5,750.2	2,875.1	50%	292.0	365.0	385.0	411.2	1,453.2	460.8	338.2	194.9	0.0	0.0	0.0	993.9	In Planning	Brisbane City Council, Gympie Regional Council, Logan City Council, Noosa Council, Sunshine Coast Council	The project will deliver upgrades to the rail line between Kuraby and Beenleigh, including doubling capacity from two to four tracks, track realignment, station upgrades and relocation, level crossing removals, and active transport provisions.
QLD	M1 Pacific Motorway	Road Investment	M1 Pacific Motorway	2,908.9	1,693.3	58%	86.8	13.4	38.8	0.0	139.1	0.0	10.0	0.0	0.0	0.0	3.5	13.5	In Progress	Not applicable / allocated	The M1 Pacific Motorway corridor is broadly along the National Land Transport Network in Queensland between the M1/M3 merge and the border with NSW at Coolangatta. There are currently 7 projects in the corridor: - M1 Pacific Motorway - Varsity Lakes to Tugun - M1 Pacific Motorway Unallocated - M1 Pacific Motorway Upgrade Program - Exit 41 and Exit 49 - M1 Pacific Motorway Upgrade Program - Exit 45 - M1 Pacific Motorway Upgrade Program - Gateway Motorway / Pacific Motorway Merge - M1 Pacific Motorway Upgrade Program - Mudgeraba to Varsity Lakes Upgrade - M1 Pacific Motorway: Eight Mile Plains to Daisy Hill
QLD	M1 Pacific Motorway - Varsity Lakes to Tugun	Road Investment	M1 Pacific Motorway																Completed	City of Gold Coast	The project will upgrade the 10km section of the Pacific Motorway between Varsity Lakes (Exit 84) to Tugun (Exit 95) from four to six lanes on both the north and southbound lanes. It will also include ramp upgrades with ramp controls, auxiliary lanes, bridge improvements, pavement reconstruction works, and better active transport connectivity between centres. These works will be undertaken under construction packages A, B and C of the project.
QLD	M1 Pacific Motorway Unallocated	Road Investment	M1 Pacific Motorway																Not Started	Not applicable / allocated	unallocated.
QLD	M1 Pacific Motorway Upgrade Program - Exit 41 and Exit 49	Road Investment	M1 Pacific Motorway																Completed	City of Gold Coast	The project will include development and delivery activities for the upgrade of Exit 41 on the M1 Pacific Motorway, including the upgrade of two existing roundabouts on Cuthbert Drive and Lahrs Road into signalised 4-way intersections, active transport and signalised pedestrian crossings, implementation of smart motorways technology on on/off ramps. The Computer Road Overpass will be duplicated and include two traffic lanes, cycle lane, and shared cycle / pedestrian footpath.
QLD	M1 Pacific Motorway Upgrade Program - Exit 45	Road Investment	M1 Pacific Motorway																Closed	City of Gold Coast	The project will also include development and delivery activities for the upgrade of Exit 49 on the M1 Pacific Motorway, including the upgrade of two existing roundabouts on both sides of the motorway into signalised 4-way intersections to accommodate existing and future traffic volumes, the upgrade of on and off-ramps with smart motorways technology, and the duplication of the over-bridge to include four traffic lanes, cycle lane and a shared cycle / pedestrian footpath.
QLD	M1 Pacific Motorway Upgrade Program - Exit 45	Road Investment	M1 Pacific Motorway																Closed	City of Gold Coast	This project will upgrade the southbound off-ramp at Exit 45 on the M1 Pacific Motorway. The project will include: construction of a new southbound off-ramp to Lahrs Road, removal of the southbound off-ramp leg from the eastern roundabout, construction of a new signalised intersection at Lahrs Road and Zupp Drive, provision of a two-metre bicycle lane on the eastern side of Lahrs Road, duplication to four lanes between the intersection of Lahrs Road and Zupp Drive (including an auxiliary left-turn lane into Zupp Drive), and new signalised metering for the Creek Street, Eggenford Road and Lahrs Road approaches to the eastern roundabout.
QLD	M1 Pacific Motorway Upgrade Program - Gateway Motorway / Pacific Motorway Merge	Road Investment	M1 Pacific Motorway																Closed	Brisbane City Council, Logan City Council	The project involves a major upgrade of the southbound lanes of the section of the M1 Pacific Motorway where it merges with the southbound lanes of the Gateway Motorway. The project will also include provision of a new bus only ramp from School Road running under a new bridge at Underwood Road and merging with the Pacific Motorway south of Underwood Road with managed motorway infrastructure including closed circuit television and vehicle detection installed on on-ramps and off-ramps.
QLD	M1 Pacific Motorway Upgrade Program - Mudgeraba to Varsity Lakes Upgrade	Road Investment	M1 Pacific Motorway																Closed	City of Gold Coast	The Project will widen 5.7km of the motorway from two lanes to three lanes in each direction, including a central median and safety barriers for the entire project section. The Project will also upgrade entry and exit ramps to meet current design standards and to accommodate the installation of managed motorway systems. The northbound Mudgeraba Creek and Mudgeraba Creek overpass bridges are to be reconstructed and a new bridge to be constructed at Stapley Drive. An auxiliary lane will be provided in the northbound direction between the Robins entry ramp (Exit 82) and Link Way exit ramp (Exit 80) to increase safety and capacity to accommodate weaver movements on the motorway.
QLD	M1 Pacific Motorway: Eight Mile Plains to Daisy Hill	Road Investment	M1 Pacific Motorway																Completed	Brisbane City Council, Logan City Council	This project will upgrade 8.5 kilometres on the section of the of the Pacific Motorway between Eight Mile Plains and Daisy Hill, which includes widening the motorway from six to eight lanes with further auxiliary lanes, ramp consolidation, managed motorways technology, extending the busway to Springfield, and better active transport connectivity between centres. This will include the construction of southbound motorway works to Carol Avenue (including the southbound Logan Road bridges) and the northbound motorway works from Carlyle Street.
QLD	M1 Pacific Motorway - Daisy Hill to Logan Motorway	Road Investment		100.0	50.0	50%	0.0	0.0	0.0	0.0	0.0	20.0	0.0	0.0	0.0	0.0	0.0	20.0	In Progress	Logan City Council	This project will upgrade the section of the Pacific Motorway between Daisy Hill and Logan Motorway and will address traffic congestion and safety issues along that corridor. The scoping phase will assess the transport requirements and develop a business case to consider upgrade options.
QLD	Maranoa Regional Council - Bollon Rd Bitumen Extension, Mitchell	Road Investment - Remote Roads Upgrade Pilot Prog		15.0	12.0	80%	6.0	0.0	0.0	0.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Maranoa Regional Council	Bitumen extension to Bollon Road starting north of the Gunmawarra Road Intersection and extending 12.9km south (change 71.60 to 84.50)
QLD	Maranoa Regional Council - Strategic Bitumen Extensions to Maranoa, Mitchell	Road Investment - Remote Roads Upgrade Pilot Prog		15.0	12.0	80%	6.0	0.0	0.0	0.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Maranoa Regional Council	Bitumen extensions to Council's Local Roads of Regional Significance (LRRS) Network: Bollon Road (3.82km from the end of the Bollon Road Bitumen Extension); Redford Road (4.8km from existing bitumen to the Mt Elliott Road Intersection); and Yuleba Surst Road (5.5km towards Carnarvon Highway)
QLD	Maryborough-Hervey Bay Road and Pialba-Burrum Heads Road Intersection Upgrade	Road Investment		44.1	35.3	80%	3.7	14.6	17.0	0.0	35.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Fraser Coast Regional Council	This project is expected to include: • Duplication of Pialba-Burrum Heads Road to four lanes, between Scrub Hill Road and Maryborough-Hervey Bay Road; • Duplication of Maryborough-Hervey Bay Road from Unrowen Road to Pialba-Burrum Heads Road; • Signalisation of the Maryborough-Hervey Bay Road/Pialba-Burrum Heads Road intersection.
QLD	Moggill Road Corridor Upgrade	Road Investment		257.0	128.5	50%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Brisbane City Council	This project will replace Indorooipilly Roundabout with an overpass over Moggill Road and signalised intersection at Conan Street and Moggill Road. The project will also upgrade the existing service road to connect Moggill Road with Conan Street Bridge, remove the intersection at Nelson Parade, provide new on-road cycling facilities along Moggill Road between Payne Street and Indorooipilly Shopping Centre, and provide footpaths through the project area.
QLD	Mooloolaba Access Upgrade	Road Investment		25.3	12.0	47%	0.1	0.0	0.0	0.0	0.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Sunshine Coast Council	The Project will construct a new bridge over Mayes Canal to accommodate four lanes and duplicate the 350-metre two-lane section of Brisbane Road from Mayes Canal Bridge to the intersection of Foote Street and Tarcoola Avenue.
QLD	Mt Lindsay Highway - Johanna Street to South Street	Road Investment		95.0	63.4	67%	25.9	17.5	0.0	0.0	43.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Logan City Council	This project will duplicate the Mt Lindsay Highway from two lanes to four lanes between the Johanna Street and South Street intersections in Jimboomba to meet future traffic demand. The project will also upgrade the intersections of the Mount Lindsay Highway at Johanna Street and South Street, remove the Spring Street intersection and deliver improvements to active transport infrastructure.
QLD	Myola Road Upgrade	Road Investment		1.9	1.5	80%	1.5	0.0	0.0	0.0	1.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Charters Towers Regional Council	This project includes progressive sealing on the Myola Road.

QLD	Quay Street Upgrade, Bundaberg	Road Investment		TBD	32.0	100%	0.0	0.0	0.0	0.0	0.0	0.0	32.0	0.0	0.0	0.0	0.0	32.0	In Planning	Bundaberg Regional Council	This project will divert traffic away from Quay Street and around the CBD of Bundaberg.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
QLD	Queensland Beef Corridors	Road Investment		500.1	400.1	80%	10.2	32.5	49.2	49.4	141.2	75.0	67.2	60.0	52.9	0.0	0.0	255.1	Under Construction	Banana Shire Council, Barcaldine Regional Council, Central Highlands Regional Council, Gladstone Regional Council, Isaac Regional Council, Rockhampton Regional Council, Woorabinda Aboriginal Council	Targeted upgrades to key roads necessary for transporting cattle to improve the reliability, productivity and resilience of cattle supply chains in northern Australia, thereby reducing freight costs and strengthening links to markets.
QLD	Regional Economic Enabling Fund	Road Investment		163.1	130.4	80%	0.0	0.6	0.2	2.4	3.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Balonne Shire Council, Barcaldine Regional Council, Barcoo Shire Council, Bulloo Shire Council, Burke Shire Council, Cairns Regional Council, Central Highlands Regional Council, Diamantina Shire Council, Flinders Shire Council, Gladstone Regional Council, Ipswich City Council, Isaac Regional Council, Livingstone Shire Council, Longreach Regional Council, Mackay Regional Council, Maranoa Regional Council, Mount Isa City Council, Murweh Shire Council, North Burnett Regional Council, Paroo Shire Council, Quipie Shire Council, Richmond Shire Council, Rockhampton Regional Council, Somerset Regional Council, Townsville City Council, Western Downs Regional Council, Winton Shire Council	The Regional Economic and Enabling Fund is a package of projects that will deliver works including progressive sealing, pavement strengthening and widening and bridge and floodway upgrades across remote, rural and regional Queensland.
QLD	Regional Level Crossing Upgrade Fund - QLD	Road Investment		100.0	50.0	50%	7.3	42.7	0.0	0.0	50.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Upgrade 50 regional railway level crossings as listed in Queensland's Round 2 Project Proposal Report.
QLD	Relocation of Loganlea Station	Rail Investment		173.8	89.4	51%	33.7	24.8	0.0	0.0	58.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Logan City Council	The project will relocate Loganlea Station to allow for upgraded line capacity and position the station closer to the local health and education precinct.
QLD	Riverway Drive Stage 2 (Allambie Lane - Dunlop Street)	Road Investment		95.0	76.0	80%	24.3	25.4	0.0	0.0	49.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Townsville City Council	This project will upgrade Riverway Drive, Townsville between Allambie Lane and Dunlop Street, including safety upgrades on a 3.1 kilometre section between Allambie Lane and Dunlop Street, duplication of a 1.6 kilometre section between Allambie Lane and Hammond Way, and three signalised intersections between Allambie Lane and Dunlop Street.
QLD	Road Safety Program additional funding - QLD	Road Investment		511.5	255.8	50%	17.9	7.7	0.0	0.0	25.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	Projects delivered under the Program will enable road safety infrastructure treatments to reduce fatal and serious injury crashes on Queensland roads. Treatments may include safety barriers, audio tactile line marking, intersection upgrades, sealing of road shoulders, and pedestrian and cycleway improvements.
QLD	Salisbury to Beaudesert rail business case	Major Project Business Case Fund (Rail)		20.0	10.0	50%	0.6	1.0	0.6	6.1	8.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Brisbane City Council, Logan City Council, SerVIC, Arm Regional Council	The business case will investigate options on the proposed 54 kilometre Salisbury to Beaudesert Rail Corridor to meet future transport demand. The scoping phase will deliver a strategic business case, including a Strategic Assessment of Service Requirement and Preliminary Evaluation.
QLD	SEQ Growth/ Brisbane Olympic and Paralympic Games 2032 - Business Case Development	Road Investment		49.9	22.5	45%	9.3	1.5	0.9	0.0	11.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Brisbane City Council	Program of priority planning works including business cases for further planning on M1 Pacific Motorway, Sunshine Coast Road priorities, business case for Sunshine Coast Public Transport, Preliminary Evaluation and Business Case for Ipswich Motorway (Dixie to Darra).
QLD	Shute Harbour Road Upgrades	Road Investment		63.7	31.9	50%	9.5	5.5	6.7	0.0	21.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Whitsunday Regional Council	Stage 1 of the Project involves widening approximately 700 metres of the Prosperpine Shute Harbour Road between Paluma Road and Valley Drive to a four-lane divided carriageway, including undertaking associated intersection upgrades. Stage 2 of the Project will deliver upgrades to 1.4 kilometres of the Hamilton Plains section of Prosperpine Shute Harbour Road, including road widening, a raised road level and other associated flood immunity treatments.
QLD	Southern Gateway Strategic Corridor Planning	Major Project Business Case Fund (Road)		1.0	0.4	40%	0.4	0.0	0.0	0.0	0.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Logan City Council	The project will undertake a strategic assessment of a proposed transport corridor to connect communities in Park Ridge, Flagstone and Yarrabilba with a direct link to the Logan and Gateway Motorways.
QLD	Southern Sunshine Coast Roads Improvement Study	Major Project Business Case Fund (Road)		6.3	5.0	80%	0.1	0.0	0.0	0.0	0.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Sunshine Coast Council	The Project will provide a network assessment to identify deficiencies and upgrade needs in the Southern Sunshine Coast area to provide options for future road upgrades that will aim to improve safety, network resilience and efficiency. The Project will also deliver business cases for two priority projects: Kawana Motorway – Mooloolah River Interchange to Kawana Way Link Road and Caloundra Road/Kawana Way Link Road/Belly Creek Arterial Road Intersection.
QLD	Story Bridge Renewal Business Case	Major Project Business Case Fund (Road)		4.7	2.3	48%	2.3	0.0	0.0	0.0	2.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Brisbane City Council	The project will determine the scope of works required for the restoration, costings and future maintenance of Story Bridge.
QLD	Toowoomba Second Range Crossing	Road Investment		780	552.0	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	54.4	0.0	0.0	0.0	54.4	Completed	Lockyer Valley Regional Council, Toowoomba Regional Council	The Toowoomba Second Range Crossing project involves: - the construction of a bypass route to the north of Toowoomba, approximately 41 kilometres in length, running from the Warrego Highway at Heldon in the east, to the Gore Highway at Athol in the west; and - a heavy vehicle breakdown facility at the Gatton-Esk interchange on the Warrego Highway.
QLD	Toowoomba Second Range Crossing - Asset Recycling Fund	Road Investment		780	585.0	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Toowoomba Regional Council	The Toowoomba Second Range Crossing project involves: - the construction of a bypass route to the north of Toowoomba, approximately 41 kilometres in length, running from the Warrego Highway at Heldon in the east, to the Gore Highway at Athol in the west; and - a heavy vehicle breakdown facility at the Gatton-Esk interchange on the Warrego Highway.
QLD	Toowoomba to Brisbane Passenger Rail Business Case	Major Project Business Case Fund (Rail)		15.0	15.0	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	12.7	0.0	0.0	0.0	12.7	Completed	Brisbane City Council, Ipswich City Council, Lockyer Valley Regional Council, Toowoomba Regional Council	The project will investigate options for passenger services from Brisbane to Toowoomba.
QLD	Torbanlea Pialba Road Upgrade	Road Investment		50.4	33.5	66%	0.6	0.0	0.0	0.0	0.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Fraser Coast Regional Council	The project will upgrade targeted sections of Torbanlea Pialba Road, including culvert and intersection upgrades, road realignment and construction of a new bridge over Beelbi Creek.
QLD	Townsville Eastern Access Rail Corridor - Planning and Preservation	Rail Investment		12.5	6.3	50%	0.0	0.0	0.0	0.0	0.0	4.0	0.0	0.0	0.0	0.0	0.0	4.0	In Progress	Townsville City Council	The purpose of this Project is to complete the planning and preservation of the corridor, including the development of a business case, to enable the future construction of a new 8.3 kilometre rail freight line from the southern outskirts of Townsville directly connecting the North Coast Rail Line to the Port of Townsville.
QLD	Warrego Highway	Road Investment	Warrego Highway	651.4	470.4	72%	29.8	27.8	15.0	30.0	102.5	30.0	24.3	84.3	92.0	80.0	53.4	363.9	In Progress	Not applicable / allocated	The Warrego Highway corridor is broadly along the National Land Transport Network in Queensland from the intersection with the Cunningham Highway to the Mitchell Highway intersection at Charleville. There are currently 4 projects in the corridor: - Warrego Highway - Bremer River Bridge (Westbound) Strengthening - Warrego Highway - Mt Crosby Road Interchange planning - Warrego Highway - Mt Crosby Road Interchange upgrade - Warrego Highway Corridor Unallocated
QLD	Warrego Highway - Bremer River Bridge (Westbound) Strengthening	Road Investment	Warrego Highway																In Planning	Ipswich City Council	The project will strengthen the Bremer River Bridge (Westbound) on the Warrego Highway.
QLD	Warrego Highway - Mt Crosby Road Interchange planning	Road Investment	Warrego Highway																Completed	Ipswich City Council	The project will undertake the scoping phase of the Warrego Highway - Mt Crosby Road Interchange upgrade and will include community consultation, options analysis and the development of a business case in order to provide a more efficient, safe and reliable national highway network for regional and interstate freight and general traffic.
QLD	Warrego Highway - Mt Crosby Road Interchange upgrade	Road Investment	Warrego Highway																In Planning	Ipswich City Council	The project involves the construction of a new two-lane bridge across Warrego Highway including a new service road and ramps, extension of existing ramps on the Mount Crosby Road bridge and provision of new active transport infrastructure.
QLD	Warrego Highway Corridor Unallocated	Road Investment	Warrego Highway																Not Started	Not applicable / allocated	Unallocated
QLD	Winton-Jundah Road Progressive Sealing	Road Investment		16.2	13.0	80%	7.2	4.6	1.1	0.0	13.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Barcoo Shire Council, Winton Shire Council	This project will progressively seal the Winton-Jundah Road and will include associated works such as reconstruction and grid improvements.
QLD	Yepoon Road Upgrade	Road Investment		155.0	108.0	70%	17.4	5.6	0.0	2.0	25.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Livingstone Shire Council	Detailed design, development and construction of the project that includes duplication of around 5.6km of Yepoon Road between Iron Pot Road and Old Byfield Road, reconstruction of the existing roadway, reconfiguration of intersections, upgrade and reconfiguration of access and drainage works.
QLD	Youngs Crossing Road, Lawnton	Road Investment		131.3	51.6	39%	7.8	37.9	0.0	0.0	45.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Moreton Bay Regional Council	The project will upgrade Youngs Crossing Road in Lawnton.
WA	Abernethy Road, Kewdale	Road Investment		10.0	5.0	50%	0.9	0.0	0.0	0.0	0.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Kalamunda, City Of Swan	This project will deliver the design, development and early works to upgrade three kilometres of Abernethy Road to a dual carriageway from Avonide Crescent to Adelaide Street.
WA	Agricultural Supply Chain Improvements (ASCI)	Rail Investment		200.0	160.0	80%	31.2	33.6	73.3	0.0	138.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Albany, City Of Greater Geraldton, City Of Kalbarrie-Boulder, Morawa Shire Council, Mt Magnet Shire Council, Narembeen Shire Council, Shire Of Beverley, Shire Of Brookton, Shire Of Broomfield-Tambellup, Shire Of Bruce Rock, Shire Of Canamrah, Shire Of Chapman Valley, Shire Of Chitterling, Shire Of Coolgardie, Shire Of Coorow, Shire Of Corrigin, Shire Of Cranbrook, Shire Of Cuballing, Shire Of Cue, Shire Of Cunderdin, Shire Of Dalwallinu, Shire Of Dardanup, Shire Of Denmark, Shire Of Dowerin, Shire Of Dumbleyung, Shire Of Dundas, Shire Of Esperance, Shire Of Gingin, Shire Of Gnowangerup, Shire Of Goomalling, Shire Of Irwin, Shire Of Jeramungup, Shire Of Katanning, Shire Of Kellerberrin, Shire Of Kent, Shire Of Kojonup, Shire Of Kondinin, Shire Of Koorda, Shire Of Kulin, Shire Of Lake Grace, Shire Of Laverton, Shire Of Leonora, Shire Of Meekatharra, Shire Of Menzies, Shire Of Merredin, Shire Of Mingenew, Shire Of Moora, Shire Of Mt Marshall, Shire Of Mukinbudin, Shire Of Murchison, Shire Of Narraggin, Shire Of Nganyanjarraku, Shire Of Northam, Shire Of Northampton, Shire Of Nungahin, Shire Of Perenjori, Shire Of Pingelly, Shire Of Plantagenet, Shire Of Quairading, Shire Of Ravensthorpe, Shire Of Sandstone, Shire Of Tammin, Shire Of Three Springs, Shire Of Toodyay, Shire Of York	This project will upgrade transport infrastructure in the agricultural regions of WA. Excluded purposes: Payment of costs for the transport of materials and construction for the Midland Line upgrade.
WA	Albany Ring Road	Road Investment		215.8	172.6	80%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Albany	Phase one of the project includes upgrades to approximately 3km of road into dual carriageway from Albany Highway to Lancaster Road, the construction of a grade separation at Albany Highway, and a minor realignment to tie into previously completed 2007 works.
WA	Brand Highway (Muchea to Gingin) Pavement Rehabilitation and Widening	Road Investment		25.0	20.0	80%	1.0	0.0	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Shire Of Chitterling, Shire Of Gingin	Phase two of the project includes upgrades of approximately 8km of road into dual carriageway from Lancaster Road to Princess Royal Drive, two new grade separations at South Coast Highway and Hannashan Road, and tie-ins to Phase one of this Project and at Princess Royal Drive. It also includes the installation of local road, emergency access ways, and driveway treatments to maintain access to properties.
WA	Broom-Cape Leveque Road Upgrading and Community Access Roads	Road Investment		20.0	16.0	80%	0.4	0.0	0.0	0.0	0.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Shire Of Broom	The project involves the reconstruction and sealing of the first approximately 13km of Broom-Cape Leveque Road (including the construction of a roundabout), the reconstruction and sealing of approximately 2km of Trochus Hatchery Access Road, and the upgrading of Lombadina Djarindjin Road.
WA	Bunbury Outer Ring Road (stages 2 and 3)	Road Investment		1,464.7	1,108.0	76%	5.0	0.0	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Bunbury, Shire Of Capel, Shire Of Dardanup, Shire Of Harvey	The project will construct a northern connection (Stage 2) to Forrest Highway and a southern connection (Stage 3) to Bussett Highway from the existing Bunbury Outer Ring Road Stage 1 link, and includes the construction of the Willinger Drive extension.
WA	Bussett Highway Duplication - Stages 1 and 2	Road Investment		125.0	100.0	80%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Bussetton, Shire Of Capel	The project's delivery phase activities also include the construction of bridges, intersections and connecting roads along the Bunbury Outer Ring Road. The Project will duplicate approximately 18 km between Capel and Bussetton, to align with the rest of the Bussett Highway between Bunbury and Bussetton, which is a standard dual carriageway. The Project will be constructed in two stages: • Stage One - construct approximately 5.5 km of second carriageway between Capel to Hutton Road, including upgrading the existing carriageway, and upgrading three intersections to tie into the second carriageway, and • Stage Two - construct approximately 12.4 km of second carriageway between Hutton Road to Bussetton, including upgrading the existing carriageway, upgrading four intersections to tie into the second carriageway, and upgrading three bridges.
WA	Chidlow-York Road and Forrest Street Intersection Upgrade	Road Investment		10.0	8.0	80%	2.8	2.0	0.4	0.0	5.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Shire Of York	Widening and intersection works to allow RAV4 (Restricted Access Vehicle) heavy vehicle access to the York Light Industrial Area.
WA	Duncan Road and Gordon Downs Road Upgrade	Road Investment		51.0	40.8	80%	3.5	4.3	0.6	0.0	8.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Shire Of Halls Creek	The project will progressively upgrade priority sections of Duncan Road and Gordon Downs Road including road and drainage improvements, sealing of flood ways and gravel sheeting.
WA	Electric Bus Charging Infrastructure	Road Investment		125.0	125.0	100%	40.0	25.0	25.0	0.0	90.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Bayswater, City Of Canning, City Of Cockburn, City Of Joondalup, City Of Perth, City Of Stirling, City Of Swan	The project will invest in the delivery of a new electric bus network for Perth through upgrades to bus depots and the installation of solar panels, batteries and bus charging infrastructure.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects																					
Projects reflect profiles as at 2025-26 MYEFO.																					
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.																					
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).																					
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.																					
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, PEFO 2025 and 2025-26 MYEFO.																					
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).																					
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.																					
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.																					
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.																					
Completed projects are included where final payments are to be made (awaiting project closure report).																					
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.																					
State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
WA	Erindale Road-Reid Highway Business Case, Hammersley	Road Investment		2.5	2.0	80%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Stirling	The Australian Government will provide funding towards the development of a business case for the upgrade of the intersection at Erindale Road and Reid Highway in Hammersley.
WA	Exmouth Roads Package - Minilya-Exmouth Road Widening	Road Investment		16.2	13.0	80%	1.9	0.0	0.0	0.0	1.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Shire Of Carnarvon, Shire Of Exmouth	The Project will undertake seal widening in two sections on Minilya-Exmouth Road: • Section 1A: Widen formation and seal approximately 4.25 km of road to a 9m wide seal, including 2 x 3.5m lanes and 2 x 1m sealed shoulders. • Section 2: this section is approximately 18 km in length and is approximately 87 km south of Exmouth.
WA	Expanding Perth's ferry network	Road Investment		120.0	60.0	50%	2.0	40.0	15.0	3.0	60.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Not Started	City Of Bayswater, City Of Belmont, City Of Melville, City Of Perth, Town Of Victoria Park	The project will deliver an expansion to Perth's Swan River ferry network, with two new terminals at Applecross and the University of Western Australia. The project will also deliver planning and design for a future extension of the network including consideration of potential new stops in key riverside locations such as Maylands, Point Fraser, Burwood, Optus Stadium, Chislebrook, Belmont and Riverside.
WA	Flynn Drive Upgrade, Neerabup	Road Investment		22.5	2.5	11%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	City Of Wanneroo	The Project involves detailed design for approximately 5.8 kilometres of dual carriageway on Flynn Drive between Wanneroo Road and Old Yanchep Road and duplication of approximately 3.8 kilometres of Flynn Drive between Wanneroo Road and Pinjar Road as well as shared paths and cycle lanes, to be delivered in stages: - Construction stage 1 – construct 2.0 kilometres of dual carriageway between Wanneroo Road and Tranquil Drive - Construction stage 2 – construct 1.05 kilometres of dual carriageway between Tranquil Drive and Mather Drive - Construction stage 3 – construct 0.77 kilometres of dual carriageway between Mather Drive and Pinjar Road.
WA	Forrest Highway (Vitoria Road) - New Intersection and Road Connection	Road Investment		20.0	16.0	80%	13.8	2.2	0.0	0.0	16.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	City Of Bunbury	A new intersection will be constructed along Forrest Highway, south of Vitoria Road, along with a new road connection into the Glen Iris development precinct. The new intersection and road connection will address current pedestrian, traffic and road safety issues associated with travelling along Forrest Highway and accessing the Glen Iris development precinct, the Bunbury Farmers Market and local schools. The project will also support future development opportunities in the Glen Iris development precinct, improve access to Bunbury Port, promote efficient traffic movement along Forrest Highway, and support regional development opportunities for the region.
WA	Freight Vehicle Productivity Improvements Program	Road Investment		50.0	40.0	80%	23.3	0.5	0.0	0.0	23.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Bunbury, Shire Of Ashburton, Shire Of Dalwallinu, Shire Of East Pilbara, Shire Of Exmouth, Shire Of Leonora, Shire Of Northam, Shire Of Northampton, Shire Of Yalgoo, Town Of Port Hedland	The project will improve heavy vehicle productivity including the construction of overtaking lanes, upgrades of intersections, as well as heavy vehicle rest and assembly areas across multiple rural locations within the Western Australian freight network.
WA	Fremantle Traffic Bridge (Swan River Crossing)	Road Investment		430.0	215.0	50%	76.7	9.4	0.0	0.0	86.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Fremantle	This project will deliver construction of a new bridge and a Principal Shared Path across the Swan River in Fremantle.
WA	Gnangara Road Duplication	Road Investment		12.3	8.8	71%	1.0	0.9	0.0	0.0	1.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Swan	The project will upgrade Gnangara Road to a dual carriageway between Pinjar Road and Henley Brook Avenue.
WA	Gnangara Road Upgrade	Road Investment		5.5	1.6	29%	0.1	0.0	0.0	0.0	0.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Swan	The project will upgrade Gnangara Road to a dual carriageway between Henley Brook Avenue and Eglinton Drive, including intersection upgrades.
WA	Goldfields Highway (Wiluna to Meekatharra) construct and seal priority sections	Road Investment		20.0	16.0	80%	0.8	0.0	0.0	0.0	0.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Shire Of Wiluna	The Goldfields Highway between Wiluna and Meekatharra section is 180 km long, of which, 125 km remains unsealed resulting in low levels of service for freight transport, resources and tourism industries and general road users. The project will construct and seal 10km of the Goldfields Highway between Wiluna and Meekatharra at two priority locations.
WA	Great Eastern Highway	Road Investment	Great Eastern Highway	290.5	232.4	80%	48.8	32.0	0.0	0.0	80.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The Great Eastern Highway along the National Land Transport Network in Western Australia between Perth to Kalgoorlie. There are currently 2 projects in the corridor: - Great Eastern Highway - Walgoolan Southern Cross and Coates Gully - Great Eastern Highway Upgrades - Coates Gully, Walgoolan to Southern Cross and Ghooli to Benari
WA	Great Eastern Highway - Walgoolan Southern Cross and Coates Gully	Road Investment	Great Eastern Highway																Completed	Shire Of Northam, Shire Of Westonia, Shire Of Yilgarn	The project will upgrade two sections of the Great Eastern Highway: Walgoolan to Southern Cross: construction of Bridge 0629A and approximately one kilometre of road upgrades; and Coates Gully Section: replace bridge 0605, 0606 and 0607 including the road approaches.
WA	Great Eastern Highway Upgrades - Coates Gully, Walgoolan to Southern Cross and Ghooli to Benari	Road Investment	Great Eastern Highway																Under Construction	Shire Of Coolgardie, Shire Of Northam, Shire Of Westonia, Shire Of Yilgarn	The project involves upgrading the Great Eastern Highway at Coates Gully, Walgoolan to Southern Cross, and Ghooli to Benari. Project works include realignments of sub-standard curves, intersection improvements, provision of passing lanes and seal widening.
WA	Great Northern Highway	Road Investment	Great Northern Highway	565.2	376.8	67%	51.2	58.4	12.5	0.0	122.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The Great Northern Highway along the National Land Transport Network in Western Australia between Meekatharra to Kununurra. There are currently 8 projects in the corridor: - Great Northern Highway - Brooking Channel Bridge Replacement - Great Northern Highway - Broome to Kununurra (Deep Creek, Logue River and Worjil) - Great Northern Highway - Broome to Kununurra (Nellie Springs to Sally Downs Well and Arthur Creek) - Great Northern Highway - Fitzroy to Gogo (Kimberley Resilience Program) - Great Northern Highway - Port Hedland Airport Deviation - Great Northern Highway Upgrade - Newman to Port Hedland Overtaking Lanes - Great Northern Highway Upgrade - Ord River North Section, Stage 3 - Great Northern Highway Upgrade Ord River North Section (Stage 2)
WA	Great Northern Highway - Brooking Channel Bridge Replacement	Road Investment	Great Northern Highway																Completed	Shire Of Derby/West Kimberley	This project will upgrade the Great Northern Highway with the construction of a 2 lane bridge over the Brooking Channel at Fitzroy Crossing.
WA	Great Northern Highway - Broome to Kununurra (Deep Creek, Logue River and Worjil)	Road Investment	Great Northern Highway																Under Construction	Shire Of Broome, Shire Of Derby/West Kimberley	The project involves upgrading approximately 33 kilometres of the Great Northern Highway between Roebuck and Fitzroy Crossing including rehabilitation and widening of existing pavement on various sections, improvements to the road formation and drainage, construction of a heavy vehicle parking bay and road signs, safety barriers and road marking.
WA	Great Northern Highway - Broome to Kununurra (Nellie Springs to Sally Downs Well and Arthur Creek)	Road Investment	Great Northern Highway																Under Construction	Shire Of Halls Creek, Shire Of Wyndham East Kimberley	The project will upgrade the Great Northern Highway by replacing a single lane structure at Arthur Creek, and upgrading four floodways between Nellie Springs and Sally Downs Well.
WA	Great Northern Highway - Fitzroy to Gogo (Kimberley Resilience Program)	Northern Australia Roads	Great Northern Highway																In Planning	Shire Of Derby/West Kimberley	The project will upgrade the Great Northern Highway with 11km of road reconstruction and replacement of 2 Single Lane Bridges (Two Mile Creek and Blue Bush Creek) along the Fitzroy to Gogo section.
WA	Great Northern Highway - Port Hedland Airport Deviation	Road Investment	Great Northern Highway																Completed	Town Of Port Hedland	The project will construct a five kilometre single carriageway to realign the Great Northern Highway away from the Port Hedland International Airport, construct a single-span concrete road bridge over a duplicated rail line, construct two access roads and relocate a tourist information bay.
WA	Great Northern Highway Upgrade - Newman to Port Hedland Overtaking Lanes	Road Investment	Great Northern Highway																Under Construction	Shire Of Ashburton, Shire Of East Pilbara, Town Of Port Hedland	Construction of up to 18 high priority overtaking lanes along Great Northern Highway from Newman to Port Hedland.
WA	Great Northern Highway Upgrade - Ord River North Section, Stage 3	Road Investment	Great Northern Highway																Completed	Shire Of Halls Creek	The project will comprise of two stages: Stage 3a: Includes widening and overlay, reconstruction and realignment of the Great Northern Highway, replacing and extending culverts, improving off-road drainage, and constructing road safety barriers as required between SLK 2937.95 to 2939.20. Stage 3b: Includes widening and overlay, reconstruction and realignment of the Great Northern Highway between SLK 2941.15 to 2950.05, incorporation of a north bound passing lane and Frog Hollow Bridge between SLK 2941.15 to 2950.05.
WA	Great Northern Highway Upgrade Ord River North Section (Stage 2)	Northern Australia Roads	Great Northern Highway																Completed	Shire Of Halls Creek	The project will widen and overlay 11.2 kilometres of road along the Great Northern Highway and construct a new bridge over Tickalara Creek including approach works and demolition and removal of the existing bridge.
WA	Great Northern Highway - Bindoon Bypass	Road Investment		275.0	220.0	80%	28.4	22.2	48.5	24.1	123.2	10.0	0.0	0.0	0.0	0.0	0.0	10.0	Under Construction	Shire Of Chittering, Shire Of Gingin	The project will involve bypassing Bindoon through the construction of new highway and upgrades to existing highway, including rest stops for light vehicles and road trains.
WA	Indian Ocean Drive - Jurien Bay to Brand Highway	Road Investment		55.0	44.0	80%	0.6	0.0	0.0	0.0	0.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Shire Of Carnamah, Shire Of Coorow, Shire Of Dandaragan, Shire Of Irwin	The project will realign, improve and widen seals on Indian Ocean Drive between Jurien Bay and the Brand Highway.
WA	Kalgoorlie Rail Realignment - Business Case	Rail Investment		2.5	2.0	80%	1.5	0.0	0.0	0.0	1.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	City Of Kalgoorlie-Boulder	Development of a business case for realignment of the rail line through Kalgoorlie and an intermodal terminal in Kalgoorlie.
WA	Kard Avenue Bridge over Rail	Road Investment		28.8	6.7	23%	0.0	1.9	0.0	0.0	1.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	City Of Cockburn, City Of Melville	The project will lengthen and widen the Kard Avenue Bridge.
WA	Karratha to Tom Price Upgrade	Road Investment		380.0	304.0	80%	42.0	42.0	39.8	0.0	123.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Karratha, Shire Of Ashburton	This project will deliver targeted upgrades to the Karratha to Tom Price Corridor.
WA	Kenwick Intermodal Terminal	Rail Investment		25.0	5.0	20%	0.3	0.0	0.0	0.0	0.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Gosnell	The Kenwick Intermodal Terminal will be developed at the Kenwick Rail Freight Facility. It will have an operational throughput capacity of approximately 170,000 to 200,000 twenty-foot equivalent unit of shipping containers annually.
WA	Kwinana and Mitchell Freeway Barrier Upgrades	Road Investment		57.2	28.6	50%	13.6	5.0	0.0	0.0	18.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Cockburn, City Of Joondalup, City Of Kalamunda, City Of Stirling, City Of Vincent, City Of Wanneroo, Town Of Cambridge	Upgrade approximately 22.5 kilometres of safety barriers along the median of the Mitchell and Kwinana freeways.
WA	Lakelands Station, Lakelands	Rail Investment		67.5	54.0	80%	3.0	0.0	0.0	0.0	3.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Mandurah	The project will provide funding towards construction of a train station at Lakelands in the 23 kilometre gap between Wanneroo and Mandurah Stations, on the Mandurah Line.
WA	Leach Highway / Stock Road Grade Separation (Planning and Project Development)	Road Investment		10.0	5.0	50%	4.8	0.3	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City Of Melville	This project will undertake planning and project development of a grade separation of the Leach Highway and Stock Road intersection.
WA	Leach Highway and Manning Road Interchange Upgrade	Road Investment		180.0	90.0	50%	1.0	2.0	2.0	10.0	15.0	40.0	30.0	5.0	0.0	0.0	0.0	75.0	In Planning	City Of Canning	The project will upgrade the Leach Highway and Manning Road intersection and deliver a grade-separated interchange.
WA	Lloyd Street Extension, Hazelmere	Road Investment		33.0	13.0	39%	3.0	2.5	0.0	0.0	5.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Swan	This project will deliver the design, development and early works for the extension of Lloyd Street.
WA	Mandurah Estuary Bridge Duplication	Road Investment		136.0	68.0	50%	10.8	0.5	0.0	0.0	11.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Mandurah	The project will construct a new two lane road bridge and a Principal Shared Path next to the southern side of the existing Mandurah Estuary Bridge with associated works.
WA	Mandurah Station Parking Bays	Road Investment		32.0	16.0	50%	1.3	0.0	0.0	0.0	1.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Mandurah	The project will construct additional parking facilities at Mandurah Station.
WA	METRONET	Rail Investment	METRONET	10,316.4	5,182.1	50%	597.8	259.3	25.0	40.0	922.1	20.0	5.0	95.0	0.0	0.0	0.0	120.0	In Progress	Not applicable / allocated	Future investments in the METRONET package of works in Western Australia. There are currently 12 projects in the corridor: - METRONET: Bellevue Depot Relocation - METRONET: Byford Extension - METRONET: Canning Bridge Bus Interchange - METRONET: High Capacity Signalling - METRONET: High-Capacity Signalling Program - Automatic Train Control (The "High-Capacity Signalling Project") - Stage 1 - METRONET: Midland Station Project - METRONET: Morley-Ellenbrook Line - METRONET: Morrison Road Level Crossing Removal - Planning - METRONET: Thornlie-Cockburn Link - METRONET: Unallocated - METRONET: Victoria Park-Canning Level Crossing Removal - METRONET: Yanchep Rail Extension
WA	METRONET: Bellevue Depot Relocation	Rail Investment	METRONET																Completed	City Of Gosnell, City Of Swan	The project involves the relocation of the freight facility at Bellevue to Kenwick.
WA	METRONET: Byford Extension	Rail Investment	METRONET																Completed	City Of Armadale, Shire Of Serpentine Jarrahdale	The project will extend the current Armadale Line by approximately 8 kilometres south to Byford, including the construction of a new elevated station at Armadale and a new station at Byford.
WA	METRONET: Canning Bridge Bus Interchange	Road Investment	METRONET																In Planning	City Of South Perth	An upgrade of the Bus Interchange at Canning Bridge, which is one of Perth's major public transport bus/train interchanges. The project will increase the capacity of the interchange, allow more efficient public transport scheduling in the Applecross/South Perth area, improve the safety and amenity of public transport journeys, and provide additional road capacity along the Canning Highway.
WA	METRONET: High Capacity Signalling	Rail Investment	METRONET																In Progress	City Of Bayswater, City Of Swan	The METRONET: High Capacity Signalling project will fund the construction of a Public Transport Operations Control Centre and Radio Systems Replacement works. These works form stage one of the overall High Capacity Signalling project being developed by the Public Transport Authority of WA.
WA	METRONET: High-Capacity Signalling Program - Automatic Train Control (The "High-Capacity Signalling Project") - Stage 1	Rail Investment	METRONET																In Planning	Not applicable / allocated	The High Capacity Signalling project is stage one to upgrade the existing rail signalling and control systems to an integrated, Communications-Based Train Control system.
WA	METRONET: Midland Station Project	Rail Investment	METRONET																Under Construction	City Of Swan	Construction of a new Midland Station including associated bus facilities and multi-storey car park, demolition of the existing Midland Station, closure of Helena Street level crossing, creation of a new Cole Street level crossing, and track connection into the Bellevue Depot.
WA	METRONET: Morley-Ellenbrook Line	Rail Investment	METRONET																		

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect profiles as at 2025-26 MYEFO.

Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.

The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
WA	Mid West Secondary Freight Network	Road Investment		28.0	22.4	80%	5.5	0.5	0.0	0.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Greater Geraldton, Morawa Shire Council, Mt Magnet Shire Council, Shire Of Carnamah, Shire Of Carnarvon, Shire Of Chapman Valley, Shire Of Coorow, Shire Of Cue, Shire Of Exmouth, Shire Of Irwin, Shire Of Meekatharra, Shire Of Menzies, Shire Of Mullegher, Shire Of Northampton, Shire Of Perenjori, Shire Of Sandstone, Shire Of Shark Bay, Shire Of Three Springs, Shire Of Upper Gascoyne, Shire Of Wiluna, Shire Of Yalgoo	Upgrade key grain freight routes on local roads across the Mid West Region. The prioritised work will focus on providing sealed shoulders, widening traffic lanes to safely accommodate the existing grain trucks and better signs and line marking.
WA	Mitchell Freeway	Road Investment	Mitchell Freeway	737.7	368.9	50%	1.5	0.0	0.0	0.0	1.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The Mitchell Freeway Corridor is broadly along the Mitchell Freeway in Western Australia between Alkimos and Perth. There are currently 3 projects in the corridor: - Mitchell Freeway widening (Hodges Drive to Hepburn Ave) - Stephenson Avenue Extension - Transforming Freeways - Widen and Introduction of ITS (Mitchell Freeway Southbound)
WA	Mitchell Freeway widening (Hodges Drive to Hepburn Ave)	Road Investment	Mitchell Freeway																Completed	City Of Joondalup	The project will construct an additional freeway traffic lane on Mitchell Freeway southbound, by widening into the median between Hodges Drive off-ramp and Hepburn Avenue on-ramp. It also includes widening of the on-ramps at Hodges Drive, Ocean Reef Road, Whitford Avenue, and Hepburn Avenue, to allow for future ramp metering.
WA	Stephenson Avenue Extension	Road Investment	Mitchell Freeway																Under Construction	City Of Stirling	The project involves the extension of Stephenson Avenue from Scarborough Beach Road to Cedric Street, connections to Oswald and Howe Street, a new interchange at the Mitchell Freeway, changes to the Stirling Station car park, the extension of Sarich Court to Sunray Drive (including an underpass) and a Principal Shared Path from Telford Place to Civic Place (including an underpass).
WA	Transforming Freeways - Widen and Introduction of ITS (Mitchell Freeway Southbound)	Road Investment	Mitchell Freeway																Completed	City Of Cockburn, City Of Joondalup, City Of Kwinana, City Of Mandurah, City Of Melville, City Of Perth, City Of Rockingham, City Of South Perth, City Of Stirling, City Of Vincent, City Of Wanneroo, Shire Of Murray, Town Of Cambridge	The Project will include Coordinated Ramp Signals and associated ITS on all southbound on-ramps, including ramp widening up to three lanes at the widest point, and realignment of principal shared paths, safety barriers, and drainage, as impacted by widening on-ramps. The technology includes ITS ramp metering equipment, variable speed limit signs, CCTV cameras, and dynamic signage at on-ramps and interchange approaches. It will also include the provision of emergency stopping bays on the verge side of Mitchell Freeway and the upgrade of operational traffic control systems to future-proof smart operation of the road network. The Project will be delivered in three stages, as follows: • Hester Avenue to Warwick Road (northern section) • Warwick Road to Vincent Street (southern section) • Stephenson Avenue (Stephenson section)
WA	Mitchell Freeway Extension - Hester Avenue to Romeo Road	Road Investment		249.0	124.5	50%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Wanneroo	The project will extend the Mitchell Freeway a further 5.6km from Hester Avenue to Romeo Road, signalise intersections, construct new intersections, on and off-ramps, a rail tunnel, a principal shared path and an extra 1.8km lane to Wanneroo Road from Romeo Road to Trivan Road, and upgrade existing access and service roads.
WA	Murdock Station Capacity Upgrade	Rail Investment		10.0	5.0	50%	2.0	3.0	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City Of Canning	The Project will develop a business case for a potential upgrade of Murdock Station.
WA	National Network Maintenance (WA)	Road Investment		392.3	392.3	100%	76.4	78.3	80.3	82.3	317.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Five-year road maintenance works on the National Land Transport Network under the Land Transport Infrastructure Projects 2024-2029 Schedule to the Federation Funding Agreement - Infrastructure.
WA	Neerabup Strategic Link - Flynn Drive Upgrade	Road Investment		15.0	15.0	100%	6.0	5.0	0.3	0.0	11.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City Of Wanneroo	The Project will upgrade approximately 2 kilometres of Flynn Drive from Pinjar Road to Old Yanchup Road to a dual carriageway standard. Complementary works include the installation of on-road cycle lanes, shared paths and street lighting.
WA	Nicholson Road / Garden Street Grade Separation	Road Investment		145.0	72.5	50%	52.3	20.3	0.0	0.0	72.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Goswells	Planning and construction of a traffic bridge connecting Garden Street and Nicholson Road (north leg) over the existing roundabout.
WA	Orrong Road Upgrade	Major Project Business Case Fund (Road)		20.0	10.0	50%	5.5	0.5	0.0	0.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City Of Belmont, City Of Canning, Town Of Victoria Park	The project will fund planning works for an expressway that connects the Graham Farmer Freeway to Leach Highway along Orrong Road, including the development of a business case to assess the scope, design and cost of the expressway.
WA	Outback Way - WA	Road Investment	Outback Way - WA	664.1	524.7	79%	16.5	30.5	60.0	50.0	157.0	65.0	65.0	60.0	104.5	30.0	0.0	324.5	In Progress	Not applicable / allocated	The WA portion of the Outback Way Corridor is comprised of the Great Central Road running from Laverton, WA to the WA/NT border. The Corridor is comprised of 3 projects: 1. Outback Way – WA 2. Outback Way – WA – Great Central Road Progressive Sealing 3. Outback Way Corridor Upgrade (WA) – Great Central Road
WA	Outback Way - WA	Road Investment	Outback Way - WA																Under Construction	MacDonnell Regional Council, Shire Of Laverton, Shire Of Nganyatjaraku	The project involves approximately 50 kilometres of progressive sealing works and approximately 9 kilometres of formation improvement works along the Outback Way in Western Australia, including development works for future sections.
WA	Outback Way - WA - Great Central Road Progressive Sealing	Road Investment	Outback Way - WA																Under Construction	Shire Of Laverton, Shire Of Nganyatjaraku	The project involves approximately 46 kilometres of progressive sealing works along the Outback Way in Western Australia, including development works for future sections.
WA	Outback Way Corridor Upgrade (WA) - Great Central Road	Road Investment	Outback Way - WA																In Planning	Shire Of Laverton, Shire Of Nganyatjaraku	The project will deliver the remaining upgrade and sealing works for the WA section of the Outback Way known as the Great Central Road in WA).
WA	Perth Airport Precinct - Northern Access	Road Investment		14.0	7.0	50%	7.0	0.0	0.0	0.0	7.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City Of Swan	The Project will undertake design and development for a grade separated interchange at Kalamunda Road and Great Eastern Highway Bypass and develop a replacement design of the existing load limited Kalamunda Road Bridge over rail.
WA	Perth CBD Transport Plan - Active Travel Upgrades	Road Investment		16.6	7.3	44%	2.5	0.0	0.0	0.0	2.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Perth	This Project will aim to enhance the connectivity and safety of active transport routes into the Perth CBD. Key works will include: • Aberdeen Street Bike Lanes • King Park Road Shared Path • Spring Street / Mounts Bay Road Bike Connection • Wellington Street Bike Lane Upgrade • Wittenoom Street Bike Lanes</

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Projects reflect profiles as at 2025-26 MYEFO.

Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.

The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
WA	Regional State Road Safety Improvement Program	Road Investment		121.5	97.2	80%	1.2	0.0	0.0	0.0	1.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Albany, City Of Armadale, City Of Busselton, Collie Shire Council, Shire Of Ashburton, Shire Of Augusta Margaret River, Shire Of Beverley, Shire Of Boddington, Shire Of Bridgetown Greenbushes, Shire Of Brookton, Shire Of Broome, Shire Of Broomehill-Tambellup, Shire Of Bruce Rock, Shire Of Capel, Shire Of Dardanup, Shire Of Dardanup, Shire Of Derby/West Kimberley, Shire Of Donnybrook Balingup, Shire Of East Pilbara, Shire Of Esmeruth, Shire Of Gingin, Shire Of Halls Creek, Shire Of Harvey, Shire Of Kellerberrin, Shire Of Kojonup, Shire Of Manjimup, Shire Of Meekatharra, Shire Of Merredin, Shire Of Nannup, Shire Of Northam, Shire Of Nungarin, Shire Of Plantagenet, Shire Of Quairading, Shire Of Toodyay, Shire Of Traying, Shire Of Wandering, Shire Of Westonia, Shire Of Williams, Shire Of Wyalkatchem, Shire Of Yilgarn, Shire Of York	The project will undertake 35 low cost widening and safety projects across the Great Southern Region, South West Region, Mid West-Gascoyne Region, Goldfields-Esperance Region, Wheatbelt Region, Pilbara Region, Kimberley Region and Metropolitan Region. Works include widening of sealed shoulders to current formation and installation of audible edge lines.
WA	Reid Highway - Altone Road and Daviot Road / Drumpellier Drive - Grade Separated Intersections	Road Investment		225.0	112.5	50%	36.5	36.5	22.5	7.9	103.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Swan	The project will construct an at-grade intersection at Reid Highway and Altone Road and an at-grade intersection of Reid Highway, Daviot Road and Drumpellier Drive. The project also includes the delivery of ancillary works to approaches to the new intersections, a new Principal Shared Path, installation of noise and screening walls along sections of Reid Highway and installation of ITS.
WA	Reid Highway - Erindale Road Grade Separation	Road Investment		450.0	225.0	50%	0.0	0.0	0.0	0.0	0.0	10.0	40.0	75.0	80.0	20.0	0.0	225.0	In Planning	City Of Stirling	The project will upgrade the Reid Highway and Erindale Road intersection and deliver a grade-separated interchange.
WA	Reid Highway Interchange - West Swan Road	Road Investment		175.0	87.5	50%	1.0	1.0	2.0	20.0	24.0	58.5	5.0	0.0	0.0	0.0	0.0	63.5	In Planning	City Of Swan	The project will construct a grade separated interchange at the intersection of West Swan Road and the Reid Highway.
WA	Road Safety Program additional Funding - WA	Road Investment		219.1	109.5	50%	25.9	0.0	0.0	0.0	25.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	Project delivered under the Program will enable road safety infrastructure treatments to reduce fatal and serious injury crashes on WA roads. Treatments may include road and shoulder sealing, and audio tactile line marking (edge, centre, and wide centre)
WA	Roe Highway/Great Eastern Highway Bypass and Abernethy Road/Great Eastern Highway Bypass Interchanges	Road Investment		180.0	144.0	80%	5.0	61.6	0.0	0.0	66.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Swan	The project will construct grade separated interchanges at the intersections of Roe Highway and Great Eastern Highway Bypass and Abernethy Road and Great Eastern Highway Bypass, construct a Principal Shared Path on the northern side of the Bypass and install ITS.
WA	Shire of Dandaragan - Agaton Road Upgrade, Dandaragan	Road Investment - Remote Roads Upgrade Pilot Prog		5.2	4.2	80%	0.8	0.0	0.0	0.0	0.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Shire Of Dandaragan	The development phase activities include completing design, finalising estimates, community and stakeholder management, land acquisition, environmental off-sets and early works such as utility relocations.
WA	Shire of Kondinin - Sealing section of Hyden Norseman Road, Hyden	Road Investment - Remote Roads Upgrade Pilot Prog		5.0	4.0	80%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Shire Of Kondinin	Upgrade approximately 20kms of Agaton Road from a narrow unsealed road to a widened sealed road with linemarking and drainage.
WA	Stirling Bus Interchange	Road Investment		173.8	86.9	50%	0.0	2.0	0.0	0.0	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Stirling	The project will upgrade Stirling Bus Interchange on the Joondalup rail line, located to the north of the Stephenson Avenue extension across the Mitchell Freeway. The project will construct a new bridge over Mitchell Freeway and associated bus interchange infrastructure, to provide additional interchange capacity and improved bus operations.
WA	Tanami Road Upgrade	Road Investment		542.8	434.2	80%	48.0	48.0	48.0	42.0	186.0	51.0	51.0	16.4	22.2	0.0	0.0	340.6	Under Construction	Shire Of Halls Creek	The project will upgrade and seal Tanami Road in Western Australia.
WA	The Broadways upgrade, Ellenbrook	Road Investment		11.7	3.1	26%	0.1	0.0	0.0	0.0	0.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Swan	The project will construct a second carriageway of The Broadway from The Promenade to Elmdridge Parkway, and construct the straight sections from Elmdridge Parkway to Maffina Parade.
WA	Thomas Road and Nicholson Road	Road Investment		40.0	20.0	50%	2.0	0.0	0.0	0.0	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Shire Of Serpentine Jarrahdale	The project will involve upgrading the current Thomas Road and Nicholson Road intersection.
WA	Thomas Road Upgrade	Road Investment		48.0	24.0	50%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Kwinana, Shire Of Serpentine Jarrahdale	The Project comprises: Thomas Road, Casuarina - duplicate Thomas Road near Kwinana Freeway, east for approximately one kilometre - construct a new roundabout - construct a Principal Shared Path and dual use path - service relocations and land acquisition Thomas Road - Kargotich Road intersection - construct a roundabout - replace bridge over Birga drain with a culvert - drainage works, street lighting and safety measures - service relocations and land acquisition Thomas Road street lighting upgrade - upgrade between Thomas Road, Casuarina project and Thomas Road and Nicholson Road intersection project - upgrade between Thomas Road and Nicholson Road intersection project and Thomas Road - Kargotich Road intersection project
WA	Tonkin Highway	Road Investment	Tonkin Highway	1,891.0	1,384.0	73%	263.0	407.4	231.5	65.8	967.6	24.0	0.0	0.0	0.0	0.0	0.0	24.0	In Progress	Not applicable / allocated	The Tonkin Highway corridor is broadly along the National Land Transport Network in Western Australia between Muchea and Oakford. There are currently 5 projects in the corridor: - Thomas Road - Dual Carriageway South Western Highway to Tonkin Highway and interchange at Tonkin Highway - Tonkin Highway - North Ellenbrook Interchange - Tonkin Highway Gap - Tonkin Highway Interchanges - Tonkin Highway Stage 3 Extension
WA	Thomas Road - Dual Carriageway South Western Highway to Tonkin Highway and interchange at Tonkin Highway	Road Investment	Tonkin Highway																Under Construction	Shire Of Serpentine Jarrahdale	The project will involve construction of a new grade separated interchange at the intersection of Tonkin Highway and Thomas Road, and the duplication of approximately 4.5 kilometres of Thomas Road east of Tonkin Highway (toward the South Western Highway). Integrated into this project is approximately 4.5 kilometres of new Principal Shared Path along the southern verge of Thomas Road.
WA	Tonkin Highway - North Ellenbrook Interchange	Road Investment	Tonkin Highway																In Planning	City Of Swan	This project will construct a new interchange on the Tonkin Highway between Warbrook Road and Maralla Road, North Ellenbrook. The project will also provide for grade separation of the principal shared path along the eastern side of Tonkin Highway, with at grade connections to the network west of the highway. The new interchange is anticipated to facilitate future development in the Ellenbrook area.
WA	Tonkin Highway Gap	Road Investment	Tonkin Highway																Completed	City Of Baywater, City Of Belmont	The Project will upgrade the section of the Tonkin Highway from Collier Road to Dunreath Drive. The Project involves expanding the existing section of the Tonkin Highway that contains two through-lanes to three through-lanes in both directions, as well as upgrading interchanges, bridges, and a principal shared path.
WA	Tonkin Highway Interchanges	Road Investment	Tonkin Highway																In Planning	City Of Gosnell, City Of Kalamunda	The Project will create graded separations of intersections along the Tonkin Highway at Hale Road and Welshpool Road. This includes a Principal Shared Path and widening sections of the highway to fit into the graded interchanges.
WA	Tonkin Highway Stage 3 Extension	Road Investment	Tonkin Highway																Under Construction	Shire Of Serpentine Jarrahdale	The Project will extend the Tonkin Highway from Thomas Road to South Western Highway, south of Mundijong Road. This includes intersections at Bishop Road, Mundijong Road, Thomas Road and Orton Road, as well as a bridge over the freight/passenger railway line in the Project area.
WA	Toodyay Road Upgrade - Dryandra to Toodyay	Road Investment		141.0	112.8	80%	26.6	17.4	48.8	0.0	92.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Shire Of Mundaring, Shire Of Toodyay	The project will undertake realignments of sub-standard curves, intersection improvements, provision of passing lanes and seal widening on Toodyay Road from Dryandra to Toodyay.
WA	Trial of Low Profile Concrete Sleepers on the WA Grain Lines	Rail Investment		9.4	4.0	42%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Shire Of Goomalling, Shire Of Northam	The Trial of Low Profile Concrete Sleepers on the WA Grain Lines project will lay low profile concrete sleepers in a 1 in 2 configuration with the existing steel sleepers along a 53.25 km section of track between Avon and Goomalling in the Kwinana North zone to allow testing of the suitability as an alternative to jarrah sleepers. Annual, independent verification reports will be provided for five years, followed by a final lessons learnt report.
WA	Unallocated Road WA	Road Investment		482.0	482.0	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	157.5	321.3	3.3	482.0	Not Started	Not applicable / allocated	Unallocated.
WA	Wanneroo Road - Dunstan Road to Romeo Road - Duplication	Road Investment		55.2	27.6	50%	24.9	2.7	0.0	0.0	27.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	City Of Wanneroo	The project will duplicate Wanneroo Road from Dunstan Road to south of Romeo Road and Karorubur Road.
WA	Wanneroo Road - Hegburn Avenue Grade Separation	Road Investment		140.0	70.0	50%	1.0	2.0	2.0	35.0	40.0	25.0	5.0	0.0	0.0	0.0	0.0	30.0	In Planning	City Of Wanneroo	The project will upgrade the Wanneroo Road and Hegburn Avenue intersection and deliver a grade-separated interchange.
WA	Westport	Road Investment	Westport	700.0	350.0	50%	0.0	0.0	60.0	66.0	126.0	99.0	71.0	54.0	0.0	0.0	0.0	224.0	In Progress	Not applicable / allocated	The Westport Corridor will deliver upgrades to the road and rail network in order to support the future operation of Westport. There is currently one project in the corridor: - Westport - Kwinana Freeway Upgrades
WA	Westport - Kwinana Freeway Upgrades	Road Investment	Westport																In Planning	City Of Cockburn, City Of Kwinana	The project will deliver upgrades to Kwinana Freeway to support the future operation of the new port (Westport) and improve safety and efficiency of the current road network.
WA	Westport Project Development	Major Project Business Case Fund (Road)		67.0	33.5	50%	19.8	13.8	0.0	0.0	33.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	City Of Canning, City Of Cockburn, City Of Gosnell, City Of Kwinana, Shire Of Serpentine Jarrahdale	The project will investigate the planning and scoping works for the following projects that are critical to facilitate construction of the Westport Project: • Ankettell Road West • Kwinana Freeway • Roe Highway widening • Freight rail duplication and level crossing removal
WA	Wheatbelt Secondary Freight Network	Road Investment		187.5	150.0	80%	25.0	16.6	0.0	0.0	41.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Narembeen Shire Council, Shire Of Beverley, Shire Of Boddington, Shire Of Brookton, Shire Of Bruce Rock, Shire Of Chittering, Shire Of Corrigin, Shire Of Cuballing, Shire Of Cunderdin, Shire Of Dalwallinu, Shire Of Dandaragan, Shire Of Dowerin, Shire Of Dumbleyung, Shire Of Gingin, Shire Of Goomalling, Shire Of Katanning, Shire Of Kellerberrin, Shire Of Kent, Shire Of Kondinin, Shire Of Koorda, Shire Of Kulin, Shire Of Lake Grace, Shire Of Merredin, Shire Of Moore, Shire Of Mt Marshall, Shire Of Mukinbudin, Shire Of Nannup, Shire Of Northam, Shire Of Nungarin, Shire Of Pingelly, Shire Of Quairading, Shire Of Tammin, Shire Of Toodyay, Shire Of Traying, Shire Of Victoria Plains, Shire Of Wagin, Shire Of Wandering, Shire Of West Arthur, Shire Of Westonia, Shire Of Wickham, Shire Of Williams, Shire Of Wongan-Ballidu, Shire Of Wyalkatchem, Shire Of Yilgarn, Shire Of York	The project will undertake upgrade works on identified priority routes and projects on the Wheatbelt Secondary Freight Network. The works include the construction of overtaking lanes, road and bridge upgrades, shoulder sealing and road train assembly parking bays.
WA	Wheatbelt Timber Bridge Replacement	Road Investment		15.0	12.0	80%	1.6	0.0	0.0	0.0	1.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Shire Of Goomalling, Shire Of Northam, Shire Of Wongan-Ballidu, Shire Of York	This Project will upgrade timber bridges with concrete culverts within the Wheatbelt region.
SA	Adelaide and Regional Rail Network Extensions - Planning	Rail Investment		10.0	5.0	50%	4.8	0.3	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The project will deliver planning studies for outer metropolitan and regional passenger rail service extensions. This will include development of new corridors and reactivation of closed corridors.
SA	Adelaide Hills Productivity & Road Safety Package	Road Investment		150.0	120.0	80%	26.4	31.7	6.0	0.0	64.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Adelaide Hills Council, Alexandrina Council, Campbelltown City Council (SA), City Of Mitcham, City Of Onkaparinga, City Of Tea Tree Gully, Mount Barker District Council, The Barossa Council, The City Of Burnside	This project will deliver an overtaking lane along Long Valley Road, Strathalbyn, and plan and design improvements to roads and intersections in the Adelaide Hills.
SA	Adelaide Metropolitan Bus Fleet Decarbonisation - Planning	Major Project Business Case Fund (Road)		5.0	2.5	50%	1.4	1.1	0.0	0.0	2.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The project will deliver planning studies for design modifications required for depot infrastructure to enable the stabling, charging, maintenance and management of the zero tailpipe emissions bus fleet.
SA	Adelaide Metropolitan Rail Fleet Decarbonisation - Planning	Major Project Business Case Fund (Rail)		2.0	1.0	50%	1.0	0.1	0.0	0.0	1.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The project will deliver planning studies to identify solutions to support a new zero emissions rail fleet.
SA	Adelaide Northern Growth Areas - Planning	Road Investment		10.0	5.0	50%	3.8	1.2	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The project will deliver planning, technical and cost investigations for transport network improvements in Adelaide's northern growth areas.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects

Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.																					
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).																					
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.																					
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.																					
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).																					
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.																					
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.																					
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.																					
Completed projects are included where final payments are to be made (awaiting project closure report).																					
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.																					
State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
SA	Anangu Pitjantjatjara Yankunytjatjara (APY) Lands - Main Access Road Upgrade - Stuart Highway to Pukatja	Road Investment		156.8	125.4	80%	2.0	1.9	0.0	0.0	3.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Anangu Pitjantjatjara Yankunytjatjara, Outback Communities Authority	The Project will upgrade 210km of the main access road from the Stuart Highway to Pukatja and improvements to 21km of community roads. This includes an additional 31km of sealing from Umawa to Kallitji and an upgrade of 24km along Gunbarrel Highway to improve flood immunity.
SA	Automated Train Protection Signals Upgrade - Seaford Line	Rail Investment		10.0	5.0	50%	1.3	3.8	0.0	0.0	5.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	This project will upgrade the Adelaide Metropolitan Passenger Rail Network (AMPRN) Automatic Train Protection (ATP) signalling system.
SA	Barrier Highway Upgrade	Road Investment		62.5	50.0	80%	8.8	5.7	0.0	0.0	14.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	District Council of Peterborough, Outback Communities Authority, Regional Council of Goyder	The Barrier Highway Upgrade includes intersection upgrades, rest areas, major structural widening, shoulder sealing and pavement improvements, audio tactile line marking and signage upgrades.
SA	Brighton Road Intersection Improvements	Road Investment		30.0	15.0	50%	0.9	4.5	6.8	0.0	12.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Holdfast Bay	This project will upgrade the intersections of Brighton Road and Edwards Street, South Brighton, and Brighton Road, Ocean Boulevard and Scholefield Road, Seaciff.
SA	Cross Road - Fullarton Road Intersection	Road Investment		67.5	33.8	50%	9.1	0.0	0.0	0.0	9.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Mitcham, Corporation of The City of Unley	The project delivered upgrades to the Cross Road and Fullarton Road intersection in Adelaide, South Australia. Works include: - Additional through and turn lanes on Cross Road and Fullarton Road; - Indentation of bus stops on all approaches, with the exception of eastbound on Cross Road; - Relocation of the bus stop on Cross Road eastbound; and - Installation of on road cycle lanes on all approaches.
SA	Curtis Road Level Crossing Removal	Rail Investment		250.0	125.0	50%	1.5	10.0	50.0	60.0	121.5	3.5	0.0	0.0	0.0	0.0	0.0	3.5	In Planning	Not applicable / allocated	This project will remove the level crossing at Curtis Road in Munno Para, which is part of the Gawler passenger line.
SA	Eyre Peninsula Network	Road Investment		67.9	54.1	80%	0.2	4.3	0.0	0.0	4.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Port Lincoln, District Council of Cleve, District Council of Elliston, District Council of Franklin Harbour, District Council of Lower Eyre Peninsula, District Council of Tumby Bay	This project will include: - Pavement upgrades and shoulder sealing at high priority locations on the Eyre Peninsula. - Construction of overtaking lanes on Lincoln Highway, Western Approach Road and Finders Highway. - Intersection improvements in Port Lincoln and the installation of guard rails on targeted areas on Birdseye Highway between Cleve and Cowell.
SA	Fleurieu Connections	Road Investment		810.4	221.6	27%	25.0	3.3	0.0	0.0	28.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Onkaparinga	This project will duplicate Main South Road from Seaford to Sellicks Beach, duplicate and deliver safety improvements along Victor Harbor Road between Main South Road and McLaren Vale, and plan for future upgrades of Victor Harbor Road between McLaren Vale and Willunga Hill.
SA	Gawler Rail Line Electrification	Rail Investment		560.0	280.0	50%	0.8	0.0	0.0	0.0	0.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City of Adelaide, City Of Charles Sturt, City Of Playford, City Of Port Adelaide Enfield, City Of Prospect, City Of Salisbury, Town Of Gawler	The project upgraded and electrification the rail line between Salisbury and Gawler, the installation of new a signalling system and related equipment.
SA	Goodwood and Torrens Junctions	Rail Investment		404.1	210.7	52%	9.4	4.8	11.1	0.0	25.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City of Adelaide, City Of Charles Sturt, Corporation of The City of Unley	The project consists of constructing grade separations at two at-grade freight/passenger rail junctions, the removal of four level road-rail crossings, and associated works in and near the Adelaide inner suburbs of Bowden and Goodwood; as well as reconstruction of the Keswick Station and modifications to the Outer Harbour train line.
SA	High Productivity Vehicle Network (HPVN) - Stage 1	Road Investment		1,050.0	630.0	60%	2.4	8.0	28.0	52.0	90.4	177.6	292.0	70.0	0.0	0.0	0.0	539.6	In Planning	Not applicable / allocated	The Project will deliver works along the High Productivity Vehicle Network (HPVN) in South Australia between the South Eastern Freeway and Sturt Highway.
SA	High Productivity Vehicle Network (SA) - Planning	Road Investment		17.0	8.5	50%	0.3	2.5	0.0	0.0	2.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	District Council of Ceduna, District Council of Kimba, District Council of Strathalbyn Bay, Outback Communities Authority, Port Augusta City Council, Wudinna District Council	Planning to improve freight access to the South Australian road network, including the Greater Adelaide Freight Bypass between Dublin and Murray Bridge, the South Eastern Freeway and Princes Highway between Monarto and Tallem Bend, and the Eyre Highway between Port Augusta and the Western Australian border.
SA	Joy Baluch AM Bridge	Road Investment		185.0	148.0	80%	-12.0	0.0	0.0	0.0	-12.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Port Augusta City Council	This project duplicated the existing two lane Joy Baluch AM bridge as well as widening the approach roads to allow for two lanes in both directions between Mackay Street (south of the bridge) and Burgoyne Street (north of the bridge).
SA	Kangaroo Island Road Safety and Bushfire Resilience Package	Road Investment		40.0	32.0	80%	2.0	0.0	0.0	0.0	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Kangaroo Island Council	The project delivered intersection upgrades, shoulder sealing, audio tactile line marking, pavement rehabilitation, safety barriers and planning for overtaking lanes on Kangaroo Island.
SA	Lefevre Peninsula Upgrades	Road Investment		100.0	50.0	50%	8.5	26.0	10.7	0.0	45.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Port Adelaide Enfield	This instrument relates to the development and further scoping of: • Realignment of Victoria Road and improve the intersection at Pelican Point Road. • Improve capacity of the Veitch Road and Victoria Road intersection. • Improvements to the current rail loop to reduce boom gate closure time.
SA	Level Crossing Removal Program (SA) - Planning	Rail Investment		10.0	5.0	50%	1.6	0.3	0.0	0.0	1.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	This project will plan for level crossing removals and other improvements at 13 locations across Adelaide, including: Cormack Road, Dry Creek, Cross Road, Emson; Cross Road, Unley Park, Kings Road, Parafield, Main Road, Glenahs; Morphett Road, Morphettville; Park Terrace, Salisbury; Woodville Road, St Clair; Port Road, Albert Park; Cheltenham Parade, St Clair; Tapleys Hill Road, Seaton; Goodwood Road, Goodwood and Commercial Road, Salisbury.
SA	Main South Road Upgrade - Myponga to Cape Jervis	Road Investment		111.8	55.9	50%	10.0	6.8	11.0	11.0	38.8	12.4	4.0	0.0	0.0	0.0	0.0	16.4	In Progress	Not applicable / allocated	This project will deliver critical safety improvement works along Main South Road between Myponga and Cape Jervis.
SA	Marion Road - Anzac Highway to Cross Road	Road Investment		400.0	200.0	50%	94.1	40.9	10.0	0.0	145.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Marion, City Of West Torrens	This project will deliver an overpass of the Glenelg tram line, tram station and Mike Turtur Bikeway over Marion and Cross roads, Plympton, upgrades to the intersections of Marion and Cross roads and Marion Road and Anzac Highway, new open community space under the elevated tram line and pedestrian and cycling access improvements.
SA	Marion Road and Sir Donald Bradman Drive Intersection Upgrade	Road Investment		85.0	42.5	50%	6.7	9.4	5.1	0.0	21.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of West Torrens	This project will upgrade the intersection of Marion Road and Sir Donald Bradman Drive.
SA	Metro Intersection Upgrade Program - Glen Osmond Road/Fullarton Road Intersection Upgrade	Road Investment		46.8	23.4	50%	7.9	0.0	0.0	0.0	7.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Corporation of The City of Unley	This project upgraded the intersection at Glen Osmond Road and Fullarton Road.
SA	Metro Intersection Upgrade Program - Torrens Road (Ovingham) Level Crossing Upgrade	Road Investment		231.0	115.5	50%	27.2	0.0	0.0	0.0	27.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City Of Prospect	This project upgraded the level crossing on Torrens Road, including grade separation of the existing intersection, an upgrade of Ovingham railway station, re-railing works, realignment of Torrens Road and works on surrounding roads and intersections.
SA	National Network Maintenance (SA)	Road Investment		225.0	225.0	100%	44.0	45.1	46.2	47.4	182.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Five-year road maintenance works on the National Land Transport Network under the Land Transport Infrastructure Projects 2024-2025 Schedule to the Federation Funding Agreement - Infrastructure.
SA	Nationwide Freight Highway Upgrade Program (SA)	Road Investment		325.0	295.0	91%	21.3	25.0	25.0	28.7	100.0	25.0	86.3	0.0	0.0	0.0	0.0	111.3	Under Construction	Anangu Pitjantjatjara Yankunytjatjara, Coorong District Council, District Council of Coober Pedy, District Council of Mount Remarkable, MacDonnell Regional Council, Outback Communities Authority, Port Augusta City Council, Port Pirie Regional Council, Tatiara District Council, Wakefield Regional Council, West Wimmera Shire Council	Project to deliver priority upgrades on South Australia's nationally significant regional freight routes.
SA	North-South Corridor - Torrens to Darlington	Road Investment		15,400.0	7,700.0	50%	1,027.5	1,184.0	1,254.0	1,146.0	4,611.5	717.0	423.0	276.0	330.0	0.0	0.0	1,746.0	Under Construction	City Of Marion, City Of Mitcham, City Of West Torrens, Corporation of The City of Unley	This project will upgrade the North-South Corridor between the River Torrens and Darlington, including two sets of twin three-lane tunnels, connected by an open motorway, and upgrades to the surrounding transport network.
SA	Overpass at Port Wakefield and Township Duplication	Road Investment		124.5	99.6	80%	0.0	3.2	0.0	0.0	3.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Wakefield Regional Council	The project delivered a two-way overpass at the intersection of the Augusta and Copper Coast highways on the Port Wakefield Highway. It will also duplicate the Port Wakefield Highway through the town of Port Wakefield, connect to Balaklava Road via a T-junction and deliver a connection between the Augusta Highway and Copper Coast Highway.
SA	Portrush Road - Magill Road Intersection	Road Investment		98.0	49.0	50%	9.8	0.0	0.0	0.0	9.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	City of Norwood Payneham and St Peters, The City of Burnside	The project delivered upgrades to Portrush Road – Magill Road intersection by extending turning lanes, and installing additional turning and through lanes.
SA	Princes Highway - SA	Road Investment	Princes Highway - SA	601.6	481.3	80%	60.5	70.5	35.0	5.8	171.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The Princes Highway Corridor (SA) is broadly along the National Land Transport Network in South Australia between Port Augusta and Tallem Bend. The Princes Highway (South East) from Mt Gambier to Tallem Bend is off the National Land Transport Network (NLTN). There are currently 9 projects in the corridor: - Augusta Highway Duplication Stage 2 - Mount Barker and Verdun Interchange Upgrades - Princes Highway - Port Wakefield to Port Augusta Duplication works - Princes Highway Corridor - Intersection Improvements - Princes Highway Corridor - Overtaking Lanes - Princes Highway Corridor - Pavement Works - Princes Highway Corridor - Rest Areas - Princes Highway Corridor - Safety and Signage Improvements - Princes Highway Corridor - Shoulder Sealing
SA	Augusta Highway Duplication Stage 2	Road Investment	Princes Highway - SA																Completed	Wakefield Regional Council	This project duplicated the Augusta Highway from Port Wakefield to Lochiel, improving safety and travel times, and duplicated priority sections of the highway from Port Wakefield to Port Augusta. The project also included planning for future duplication works between Port Pirie and Crystal Brook.
SA	Mount Barker and Verdun Interchange Upgrades	Road Investment	Princes Highway - SA																In Progress	Not applicable / allocated	The project will deliver upgrades to two interchanges with the South Eastern Freeway at Mount Barker and Verdun.
SA	Princes Highway - Port Wakefield to Port Augusta Duplication works	Road Investment	Princes Highway - SA																Completed	District Council of Mount Remarkable, Port Augusta City Council, Port Pirie Regional Council, Wakefield Regional Council	This project duplicated priority sections of the Augusta Highway between Port Wakefield and Port Augusta.
SA	Princes Highway Corridor - Intersection Improvements	Road Investment	Princes Highway - SA																Completed	Adelaide Hills Council, City Of Mitcham, City Of Mount Gambier, Coorong District Council, Corporation of The City of Unley, District Council of Grant, District Council of Mount Remarkable, District Council of Robe, Kingston District Council, Mount Barker District Council, Naracoorte Lucindale Council, Port Augusta City Council, Port Pirie Regional Council, The City of Burnside, The Rural City Of Murray Bridge, Wakefield Regional Council, Wattle Range Council	This project upgraded several intersections connecting with the South Eastern Freeway, Princes Highway and Augusta Highway.
SA	Princes Highway Corridor - Overtaking Lanes	Road Investment	Princes Highway - SA																Completed	Adelaide Hills Council, City Of Mitcham, City Of Mount Gambier, Coorong District Council, Corporation of The City of Unley, District Council of Grant, District Council of Mount Remarkable, District Council of Robe, Kingston District Council, Mount Barker District Council, Naracoorte Lucindale Council, Port Augusta City Council, Port Pirie Regional Council, The City of Burnside, The Rural City Of Murray Bridge, Wakefield Regional Council, Wattle Range Council	This project constructed multiple new overtaking lanes and upgrade several existing overtaking lanes on the Princes Highway and Augusta Highway.
SA	Princes Highway Corridor - Pavement Works	Road Investment	Princes Highway - SA																Completed	Adelaide Hills Council, City Of Mitcham, City Of Mount Gambier, Coorong District Council, Corporation of The City of Unley, District Council of Grant, District Council of Mount Remarkable, District Council of Robe, Kingston District Council, Mount Barker District Council, Naracoorte Lucindale Council, Port Augusta City Council, Port Pirie Regional Council, The City of Burnside, The Rural City Of Murray Bridge, Wakefield Regional Council, Wattle Range Council	This project delivered approximately 80 kilometres of asphalt and pavement rehabilitation works on the South Eastern Freeway, Princes Highway and Augusta Highway.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects																					
Projects reflect profiles as at 2025-26 MYEFO.																					
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.																					
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).																					
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.																					
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.																					
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).																					
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.																					
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.																					
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.																					
Completed projects are included where final payments are to be made (awaiting project closure report).																					
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.																					
State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
SA	Princes Highway Corridor - Rest Areas	Road Investment	Princes Highway - SA																Completed	Adelaide Hills Council, City Of Mitcham, City Of Mount Gambier, Coorong District Council, Corporation of The City of Unley, District Council of Grant, District Council of Mount Remarkable, District Council of Robe, Kingston District Council, Mount Barker District Council, Naracoorte Lucindale Council, Port Augusta City Council, Port Pirie Regional Council, The City of Burnside, The Rural City Of Murray Bridge, Wakefield Regional Council, Wattle Range Council	This project delivered one new rest area and upgraded three existing rest areas on the Princes Highway.
SA	Princes Highway Corridor - Safety and Signage Improvements	Road Investment	Princes Highway - SA																Completed	Adelaide Hills Council, City Of Mitcham, City Of Mount Gambier, Coorong District Council, Corporation of The City of Unley, District Council of Grant, District Council of Mount Remarkable, District Council of Robe, Kingston District Council, Mount Barker District Council, Naracoorte Lucindale Council, Port Augusta City Council, Port Pirie Regional Council, The City of Burnside, The Rural City Of Murray Bridge, Wakefield Regional Council, Wattle Range Council	This project delivered Audio Tactile Line Marking across over 200 kilometres of the entire Princes Highway Corridor in South Australia, six bridge upgrades along the Princes Highway and targeted signage upgrades.
SA	Princes Highway Corridor - Shoulder Sealing	Road Investment	Princes Highway - SA																Closed	Adelaide Hills Council, City Of Mitcham, City Of Mount Gambier, Coorong District Council, Corporation of The City of Unley, District Council of Grant, District Council of Mount Remarkable, District Council of Robe, Kingston District Council, Mount Barker District Council, Naracoorte Lucindale Council, Port Augusta City Council, Port Pirie Regional Council, The City of Burnside, The Rural City Of Murray Bridge, Wakefield Regional Council, Wattle Range Council	This project sealed priority sections of the road shoulder on the Princes Highway between Kingston and Millicent.
SA	Regional Level Crossing Upgrade Fund - SA	Road Investment		30.0	15.0	50%	3.2	11.8	0.0	0.0	15.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Upgrade of regional railway level crossings at the below six South Australian locations. • Montrose Lane, Crystal Brook • Port Davis Road, Warrentown • Caltowie-Georgetown Road, Caltowie • Railway Terrace (South), Coonalpyn • McCoville Road, Quorn • Multi-site project as outlined in Round 1 PPR but now limited to 7 crossings in Jamestown and Mannanarie. Level crossing upgrades through an additional four multi-site projects as listed in South Australia's Round 2 Project Proposal Report
SA	Regional North-South Freight Route	Road Investment		11.7	9.3	80%	0.9	0.0	0.0	0.0	0.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Mid Murray Council	The project delivered a higher capacity North-South Freight Route between Murray Bridge and Anandale, bypassing Adelaide. It involved various upgrades along the route via Ridley Road and Halfway House Road removing speed restrictions and improving productivity.
SA	River Murray Transport Network Resilience program	Major Project Business Case Fund (Road)		20.0	10.0	50%	2.5	2.5	5.0	0.0	10.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	This project will complete the planning for the upgrade to roads in the Murraylands and Riverland regions of South Australia to improve network resilience and reduce road closures following floods or other incidents near the River Murray.
SA	Road Safety Program additional funding - SA	Road Investment		168.0	84.0	50%	42.0	4.2	0.0	0.0	46.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	Projects delivered under the Program will enable road safety infrastructure treatments to reduce fatal and serious injury crashes on South Australian roads. Treatments may include safety barriers, audio tactile line marking, intersection upgrades, sealing of road shoulders, and pedestrian and cycleway improvements.
SA	Rural Roads Package - Safety Package	Road Investment		160.0	128.4	80%	0.0	9.7	6.9	0.0	16.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Adelaide Plains Council, Clare And Gilbert Valleys Council, District Council of Mount Remarkable, District Council of Tumby Bay, Light Regional Council, Naracoorte Lucindale Council, Northern Areas Council, The Barossa Council, The Flinders Ranges Council, The Rural City Of Murray Bridge, Town Of Gawler, Wakefield Regional Council	This first tranche of works will target critical areas on eight country roads in rural South Australia. Works will include shoulder sealing, roadside hazard removal, pavement works, delineation treatments to improve line marking and signage and intersection upgrades. Tranche two works will construct overtaking lanes on the Augusta Highway, Lincoln Highway, Riddoch Highway, Victor Harbor Road and Long Valley Road. Tranche three works will include shoulder sealing on thirteen rural roads across South Australia.
SA	South Eastern Freeway Upgrade	Road Investment		350.0	220.0	63%	3.6	25.0	40.0	30.6	99.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Adelaide Hills Council, The City of Burnside	This project will upgrade the Heysen Tunnels, including repairs to the tunnel lining, improved lighting, signage, ventilation and electrical systems, and installation of a new fire suppression system. It will also include detailed planning and design for a managed motorway system along the South Eastern Freeway between the intersection of Portrush Road and Cross Road, Glen Osmond, and Crafer.
SA	Southern Expressway and Majors Road Interchange	Road Investment		120.0	60.0	50%	2.2	5.5	0.0	0.0	7.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City Of Marion	This project will deliver new on- and off-ramps to the Southern Expressway at Majors Road, O'Halloran Hill, and upgrade Majors Road in the immediate vicinity.
SA	Strzelecki Track Upgrade - Sealing	Road Investment		205.0	164.0	80%	28.0	44.3	19.5	0.0	91.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Outback Communities Authority	The project involves sealing of priority sections of the Strzelecki Track from the Adventure Way junction progressing south towards the Strzelecki Creek Crossing for a distance of approximately 240 kilometres, including targeted roadworks and a major upgrade at the Strzelecki Creek.
SA	Sturt Highway Upgrade	Road Investment		87.5	70.0	80%	2.5	0.4	0.0	0.0	2.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	District Council of Loxton Walkerie, Light Regional Council, Mid Murray Council, Renmark Parings Council, The Barossa Council, The Berri Barossa Council	The Sturt Highway Upgrade includes junction upgrades, overtaking lanes, pavement and safety upgrades, rest areas and the Duplication Berri to Renmark planning study.
SA	Targeted Investments to Improve National Supply Chain Resilience	Road Investment		75.0	60.0	80%	16.1	7.7	3.0	0.0	26.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Anangu Pitjanjatjara Yankunytjatjara, District Council of Ceduna, District Council of Coober Pedy, District Council of Kimba, District Council of Streaky Bay, Outback Communities Authority, Port Augusta City Council, Wudinna District Council	This project will deliver a targeted package of work that will improve sections of the Stuart, Olympic and Eyre highways, and the Strzelecki Track that are subject to flooding to improve the resilience of the network.
SA	Unallocated Road SA	Road Investment		7.4	7.4	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	7.4	0.0	7.4	Not Started	Not applicable / allocated	Unallocated.
TAS	Algona Road Grade Separated Interchange and Duplication of the Kingston Bypass	Road Investment		76.4	61.1	80%	8.0	27.1	20.0	4.5	59.6	1.5	0.0	0.0	0.0	0.0	0.0	1.5	In Planning	Kingborough Council	This project will upgrade the roundabout at the intersection of Algona Road and Channel Highway, near Kingston south of Hobart, and will duplicate the Kingston Bypass from Algona Road to Huon Highway to cater for significant growth south of Hobart.
TAS	Arthur Highway	Road Investment	Arthur Highway	257.0	205.6	80%	0.0	11.6	5.0	24.0	40.6	30.0	50.0	50.0	35.0	0.0	0.0	165.0	In Progress	Not applicable / allocated	This corridor will deliver projects along the Arthur Highway between Sorell and Port Arthur. There are currently 3 projects in the corridor: - Arthur Highway - Planning - Arthur Highway Sorell Rivulet Bridge - Arthur Highway Upgrades
TAS	Arthur Highway - Planning	Road Investment	Arthur Highway																In Planning	Sorell Council, Tasman Council	The project will undertake planning for safety upgrades to the Arthur Highway between Sorell and Port Arthur.
TAS	Arthur Highway Sorell Rivulet Bridge	Road Investment	Arthur Highway																In Planning	Sorell Council	The Arthur Highway Sorell Rivulet Bridge project aims to widen the Sorell Rivulet Bridge in Sorell including new shared user paths on both sides, benefiting a growing community and various users including agricultural and water supply businesses, tourists and local residents.
TAS	Arthur Highway Upgrades	Road Investment	Arthur Highway																In Planning	Sorell Council, Tasman Council	The project will deliver safety upgrades along the Arthur Highway, including new overtaking lanes, key intersection upgrades, cross-section and geometry improvements, signage and delineation improvements, active and public transport improvements and tourism pullover areas.
TAS	Bass Highway - Cooee to Wynyard Upgrades	Road Investment		50.0	40.0	80%	3.2	7.2	0.9	0.0	11.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City of Burnie, Waratah-Wynyard Council	Design and construction works for five crossing facilities along the Bass Highway between Somerset and Cooee, the installation of Intelligent Transport Infrastructure between Somerset and Burnie, and pavement rehabilitation east of Mount Hicks Road roundabout. Replace the Cam River Bridge with a higher and wider bridge, realign the Murchison Highway intersection to suit the new alignment and installation of traffic signals at the Murchison Highway intersection. Priority works upgrade along the Bass Highway – Cooee to Wynyard corridor to realign and upgrade an approximate 3.2 kilometre stretch of the Bass Highway from Somerset to Wynyard, including the construction of two overtaking lanes, a central median safety barrier and enhanced lane markings along this section of the highway.
TAS	Bass Highway - Marawah to Wynyard Upgrade	Road Investment		100.0	60.0	60%	1.5	5.0	5.0	1.0	12.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Circular Head Council, Waratah-Wynyard Council	Deliver a package of targeted upgrades of the Bass Highway corridor between Marawah to Wynyard to improve road safety, travel time reliability, increase freight productivity and support social access.
TAS	Bass Highway targeted upgrades between Deloraine and Devonport	Road Investment		50.0	40.0	80%	0.0	0.0	0.0	0.0	0.0	5.0	15.0	15.0	4.0	1.0	0.0	40.0	In Planning	Devonport City Council, Latrobe Council, Meander Valley Council	The Bass Highway is a key link for freight, tourism and people movement between the far north west of Tasmania and the key ports of Burnie and Devonport and further to Launceston and Hobart. This project will deliver targeted upgrades between Deloraine and Devonport to improve road safety, reduce congestion and improve travel times along this key section of the highway.
TAS	Bell Bay Line - Reconnection to the Bell Bay Wharf	Rail Investment		30.0	24.0	80%	2.0	11.2	10.8	0.0	24.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	George Town Council, Launceston City Council, Northern Midlands Council	The project will construct a new 2.5 km rail alignment to re-establish the direct rail supply chain to the Bell Bay wharf for Tasmania's manufacturing and forestry industries, as well as new green energy export projects, providing a more resilient supply chain by avoiding a known landslip area.
TAS	Bridport Road freight efficiency and safety upgrades	Road Investment		25.0	20.0	80%	0.0	8.3	10.0	1.7	20.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Dorset Council, George Town Council	This project will deliver targeted freight efficiency and safety upgrades on Bridport Road between Bell Bay and Bridport in the far north east of Tasmania.
TAS	Brooker Highway	Road Investment	Brooker Highway	5.0	4.0	80%	0.0	0.5	1.0	1.5	3.0	1.0	0.0	0.0	0.0	0.0	0.0	1.0	In Progress	Not applicable / allocated	This corridor will deliver projects along the Brooker Highway between the intersection of the Tasman Highway and Brooker Highway, Hobart and the intersection of the Midland Highway and Brooker Highway, Granton.
TAS	Brooker Highway Safety and Efficiency Improvements - Planning	Road Investment	Brooker Highway																In Planning	Glenorchy City Council, Hobart City Council	There are currently one project in the corridor: - Brooker Highway Safety and Efficiency Improvements - Planning
TAS	Central Coast Council - Ironcliff Road upgrade, Penguin	Road Investment - Remote Roads Upgrade Pilot Prog		9.4	7.5	80%	3.8	0.0	0.0	0.0	3.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Central Coast Council	The project will upgrade approximately 8.6kms of Ironcliff Road by widening sections of the road, sealing, realigning and/or widening substandard horizontal curves, providing footpaths, removing or reducing hazards from the roadside, installing safety barriers, line marking and upgrading intersections, including the provision of intersection lighting as required. The 8.6km upgrade includes a 2km length of gravel access road and car park in the Dial Range Recreational Area (sealed to 5.0m width) and a 5.6km length of road between Mt Gnomon Farm to Hardys Road Rd (sealed to 6.0m width).
TAS	Devonport to Cradle Mountain	Road Investment	Devonport to Cradle Mountain	7.8	6.3	80%	0.0	1.0	2.8	2.5	6.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	This corridor will deliver projects along the corridor between the outskirts of Devonport and Cradle Mountain. The corridor includes Stony Rise Road, Mersey Main Road, Sheffield Road, Main Street, Claude Road, Cethana Road and Cradle Mountain Road.
TAS	Devonport to Cradle Mountain - Planning	Road Investment	Devonport to Cradle Mountain																In Planning	Devonport City Council, Kentish Council	There are currently one project in the corridor: - Devonport to Cradle Mountain - Planning
TAS	Dorset Council - Old Waterhouse Road Safety and Productivity Upgrade, Waterhouse	Road Investment - Remote Roads Upgrade Pilot Prog		0.6	0.5	80%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Dorset Council	The project will undertake planning for safety upgrades to the corridor between the outskirts of Devonport and Cradle Mountain.
TAS	Elk Main Road at St Marys Pass Upgrade	Road Investment		12.5	10.0	80%	0.0	1.0	1.0	3.0	5.0	3.0	2.0	0.0	0.0	0.0	0.0	5.0	In Planning	Break O'Day Council	Undertake safety improvements on approximately 27km of unsealed road at Old Waterhouse Road.
TAS	Freight Capacity Upgrade Program	Road Investment		100.0	80.0	80%	12.5	8.0	8.0	0.0	28.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Central Highlands Council, City of Burnie, Clarence City Council, George Town Council, Glenorchy City Council, Latrobe Council, Launceston City Council, Meander Valley Council, Northern Midlands Council, Sorell Council, Southern Midlands Council, Tasman Council, Waratah-Wynyard Council, West Coast Council	The project will improve the resilience of St Marys Pass during severe weather events to reduce closures and emergency repairs. The Freight Capacity Upgrade Program is made up of several components of works on key urban and regional freight routes. The project will undertake scoping and delivery of bridges for replacement or strengthening as well the scoping and delivery of road pavement strengthening and rehabilitation on roads across Tasmania.

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects																					
Projects reflect profiles as at 2025-26 MYEFO.																					
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.																					
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).																					
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.																					
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.																					
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).																					
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.																					
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.																					
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.																					
Completed projects are included where final payments are to be made (awaiting project closure report).																					
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.																					
State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
TAS	Heavy Vehicle Rest Areas	Road Investment		5.0	4.0	80%	0.2	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Central Coast Council, Dorset Council, George Town Council	Upgrade the existing weighbridge on the Bass Highway near Howth, construct a new rest area on the East Tamar Highway and Bridport Road junction at Bell Bay, and design a rest area on the Murchison Highway near Fossy River.
TAS	Hobart Airport to Sorell Southern Bypass	Road Investment		116.1	92.9	80%	7.6	10.5	6.0	2.0	26.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Clarence City Council, Sorell Council	Upgrades to priority locations between Hobart Airport and Southern Sorell, including duplication between Hobart Airport Interchange and the Midway Point Causeway, Midway Point intersection upgrade, and construction of a Sorell Bypass.
TAS	Hobart Metropolitan Bus Fleet Decarbonisation - Planning	Major Project Business Case Fund (Road)		17.0	8.5	50%	0.0	4.0	4.5	0.0	8.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Hobart City Council	The project will undertake planning to deliver depot upgrades, recharging equipment and electrical network upgrades to support the transition of Hobart's public transport buses to zero emissions vehicles.
TAS	Hobart Public Transport Infrastructure Planning	Road Investment		54.5	40.5	74%	3.1	5.0	5.0	5.0	18.1	5.0	5.0	5.0	5.8	0.0	0.0	20.8	In Progress	Clarence City Council, Glenorchy City Council, Hobart City Council, Kingborough Council	The project will plan upgrades to Hobart's public, active and marine transport networks including the Hobart Rapid Bus Network between major centres along key corridors, and enabling public transport infrastructure, bus stations and ferry terminals.
TAS	Huon Highway	Road Investment	Huon Highway	50.0	40.0	80%	0.0	3.0	5.0	23.0	31.0	9.0	0.0	0.0	0.0	0.0	0.0	9.0	In Progress	Not applicable / allocated	This corridor will deliver projects along the Huon Highway between Kingston and Southport.
TAS	Huon Highway Upgrades	Road Investment	Huon Highway																In Planning	Huon Valley Council, Kingborough Council	There are currently one project in the corridor: - Huon Highway Upgrades
TAS	Huon Link Road	Road Investment		16.5	13.2	80%	2.6	0.0	0.0	0.0	2.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Huon Valley Council	The project constructed a new link road between the Channel Highway and the Huon Highway near Huonville, including associated drainage, roundabouts, shared user path and minor bridges.
TAS	Ilawarra Main Road Upgrade	Road Investment		80.0	64.0	80%	15.0	19.9	3.5	0.0	38.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Meander Valley Council, Northern Midlands Council	It improved traffic flow and enhanced pedestrian safety in the town centre, as well as providing traffic with a reliable alternative route when part of the Channel Highway is flooded.
TAS	Lylell Highway - Granton to New Norfolk	Road Investment		100.0	80.0	80%	0.0	1.0	2.0	5.0	8.0	20.0	25.0	27.0	0.0	0.0	0.0	72.0	In Planning	Derwent Valley Council, Glenorchy City Council	The Project will upgrade Ilawarra Main Road between the western extents of Perth Links Road to the Bass Highway at Carrick, in Northern Tasmania.
TAS	Melba Line Bulk Minerals Rail Hub	Rail Investment		18.0	14.4	80%	5.4	9.0	0.0	0.0	14.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	City of Burnie, Waratah-Wynyard Council	The project will deliver safety upgrades to the Lylell Highway between Granton and New Norfolk including passing lanes, road widening and realignment works.
TAS	Midland Highway	Road Investment	Midland Highway	237.4	181.3	76%	21.6	14.0	5.0	0.0	40.6	0.0	0.0	0.0	4.4	0.0	0.0	4.4	In Progress	Not applicable / allocated	Construction of a new Bulk Minerals Hub at Hampshire (adjacent to the Melba Line). The Hampshire Hub will receive material by road, where it would be stored before being railed into the Port of Burnie for export.
TAS	Midland Highway - Campbell Town North (Campbell Town to Epping Forest)	Road Investment	Midland Highway																Under Construction	Northern Midlands Council	This corridor will deliver projects along the Midland Highway between Granton and Launceston in Tasmania.
TAS	Midland Highway Corridor Unallocated	Road Investment	Midland Highway																Not Started	Not applicable / allocated	There are currently 6 projects in the corridor: - Midland Highway - Campbell Town North (Campbell Town to Epping Forest) - Midland Highway Corridor Unallocated - Midland Highway Safety Works Package - Spring Hill - Midland Highway Upgrade - Oatlands (Jericho to South of York Plains) - Midland Highway Upgrade - Preconstruction - Midland Highway Upgrade - Ross (Mona Vale Road to Campbell Town)
TAS	Midland Highway Safety Works Package - Spring Hill	Road Investment	Midland Highway																Completed	Southern Midlands Council	This project includes road widening, shoulder sealing, additional overtaking lanes and installation of flexible safety barriers on the Midland Highway to improve safety outcomes from Campbell Town to Epping Forest. The project will improve the safety on the highway and achieve a minimum 3 Star AusRAP Safety Rating.
TAS	Midland Highway Upgrade - Oatlands (Jericho to South of York Plains)	Road Investment	Midland Highway																Completed	Southern Midlands Council	Unallocated.
TAS	Midland Highway Upgrade - Preconstruction	Road Investment	Midland Highway																Completed	Brighton Council, Derwent Valley Council, Launceston City Council, Northern Midlands Council, Southern Midlands Council	The project delivered works over an approximate 3.4 kilometre section of the Midland Highway at Spring Hill from Bisdree Tier Road/Tedworth Drive (north) intersection to 2.8 kilometres south of Lower Marshes Road.
TAS	Midland Highway Upgrade - Ross (Mona Vale Road to Campbell Town)	Road Investment	Midland Highway																Completed	Northern Midlands Council	The works included lane, shoulder and verge widening, the construction of a centre median with flexible safety barrier including consolidated breaks at intersections, and upgrades to roadside drainage, truck stopping bays and the extension of a stock underpass.
TAS	Midway Point Causeway (including McGees Bridge) and Sorell Causeway	Road Investment		187.0	150.0	80%	6.9	22.8	17.7	17.7	65.0	33.5	50.0	1.5	0.0	0.0	0.0	85.0	In Planning	Clarence City Council, Sorell Council	This project delivered road widening, shoulder sealing, additional overtaking lanes and installation of flexible safety barriers on the Midland Highway to improve safety outcomes from Jericho to South of York Plains.
TAS	Mornington Roundabout Upgrade (GSF)	Road Investment		100.0	80.0	80%	0.0	12.0	20.0	28.0	60.0	15.0	5.0	0.0	0.0	0.0	0.0	20.0	In Planning	Clarence City Council	This project undertook project identification, planning, scoping and development of preconstruction activities to enable delivery of the final stage of road upgrades for the Midland Highway program.
TAS	Murchison Highway Corridor Upgrade	Road Investment		48.8	39.0	80%	3.2	5.5	5.6	4.0	18.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Waratah-Wynyard Council, West Coast Council	This project will support freight movement across the Murchison Highway Corridor, by delivering: - works to strengthen bridges on the Zeehan Highway; - upgrades between Mackintosh Bridge and Pennan Road, including road widening and shoulder sealing; - upgrades between Sterling River Bridge and Mackintosh Bridge, including road widening, pavement strengthening, intersection upgrades; and - upgrades between Stitt River Bridge and Henty Main Road, including shoulder sealing, increased overtaking opportunities, truck pull-off and load checking sites and increased load limit to accommodate higher mass loads.
TAS	National Network Maintenance (TAS)	Road Investment		56.9	56.9	100%	11.1	11.4	11.6	11.9	46.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Five-year road maintenance works on the National Land Transport Network under the Land Transport Infrastructure Projects 2024-2029 Schedule to the Federation Funding Agreement - Infrastructure.
TAS	New Bridgewater Bridge	Road Investment		786.0	628.8	80%	65.0	2.6	0.0	0.0	67.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Brighton Council, Derwent Valley Council	Construction of a new four lane bridge downstream of the existing bridge including enhanced interchanges at Granton and Bridgewater, a safe shared pathway for cyclists and pedestrians and a navigation height matching the Bowen Bridge.
TAS	New Tamar Crossing Planning and Design	Major Project Business Case Fund (Road)		25.0	20.0	80%	0.0	2.0	2.0	2.0	6.0	2.0	5.0	7.0	0.0	0.0	0.0	14.0	In Planning	Launceston City Council, West Tamar Council	Undertake planning and enabling works to facilitate the construction of the Bridgewater Bridge.
TAS	Northern Roads Package	Road Investment		55.0	44.0	80%	2.0	12.9	1.5	0.0	16.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	George Town Council, West Tamar Council	Undertake key scoping, planning and development phase activities for the Bridgewater Bridge Replacement project including a competitive Early Contractor Involvement process and submission of a separate detailed Delivery phase Project Proposal Report for final funding consideration.
TAS	Regional Level Crossing Upgrade Fund - TAS	Road Investment		24.0	12.0	50%	3.1	8.9	0.0	0.0	12.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The New Tamar Crossing Planning and Design project will progress planning and design work for a new bridge over the Kanamaluka/River Tamar. The proposed bridge is likely to be north of the Launceston CBD, have a navigation clearance of 22 metres with two lanes in either direction as well as a shared active transport walking and cycling path.
TAS	Ridgley Highway	Road Investment		34.0	27.2	80%	0.0	0.8	1.0	5.0	6.8	9.2	11.2	0.0	0.0	0.0	0.0	20.4	In Planning	City of Burnie, Waratah-Wynyard Council	This project is the second stage of the Northern Roads Package, and will continue to deliver upgrades along the Northern Roads. The project will include road widening, pavement strengthening and localised curve improvements along Frankford and Birnielee Roads to enable the Corridor to meet the Department of State Growth's requirements to cater for the increased heavy vehicle movements supporting business and industry.
TAS	Road Safety Program additional funding - TAS	Road Investment		43.9	35.1	80%	10.0	16.3	0.0	0.0	26.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	The Batman Highway is the first approved stage (excluding the Scoping Phase) which forms part of the Northern Roads Package.
TAS	Rokeby Road - South Arm Road Upgrades	Road Investment		55.0	44.0	80%	4.4	14.0	19.6	1.0	39.0	5.0	0.0	0.0	0.0	0.0	0.0	5.0	In Planning	Clarence City Council	Upgrade 12 regional level crossings at Highdown, Ulverstone, West Ulverstone and Westbury as listed in the Tasmania Round 2 Project Proposal Report.
TAS	Southern Outlet Transit Lane Extension	Road Investment		100.0	80.0	80%	0.0	1.0	2.0	2.0	5.0	2.0	5.0	15.0	15.0	15.0	23.0	75.0	In Planning	Hobart City Council, Kingborough Council	The project will deliver safety upgrades along the Ridgley Highway including intersection improvements, passing lanes, lane and shoulder widening, heavy vehicle driver rest areas, and active and public transport improvements.
TAS	Tasman Bridge Upgrade	Road Investment		130.0	65.0	50%	15.8	25.0	19.0	0.0	59.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Clarence City Council, Hobart City Council	Projects delivered under the Program will enable road safety infrastructure treatments to reduce fatal and serious injury crashes on Tasmanian roads. Treatments may include safety barriers, audio tactile line marking, intersection upgrades, sealing of road shoulders, and pedestrian and cycleway improvements.
TAS	Tasman Highway Intelligent Transport Solutions	Road Investment		23.0	11.5	50%	0.0	3.1	0.0	0.0	3.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Clarence City Council, Glenorchy City Council, Hobart City Council, Kingborough Council	The project will extend the transit lane from the current proposed end at Olinda Grove through to Kingston.
TAS	Tasman Highway Sideling Upgrade	Road Investment		50.0	40.0	80%	5.0	1.0	0.0	0.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Dorset Council	Planning for the upgrade of the Tasman Bridge. Activities include detailed design and contract documentation finalisation, and engagement with selected contractors to identify opportunities for improvement.
TAS	Tasmanian Freight Rail Revitalisation - Tranche 3 - Port of Burnie Shiploader Upgrade	Rail Investment		82.0	82.0	100%	3.5	13.8	0.0	0.0	17.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	City of Burnie	This project will upgrade the On Road Traveller Information System, including variable message signs and new traffic cameras to be installed at various locations around greater Hobart and the installation of a new lane management system on the Tasman Bridge to provide more contemporary management of traffic.
TAS	Tasmanian Freight Rail Revitalisation - Tranche 4 - Network	Rail Investment		102.0	81.6	80%	20.4	20.4	20.4	0.0	61.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Brighton Council, Central Coast Council, City of Burnie, Devonport City Council, George Town Council, Kentish Council, Launceston City Council, Meander Valley Council, Northern Midlands Council, Southern Midlands Council	The Project will upgrade approximately a 15 kilometre section of the Tasman Highway at the Sideling between Minstone Road intersection and the Corkerlys Road intersection.
TAS	Tasmanian Freight Rail Revitalisation - Tranche 4 - Off Network	Rail Investment		18.0	14.4	80%	3.6	3.6	3.6	0.0	10.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Break O'Day Council, Waratah-Wynyard Council, West Coast Council	The Project will upgrade approximately 9 kilometres of the Tasman Highway at the Sideling between the access road near the Sideling Lookout and the Corkerlys Road intersection, including construction of wider lanes and shoulder sealing.
TAS	Tasmanian Roads	Road Investment	Tasmanian Roads	699.6	558.6	80%	37.4	39.0	69.0	74.2	219.6	65.0	59.0	106.6	50.0	17.7	0.0	298.3	In Progress	Not applicable / allocated	This project will deliver upgrades to the existing West Tamar Highway, including the duplication of lanes between Freshwater Point Road and Acropolis Drive, improvements to intersections, and the construction of cycling and pedestrian infrastructure.
TAS	Great Eastern Drive Tourism Support - additional packages	Road Investment	Tasmanian Roads																Under Construction	Break O'Day Council, Glamorgan Spring Bay Council	The West Tamar Highway runs from Launceston to Greenes Beach in the far north east of Tasmania. This project will deliver targeted upgrades between Exeter and Launceston to make this section of the West Tamar Highway safer and more efficient.
TAS	Tasman Highway Sideling Upgrade - Stage 2	Road Investment	Tasmanian Roads																In Planning	Dorset Council, Launceston City Council	Unallocated.
TAS	Tasmanian Roads Corridor Unallocated	Road Investment	Tasmanian Roads																Not Started	Not applicable / allocated	This component of the project will provide safety improvements to the Great Eastern Drive in the vicinities of the Apsley River and the township of Lisdillon through the delivery of road widening, realignment and overtaking lanes.
TAS	Tasmanian Roads Package - Northern Roads Package- Stage 2	Road Investment	Tasmanian Roads					</													

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects																							
Projects reflect profiles as at 2025-26 MYEFO.																							
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.																							
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).																							
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.																							
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, PEFO 2025 and 2025-26 MYEFO.																							
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).																							
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.																							
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.																							
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.																							
Completed projects are included where final payments are to be made (awaiting project closure report).																							
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.																							
State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description		
NT	Burtline Highway Upgrade	Road Investment	Industry Roads																Under Construction	Victoria Daly Regional Council	The Burtline Highway proposal involves upgrading priority sections of the Burtline Highway to deliver flood immunity, safety improvements and pavement strengthening and widening works along the route.		
NT	Carpentaria Highway Strengthening & Widening	Road Investment	Industry Roads																Under Construction	Roper Gulf Regional Council	Upgrade between the Tablelands Highway and MacArthur River Mine between chainages 279.764 and 284.864 kilometres.		
NT	Carpentaria Highway Upgrade	Road Investment	Industry Roads																Under Construction	Barkly Regional Council, Roper Gulf Regional Council	The Project will involve planning for, reconstruction and associated works of approximately 175 kilometres of the Carpentaria Highway, commencing at the Stuart Highway.		
NT	Industry Roads Corridor Unallocated	Road Investment	Industry Roads																Not Started	Not applicable / allocated	Unallocated.		
NT	Newman to Katherine Upgrade (Northern Territory) Scoping and Investigations	Road Investment	Industry Roads																In Progress	Katherine Town Council, Victoria Daly Regional Council	This project involves scoping and investigation works for future works in the Northern Territory between Newman and Katherine, including design and preparatory works for future projects.		
NT	Roper Highway Upgrade (Stage 1)	Road Investment	Industry Roads																Completed	Roper Gulf Regional Council	Upgrade and seal approximately 4.5km of the Roper Highway.		
NT	Roper Highway Upgrade (Stage 2)	Road Investment	Industry Roads																Completed	Roper Gulf Regional Council	The project will upgrade and seal approximately 18.9km of the Roper Highway between Wilton Bridge and Ngukun to a two-lane sealed standard.		
NT	Sandover Highway Upgrade	Road Investment	Industry Roads																In Planning	Barkly Regional Council, Central Desert Regional Council	The Project will upgrade and seal approximately 20kms of the Sandover Highway.		
NT	Mango Industry Roads Upgrades, Litchfield	Road Investment		21.0	15.0	71%	0.7	0.0	0.0	0.0	0.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Litchfield Council	Sealing of roads in the mango growing region of Litchfield.		
NT	Maryvale Road Upgrade (Stage 1)	Road Investment		11.6	9.3	80%	0.4	0.0	0.0	0.0	0.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	MacDonnell Regional Council	Upgrade approximately 10 km of Maryvale Road to a two-lane seal, and scoping and design works for the entire length of Maryvale Road.		
NT	National Network Maintenance (NT)	Road Investment		115.6	115.6	100%	22.6	23.1	23.7	24.3	93.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Five-year road maintenance works on the National Land Transport Network under the Land Transport Infrastructure Projects 2024-2029 Schedule to the Federation Funding Agreement - Infrastructure.		
NT	Northern Territory Gas Industry Roads Upgrades - Scoping and Investigations	Road Investment		5.7	4.5	80%	0.2	0.0	1.0	1.8	3.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Alice Springs Town Council, Barkly Regional Council, Central Desert Regional Council, City of Darwin, City of Palmerston, Coomalie Community Government Council, Katherine Town Council, Litchfield Council, MacDonnell Regional Council, Northern Territory Rates Act Area, Outback Communities Authority, Roper Gulf Regional Council, Victoria Daly Regional Council	This project involves scoping and investigation works for upgrades in the Northern Territory to support the development of gas resources in and around the Beetaloo sub-basin, including design and preparatory works for future projects.		
NT	Northern Territory Strategic Roads Package	Road Investment		415.0	332.0	80%	5.0	50.0	43.0	77.0	175.0	58.3	56.7	32.0	0.0	0.0	0.0	0.0	Under Construction	Alice Springs Town Council, MacDonnell Regional Council, Un-incorporated (Yulara) Area	Upgrades to various remote and regional roads across the Northern Territory, including the Mereriee Loop, Santa Teresa Road and access to Maningrida, Ramingining, and the Milingimbi mail/airfield barge ramp. Works will focus on all-weather access and improving year-round connections to services and opportunities for communities.		
NT	Outback Way - NT	Road Investment	Outback Way - NT	251.1	202.7	81%	31.0	20.0	20.0	20.0	91.0	20.0	11.7	9.1	0.0	0.0	0.0	40.8	In Progress	Not applicable / allocated	The Outback Way, linking Queensland (QLD), Northern Territory (NT), and Western Australia (WA), is essential for connectivity across Australia's remote and regional areas. This corridor supports Australia's mining sector by enabling direct access to key mining sites and improving heavy vehicle productivity. This corridor will provide an alternative sealed cross national link, address road network vulnerabilities with unsealed and single seal, reduce road closures, load restrictions and damage to critical roads, and address connectivity issues for remote communities. There are currently 4 projects in the corridor: - Outback Way - NT - Plenty Highway Progressive Sealing - Outback Way Corridor Upgrade - NT - Outback Way Unallocated - Tjikanuru Road Upgrade		
NT	Outback Way - NT - Plenty Highway Progressive Sealing	Road Investment	Outback Way - NT																Completed	Central Desert Regional Council	This project involves design works and upgrading approximately 15 kilometres of the Plenty Highway to a two-lane seal.		
NT	Outback Way Corridor Upgrade - NT	Road Investment	Outback Way - NT																Under Construction	Alice Springs Town Council, Central Desert Regional Council, MacDonnell Regional Council, Un-incorporated (Yulara) Area	This project will upgrade the Northern Territory section of the roads that form the 'Outback Way', which runs from Winton in Queensland through the Northern Territory, to Laverton in Western Australia.		
NT	Outback Way Unallocated	Road Investment	Outback Way - NT																Not Started	Not applicable / allocated	Unallocated.		
NT	Tjikanuru Road Upgrade	Northern Australia Roads	Outback Way - NT																Closed	MacDonnell Regional Council	Upgrade and seal approximately 13.3 kilometres of the Tjikanuru Road to a two-lane standard seal and associated drainage and floodway improvements.		
NT	Port Keats Road Upgrade (Saddle Rail Creek)	Road Investment		25.9	20.7	80%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	10.0	10.0	Completed	Victoria Daly Regional Council	- Upgrade an 11.7km section of Port Keats Road around Saddle Rail Creek, including sealing between chainages 3.08m and 14.7km and construction of floodways, culvert crossings and a 45m bridge over Saddle Rail Creek. - Develop an investment strategy which will set out the long term goal to upgrade and seal the full length of Port Keats Road.		
NT	Regional Level Crossing Upgrade Fund - NT	Road Investment		12.0	6.0	50%	0.4	5.6	0.0	0.0	6.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	Upgrade the regional railway level crossing at Gorrie Road, Matankala.		
NT	Regional Roads	Road Investment	Regional Roads	768.8	630.7	82%	58.0	55.0	95.0	115.6	323.6	50.0	50.0	56.7	20.0	8.9	15.7	201.3	In Progress	Not applicable / allocated	This corridor will address connectivity issues for remote communities, reduce road closures, load restrictions and damage to critical roads, support growth in tourism, space, mining, energy, agriculture, rural development and construction industries, and address road network vulnerabilities with unsealed and single seal. The corridor includes non National Land Transport Network roads across the Northern Territory. There are currently 10 projects in the corridor: - Arnhem Highway - Adelaide River Floodplain Upgrade - Arnhem Highway Duplication - Stuart Highway to Koska Road - Arnhem Highway Upgrade at Beatrice Hill - Central Arnhem Road Upgrade - Jabiru Road Upgrades (Kakadu National Park) - Jabiru Road Upgrades (Kakadu National Park) - Nationwide Freight Highway Upgrade Program (NT) - Central Arnhem Road - Port Keats Road - Wadeye to Palumpa (Nganmanjanyang) - Regional Roads Productivity Package - Arnhem Link Road - Regional Roads Productivity Package - Arnhem Link Road - Regional Roads Unallocated - Remote Community Access Roads Upgrades		
NT	Arnhem Highway - Adelaide River Floodplain Upgrade	Northern Australia Roads	Regional Roads																Completed	Litchfield Council	Upgrade the Arnhem Highway to improve flood immunity at the Adelaide River floodplain including: - construction of approximately 6.6 kilometres of new road alignment on the existing road corridor, between chainages 30.2 and 36.8km, to a finished road level of approximately 4 metres above the floodplain, including a series of multi-span bridge structures along the length of the floodplain; and - ground improvements and drainage works between chainages 25.1 and 27.9km.		
NT	Arnhem Highway Duplication - Stuart Highway to Koska Road	Northern Australia Roads	Regional Roads																In Planning	Litchfield Council	The project will construct a four-lane divided road from the Stuart Highway to Koska Road, pedestrian crossing and signalled intersection at the Stuart Highway and Arnhem Highway intersection.		
NT	Arnhem Highway Upgrade at Beatrice Hill	Road Investment	Regional Roads																Completed	Litchfield Council	Construction of a new section of approximately 2.8km of the Arnhem Highway including installation of bridge, culvert and drainage structures to improve the flood immunity of the highway at the Adelaide River flood plain.		
NT	Central Arnhem Road Upgrade	Road Investment	Regional Roads																Under Construction	East Arnhem Regional Council, Katherine Town Council, Roper Gulf Regional Council, West Arnhem Regional Council	The Central Arnhem Road Upgrade will involve sealing, reconstructing, widening, and flood immunity improvements to priority sections of the route to a fit-for-purpose standard.		
NT	Jabiru Road Upgrades (Kakadu National Park)	Road Investment	Regional Roads																Under Construction	Litchfield Council, Victoria Daly Regional Council, West Arnhem Regional Council	Upgrade roads to support access to the township of Jabiru and Kakadu National Park.		
NT	Nationwide Freight Highway Upgrade Program (NT) - Central Arnhem Road	Road Investment	Regional Roads																Under Construction	East Arnhem Regional Council, Katherine Town Council, Roper Gulf Regional Council, West Arnhem Regional Council	This project will contribute to the upgrade and sealing of Central Arnhem Road.		
NT	Port Keats Road - Wadeye to Palumpa (Nganmanjanyang)	Road Investment	Regional Roads																In Planning	West Daly Regional Council	The Project will upgrade, widen and seal Port Keats Road between Wadeye and Palumpa (Nganmanjanyang).		
NT	Regional Roads Productivity Package - Arnhem Link Road	Road Investment	Regional Roads																Under Construction	East Arnhem Regional Council, West Arnhem Regional Council	This project will upgrade five sections of the Arnhem Link Road across three separate packages of works. Works to be delivered include, sealing and flood immunity works such as the installation of drainage culverts and concrete causeways.		
NT	Regional Roads Unallocated	Road Investment	Regional Roads																Not Started	Not applicable / allocated	Unallocated.		
NT	Remote Community Access Roads Upgrades	Road Investment	Regional Roads																In Planning	Barkly Regional Council, MacDonnell Regional Council, West Daly Regional Council	The Project will upgrade and seal priority access roads to communities for sealing including Impanpa (Impanpa Road), Emu Point (Emu Point Access) and Mungkatka (McLaren Creek Access).		
NT	Road Safety Program - NT (Regional)	Road Investment		102.9	82.3	80%	8.7	0.0	0.0	0.0	8.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Not applicable / allocated	The Australian Government contributed \$80.4m to the Regional component of Tranches 1-3 of the Road Safety Program in the NT, which supported the rollout of lifesaving road safety treatments that aimed to reduce fatal and serious injury road crashes, and provide greater protection for vulnerable road users.		
NT	Road Safety Program additional funding - NT	Road Investment		35.9	18.0	50%	7.0	2.0	0.0	0.0	9.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	Projects delivered under the Program will enable road safety infrastructure treatments to reduce fatal and serious injury crashes on NT roads. Treatments may include safety barriers, audio tactile line marking, intersection upgrades, sealing of road shoulders, and pedestrian and cycleway improvements.		
NT	Road Safety Program additional funding - NT-PPR2	Road Investment		44.3	35.4	80%	23.4	12.0	0.0	0.0	35.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Not Started	Not applicable / allocated	Projects delivered under the Program will enable road safety infrastructure treatments to reduce fatal and serious injury crashes on NT roads. Treatments may include safety barriers, audio tactile line marking, intersection upgrades, sealing of road shoulders, and pedestrian and cycleway improvements.		
NT	Stuart, Victoria and Barkly Highways	Road Investment	Stuart, Victoria and Barkly Highways	972.0	779.3	80%	64.5	77.8	96.0	80.4	318.6	73.0	70.4	126.9	0.0	0.0	3.2	273.5	In Progress	Not applicable / allocated	This corridor will support interstate trade and connectivity across the National Land Transport Network, support road network with forecast heavy vehicle traffic, reduce road closures, load restrictions and damage to critical roads, and address connectivity issues for remote communities. This corridor includes the Stuart, Victoria and Barkly highways in the Northern Territory. There are currently 17 projects in the corridor: - Barkly Highway Upgrades - Berrimah Road Duplication - Stuart Highway to Tiger Brennan Drive - Duplication of Stuart Highway (Darwin to Katherine) - National Network Highway Flood Resilience Upgrades - Northern Territory National Network Highway Upgrades (Phase 2) - Northern Territory National Network Highway Upgrades (Phase One) - Roystone Avenue Duplication - Terry Drive to Lambrick Avenue - Stuart Highway - Road Safety and Fatigue Management Upgrades - Stuart Highway - Schwarz Crescent Intersection Upgrade - Stuart Highway / Katherine Cotton Gin Intersection Upgrade - Stuart Highway Strengthening and Widening (Regional) - Stuart Highway Upgrade at Coolalinga - Stuart Highway Upgrades - Stuart Hwy - Safety improvements - Stuart, Victoria and Barkly Highways' Corridor Unallocated - Tiger Brennan Drive/Berrimah Road Intersection Upgrade - Victoria Highway Upgrades		
NT	Barkly Highway Upgrades	Northern Australia Roads	Stuart, Victoria and Barkly Highways																In Planning	Barkly Regional Council	Upgrade priority sections of the Barkly Highway with works involving pavement strengthening, widening, resurfacing and surface correction.		
NT	Berrimah Road Duplication - Stuart Highway to Tiger Brennan Drive	Road Investment	Stuart, Victoria and Barkly Highways																In Planning	Not applicable / allocated	The Project will duplicate the Berrimah Road to a dual carriageway between the Stuart Highway and Tiger Brennan Drive.		
NT	Duplication of Stuart Highway (Darwin to Katherine)	Road Investment	Stuart, Victoria and Barkly Highways																In Planning	City of Darwin, City of Palmerston, Katherine Town Council, Litchfield Council	The project will progressively duplicate selected sections of the Stuart Highway between Darwin and Katherine to increase road transport freight efficiency and improve road safety.		
NT	National Network Highway Flood Resilience Upgrades	Road Investment	Stuart, Victoria and Barkly Highways																In Planning	Not applicable / allocated	Upgrade priority sections of the Stuart, Victoria and Barkly Highways vulnerable to flooding		
NT	Northern Territory National Network Highway Upgrades (Phase 2)	Road Investment	Stuart, Victoria and Barkly Highways																Under Construction	Alice Springs Town Council, Barkly Regional Council, Central Desert Regional Council, City of Darwin, City of Palmerston, Coomalie Community Government Council, Katherine Town Council, Litchfield Council, MacDonnell Regional Council, Northern Territory Rates Act Area, Outback Communities Authority, Roper Gulf Regional Council, Victoria Daly Regional Council	The project will upgrade priority sections of the Stuart, Victoria and Barkly Highways in the Northern Territory with works involving pavement strengthening, widening and resurfacing to upgrade deteriorating sections of road, and upgrades to address identified road safety and fatigue management issues that contribute to vehicle crashes. Specific packages of works will be delivered on a rolling basis based on ongoing investigations, assessments and analysis of road conditions and vehicle accident data, and community consultations.		

2025-26 Additional Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at 2025-26 MYEFO.
Information on the progress status of projects as at 12 December 2025. Project description and Local Government Area (LGA) are as at 27 January 2026.
The table includes projects with funding from 2025-26 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget, PEFO 2025 and 2025-26 MYEFO.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spot Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

State	Project Name	Sub Program	Corridor name	Total Project Cost	Total Aus Gov Funding	Australian Government Share	25-26 Forecast	26-27 Forecast	27-28 Forecast	28-29 Forecast	FEs total	29-30 Forecast	30-31 Forecast	31-32 Forecast	32-33 Forecast	33-34 Forecast	34-35 Forecast	Beyond FEs total	Progress Status	Local Government Area	Project Description
NT	Northern Territory National Network Highway Upgrades (Phase One)	Road Investment	Stuart, Victoria and Barkly Highways																Under Construction	Alice Springs Town Council, Barkly Regional Council, Central Desert Regional Council, MacDonnell Regional Council	The project will upgrade priority sections of the Stuart, Victoria and Barkly highways in the Northern Territory with works involving pavement strengthening, widening and resurfacing to upgrade deteriorating sections of road, and upgrades to address identified road safety and fatigue management issues that contribute to vehicle crashes. The upgrades will provide a better quality and more efficient road network, allowing for growth in traffic volumes, as well as improving road safety. This will support industry and business by providing better freight links, and enhance social equity by providing a more efficient, safe and reliable means for Territorians to access key essential services such as education, health and time-critical emergency services. Specific packages of works will be proposed on a rolling basis by the Northern Territory Government based on ongoing investigations, assessments and analysis of road conditions and vehicle accident data, and community consultations.
NT	Roystone Avenue Duplication - Terry Drive to Lambrick Avenue	Road Investment	Stuart, Victoria and Barkly Highways																Under Construction	City of Palmerston	The Project will extend the existing four-lane, dual carriageway on Roystone Avenue from Terry Drive to Lambrick Avenue
NT	Stuart Highway - Road Safety and Fatigue Management Upgrades	Road Investment	Stuart, Victoria and Barkly Highways																Completed	City of Darwin, City of Palmerston, Coomalie Community Government Council, Litchfield Council, Roper Gulf Regional Council	Upgrades to roads on the Alice Springs to Darwin road corridor involving road safety and fatigue management works.
NT	Stuart Highway - Schwarz Crescent Intersection Upgrade	Road Investment	Stuart, Victoria and Barkly Highways																In Planning	Alice Springs Town Council	The Project will upgrade and signalise the Smith Street and Stuart Highway intersection for improved road safety and pedestrian access. The Project will also construct a three-pronged roundabout to connect the Stuart Highway to Schwarz Crescent and Anzac Hill Road.
NT	Stuart Highway / Katherine Cotton Gin Intersection Upgrade	Road Investment	Stuart, Victoria and Barkly Highways																Completed	Katherine Town Council	This project includes an intersection upgrade on the Stuart Highway at the Cotton Gin north of Katherine.
NT	Stuart Highway Strengthening and Widening (Regional)	Road Investment	Stuart, Victoria and Barkly Highways																Completed	Barkly Regional Council, Central Desert Regional Council, Litchfield Council, MacDonnell Regional Council, Roper Gulf Regional Council	Upgrades to four priority sections of the Stuart Highway in regional areas of the Northern Territory, including pavement strengthening and widening and pavement rehabilitation, at: approximately between chainages 598km and 600km; Renner Springs; Elizabeth River to Jenkins Road; and approximately between chainages 1437km and 1439km (North of Tropic of Capricorn).
NT	Stuart Highway Upgrade at Coolalinga	Road Investment	Stuart, Victoria and Barkly Highways																In Planning	Litchfield Council	The project will upgrade the Stuart Highway at Coolalinga, which is 29km from Darwin, to address problems related to the efficiency of traffic flow and road safety. The project will improve the management of traffic by: - Constructing two new fully signalised intersections on the Stuart Highway, including two signalised pedestrian crossings, to provide safe access and egress to the new commercial and residential developments located on either side of the Highway. - Upgrading and extending the service roads on both sides of the Stuart Highway at Coolalinga. - Constructing a new link to the Coolalinga Shopping Centre. - Closing the existing median break which currently provides access to the service roads. - Extending Henning Road to Virginia Road, and constructing a new link from Henning Road to the southern service road.
NT	Stuart Highway Upgrades	Northern Australia Roads	Stuart, Victoria and Barkly Highways																In Planning	Not applicable / allocated	Upgrade priority sections of the Stuart Highway with works involving pavement strengthening, widening, resealing and surface correction.
NT	Stuart Hwy - Safety improvements	Road Investment	Stuart, Victoria and Barkly Highways																Completed	Alice Springs Town Council, Barkly Regional Council, Central Desert Regional Council, City of Palmerston, Coomalie Community Government Council, Katherine Town Council, Litchfield Council, Roper Gulf Regional Council, Victoria Daly Regional Council	The package will deliver various safety improvement works along the Stuart Highway.
NT	Stuart, Victoria and Barkly Highways' Corridor Unallocated	Road Investment	Stuart, Victoria and Barkly Highways																Not Started	Not applicable / allocated	Unallocated.
NT	Tiger Brennan Drive/Berrimah Road Intersection Upgrade	Road Investment	Stuart, Victoria and Barkly Highways																Completed	City of Darwin	This project will upgrade the Tiger Brennan Drive and Berrimah Road intersection through various safety improvements, including the construction of a new overpass.
NT	Victoria Highway Upgrades	Northern Australia Roads	Stuart, Victoria and Barkly Highways																In Planning	Katherine Town Council, Victoria Daly Regional Council	Upgrade priority sections of the Victoria Highway with works involving pavement strengthening, widening, resealing and surface correction
NT	Supporting access to Darwin Port (Stuart Highway, Vandenberg Drive and McMillans Road)	Major Project Business Case Fund (Road)		2.5	2.0	80%	0.0	0.2	1.0	0.8	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	The Project will support the NT to plan and develop a business case for works which will improve community connectivity and access to the Darwin Port
NT	Tanami Road	Road Investment	Tanami Road	800.7	649.9	81%	50.0	53.5	50.0	142.0	295.5	134.5	20.0	20.0	26.3	0.0	0.0	200.8	In Progress	Not applicable / allocated	This corridor will seal this critical WA-NT link, support expansion of mining and other economic activities, address road network vulnerabilities with unsealed and single seal, reduce road closures, load restrictions and damage to critical roads, and improve parts of the regional freight network to enable national, regional and international logistics and trade to take place. The Tanami Road along the National Land Transport Network in the Northern Territory between the Stuart Highway and the Western Australian border. There are currently 3 projects in the corridor: - Nationwide Freight Highway Upgrade Program (NT) - Tanami Road - Tanami Road - Progressive Upgrades - Tanami Road Corridor Unallocated
NT	Nationwide Freight Highway Upgrade Program (NT) - Tanami Road	Road Investment	Tanami Road																Under Construction	Central Desert Regional Council, MacDonnell Regional Council	Project will upgrade and seal Tanami Road from the Stuart Highway north of Alice Springs to the WA border
NT	Tanami Road - Progressive Upgrades	Road Investment	Tanami Road																Under Construction	Central Desert Regional Council, MacDonnell Regional Council	Progressively upgrade and seal the Northern Territory section of the Tanami Road.
NT	Tanami Road Corridor Unallocated	Road Investment	Tanami Road																Not Started	Alice Springs Town Council, Central Desert Regional Council, MacDonnell Regional Council, Shire Of Halls Creek	Unallocated.
NT	Tenant Creek to Townsville (Northern Territory) - Scoping and Investigations	Road Investment		6.4	5.1	80%	0.0	1.5	2.9	0.0	4.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Barkly Regional Council, Central Desert Regional Council, Mount Isa City Council, Roper Gulf Regional Council	This project involves scoping and investigation works for future works in the Northern Territory between the Stuart Highway and the QLD border including design and preparatory works for future projects.
NT	Tiwi Island Roads Upgrades	Road Investment		75.0	60.0	80%	2.0	14.8	18.0	0.0	34.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Tiwi Islands Regional Council	The project will upgrade and seal sections of the access roads on the Tiwi Islands.
NT	Unallocated Road NT	Road Investment		0.1	0.1	100%	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.0	0.1	Not Started	Not applicable / allocated	Unallocated.
NT	Weddell Freeway	Major Project Business Case Fund (Road)		2.5	2.0	80%	0.0	0.5	1.0	0.5	2.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	The Project will support the NT to plan and develop a business case for works for the potential development of the Weddell Freeway.
ACT	Athlon Drive Duplication	Road Investment		93.3	46.7	50%	3.0	12.8	12.7	18.2	46.7	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	This project will involve the detailed design and duplication of Athlon Drive, between Hindmarsh Drive and Melrose Drive, and between Sulwood Drive and Drakeford Drive.
ACT	Belconnen Transitway - Planning	Road Investment		0.4	0.2	50%	0.0	0.0	0.0	0.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	This Project will deliver a feasibility study to investigate options for upgrading the existing transit corridor between Belconnen and Canberra City.
ACT	Canberra Light Rail - Stage 2A	Rail Investment		687.8	343.9	50%	164.5	85.2	25.0	14.2	288.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	This project involves construction of the first section of the City to Woden light rail extension (approximately 1.7 kilometres), and associated preparatory utilities, retrofitting and upgrade works. Stage 2A includes extension of the existing light rail network from Canberra City to Commonwealth Park including the construction of 3 new stations, planned for City West, City South and Commonwealth Park.
ACT	Canberra Light Rail - Stage 2B Planning	Major Project Business Case Fund (Rail)		100.0	50.0	50%	27.5	17.5	5.0	0.0	50.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	This project will deliver the design and approvals for Canberra Light Rail Stage 2B.
ACT	Gundaroo Drive Duplication	Road Investment		63.1	30.3	48%	3.5	0.0	0.0	0.0	3.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Not applicable / allocated	The project will deliver a dual carriageway on Gundaroo Drive between Ginninderra Drive and the Barton Highway. It will also include intersection upgrades at Dumas Street, Owen Dixon Drive and Churchba Crescent.
ACT	Gungahlin District Road Improvements - Planning	Road Investment		0.5	0.3	50%	0.1	0.2	0.0	0.0	0.3	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	This project will undertake planning for priority road works in the Gungahlin District.
ACT	Hume Circle Intersection Improvements	Road Investment		25.2	12.6	50%	0.0	0.0	0.0	6.0	6.0	6.6	0.0	0.0	0.0	0.0	0.0	6.6	In Planning	Not applicable / allocated	This project will deliver upgrades to Hume Circle Intersection.
ACT	Intersection Safety Improvements	Road Investment		10.7	5.3	50%	0.5	0.0	0.0	0.0	0.5	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Not applicable / allocated	This project will deliver improvements to Streeeton Drive intersections with Heyson Street and Namatjira Drive in Weston Creek, and Tharwa Drive intersections with Norman Lindsay Street and Lawrence Wackett Crescent in Tuggeranong.
ACT	Molonglo East-West Arterial - Planning	Road Investment		0.9	0.4	50%	0.4	0.0	0.0	0.0	0.4	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	This project will deliver a corridor plan for the Molonglo East-West Arterial to support the wider Molonglo Valley estate development.
ACT	Molonglo River Bridge	Road Investment		225.0	112.5	50%	26.0	15.1	0.0	0.0	41.1	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	This project involves the completion of John Gorton Drive and the construction of a new bridge crossing over the Molonglo River.
ACT	Monaro Highway Upgrade	Road Investment		260.5	145.3	56%	10.0	51.4	34.5	0.0	95.9	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	The delivery of the following upgrades to the Monaro Highway within the ACT: - a new overtaking lane between Williamsdale Road and Royalla Drive and left-hand turn lane into Old Cooma Road; - a grade separated Lanyon Drive interchange; and - an extension to David Warren Road.
ACT	Monaro Highway Upgrades Stage 2 - Planning	Road Investment		40.0	20.0	50%	0.4	9.6	10.0	0.0	20.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Planning	Not applicable / allocated	Complete a Final Business Case and commence detailed investigations for the future stages of the Monaro Highway upgrade.
ACT	National Network Maintenance (ACT)	Road Investment		6.9	6.9	100%	1.3	1.4	1.4	1.4	5.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	Five-year road maintenance works on the National Land Transport Network under the Land Transport Infrastructure Projects 2024-2025 Schedule to the Federation Funding Agreement - Infrastructure.
ACT	Parkes Way upgrade - Planning and Design	Road Investment		5.0	2.5	50%	1.3	0.3	0.0	0.0	1.6	0.0	0.0	0.0	0.0	0.0	0.0	0.0	In Progress	Not applicable / allocated	The project involves planning for upgrades to Parkes Way and William Howell Drive between Kings Avenue and the William Howell Drive/Bindubi Street intersection.
ACT	Road Safety Program - ACT	Road Investment		12.0	6.0	50%	1.2	0.0	0.0	0.0	1.2	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Not applicable / allocated	The Australian Government contributed \$6.0m to Tranches 1-3 of the Road Safety Program in the ACT, which supported the rollout of lifesaving road safety treatments that aimed to reduce fatal and serious injury road crashes, and provide greater protection for vulnerable road users.
ACT	Road Safety Program additional funding - ACT	Road Investment		10.0	5.0	50%	3.1	0.6	0.0	0.0	3.8	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Under Construction	Not applicable / allocated	Projects delivered under the Program will enable road safety infrastructure treatments to reduce fatal and serious injury crashes on ACT roads. Treatments may include safety barriers, audio tactile line marking, intersection upgrades, sealing of road shoulders, and pedestrian and cyclistway improvements.

Roads to Recovery Program (as at 31 December 2025)

Eligible funding recipients: Local governments, state governments for unincorporated areas and non-state entities for administered territories.

Scope: Compliant projects within the 2024-2029 funding period (approved since 1 July 2024).

Objectives: Roads to Recovery provides direct funding for the construction and maintenance of priority local road infrastructure assets to supplement ordinary local government spending on roads.

Caveat: Project-level reporting is provided by funding recipients on an adhoc basis. The project statuses reported are based on the most current information available to the department at a point in time. The information contained in the below list is the most current available to the department and may differ from that published on the website. The department continues to work with funding recipients to improve the timeliness and accuracy of project-level reporting under the program.

Project ID	State	Funding Recipient	Project Name	Project Description	Approved Program Funding	Total Project Cost	Start Date	End Date
128431-24ACT-RTR	ACT	City and Environment Directorate	Monaro Highway, Symonston	Road pavement failures. Pavement rehabilitation of both south and north bound carriageways.	\$13,330,000	\$13,330,000	Nov-24	Nov-25
128432-24ACT-RTR	ACT	City and Environment Directorate	Kings Highway, Kowen	Extensive pavement failures. Pavement rehabilitation of the affected section.	\$4,315,202	\$4,315,202	Nov-24	Oct-25
128433-24ACT-RTR	ACT	City and Environment Directorate	Sulwood Drive, Kambah	Pavement failures. Pavement rehabilitation.	\$6,100,000	\$6,100,000	Oct-25	Jun-26
128434-24ACT-RTR	ACT	City and Environment Directorate	Sulwood Drive, Kambah	Extensive pavement failures. Pavement rehabilitation.	\$3,398,000	\$3,398,000	Oct-25	Dec-25
128435-24ACT-RTR	ACT	City and Environment Directorate	Kuringa Drive, Spence	Pavement failures. Pavement rehabilitation and curve upgrade to new road safety standards.	\$5,550,000	\$5,550,000	Sep-25	Jun-26
132516-25ACT-RTR	ACT	City and Environment Directorate	Overall Avenue, Casey	Pavement failures. Reconstruct road surface and pavement layers.	\$3,500,000	\$3,500,000	Nov-25	Jun-26
132518-25ACT-RTR	ACT	City and Environment Directorate	Wiluna Street, Fyshwick	Pavement failures caused by heavy vehicles. Complete reconstruction of existing road pavement.	\$1,550,000	\$1,550,000	Nov-25	Jun-26
132519-25ACT-RTR	ACT	City and Environment Directorate	Lithgow Street, Fyshwick	Extensive pavement failure due to heavy vehicle traffic. Complete reconstruction of road pavement.	\$2,550,000	\$2,550,000	Nov-25	Jun-26
132520-25ACT-RTR	ACT	City and Environment Directorate	Sawmill Circuit, Hume	Pavement failure. Complete reconstruction of both sections of Sawmill Circuit.	\$3,750,000	\$3,750,000	Nov-25	Jun-26
132521-25ACT-RTR	ACT	City and Environment Directorate	Pialligo Avenue, Majura	Pavement failure due to heavy vehicle traffic. Complete reconstruction of road pavement.	\$5,600,000	\$5,600,000	Dec-25	Jun-26
132522-25ACT-RTR	ACT	City and Environment Directorate	Gungahlin Drive, Mitchell	Extensive pavement failure. Full pavement reconstruction on southbound right lane only.	\$3,000,000	\$3,000,000	Nov-25	Jun-26
132524-25ACT-RTR	ACT	City and Environment Directorate	Barrier Street, Fyshwick	Extensive pavement failure due to heavy vehicle traffic. Complete road pavement reconstruction.	\$6,000,000	\$6,000,000	Jan-26	Jun-26
127332-24NSW-RTR	NSW	Armidale Regional Council	Lyndhurst Road (Rural Road)	Bridge is in very poor condition and is nearing the end of its useful life with a current load limit of 25 tonne applied and signposted which is restricting access to agricultural heavy vehicles. Work proposed is the removal and replacement of the aged timber bridge with a new concrete bridge structure. The bridge upgrade is funded by the Fixing Country Bridges funding program with additional funding under the RTR program.	\$516,795	\$1,462,784	Sep-24	Jun-25
127333-24NSW-RTR	NSW	Armidale Regional Council	Boorolong Road (Rural Road)	The bridge is in very poor condition and most components have reached their useful life. Work proposed is the removal and replacement of the aged timber bridge with a new concrete bridge structure. The main funding for the project is from the state program Fixing Country Bridges.	\$214,294	\$1,562,426	Sep-24	Jun-25

127560-24NSW-RTR	NSW	Armidale Regional Council	Maybole Road (Rural Road)	Old rural road culvert made of old failing corrugated steel needing replaced and upgraded due erosion and capacity issues. Install new 1200 pipe and two new headwalls and extend pipe from 9 m to 12 m.	\$74,654	\$74,654	Jul-24	Jan-25
127562-24NSW-RTR	NSW	Armidale Regional Council	Marysvale Road (Rural Road)	This rural road culvert has a bowed pipe and has also been overtopping the road and causing erosion issues. Install new larger 1200 mm pipe and new headwalls to eliminate overtopping and erosion issues.	\$41,882	\$41,882	Aug-24	Dec-24
127634-24NSW-RTR	NSW	Armidale Regional Council	Melrose Road (Rural Road)	Problem being addressed is an old timber bridge in poor condition with a 10 tonne bridge restriction currently in the process of being applied and signposted. Will create issues for local agricultural business, transport companies and others if not repaired for access into the future. The work proposed is an in situ restoration of the timber components using epoxy resins. Work will be completed by specialised contractor. The project is funded about 70% by the Regional Emergency Road Repair Fund.	\$18,489	\$81,418	Aug-24	Oct-24
127662-24NSW-RTR	NSW	Armidale Regional Council	Tenterden Road (Rural Road)	Problem being addressed is an old timber bridge in poor condition with a current 25 tonne load limit causing issues for agricultural heavy vehicle movements. If not fixed the restrictions will become more severe into the future. The work proposed is to carry out identified timber component renewal so we can remove the load limits and restore to T44 access until upgrade funding can be sourced.	\$51,845	\$51,845	Nov-24	Jun-25
127663-24NSW-RTR	NSW	Armidale Regional Council	Dulvay Road (Rural Road)	Problem being addressed is an old timber bridge needing repairs with a current 25 tonne load limit applied to the structure. Work proposed is timber component renewal of girders so we can look to remove the applied load limit.	\$68,217	\$68,217	Jan-25	Jun-25
128254-24NSW-RTR	NSW	Armidale Regional Council	Chandler Road (Rural Road)	Problem is an old failing causeway needing replacement and a location that often floods causing access issues for local traffic. Work proposed is the full replacement of the current concrete causeway 12 m by 4.2 m and raising the dip by installing two new 600 mm stormwater pipes underneath to improve storm immunity.	\$110,449	\$110,449	Sep-24	Jan-25
129852-24NSW-RTR	NSW	Armidale Regional Council	White St, Guyra	Issues on White St are around current kerb and gutter levels, road geometry and associated drainage not functioning properly creating dangerous were road conditions and stormwater property protection. Road pavement repairs, kerb and gutter on both sides of White St and road level adjustments, associated drainage upgrades and road widening. Council is funding the balance of the project.	\$315,327	\$750,000	Jul-24	Apr-25

131403-24NSW-RTR	NSW	Armidale Regional Council	Short St, Armidale	Problem being addressed is degraded and deformed poor condition kerb and gutter that needs replaced. Work proposed is the replacement of 106.4 m of kerb and gutter on the south side of Short St and the replacement of 75.8 m of kerb and gutter on the north side of Short St.	\$128,472	\$128,472	Oct-24	Nov-24
131404-24NSW-RTR	NSW	Armidale Regional Council	Edward Street, Armidale	Degraded and defected poor condition kerb and gutter. Replacement of 151.9 m of kerb and guttering on Edward St - 70.5 m on the east side and 81.4 m on west side.	\$110,216	\$117,000	Jan-25	Jun-25
131414-24NSW-RTR	NSW	Armidale Regional Council	Claude St, Armidale	Problem being addressed is defected and degraded poor condition kerb and gutter. Work proposed is the replacement of 121.1 m of kerb and guttering on the north side of Claude St and the replacement of 40.2 m of kerb and guttering on the south side of Claude St. Total replacement of 161.2 m on Claude St	\$75,294	\$75,294	Nov-24	May-25
131415-24NSW-RTR	NSW	Armidale Regional Council	Ben Lomond Rd (Rural Road)	Problems being address is a degraded and defected rural sealed road surface that needs renewed. Work proposed is the sealing of this segment 80 on Ben Lomond Rd with a total distance of 2.040 km from Ch 10.120 km to Ch 12.16 km.	\$100,149	\$100,149	Mar-25	Jun-25
131688-24NSW-RTR	NSW	Armidale Regional Council	Brogan St, Armidale	Sections of old failing Kerb & Gutter that needs replacing to ensure proper drainage and property protection. Proposed is to replace 148.9 m of Kerb and Gutter on Brogan St. The co-contribution funding of \$76,839 will come from Councils general fund Kerb and Gutter budget.	\$32,534	\$100,661	Sep-24	Feb-25
132624-25NSW-RTR	NSW	Armidale Regional Council	Boorolong Rd (Rural Rd)	Problem being addressed is an old poor condition and degraded causeway that needs to be replaced and upgraded. Work proposed is to replace and upgrade the 100 m2 causeway with the upgrade component being the inclusion of 3 x 750 mm pipes encased in concrete under the causeway.	\$50,000	\$50,000	Jan-26	Jun-26
132625-25NSW-RTR	NSW	Armidale Regional Council	Boorolong Road (Rural Road)	Problem being addressed is an old poor condition causeway that needs to be replaced, and the approaches upgraded. Work proposed is to upgrade the 100 m2 concrete causeway with the upgrade component being the upgrade of the causeway approaches from unsealed to sealed.	\$50,000	\$50,000	Jan-26	Jun-26

132626-25NSW-RTR	NSW	Armidale Regional Council	Brennans Rd (Rural Rd)	Problem being addressed is a culvert that has been partially washed out, doesn't meet required stormwater capacity and flood immunity for local access requirements. Work proposed is to install an increased size pipe and new headwalls, add a new flow resistant concrete deck and scour protection. Proposal is to replace the current 450 RCP pipe and two temporary PVC pipes with a new 1200 culvert installation. Will raise the current road surface to reduce saturation in flood events while the water dissipates.	\$250,000	\$250,000	Jan-26	Apr-26
132627-25NSW-RTR	NSW	Armidale Regional Council	Wongwinbinda Rd (Rural Rd)	Problem being addressed is a poor condition unsealed Rd that has been identified as requiring gravel re sheeting. Work proposed is to deposit and roll in a new 200 mm layer of gravel on this 7.5 km section of Wongwibinda Rd. Works will include improving the associated drainage where required.	\$370,000	\$466,200	Jan-26	Feb-26
132628-25NSW-RTR	NSW	Armidale Regional Council	Campions Rd (Rural Road)	Problem being addressed is a poor condition unsealed road that has been identified as requiring gravel . Work proposed is to deposit and roll in a 200mm layer of gravel on this 1.65km section of Campions Rd. Works will include improving associated drainage where required.	\$95,000	\$95,000	Jan-26	Feb-26
132629-25NSW-RTR	NSW	Armidale Regional Council	Spring Camp Rd, (Rural Road)	Problem being addressed is a poor condition unsealed road that has been identified as requiring gravel re sheeting. Work proposed is to deposit and roll in a new 200 mm layer of gravel on this 1.96 km section.	\$110,000	\$110,000	Jan-26	Mar-26
132636-25NSW-RTR	NSW	Armidale Regional Council	Old Gostwyck Rd (Rural Road)	Problem being addressed is a narrow approaching road to the railway crossing that is also in poor condition creating a dangerous uneven and slippery surface limiting stopping control and distance. Works proposed are to widen the approaches from both sides and replace the existing road pavement and road surface - Other funding behind the project \$72,130 is an approved TfNSW Grant called the Level Crossing Improvement Program	\$36,564	\$108,694	Feb-26	Jun-26
132637-25NSW-RTR	NSW	Armidale Regional Council	Mann St, Armidale	Problem being addressed is that there is steep and dangerous drop off into a water hole that has no current installed safety fencing, guardrail or K&G protecting the public and road traffic. The existing culvert needs extended so that there is a proper road pavement and room to establish the safety fencing, guardrail and K&G as well as properly repair/replace the pavement surrounding the Road intersection corner. Work proposed is to extend the culvert install, install new safety fencing, kerb and gutter around the corner and guardrail.	\$227,296	\$227,296	Feb-26	Jun-26

132825-25NSW-RTR	NSW	Armidale Regional Council	Guyra Rd (Rural Rd)	Problems being addressed is that this segment of Guyra road is in very poor condition with underlying pavement, shoulders and the road surface all in poor condition. Work proposed is to overlay 50 mm, mix in 20 m deep and stabilise the road and widen a number of culverts.	\$500,000	\$500,000	Jan-26	Mar-26
132826-25NSW-RTR	NSW	Armidale Regional Council	Guyra Rd (Rural Road)	Problem being addressed is the road surface in this segment is in poor condition and has reached its useful life and needs renewed. Work proposed is the 7 mm stone bitumen resurfacing of 2.092 kms of road.	\$50,000	\$50,000	Nov-25	Mar-26
132842-25NSW-RTR	NSW	Armidale Regional Council	Guyra Rd (Rural Road)	Problem being addressed is we have some guardrail barrier that needs to be extended to protect traffic from a dangerous embankment drop off. We have some guardrail in place, but this project is the extension of that guardrail. Work proposed is to extend the barrier by 318 m on the west side of Wandsworth Hill and relocate the mash terminal ends.	\$50,000	\$50,000	Dec-25	Mar-26
132848-25NSW-RTR	NSW	Armidale Regional Council	Platform Rd (Rural Rd)	Burns Gully Bridge is one of our remaining Timber bridges in need of an upgrade and is our top priority for replacement. The bridge is only one lane in width, so it poses a safety risk to vehicles if a mistake is made by traffic on Platform Rd. With increases in agricultural freight and rural housing construction and the road being an alternative route if New Highway access is restricted the bridge needs to be able to facilitate these needs. The bridge is in poor condition and seems to be costing us more each year in maintenance. We expect the bridge will need to be load limited in the immediate future if we do not upgrade the bridge. It has an estimated 8-10 years of remaining useful life. Work proposed is to upgrade the current timber bridge to a new concrete bridge with a new useful life of 100+ years. The other funding behind the project is currently proposed to come from the Bridge Renewal Program as we are waiting on the outcome of our grant submission. Council may fund this with reserve infrastructure funds if we are not successful.	\$298,668	\$1,722,383	Feb-26	Jun-26
133147-25NSW-RTR	NSW	Armidale Regional Council	Dumaresq St, Armidale	Problem being addressed is poor condition kerb and gutter that needs replaced. Work proposed is to replace 200 m or the full block of kerb and gutter on the North side of the street.	\$95,000	\$95,000	Jan-26	Apr-26
133148-25NSW-RTR	NSW	Armidale Regional Council	Dangar St, Armidale	Problem being addressed is poor condition kerb and gutter that needs replacing. Works proposed is to replace 82 m of kerb and gutter.	\$40,000	\$40,000	Jan-26	Apr-26
133154-25NSW-RTR	NSW	Armidale Regional Council	Trim St, Armidale	Problem being addressed is sections of poor condition kerb and guttering that need replacing. Work proposed is the replacement of 115 m of kerb and gutter.	\$40,000	\$80,000	Sep-25	Nov-25

133162-25NSW-RTR	NSW	Armidale Regional Council	Barney St, Armidale	Problem being addressed is a section of poor condition kerb and guttering that need replacing. Work proposed is the replace 45 m of kerb and gutter.	\$25,000	\$25,000	Jan-26	Apr-26
134622-25NSW-RTR	NSW	Armidale Regional Council	Wakefield Road, (Rural Road)	An old timber bridge that is in poor condition. The bridge is becoming structurally unsafe for larger heavy vehicles that need farming/agricultural access. The bridge has a current load limit of 15 Tonne applied in 2022. Work proposed is to replace the current aged and poor condition bridge with a new prefabricated concrete structure. Erosion and sedimentation issues around the bridge approaches will also be addressed during construction.	\$250,000	\$250,000	Jul-26	Jun-27
127428-24NSW-RTR	NSW	Ballina Shire Council	River Drive, East Wardell	An old pavement and seal has failed, showing pavement rutting and shoving with significant heavy patching, which requires high maintenance resources. Reconstruction of the pavement and seal for a length of approximately 270 metres with a seal width of approximately 7 metres including stormwater replacement (approximately 10 metres).	\$466,133	\$466,133	Jan-25	Feb-25
130015-24NSW-RTR	NSW	Ballina Shire Council	Houghlahans Creek Rd, Pearces Creek	An old pavement and seal has failed, showing pavement rutting and shoving with significant heavy patching, which requires high maintenance resources. Reconstruction of the pavement and seal for a length of approximately 600 m with a seal width of approximately 6 m including stormwater replacement and kerb.	\$576,000	\$576,000	Mar-25	Sep-25
131350-24NSW-RTR	NSW	Ballina Shire Council	Beacon Road, Teven	An old pavement and seal has failed, showing pavement rutting and shoving with significant heavy patching, which requires high maintenance resources. Reconstruction of the pavement and seal for a length of approximately 520 m with a seal width of approximately 5 m including stormwater replacement and kerb.	\$102,188	\$389,000	Nov-24	Feb-25

129388-24NSW-RTR	NSW	Balranald Shire Council	Shailer Terrace Road, Euston	Currently 60 metres of the projects total 90 metre length lacks adequate drainage infrastructure. As a result, water accumulating in front of Lots 56, 54, and 57 on Shailer Terrace Street is unable to flow efficiently into the town's drainage system. This ineffective water management leads to water spilling over the road, causing significant road surface damage and contributing to ongoing maintenance issues. Remove and replace the existing damaged spoon drain along the 40 metre section. Additionally, install a new spoon drain in the remaining 60 metre section where drainage provisions are currently lacking. Rehabilitate the entire 90 metre road section, addressing the damage caused by inadequate water management to ensure long-term durability and functionality.	\$184,347	\$184,347	Nov-24	Jun-25
129402-24NSW-RTR	NSW	Balranald Shire Council	Marma Box Creek Road (Rural Road)	The road is currently unsealed and needs to be closed during wet weather. The project will involve sealing a 3.9 km section of Marma Box Creek Road with 9 m wide pavement and 7 m wide seal.	\$1,610,748	\$1,610,748	Nov-24	Jun-25
129422-24NSW-RTR	NSW	Bathurst Regional Council	O'Regans Road, Bathurst	Replacement renewal of full width road surface to upgrade and improve safety. Stabilisation of existing road pavement, widen, improve drainage and apply new bitumen spray seal to the road from Hollis Lane in a south-easterly direction for 1.00 km.	\$349,173	\$349,173	Jan-25	Feb-25
129423-24NSW-RTR	NSW	Bathurst Regional Council	Limekilns Road, Bathurst	Replacement renewal of full width road surface to upgrade and improve safety. Stabilisation of existing road pavement, widen, improve drainage and apply new bitumen spray seal to the road from Batterham Lane due south for 1.00 km.	\$434,436	\$537,437	Mar-25	Jun-25
129424-24NSW-RTR	NSW	Bathurst Regional Council	Beyers Avenue, Bathurst	Replacement renewal of full width road surface to upgrade and improve safety. Stabilisation of existing road pavement, widen, improve drainage and apply new bitumen spray seal to the road between Hill End Road intersection & Denison Street intersection.	\$402,278	\$402,278	Mar-25	Apr-25
129425-24NSW-RTR	NSW	Bathurst Regional Council	Browning Street, Bathurst	Replacement renewal of full width road surface to upgrade and improve safety. Stabilisation of existing road pavement, widen, improve drainage and apply new bitumen spray seal to the full road surface kerb to kerb for 700 m between Stewart Street & Panorama Avenue.	\$345,025	\$345,025	Jan-25	Feb-25
129426-24NSW-RTR	NSW	Bathurst Regional Council	Freemantle Road, Eglinton	Replacement renewal of full width road surface to upgrade and improve safety. Stabilisation of existing road pavement, widen, improve drainage and apply new bitumen spray seal to the road for 1.05 km.	\$666,559	\$666,559	Dec-24	Feb-25

133128-25NSW-RTR	NSW	Bathurst Regional Council	White Rock Road, Kelso	Reconstruction and widening of existing road to upgrade and improve safety. Widen road pavement to 8m formation, improve drainage and bitumen seal the road pavement 7m wide from Lee Street to Wallaroi Close.	\$497,471	\$497,471	Feb-26	Apr-26
133130-25NSW-RTR	NSW	Bathurst Regional Council	Prince Street, Perthville	Residential drainage improvements including the reconstruction of existing road to improve asset and safety. Construct new concrete kerb & gutter both sides Prince Street to Church Street, Perthville. Widen existing road pavement to 12m formation, construct new drainage and bitumen seal the road pavement 12m wide.	\$500,000	\$500,000	Oct-25	Dec-25
133131-25NSW-RTR	NSW	Bathurst Regional Council	Freemantle Road, Eglinton	Reconstruction and widening of existing road to upgrade as continuous road safety improvements. Stabilisation of existing road pavement, widen and improve drainage and apply new bitumen spray seal to the road 8m wide from Ch 24.4km to 25.8km northwest of Eglinton.	\$600,000	\$600,000	Oct-25	Dec-25
133132-25NSW-RTR	NSW	Bathurst Regional Council	Lagoon Road, Perthville	Severe surface deformation of existing pavement, poor drainage and narrow road pavement width with excessive edge break. Stabilisation of existing road pavement 1.5km, widen, improve drainage and apply new bitumen spray seal to the road at new width of 8m from Ch 10.50km to 12.00km measured from the Vale Road, Perthville.	\$400,000	\$400,000	Feb-26	Apr-26
133133-25NSW-RTR	NSW	Bathurst Regional Council	Turondale Road, Gimlet Gully.	Replace existing dilapidated and under capacity timber bridge culvert that current runs perpendicular to Turondale Road at Gimlet Gully. Remove existing timber bridge culvert & replace with new concrete box culvert with greater height elevation and width capacity.	\$200,000	\$200,000	Nov-25	Dec-25
127508-24NSW-RTR	NSW	Bayside Council	Stephen Road, Botany	Pavement cracking and pavement surface deterioration. Mill 50 mm for entire length then pave 50 mm AC14 C450 with sections of heavy patching and AC14 A15E High Friction Aggregate.	\$306,430	\$306,430	Feb-25	May-25
127520-24NSW-RTR	NSW	Bayside Council	Highgate Street, Bexley North	Pavement cracking and pavement surface deterioration. Mill 40 mm deep for 400 m then pave 40 mm AC10 C450 including approximately 420 m2 of heavy patching.	\$122,878	\$122,878	Oct-24	Apr-25
127521-24NSW-RTR	NSW	Bayside Council	Milsop Street, Bexley	Pavement surface deterioration. Mill 40 mm for 186 m then pave 40 mm AC10 C450 with sections of heavy patching.	\$66,369	\$66,369	Mar-25	Mar-25
127522-24NSW-RTR	NSW	Bayside Council	Oswell Street, Rockdale	Pavement cracking and pavement surface deterioration. Mill 40 mm for 130 m then pave 40 mm AC10 C450 with the first and last 30 m heavy patched.	\$93,703	\$93,703	Mar-25	Mar-25
127524-24NSW-RTR	NSW	Bayside Council	Martin Avenue, Arncliffe	Pavement cracking and pavement deterioration. Mill 40 mm for 175 m then pave 40 mm AC10 C450 with the last 135 m to include heavy patching also.	\$106,823	\$106,823	Oct-24	Jan-25

127526-24NSW-RTR	NSW	Bayside Council	Tyrrell Street, Rockdale	Pavement cracking and pavement surface deterioration. Mill 115 mm then pave 75 mm AC20 C450 then pave 40 mm AC10 C450 the entire length excluding the roundabout at Herbert St intersection with Tyrrell St.	\$166,734	\$166,734	Jan-25	Apr-25
127529-24NSW-RTR	NSW	Bayside Council	General Bridges Cres, Daceyville	Pavement cracking and pavement surface deterioration. Mill 40 mm and then pave 40 mm AC10 C450 for the whole length (210 m) with heavy patching over required areas.	\$276,896	\$276,896	Mar-25	Mar-25
127531-24NSW-RTR	NSW	Bayside Council	Moore Street, Banksmeadow	Pavement surface deterioration. Mill 40 mm for 408 metres then pave 40 mm AC10 C450.	\$146,737	\$146,737	Mar-25	Jun-25
131098-24NSW-RTR	NSW	Bega Valley Shire Council	Big Jack Mountain Road, Cathcart	The road pavement has several pavement defects including rutting, shoving and deformation caused by heavy vehicle and lack of proper drainage. Stabilise existing pavement by using suitable stabilization methodology and form table drain on both sides of the road with proper inlet and outlet system. The proposed work will improve the strength and durability of the pavement, thus improving safety for motorists.	\$247,598	\$252,462	Mar-25	Jun-25
131099-24NSW-RTR	NSW	Bega Valley Shire Council	Big Jack Mountain Road, Rocky Hall	Road surface has deterioration through loss of gravel surface, resulting in larger corrugation, potholes and washup during rain events. The road will become slippery as gravel continues to wash away from clay base. Road surface improvements through gravel re-sheet.	\$205,626	\$205,626	Mar-25	Jun-25
131100-24NSW-RTR	NSW	Bega Valley Shire Council	Eden St, Bega	The road pavement has several pavement defects including rutting, shoving and deformation. Stabilise existing pavement by using suitable stabilization methodology. The proposed work will improve the strength and durability of the pavement, thus improving safety and ride quality.	\$123,652	\$123,652	Mar-25	Oct-25
131101-24NSW-RTR	NSW	Bega Valley Shire Council	Imlay Street, Eden	The aged road pavement has several pavement defects including rutting, shoving and deformation and is at risk of significant failure. Stabilise existing pavement by using suitable stabilisation methodology. The proposed work will improve the strength and durability of the pavement, thus improving safety and ride quality.	\$300,000	\$300,000	Mar-25	Oct-25
131102-24NSW-RTR	NSW	Bega Valley Shire Council	Barclay Street, Eden	The road pavement has several pavement defects including rutting, shoving and deformation. Stabilise existing pavement by using suitable stabilisation methodology. The proposed work will improve the strength and durability of the pavement, thus improving safety and ride quality.	\$314,771	\$314,771	Mar-25	Mar-26

134934-25NSW-RTR	NSW	Bega Valley Shire Council	Candelo Bega Road, Kingswood	The road pavement has several pavement defects including rutting, shoving and deformation. The proposed work will improve the strength and durability of the pavement and improve the ride quality. Stabilise existing pavement by using suitable stabilization methodology. The proposed work will improve the strength and durability of the pavement, improving safety and ride quality.	\$637,777	\$637,777	Nov-25	Mar-26
134935-25NSW-RTR	NSW	Bega Valley Shire Council	South Wolumla Road, Candelo	The road pavement has several pavement defects including rutting, shoving and deformation. The proposed work will improve the strength and durability of the pavement and improve the ride quality. Stabilise existing pavement by using suitable stabilization methodology and formalise drainage. The proposed work will improve the strength and durability of the pavement, improving safety and ride quality.	\$465,527	\$465,527	Nov-25	Mar-26
134936-25NSW-RTR	NSW	Bega Valley Shire Council	Upper Street, Bega	The road pavement has several pavement defects including rutting, shoving and deformation. The proposed work will improve the strength and durability of the pavement and improve the ride quality. Stabilise existing pavement by using suitable stabilization methodology. The proposed work will improve the strength and durability of the pavement, improving safety and ride quality.	\$179,441	\$179,441	Mar-26	Mar-26
134937-25NSW-RTR	NSW	Bega Valley Shire Council	Mogilla Road, (Rural Road)	The road pavement has several pavement defects including rutting, shoving and deformation. The proposed work will improve the strength and durability of the pavement and improve the ride quality. Stabilise existing pavement by using suitable stabilization methodology. The proposed work will improve the strength and durability of the pavement, improving safety and ride quality.	\$711,923	\$711,923	Feb-26	Oct-26
133379-25NSW-RTR	NSW	Bellingen Shire Council	South Arm Road, Brierfield	Edge break, potholing, poor condition pavement. Heavy patching, widening, stabilisation and rehabilitation of road. Chainage 5,350 to Chainage 6,220 will be widened, Chainage 6,740 to Chainage 6,910 will be stabilised and Chainage 9,180 to Ch 9,630 will undergo pavement rehabilitation.	\$431,442	\$431,442	Sep-24	Mar-25
133383-25NSW-RTR	NSW	Bellingen Shire Council	Johnsens Road, Fernbrook	Very poor condition pavement, full rehabilitation needed. Full rehabilitation of road pavement.	\$264,625	\$264,625	Sep-24	Oct-25
133431-25NSW-RTR	NSW	Bellingen Shire Council	Creek Lane, Bellingen	Very poor condition pavement, poor traffic flow, safety improvements required. Full reconstruction, traffic improvements and footpath.	\$250,000	\$250,000	Sep-25	Aug-26

133432-25NSW-RTR	NSW	Bellingen Shire Council	Tyringham Road, Bostobrick	Replacement of poor condition timber bridge, and poor road alignment. Replace timber bridge with reinforced concrete bridge, widening and improvement of bridge approaches including drainage and road furniture. SLRIP is funding the balance.	\$574,405	\$2,872,025	Jul-26	Jun-27
133850-25NSW-RTR	NSW	Bellingen Shire Council	Hickory Street, Dorriggo	Rehabilitation of very poor condition pavement. Rehabilitation of existing pavement, including resurfacing, and kerb and channel improvements. Council is funding the balance of the project.	\$500,000	\$750,000	May-26	Sep-26
127620-24NSW-RTR	NSW	Berrigan Shire Council	Murray St, Finley	Pavement failure. Reconstruction of on-street parking bay areas including drainage. Project jointly funded with Transport for NSW.	\$1,000,000	\$1,450,000	Jul-24	Jun-26

Work is required on this section of road to make it safe for road users. Re-gravel sections of road affected by gravel loss with 75 mm of compacted gravel, wet grade all sections of road that are affected by potholes, rutting and loss of surface shape, reinstate table drains and mitre drains both sides of roadway.	\$67,200	\$309,488	Mar-25	Sep-25
130861-24NSW-RTR	NSW	Bland Shire Council	Sutcliffes Lane, Barmedman	This road has a 6 m gravelled road surface which has a combination of extensive gravel loss and other failures including potholes and rutting. Work is required on this section of road to make it safe for the travelling public. Re-gravel sections of road affected by gravel loss with 75 mm of compacted gravel. Wet grade all sections of road that are affected by potholes, rutting and loss of surface shape, reinstate table drains and mitre drains both sides of roadway.	\$88,638	\$88,638	Jan-25	Mar-25
130862-24NSW-RTR	NSW	Bland Shire Council	Bodels Lane (Rural Road), Wyalong	This road has a 4.5 m gravelled surface which has a combination of extensive gravel loss and other failures including potholes and rutting. Work is required on this section of road to make it safe for the travelling public. Re-gravel sections of road affected by gravel loss with 75 mm of compacted gravel, wet grade all sections of road that are affected by potholes, rutting and loss of surface shape, reinstate table drains and mitre drains both sides of roadway.	\$199,276	\$199,276	Oct-24	Feb-25
133380-25NSW-RTR	NSW	Bland Shire Council	Girral Road (Rural Road), Girral	Girral road currently has a 4.0m wide gravel surface. This road has suffered significant deterioration over time including extensive gravel loss, Severe rutting and a pronounced loss of surface shape. these conditions pose a serious safety risks to road users and require immediate attention. Remove vegetation both sides of roadway, shape table drains to design level. Compact sub grade and install 250mm of Crushed gravel, compact and shape gravel to required shape and compaction, trim gravel to design height and seal with a two coat C240 14/7mm spray seal. This project is joint funded with Transport for NSW contributing \$5,584,123 under the Fixing Local Roads Program Round 4.	\$2,051,076	\$7,635,199	Apr-25	Jun-25
131482-24NSW-RTR	NSW	Blayney Shire Council	Fell Timber Road (Rural Road)	Loss of gravel on unsealed road, and subsequent rutting and roughness. 150 mm re sheet of uncrushed locally-quarried gravel to the quantity of approximately 905 tonnes, compact/grade, and re-cut mitre drains to suit the new road crown. Full width re-sheeting.	\$23,200	\$23,200	Aug-24	Sep-24

131486-24NSW-RTR	NSW	Blayney Shire Council	Forest Reefs Road, Millthorpe	Flushed/bleeding wearing surface comprised of hot sprayed bitumen. Reseal including scatter coat to provide stone penetration and restored condition of the wearing course.	\$69,932	\$69,932	Nov-24	Dec-24
131491-24NSW-RTR	NSW	Blayney Shire Council	Glennelg Road, Blayney	Loss of gravel causing rutting and roughness. Re-sheet of approximately 170 mm of locally-quarried crushed gravel, grade, re-cut mitre drains to suit new gravel.	\$40,983	\$40,983	Aug-24	Sep-24
131492-24NSW-RTR	NSW	Blayney Shire Council	Napier Street, Blayney	Oxidised seal with environmental cracking, leading to roughness. Reseal and scatter coat over full road width to restore seal condition.	\$26,672	\$26,672	Nov-24	Dec-24
131494-24NSW-RTR	NSW	Blayney Shire Council	Gowan Place, Blayney	Oxidised seal with environmental cracking, leading to roughness. Reseal and scatter coat over full road width to restore seal condition.	\$7,661	\$7,661	Nov-24	Dec-24
131495-24NSW-RTR	NSW	Blayney Shire Council	Old Lachlan Road (Rural Road)	Loss of gravel causing large ruts, roughness, and saturated roads leading to low trackability. Re-sheeting of approximately 1000 tonnes of crushed select gravel at a nominal thickness of 100 mm over patches totalling 1 km in length, re-cutting mitre drains to suit graded road.	\$40,585	\$40,585	Nov-24	Nov-24
131501-24NSW-RTR	NSW	Blayney Shire Council	Cooper Street, Blayney	Oxidised seal with environmental cracking. Reseal with scatter coat.	\$30,550	\$30,550	Mar-25	Mar-25
131502-24NSW-RTR	NSW	Blayney Shire Council	Torrens Street, Blayney	Oxidised seal with environmental cracking, lichen growth, and roughness. Reseal with scatter coat.	\$25,438	\$25,438	Mar-25	Mar-25
131503-24NSW-RTR	NSW	Blayney Shire Council	Dowsetts Lane, Hobbys Yards	Loss of gravel on unsealed road causing roughness, rutting. Re-sheeting of approximately 160 mm of gravel over 500 m of patches, totalling 830 tonnes, re-grading of road, and re-cutting of mitre drains to suit road.	\$31,181	\$31,181	Aug-24	Sep-24
131504-24NSW-RTR	NSW	Blayney Shire Council	Old Lachlan Road, Neville	Loss of gravel causing rutting and roughness. Re-sheet of nominal 100 mm of crushed gravel 800 m, totalling 820 tonnes of locally-quarried crushed gravel, grading of road, and re-cutting of mitre drains to suit.	\$48,883	\$48,883	Mar-25	Mar-25
131505-24NSW-RTR	NSW	Blayney Shire Council	Matthews Road, Tallwood	Undersized culvert suffering from severe blockage due to siltation and separation of pipes, causing potholes to form in the road. The unsealed road is heavily used by local farmers to move machinery and stock. Replacement of existing culvert with 900 mm RRJ RCP culvert structure, installation of headwalls, and placement of rock armouring for scour protection.	\$33,360	\$33,360	Aug-24	Sep-24
131506-24NSW-RTR	NSW	Blayney Shire Council	Forest Reefs Road, Forest Reefs	Resealing of winter-applied primerseal before defects occur. Reseal with scatter coat to ensure no opportunity for flushing can arise, and reapplication of line marking.	\$28,846	\$28,846	Nov-24	Dec-24
131507-24NSW-RTR	NSW	Blayney Shire Council	Tallwood Road, Forest Reefs	Resealing of winter-applied primerseal before defects occur. Reseal with scatter coat to ensure no opportunity for flushing can arise, and reapplication of line marking.	\$27,253	\$27,253	Nov-24	Dec-24

131508-24NSW-RTR	NSW	Blayney Shire Council	Sherwood Lane, Garland	Severely displaced and disjointed culvert being waterlogged and causing damages to the road via voiding of gravel atop of pipe. Replacement of culvert with 120 0mm x 450 mm RCBC, construction of new headwalls, placement of erosion protection measures, re-cutting of drain from outlet of the culvert.	\$22,339	\$22,339	Nov-24	Apr-25
131509-24NSW-RTR	NSW	Blayney Shire Council	Garland Road, Lyndhurst	Undermined culvert due to insufficient scour protection, leading to collapse of the shoulder of the road. Existing culvert heavily displaced, leading to voids forming in the road. Replacement of the existing culvert with a 450 mm RRJ RCP, construction of headwalls.	\$18,764	\$18,764	Sep-24	Dec-24
131510-24NSW-RTR	NSW	Blayney Shire Council	Village Road, Newbridge	Loss of gravel causing rutting and roughness Re sheet of nominal 170 mm of crushed select gravel over 200 m of patches, totalling approximately 400 tonnes of gravel.	\$20,939	\$20,939	Aug-24	Sep-24
131511-24NSW-RTR	NSW	Blayney Shire Council	Kentucky Road, Neville	Loss of gravel causing rutting and roughness and poor drainage. Re-sheet of nominally 100 mm of locally-quarried crushed gravel totalling 844 tonnes, re-grading of road, re-cutting of mitre drains to suit.	\$30,630	\$30,630	Jan-25	Jan-25
131512-24NSW-RTR	NSW	Blayney Shire Council	Lochewen Lane, Burnt Yards	Loss of gravel leading to rutting and roughness. Re-sheet of nominally 100 mm of locally-quarried uncrushed gravel, re-grading of road, re-cutting of mitre drains to suit. Totalling 388 tonnes of gravel.	\$18,654	\$18,654	Sep-24	Sep-24
131513-24NSW-RTR	NSW	Blayney Shire Council	Eves Lane, Millthorpe	Loss of gravel leading to saturation of subgrade and large rutting. Re-sheet of nominally 150 mm of gravel over 200 m totalling 263 tonnes of crushed select gravel. Supplementary funding amounting to \$2,379 provided by Blayney Shire Council General Fund.	\$10,251	\$12,630	Aug-24	Sep-24
128844-24NSW-RTR	NSW	Blue Mountains City Council	Burns Rd, Springwood	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (7702 m2).	\$213,169	\$213,169	Oct-24	May-25
128845-24NSW-RTR	NSW	Blue Mountains City Council	Chapman Avenue, Linden	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (1852 m2).	\$10,825	\$10,825	Oct-24	May-25
128846-24NSW-RTR	NSW	Blue Mountains City Council	Martin Pl, Linden	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (877 m2).	\$2,320	\$2,320	Oct-24	May-25
128847-24NSW-RTR	NSW	Blue Mountains City Council	Grand View Dr, Mt Riverview	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (7561 m2).	\$121,830	\$121,830	Oct-24	Jun-25
128888-24NSW-RTR	NSW	Blue Mountains City Council	Talbot Rd, Hazelbrook	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (5758 m2).	\$84,138	\$84,138	Oct-24	May-25

128889-24NSW-RTR	NSW	Blue Mountains City Council	Murri St, Katoomba	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (2346 m2).	\$7,502	\$7,502	Oct-24	May-25
128890-24NSW-RTR	NSW	Blue Mountains City Council	Liggins Rd, Hazelbrook	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (4048 m2).	\$40,141	\$40,141	Oct-24	May-25
128891-24NSW-RTR	NSW	Blue Mountains City Council	Nelson Rd, Katoomba	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (2138 m2).	\$68,307	\$68,307	Oct-24	May-25
128892-24NSW-RTR	NSW	Blue Mountains City Council	Ridge St, Woodford	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (1051 m2).	\$31,306	\$31,306	Oct-24	May-25
128893-24NSW-RTR	NSW	Blue Mountains City Council	Beauford St, Woodford	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (1572 m2).	\$7,887	\$7,887	Oct-24	May-25
128894-24NSW-RTR	NSW	Blue Mountains City Council	Woodbury St, Woodford	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (1240 m2).	\$19,673	\$19,673	Oct-24	May-25
128895-24NSW-RTR	NSW	Blue Mountains City Council	Letitia St, Katoomba	Road surface deterioration such as potholing, stripping, cracking and oxidation Extensive patching of road followed by two coat seal. Line marking once works completed (283 m2).	\$5,269	\$5,269	Oct-24	May-25
128896-24NSW-RTR	NSW	Blue Mountains City Council	Charles St, Katoomba	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (419 m2).	\$5,269	\$5,269	Oct-24	May-25
128897-24NSW-RTR	NSW	Blue Mountains City Council	North St, Katoomba	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (297 m2).	\$5,269	\$5,269	Oct-24	May-25
128898-24NSW-RTR	NSW	Blue Mountains City Council	Leumeah Rd, Woodford	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (1691 m2).	\$46,503	\$46,503	Oct-24	May-25
128899-24NSW-RTR	NSW	Blue Mountains City Council	Grey Gum Dr, Woodford	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (1186 m2).	\$21,864	\$21,864	Oct-24	May-25
128900-24NSW-RTR	NSW	Blue Mountains City Council	Access Rd Gladstone Rd Leura	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (339 m2).	\$4,920	\$4,920	Oct-24	May-25
128901-24NSW-RTR	NSW	Blue Mountains City Council	Access Rd Gladstone Rd, Leura	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (328 m2).	\$4,920	\$4,920	Oct-24	May-25

128902-24NSW-RTR	NSW	Blue Mountains City Council	Easter St, Leura	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (1575 m2).	\$12,451	\$12,451	Oct-24	May-25
128903-24NSW-RTR	NSW	Blue Mountains City Council	Highland St, Leura	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (4582.33 m2).	\$47,210	\$47,210	Oct-24	May-25
128904-24NSW-RTR	NSW	Blue Mountains City Council	West St, Wentworth Falls	Road surface deterioration such as potholing, stripping, cracking and oxidation. Extensive patching of road followed by two coat seal. Line marking once works completed (384 m2).	\$10,873	\$10,873	Oct-24	May-25

127267-24NSW-RTR	NSW	Campbelltown City Council	The Parkway, Bradbury	The road is affected by severe crocodile cracking and moderate level of ravelling. The proposed treatment includes rectification of the asphalt fatigue area with heavy patching treatment first. Then the whole section will be treated with hot mix asphalt with interlayer seal. Length of the project is 280 m and width is 10.4 m with a total treatment area is 2800 m2	\$98,847	\$98,847	Oct-24	Apr-25
127268-24NSW-RTR	NSW	Campbelltown City Council	Williamson Road, Ingleburn	The road surface is oxidised and affected with moderate levels of crocodile cracking and ravelling. The proposed treatment includes rectification of the asphalt fatigue area with heavy patching treatment first. Then the whole section will be treated with hot mix asphalt with interlayer seal. The affected road length is 375 m and width 15.2 m. The total treatment area is 5625 m2.	\$207,552	\$207,552	Oct-24	Apr-25
127269-24NSW-RTR	NSW	Campbelltown City Council	Williamson Road, Ingleburn	The road is affected by severe crocodile cracking and moderate level of ravelling. The proposed treatment includes rectification of the asphalt fatigue area with heavy patching treatment first. Then the whole section will be treated with hot mix asphalt with interlayer seal. Length of the project is 400 m and width is 10 m with a total treatment area is 4000 m2.	\$162,395	\$162,395	Nov-24	Apr-25
127270-24NSW-RTR	NSW	Campbelltown City Council	St Andrews Road, St Andrews	The road is affected by severe crocodile cracking and moderate level of ravelling. The proposed treatment includes rectification of the asphalt fatigue area with heavy patching treatment first. Then the whole section will be treated with hot mix asphalt with interlayer seal. Length of the project is 290 m and width is 13.45 m with a total treatment area is 3770 m2.	\$74,924	\$74,924	Oct-24	Apr-25
127271-24NSW-RTR	NSW	Campbelltown City Council	Allman Street, Campbelltown	The road is affected by longitudinal cracking and ravelling. The recommended approach starts with rectifying the asphalt fatigue area through heavy patching treatment, then treating the whole section with hot mix asphalt and an interlayer seal. Length 125 m, width 10 m and area is 1250 m2.	\$46,306	\$46,306	Oct-24	Apr-25
127272-24NSW-RTR	NSW	Campbelltown City Council	North Steyne Road, Woodbine	The surface of the road shows signs of crocodile cracking and ravelling. The proposed method starts with heavy patching of the fatigued asphalt area. Next, the entire section will be treated with hot mix asphalt and an interlayer seal. Length 420 m, width 11 m, area 4620 sq.m.	\$192,115	\$192,115	Nov-24	Apr-25

127273-24NSW-RTR	NSW	Campbelltown City Council	Ballantrae Drive, St Andrews	The pavement is affected by alligator cracking and ravelling. The initial step involves repairing the asphalt fatigue area through heavy patching. Afterward, we'll treat the entire section with hot mix asphalt and an interlayer seal. Length 345 m, width 11 m, area 3795 sq.m.	\$94,099	\$94,099	Nov-24	May-25
127274-24NSW-RTR	NSW	Campbelltown City Council	Eagle Vale Drive, Eagle Vale	The road has developed alligator cracking and is ravelling. The treatment plan begins with heavy patching of the asphalt fatigue area. After this, the entire section will be covered with hot mix asphalt and an interlayer seal. Length 340 m, width 7 m, area 2380 sq.m.	\$98,231	\$98,231	Nov-24	Apr-25
127275-24NSW-RTR	NSW	Campbelltown City Council	Invergowrie Avenue, Glen Alpine	The roadway displays crocodile cracking and ravelling. The proposed treatment starts with rectifying the asphalt fatigue area through heavy patching. Next, the whole section will receive hot mix asphalt with an interlayer seal. Length 390 m, width 7 m, area 2730 sq.m.	\$121,094	\$121,094	Jan-25	Apr-25
127276-24NSW-RTR	NSW	Campbelltown City Council	Hurley Street, Campbelltown	The road is affected by crocodile cracking and ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 300 m and width 8 m, area 2400 sq.m.	\$127,523	\$127,523	Jan-25	Apr-25
131866-25NSW-RTR	NSW	Campbelltown City Council	Badgally Road, Campbelltown	The road is heavily affected by significant levels of crocodile cracking & rutting. The proposed treatment includes in-situ cement stabilisation followed by hot mix asphalt with interlayer seal. The total area of proposed treatment is 4039 m2, Length is 622 m, Width is 6.5 m.	\$302,925	\$302,925	Nov-25	Feb-26
131867-25NSW-RTR	NSW	Campbelltown City Council	Blaxland Road, Campbelltown	The road is affected by moderate crocodile cracking & rutting. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 153 m and width 13.8 m, area 2110 m2.	\$94,950	\$94,950	Nov-25	Jan-26
131868-25NSW-RTR	NSW	Campbelltown City Council	Briar Road, Airs	The road is affected by crocodile cracking & ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 103 m and width 12 m, area 1230 m2.	\$55,350	\$55,350	Nov-25	Feb-26
131869-25NSW-RTR	NSW	Campbelltown City Council	Cumberland Road, Ingleburn	The road is affected by crocodile cracking & ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 528 m and width 15 m, area 7925 m2.	\$356,625	\$356,625	Nov-25	Feb-26

131870-25NSW-RTR	NSW	Campbelltown City Council	Cumberland Road, Ingleburn	The road is affected by crocodile cracking & ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 132 m and width 13.5 m, area 1784 m2.	\$80,325	\$80,325	Nov-25	Feb-26
131873-25NSW-RTR	NSW	Campbelltown City Council	Henderson Road, Ingleburn	The road is affected by crocodile cracking & ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 535 m and width 9.6 m, area 5131 m2.	\$230,895	\$230,895	Nov-25	Feb-26
131875-25NSW-RTR	NSW	Campbelltown City Council	Macquarie Road, Ingleburn	The road is affected by crocodile cracking, longitudinal cracking and ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 229 m and width 14.5 m, area 3315 m2.	\$149,175	\$149,175	Nov-25	Feb-26
131877-25NSW-RTR	NSW	Campbelltown City Council	Railway Parade, Glenfield	The road is affected by crocodile cracking, longitudinal cracking & ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 354 m and width 11.8 m, area 4172 m2.	\$187,740	\$187,740	Nov-25	Feb-26
131878-25NSW-RTR	NSW	Campbelltown City Council	Spitfire Drive, Raby	The road is affected by crocodile cracking & ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 353 m and width 11.1 m, area 3913 m2.	\$176,085	\$176,085	Nov-25	Feb-26
131879-25NSW-RTR	NSW	Campbelltown City Council	Woodland Road, St Helens Park	The road is affected by crocodile cracking & ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 223 m and width 11.2 m, area 2502 m2.	\$112,590	\$112,590	Nov-25	Feb-26
131880-25NSW-RTR	NSW	Campbelltown City Council	North Steyne Road, Woodbine	The road is affected by crocodile cracking & ravelling. The suggested treatment involves initially addressing the asphalt fatigue area with a heavy patching treatment, followed by applying hot mix asphalt with an interlayer seal to the entire section. Length 225 m and width 11.2 m, area 2516 m2.	\$113,220	\$113,220	Nov-25	Feb-26

127292-24NSW-RTR	NSW	Canterbury-Bankstown Council	Albert Street, Revesby	The road pavement of this street is deteriorated with the evidence of fatigue cracks and rutting and some sections of kerb and gutter also have been damaged. The pavement requires repair and resurfacing and the damaged segments of kerb and gutter require reconstruction. The project includes repair and resurfacing of the road pavement and reconstruction of damaged segments of kerb and gutter and other associated civil works.	\$190,000	\$190,000	Sep-24	Jan-26
127297-24NSW-RTR	NSW	Canterbury-Bankstown Council	Highcliff Road, Earlwood	The condition of road pavement has been deteriorated with the evidence of fatigue cracks and ravelling and the kerb and gutter also has been uplifted or damaged in many places. The pavement requires resurfacing and the kerb and gutter require reconstruction. Reconstruction of damaged sections of kerb and gutter as well as construction of some missing sections of kerb and gutter and reconstruction of associated vehicular crossings and kerb ramps. Repair and resurfacing full width of the pavement.	\$650,000	\$650,000	Sep-24	May-26
127299-24NSW-RTR	NSW	Canterbury-Bankstown Council	Raine Road, Padstow	The condition of the road pavement has been deteriorated with the evidence of fatigue cracks and ravelling over large area. The pavement requires repair and resurfacing. Some isolated segments of kerb and gutter also has been damaged which needs reconstruction. The project includes reconstruction of damaged sections of kerb and gutter and repair and resurfacing of the full width of the pavement.	\$270,000	\$270,000	Sep-24	Jan-26
127312-24NSW-RTR	NSW	Canterbury-Bankstown Council	Edgar Street, Condell Park	The condition of road pavement has been deteriorated with the evidence of crocodile cracks, ravelling and potholes. The pavement requires rehabilitation and resurfacing. Some isolated segments of kerb and gutter also damaged, which require reconstruction. The project includes rehabilitation and resurfacing of road pavement and reconstruction of some damaged sections of kerb and gutter and other associated civil works. The project will jointly funded by Council Funds of \$170,000 and RTR Funds of \$230,000.	\$230,000	\$400,000	Sep-24	Jan-26
127343-24NSW-RTR	NSW	Canterbury-Bankstown Council	Hillcrest Avenue, Greenacre	The condition of road pavement has been deteriorated with the evidence of fatigue cracks over large area and rutting. The pavement requires repair and resurfacing. Some sections of kerb and gutter has been damaged or uplifted which requires reconstruction. The project includes repair and resurfacing of the road pavement. In addition, it also includes reconstruction of damaged sections of kerb and gutter, adjustment of vehicular crossings and other associated civil works.	\$390,000	\$390,000	Sep-24	Jan-26

130281-24NSW-RTR	NSW	Canterbury-Bankstown Council	Yanderra Street, Condell Park	The condition of the road pavement has been deteriorated with the evidence of crocodile cracks and rutting. The road pavement requires repair and resurfacing. Some sections of the kerb and gutter also have been damaged, which requires reconstruction. The project includes repair and resurfacing of the road pavement and reconstruction of damaged section of kerb and gutter. The project will be jointly funded by Council Funds (\$73,000) and RTR Funds (\$327,000).	\$327,000	\$400,000	Feb-25	Jan-26
130284-24NSW-RTR	NSW	Canterbury-Bankstown Council	Clapham Road, Regents Park	The condition of road pavement is deteriorated with the evidence of fatigue cracks and rutting. The pavement requires repair and resurfacing. Some sections of kerb and gutter also have been damaged which require reconstruction. The project includes repair and resurfacing of the road pavement and reconstruction of damaged sections of kerb and gutter. The project will be jointly funded by Council Funds (\$254,000) and RTR Funds (\$100,000).	\$390,000	\$390,000	Feb-25	Jan-26
132011-25NSW-RTR	NSW	Canterbury-Bankstown Council	Amy Street, Campsie	The condition of the road pavement is deteriorated with the evidence of fatigue cracks and ravelling and some sections of kerb and gutter also has damaged or uplifted. The road requires repair and resurfacing and the damaged segments of kerb and gutter needs reconstruction to maintain the serviceability of the road. The project includes repair and resurfacing of the pavement and reconstruction of the damaged sections of kerb and gutter. The estimated cost of the project is \$445,000 and it will be fully funded by RTR Funds.	\$350,000	\$350,000	Sep-25	Jan-26
132012-25NSW-RTR	NSW	Canterbury-Bankstown Council	Cullens Road, Punchbowl	The road pavement of this street is deteriorated with the evidence of fatigue cracks and rutting and some sections of kerb and gutter also have been damaged. The pavement requires repair and resurfacing and the damaged segments of kerb and gutter require reconstruction. The project includes repair and resurfacing of the road pavement and reconstruction of damaged segments of kerb and gutter and other associated civil works. The estimated cost of the project is \$850,000 and it will be jointly funded by RTR Funds of \$620,000 and Council Funds of \$230,000.	\$620,000	\$800,000	Sep-25	Mar-26

132013-25NSW-RTR	NSW	Canterbury-Bankstown Council	Duke Street, Campsie	The condition of the road pavement has been deteriorated with the evidence of fatigue cracks and rutting and some isolated sections of kerb and gutter have been damaged. The pavement requires repair and full width resurfacing. The damaged segments of kerb and gutter also requires reconstruction. The project includes repair and resurfacing of the road pavement and reconstruction of damaged segments of kerb and gutter and other associated civil works. The estimated cost of the project is \$600,000 and it will be fully funded by RTR Funds.	\$580,000	\$580,000	Sep-25	Mar-26
132014-25NSW-RTR	NSW	Canterbury-Bankstown Council	Goondah Street, Villawood	The condition of the road pavement has been deteriorated with the evidence of fatigue cracks and potholes and some sections of kerb and gutter also have been damaged. The pavement requires repair and full width resurfacing. The damaged sections of kerb and gutter also requires reconstruction. The project includes reconstruction of damaged sections of kerb and gutter and repair and resurfacing of the full width of the pavement. The estimated cost of the project is \$401,000 and it will be fully funded by RTR Funds.	\$401,000	\$401,000	Sep-25	Mar-26
132015-25NSW-RTR	NSW	Canterbury-Bankstown Council	Lawler Street, Panania	The project includes reconstruction of damaged sections of kerb and gutter and repair and resurfacing of the full width of the pavement. The project includes rehabilitation and resurfacing of road pavement and reconstruction of some damaged sections of kerb and gutter and other associated civil works. The estimated cost of the project is \$280,000 and it will be fully funded by RTR Funds.	\$280,000	\$280,000	Sep-25	Mar-26
132021-25NSW-RTR	NSW	Canterbury-Bankstown Council	Polo Street, Revesby	The condition of the road pavement has been deteriorated with the evidence of crocodile cracks and rutting. The road pavement requires repair and resurfacing. Some sections of the kerb and gutter also have been damaged, which requires reconstruction. The project includes repair and resurfacing of the road pavement and reconstruction of damaged section of kerb and gutter. The estimated cost of the project is \$484,000. The project will be jointly funded by Council Funds (\$171,000) and RTR Funds (\$313,000).	\$313,000	\$484,000	Sep-25	Mar-26

132024-25NSW-RTR	NSW	Canterbury-Bankstown Council	Wonga Street, Canterbury	The condition of the road pavement has been deteriorated with the evidence of crocodile cracks and rutting. The road pavement requires repair and resurfacing. Some sections of the kerb and gutter also have been damaged, which requires reconstruction. The project includes repair and resurfacing of the road pavement and reconstruction of damaged section of kerb and gutter. The estimated cost of the project is \$705,000 and it will be jointly funded by Council Funds (\$545,000) and RTR Funds (\$160,000).	\$160,000	\$705,000	Feb-25	Apr-26
132026-25NSW-RTR	NSW	Canterbury-Bankstown Council	Warilda Street, Villawood	The condition of the road pavement is deteriorated with the evidence of fatigue cracks, rutting and ravelling and some sections of kerb and gutter also have damaged. The road requires repair and resurfacing and the damaged segments of kerb and gutter needs reconstruction to maintain the serviceability of the road. The project includes repair and resurfacing of the pavement and reconstruction of the damaged sections of kerb and gutter and other associated civil works. The estimated cost of the project is \$166,000 and it will be fully funded by RTR Funds.	\$166,000	\$166,000	Sep-25	Mar-26
131738-24NSW-RTR	NSW	Carrathool Shire Council	Backhillston Road, (Rural Road)	Minimal gravel surface. Gravel majority of worn areas.	\$700,000	\$700,000	Jul-25	Nov-25
131822-25NSW-RTR	NSW	Carrathool Shire Council	Lachlan Valley Way, Hillston	Inadequate gravel pavement. .	\$651,300	\$651,300	Jul-25	Dec-25
131826-25NSW-RTR	NSW	Carrathool Shire Council	Wallanthery Road, Hillston	Inadequate gravel thickness. Re sheeting.	\$805,000	\$805,000	Jul-25	Dec-25
131845-25NSW-RTR	NSW	Carrathool Shire Council	Melbergen Road, Goolgowi	Resealing worn pavement surface. Resealing road surface.	\$540,000	\$540,000	Jul-25	Jan-26
131846-25NSW-RTR	NSW	Carrathool Shire Council	Parrs Rd, Goolgowi	Wearing road surface. Resealing road surface.	\$24,000	\$24,000	Jul-25	Dec-25
131847-25NSW-RTR	NSW	Carrathool Shire Council	Back Hillston Rd, Goolgowi	Wearing road surface. Reseal road surface.	\$105,000	\$105,000	Jul-25	Dec-25
131848-25NSW-RTR	NSW	Carrathool Shire Council	Merrondale Lane, Goolgowi	Wearing road surface. Resealing road surface.	\$60,000	\$60,000	Jul-25	Dec-25
131849-25NSW-RTR	NSW	Carrathool Shire Council	Bringagee Rd, Carrathool	Wearing road surface. Reseal road surface.	\$378,000	\$378,000	Jul-25	Dec-25
131851-25NSW-RTR	NSW	Carrathool Shire Council	Molesworth St, Hillston	Wearing of road surface pavement. Resealing road surface.	\$70,000	\$70,000	Jul-25	Dec-25
131852-25NSW-RTR	NSW	Carrathool Shire Council	Ninti St, Rankins Springs	Wearing of road surface pavement. Resealing road surface.	\$30,000	\$30,000	Jul-25	Dec-25
127994-24NSW-RTR	NSW	Central Coast Council (NSW)	Palm Valley Rd, Tumby Umbi	Potholing, crocodile cracking, roughness and pavement disintegration. Pavement upgrade - In situ stabilisation and seal. Balance of funds, funded by council.	\$2,170,708	\$2,477,098	Sep-24	Apr-25
127998-24NSW-RTR	NSW	Central Coast Council (NSW)	Hiawatha Road, Woongarra	Potholing, crocodile cracking, roughness and pavement disintegration. Pavement upgrade - In situ stabilisation and asphalt.	\$269,807	\$269,807	Sep-24	Feb-25
128003-24NSW-RTR	NSW	Central Coast Council (NSW)	Panorama Parade, Berkeley Vale	Potholing, crocodile cracking, roughness and pavement disintegration. Pavement upgrade - In situ stabilisation and seal. Balance of funds, funded by council.	\$1,021,555	\$1,023,134	Sep-24	Dec-24
128004-24NSW-RTR	NSW	Central Coast Council (NSW)	Glen Road, Ourimbah	Potholing, crocodile cracking, roughness and pavement disintegration. Pavement upgrade - In situ stabilisation and seal.	\$141,402	\$141,402	Aug-24	Sep-24

132285-25NSW-RTR	NSW	Central Coast Council (NSW)	Hilltop Street, Bateau Bay	Potholing, roughness and pavement disintegration. Pavement Upgrade - Insitu Stabilisation and asphalt.	\$787,563	\$787,563	Jan-26	Mar-26
132286-25NSW-RTR	NSW	Central Coast Council (NSW)	Wards Hill Road, Empire Bay	Potholing, crocodile cracking, roughness and pavement disintegration. Pavement Upgrade - Insitu Stabilisation and asphalt.	\$807,777	\$807,777	Apr-26	Jun-26
132287-25NSW-RTR	NSW	Central Coast Council (NSW)	Coachwood Drive, Ourimbah	Potholing, crocodile cracking, roughness and pavement disintegration. Pavement Upgrade - Insitu Stabilisation and asphalt.	\$577,610	\$577,610	Nov-25	Feb-26
132288-25NSW-RTR	NSW	Central Coast Council (NSW)	Dog Trap Road, Ourimbah	Potholing, crocodile cracking, roughness and pavement disintegration. Pavement Upgrade - Insitu Stabilisation and asphalt.	\$532,140	\$532,140	Mar-26	Jun-26
132289-25NSW-RTR	NSW	Central Coast Council (NSW)	Hobart Avenue, Umina Beach	Potholing, crocodile cracking, roughness and pavement disintegration. Pavement Upgrade - Insitu Stabilisation and asphalt.	\$615,792	\$615,792	Mar-26	Jun-26
132290-25NSW-RTR	NSW	Central Coast Council (NSW)	Sydney Avenue, Umina Beach	Potholing, crocodile cracking, roughness and pavement disintegration. Pavement Upgrade - Insitu Stabilisation and asphalt.	\$1,114,160	\$1,114,160	Mar-26	Jun-26
127982-24NSW-RTR	NSW	Central Darling Shire Council	Adams Street, Wilcannia	Unsealed street which generates dust problems when dry and becomes slippery, boggy when wet. It is proposed to reconstruct and seal 115 m, including 150 mm gravel overlay with 8 m width two coat spray seal.	\$60,000	\$118,675	Apr-25	May-25
127984-24NSW-RTR	NSW	Central Darling Shire Council	Wilson Street, Wilcannia	Unsealed road which generates dust when dry and becomes slippery, boggy when wet. Reconstruct 280 m of road including a 150 mm gravel overlay with a two coat seal at 8 m width.	\$160,000	\$180,097	Apr-25	May-25
127985-24NSW-RTR	NSW	Central Darling Shire Council	Johnston Street, White Cliffs	Unsealed road that generates dust when dry and becomes slippery, boggy when wet. Reconstruct 400 m of road including 150 mm gravel overlay with a two coat seal at 7 m width.	\$150,000	\$188,785	Aug-25	Nov-25
127986-24NSW-RTR	NSW	Central Darling Shire Council	The Blocks Road, White Cliffs	Unsealed road which generates dust when dry and becomes slippery, boggy when wet. Reconstruct road including 150 mm gravel overlay with a two coat seal at 7 m width.	\$295,000	\$295,000	Aug-25	Nov-25
127987-24NSW-RTR	NSW	Central Darling Shire Council	Lakeview Avenue, Sunset Strip	Road is too narrow and stormwater runoff enters adjacent properties. Install new kerb and gutter, drainage pits and pipes. Reconstruct road with crossfall to suit new kerb and gutter levels. \$260,000 Roads to Recovery Funding and \$85,148 funded from NSW Severe Weather and Flood Grant AGRN 1034 - Category D.	\$385,000	\$513,842	Apr-25	Aug-25
127988-24NSW-RTR	NSW	Central Darling Shire Council	Kingfisher Avenue, Sunset Strip	Road is too narrow and stormwater runoff enters adjacent properties. Install new kerb and gutter, drainage pits and pipes. Reconstruct road to suit new kerb and gutter levels.	\$252,368	\$350,604	Apr-25	Aug-25
132275-25NSW-RTR	NSW	Central Darling Shire Council	Ivanhoe Menindee Road, Menindee	Unsealed road that is subject to flooding and slippery, boggy when wet. Reconstruct road, lift vertical alignment above flood prone level, install new culverts for drainage improvements and seal 4.76km length. \$4,210,874 funded by the Safer Local Roads and Infrastructure Program.	\$1,052,719	\$5,263,593	Oct-25	May-26

132276-25NSW-RTR	NSW	Central Darling Shire Council	Pamamaroo Street, Menindee	Unsealed street which is dusty when dry and slippery, boggy when wet. Reconstruct the road including 150mm gravel overlay with 7m wide seal.	\$208,576	\$208,576	Oct-25	Nov-25
132277-25NSW-RTR	NSW	Central Darling Shire Council	Menindee Aerodrome Road, Menindee	Unsealed road that is dusty when dry and slippery, boggy when wet. Reconstruct road including 150mm gravel overlay with 7m seal width.	\$341,620	\$382,033	Nov-25	Dec-25
129660-24NSW-RTR	NSW	Cessnock City Council	Sawyers Gully Road, Sawyers Gully	The road has developed potholes and cracks due to increase traffic over period of time that may be safety hazards to road users and requires rectification on priority. The current 3.1 metre lane widths are also less than standard lane width of 3.5 metres, thereby necessitating adjustment to accommodate increased traffic. Stabilisation of pavement structure, Increasing the width to 3.5 metres each side, Drainage improvements with replacement/widening of culverts at various locations. Council funding the balance cost savings in removal of guard rail and increase of road width by batters.	\$3,750,218	\$4,890,000	Nov-24	Feb-26
130520-24NSW-RTR	NSW	City of Canada Bay Council	Barnstaple Road, Russell Lea	Cracking, surface defects. Mill and fill 50 mm AC10.	\$78,840	\$78,840	Feb-25	Jun-26
130522-24NSW-RTR	NSW	City of Canada Bay Council	Bowman Street, Drummoyne	Cracking and surface defects. Mill and fill 50 mm AC10.	\$21,986	\$21,986	Feb-25	Jun-25
130523-24NSW-RTR	NSW	City of Canada Bay Council	Mitchell Street, Five Dock	Pavement failure and surface cracking. Mill and fill 100 mm AC28 at the turning area and 50 mm mill and fill for the rest area.	\$40,851	\$40,851	Feb-25	Jun-25
130525-24NSW-RTR	NSW	City of Canada Bay Council	Pine Ave, Russell Lea	Localized pavement failure. Localized heavy Patching.	\$38,128	\$38,128	Feb-25	Jun-25
130526-24NSW-RTR	NSW	City of Canada Bay Council	Roseby Street, Drummoyne	Surface defects and cracking. Mill and fill 50 mm AC10.	\$27,202	\$27,202	Feb-25	Jun-25
130528-24NSW-RTR	NSW	City of Canada Bay Council	McCulloch Street, Russell Lea	Surface cracking and Defects with localized pavement failure. Localized pavement rehabilitation followed by resurfacing.	\$120,000	\$120,000	Feb-25	Jun-25
130530-24NSW-RTR	NSW	City of Canada Bay Council	The Crescent, Russell Lea	Surface defect. Mill and fill 50 mm AC10.	\$150,393	\$150,393	Feb-25	Jun-25
130531-24NSW-RTR	NSW	City of Canada Bay Council	Brewer St, Concord	Rutting and cracking. Deep lift Mill and fill 200 mm.	\$133,810	\$133,810	Feb-25	Jun-25
130535-24NSW-RTR	NSW	City of Canada Bay Council	Majors Bay Road, Concord	Pavement failure. Mill and fill 120 mm AC.	\$30,377	\$30,377	Feb-25	Jun-25
134380-25NSW-RTR	NSW	City of Canada Bay Council	Regatta Road, Canada Bay	Pavement failure and surface cracking. Mill and fill 100mm AC28 at the turning area and 50mm mill and fill for the rest of the area.	\$80,623	\$80,623	Feb-25	Jun-25
134385-25NSW-RTR	NSW	City of Canada Bay Council	Majors Bay Road, Concord	Excessive vehicle speeds. Speed humps and cushions on approach to pedestrian crossings.	\$76,053	\$76,053	Feb-25	Jun-25
128186-24NSW-RTR	NSW	City of Lithgow Council	Martins Road, Rydal	Roads seal failure, open drains blocked, vegetation over road. Rehabilitation of pavement, clearing of drains, resealing road.	\$498,418	\$499,651	Aug-24	Apr-25
128187-24NSW-RTR	NSW	City of Lithgow Council	Limestone Creek Road, Portland	Road seal failure, blocked road drains, major potholes. Clear blocked drains, to rehabilitate road pavement and reseal road.	\$210,788	\$212,198	Oct-24	Apr-25

129150-24NSW-RTR	NSW	City of Lithgow Council	Blackmans Creek Road, Hartley	Seal has come to end of life, subgrade needs repairs in 30% of the area and drainage lines need upgrading. To conduct heavy patching on areas of failure, to remove current seal, grade , compact and reseal, to add road base where necessary and maintain road width. Lithgow City Council will fund the balance of the project.	\$326,637	\$330,704	Oct-24	Nov-24
133684-25NSW-RTR	NSW	City of Lithgow Council	Browns Gap Road, (Rural Road)	Ageing seal breaking up, many pot holes and pavement failure. Pavement investigation for full granular pavement reconstruction of pavement, clearing of drains, resealing road.	\$1,274,884	\$1,274,884	Oct-25	May-26
128411-24NSW-RTR	NSW	City of Parramatta Council	Alexander Street, Dundas Valley	The road surface is affected by various cracks, deformations and pavement failures. The surface is old and brittle and prone to development of potholes, and deformed affecting access to properties. The proposed treatment includes strengthening of trafficable lanes and resurfacing the road with hot mix asphalt. Length = 174 m, Width = 11.8 m, Area = 2053.2 m2.	\$187,439	\$187,439	Mar-25	Apr-25
128412-24NSW-RTR	NSW	City of Parramatta Council	Asquith Avenue, Winston Hills	The existing surface is affected by various types of cracks and structural pavement failures due to weak road pavement and number of buses that use this road section. The proposed treatment includes strengthening of existing road base with asphalt and resurfacing of the road. Length = 125 m; Width = 10 m; Area = 1250 m2.	\$138,026	\$138,026	Jan-25	Jan-25
128413-24NSW-RTR	NSW	City of Parramatta Council	Model Farms Road, Winston	The road surface is affected by various cracks and pavement failures. The surface is old and brittle and prone to development of potholes. It has been patched in the past. The proposed treatment includes strengthening of trafficable lanes and resurfacing the road with hot mix asphalt. Length = 245 m, Width = 11.8 m, Area = 2891 m2.	\$264,899	\$264,899	Mar-25	May-25
128414-24NSW-RTR	NSW	City of Parramatta Council	Pennant Parade, Epping	The road surface is affected by various cracks, pavement failures and deformations. The surface is old and brittle and prone to development of potholes. It has been patched multiple times in the past. The proposed treatment includes strengthening of trafficable lanes and resurfacing the road with hot mix asphalt. Length = 170 m, Width = 10.2 m, Area = 1734 m2.	\$209,234	\$209,234	Mar-25	May-25
128415-24NSW-RTR	NSW	City of Parramatta Council	Lamonerie Street, Toongabbie	The existing surface is old and brittle and prone to development of potholes. It is affected by cracks, pavement failures and old repair patches. The proposed work includes reconstruction of existing pavement with hot mix asphalt. Length = 191 m; Width = 8.2 m; Area = 1566.2 m2.	\$150,728	\$150,728	Mar-25	May-25

129504-24NSW-RTR	NSW	City of Parramatta Council	Cowells Lane, Ermington	The existing road surface is affected by various defects, especially by severe cracking and pavement deformations. It is old and rough due to numerous surface defects. Some kerb and gutter sections have been displaced by tree roots. Proposed treatment includes repair of isolated sections of kerb and gutter, replacement of road base with asphalt and resurfacing of the road with asphalt. Length =320 m; Width = 7.2 m Area = 2304 m2. The project will be jointly funded by Roads to Recovery and City of Parramatta Council.	\$176,636	\$247,222	Mar-25	Apr-25
130377-24NSW-RTR	NSW	City of Parramatta Council	Arcadian Circuit, Carlingford	The existing surface is affected by wide-spread areas of crocodile cracks, surface deformation and pavement failures. The surface is old and brittle and prone to development of potholes. Some sections of kerb and gutter are displaced and need to be repaired. The proposed treatment includes repair of isolated sections of kerb and gutter, strengthening of existing road pavement by replacement of substandard material with asphalt and full resurfacing of the road. Length = 277 m; Width = 7 m; Area = 1939 m2.	\$168,404	\$168,404	Mar-25	Jun-25
130378-24NSW-RTR	NSW	City of Parramatta Council	Avenue of the Americas, Newington	The existing surface is affected by cracking, deformation and pavement failures. There are number of old patches and utility trenches, which makes the road surface rough. The proposed treatment includes reconstruction of existing road pavement with asphalt and full resurfacing of the road. Length = 350 m; Width = 7.2 m; Area = 2520 m2. The project will be jointly funded by Roads to Recovery and City of Parramatta Council.	\$249,749	\$280,809	May-25	Jun-25
131331-24NSW-RTR	NSW	City of Parramatta Council	Alexander Street, Dundas Valley	The existing road surface is affected by various types of cracks and pavement failures indicating structural deficiencies of road pavement. The existing pavement has been patched in the past at several locations. The proposed work will include strengthening of existing pavement at trafficable areas and resurfacing of the road with asphalt. Length = 165 m; Width = 11.6 m; Area = 1947 m2.	\$179,900	\$179,900	Nov-25	Jan-26
131332-24NSW-RTR	NSW	City of Parramatta Council	Brigg Road, Epping	The existing road surface is affected by various pavement defects and failures. It is old and prone to development of potholes and cracks. The proposed work will include repair of pavement failures by heavy patching and resurfacing of the road with asphalt. Length = 260 m; Width = 10 m; Area = 2600 m2.	\$252,543	\$252,543	Jan-26	Feb-26

131334-24NSW-RTR	NSW	City of Parramatta Council	Bulli Road, Toongabbie	The existing road surface is affected by potholes, old pavement patches and structural failures, which makes it rough. The existing surface is old and brittle and prone to potholes and other pavement defects. The proposed work includes reconstruction of existing pavement in trafficable lanes with asphalt and road resurfacing with hot mix asphalt. Length = 310 m; Width = 10.2 m; Area = 3162 m2	\$298,733	\$298,733	Nov-25	Mar-26
131335-24NSW-RTR	NSW	City of Parramatta Council	Bungaree Road, Toongabbie	The existing road surface is affected by numerous pavement failures, cracks and old pavement patches, which makes it rough. These defects indicate weak road pavement and structural deficiencies. The proposed work includes strengthening of existing pavement in trafficable lanes with asphalt and road resurfacing with hot mix asphalt. Length = 260 m; Width = 11.8 m; Area = 3068 m2	\$268,004	\$268,004	Jan-26	Mar-26
131336-24NSW-RTR	NSW	City of Parramatta Council	Greens Avenue, Oatlands	The existing road surface is affected by various pavement defects, cracks and failures. It is old and prone to development of potholes and cracks. The proposed work includes repair of failed pavement areas by patching and road resurfacing with hot mix asphalt. Length = 320 m; Width = 9 m; Area = 2880 m2	\$138,840	\$138,840	Nov-25	Mar-26
131337-24NSW-RTR	NSW	City of Parramatta Council	Mobbs Lane, Carlingford	The existing pavement is affected by isolated pavement failures, cracks and distortions of the road surface. The pavement area has been patched in the past at multiple locations. The existing road surface is rough causing low riding quality. The proposed work includes repair of isolated pavement failures by heavy patching and resurfacing of the road with hot mix asphalt. Length = 245 m; Width = 10.2 m; Area = 2499 m2.	\$172,095	\$172,095	Nov-25	Jan-26
131338-24NSW-RTR	NSW	City of Parramatta Council	North Rocks Road, North Rocks	The existing pavement is affected by isolated pavement failures and cracks. It is old and prone to development of various surface defects. The proposed work includes repair of isolated pavement failures by heavy patching and resurfacing of the road with hot mix asphalt. Length = 400 m; Width = 12 m; Area = 4800 m2.	\$262,003	\$262,003	Jan-26	Mar-26
131339-24NSW-RTR	NSW	City of Parramatta Council	Stubbs Street, Silverwater	The existing surface is affected by various types of cracks, especially at approach to roundabout, and pavement deformations. It exhibits signs of structural deficiencies for traffic of heavy vehicles in this industrial area. The proposed treatment will include strengthening of trafficable areas by reconstruction with asphalt and full road resurfacing. Length = 205 m; Width = 11.4 m; Area = 2337 m2.	\$222,048	\$222,048	Nov-25	Nov-25

131340-24NSW-RTR	NSW	City of Parramatta Council	Wentworth Avenue, Pendle Hill	The existing pavement has been affected by numerous cracks and pavement failures due to traffic of large number of heavy vehicles. It has been patched numerous times in the past; which makes it rough. The proposed treatment includes reconstruction of trafficable areas with asphalt and resurfacing with hot mix asphalt. Length = 318 m; Average Width = 10.2 m; Area = 3260 m2.	\$257,604	\$257,604	Jan-26	Mar-26
134648-25NSW-RTR	NSW	City of Parramatta Council	Cowells Lane, Ermington	The existing road surface is affected by various defects, especially by severe cracking and pavement deformations. It is old and rough due to numerous surface defects. Some kerb and gutter sections have been damaged. Proposed treatment includes repair of isolated sections of kerb and gutter, replacement of road base with asphalt and resurfacing of the road with asphalt. Length =165 m; Width = 7.8 m Area = 1287 m2.	\$121,948	\$224,547	Nov-25	Mar-26
129185-24NSW-RTR	NSW	Clarence Valley Council	Yamba Road, Palmers Island	Narrow section of road with multiple potholes and shoving contributing to pavement failures. Widen road width to achieve 12 m formation suitable for traffic volumes on Yamba Road. Lift and stabilise pavement layers to improve overall pavement strength. \$2,000,000.00 of approved funding has been allocated from the Disaster Recovery Funding Arrangements to fix damaged pavement sections and contribute to achieve the full project.	\$2,800,000	\$4,800,000	Mar-25	Sep-25
131735-24NSW-RTR	NSW	Clarence Valley Council	Angourie Road, Yamba	Deteriorated road surface requires renewal. Intersection requires widening to accommodate increased traffic movements. Rehabilitate pavement. Widen formation to include turning lane into Sports complex and include safe pedestrian access with footpaths and refuges for road crossing.	\$1,000,000	\$1,000,000	Feb-26	Apr-26
130018-24NSW-RTR	NSW	Cobar Shire Council	Campbell Street, Cobar	Reconstruction of Campbell Street to coincide with drainage upgrade carried out. New 100 mm thick asphalt pavement.	\$1,410,779	\$1,410,779	Feb-25	Feb-25
132025-25NSW-RTR	NSW	Cobar Shire Council	Hartman Street, Cobar	Rough bitumen surface. 30 mm asphalt overlay to smooth out the existing rough surface.	\$58,500	\$58,500	Jan-26	Feb-26
132034-25NSW-RTR	NSW	Cobar Shire Council	Dunstan Street, Cobar	Rough bitumen surface. 30mm asphalt overlay to eliminate the roughness.	\$38,480	\$38,480	Jan-26	Feb-26
132037-25NSW-RTR	NSW	Cobar Shire Council	Wrightville Street, Cobar	Rough bitumen surface. 30mm asphalt overlay to alleviate the roughness.	\$55,000	\$55,000	Jan-26	Feb-26
132843-25NSW-RTR	NSW	Cobar Shire Council	Bedooba Road, Cobar	Extremely rocky ground posing danger to road users. Gravel and seal for 2 km over the rocky ground.	\$300,000	\$300,000	Jan-26	Jun-26
132871-25NSW-RTR	NSW	Cobar Shire Council	Booberoi Road, Euabalong	New Bridge approaches for bridge construction. To construct bridge approaches on the north and south side of the new bridge. The approaches 600m long. The approaches will be sealed.	\$840,003	\$840,003	Jan-26	Jun-26
132872-25NSW-RTR	NSW	Cobar Shire Council	Illewang Street, Euabalong West	Existing seal is deteriorating. Apply new seal.	\$100,000	\$100,000	Feb-26	Feb-26
132873-25NSW-RTR	NSW	Cobar Shire Council	Whoey Street, Euabalong West	Old seal has deteriorated. Apply new seal.	\$100,000	\$100,000	Feb-26	Feb-26

132874-25NSW-RTR	NSW	Cobar Shire Council	Pulpulla Road, Cobar	Badly eroded table drains in hilly terrain. Install concrete matting in the drains to stop erosion.	\$236,340	\$236,340	Jan-26	Feb-26
130608-24NSW-RTR	NSW	Coffs Harbour City Council	Hogbin Drive, Coffs Harbour	Hogbin Drive and Stadium Drive are both regional roads, and Hogbin Drive is Coffs Harbour's second busiest road based on traffic volume. This roundabout provides direct access to the Coffs Harbour Education Campus, access to and from Sawtell, access to the Coffs Harbour International Stadium, and access to the Pacific Hwy. The road seal is in poor condition with frequent potholes and shoves due to age and high traffic volumes, including heavy vehicle/truck and bus screwing effects. The works proposed is to renew approximately 3635 m2 of the existing seal by a deep lift asphalt treatment, consisting of 60 mm HD AC20, and 40 mm A15E.	\$400,450	\$400,450	Mar-25	Aug-25
130609-24NSW-RTR	NSW	Coffs Harbour City Council	Hogbin Drive, Coffs Harbour	Hogbin Drive is a regional road and is Coffs Harbour's busiest road based on traffic volume. Albany Street is an arterial road. Howard Street is a collector road. This roundabout provides direct access to the Coffs Harbour CBD, access to and from Sawtell, access to the Coffs Harbour Racecourse, and access to the Pacific Hwy. The road seal is in poor condition with frequent potholes and shoves due to age and high traffic volumes, including heavy vehicle/truck and bus screwing effects. The works proposed is to renew approximately 3514 m2 of the existing seal by a deep lift asphalt treatment, consisting of 60 mm HD AC20, and 40 mm A15E.	\$385,933	\$385,933	Mar-25	Aug-25
130610-24NSW-RTR	NSW	Coffs Harbour City Council	Stadium Drive, Coffs Harbour	Stadium Drive is a regional road connecting Hogbin Drive to the Pacific Hwy, and Phil Hawthorne Drive is a local road which provides access to the Coffs Harbour Health Campus (Base Hospital) staff car park. The road also provides access to local sporting fields, and Motor Sports Complex. The road seal is in poor condition with frequent potholes, due to age and relatively high traffic volumes, including some screwing effects at the intersection. The works proposed is to renew approximately 840 m2 of the existing seal by a deep lift asphalt treatment, consisting of 100 mm AC20.	\$168,165	\$168,165	Mar-25	Aug-25

130611-24NSW-RTR	NSW	Coffs Harbour City Council	River Street, Woolgoolga	This road is a collector road providing access to Woolgoolga's second main business district from Solitary Islands Way, which includes a temple, museum, mixed small business, and a hotel/motel. It is also frequently used as a back road to access the Woolgoolga Beach (via Beach Street). The road seal is in poor condition with frequent potholes and shoves, due to age and relatively high traffic volumes, including some screwing effects at the intersection of Solitary Islands Way. The works proposed is to renew approximately 764 m2 of the existing seal by a deep lift asphalt treatment, consisting of 60 mm AC20 and 40 mm AC14.	\$100,848	\$100,848	Mar-25	Aug-25
130613-24NSW-RTR	NSW	Coffs Harbour City Council	Solitary Islands Way, Sandy Beach	This road is an arterial road providing access to medium density housing estates, farming properties, beach access to Sandy Beach (via Diamond Head Drive), and provides connection to and from the Pacific Hwy. The road is also a bus route for the nearby Sandy Beach Public School, and other schools within the LGA. The road pavement has failed in sections, resulting in shoves, potholing and edge breaks, as a result of an ageing seal and pavement, and historical prolonged wet weather. The works proposed is to renew approximately 3262 m2 of the existing pavement by appropriate stabilisation, followed by a 2-coat spray seal.	\$391,440	\$391,440	Mar-25	Aug-25
130614-24NSW-RTR	NSW	Coffs Harbour City Council	Solitary Islands Way, Sandy Beach	This road is an arterial road providing access to medium density housing estates, farming properties, beach access to Sandy Beach (via Diamond Head Drive), and provides connection to and from the Pacific Hwy. The road is also a bus route for the nearby Sandy Beach Public School, and other schools within the LGA. The road pavement has failed in sections, resulting in shoves, potholing and edge breaks, as a result of an ageing seal and pavement, and historical prolonged wet weather. The works proposed is to renew approximately 1829 m2 of the existing pavement by appropriate stabilisation, followed by a 2-coat spray seal.	\$319,480	\$319,480	Mar-25	Aug-25

131114-24NSW-RTR	NSW	Coffs Harbour City Council	Lyons Road, North Bonville	Safety of cyclists and pedestrians. The project is to improve active transport routes around the North Bonville community by improving cycle lanes and intersections along Lyons Rd and constructing a new footpath. These outcomes are aligned with the Australian Government Infrastructure Policy Statement, Themes 2 (Liveability – Safety) and 3 (Sustainability - Reduce transport and infrastructure emissions). The works include two main components along Lyons Road. Road works include safety upgrades to intersections and road widening along the route to accommodate refuges and improve the 1.5 m wide cycle lanes. Footpath works are to construct a 1.5 m wide path from De Castellar Drive to Toormina Road. Non-RTR funding from developer contributions (Section 7.11) \$1,437,260.	\$1,211,361	\$2,648,621	Jan-26	May-26
133205-25NSW-RTR	NSW	Coffs Harbour City Council	Gale Street, Coramba	Gale Street, Coramba is classed as a rural, high traffic road, which goes through the main township of Coramba. The road seal is in poor condition due to age, and there are indications that the pavement is failing due to the presence of shoves and depressions. The works proposed is to renew approximately 4,200m2 with an appropriate pavement stabilisation treatment informed by geotechnical investigations, and the application of an asphalt wearing course. The additional funding for this project will be sourced from The City of Coffs Harbour's Capital Works Program to compliment the RTR funding.	\$425,000	\$504,000	Oct-25	Feb-26

133207-25NSW-RTR	NSW	Coffs Harbour City Council	Arrawarra Beach Road, Arrawarra	Arrawarra Beach Road, Arrawarra is classed as an urban, low traffic road, which provides the only access to the residential area of Arrawarra Beach. The road seal is in poor condition due to age, and there are indications that the pavement is failing due to the presence of shoves and depressions. The roadside drainage is very poor, with existing table drains silted up, and existing culverts on connecting driveways and under the road being of an inadequate capacity. The road height is also very low in comparison to the surrounding landscape, which results in parts of this road being inundated with storm/flood water. Survey and geotechnical investigations and civil design of an appropriate drainage system, an appropriate road pavement and a spray seal. Construction works will include table drains reinstatement, installation of new and/or replacement culverts, and approximately 4,332 m2 of new/stabilised road pavement with a spray seal wearing course. The additional funding for this project will be sourced from The City of Coffs Harbour's Capital Works Program to compliment the RTR funding.	\$620,000	\$662,870	Oct-25	Jun-26
127241-24NSW-RTR	NSW	Coolamon Shire Council	Marrar North Road (Rural Road)	These sections have inferior subgrade and have suffered extensive deformation and cracking as a result of increased heavy vehicle movements. The existing pavement displays extensive edge damage on sections that have not received heavy patching. The edge damage involves deep drop offs and breaking away of the seal into the travel path. Rehabilitate road by excavating unsuitable material, adding suitable crushed gravel, stabilise road subgrade, grade and roll to desired shape and compaction, followed by a bitumen seal. Clear culvert, mitres, table drains and reinstate missing guide posts.	\$346,935	\$346,935	Sep-24	Apr-25
127243-24NSW-RTR	NSW	Coolamon Shire Council	Rannock Road (Rural Road)	These sections have inferior subgrade and have suffered extensive deformation and cracking as a result of increased heavy vehicle movements. The existing pavement displays extensive edge damage on sections that have not received heavy patching. The edge damage involves deep drop offs and breaking away of the seal into the travel path. Rehabilitate road by excavating unsuitable material, adding suitable crushed gravel, stabilise road subgrade, grade and roll to desired shape and compaction, followed by a bitumen seal. Clear culvert, mitres, table drains and reinstate missing guide posts.	\$149,153	\$149,153	Nov-24	Dec-24

127244-24NSW-RTR	NSW	Coolamon Shire Council	Rannock Road (Rural Road)	Insufficient seal width and shoulder to accept vehicles up to B-double. Road is displaying extensive edge break, deep drop off and bitumen maintenance works to seal. Minor bitumen maintenance such as pothole and edge break repair prior to applying bitumen seal to shoulders.	\$3,085	\$3,085	Nov-24	Dec-24
127245-24NSW-RTR	NSW	Coolamon Shire Council	Flangans Lane (Rural Road)	During heavy rain events, water breaks the unsealed road. The construction of a concrete causeway will contain over-road flows, eliminate future road washouts and closures. Construction of concrete causeway to contain over road flows and eliminate future road washouts.	\$45,840	\$45,840	Mar-25	May-25
127246-24NSW-RTR	NSW	Coolamon Shire Council	Chards Lane (Rural Road)	Pavement was last resealed over 17 years ago and is displaying deterioration with extensive cracking and minor shoving required a reseal to prevent further damage and reinstate an impermeable surface. Minor bitumen maintenance such as pothole and edge break repair prior to applying bitumen reseal.	\$44,027	\$44,027	Oct-24	Nov-24
127247-24NSW-RTR	NSW	Coolamon Shire Council	Shannon Street, Coolamon	Pavement was last resealed over 17 years ago and is displaying deterioration with extensive cracking and minor shoving required a reseal to prevent further damage and reinstate an impermeable surface. Minor bitumen maintenance such as pothole and edge break repair prior to applying bitumen reseal.	\$11,640	\$11,640	Oct-24	Nov-24
127248-24NSW-RTR	NSW	Coolamon Shire Council	Marrar North Road (Rural Road)	Pavement was last resealed over 17 years ago and is displaying deterioration with extensive cracking and minor shoving required a reseal to prevent further damage and reinstate an impermeable surface. Minor bitumen maintenance such as pothole and edge break repair prior to applying bitumen reseal.	\$122,635	\$122,635	Oct-24	Nov-24
130126-24NSW-RTR	NSW	Coolamon Shire Council	Pykes Lane (Rural Road)	Existing condition is a formed gravel road which has seen increased usage and accelerated deterioration to a point where an unsealed road is unsuitable. Import suitable crushed gravel to provide compacted road pavement to designed formation width and alignment. Apply two coat bitumen seal, perform drainage maintenance and install roadside traffic furniture.	\$95,999	\$95,999	Jan-25	Mar-25
130129-24NSW-RTR	NSW	Coolamon Shire Council	Iverach Street, Coolamon (east side)	Surrounding urban area has been developed with kerb and gutter provided to address drainage issues and this is the remaining section to be kerb & gutter. Will eliminate pooling of water, erosion and subsequent deterioration of road. Existing table drain will be excavated, gravel foundations developed, kerb and gutter installed, nature strip backfilled, seal extended between kerb and gutter and existing road. Existing power poles will also be relocated out of kerb alignment to behind kerb.	\$23,000	\$23,000	Jul-25	Dec-25

130139-24NSW-RTR	NSW	Coolamon Shire Council	Learys Lane (Rural Road)	Existing condition is a formed gravel road which has seen increased usage and accelerated deterioration to a point where an unsealed road is unsuitable. Import suitable crushed gravel to provide compacted road pavement to designed formation width and alignment. Apply two coat bitumen seal, perform drainage maintenance and install roadside traffic furniture.	\$10,409	\$10,409	Jan-25	Mar-25
130140-24NSW-RTR	NSW	Coolamon Shire Council	Kingdon Drive, Coolamon	Surrounding urban area has been developed with kerb and gutter provided to address drainage issues and this is the remaining section to be K&G. Will eliminate pooling of water, erosion and subsequent deterioration of road. Existing table drain will be excavated, gravel foundations developed, K&G installed, nature strip backfilled, seal extended between K&G and existing road. Existing power poles will also be relocated out of kerb alignment to behind kerb.	\$77,460	\$77,460	Jul-25	Dec-25
134032-25NSW-RTR	NSW	Coolamon Shire Council	Methul Road, (Rural Road)	These sections have inferior subgrade and have suffered extensive deformation and cracking as a result of increased heavy vehicle movements. The existing pavement displays extensive edge damage on sections that have not received heavy patching. The edge damage involves deep drop offs and breaking away of the seal into the travel path. Rehabilitate road by excavating unsuitable material, adding suitable crushed gravel, stabilise road subgrade, grade and roll to desired shape and compaction, followed by a bitumen seal. Clear culvert, mitres, table drains and reinstate missing guide posts.	\$162,750	\$162,750	Feb-26	Mar-26
134033-25NSW-RTR	NSW	Coolamon Shire Council	Matong North Road, (Rural Road)	These sections have inferior subgrade and have suffered extensive deformation and cracking as a result of increased heavy vehicle movements. The existing pavement displays extensive edge damage on sections that have not received heavy patching. The edge damage involves deep drop offs and breaking away of the seal into the travel path. Rehabilitate road by excavating unsuitable material, adding suitable crushed gravel, stabilise road subgrade, grade and roll to desired shape and compaction, followed by a bitumen seal. Clear culvert, mitres, table drains and reinstate missing guide posts.	\$426,250	\$426,250	Nov-25	Feb-26
134034-25NSW-RTR	NSW	Coolamon Shire Council	Matong North Road, (Rural Road)	Insufficient seal width and shoulder to accept vehicles up to B-double. Road is displaying extensive edge break, deep drop off and bitumen maintenance works to seal. Establish 1.5 width roadside shoulder by imparting suitable crushed gravel, shape, compact and apply 0.6m wide seal widening to achieve total seal width of 6.2m.	\$42,300	\$42,300	Nov-25	Nov-25

134035-25NSW-RTR	NSW	Coolamon Shire Council	Hodges Lane, (Rural Road)	These sections have inferior subgrade and have suffered extensive deformation and cracking as a result of increased heavy vehicle movements. The existing pavement displays extensive edge damage on sections that have not received heavy patching. The edge damage involves deep drop offs and breaking away of the seal into the travel path. Rehabilitate road by excavating unsuitable material, adding suitable crushed gravel, stabilise road subgrade, grade and roll to desired shape and compaction, followed by a bitumen seal. Clear culvert, mitres, table drains and reinstate missing guide posts.	\$86,100	\$86,100	Mar-26	Mar-26
134036-25NSW-RTR	NSW	Coolamon Shire Council	Beckom South Road, (Rural Road)	Insufficient formation width with narrow shoulders presenting a hazard for larger vehicles up to B-double. Road is displaying extensive edge break, deep drop off and narrow shoulders. Establish 1.0m widened roadside shoulder by imparting suitable crushed gavel, shape and compact.	\$35,040	\$35,040	Sep-25	Nov-25
134037-25NSW-RTR	NSW	Coolamon Shire Council	London Hill Road, (Rural Road)	Insufficient formation width with narrow shoulders presenting a hazard for larger vehicles up to B-double. Road is displaying extensive edge break, deep drop off and narrow shoulders. Establish 1.0m widened roadside shoulder by imparting suitable crushed gavel, shape and compact.	\$94,608	\$94,608	Sep-25	Nov-25
134038-25NSW-RTR	NSW	Coolamon Shire Council	Rannock Road, (Rural Road)	Insufficient formation width with narrow shoulders presenting a hazard for larger vehicles up to B-double. Road is displaying extensive edge break, deep drop off and narrow shoulders. Establish 1.0m widened roadside shoulder by imparting suitable crushed gavel, shape and compact.	\$42,340	\$42,340	Sep-25	Nov-25
134039-25NSW-RTR	NSW	Coolamon Shire Council	Bredins Lane, (Rural Road)	The roadside open drain is the outlet for a large urban collection area, is of insufficient standard and capacity requiring ongoing maintenance. Install 3 cell pipes and inlet pits to standard which can accept the catchment area flows and reduce maintenance demands.	\$175,070	\$175,070	Mar-26	Mar-26
134040-25NSW-RTR	NSW	Coolamon Shire Council	Easticks Lane, (Rural Road)	Pavement was last resealed over 17 years ago and is displaying deterioration with extensive cracking and minor shoving required a reseal to prevent further damage and reinstate an impermeable surface. Minor bitumen maintenance such as pothole and edge break repair prior to applying bitumen reseal.	\$10,440	\$10,440	Nov-25	Nov-25
134041-25NSW-RTR	NSW	Coolamon Shire Council	Murrulebale Road (rural road)	Pavement was last resealed over 17 years ago and is displaying deterioration with extensive cracking and minor shoving required a reseal to prevent further damage and reinstate an impermeable surface. Minor bitumen maintenance such as pothole and edge break repair prior to applying bitumen reseal.	\$98,172	\$98,172	Nov-25	Nov-25

134042-25NSW-RTR	NSW	Coolamon Shire Council	Dullah Road, (Rural Road)	Pavement was last resealed over 17 years ago and is displaying deterioration with extensive cracking and minor shoving required a reseal to prevent further damage and reinstate an impermeable surface. Minor bitumen maintenance such as pothole and edge break repair prior to applying bitumen reseal.	\$20,034	\$20,034	Nov-25	Nov-25
134043-25NSW-RTR	NSW	Coolamon Shire Council	Dullah Road, (Rural Road)	Pavement was last resealed over 17 years ago and is displaying deterioration with extensive cracking and minor shoving required a reseal to prevent further damage and reinstate an impermeable surface. Minor bitumen maintenance such as pothole and edge break repair prior to applying bitumen reseal.	\$24,570	\$24,570	Nov-25	Nov-25
134044-25NSW-RTR	NSW	Coolamon Shire Council	Rannock Road, (Rural Road)	Pavement was last resealed over 17 years ago and is displaying deterioration with extensive cracking and minor shoving required a reseal to prevent further damage and reinstate an impermeable surface. Minor bitumen maintenance such as pothole and edge break repair prior to applying bitumen reseal.	\$44,712	\$44,712	Nov-25	Nov-25
127958-24NSW-RTR	NSW	Coonamble Shire Council	Wingadee Road (Rural Road)	Poor shape, drainage and in some locations loss of material. Reform to restore the road surface profile and condition, including table drains. Recovery of suitable material from table drains (by grader), incorporation of water and compaction.	\$700,000	\$700,000	Sep-24	Mar-26
129395-24NSW-RTR	NSW	Coonamble Shire Council	Back Gular Road (Rural Road)	Dust suppression and improved access during wet weather. Sealing.	\$230,300	\$230,300	Jun-25	Jan-26
129396-24NSW-RTR	NSW	Coonamble Shire Council	Gidgerah Street, Quambone (Rural Road)	Unsealed street. Dust suppression and improved access during wet weather. Sealing.	\$10,000	\$10,000	Jun-25	Jan-26

129400-24NSW-RTR	NSW	Coonamble Shire Council	Weribidee Street, Quambone (Rural Road)	Unsealed street. Dust suppression and improved access during wet weather. Sealing.	\$10,000	\$10,000	Jun-25	Jan-26
129401-24NSW-RTR	NSW	Coonamble Shire Council	Yabunyah Street, Quambone	Unsealed street. Dust suppression and improved access during wet weather. Sealing.	\$20,000	\$20,000	Jun-25	Jan-26
129404-24NSW-RTR	NSW	Coonamble Shire Council	Box Ridge Road (Rural Road)	Edge breaks, formation and seal width deficiency with roughness and rutting. Shoulder widening and heavy patching both sides with a full width seal.	\$317,631	\$317,631	Sep-24	Dec-24
130443-24NSW-RTR	NSW	Coonamble Shire Council	Charles St, Coonamble (Rural Road)	Pavement failure from water ponding and poor drainage. Installation of concrete dish drain, some kerb and gutter replacement and rehabilitation of road either side of the dish drain.	\$161,793	\$161,793	Feb-25	Sep-25
130446-24NSW-RTR	NSW	Coonamble Shire Council	Auburn Street, Coonamble	Pavement failure from water ponding and poor drainage. Installation of a concrete dish drain, some kerb and gutter works and rehabilitation of the road either side of the dish drain.	\$9,445	\$9,445	Feb-25	Sep-25
131405-24NSW-RTR	NSW	Coonamble Shire Council	Ross Street Coonamble (Rural Road)	Pavement failure from water ponding and poor drainage. Replace damage kerb and gutter (30m) and rehabilitation of 140m2 of road.	\$39,890	\$39,890	May-25	Sep-25

131406-24NSW-RTR	NSW	Coonamble Shire Council	Maule Street Coonamble (Rural Road)	Pavement failure from water ponding and poor drainage. Replace damaged kerb and gutter (150m) and rehabilitation of 280m2 of road.	\$93,814	\$93,814	May-25	Sep-25
134443-25NSW-RTR	NSW	Coonamble Shire Council	Box Ridge Road (Rural Road)	Edge breaks, formation and seal width deficiency with roughness and rutting. Full width rehabilitation. LRCIP funding the balance.	\$273,155	\$455,255	Jul-24	Aug-24
134901-25NSW-RTR	NSW	Coonamble Shire Council	Mungie Street, Quambone	Unsealed street. Dust suppression and improved wet weather access. Sealing.	\$10,000	\$10,000	Oct-25	Jan-26
132060-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Annie Pyers Drive, Gundagai	Bitumen seal condition, if not managed through a reseal will deteriorate further - requiring full rehabilitation of the pavement. Bitumen Resealing of approximately 6500m2	\$50,000	\$50,000	Oct-25	Mar-26
132063-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Crowes Road, Gobarralong	Bitumen seal condition, if not managed through a reseal will deteriorate further - requiring full rehabilitation of the pavement. Reseal approximately 32500m2.	\$250,000	\$250,000	Oct-25	Mar-26
132065-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Stockdale Road, Gobarralong	Replacement of gravel on unsealed road. Gravel re-sheeting of road to ensure that adequate gravel is on the road.	\$27,711	\$50,000	Mar-26	Jun-26
132072-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	MR235 Stockinbingal Road - Cootamundra	Ageing and deteriorating seal conditions. Reseal 3 segments approximately 3 km long totalling 24,000m2.	\$147,595	\$147,595	Oct-24	Oct-24
132073-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Kilrush Road, Cootamundra	Aging and deteriorating seal condition. Resealing covering four segments totally 4.1 km.	\$117,252	\$117,252	Oct-24	Oct-24
132074-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	O'Donnell Street, Cootamundra	Aging and Deteriorating seal condition. Resealing covering approximately 800m full width road.	\$36,753	\$36,753	Dec-24	Dec-24
132075-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Poole St, Cootamundra	Aging and deteriorating seal condition. Resealing covering two segments approximately 300m full width road.	\$28,681	\$28,681	Dec-24	Dec-24
132076-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Scott Avenue, Cootamundra	Aging and deteriorating seal condition. Reseal covering 300m full width road.	\$16,145	\$16,145	Dec-24	Dec-24
132077-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Stratton Ave, Cootamundra	Ageing and deteriorating seal conditions. Reseal 100m read full width.	\$3,728	\$3,728	Jan-25	Jan-25
132078-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Sutton Street, Cootamundra	Aging and deteriorating seal condition. Reseal covering 7 segments totalling 1.6km, 1.1km shoulder works only approximately 5m wide each side, 400m full width pavement reseal.	\$95,366	\$95,366	Jan-25	Jan-25
132079-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Ellwood Street, Stockinbingal	Ageing and deteriorating seal conditions. Reseal single segment 800m long full width.	\$31,334	\$31,334	Jan-25	Jan-25
133321-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Muttama Road, Cootamundra	Ageing and deteriorating pavement condition. Stabilisation of approximately 1.3km 9m wide pavement totalling 11,700m2.	\$318,535	\$318,535	Oct-25	Nov-25
133322-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Muttama Road, Cootamundra	Ageing and deteriorating pavement condition. Stabilisation of approximately 1.2km 9m wide pavement totalling 10,800m2.	\$294,032	\$294,032	Oct-25	Nov-25
133323-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Muttama Road, Cootamundra	Ageing and deteriorating pavement condition. Stabilisation of approximately 800m 9m wide pavement totalling 7,200m2.	\$196,021	\$196,021	Oct-25	Nov-25

133467-25NSW-RTR	NSW	Cootamundra-Gundagai Regional Council	Nangus Road, Nangus	The bitumen seal has reached end of life and requires replacement to ensure that the pavement underneath doesn't deteriorate prematurely causing a significant increase in roadworks costs. This will assist Council in achieving more financially viable management of assets. Complete a bitumen reseal of approx. 40,000m2 for the full width of the road and re-install line marking as required.	\$290,000	\$290,000	Oct-25	Apr-26
129336-24NSW-RTR	NSW	Council of the City of Broken Hill	Wolfram Street, Broken Hill	The section of road has reached the end of its useful life and is experiencing several types of distress such as crocodile cracking, ravelling, shoving, corrugation, potholing, and more. Broken Hill City Council will contribute \$561,428 of council funds to the project. The scope of work of reconstructing Wolfram Street from Oxide Street to Iodide Street will include the following: • Removing of the exiting pavement surface and kerbing • Excavation and earth work • Pavement construction • Subgrade preparation, and proof roll • Applying the first layer of road base, proof roll and survey verification followed by quality testing • Construction of kerb and gutter, dish crossing and kerb ramps • Supply and place second road base layer, followed by survey verification and quality testing • Adjustment of existing service pits and utility structures • Apply the emulsion followed by Hot Mix Asphalt work • Installation of new line marking • Restoration of any disturbed nature strips or footpaths • Traffic management during construction	\$403,765	\$965,183	Mar-25	Jul-25

134571-25NSW-RTR	NSW	Council of the City of Broken Hill	McCulloch Street, Broken Hill	McCulloch Street, situated on the northern side of Broken Hill, is a local street that requires urgent attention. The stretch of road from Lane Street to Wolfram Street has significantly deteriorated, with the pavement surface heavily damaged and the kerb and gutter at the same level as the concrete ages. To restore the road to its original shape and design, it is recommended to replace the current pavement layers with new road base layers (Three layers) and seal the pavement with Asphalt AC14 C320 Binder as the wearing course. To replace the current pavement layers with new road base layers (3 x 150mm, 160mm & 150mm thick DGB20, DGS20 & DGS20)) and provide Asphalt AC14 C320 Binder wearing course to restore the road surface to its original condition. To replace the kerb and gutter to prevent flooding to residents. The project is jointly funded \$496,930 from RTR and \$684,537 from Broken Hill City Council.	\$496,930	\$1,181,367	Apr-26	Sep-26
129825-24NSW-RTR	NSW	Council of the City of Ryde	Khartoum Road, Macquarie Park	Khartoum Road pavement has extensive failure approximately 90% of the area. Pavement length is 360 m and average width is 12 m. Kerb and gutter has failed for approximately 10% of the length. Rehabilitation of the pavement by heavy patching, profiling, and resurfacing. Replacement of failed kerb and gutter. The project will be jointly funded, with Roads to Recovery covering approximately 65% of the total project costs, while Council Reserves will cover the remaining balance. This combined funding approach ensures the project scope and quality meet community needs effectively.	\$519,244	\$786,796	Dec-24	Mar-25
129826-24NSW-RTR	NSW	Council of the City of Ryde	Ethel Street, Eastwood	Ethel Street pavement has extensive failure approximately 75% of the area. Pavement length is 300 m and average width is 12 m. Kerb and gutter has failed for approximately 5% of the length. Rehabilitation of the pavement by heavy patching, profiling, and resurfacing. Replacement of failed kerb and gutter. The project will be jointly funded, with Roads to Recovery covering approximately 70% of the total project costs, while Council Reserves will cover the remaining balance. This combined funding approach ensures the project scope and quality meet community needs effectively.	\$250,000	\$328,938	Dec-24	Mar-25

135098-25NSW-RTR	NSW	Council of the City of Ryde	Dickson Avenue	Dickson Avenue pavement has extensive failure approximately 90% of the area. Pavement length is 330 m and average width is 8 m. Kerb and gutter has failed for approximately 5% of the length. Rehabilitation of the pavement by heavy patching, profiling, and resurfacing. Replacement of failed kerb and gutter. The project will be jointly funded, with Roads to Recovery covering approximately 70% of the total project costs, while Council Reserves will cover the remaining balance. This combined funding approach ensures the project scope and quality meet community needs effectively.	\$250,000	\$350,000	Dec-25	Mar-26
135099-25NSW-RTR	NSW	Council of the City of Ryde	Ryedale Road	Ryedale Road pavement has extensive failure approximately 75% of the area. Pavement length is 260 m and average width is 10 m. Kerb and gutter has failed for approximately 2% of the length. Rehabilitation of the pavement by heavy patching, profiling, and resurfacing. Replacement of failed kerb and gutter. The project will be jointly funded, with Roads to Recovery covering approximately 55% of the total project costs, while Council Reserves will cover the remaining balance. This combined funding approach ensures the project scope and quality meet community needs effectively.	\$226,762	\$410,000	Dec-25	Mar-26
135100-25NSW-RTR	NSW	Council of the City of Ryde	Waterview Street	Waterview Street pavement has extensive failure approximately 95% of the area. Pavement length is 430 m and average width is 7.5 m. Kerb and gutter has failed for approximately 20% of the length. Rehabilitation of the pavement by heavy patching, profiling, and resurfacing. Replacement of failed kerb and gutter. The project will be jointly funded, with Roads to Recovery covering approximately 55% of the total project costs, while Council Reserves will cover the remaining balance. This combined funding approach ensures the project scope and quality meet community needs effectively.	\$240,000	\$440,000	Dec-25	Mar-26
135101-25NSW-RTR	NSW	Council of the City of Ryde	Wilding Street	Wilding Street pavement has extensive failure approximately 75% of the area. Pavement length is 370 m and average width is 6.2 m. Kerb and gutter has failed for approximately 40% of the length. Rehabilitation of the pavement by heavy patching, profiling, and resurfacing. Replacement of failed kerb and gutter. The project will be jointly funded, with Roads to Recovery covering approximately 67% of the total project costs, while Council Reserves will cover the remaining balance. This combined funding approach ensures the project scope and quality meet community needs effectively.	\$230,000	\$340,000	Oct-25	Mar-26

127429-24NSW-RTR	NSW	Council of the City of Shellharbour	Wattle Road, Shellharbour	Wattle Road is a major connector passing between Lake Entrance Road and Shellharbour Road. Due to wear and tear over the years it has surpassed its intended design life. For the travel lanes of the section of Wattle Road between Lake Entrance Road and Wallaroo Drive (Approximately 900 m): Geotechnical investigations to identify pavement rehabilitation methodology; Rehabilitate road using recommended methodology; Services relocation if required.	\$1,700,000	\$1,700,000	Jul-24	Jul-26
131124-24NSW-RTR	NSW	Council of the City of Shellharbour	Yellow Rock Road, Tullimbar	The road will function as the primary connection to a new subdivision currently under development and requires upgrades to accommodate anticipated increase in traffic and access requirements. The current road was also identified as a high-priority area for upgrades in the LGA Road Conditions Assessment and is in poor condition, showing multiple localised failures. The planned upgrade aims to enhance safety, improve overall resilience, and resolve stormwater management challenges. The project will widen over 600 metres of Yellow Rock road, installing new kerbing and guttering, re-grading the road, adding additional car parking spaces, upgrading intersections and access points, constructing a pedestrian refuge, creating a shared path, improving lighting, and enhancing stormwater infrastructure. Additionally, new signage and line marking will be installed. Project is funded through the following sources. Roads to Recovery - \$3,150,000 Safer Local Roads and Infrastructure Program - \$5,000,000 Shellharbour City Council - \$2,755,370	\$3,150,000	\$10,905,370	Jan-26	Jan-27
128436-24NSW-RTR	NSW	Council of the Municipality of Woollahra	Cecil Road, Rose Bay	Road surface is damaged with age and water seepage activities. Road surface removal and apply reseal. Stormwater drainage extension. Rest of funds are from Council own source funding.	\$78,862	\$147,427	Aug-24	Mar-25
128437-24NSW-RTR	NSW	Council of the Municipality of Woollahra	Artlett Street, Edgecliff	Damaged road surface due to age. Reseal the road surface. Rest of funds are from Council own source funding.	\$14,884	\$28,178	Aug-24	Sep-24
128438-24NSW-RTR	NSW	Council of the Municipality of Woollahra	Bellevue Road (Left), Bellevue Hill	Road shoulder is damaged due to age. Reseal the road surface. Rest of funds are from Council own source funding.	\$15,767	\$34,644	Aug-24	Sep-24
128439-24NSW-RTR	NSW	Council of the Municipality of Woollahra	Gurner Street, Paddington	Road surface is cracked and worn-off. Road reseal. Rest of funds are from Council own source funding.	\$22,651	\$68,759	Sep-24	Nov-24
128440-24NSW-RTR	NSW	Council of the Municipality of Woollahra	Conway Avenue, Rose Bay	Road surface is damaged and worn due to ageing. Road resealing. Rest of funds are from Council own source funding.	\$15,953	\$131,287	Aug-24	Nov-24

128441-24NSW-RTR	NSW	Council of the Municipality of Woollahra	Myall Avenue, Vaucluse	Road surface damaged. Road surface needs reseal. Rest of funds are from Council own source funding.	\$19,074	\$75,995	Aug-24	Dec-24
128442-24NSW-RTR	NSW	Council of the Municipality of Woollahra	Grosvenor Street, Woollahra	Road is damaged and cracked. Road requires resealing and concrete replacement. Rest of funds are from Council own source funding.	\$166,000	\$168,643	Aug-24	Jun-25
128443-24NSW-RTR	NSW	Council of the Municipality of Woollahra	Holland Road, Bellevue Hill	Road is damaged and water run across the road. Road reseal and introduce road drainage. Rest of funds are from Council own source funding.	\$150,442	\$200,442	Sep-24	Apr-25
134828-25NSW-RTR	NSW	Council of the Municipality of Woollahra	Cascade Street, Paddington	Fixing up damage road surface. Reseal the road surface. Rest of funds are from Council own source funding.	\$100,000	\$150,000	Nov-25	May-26
134829-25NSW-RTR	NSW	Council of the Municipality of Woollahra	Bulkara Road, Bellevue Hill	Damaged road surface. Reseal road surface. Rest of funds are from Council own source funding.	\$50,000	\$190,000	Dec-25	Jun-26
134830-25NSW-RTR	NSW	Council of the Municipality of Woollahra	Edgecliff Road, Woollahra	Worn off road surface due to age. Reseal the road surface. Rest of funds are from Council own source funding.	\$50,000	\$75,000	Feb-26	Jun-26
134831-25NSW-RTR	NSW	Council of the Municipality of Woollahra	Beach Street, Double Bay	Damaged road surface. Reseal the road surface. Rest of funds are from Council own source funding.	\$50,000	\$75,000	Jan-26	May-26
134832-25NSW-RTR	NSW	Council of the Municipality of Woollahra	Dalley Avenue, Vaucluse	Aged and damaged road surface. Reseal road surface. Rest of funds are from Council own source funding.	\$63,261	\$100,000	Feb-26	May-26
129931-24NSW-RTR	NSW	Cowra Shire Council	Tokyo Terrace, Cowra	Overflow of stormwater onto Tokyo Terrace. Extend drainage line at rear of properties	\$27,954	\$27,954	Dec-24	Mar-25
130389-24NSW-RTR	NSW	Cowra Shire Council	Kangaroooby Road (Rural Road)	Applying second seal to prime. Second seal and line marking.	\$102,971	\$102,971	Dec-24	Jun-25
130390-24NSW-RTR	NSW	Cowra Shire Council	North Logan Road (Rural Road)	Deformed pavement, insufficient width. Strengthen pavement and seal to 6.5 m.	\$937,426	\$937,426	Mar-25	Jun-25
130432-24NSW-RTR	NSW	Cowra Shire Council	Kangaroo Flat road (Rural Road)	Apply second seal on prime - current surface is susceptible to potholing with single layer of bitumen. Additional layer will provide 16 years of surface life. Second seal and line marking.	\$33,963	\$33,963	Feb-25	Jun-25
131355-24NSW-RTR	NSW	Cowra Shire Council	Kangaroooby Road (Rural Road)	Washed out embankment and road. Backfilling and reinstatement of road embankment to protect from creek.	\$29,774	\$29,774	Feb-25	Jun-25
131356-24NSW-RTR	NSW	Cowra Shire Council	Ferndale Rd (Rural Road)	Washed out embankment and road. Backfilling and reinstatement of Road embankment to protect from creek.	\$51,155	\$51,155	Feb-25	Jun-25
131545-24NSW-RTR	NSW	Cowra Shire Council	Chiverton Rd (Rural Road)	Poor drainage inundating nearby farmland. Excavate drain to design grade and concrete line steep section into Crowther Creek. Council is funding the balance.	\$290,681	\$382,075	Feb-25	Sep-25
132932-25NSW-RTR	NSW	Cowra Shire Council	Low Level Bridge Rd, Cowra	Degradation of timber members/ structural capacity. Replace and repair structural members to return serviceability.	\$561,004	\$561,004	May-25	Sep-25
127184-24NSW-RTR	NSW	Cumberland Council	Guildford Road, Guildford	Damaged road, potholes, surface cracking and localised water ponding. Removal of existing asphalt surface, reconstruction of failed pavement sections, install subsoil drain, provide new asphalt surface and kerb and gutter replacement where required.	\$572,275	\$572,275	Oct-24	Nov-24

127190-24NSW-RTR	NSW	Cumberland Council	Merrylands Road, Greystanes	Damaged road, potholes, surface cracking and localised water ponding. Removal of existing asphalt surface, reconstruction of failed pavement sections, install subsoil drain, provide new asphalt surface, kerb and gutter replacement where required including delineation improvement. Balance of project costs provided by Council's General Fund.	\$582,631	\$878,127	Aug-24	Aug-24
127191-24NSW-RTR	NSW	Cumberland Council	Railway Terrace, Guilford	Damaged road, potholes, surface cracking and localised water ponding. Removal of existing asphalt surface, reconstruction of failed pavement sections, install subsoil drain, provide new asphalt surface, kerb and gutter replacement where required including delineation improvement.	\$409,404	\$409,404	Aug-24	Sep-24
131498-24NSW-RTR	NSW	Cumberland Council	Centenary Road, Merrylands	Damaged road pavement along the travel lanes, potholes, surface cracking and localised water ponding. Removal of existing asphalt surface along the travel lane (Bus Lanes maintained by TfNSW, reconstruction of failed pavement sections, provide new asphalt surface and kerb & gutter replacement where required. Council is funding the balance.	\$265,381	\$1,312,020	May-25	Jun-25
132946-25NSW-RTR	NSW	Cumberland Council	Kerrs Road, Lidcombe	Damaged roundabout approaches, road pavement failure and localised water ponding. Removal of existing asphalt surface around the roundabout approaches, reconstruction of failed sections, install subsoil drain, provide new asphalt surface and kerb and gutter replacement where required. Council funding the balance.	\$1,185,141	\$1,280,000	Sep-25	Oct-25
128175-24NSW-RTR	NSW	Dubbo Regional Council	Tamworth Street, Dubbo	The existing road surface has failed which has created a traffic hazard due to significant shoving. Stormwater assets have also failed contributing to poor subgrade conditions, and further pavement failures. Reconstruction of the existing pavement and installation of new stormwater assets. This includes new pipes, pits, and inlets. Council will fund the stormwater replacement works/balance of the project.	\$553,903	\$1,082,495	Nov-24	Feb-25
128247-24NSW-RTR	NSW	Dubbo Regional Council	Glasson Street, Wellington	Glasson Street is a narrow local road with a very poor pavement condition. There are multiple pavement failures including cracking, shoving, plucking, potholing, and rutting over approximately 220 m of road. Reconstruction of the pavement between Simpson Street and Thornton Street.	\$200,000	\$424,848	Nov-25	Mar-26
128257-24NSW-RTR	NSW	Dubbo Regional Council	Benolong Road (Rural Road)	The existing road pavement is in poor condition and the strength and width are insufficient for B-Double Access. Reconstruction, strengthening, and widening of Benolong Road to allow for B-Double vehicle access.	\$1,353,123	\$1,353,123	Jul-25	Dec-25

128271-24NSW-RTR	NSW	Dubbo Regional Council	Arthurville Road (Rural Road)	Arthurville Road features a 6 metre wide seal which has difficulty accommodating the heavy vehicles that currently use the road. The pavement is in a poor condition due to the increase in heavy vehicle usage. Strengthening the existing road pavement with 100 mm gravel overlay, in situ stabilisation to a depth of 200 mm and sealing. Secondary funding source is the Regional Emergency Road Repair Fund (RERRF) to the value of \$179,200.	\$209,064	\$979,200	Mar-25	Jun-25
129630-24NSW-RTR	NSW	Dubbo Regional Council	Benolong Road (Rural Road)	Road pavement is unsuitable for the expected increase in heavy vehicles. The road alignment also needs to be improved to better accommodate suitable sight lines. Road realignment, widening, and strengthening.	\$912,893	\$4,732,366	Jul-24	Nov-24
129939-24NSW-RTR	NSW	Dubbo Regional Council	Parkes Street, Wellington	Parkes Street is a local road in a poor condition, with unsealed shoulders, and a missing section of kern and guttering. There are multiple pavement failures, unsealed shoulders, and ponding issues along the approximately 230 m long stretch of road. Reconstruction of the pavement between Charles Street and Zouch Street, shoulder sealing, and installation of new kerb and guttering. Council will be funding the balance between the overall cost of the works and RTR's contribution.	\$96,000	\$538,200	Dec-24	Mar-26
130025-24NSW-RTR	NSW	Dubbo Regional Council	Saxa Road (Rural Road)	Saxa Road has a few sections in poor condition including this area of approximately 1.13 km of road to the south of Campbell's Lane. The pavement depth is not adequate for current traffic volumes and heavy transport use, and it is prone to failure and road closure during extended wet periods. Strengthening and widening of the existing pavement by way of a 250 mm granular overlay including in situ stabilisation to a depth of 200 mm and sealing. The secondary funding source is the Regional Emergency Road Repair Funding (RERRF) program.	\$518,596	\$900,000	Dec-24	Dec-25
130717-24NSW-RTR	NSW	Dubbo Regional Council	Fashions Mount Road (Rural Road)	Road pavement and alignment is unsuitable for the anticipated increase in heavy vehicles due to bridge improvement works and requirements for public access to the Burrendong Dam further along Fashions Mount Road. The road level and alignment is being improved to better suit traffic conditions and improve safety. Road realignment, strengthening, and widening. Council is funding the \$231,764 balance.	\$200,000	\$431,764	Aug-24	Jun-25

130725-24NSW-RTR	NSW	Dubbo Regional Council	Molong Street, Stuart Town	The previous Molong Street bridge did not allow for pedestrians which were often traversing the bridge. The pavement was also failing with remediation works required for a number of years. The recently upgraded bridge has introduced a protected pedestrian walkway with road widening and strengthening works required to better accommodate heavy vehicles, local traffic, and pedestrians/cyclists. Road widening and strengthening to better accommodate local and heavy traffic as well as pedestrians/cyclists. Council will be funding the \$118,000 balance.	\$200,000	\$318,000	Aug-24	Jun-25
131119-24NSW-RTR	NSW	Dubbo Regional Council	Brisbane Street, Dubbo	Kerb and gutter drains poorly and the footpath is dangerous for pedestrians. Cars also scrape on vehicle entry which needs to be addressed. Reconstruct approximately 115 m of kerb and gutter, minor improvements to the existing stormwater system, renew the existing asphalt footpath, and reconstruct the road shoulder. Council will be funding the \$242,136 balance.	\$100,000	\$342,136	May-25	Dec-25
133355-25NSW-RTR	NSW	Dubbo Regional Council	Rawsonville Road, (rural road)	Rawsonville Road currently has difficulty accommodating increased traffic loadings and is subsequently in poor condition. Rawsonville Road also has height issues contributing to poor drainage, ponding, and localised flooding. The road requires additional height to ensure adequate drainage. The proposed work includes strengthening the existing road pavement with 100mm gravel overlay, and a sealing with a two-coat seal. The length of the road being treated is 1.8km long and 6m wide.	\$315,000	\$315,000	Sep-25	Dec-25
129949-24NSW-RTR	NSW	Dungog Shire Council	Lewinsbrook Road, East Gresford	Narrow failed pavement. Pavement widening and rehabilitation.	\$747,272	\$747,272	Oct-24	Dec-24

127214-24NSW-RTR	NSW	Edward River Council	Hardinge Street, Deniliquin	Reconstruct road pavement with a provision of special turning lanes and new medians, to improve road safety for all users. Reconstruct the shoulders to suffice vehicle parking bays including heavy vehicle parking. Installation of new stormwater drainage to resolve water ponding issues on the street. Install new watermains and connections including removal of the redundant. Placement of new concrete kerbing, concrete and gravel pavements (driveways and footpaths) including property access improvements where required. New medians proposed are targeted to impede unwanted movements and increase road safety to vehicles and pedestrians. Landscaping works (nature strip, plantation, etc.) to improve town aesthetics. Installation of new road furniture and pavement marking. Reconstruct the shoulders to suffice vehicle parking bays including heavy vehicle parking (Remove existing & replace with type-1 Road pavement). Placement of new concrete kerbing, concrete and gravel pavements (driveways and footpaths) including property access improvements where required. ERC 'B2' (K&G) for 2,077 Lineal metres. ERC 'M2' (Kerb Layback/Spoon drain) for 89 Lineal metres. ERC 'Residential Kerb Vehicle Layback' for 65 Lineal metres. ERC 'Industrial Kerb Vehicle Layback' for 253 Lineal metres. This project is jointly funded with Transport for NSW who will cover	\$1,695,185	\$9,017,308	Apr-25	Jun-26
130066-24NSW-RTR	NSW	Edward River Council	Cressy Street, Deniliquin	Significant pavement failures in the travel lanes and shoulder parking due to aging pavement and stormwater drainage. The section of road is within the Deniliquin area masterplan, which will inform the design and project aesthetics. Reconstruct road pavement. Reconstruct the shoulders for vehicle parking bays. Relocate utility services and property connections as required. Install new concrete kerb and gutter and crossovers as required. Install new medians as required to increase road safety to vehicles and pedestrians. Landscaping works (nature strip, plantation, etc.) to improve town aesthetics. Installation of new road furniture and pavement marking.	\$1,000,000	\$1,000,000	Sep-25	May-26
129159-24NSW-RTR	NSW	Eurobodalla Shire Council	Spring Place, Bingie	Poor pavement condition and insufficient drainage. Stabilise existing pavement to 150 mm deep and overlay DGB20 150 mm. Clean table drains. Council to supplement additional cost.	\$61,830	\$77,288	Oct-24	Dec-24
129160-24NSW-RTR	NSW	Eurobodalla Shire Council	Bingie Road, Bingie	Poor pavement condition and insufficient drainage. Stabilise existing pavement to 150 mm deep and overlay DGB20 150 mm. Clean table drains. Council to supplement additional cost.	\$127,415	\$159,268	Oct-24	Dec-24
129398-24NSW-RTR	NSW	Eurobodalla Shire Council	Bellbird Drive, Malua Bay	Poor pavement condition and insufficient drainage. Stabilise existing pavement to 150 mm deep and overlay DGB20 150 mm. Clean table drains. Council to supplement additional cost.	\$228,390	\$285,488	Aug-24	Oct-24

129589-24NSW-RTR	NSW	Eurobodalla Shire Council	Canberra Avenue, South Durras	Existing seal has reached the end of effective life. Requires new waterproofing bitumen seal to ensure protection of the gravel pavement and maintain acceptable surface friction - 10 mm bitumen reseal. Council to supplement additional cost.	\$15,000	\$19,102	Jul-24	Sep-24
129590-24NSW-RTR	NSW	Eurobodalla Shire Council	Banyandah Street, South Durras	Existing seal has reached the end of effective life. Requires new waterproofing bitumen seal to ensure protection of the gravel pavement and maintain acceptable surface friction - 10 mm bitumen reseal. Council to supplement additional cost.	\$36,000	\$38,123	Jul-24	Sep-24
129591-24NSW-RTR	NSW	Eurobodalla Shire Council	Palana Street, Surfside	Existing seal has reached the end of effective life. Requires new waterproofing bitumen seal to ensure protection of the gravel pavement and maintain acceptable surface friction - 10 mm bitumen reseal. Council to supplement additional cost.	\$40,000	\$43,186	Jul-24	Sep-24
129592-24NSW-RTR	NSW	Eurobodalla Shire Council	Beauty Crescent, Surfside	Existing seal has reached the end of effective life. Requires new waterproofing bitumen seal to ensure protection of the gravel pavement and maintain acceptable surface friction - 10 mm bitumen reseal. Council to supplement additional cost.	\$15,000	\$18,869	Jul-24	Sep-24

The proposed treatment includes the rectification of failed areas and resurface with rubberised seal and hot mix asphalt. Length = 291 m Width= 12.3 m Area = 3580 m2.	\$125,000	\$125,000	Sep-25	Jan-26
132569-25NSW-RTR	NSW	Fairfield City Council	Hamel Road, Mount Pritchard	The road is affected by some failures of road base, depressions and various types of cracks. The proposed treatment includes the rectification of failed areas and resurface with rubberised seal and hot mix asphalt. Length = 335 m Width= 9 m Area = 3020 m2.	\$255,000	\$255,000	Oct-25	Jan-26
132578-25NSW-RTR	NSW	Fairfield City Council	St Kilda Street, St Johns Park	The road is affected by some failures of road base, depressions and various types of cracks. The proposed treatment includes the deep asphalt for travel lanes where extensive damaged section, rectification of failed areas for isolated failures and resurface with rubberised seal and hot mix asphalt. Length = 494 m Width= 9.2 m Area = 4545 m2.	\$220,000	\$220,000	Sep-25	Dec-25

132579-25NSW-RTR	NSW	Fairfield City Council	Yeronga Close, St Johns Park	The road is affected by some failures of road base, depressions and various types of cracks. The proposed treatment includes the rectification of failed areas and resurface with rubberised seal and hot mix asphalt. Length = 321 m Width= 8.9 m Area = 2848 m2.	\$135,000	\$135,000	Sep-25	Jan-26
132580-25NSW-RTR	NSW	Fairfield City Council	Wyong Street, Canley Heights	The road is affected by some failures of road base, depressions and various types of cracks. The proposed treatment includes the rectification of failed areas and resurface with rubberised seal and hot mix asphalt. Length = 343 m Width= 9 m Area = 3090 m2.	\$240,000	\$240,000	Nov-25	Jan-26
132581-25NSW-RTR	NSW	Fairfield City Council	Footscray Street, St Johns Park	The road is affected by some failures of road base, depressions and various types of cracks. The proposed treatment includes the rectification of failed areas and resurface with rubberised seal and hot mix asphalt. Length = 417 m Width= 9 m Area = 3760 m2. Council is providing the balance of funds for the project.	\$89,180	\$176,000	Oct-25	Jan-26
130547-24NSW-RTR	NSW	Federation Council	Whitehead Street (Rural Road)	Deteriorated pavement and bitumen seal. Rip, mix, stabilise, shape and compact existing material. Additional pavement will be added where required. Apply 240 bitumen seal in a 14 mm and 7 mm aggregate to the entire length of the works. The remainder of the project is funded through the NSW Government Fixing Local Roads Program.	\$500,000	\$2,000,000	Jan-25	Jun-25
130551-24NSW-RTR	NSW	Federation Council	Bullecourt Road (Rural Road)	Deteriorated pavement. Rip, mix, stabilise, shape and compact existing material and add 100 mm of pavement where required. Apply 240 bitumen seal in a 14 mm and 7 mm aggregate to the entire length of the works to 7 m wide. The remainder of the project is funded through the NSW Government Fixing Local Roads Program.	\$120,000	\$341,000	Feb-25	Jun-25
130554-24NSW-RTR	NSW	Federation Council	Cemetery Road (Rural Road)	Deteriorated pavement. Rip, mix, stabilise, shape and compact existing material and add 100 mm of pavement where required. Apply 240 bitumen seal in a 14 mm and 7 m wide. The remainder of the project is funded through the NSW Government Fixing Local Roads Program.	\$62,500	\$185,000	Feb-25	Jun-25
131220-24NSW-RTR	NSW	Federation Council	Defence Drive, Mulwala	Pavement wearing course has failed within the industrial estate. These works will apply a new 14/7 seal. Intersections will be milled out and pavement replaced with 100 mm of asphalt.	\$68,748	\$68,748	Mar-25	Apr-25
131221-24NSW-RTR	NSW	Federation Council	ADI Avenue, Mulwala	Pavement wearing course has failed within the industrial estate. These works will apply a new 14/7 seal. Intersections will be milled out and pavement replaced with 100 mm of asphalt.	\$22,297	\$22,297	Mar-25	Apr-25
131223-24NSW-RTR	NSW	Federation Council	McCarthy Street, Mulwala	Pavement wearing course has failed within the industrial estate. These works will apply a new 14/7 seal. Intersections will be milled out and pavement replaced with 100 mm of asphalt.	\$94,760	\$94,760	Mar-25	Apr-25

131250-24NSW-RTR	NSW	Federation Council	Strontian Road (Rural Road)	Deteriorated pavement and failing seal. Rip, mix, stabilise, shape and compact existing material and add 100 mm of pavement where required. Apply 240 bitumen seal in a 14 mm and 7 mm aggregate to the entire length of the works to 7 m wide.	\$108,944	\$108,944	Jan-25	Jun-25
131769-24NSW-RTR	NSW	Federation Council	Izons Road (Rural Road)	Deteriorated pavement and bitumen seal. Rip, mix, stabilisation , shape, compact existing material. Add 100mm of pavement where and when needed. Apply 240 bitumen seal in a14 mm and 7mm aggregate to the entire length of the works 7 metres total 4,300 sqm	\$178,543	\$178,543	May-25	May-25
134056-25NSW-RTR	NSW	Federation Council	Athole Road, (Rural Road)	Replacement of a load limited bridge and reconstruction of approaches. Construction of a new bridge (35m) and approaches. The works will be a D&C contract. The project is being funded jointly between the Safer Local Roads and Infrastructure Program (SLRIP) and Roads to Recovery. The SLRIP funding application requires confirmation of the joint funding for the application to be considered.	\$392,000	\$2,000,000	Jan-26	Feb-27
127377-24NSW-RTR	NSW	Forbes Shire Council	Rosewood Lane (Rural Road)	Unsealed road devoid of gravel and requires re-sheet. Gravel re-sheet.	\$35,418	\$35,418	Sep-24	Oct-24
127378-24NSW-RTR	NSW	Forbes Shire Council	Pleasant View Lane (Rural Road)	Unsealed road devoid of gravel and requires re-sheet. Gravel re-sheet.	\$23,421	\$23,421	Mar-25	Apr-25
127379-24NSW-RTR	NSW	Forbes Shire Council	Eurrow Lane (Rural Road)	Unsealed road devoid of gravel and requires re-sheet. Gravel re-sheet.	\$76,555	\$76,555	Oct-24	Aug-25

127394-24NSW-RTR	NSW	Forbes Shire Council	Edols Road (Rural Road)	Unsealed road devoid of gravel and requires re-sheet. Gravel re-sheet.	\$33,674	\$33,674	Mar-25	Mar-25
129043-24NSW-RTR	NSW	Forbes Shire Council	Hoopers Road (Rural Road)	The current intersection does not provide adequate queuing length for trucks turning into Hoopers Road after crossing the Railway Line. Relocation of the intersection 140 m west of the current location improve safety of trucks crossing the railway line.	\$394,768	\$394,768	Mar-25	Mar-26

129044-24NSW-RTR	NSW	Forbes Shire Council	Farnell Street, Forbes	The road surface has become very deformed and rough. In situ stabilisation of existing pavement, restoration of the road shape and surface plus application of a two coat bitumen seal.	\$161,397	\$161,397	Nov-24	Jun-25
129045-24NSW-RTR	NSW	Forbes Shire Council	Union Street, Forbes	The road surface has become very deformed and rough in isolated areas. Heavy patching of 2,976 m2 heavy patching and a full width reseal - 13,500 m2.	\$206,742	\$206,742	Sep-24	Oct-24
129046-24NSW-RTR	NSW	Forbes Shire Council	Battye Street, Forbes	The road surface has become very deformed and rough. In situ stabilise of full width and the application of a 50 mm asphalt wearing course.	\$390,000	\$390,000	Sep-25	Mar-26
129047-24NSW-RTR	NSW	Forbes Shire Council	Court Street, Forbes	Misalignment of the intersection turning lanes and inadequate drainage. Realign exiting medians, construct new dish drain across Court Street including new medians.	\$47,570	\$47,570	Dec-24	Mar-25
129048-24NSW-RTR	NSW	Forbes Shire Council	Sam Street, Forbes	The road surface has become very deformed and rough and requires reshaping to allow it to shed water properly. Drainage improvements, pavement reconstruction.	\$150,000	\$150,000	Jul-25	Nov-25
134569-25NSW-RTR	NSW	Forbes Shire Council	New Grenfell Road, (Rural Road)	Widening works requires a full width bitumen seal to complete the project. Apply 2 coat bitumen seal, 7m wide.	\$265,000	\$265,000	Oct-25	Nov-25
134570-25NSW-RTR	NSW	Forbes Shire Council	Lachlan Street, Forbes	The timber safety barrier on bridge over Lake Forbes has deteriorated and no longer provides effective protection. Replace with steel safety barrier.	\$80,000	\$80,000	Dec-25	Feb-26
134583-25NSW-RTR	NSW	Forbes Shire Council	Gap Road (Rural Road)	Unsealed road devoid of gravel and requires a re-sheet. Gravel re-sheet.	\$213,750	\$213,750	Oct-25	Jan-26
127421-24NSW-RTR	NSW	Georges River Council	Lugarno Pde, Lugarno	The asphalt surface is subsided, cracked and failed in many places with rutting and potholes on the road surface indicating subsurface failure. Proposes to heavy patch damaged areas up to 60 mm in depth to repair the road pavement failure and resurface (mill and fill) with a 50 mm thick asphalt concrete overlay. Approximate area to be rehabilitated is 2457 square metres with dimensions 315 m long x 7.8 m wide. AC14 C450 50 mm plus AC20 C450 50 mm patching included.	\$128,554	\$128,554	Nov-24	Mar-25
127422-24NSW-RTR	NSW	Georges River Council	Elm St, Lugarno	The asphalt surface is subsided, cracked and failed in many places with rutting and potholes on the road surface indicating subsurface failure. Proposes to heavy patch damaged areas up to 65 mm in depth to repair the road pavement failure and resurface (mill and fill) with a 50 mm thick asphalt concrete overlay. Approximate area to be rehabilitated is 5016 square metres with dimensions 635 m long x 7.9 m wide. AC14 C450 50 mm plus AC20 C320 50 mm patching included.	\$251,738	\$251,738	Nov-24	Mar-25

127423-24NSW-RTR	NSW	Georges River Council	Millett St, Hurstville	The asphalt surface is subsided, cracked and failed in many places with rutting and potholes on the road surface indicating subsurface failure. Excavate 50 mm deep and resurface the road pavement with 50 mm thick asphalt concrete layer. Approximate area to be rehabilitated is 2953 square metres with dimensions 244 m long x 12.1 m wide.	\$125,415	\$125,415	Nov-24	Mar-25
127425-24NSW-RTR	NSW	Georges River Council	Hurstville Rd, Hurstville	The asphalt surface is subsided, cracked and failed in many places with rutting and potholes on the road surface indicating subsurface failure. Excavate 50 mm deep and resurface the road pavement with 150 mm thick asphalt concrete layer. Approximate area to be rehabilitated is 2107 square metres with dimensions 245 m long x 8.6 m wide. This project is jointly funded by RTR and Georges River Council General Revenue.	\$233,106	\$233,106	Nov-24	Mar-25
131795-24NSW-RTR	NSW	Georges River Council	Carruthers St, Penhurst	Cracking, potholes and rutting. Heavy patching and mill and fill 45 mm asphalt. Jointly funded with Georges River Council	\$179,048	\$219,757	Mar-25	Jun-25
135202-25NSW-RTR	NSW	Georges River Council	Connells Point Road, Connells Point	Heavy patching along Connells Point Road, Connells Point from Kyle Pde to Connells Point Road - Queens Road Intersection. The asphalt surface is subsided, cracked and failed in many places with rutting and potholes on the road surface indicating subsurface failure. SCI score more than 4. Proposed treatments are 60 mm mill and fill in some areas of parking lane, 145 mm mill and fill in travel lanes and heavy patching in severely damaged area of intersection. Total area of treatment 1670 sqm.	\$297,470	\$297,470	Jul-25	Jun-26
135203-25NSW-RTR	NSW	Georges River Council	Kyle Pde, Kyle Bay	Kyle Pde, Kyle Bay Road rehabilitation from Cross street to Kyle Pde_Riverview Avenue Intersection. The asphalt surface is subsided, cracked and failed in many places with rutting and potholes on the road surface indicating subsurface failure. SCI score more than 4. Proposed treatments are 40mm mill and fill in some areas of carriage way, 120mm mill and fill in severely damaged roadways. Total area of treatment 3724 sqm.	\$262,562	\$262,562	Jul-25	Jun-26
135205-25NSW-RTR	NSW	Georges River Council	Planhurst Road, Carlton	The asphalt surface is subsided, cracked and failed in many places with rutting and potholes on the road surface indicating subsurface failure. SCI score more than 4. Proposed treatments are 50 mm mill and fill in some areas of parking lane and trave lane, 200 mm mill and fill in travel lanes and heavy patching in severely damaged roadways. Total area of treatment 1638 sqm.	\$153,427	\$153,427	Jul-25	Jun-26

135206-25NSW-RTR	NSW	Georges River Council	Low Street, Hurstville	The asphalt surface is subsided, cracked and failed in many places with rutting and potholes on the road surface indicating subsurface failure. SCI score more than 4. Proposed treatments are 45 mm mill and fill in some areas of parking lane and travel lane, 120 mm mill and fill in travel lanes and heavy patching in severely damaged roadways. Total area of treatment 1454 sqm.	\$140,426	\$140,426	Jul-25	Jun-26
135212-25NSW-RTR	NSW	Georges River Council	Park Road, Hurstville	Road rehabilitation for Park Road, Hurstville from Cross Street to Humphreys Lane. The asphalt surface is subsided, cracked and failed in many places with rutting and potholes on the road surface indicating subsurface failure. SCI score more than 4. Proposed treatment is 200 mm mill and fill in severely damaged roadways - 60 mm AC14 and 140mm AC20. Total area of treatment 2220 sqm.	\$348,359	\$348,359	Jul-25	Jun-26
133594-25NSW-RTR	NSW	Gilgandra Council	Armatree Road (Rural Road)	The existing sprayed bitumen seal has reached the end of its design life, severe longitudinal and transverse cracking is allowing moisture ingress into the underlying pavement layer causing pavement failures. Repair pavement failures i.e. potholes, edge breaks and pavement deformities. Apply a 6 metre wide sprayed bitumen and aggregate reseal.	\$126,000	\$126,000	Oct-25	Dec-25
133598-25NSW-RTR	NSW	Gilgandra Council	Tooraweenah Road (Rural Road)	Improving drive comfort and accessibility of the road during wet weather. Construction of gravel pavement and then sealing 6m width with sprayed bitumen and aggregate seal.	\$1,280,000	\$1,280,000	Jun-25	Dec-25
133649-25NSW-RTR	NSW	Gilgandra Council	Tonderburine Road (Rural Road)	The gravel road surface has deteriorated, with severe corrugation, multiple large potholes and loss of formation. Drainage is ineffective and requires reestablishment to prevent further damage and ensure safe access. Reshape road and gravel sheet to a width of 6m wide X 130mm thick, compact to 100mm. Reestablish table and mitre drains, upgrade floodway's and install erosion control measures where necessary.	\$160,000	\$160,000	Jan-26	Mar-26
133659-25NSW-RTR	NSW	Gilgandra Council	Bearbong Road (Rural Road)	The existing sprayed bitumen seal has reached the end of its design life, severe longitudinal and transverse cracking is allowing moisture ingress into the underlying pavement layer causing pavement failures. Repair pavement failures at various locations i.e. potholes, edge breaks and pavement deformities. Apply a 6 metre wide sprayed bitumen and aggregate reseal.	\$186,580	\$186,580	Dec-25	Mar-26
133522-25NSW-RTR	NSW	Glen Innes Severn Council	Healys Lane, Glen Innes	The bitumen seal has reached its end of useful life and requires re-surfacing. Apply bitumen reseal.	\$4,327	\$4,327	Feb-25	Mar-25

133557-25NSW-RTR	NSW	Glen Innes Severn Council	Clifford Avenue, Emmaville	The bitumen seal has reached the end of its useful life and requires re-surfacing. Bitumen reseal of surface.	\$4,960	\$4,960	Jan-25	Feb-25
133558-25NSW-RTR	NSW	Glen Innes Severn Council	Hunt Place, Emmaville	The bitumen seal has reached the end of its useful life and requires re-surfacing. Bitumen reseal.	\$6,617	\$6,617	Jan-25	Feb-25
133559-25NSW-RTR	NSW	Glen Innes Severn Council	Cryland Street, Emmaville	The bitumen seal has reached the end of its useful life and requires re-surfacing. Bitumen reseal of surface.	\$6,825	\$6,825	Jan-25	Feb-25
133560-25NSW-RTR	NSW	Glen Innes Severn Council	Moore Street, Emmaville	The bitumen seal has reached the end of its useful life and requires re-surfacing. Apply bitumen reseal.	\$17,030	\$17,030	Jan-25	Feb-25
133561-25NSW-RTR	NSW	Glen Innes Severn Council	Rose Valley Road, Emmaville	The bitumen seal has reached the end of its useful life and requires re-surfacing. Apply bitumen reseal.	\$47,283	\$47,283	Jan-25	Feb-25
133562-25NSW-RTR	NSW	Glen Innes Severn Council	Marshall Way, Emmaville	The bitumen seal has reached the end of its useful life and requires re-surfacing. Bitumen reseal.	\$15,185	\$15,185	Jan-25	Feb-25
133563-25NSW-RTR	NSW	Glen Innes Severn Council	Park Street, Emmaville	The bitumen seal has reached the end of its useful life and requires re-surfacing. Bitumen reseal.	\$33,699	\$33,699	Jan-25	Feb-25
133564-25NSW-RTR	NSW	Glen Innes Severn Council	Quirk Street, Emmaville	The bitumen seal has reached the end of its useful life and requires re-surfacing. Bitumen resealing.	\$3,893	\$3,893	Jan-25	Feb-25

133566-25NSW-RTR	NSW	Glen Innes Severn Council	Macquarie Street, Glen Innes	The bitumen seal has reached the end of its useful life and requires re-surfacing. Bitumen reseal.	\$21,323	\$21,323	Feb-25	Mar-25
133707-25NSW-RTR	NSW	Glen Innes Severn Council	Wycliffe Road (Rural Road)	The gravel pavement has reached its end of life, with sections of the clay subgrade of the road exposed, becoming slippery and dangerous in wet weather. Re-sheet with 100mm overlay of crushed gravel material.	\$275,000	\$275,000	Aug-25	Oct-25
133708-25NSW-RTR	NSW	Glen Innes Severn Council	Hamels Lane (Rural Road)	The gravel pavement has reached its end of life, with sections of the clay subgrade of the road exposed, becoming slippery and dangerous in wet weather. Re-sheet with 100mm thick overlay of crushed gravel pavement material.	\$275,000	\$275,000	Mar-26	Apr-26
133709-25NSW-RTR	NSW	Glen Innes Severn Council	Nant Park Road (rural road)	The gravel pavement has worn away, and the black soil subgrade is showing through. This has become slippery and boggy during rain events. Re-sheet with 200mm thick crushed gravel pavement material.	\$260,000	\$260,000	Apr-26	May-26
128835-24NSW-RTR	NSW	Goulburn Mulwaree Council	Oallen Ford Road (Rural Road)	Existing bitumen sealed road is narrow in width creating issues for passing vehicles. Road is also showing signs of rutting and creating safety concerns for motorists. It is proposed to widen the carriage way to 8 m with 100 mm gravel overlay and stabilization of the pavement with new 8 m bitumen seal. Council to co-contribute \$250,000 from Rural Road Rehabilitation General funds.	\$100,000	\$350,000	Feb-25	May-25
128865-24NSW-RTR	NSW	Goulburn Mulwaree Council	Kinghorne Street, Goulburn	Existing bitumen sealed urban road is badly deteriorated, showing signs of pavement distress, rutting and shoving. There is a considerable drainage issue which is exacerbating the pavement condition and creating safety concerns for motorists. Installation of new storm water network with new kerb and dish drains. Rehabilitation of existing pavement surface and resurfacing with asphalt concrete course to provide pavement longevity. Council will co-contribute \$400,000 from General funds under capital works programme.	\$400,000	\$800,000	Apr-25	Oct-26
131095-24NSW-RTR	NSW	Goulburn Mulwaree Council	Lansdowne Street, Goulburn	Existing sealed urban road is badly deteriorated, showing signs of pavement distress, rutting and shoving due to heavy vehicle traffic and industrial surrounding. There is a drainage and subgrade issue which is exacerbating the pavement condition and creating safety concerns for motorists. Rehabilitation of kerb and gutter with sub soil drains. Rehabilitation of existing pavement surface using stabilisation and resurfacing with asphalt concrete course to provide pavement longevity. Line marking and RPMs will be installed as well. Council will be co funding the project with SLRIP funding of \$1,909,687.	\$477,422	\$2,387,109	Dec-25	Apr-27

131116-24NSW-RTR	NSW	Goulburn Mulwaree Council	Glynmar Road, Goulburn	Existing 3 cell pipe culvert has been badly damaged and pipes are dislodged. The water is toppling the road and damaging the road infrastructure. This is only way in and out for resident living on Glynmar road. New culvert structure is required to address the flooding on road and repair the existing damaged road. Remove and dispose existing pipe culvert. Construct and place new 2 x cell box culvert structure of 3000W x 2400H along with temporary side track to facilitate traffic. Works include road reconstruction to culvert approaches, bitumen sealing, line marking and guard rails. Council will be funding the remaining project budget with Natural Disaster fund (\$130,000) and SLRIP funding (\$1,219,092).	\$174,773	\$1,523,865	Dec-25	Dec-27
134827-25NSW-RTR	NSW	Goulburn Mulwaree Council	Clinton Street, Goulburn	The installation of the roundabout will help alleviate concerns of motor vehicle accidents at this site particularly during peak periods on weekdays when traffic interacting at the intersection is high. It is proposed to construct a single lane roundabout, appropriate for heavy vehicle use, with pedestrian blisters. The project is co-funded by the Heavy Vehicle Safety and Productivity Program and council contribution.	\$197,308	\$2,152,649	Feb-26	Dec-26
130242-24NSW-RTR	NSW	Greater Hume Shire Council	Jelbart Road (Rural Road)	Unsealed section of this road is deteriorating and requires constant maintenance, unsealed section is narrow. Reconstruct unsealed section, including widening and sealing 1.8 km of unsealed road. This project will be conducted over 2 financial years.	\$1,450,000	\$1,450,000	Feb-25	Jun-27
130243-24NSW-RTR	NSW	Greater Hume Shire Council	Dight Street, Jindera	Road has deteriorated and requires rehabilitation and improvement to the drainage. Rehabilitate and seal road surface including installation of kerb and gutter for drainage.	\$577,079	\$577,079	Jan-25	Apr-25
130244-24NSW-RTR	NSW	Greater Hume Shire Council	Swift Street, Holbrook	Road surface has deteriorated and drainage has been affected. Remove kerb and gutter, rehabilitate road surface and reinstall kerb and gutter to the required design levels to allow for water drainage.	\$500,000	\$632,365	Feb-25	May-25

131007-24NSW-RTR	NSW	Griffith City Council	Kurrajong Avenue (Rural Road)	Kurrajong Avenue is the crucial component in completing the final stage of construction in Griffith City Council's Heavy Vehicle Southern Industrial Link (Heavy-vehicle bypass). The road is narrow, with sub-standard pavement and poor drainage, with frequent high maintenance for potholing, and heavy patching due to pavement edge breaks, cracking, shoves and rutting. General safety is compromised in the roads current state. Rehabilitate, widen and strengthen the pavement to a 7 m sealed traffic lane and 2 x 2 m sealed shoulders and intersection treatments. Improve longitudinal drainage, vegetation trimming and signage to accommodate the upgrade of pavement to HML and general public vehicle use, completing the Heavy vehicle bypass around the Griffith CBD.	\$2,970,500	\$2,970,500	Apr-25	Dec-26
128958-24NSW-RTR	NSW	Gunnedah Shire Council	Trinkeby Forest Road (Rural Road)	The gravel pavement has reached the end of its useful life and needs to be renewed. The scope of works includes 100 mm of gravel added to the road.	\$128,813	\$128,813	Feb-25	May-25
128960-24NSW-RTR	NSW	Gunnedah Shire Council	O'Brians Road (Rural Road)	The gravel pavement has reached the end of its useful life and needs to be renewed. The scope of works includes 100 mm of gravel added to the road.	\$227,937	\$227,937	Sep-24	Dec-24
129004-24NSW-RTR	NSW	Gunnedah Shire Council	Babbinboon Road (Rural Road)	The gravel pavement has reached the end of its useful life and needs to be renewed. The scope of works includes 100 mm of gravel added to the road.	\$126,596	\$126,596	Sep-24	Dec-24
129239-24NSW-RTR	NSW	Gunnedah Shire Council	Clifton Road, Piallaway	The objective of the project is to improve accessibility on the road train route. The scope of works includes the construction of a robust concrete culvert crossing with sealed approaches (over Werris Creek). The project is proposed to be co-funded by the Safer Local Roads and Infrastructure Program (SLRIP).	\$350,570	\$1,752,850	Jan-27	Jun-27
129240-24NSW-RTR	NSW	Gunnedah Shire Council	Ryan Road, Carroll	The objective of the project is to reduce maintenance costs incurred after each major storm or flood and to improve accessibility to the farmland properties south of the creek. The scope of works includes the construction of a robust concrete culvert crossing with sealed approaches (Over Swains Creek). The project is proposed to be co-funded by the Safer Local Roads and Infrastructure Program (SLRIP).	\$110,105	\$550,423	Jan-27	Apr-27
129241-24NSW-RTR	NSW	Gunnedah Shire Council	Rangari Road, Wean	The scope of works includes widening the road at its edges. The objective is to protect the existing road edges from edge dropping and increase safety by increasing road width. The project is proposed to be co-funded by the Safer Local Roads and Infrastructure Program (SLRIP).	\$298,565	\$1,492,823	Jan-27	Jun-27

129387-24NSW-RTR	NSW	Gunnedah Shire Council	Barnbrook Road (Rural Road)	Gravel pavement has reached the end of its useful life and needs to be renewed. The scope of works includes 100 mm of gravel added to the road.	\$166,134	\$166,134	Nov-24	Feb-25
130302-24NSW-RTR	NSW	Gunnedah Shire Council	South Street, Gunnedah	The project forms part of a broader existing connected shared path network connecting the Gunnedah Pool Facility, Aged Care facility, Town Centre and broader shared path network along South Street, fronting Council's Showground Facility, Cemetery and community dwellings on Wandobah Road. Further it services pedestrian and bike users accessing the School and Hospital facility in Marquis St. It will improve safety for users not having to use the grass road or verge. Kerb and gutter works associated with the installation. Kerb ramps at various road crossing points and the installation of a new concrete 2.5 m shared use pathway on the existing nature strip. Council has a submission for the Australian Government Active Transport Fund that would co-contribute the remaining \$116,538 for this project.	\$116,538	\$233,076	Jan-27	Mar-27
130303-24NSW-RTR	NSW	Gunnedah Shire Council	Bloomfield Street, Gunnedah	Local families wishing to access Schools, daycare, sporting fields the Business District and all inclusive playground. The path will also be utilised by tourists and visitors attending sporting events at the oval and wishing to access the Central Business District and playground. The current grassed verges will be replaced with safe concrete paths. Kerb and gutter works associated with the installation. Kerb ramps at various road crossing points and the installation of a new concrete 2.5 m shared use pathway. Other funding source is Australian Government Active Transport Fund.	\$62,255	\$124,510	Jan-27	Mar-27
130306-24NSW-RTR	NSW	Gunnedah Shire Council	Chandos Street, Gunnedah	Local families wishing to access Schools, daycare, sporting fields the Business District and all inclusive playground. The path will also be utilised by tourists and visitors attending sporting events at the oval and wishing to access the Central Business District and playground. The current grassed verges will be replaced with safe concrete paths. Kerb and gutter works associated with the installation. Kerb ramps at various road crossing points and the installation of a new concrete 2.5 m shared use pathway. Other source of funding is Australian Government Active Transport Fund.	\$62,255	\$124,510	Jan-27	Mar-27

130308-24NSW-RTR	NSW	Gunnedah Shire Council	Tempest Street, Gunnedah	Local families wishing to access Schools, daycare, sporting fields the Business District and all inclusive playground. The path will also be utilised by tourists and visitors attending sporting events at the oval and wishing to access the Central Business District and playground. The current grassed verges will be replaced with safe concrete paths. Kerb and gutter works associated with the installation. Kerb ramps at various road crossing points and the installation of a new concrete 2.5 m shared use pathway. Other source of funding is Australian Government Active Transport Fund.	\$62,256	\$124,511	Jan-27	Mar-27
133256-25NSW-RTR	NSW	Gunnedah Shire Council	Clifton Road, Rural Road	The road has reached the end of its useful life and needs to be rehabilitated. The road will be overlaid with 100 mm of stabilized gravel. Where there are soft subgrade patches, the subgrade will be reinforced with large gabion rock. The additional source of funding is Council's General Fund.	\$659,910	\$921,336	Apr-25	Jun-25
131396-24NSW-RTR	NSW	Gwydir Shire Council	Yallaroi Road (Rural Road)	Loss of shape, rutting and washouts, gravel thinning. Rip and reshape road, add gravel where required, clear drains, compact and final trim.	\$173,274	\$173,274	Jul-24	Jun-25
131397-24NSW-RTR	NSW	Gwydir Shire Council	Blue Nobby Road (Rural Road)	Loss of shape, rutting and washouts, gravel thinning. Rip and reshape road, add gravel where required, clear drains, compact and final trim.	\$224,525	\$224,525	Jul-24	Jun-25
131398-24NSW-RTR	NSW	Gwydir Shire Council	Baroma Road (Rural Road)	Insufficient gravel leading to wet weather accessibility issues. Damage from heavy vehicles. Overlay of 150 mm thick manufactured road base (50mm minus), 7 m wide for 8km.	\$343,020	\$343,020	May-25	Jun-25
133310-25NSW-RTR	NSW	Gwydir Shire Council	Oregon Road (Rural Road)	Poor shape with rough ride quality and poor wet weather performance. Incorporate polymer binder in top 50mm, rip, reshape and compact before final trimming.	\$266,744	\$266,744	Apr-25	Jun-25
133311-25NSW-RTR	NSW	Gwydir Shire Council	Elcombe Road (Rural Road)	Increased severity of potholing and edge break. Routine bitumen patching using cold mix asphalt and jet patching trucks.	\$149,789	\$149,789	Jul-24	Jun-25
133312-25NSW-RTR	NSW	Gwydir Shire Council	Tucka Tucka Road (Rural Road)	Insufficient gravel depth, poor shape, poor wet weather performance. Rip, reshape, gravel patching where required. Compact then final trim.	\$148,258	\$148,258	Nov-24	Feb-25
133313-25NSW-RTR	NSW	Gwydir Shire Council	Getta Getta Road, (rural road)	Failed pavement due to high plasticity. Lime stabilise to 200mm deep. Recompact, final trim seal with 14mm spray seal.	\$137,220	\$137,220	Jul-24	Sep-24
133314-25NSW-RTR	NSW	Gwydir Shire Council	Girraween Road (Rural Road)	Loss of gravel, poor shape, washouts and poor wet weather performance. Rip and reshape existing pavement, overlay new imported gravel, compact and final trim. Co-contribution of funds by Council.	\$81,456	\$122,352	Aug-24	Dec-24
127922-24NSW-RTR	NSW	Hawkesbury City Council	Percival Street, Clarendon	To address failed section exhibiting various defects such as heaving, rutting and including crocodile cracking. Rehabilitate failed sections.	\$1,000,000	\$1,000,000	Nov-25	Jan-26

127925-24NSW-RTR	NSW	Hawkesbury City Council	Gorricks Lane, Freemans Reach	Rehabilitate the failed section and address defects such as crocodile cracking, rutting and unevenness on the road pavement. Rehabilitate failed pavement section.	\$689,850	\$689,850	Jan-26	Feb-26
128090-24NSW-RTR	NSW	Hawkesbury City Council	Sackville Road, Wilberforce	Address failing section exhibiting heaving, potholing and rutting defects. To rehabilitate the failing section from the intersection of Old Sackville Rd for about 172 m heading in easterly direction.	\$300,070	\$300,070	Feb-25	May-25
128091-24NSW-RTR	NSW	Hawkesbury City Council	George Street, South Windsor	To the failing section exhibiting various defects such as crocodile cracking, heaving, ravelling and potholing. To rehabilitate the failing section from Bell St to chainage 0.183 km at railway underpass.	\$693,000	\$693,000	Jan-26	Feb-26
128092-24NSW-RTR	NSW	Hawkesbury City Council	Old Bells Line of Road, Kurrajong	To address existing defects such as cracking, heaving, ravelling and potholing etc. To rehabilitate failing section between Woodburn and Grose Vale Roads.	\$600,000	\$600,000	Nov-25	Dec-25
128093-24NSW-RTR	NSW	Hawkesbury City Council	Mileham Street, South Windsor	To address various defects associated with rutting, heaving, ravelling and potholing etc. Rehabilitate failing section between Argyle St and Bell St.	\$544,295	\$544,295	Aug-25	Sep-25
128094-24NSW-RTR	NSW	Hawkesbury City Council	Scheyville Road, Oakville	To address cracking, heaving and potholing defects associated with the existing pavement. Carry out rehabilitation of the existing pavement from Old Pitt Town Rd to Long Tan Pl.	\$583,458	\$583,458	Jan-26	Feb-26
128095-24NSW-RTR	NSW	Hawkesbury City Council	Sanctuary Drive, Windsor Downs	To address existing defects such as rutting, crocodile cracking, heaving and potholing etc. To rehabilitate the failing sections between Richmond Rd and Canoona Ave.	\$652,050	\$652,050	Jul-25	Aug-26
129459-24NSW-RTR	NSW	Hawkesbury City Council	Settlers Road, Wisemans Ferry	Reconstruct and widened to address failed and uneven section on the Hawkesbury River side from intersection of Wisemans Ferry Road for about 250 m length. A section of Settlers Road from the intersection of Wisemans Ferry Road for about 250 m long.	\$126,017	\$126,017	Nov-24	Dec-24
134773-25NSW-RTR	NSW	Hawkesbury City Council	Kurmond Road, Kurmond	To address various cracks, potholing, ravelling and ruts related pavement defects. To carry out rehabilitation of failed pavement section.	\$447,300	\$447,300	Jul-26	Aug-26
134774-25NSW-RTR	NSW	Hawkesbury City Council	Old Pitt Town Road, Oakville	To address various ruts, potholes, cracks and ravelling related pavement defects. To carry out pavement rehabilitations works in addressing existing defects.	\$491,400	\$491,400	Mar-26	Apr-26
129470-24NSW-RTR	NSW	Hay Shire Council	Adelaide Street, Booligal	Deterioration of road surface to become hazardous. Resealing 2340 m2 with 7 mm aggregate.	\$15,056	\$15,056	Feb-25	Apr-25
129471-24NSW-RTR	NSW	Hay Shire Council	Harvey Street, Booligal	Deterioration of road causing surface to become hazardous Resealing of 1440 m2 with 7 mm aggregate	\$5,300	\$5,300	Feb-25	Apr-25
129473-24NSW-RTR	NSW	Hay Shire Council	Boxyards Road (Rural Road)	Faulty culverts causing hazardous road. Replacing 3 cell 900 mm culverts.	\$52,003	\$52,003	Dec-24	Jun-25
129474-24NSW-RTR	NSW	Hay Shire Council	Boxyards Road (Rural Road)	Deterioration of road causing surface to become hazardous. Gravel re-sheeting 6000 m2.	\$90,030	\$90,030	Dec-24	Apr-25

129475-24NSW-RTR	NSW	Hay Shire Council	Hay Street, Booligal	Deterioration of road causing surface to become hazardous. Reseal 6100 m2 with 7 mm aggregate.	\$29,997	\$29,997	Feb-25	Apr-25
129483-24NSW-RTR	NSW	Hay Shire Council	Jerilderie Road (Rural Road)	Deterioration of road causing surface to become hazardous. Sealing 6300 m2 with 10 mm aggregate.	\$43,370	\$43,370	Feb-25	Apr-25
129486-24NSW-RTR	NSW	Hay Shire Council	Jerilderie Road (Rural Road)	Deterioration of road causing surface to become hazardous. Reseal 10080 m2 with 10 mm aggregate.	\$65,407	\$65,407	Feb-25	Apr-25
129494-24NSW-RTR	NSW	Hay Shire Council	Jerilderie Road (Rural Road)	Deterioration of road causing surface to become hazardous. Reseal 5670 m2 with 10 mm aggregate.	\$37,280	\$37,280	Feb-25	Apr-25
129496-24NSW-RTR	NSW	Hay Shire Council	Jerilderie Road (Rural Road)	Deterioration of road causing surface to become hazardous. Resealing 9450 m2 with 10 mm aggregate.	\$58,244	\$58,244	Feb-25	Apr-25
129521-24NSW-RTR	NSW	Hay Shire Council	Lachlan Street, Booligal	Deteriorating of road causing surface to become hazardous. Reseal of 3480 m2 with 7 mm aggregate.	\$20,267	\$20,267	Feb-25	Apr-25
129522-24NSW-RTR	NSW	Hay Shire Council	North Street Booligal	Deterioration of road causing surface to become hazardous. Reseal 1410 m2 with 7 mm aggregate.	\$7,564	\$7,564	Feb-25	Apr-25
129525-24NSW-RTR	NSW	Hay Shire Council	Sidonia Road, Hay	Water build up and settle on road causing slippery and hazardous surface. Replacement of one (1) culvert and the instalment of six (6) new culverts.	\$62,713	\$62,713	Sep-24	Feb-25
129814-24NSW-RTR	NSW	Hay Shire Council	Twynam Street, Booligal	Deterioration of road causing surface to become hazardous. Reseal 780 m2 of Twynam Street, Booligal.	\$4,405	\$4,405	Jan-25	Apr-25
129909-24NSW-RTR	NSW	Hay Shire Council	Moppett St, Hay	Inadequate drainage causing road failure. Replace 18 metres of kerb and gutter.	\$13,603	\$13,603	Nov-24	Apr-25
133724-25NSW-RTR	NSW	Hay Shire Council	Moama Street, Hay	Currently heavy vehicles double and triple park along the road shoulders off Moama Street. Construct an all-weather heavy vehicle rest area adjacent to the service stations.	\$338,930	\$338,930	Sep-25	Dec-26
133725-25NSW-RTR	NSW	Hay Shire Council	Cobb Highway, Hay	Existing road cannot accommodate heavy vehicles. Intersection upgrade to provide a dedicated heavy vehicle access with an over taking lane.	\$280,224	\$280,224	Sep-25	Jun-26
129710-24NSW-RTR	NSW	Hilltops Council	Thornhill Street, Young	Pavement failures and deformation. Pavement has reached end of useful life. Pavement is rough and unable to reseal in the current condition. Reconstruct pavement by in situ chemical stabilisation, correct trim and seal road. This project is jointly funded by Local Roads Community Infrastructure Project.	\$298,215	\$1,000,000	Jul-24	Dec-25
133906-25NSW-RTR	NSW	Hilltops Council	Iris Street, Harden	Existing timber deck has extended past is useful life and is now failing. Replace the existing time deck and handrails with a concrete footpath and new safety handrails on both sides. This improvement will enhance the long-term safety and durability of the crossing.	\$250,000	\$250,000	Jul-24	Oct-25

133909-25NSW-RTR	NSW	Hilltops Council	Reids Flat Road, Boorowa	Current pavement approaches have started to fail causing large pot holes and edge failures. Guardrail has reached its use for life and needs replacing. Reconstruction of the existing pavement approaches using in-situ stabilisation. Replacement of existing guardrail.	\$210,000	\$210,000	Jul-24	Oct-25
133922-25NSW-RTR	NSW	Hilltops Council	Harrys Creek Road, Boorowa	Drainage has failed and needs replacement. Clean and Clear current drainage replace with suitable materials to allow for adequate drainage.	\$25,000	\$25,000	Jul-24	Oct-25
133933-25NSW-RTR	NSW	Hilltops Council	Futter Park Road Harden	The condition of the road is unsafe due to unsuitable ground conditions. Gravel needs to be added to a suitable level to make safe. Add suitable amount of gravel to cover ground.	\$30,000	\$30,000	Jul-24	Oct-25
133934-25NSW-RTR	NSW	Hilltops Council	Broken Dam Road, Harden	The condition of the road is unsafe due to unsuitable ground conditions. Gravel needs to be added to a suitable level to make safe. Add suitable amounts of gravel to make safe.	\$35,000	\$35,000	Jul-24	Oct-25
133978-25NSW-RTR	NSW	Hilltops Council	Colenso Road, Harden	Sections of road have become unsafe due to poor gravel coverage. Apply new layer of gravel 100-200mm thick to the existing unsealed road to replenish lost material.	\$30,000	\$30,000	Jul-24	Oct-25
134152-25NSW-RTR	NSW	Hilltops Council	Kenyu Road, Boorowa	Road Pavement failures. Stabilisation of selected failures by addition of dry chemical, mix, compact ,trim and shape, then apply new seal on selected sections. Some section works are a precursor to reseal works scheduled later in the year.	\$130,000	\$130,000	Jul-24	Oct-25
134156-25NSW-RTR	NSW	Hilltops Council	Taylors Flat Road, Boorowa	Road Pavement Failure. Stabilisation of selected failures by addition of dry chemical, mix, compact ,trim and shape, then apply new seal on selected section.	\$210,000	\$210,000	Jul-24	Oct-25
134157-25NSW-RTR	NSW	Hilltops Council	Holman Road, Harden	Low Gravel Profile unsafe. Apply gravel , trim compact material applied to section.	\$20,000	\$20,000	Jul-24	Oct-25
134755-25NSW-RTR	NSW	Hilltops Council	Moppity Road, Young	Pavement failures and deformation. Pavement has reached end of useful life. Pavement is rough and unable to reseal in the current condition. Reconstruct pavement by in situ chemical stabilisation, correct trim and seal road.	\$300,000	\$300,000	Jul-24	Jul-26
134756-25NSW-RTR	NSW	Hilltops Council	Koorawatha Road, Koorawatha	Pavement failures and deformation. Pavement has reached end of useful life. Pavement is rough and unable to reseal in the current condition. Reconstruct pavement by in situ chemical stabilisation, correct trim and seal road.	\$300,000	\$300,000	Jul-24	Jul-26
134757-25NSW-RTR	NSW	Hilltops Council	Back Nubba Road, Harden	Pavement failures and deformation. Pavement has reached end of useful life. Pavement is rough and unable to reseal in the current condition. Reconstruct pavement by in situ chemical stabilisation, correct trim and seal road.	\$50,000	\$50,000	Jul-24	Jul-26

127906-24NSW-RTR	NSW	Hornsby Shire Council	Boundary Rd, North Epping	Failure of road pavement. Heavy patching. The work is partially by R2R, remainder to be funded by council.	\$120,000	\$141,654	Jul-24	Oct-24
127907-24NSW-RTR	NSW	Hornsby Shire Council	Ravenbourne Circuit, Dural	Failure of road pavement. Heavy patching and reconstruction. The work is partially funded by R2R and the balance is funded by the council.	\$131,700	\$156,288	Jul-24	Oct-24
127908-24NSW-RTR	NSW	Hornsby Shire Council	Robert Road, Cherrybrook	Failure of road pavement. Heavy patching.	\$132,985	\$132,985	Jul-24	Oct-24
127912-24NSW-RTR	NSW	Hornsby Shire Council	Victory St, Asquith	Busy local road between two schools in poor condition. Road reconstruction including pavement reconstruction, kerb and gutter. The work is partially by R2R, remainder to be funded by council.	\$566,502	\$1,034,031	Jul-24	Jun-25
127913-24NSW-RTR	NSW	Hornsby Shire Council	Beechwood Pde, Cherrybrook	Traffic calming and improve road user safety at intersection. Splitter islands construction with refuge.	\$83,697	\$83,697	Jan-25	May-25
127914-24NSW-RTR	NSW	Hornsby Shire Council	Arcadia Rd, Galston	Inadequate lighting at new pedestrian crossing. Lighting upgrade works at new pedestrian crossing to meet current lighting standards. The work is partially by R2R, remainder to be funded by council.	\$25,000	\$46,980	Aug-24	Apr-25
127915-24NSW-RTR	NSW	Hornsby Shire Council	Old Berowra Rd, Hornsby	Inadequate lighting at new pedestrian crossing. Lighting upgrade works at new pedestrian crossing to meet current lighting standards. The work is partially by R2R, remainder to be funded by council.	\$25,000	\$41,817	Sep-24	Apr-25
127916-24NSW-RTR	NSW	Hornsby Shire Council	Romsey St, Hornsby	Inadequate lighting at new pedestrian crossing. Lighting upgrade works at new pedestrian crossing to meet current lighting standards. The work is partially by R2R, remainder to be funded by council.	\$23,801	\$138,124	Jul-24	Apr-25
134000-25NSW-RTR	NSW	Hornsby Shire Council	County Drive, Cherrybrook	Failure of road pavement. Heavy patching of failed areas. Hornsby Shire Council will fund the balance using internal general fund.	\$204,000	\$240,000	Aug-25	Sep-25
134001-25NSW-RTR	NSW	Hornsby Shire Council	John Road, Cherrybrook	Failure of road pavement. Reconstruction of road pavement with asphalt. Hornsby Shire Council will fund the balance by the general fund.	\$185,000	\$200,000	Oct-25	Nov-25
134002-25NSW-RTR	NSW	Hornsby Shire Council	Greenhaven Drive, Pennant Hills	Road pavement surface failure. Resurfacing with asphalt. Hornsby Shire Council will fund the balance using internal general fund.	\$76,000	\$90,000	Nov-25	Nov-25
134235-25NSW-RTR	NSW	Hornsby Shire Council	Grevillia Crescent, Hornsby Heights	Improve road and pedestrian safety, improve local amenity, reduce ongoing maintenance costs. Pavement reconstruction, new kerb and guttering, minor drainage improvements, new footpath, raised pedestrian refuge island, tree planting. Hornsby Shire Council will fund the balance by our general fund.	\$699,465	\$1,144,465	Dec-25	Apr-26
135109-25NSW-RTR	NSW	Hornsby Shire Council	Quarry Road, Dural (Between Harris Rd and Dons Rd)	Lack of pedestrian crossing - to install raised pedestrian crossing and pathways. Hornsby Shire will fund the remaining contribution through general funds.	\$230,000	\$450,000	Mar-26	Jun-26

127232-24NSW-RTR	NSW	Inner West Council	Pritchard Street, Annandale	Distressed road has wide-spread potholes and extensive cracking together with damaged kerb and gutter. Propose to re-sheet the entire length of 0.42 km and the varying width of 8 to 12 m with extensive heavy patching including reconstruction of damaged kerb and gutter. Work is jointly funded by RTR and Inner West Council.	\$135,000	\$180,000	Sep-24	Sep-24
127658-24NSW-RTR	NSW	Inner West Council	Dudley Street, Marrickville	Distressed road has wide-spread potholes and extensive cracking together with damaged footpaths. Propose to re-sheet the entire length of 0.14 km and the width of 12 m with extensive heavy patching including reconstruction of damaged footpaths. Work is jointly funded by RTR and Inner West Council.	\$100,000	\$130,000	Oct-24	Oct-24
127660-24NSW-RTR	NSW	Inner West Council	Bayley Street, Marrickville	Distressed road has wide-spread potholes and extensive cracking together with damaged footpaths. Propose to re-sheet the entire length of 0.2 km and the width of 12 m with extensive heavy patching including reconstruction of damaged footpaths. Work is jointly funded by RTR and Inner West Council.	\$130,000	\$170,000	Oct-24	Oct-24
127661-24NSW-RTR	NSW	Inner West Council	Abergeldie Street, Dulwich Hill	Road surface has wide-spread potholes and extensive cracking and also this section of the road has damaged kerbs. Propose to re-sheet the entire length of 0.25 km and the width of 10.3 m. Works construction of kerbs and re-sheeting the pavement. Work is jointly funded by RTR and Inner West Council.	\$70,000	\$160,000	Jul-25	Jul-25
127664-24NSW-RTR	NSW	Inner West Council	Hercules Street, Dulwich Hill	Road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.38 m and the width of 12 m with heavy patching. Work is jointly funded by RTR and Inner West Council.	\$240,000	\$300,000	Jul-25	Jul-25
127666-24NSW-RTR	NSW	Inner West Council	Albion Street, Annandale	Road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.15 km and the width of 10 m with heavy patching. Work is jointly funded by RTR and Inner West Council.	\$95,883	\$240,000	Feb-25	Feb-25
127667-24NSW-RTR	NSW	Inner West Council	Walker Avenue, Haberfield	Distressed road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.22 km and the width of 12.8 m with heavy patching. Work is jointly funded by RTR and Inner West Council.	\$140,000	\$210,000	Jul-25	Jul-25
127793-24NSW-RTR	NSW	Inner West Council	Albert Parade, Ashfield	Road surface has wide-spread potholes and extensive cracking and sinking. Propose to re-sheet the entire length of 0.6 km and the width of 10 m pavement with heavy patching, profiling and re-sheeting. Work is jointly funded by RTR and Inner West Council.	\$250,000	\$300,000	Sep-24	Sep-24

127808-24NSW-RTR	NSW	Inner West Council	Grove Street, St Peters	Road surface has wide-spread potholes and extensive cracking and also this road has damaged footpath. Propose to re-sheet the entire length of 0.4 km and the width of 7 m with some heavy patching and repairs to footpath. Work is jointly funded by RTR and Inner West Council.	\$120,000	\$275,000	Feb-25	Feb-25
127814-24NSW-RTR	NSW	Inner West Council	Samuel Street, Tempe	Distressed road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.4 km and the width of 12.5 m with some heavy patching. Work is jointly funded by RTR and Inner West Council.	\$143,000	\$270,000	Feb-25	Feb-25
128295-24NSW-RTR	NSW	Inner West Council	Park Street, Petersham	Road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.06 km and the width of 9.6 m with extensive heavy patching. Work is jointly funded by RTR and Inner West Council.	\$60,000	\$125,000	Sep-24	Sep-24
128296-24NSW-RTR	NSW	Inner West Council	Cannonbury Grove, Dulwich Hill	Distressed road has wide-spread potholes and extensive cracking together with damaged kerb and gutter. Propose to re-sheet the entire length of 0.19 km and the width of 12.5 m with extensive heavy patching including reconstruction of damaged kerb and gutters. Work is jointly funded by RTR and Inner West Council.	\$80,000	\$125,000	Sep-24	Sep-24
133253-25NSW-RTR	NSW	Inner West Council	Gannon street, Tempe	Road surface has wide-spread potholes and extensive cracking together with sunken sections. Propose to re-sheet the entire length of 0.4 km and the width of 12.6 m with extensive heavy patching. Work is jointly funded by RTR and Inner West Council.	\$350,000	\$400,000	Mar-26	Apr-26
133254-25NSW-RTR	NSW	Inner West Council	Morton Avenue, Lewisham	Distressed road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.3 km and the width of 13.8 m. Works involved construction of kerbs and re-sheeting the pavement. Work is jointly funded by RTR and Inner West Council.	\$100,000	\$130,000	Feb-26	Mar-26
133255-25NSW-RTR	NSW	Inner West Council	Gould Avenue, Lewisham.	Road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.1 km and the width of 12 m with heavy patching. Work is jointly funded by RTR and Inner West Council.	\$40,000	\$60,000	Feb-26	Mar-26
133257-25NSW-RTR	NSW	Inner West Council	Darling Street, Balmain	Road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.45 km and the width of 10 m with heavy patching. Work is jointly funded by RTR and Inner West Council.	\$120,000	\$170,000	Feb-26	Mar-26
133258-25NSW-RTR	NSW	Inner West Council	Sloane Street, Marrickville.	Road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.25 km and the width of 6.4 m with heavy patching. Work is jointly funded by RTR and Inner West Council.	\$60,000	\$90,000	Feb-26	Mar-26

133259-25NSW-RTR	NSW	Inner West Council	Denison Road, Dulwich Hill	Road surface has wide-spread potholes and extensive cracking and also this section of the road has some damaged kerbs. Propose to re-sheet the entire length of 0.4 km and the width of 9.6 m. Works involved construction of kerbs and re-sheeting the pavement with heavy patching. Work is jointly funded by RTR and Inner West Council.	\$110,000	\$130,000	Mar-26	Apr-26
133260-25NSW-RTR	NSW	Inner West Council	Greenbank Street, Marrickville	Distressed road surface has wide-spread potholes and extensive cracking. Propose to re-sheet the entire length of 0.3 km and the width of 12 m with heavy patching. Work is jointly funded by RTR and Inner West Council.	\$140,933	\$161,000	Feb-26	Mar-26
131455-24NSW-RTR	NSW	Inverell Shire Council	Inverell Bonshaw Road, (Rural Road) - Ashford Road	Sections of road pavement have come to end of useful life and are displaying significant defects. Heavy patching stabilisation of pavement and resealing of defect.	\$274,650	\$274,650	Jul-25	Oct-25
131459-24NSW-RTR	NSW	Inverell Shire Council	Bruxner Way, (Rural Road)	Sections of road pavement have come to end of useful life and are displaying significant defects. Heavy patching stabilisation of pavement and resealing of defect.	\$230,352	\$230,352	Jun-25	Oct-25
131465-24NSW-RTR	NSW	Inverell Shire Council	Old Texas Road, (rural road)	Sections of road pavement have come to end of useful life and are displaying significant defects. Heavy patching stabilisation of pavement and resealing of defect.	\$15,188	\$15,188	Jul-25	Oct-25
131467-24NSW-RTR	NSW	Inverell Shire Council	Copeton Dam Road, (Rural Road)	Sections of road pavement have come to end of useful life and are displaying significant defects. Heavy patching stabilisation of pavement and resealing of defect.	\$146,810	\$146,810	Jul-25	Oct-25
131779-24NSW-RTR	NSW	Inverell Shire Council	Delungra Rd (Rural Road)	Bitumen surface has reached end of useful lifecycle and defects are present. A new lay of polymer modified binder and aggregate will be applied.	\$163,976	\$163,976	Oct-24	Oct-24

129744-24NSW-RTR	NSW	Junee Shire Council	Pattersons Road (Rural Road)	Patterson's Road is a curved, narrow road on a floodplain a combination of poor alignment, flooding and the road environment (trees, hill crests etc.) poses significant safety risks. Pavement damage including shoves, bleeding and potholes add to the safety concerns in this location. The project rectifies these issues. Two Stages of works including 24-25 financial year totalling 1.7 km of works and 25-26 financial year totalling 0.85 km of works. The project includes widening to 7 m seal minimum, reshaping table drain, traffic control, lime stabilization of sub-base to a depth of 250 mm, addition of 120 mm of thick base layer comprising of DGS/DGB material and a 14 mm/7 mm double coat sealed wearing course.	\$740,000	\$740,000	Jul-24	Jun-26
134023-25NSW-RTR	NSW	Junee Shire Council	Brabins Road, (Rural Road)	Brabins Road is a curved, narrow road including sections where the road has not been constructed adequately through drainage channels and causeways. This combined with a combination of poor vertical alignment and inadequate superelevation poses significant safety risks. Pavement damage, due to heavy vehicles, has resulted in the pavement being at end of life. This includes shoves, bleeding and potholes add to the safety concerns in this location. The project rectifies these issues with a reconstructed pavement. Three Stages of works including 24-25, 25-26 and 26-27 financial year totalling 2.8km of works. This includes 800m in year 1 and 1000m each year thereafter. The project includes widening to an 8m seal with a 9m pavement, reshaping table drain, traffic control, lime stabilization of sub-base to a depth of 250 mm, addition of 120 mm of thick base layer comprising of DGS/DGB material and a 14mm/7 mm double coat sealed wearing course.	\$687,000	\$687,000	Jul-24	Jun-27
134660-25NSW-RTR	NSW	Junee Shire Council	Regent Street, Junee	This location has significant pavement failure due to water ingress. Rain events result in 50 mm - 100 mm of water to remain on the pavement for an extended period and have resulted in deterioration of the asset. Reconstruction and drainage including the installation of twin stormwater lines each side of the road down Regent Street. Pavement rehabilitation including replacement of the base and subbase layers. Installation of a two coat seal, 10/7 mm and replacement of any kerb and gutter in poor condition.	\$650,000	\$650,000	Apr-25	Jun-27

130240-24NSW-RTR	NSW	Kempsey Shire Council	Tozer Street, West Kempsey	Reduces issues associated with a road width much greater than the standard, including maintenance cost, excessive traffic speed, pedestrian safety and failed pavement. Poor drainage, failed kerb and gutter and failing road pavement. - Remove and replace road pavement to a depth 300 mm area 3300 m2 including two coat bitumen seal. - Remove and replace 525 metres kerb gutter - Remove and replace 460 metres footpath 1.5 metres wide - Reconstruct 19 new concrete driveways - Construct two traffic islands - Reconstruct road pavement and kerb gutter - Remove and replace 665 metres existing kerb gutter. - Boxout and replace 300 mm existing pavement including two coat bitumen seal	\$1,026,838	\$1,026,838	Jul-24	Dec-24
131538-24NSW-RTR	NSW	Kempsey Shire Council	Edgar Street, Fredickton	Poor Drainage. Poor Drainage will be rectified with construction of stormwater and kerb gutter Reconstruct 4620 m2 pavement Construct 330 metres drainage line Construct 20 lintels and 23 Pits Seal 4620m2 pavement Funding Split: Kempsey Shire Council \$1,444,338 R2R: \$133,162	\$133,162	\$1,577,500	Jul-24	Jun-25
131539-24NSW-RTR	NSW	Kempsey Shire Council	South West Rocks Road, Gladstone	Pavement is in poor condition. Rehabilitate 2 km of road pavement starting at Gladstone and working towards South West Rocks.	\$1,160,000	\$1,160,000	Aug-24	Sep-25
133641-25NSW-RTR	NSW	Kempsey Shire Council	Armidale Road, Temagog	Defective Corrugated Iron Pipe – Safety concerns due to regional road status and loading. Rehabilitation of existing Corrugated Iron Pipe Culverts: ~~-Survey,~~ ~~-Waterway Calculation Check,~~ ~~-Rehabilitation or Reconstruction – TBC with designers.~~	\$425,000	\$425,000	Apr-26	Nov-26
133643-25NSW-RTR	NSW	Kempsey Shire Council	Smithtown Road, Seven Oaks	Safety – Narrow Shoulders, road lending toward high speed into tight corners, drainage issues. Safety improvements through shoulder widening. Narrow Shoulder, runoff via Audio Tactile indicators, Vehicle Activated signs to slow vehicles before s bends, New rigid barriers to improve safety. Stormwater outlets to improve pavement and reduce aquaplaning. Australian Government Blackspot program is funding \$786,000	\$625,000	\$1,411,000	Sep-25	Dec-25

130433-24NSW-RTR	NSW	Kiama Municipal Council	Burra Creek Road, Jamberoo	Road base preparation and road seal. Asphalt sealing of approximately 1 km stretch road. This project is co-funded by the Local Roads and Community Infrastructure program, managed by the Department of Infrastructure, Transport, Regional Development, Communications and the Arts.	\$266,860	\$375,274	Feb-25	May-25
130434-24NSW-RTR	NSW	Kiama Municipal Council	Colley Drive, Kiama	Pavement failure. Asphalt resealing.	\$69,902	\$69,902	Feb-25	Jul-25
130436-24NSW-RTR	NSW	Kiama Municipal Council	Riverside Drive, Minnamurra	Footbridge unsafe and closed for pedestrian access. Replacing broken planks of footbridge	\$5,367	\$5,367	Mar-25	Jun-25

134849-25NSW-RTR	NSW	Kiama Municipal Council	Allowrie Street, Jamberoo	Pavement failure. 40mm re-sheeting.	\$70,000	\$70,000	Nov-25	Dec-25
134850-25NSW-RTR	NSW	Kiama Municipal Council	Greta Street, Gerringong	Pavement failure. 40mm re-sheeting.	\$70,000	\$70,000	Feb-26	Mar-26
134851-25NSW-RTR	NSW	Kiama Municipal Council	Colley Drive, Kiama	Pavement failure. 40 mm re-sheeting.	\$109,000	\$109,000	Nov-25	Dec-25
134852-25NSW-RTR	NSW	Kiama Municipal Council	Sandy Wha Road, Gerringong	Pavement failure. 40 mm re-sheeting.	\$40,000	\$40,000	Feb-26	Mar-26
134853-25NSW-RTR	NSW	Kiama Municipal Council	Dido Street, Kiama	Pavement failure. 40 mm re-sheeting.	\$51,072	\$51,072	Mar-26	Apr-26
134854-25NSW-RTR	NSW	Kiama Municipal Council	Fern Street, Gerringong	Pavement failure. 40 mm re-sheeting.	\$98,838	\$98,838	Feb-26	Mar-26
127623-24NSW-RTR	NSW	Ku-Ring-Gai Council	Perth Ave, East Lindfield	Section of the road is in poor condition with crocodile cracks, rutting and high roughness causing safety concerns to road users. Council have received requests to improve the road and detailed investigation confirmed that pavement structure requires significant improvement to meet the level of services for the community. The project entails reconstructing the pavement structure between Sydney Road and Melbourne Road. This involves excavating varying depths between 110 mm and 150 mm of the existing pavement and reconstructing it with a 100 mm thick base layer of AC20 asphalt concrete, followed by a 50 mm thick AC14 wearing layer (top layer). Additionally, missing kerb sections will be constructed with proper concrete kerb and gutter to protect the road shoulder and improve surface drainage. The project will also include the reinstatement of existing line markings and signages.	\$956,000	\$956,000	Aug-24	Jun-25

133384-25NSW-RTR	NSW	Ku-Ring-Gai Council	Lady Game Drive, Lindfield	Section of the road is in poor condition with crocodile cracks, rutting and high roughness causing safety concerns to road users. Council have received requests to improve the road and detailed investigation confirmed that pavement structure requires significant improvement to meet the level of services for the community. The project involves reconstructing the pavement structure between Little Blue Gum Creek and Blue Gum Creek. Works will include excavation of the existing pavement to depths ranging from 110 mm to 150 mm, followed by reconstruction with a 100 mm AC20 asphalt concrete base layer and a 50 mm AC14 asphalt wearing course. Additional works include the installation of approximately 360 m of swale drain along the rock wall, upgrades to existing stormwater pits, resurfacing of shoulder car parks, and reinstatement of line markings and signage.	\$900,000	\$900,000	Sep-25	Jun-26
133385-25NSW-RTR	NSW	Ku-Ring-Gai Council	Yarrabung Road, St Ives	Section of the road is in poor condition with crocodile cracks, rutting and high roughness causing safety concerns to road users. Council have received requests to improve the road and detailed investigation confirmed that pavement structure requires significant improvement to meet the level of services for the community. The project entails reconstructing the pavement structure between Hunter Avenue and Kelvin Road. Works will involve excavating 150 mm of the existing pavement and reconstructing it with a 100 mm base layer of AC20 asphalt concrete, topped with a 50 mm AC14 asphalt wearing course. The scope also includes kerb and gutter replacement to protect the road pavement, along with the reinstatement of existing line markings and signage. Balance to be funded by Council.	\$231,028	\$341,028	Sep-25	Jun-26
127192-24NSW-RTR	NSW	Lachlan Council	Boona Road (Rural Road)	Existing seal varies in width from 3.6 m to 5.8 m wide and pavement has failed in several locations. The narrow seal has significant edge break as a result of heavy traffic driving off the edge of seal when passing approaching traffic. Road formation will be widened to 10 m and sealed to 7.5 m wide. Failed areas of pavement will be reconstructed and remaining areas of existing seal will be resealed. Balance of funds being provided by Transport for NSW Fixing Local Roads program.	\$810,263	\$3,780,263	Jul-24	Mar-25
127196-24NSW-RTR	NSW	Lachlan Council	North Uabba Road (Rural Road)	Existing seal is narrow and deformed and has reached end of its economic life. Reconstruct and widen road to a 10 metre wide formation with a 7.5 m seal width.	\$525,029	\$525,029	Oct-24	May-25

127204-24NSW-RTR	NSW	Lachlan Council	Bobadah Road (Rural Road)	Existing seal is approximately 3.6 m wide and has reached the end of its economic life. The narrow seal has significant edge break where heavy traffic has moved off edge of seal to avoid oncoming traffic. Road formation will be widened to 10 m and sealed to 7.5 m wide.	\$496,012	\$496,012	Oct-24	Mar-25
129568-24NSW-RTR	NSW	Lachlan Council	Yelkin Road (rural road)	Existing seal is 3.6 metres wide and has failed in several locations. The narrow seal has significant edge break as a result of heavy traffic driving off the edge of seal when passing approaching traffic Reconstruct the road formation and widen to 10 metres wide then seal with a 7.5 metre wide seal.	\$535,737	\$535,737	Mar-25	Jun-25
131082-24NSW-RTR	NSW	Lachlan Council	Back Tullamore Road (rural road)	Natural surface road is slippery and dangerous when wet. Gravel re-sheet 1 km of road with a layer of 100 mm of gravel.	\$26,655	\$26,655	Mar-25	May-25
131083-24NSW-RTR	NSW	Lachlan Council	Kadungle Road (rural road)	Gravel surface has been lost over time resulting in road being unusable in wet weather. Gravel re-sheet 500 metres of road with a layer of 100 mm gravel.	\$17,057	\$17,057	Mar-25	May-25
131279-24NSW-RTR	NSW	Lachlan Council	Tomlinsons Road (rural road)	Road surface is a natural surface pavement which is unusable in wet weather. Gravel sheet 1 km of road with a layer of 100 mm of gravel.	\$50,000	\$50,000	Jul-25	Aug-25
131280-24NSW-RTR	NSW	Lachlan Council	Officers Parade, Condobolin	Pavement of Officers Parade has failed and has reached the end of its life. 300 metres of pavement is to be reconstructed and stabilised, the sealed with a two coat seal.	\$165,578	\$165,578	Feb-25	Apr-25
131291-24NSW-RTR	NSW	Lachlan Council	Nilssons Lane (rural road)	Gravel surface has been lost over time resulting in the road being unusable in wet weather. gravel re-sheet 1 km of road with a 100 mm thick layer of gravel.	\$74,640	\$74,640	May-25	Jun-25
131292-24NSW-RTR	NSW	Lachlan Council	Blackers Road (rural road)	Gravel surface has been lost over time resulting in road being unusable in wet weather. Road provides access to bird hide which is used by local residents and tourists. Gravel re-sheet 500 metres of road with a layer of 100 mm gravel.	\$34,076	\$34,076	Mar-25	May-25
131298-24NSW-RTR	NSW	Lachlan Council	Moirs Vale Road (rural road)	Gravel surface has been lost over time resulting in road being unusable in wet weather. Gravel re-sheet 1.0 km of road with a 100 mm layer of gravel.	\$50,000	\$50,000	May-25	Aug-25
131299-24NSW-RTR	NSW	Lachlan Council	Forest Lane (rural road)	Gravel surface has been lost over time resulting in road being unusable in wet weather. Gravel re-sheet 1.0 km of road with a 100 mm layer of gravel.	\$47,808	\$47,808	May-25	Jun-25
131301-24NSW-RTR	NSW	Lachlan Council	Melrose Plains Road (rural road)	Gravel surface has been lost over time resulting in road being unusable in wet weather. Gravel re-sheet 1.5 km of road with a 100 mm layer of gravel.	\$75,000	\$75,000	May-25	Aug-25
131302-24NSW-RTR	NSW	Lachlan Council	Stuart Drive (rural road)	Gravel surface has been lost over time resulting in road being unusable in wet weather. Gravel re-sheet 1.0 km of road with a 100 mm layer of gravel. Council will fund part of project from Special Rate Variation funds.	\$21,980	\$87,742	May-25	Jun-25

131308-24NSW-RTR	NSW	Lachlan Council	Deacons Lane (rural road)	Natural surface road is slippery and dangerous when wet. Gravel sheet 2 km of road with 100 mm layer of gravel.	\$86,000	\$86,000	Jul-25	Sep-25
132527-25NSW-RTR	NSW	Lachlan Council	SR 213 Pillinger Drive (Rural Road)	The average road width at this location is 4m, which is quite narrow for the two-way traffic. 0.7 km section of the road will be widened to 7.5 metres, and the entire area will be resurfaced.	\$250,000	\$250,000	Sep-25	Jun-26
132528-25NSW-RTR	NSW	Lachlan Council	SR 1169 Bobadah Road (Rural Road)	The average road width at this location ranges from 3.5m to 4m, which is quite narrow for two-way traffic. 2 km section of the road will be widened to 7.5 metres, and the entire area will be resurfaced.	\$420,000	\$420,000	Jan-26	Jun-26
132531-25NSW-RTR	NSW	Lachlan Council	SR 60 Springvale Road (Rural Road)	The average road width at this location is 4m, which is quite narrow for two-way traffic. 2 km section of the road will be widened to 7.5 metres, and the entire area will be resurfaced.	\$420,000	\$420,000	Sep-25	Jun-26
132536-25NSW-RTR	NSW	Lachlan Council	SR 5 Lansdale Road (Rural Road)	The average road width at this location is 4.5m to 5m, which is quite narrow for two-way traffic. 2km to 2.4km section of the road will be widened to 7.5 metres, and the entire area will be resurfaced.	\$420,000	\$420,000	Jan-26	Jun-26
132537-25NSW-RTR	NSW	Lachlan Council	SR 10 Meadowview Road (Rural Road)	The average road width at this location is 4.5 m to 5 m, which is quite narrow for two-way traffic. 2.3 km section of the road will be widened to 7.5 m, and the entire area will be resurfaced.	\$420,000	\$420,000	Jan-26	Jun-26
132542-25NSW-RTR	NSW	Lachlan Council	SR 64 Platina Road (Rural Road)	The average road width at this location is 4 m, which is quite narrow for two-way traffic. 2 km section of the road will be widened to 7.5 m, and the entire area will be resurfaced.	\$420,000	\$420,000	Nov-25	Jun-26
132550-25NSW-RTR	NSW	Lachlan Council	Lake Cargelligo Tip Road, Lake Cargelligo	This road will be constructed to provide access to the Lake Cargelligo Tip Facility. Overall, 1.36 km of Road will be constructed.	\$70,000	\$70,000	Sep-25	Jun-26
128417-24NSW-RTR	NSW	Lake Macquarie City Council	Elizabeth Parade, Charlestown	Elizabeth Parade is an existing, aged sealed road located in a high growth area of Lake Macquarie. Due to the traffic usage of this road over time, extensive pavement failures have occurred making ongoing maintenance unviable. Reconstruction of the road is now required. Rehabilitation of the road, construction of new footpath and associated drainage replacement/upgrades. This project is partly funded by Roads to Recovery. The balance of the project will be funded by Council Asset Replacement Reserve.	\$1,300,000	\$3,714,000	Jul-24	Jun-25
128418-24NSW-RTR	NSW	Lake Macquarie City Council	Gardiner Road, Dora Creek	Gardiner Road is an existing, aged sealed road located in a high growth area of Lake Macquarie. Due to the heavy traffic usage of this road over time, extensive pavement failures have occurred making ongoing maintenance unviable. Reconstruction of the road is now required. Road replacement with associated footpath and drainage replacement/upgrades.	\$978,112	\$1,934,139	Nov-24	Sep-25

132525-25NSW-RTR	NSW	Lake Macquarie City Council	St Johns Drive, Croudace Bay	St Johns Drive is an aging sealed road in a high-growth area of Lake Macquarie. Heavy traffic and pavement deterioration have led to significant failures, making maintenance unviable. Full reconstruction is now required. Replacement of the road and replacement of minor drainage structures. The additional \$107,000 is Preliminaries, Project Management and Design costs in previous financial years covered by Council.	\$1,000,000	\$1,107,000	Jul-25	Dec-25
132526-25NSW-RTR	NSW	Lake Macquarie City Council	Woodlands Avenue, Balmoral	Woodlands Drive, Newhaven Close and Hendon Close are existing sealed roads in Lake Macquarie, situated within a rapidly growing urban area. Due to increased traffic volumes and the advanced age of the pavements, the roads have experienced significant structural failures. These ongoing issues have rendered routine maintenance ineffective and unsustainable. As a result, full reconstruction of the road is now necessary to ensure safety, functionality, and long-term resilience. Road Rehabilitation and drainage improvement along 3 suburban streets in Balmoral. Council will fund the balance of the total project cost.	\$1,803,830	\$2,800,000	Jul-25	Jun-26
130029-24NSW-RTR	NSW	Lane Cove Municipal Council	Kenneth Street, Longueville	Deteriorated road surface and pavement. Mill and re-sheet 50 - 100 mm AC14.	\$234,241	\$234,241	Dec-24	Feb-25
135196-25NSW-RTR	NSW	Lane Cove Municipal Council	Manns Avenue, Greenwich	Mill and re-sheet 50-100mm AC14 to address deteriorated road surface and pavement.	\$180,000	\$180,000	Feb-26	Feb-26
135197-25NSW-RTR	NSW	Lane Cove Municipal Council	Wingadee Street, Lane Cove North	Mill and re-sheet 50-100mm AC14 to address deteriorated road surface and pavement	\$78,297	\$78,297	Feb-26	Feb-26
135199-25NSW-RTR	NSW	Lane Cove Municipal Council	Canberra Street - Lane Cove North	Mill and re-sheet 50-100mm AC14 to address deteriorated road surface and pavement	\$30,000	\$30,000	Feb-26	Feb-26
128854-24NSW-RTR	NSW	Leeton Shire Council	Darling Road, Leeton	Asset maintenance, ride quality and insufficient width are the main contributing factors to the inclusion of this road in the R2R Program. The existing pavement is narrow and in poor condition and requires continual maintenance repairs. Works will include shoulder widening works along the length of the road, with culvert upgrades, completing the pavement with a full width overlay and in situ stabilisation topped with a 2 coat bitumen seal.	\$112,422	\$112,422	Aug-24	Nov-24
128855-24NSW-RTR	NSW	Leeton Shire Council	Phillip Street, Leeton	Asset maintenance, ride quality and insufficient width are the main contributing factors to the inclusion of this road in the R2R Program. The existing pavement is narrow and in poor condition and requires continual maintenance repairs. Works will include shoulder widening works along the length of the road, completing the pavement with a full width overlay and in situ stabilisation topped with a 2 coat bitumen seal.	\$131,389	\$131,389	Aug-24	Nov-24

128856-24NSW-RTR	NSW	Leeton Shire Council	Murrami Road Nth (Rural Road)	Asset Maintenance and ride quality are the two main contributing factors to the inclusion of this road in the R2R Program. The existing pavement is in poor condition from heavy vehicle traffic and requires continual maintenance repairs. Works will include full pavement rehabilitation works along the length of the road, subgrade stabilisation where required. Works will be completed with a 2 coat bitumen seal.	\$336,351	\$336,351	Sep-24	Dec-24
130238-24NSW-RTR	NSW	Leeton Shire Council	Regulator Road (Rural Road)	Asset Management and Ride Quality are the two main contributing factors to the inclusion of this road in the R2R program for the 24/25 financial year. the existing pavement is in poor condition from increase in traffic over the years and requires continuous maintenance repairs. Works will include full pavement rehabilitation works along the length of the road with drainage table drain creation, subgrade stabilisation where required. works will be completed with a 2 coat bitumen seal.	\$200,108	\$200,108	Dec-24	Apr-25
130239-24NSW-RTR	NSW	Leeton Shire Council	Whitton Road, Leeton	Road width and Asset Maintenance are the two main contributing factors to the inclusion of this road in the R2R program. the existing pavement is in poor condition and rides rough, with the width of the road being also narrow for the amount of traffic it now caters for. there is constant works required on edge breaks and general pavement and sealed surface repairs. Works will include full pavement rehabilitation with pavement widening, subgrade stabilisation where required. works will be completed with a 2 coat bitumen seal.	\$113,038	\$139,455	Dec-24	Apr-25
133506-25NSW-RTR	NSW	Leeton Shire Council	Murrami Rd (rural road)	Asset maintenance and ride quality, along with pavement strengthening for heavy vehicles are the contributing factors for the inclusion of this road into the R2R program. the existing pavement is in poor condition from heavy vehicles traffic and requires continual maintenance repairs. Works will include the full pavement rehabilitation works along the length of the road, subgrade stabilisation where required. works will be completed with a 2 coat bitumen seal to 8m width and line marked.	\$189,000	\$189,000	Aug-25	Oct-25

133507-25NSW-RTR	NSW	Leeton Shire Council	Jurambula Street, Yanco	road width and asset maintenance are the two main contributing factors to the inclusion of this road in the R2R program. the existing pavement is narrow and in poor condition with rough surface condition. the road requires constant maintenance on road edges due to edge breaks and drop offs, including general pavement and sealed surface repairs. Works will include full pavement rehabilitation with pavement widening, subgrade stabilisation if required, works will be completed with a 2 coat bitumen seal.	\$45,000	\$45,000	Aug-25	Oct-25
133508-25NSW-RTR	NSW	Leeton Shire Council	Research Road, Yanco	Road Width and Asset Maintenance are the two main contribution factors to the inclusion of this road in the R2R program. the pavement is in poor condition and rides rough, with the width of the road being also narrow for the amount of traffic. repair works are constantly required on edge breaks and general pavement and sealed surface repairs. Works will include full pavement rehabilitation with minor pavement widening, subgrade stabilisation where required. works will be completed with a 2 coat bitumen seal.	\$131,000	\$131,000	Sep-25	Dec-26
134576-25NSW-RTR	NSW	Leeton Shire Council	Boronia Road, Leeton	Road width and poor crossfall drainage for asset maintenance are the two main contributing factors for the inclusion of Boronia Road into the R2R program. The existing pavement is narrow and in poor condition with reverse crossfall, leading to increased water ponding and increased maintenance requirements. the road requires continued edge repairs and general pavement and surface defect repairs. Works will include full pavement rehabilitation with pavement widening, subgrade stabilisation and crossfall correction, works will be completed with a 2 coat bitumen seal.	\$115,000	\$115,000	Oct-25	Dec-25
134577-25NSW-RTR	NSW	Leeton Shire Council	Lachlan Street, Wamoon	Road width and Asset Maintenance are the two main contributing factors to the inclusion of Lachlan Street into this years R2R program. The existing roadway is very narrow and in very poor condition. The surface is cracked and numerous potholes continually exist even with regular maintenance. Works will include pavement rehabilitation and pavement widening with subgrade stabilisation. Works will be completed with a 2 coat bitumen seal	\$50,000	\$50,000	Oct-25	Dec-25

134578-25NSW-RTR	NSW	Leeton Shire Council	Houghton Road, (Rural Road)	Road width and edge drops are the two main contributing factors to the inclusion of this road in the R2R program. the Existing pavement is narrow and as a result of this encounters significant edge drops. the rest of the pavement is in poor condition and requires constant maintenance. Works will include full pavement rehabilitation with pavement widening and subgrade stabilisation if required, works will be completed with a 2 coat bitumen seal.	\$150,000	\$150,000	Sep-25	Nov-25
128422-24NSW-RTR	NSW	Lismore City Council	Corndale Road, Bexhill	Pavement and surface failure defects. Pavement asphalt patching prior to undertaking reseal program.	\$51,643	\$51,643	Aug-24	Sep-24
128423-24NSW-RTR	NSW	Lismore City Council	Lindendale Road, Lindendale	Pavement and surface failure defects. Pavement asphalt patching prior to reseal program.	\$43,047	\$43,047	Aug-24	Sep-24
128424-24NSW-RTR	NSW	Lismore City Council	Tregeagle Road, Tregeagle	Pavement and surface failure defects. Pavement asphalt patching prior to reseal program.	\$55,440	\$55,440	Aug-24	Sep-24

128143-24NSW-RTR	NSW	Lockhart Shire Council	Yerong Creek Mangoplah Road (Rural Road)	Failing road pavement, and narrow seal width, deteriorating road shoulders. Reconstruct road pavement and widening. Council own source funding will be used to complete project.	\$1,584,162	\$1,728,000	Nov-28	Apr-29
129844-24NSW-RTR	NSW	Maitland City Council	Mt Vincent Road, East Maitland	Condition of surface and pavement is poor including extensive cracking and rutting. Mt Vincent Road incurs high volumes of traffic including heavy vehicles accessing the resource recovery facility and lower hunter fire control centre. It is a road with access to the Hunter Expressway and a route to the New England Highway. 500 m rehabilitation of pavement and resealing from end of Wilton Drive turning lane to the Lower Hunter Fire Control Centre (0.1 km to 0.6 km southbound). \$403,000 funded from RTR and balance funded by Council.	\$403,000	\$1,100,000	Sep-24	Feb-25
132619-25NSW-RTR	NSW	Maitland City Council	Trappaud Road, South Maitland	Condition of surface and pavement is poor experiencing rutting and potholing on a school bus route. Addresses risk of vehicle damage and crashes. 980m of 150mm pavement overlay and new 2-coat seal wearing course. Funding sources from R2R and Council.	\$731,588	\$794,000	Sep-25	Nov-25
132620-25NSW-RTR	NSW	Maitland City Council	Luskintyre Road, Luskintyre	Condition of surface and pavement is poor experiencing rutting and potholing in a high-speed area. Addresses risk of vehicle damage and crashes. 1.78km of 300mm pavement overlay and new 2-coat seal wearing course. Funding sources from R2R and Council.	\$1,196,417	\$2,000,000	Dec-26	May-27
132622-25NSW-RTR	NSW	Maitland City Council	Windermere Road, Windermere	Condition of surface and pavement is poor experiencing rutting and potholing in a high-speed area. Addresses risk of vehicle damage and crashes. 550m of 150mm pavement overlay and new 2-coat seal wearing course. Funding sources from R2R and Council.	\$200,000	\$448,000	Sep-25	Nov-25

135154-25NSW-RTR	NSW	Maitland City Council	Racecourse Road, Rutherford	Racecourse Road is a major industrial route connecting heavy vehicles and businesses to the New England Highway. Heavy vehicle traffic is double the default assumption of 5% and 10% (Per Austroads 5.2.3), with an ADT of 4647. The road section in question is approx. 600m long with an average width of 12.6m. Road pavement and surface are in poor condition experiencing extensive longitudinal and crocodile cracking, rutting and potholing. Defects will be addressed by stabilising pavement to a depth of 260mm, and resurfacing with 50mm asphaltic concrete.	\$527,000	\$887,000	Jul-25	Jun-26
135156-25NSW-RTR	NSW	Maitland City Council	Weblands Street, Rutherford Alexandra Avenue Roundabout	Rehabilitation of the pavement and surface of Weblands Street, Rutherford from Alexandra Avenue Roundabout to Dunkley Street. This section of Weblands Street is a collector road connecting local streets to Rutherford Shopping Centre (at Alexandra Street); and the New England Highway via Denton Park Drive. Rutherford Public School is located at No. 59 Weblands Street, with almost the full frontage within the project scope. Hunter Valley buses routes 177 and 186 and school buses use this section of road. Road pavement and surface are in poor condition experiencing cracking, rutting and potholing. There are widespread signs of interim maintenance and repairs - including heavy patching and pothole repair. Rehabilitation is required to address ride quality and maintenance.	\$389,099	\$918,400	Jul-25	Jun-26
135159-25NSW-RTR	NSW	Maitland City Council	Weblands Street, Aberglasslyn	Rehabilitation of the pavement and surface of Weblands Street, Aberglasslyn between straight line kilometre 0 km to 0.53 km measured from Denton Park Drive. This section of Weblands Street is a collector road connecting local streets to Rutherford Shopping Centre (at Alexandra Street); and the New England Highway via Denton Park Drive. Hunter Valley buses routes 177 and 186 and school buses use this section of road. Road pavement and surface are in poor condition experiencing cracking, rutting and potholing. There are widespread signs of interim maintenance and repairs - including heavy patching and pothole repair. Rehabilitation is required to address ride quality and maintenance.	\$63,000	\$843,843	Jul-25	Jun-26

128280-24NSW-RTR	NSW	Mid-Western Regional Council	Cudgegong Road (Rural Road)	The road formation and seal is narrow and the road pavement is in poor condition with seal cracking, edge drops and potholes an ongoing problem. Rehabilitation of the road to widen and strengthen the pavement, providing an 8 m seal on a 9 m pavement and good drainage throughout. The balance is funded by council from Unrestricted cash.	\$846,113	\$1,541,658	Oct-24	Dec-25

Existing facilities have restricted flow capacity and inadequate inlet and outlet structures. Procure and secure storage of higher capacity flexible pipes to better manage reactive soil movement, matching concrete headwalls to ensure supply, installation of new drainage structures and reconstruction on affected road pavement.	\$75,000	\$75,000	May-25	Jun-26
132595-25NSW-RTR	NSW	Moree Plains Shire Council	Poison Gate Road (Rural Road)	This section of road is regularly inundated by medium frequency rain events resulting in blockages to travelling public and freight movements as well as damage to road structure due to surface flows. Existing facilities have restricted flow capacity and inadequate inlet and outlet structures. Procure and secure storage of higher capacity flexible pipes to better manage reactive soil movement, matching concrete headwalls to ensure supply, installation of new drainage structures and reconstruction on affected road pavement.	\$68,000	\$68,000	May-25	Jun-26

132596-25NSW-RTR	NSW	Moree Plains Shire Council	Watercourse Road (Rural Road)	This section of road is regularly inundated by medium frequency rain events resulting in blockages to travelling public and freight movements as well as damage to road structure due to surface flows. Existing facilities have restricted flow capacity and inadequate inlet and outlet structures. Procure and secure storage of higher capacity flexible pipes to better manage reactive soil movement, matching concrete headwalls to ensure supply, installation of new drainage structures and reconstruction on affected road pavement.	\$75,000	\$75,000	Mar-25	Jun-26
127346-24NSW-RTR	NSW	Mosman Municipal Council	Macpherson Street, Mosman	Asphalt road surface requires renewal. Multiple cases of severe crocodile cracking, potholes are forming frequently and "shoving" is common. Macpherson Street is a busy regional road and is adjacent to Middle Harbour Public School. Mill and re-sheet road segment and lay new asphalt surface (50 mm AC14). Where further work is required, excavate road to a depth of 150 mm and lay asphalt in 2 layers (AC20 basecourse and AC14 wearing course).	\$194,821	\$194,821	Oct-24	Nov-24
134515-25NSW-RTR	NSW	Mosman Municipal Council	Tivoli Street, Mosman	Bitumen road surface requires renewal. Crocodile and longitudinal cracking development throughout the road. Mill and road segment. Correct pavement shape and remove soft spots. Lay new 50mm AC10 wearing course.	\$80,000	\$80,000	Dec-25	Dec-25
135223-25NSW-RTR	NSW	Mosman Municipal Council	Military Road, Mosman	Asphalt road surface and concrete base requires renewal. Multiple cases of pothole formation and "shoving" is common. Military Road is a busy and important route for the local community and businesses. Mill and re-sheet road segment and lay new asphalt surface (50 mm AC14). Some sections of road require renewal of the concrete base as it is causing reflective cracking and pothole development on the asphalt surface.	\$190,000	\$190,000	Apr-26	May-26
128286-24NSW-RTR	NSW	Murray River Council	Centre Road (Rural Road)	Road is too narrow to cater for heavy vehicles resulting in vehicular conflicts, and improved access into Moama Waste Facility. It is proposed to widen and seal the road to 8.0 m width. Council will joint fund this project.	\$1,300,000	\$1,500,000	Aug-24	Jan-26

128419-24NSW-RTR	NSW	Murray River Council	Wakool Street, Barham	Wakool Street into Chester Street is the primary movement however with no traffic calming, signage or line marking and with a narrow pavement around bend/intersection, a number of close encounters have occurred. An unsealed section of Wakool Street enters the intersection on a skewed angle, affecting sight lines, while also bringing loose material into the intersection. Install traffic calming, line marking and signage to control traffic movements and speed. Widen intersection and approaches. Formalise, reconstruct and seal Wakool Street from the east at the intersection with Chester Street.	\$190,053	\$190,053	Aug-24	Jun-25
128420-24NSW-RTR	NSW	Murray River Council	Speewa Road (Rural Road)	Road is too narrow for heavy vehicles resulting in close vehicular conflicts. It is proposed to widen and seal to 8.0 m width and flatten road batters.	\$516,876	\$516,876	Aug-24	Jun-25
128421-24NSW-RTR	NSW	Murray River Council	North Barham Road (Rural Road)	Road is too narrow to cater for heavy vehicles and pavement failures resulting in poor wearing surface. Improve road super-elevation around bend including improved signage and line marking at intersections. It is proposed to widen and seal the road to 8.0 m width.	\$488,649	\$488,649	Aug-24	Jun-25
132830-25NSW-RTR	NSW	Murray River Council	Wakool Road (Rural Road)	Road is too narrow for heavy vehicles resulting in close vehicular conflicts. It is proposed to widen and seal to 8.0 m width and flatten road batters where required.	\$656,000	\$656,000	Aug-25	Jun-26
132831-25NSW-RTR	NSW	Murray River Council	Wakool Road (Rural Road)	Road is too narrow for heavy vehicles resulting in close vehicular conflicts. It is proposed to widen and seal to 8.0m width and flatten road batters where required.	\$944,000	\$944,000	Aug-25	Jun-26

127286-24NSW-RTR	NSW	Narrabri Shire Council	Bowen Street, Narrabri	The 120 metre drainage system, which is quite old, struggles to effectively manage excess water during periods of heavy rainfall, making it less reliable during wet weather. All existing kerb is to be replaced with 150 mm upright kerb.	\$68,978	\$68,978	Jul-24	Dec-24

127287-24NSW-RTR	NSW	Narrabri Shire Council	Violet Street, Narrabri	The Level 2 inspection of Violet Street Bridge identified: Moderate cracking on the abutment headstocks; severe rotation and undermining of the wingwalls; loss of material from behind abutments; scour of piles at piers; moderate loss of fines on pier blade walls; and movement of bearings. Raising the level of the bridge and approaches above moderate/major flood will reduce the impact on staff resources and provide ongoing access for the community during floods. The new bridge will prevent the need for constant monitoring by Council during rain events, short notice removal of the guard rails and road closure. The removal of the existing timber bridge and replacement with a concrete and steel reinforced structure and approaches designed to increase flood immunity, it will be built in accordance with relevant Australian Standards and Traffic for NSW specifications featuring unrestricted load capacity, dual traffic lanes with dual shared pathway on along both lengths and improved approaches (15 m wide x 64 m length). The Bridge will be funded with a joint grant from both the Australian and State Government for a total funding allocation of \$5,000,000 under the NSW Betterment Program.	\$2,000,000	\$7,000,000	Oct-24	Jun-26
129306-24NSW-RTR	NSW	Narrabri Shire Council	Old Narrabri Rd, Narrabri	Tulla Mullen Creek Bridge is located along the unsealed Old Narrabri Road approximately 9.8 km south of the Turrawan Road intersection. The bridge is approximately 25 km south of the Narrabri township. The existing timber bridge is 23.4 m long with a trafficable width of 4.8 m and a load limit of 12 tonnes. The existing bridge is in very poor condition with rotting timber decking and there is section loss of some planks. Connection bolts are missing in some locations. There is a settlement defect at the western approach causing a step. The structure does not have a vehicle restraint barrier and as such does not meet code requirements ultimately putting road users at risk. The single lane bridge is used by heavy vehicles from surrounding agricultural properties and an adjacent gravel quarry. The bridge is subject to flooding. This project will replace the single lane timber bridge structure with a longer dual lane concrete structure that is 48 m long and 9 m wide to support the use of modern heavy vehicles, improve the serviceability of the bridge and provide safer access for passenger vehicles. Transport for NSW are funding the balance of the project \$2,342,500.	\$50,000	\$2,392,500	Oct-24	Jun-25

133921-25NSW-RTR	NSW	Narrabri Shire Council	Killarney Gap Road, Narrabri	This area frequently experiences drainage issues and restricts access for road users. 129756-24NSW-RTR	NSW	Narrandera Shire Council	Landervale Road (Rural Road)	Unsealed gravel road wearing to due to heavy vehicle traffic, during wet weather increased deterioration. New bitumen seal 6 m wide on existing gravel surface.	\$148,266	\$148,266	Nov-24	Dec-24
129772-24NSW-RTR	NSW	Narrandera Shire Council	Centenary Road (Rural Road)	Poor condition of road due to loss of gravel making the road unsafe. Gravel re-sheet 100 mm thick at 6.0 m wide.	\$104,801	\$104,801	Nov-24	Dec-24
130068-24NSW-RTR	NSW	Narrandera Shire Council	Geddes Road (Rural Road)	Poor condition of road due to loss of gravel making the road unsafe. Gravel 100 mm thick at 6.0 m wide.	\$123,994	\$123,994	Dec-24	Apr-25

130495-24NSW-RTR	NSW	Narrandera Shire Council	Tubbs Road (Rural Road)	Poor condition of road due to loss of gravel making the road unsafe. Gravel 100 mm thick at 6.0 m wide.	\$39,470	\$39,470	Feb-25	Apr-25
130496-24NSW-RTR	NSW	Narrandera Shire Council	Bullock Tank Road (Rural Road)	Unsealed gravel road wearing due to heavy vehicle traffic, during wet weather increased deterioration. New bitumen seal 6 m wide of existing gravel surface.	\$71,812	\$71,812	Mar-25	May-25
131086-24NSW-RTR	NSW	Narrandera Shire Council	Lismoyle Road (Rural Road)	Unsealed gravel road wearing due to heavy vehicle traffic. New bitumen 2-coat seal to the remaining 5.3 km of Lismoyle Road. The seal will be 6 m wide. The remainder of the funds are from The NSW Government - Infrastructure Betterment Funds.	\$85,909	\$280,000	Apr-25	Jun-25
131884-25NSW-RTR	NSW	Narrandera Shire Council	Euratha Road (Rural Road)	Unsealed gravel road wearing due to heavy vehicle traffic. New bitumen 2-coat seal 6 m wide to the remaining 7.23 km of Euratha Road. The remainder of the funds are from the NSW Government - Regional Emergency Road Repair Fund.	\$370,000	\$820,000	Jul-25	Dec-25
134217-25NSW-RTR	NSW	Narrandera Shire Council	Yapunyah Lane, Barellan	Poor road pavement that make access difficult, slippery and boggy in wet weather. Remove and replace road pavement.	\$110,000	\$110,000	Sep-25	Nov-25
134218-25NSW-RTR	NSW	Narrandera Shire Council	Bendee Lane, Barellan	Poor road pavement that make access difficult, slippery and boggy in wet weather. Remove and replace road pavement.	\$63,000	\$63,000	Sep-25	Nov-25
134970-25NSW-RTR	NSW	Narrandera Shire Council	Willandra Street, Grong Grong	Poor road pavement that make access difficult, slippery and boggy in wet weather. Gravel re-sheet 100 mm thick at seal. Council is funding the remaining costs.	\$51,000	\$65,000	Nov-25	Mar-26
134971-25NSW-RTR	NSW	Narrandera Shire Council	Bunganbil Street, Grong Grong	Poor road pavement that make access difficult, slippery and boggy in wet weather. Gravel re-sheet 100 mm thick and seal. Council is funding the remaining costs.	\$3,000	\$9,000	Dec-25	Mar-26
134972-25NSW-RTR	NSW	Narrandera Shire Council	Berrembed Street, Grong Grong	Poor road pavement that make access difficult, slippery and boggy in wet weather. 300m long gravel re-sheet 100 mm thick and seal. Council is funding the rehabilitation costs and RTR funding will be used for sealing works.	\$10,000	\$30,000	Dec-25	Mar-26
134988-25NSW-RTR	NSW	Narrandera Shire Council	Landervale Rd (Rural Road)	This is the last section of gravel road on Landervale Road and front an existing residents. The road is also a bus route, so the sealing will reduce dust, prolong pavement life and improve driver safety. New 2-coat bitumen seal 6 meters wide.	\$255,000	\$255,000	Nov-25	Dec-25
129192-24NSW-RTR	NSW	Narromine Shire Council	Fourth Avenue, Narromine	Rectification of the drainage issues along Fourth Avenue at the above work location. Construction of boxed kerb and gutter for 110 m including upgrade of pavement between edge of bitumen and kerb and gutter.	\$100,000	\$100,000	Jul-24	Mar-25

129755-24NSW-RTR	NSW	Narromine Shire Council	Meryula Street, Narromine	Rectification of drainage issues within sub-catchments in the township along the route proposed and additional streets within the area. Construction of a 1050 mm pipeline from Burraway Street on the grade per the design to the outlet at the river bank of the Macquarie River. The proposed work is split funded between RTR (\$500,000) and Resources for Regions Round 9 (\$2,000,000)	\$900,000	\$2,900,000	Jan-25	Dec-25
131001-24NSW-RTR	NSW	Narromine Shire Council	Dandaloo Street, Narromine	Asphalt surface has aged and developed failures which includes deformation in sections, heavy cracking and shoving. Mill 100 mm of surface, compact the sub-base and import and lay 100 mm of asphaltic material to Transport for NSW specifications.	\$311,443	\$311,443	Mar-25	Apr-25
131002-24NSW-RTR	NSW	Narromine Shire Council	Dandaloo Street, Trangie	Pavement has aged and was not designed to cater for the larger loads being applied to the roadway causing heavy deformation and failures. Remove material that has failed, pulverise and stabilise the subgrade, import material and lay as per design.	\$148,224	\$148,224	Mar-25	Apr-25
131003-24NSW-RTR	NSW	Narromine Shire Council	Enmore Street, Trangie	Table drain issues on both sides of the roadway, includes poor drainage and pooling of water in peoples driveways. Regrade of the drain line to alleviate the drainage issues and install culvert and dish drains along the route for access to properties.	\$214,500	\$214,500	Mar-25	Jun-26
131903-25NSW-RTR	NSW	Narromine Shire Council	Dandaloo Road, Narromine	Bitumen surface has aged and is part useful life. Bitumen surfacing at 7m wide over entire 3.40km length of road including line marking. Remaining balance to be funded by Federal Assistance Grants Scheme.	\$109,709	\$133,200	Jan-25	Jun-25
133715-25NSW-RTR	NSW	Narromine Shire Council	Bulgandramine Road, Narromine	Rectification of drainage issues. The culvert is in poor condition and requires replacement. On Bulgandramine Road at the above location. Construction of a replacement culvert network, upstream and downstream scour protection, guardrails and road sealing.	\$200,000	\$200,000	Oct-25	Jun-26
133716-25NSW-RTR	NSW	Narromine Shire Council	Moss Avenue, Narromine	Rectification of pavement and drainage areas along Moss Avenue. Construction of road base, wearing surface and boxed kerb and gutter throughout the entire Street.	\$500,000	\$500,000	Feb-26	Dec-26

128192-24NSW-RTR	NSW	Newcastle City Council	Memorial Drive, The Hill	The original construction was to cut and fill for the identified section of Memorial Drive, the fill material is the support material under the road and adjacent embankment. The site has been affected from stormwater drainage runoff from the road contributing to erosion and partial embankment slip as well the non-engineered fill under the road and for supporting embankment. Proposed project is to stabilise material within road boundary and manage stormwater runoff from the road. Key objectives •Maintain existing road on key access point to City of Newcastle Support road maintenance and long term stability on bus and tourism route. •Allow for increased road loading for expansion of tourism and transport. •Reduce likelihood of road collapse and closure. Stabilisation of existing road embankment, footway and road formation through combination of retaining wall, piling, stormwater changes, kerb and gutter, reprofiling and pavement replacement and resurfacing. City of Newcastle will fund the balance.	\$3,324,777	\$3,454,725	Jul-24	Mar-25
127950-24NSW-RTR	NSW	North Sydney Council	Willoughby Road, Crows Nest	This project will rectify existing structural road defects. These defects include significant structural and environmental cracking, high roughness, and rutting. The work involves reconstructing concrete base course to address defects. The existing wearing course (variable thickness 50 mm to 100 mm) to be milled and replaced with asphalt.	\$289,401	\$289,401	Aug-24	Sep-24
127965-24NSW-RTR	NSW	North Sydney Council	Fifth Avenue, Cremorne	This project will rectify existing structural road defects. These defects include significant structural and environmental cracking, high roughness, and rutting. The work involves an asphalt treatment of 50 mm. The existing road will be milled 50 mm and replaced with asphalt. Balance of funding from Council own source funds.	\$106,593	\$166,086	Sep-24	Sep-24
133498-25NSW-RTR	NSW	North Sydney Council	Ben Boyd Road, Neutral Bay	This project will rectify existing structural road defects. These defects include significant structural and environmental cracking, high roughness, and rutting. The work involves a deep lift asphalt treatment up to a depth of 150mm. The existing road will be milled up to a depth of 150mm and replaced with asphalt.	\$177,651	\$235,453	Jan-26	Apr-26
133499-25NSW-RTR	NSW	North Sydney Council	Grosvenor Street, Neutral Bay	This project will rectify existing structural road defects. These defects include significant structural and environmental cracking, high Roughness, and rutting. The work involves a deep lift asphalt treatment up to a depth of 175mm. The existing road will be milled up to a depth of 175mm and replaced with asphalt.	\$141,295	\$141,295	Jan-26	Apr-26

133500-25NSW-RTR	NSW	North Sydney Council	Grosvenor Street, Neutral Bay	This project will rectify existing structural road defects. These defects include significant structural and environmental cracking, high Roughness, and rutting. The work involves a deep lift asphalt treatment up to a depth of 175mm. The existing road will be milled up to a depth of 175mm and replaced with asphalt.	\$168,431	\$168,431	Jan-26	Apr-26
127172-24NSW-RTR	NSW	Northern Beaches Council	South Creek Road, Cromer	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete. This project will be jointly funded under the Roads to Recovery Program and Council's Road Program funded from Council's own source of funding.	\$265,673	\$1,297,467	Sep-24	Jun-25
127173-24NSW-RTR	NSW	Northern Beaches Council	Hayes Street, Balgowlah	Ageing road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$186,000	\$186,000	Oct-25	Apr-26
127174-24NSW-RTR	NSW	Northern Beaches Council	Pitt Street, Manly Vale	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$98,819	\$98,819	Nov-24	Mar-25
127220-24NSW-RTR	NSW	Northern Beaches Council	Hunter Street, North Balgowlah	Ageing road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$236,291	\$236,291	Aug-24	Oct-24
127221-24NSW-RTR	NSW	Northern Beaches Council	Bardo Road, Newport	Ageing road pavement is distressed with cracks, patches and potholes. Repair the pavement and resurface with asphaltic concrete.	\$150,679	\$150,679	Aug-24	Oct-24
127222-24NSW-RTR	NSW	Northern Beaches Council	Sturt Street, Frenchs Forest	Ageing road pavement is distressed with cracks, potholes and patches due to changing traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$160,571	\$160,571	Aug-24	Oct-24
127557-24NSW-RTR	NSW	Northern Beaches Council	Hogan Street, Balgowlah Heights	Ageing road pavement is distressed with cracks, patches and potholes. Repair the pavement and resurface with asphaltic concrete.	\$320,864	\$320,864	Aug-24	Feb-25
127559-24NSW-RTR	NSW	Northern Beaches Council	Pindrie Place, Belrose	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$36,950	\$36,950	Sep-24	Feb-25
128829-24NSW-RTR	NSW	Northern Beaches Council	Adina Road, Curl Curl	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$74,161	\$74,161	Aug-24	Sep-24
128834-24NSW-RTR	NSW	Northern Beaches Council	Verona Street, North Narrabeen	Ageing road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$115,076	\$115,076	Jan-25	Apr-25
128984-24NSW-RTR	NSW	Northern Beaches Council	Ross Street, Newport	Ageing road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$157,485	\$157,485	Aug-24	Oct-24

129080-24NSW-RTR	NSW	Northern Beaches Council	Foxall Street, Elanora Heights	Ageing road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete. This project will be jointly funded under the Roads to Recovery Program and Council's Road Program funded from Council's own source of funding.	\$160,000	\$310,000	Sep-24	Mar-26
129699-24NSW-RTR	NSW	Northern Beaches Council	Quirk Road, Manly Vale	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete. This project will be jointly funded under the Roads to Recovery Program and Council's Road Program funded from Council's own source of funding.	\$339,000	\$633,000	Oct-25	Feb-26
129743-24NSW-RTR	NSW	Northern Beaches Council	Jacaranda Place, Manly Vale	Ageing road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$32,269	\$32,269	Nov-24	Mar-25
131525-24NSW-RTR	NSW	Northern Beaches Council	Owen Stanley Avenue, Allambie Heights	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$150,587	\$150,587	Jul-25	Dec-25
131526-24NSW-RTR	NSW	Northern Beaches Council	Terama Street, Bilgola Plateau	Ageing road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$340,000	\$340,000	Jul-26	Dec-26
131527-24NSW-RTR	NSW	Northern Beaches Council	Quirk Street, Dee Why	Ageing road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$320,000	\$320,000	Aug-25	Apr-26
131724-24NSW-RTR	NSW	Northern Beaches Council	McIntosh Road, Dee Why	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. This project will be jointly funded under the Roads to Recovery Program and Council's Road Program funded from Council's own source of funding.	\$180,000	\$1,250,000	Oct-25	May-26
133491-25NSW-RTR	NSW	Northern Beaches Council	Oceana Street, Narrabeena	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$223,489	\$223,489	Sep-25	Sep-25
134248-25NSW-RTR	NSW	Northern Beaches Council	Samuel Street, Mona Vale	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete.	\$490,000	\$490,000	Oct-25	Mar-26
134470-25NSW-RTR	NSW	Northern Beaches Council	Florida Road, Palm Beach	Road pavement is distressed with cracks, potholes and patches due to increased traffic condition. Repair the pavement and resurface with asphaltic concrete. This project will be jointly funded under the Roads to Recovery Program and Council's Road Program which is funded from Council's own source of funding	\$205,163	\$521,979	Apr-25	Nov-25
130125-24NSW-RTR	NSW	Oberon Council	Shooters Hill Road (Rural Road)	Seal has been worn and become slippery requiring resealing. Bitumen reseal and line marking.	\$186,553	\$186,553	Feb-25	May-25

132967-25NSW-RTR	NSW	Oberon Council	Gingkin Road	Overgrown vegetation and drainage work to prevent further damage to pavement and drainage problems. Currently water is pooling on the road carriage way causing safety concerns and pavement damage. Remove overgrown vegetation and clear out table drains from road reserves.	\$85,000	\$85,000	Aug-25	Mar-26
132977-25NSW-RTR	NSW	Oberon Council	Horace Street, Oberon	Cracked and damaged pavement water able to get into road base and causing road de-formation. Reconstruction of road 12m width and 240m length and double coat bitumen seal.	\$150,000	\$150,000	Oct-26	Jun-27
134954-25NSW-RTR	NSW	Oberon Council	North Street, Oberon	Pavement distress and structural deformation. Visible cracking and wear as well as pavement fatigue. Reconstruct and reshape pavement using DGB20 gravel and two coat seal.	\$273,760	\$273,760	Nov-25	Mar-26
134955-25NSW-RTR	NSW	Oberon Council	Sirius St, Oberon	Sirius Street is currently affected by surface cracking and aggregate loss. Highlighting the need for a reseal to restore surface integrity and prevent further asset decline. Resealing.	\$70,000	\$70,000	Nov-25	Mar-26
134956-25NSW-RTR	NSW	Oberon Council	Endeavour St, Oberon	A targeted section of the roadway, measuring approximately 306 m ² , is exhibiting structural and surface distress. This area presents with cracking and visible wear, suggesting pavement fatigue and potential subgrade instability. These defects compromise the structural integrity and pose a risk to safe and reliable road use. The remainder of the road, while not structurally compromised, is showing signs of surface wear and cracking within the seal layer. 1. Localised Pavement Repair (306 m ²): Excavate and patch the failed section to restore structural integrity. This will involve removal of the distressed pavement, assessment of the underlying layers, and reinstatement with appropriate materials. 2. Surface Resealing (Full Extent): Following patching, the entire affected road section will be resealed. This will prevent moisture ingress, improve surface texture and skid resistance, and extend the pavement's service life. The reseal will also help mitigate further cracking and wear across the broader road surface.	\$108,570	\$108,570	Nov-25	Mar-26

134957-25NSW-RTR	NSW	Oberon Council	Butterfactory Lane, (Rural Road)	Butterfactory Lane is showing signs of surface oxidation, cracking, and aggregate loss, along with flushing and localised deformation, indicating that the pavement has deteriorated both functionally and structurally—compromising safety, waterproofing, and ride quality, and necessitating a reseal to prevent further damage and extend the asset's life. Proposed corrective actions for Street Y include sealing cracks, patching potholes, repairing edge breaks, and cleaning the surface to prepare for a spray seal treatment that will restore waterproofing and skid resistance. The works will also address drainage deficiencies to improve water runoff and rectify existing pavement defects such as flushing, deformation, and aggregate loss—ensuring long-term asset performance and safety.	\$238,198	\$238,198	Nov-25	Mar-26
130380-24NSW-RTR	NSW	Orange City Council	Winter Street, Orange	Narrow pavement, poor drainage. Widening and formalising road with kerb and gutter and improved drainage. Balance of project cost to be funded by Orange City Council.	\$310,000	\$1,020,000	Feb-25	Mar-25
130660-24NSW-RTR	NSW	Orange City Council	Anson Street, Orange	Pavement failures and poor ride quality. Reconstruction of pavement at the roundabout.	\$350,000	\$350,000	Apr-25	May-25
134889-25NSW-RTR	NSW	Orange City Council	Huntley Road, Orange	Narrow poor quality road pavement. Widen, improve and seal the existing road pavement and add formalised parking on the Western side outside the sports precinct. Co-funding for the balance of the project is by Orange City Council, the Commonwealth through the Growing Regions program R2 and the NSW State Government through Fixing Local Roads R3 and Regional NSW - Infrastructure and Job Acceleration Fund.	\$320,000	\$3,577,868	Nov-25	Feb-26
134890-25NSW-RTR	NSW	Orange City Council	McNamara Street, Orange	Poor quality pavement. Rehabilitate existing pavement.	\$228,354	\$228,354	Feb-26	Mar-26
134891-25NSW-RTR	NSW	Orange City Council	Phillip Street, Orange	Poor quality road pavement. Rehabilitate the existing pavement.	\$150,000	\$150,000	Mar-26	Apr-26
134892-25NSW-RTR	NSW	Orange City Council	Woodward Street, Orange	Poor quality pavement. Undertake pavement rehabilitation.	\$750,000	\$750,000	Feb-26	Apr-26

129632-24NSW-RTR	NSW	Parkes Shire Council	Bogan Road (Rural Road)	Bogan Road is a collector road, which is extensively used by heavy vehicles. Due to the increasing number of heavy vehicles using the intersection Taweni Road and Bogan Road, a channelised right hand turn will be installed to improve safety on the intersection. The substandard bends in the additional section will be realigned to allow for a safety improvement. The works will include the upgrade of three causeways at different locations on Bogan Road, which gets damaged in heavy rain. The scope of works are for the extension of seal for 4 km including horizontal and vertical alignment improvements, upgrade of 3 causeways to improve freight efficiency and HML access and 16 km unsealed road to improve drainage, horizontal and vertical alignment and pavement profile. The project is co-funded by Transport for New South Wales, Local Council - Spec Purp Grants (R&OM).	\$800,000	\$2,348,256	Oct-24	Jun-25
129821-24NSW-RTR	NSW	Parkes Shire Council	Federal Street, Parkes	The existing pavement has been damaged by an increase of heavy vehicles, creating poor pavement. Additionally the street is a narrow industrial road with stormwater issues. It is proposed to reconstruct 300 m of existing pavement and install kerb and gutter. Address the localised stormwater issues in the verge. Widen the existing street, upgrade the intersections of Saleyards Road and Federal Street, and the intersection of Federal Street and Matthews Street. Increase the pavement depth and create a pavement suitable for the increased number of heavy vehicles movement.	\$868,801	\$868,801	Oct-24	Mar-25
131483-24NSW-RTR	NSW	Parkes Shire Council	Austral Street, Trundle	Intersection sight distance, poor pavement conditions and drainage improvements. Realignment of intersection angle to the in main road, on Forbes Street. Culvert sized in accordance with flood study recommendations. The balance of the project funding is from Restart NSW.	\$605,303	\$777,327	Mar-25	Jun-25

135150-25NSW-RTR	NSW	Parkes Shire Council	Victoria Street. Parkes	The project involved reshaping and upgrading sections of the urban road network to improve stormwater drainage performance, pavement condition, and overall road safety within the Parkes urban area. Works included reshaping the existing road surface and shoulders to achieve appropriate levels and ensure effective integration with newly constructed kerb and gutter, allowing stormwater to be efficiently captured and conveyed within the existing road drainage system. Additional works included a road reseal between Bogan Street and Ward Street, and the construction of a new sealed pavement section on Victoria Street between Currajong Street and Clarinda Street. These improvements enhance pavement durability, reduce maintenance requirements, and improve accessibility and safety for all road users while protecting adjacent properties from stormwater impacts.	\$400,000	\$400,000	Jun-25	Jan-26
135153-25NSW-RTR	NSW	Parkes Shire Council	Coradgery Road, Peak Hill	The Coradgery Road upgrade project involves the rehabilitation of the existing pavement, clearing and reinstatement of table drains, and reshaping of the road crossfall to improve drainage performance. These works will enhance road safety, improve structural integrity of the road, and provide more efficient and reliable access for heavy vehicles and local traffic.	\$600,000	\$600,000	Oct-25	Mar-26
135184-25NSW-RTR	NSW	Parkes Shire Council	Golf Club Road, Peak Hill	The Golf Club Road, Peak Hill reseal project involves the application of a new bituminous seal to the existing pavement to restore surface condition and extend the service life of the road. The works are designed to address surface deterioration, and enhance ride quality for all road users. Upon completion, the reseal will improve safety, reduce ongoing maintenance requirements, and provide a more durable and reliable road surface for local traffic.	\$354,207	\$354,207	Jan-26	Feb-26
135190-25NSW-RTR	NSW	Parkes Shire Council	Anderson Street, Tullamore	Works on Anderson Street will involve improving drainage, widening the road, and resealing the pavement to provide a safer and more reliable road for all users.	\$50,000	\$50,000	Jul-25	Jun-26
135191-25NSW-RTR	NSW	Parkes Shire Council	Back Trundle Road, Parkes	The Back Trundle Road project includes the cleaning and reinstatement of existing drainage systems, reconstruction of road shoulders, and resealing of the pavement. These works will improve stormwater runoff, strengthen pavement edges, and enhance overall road safety and durability. Upon completion, the road will provide more reliable access and reduced maintenance requirements for local and through traffic.	\$300,000	\$300,000	Jul-25	Jun-26

130021-24NSW-RTR	NSW	Penrith City Council	St Clair Avenue, St Clair	St Clair Avenue is a Minor Collector road which, according to Council records, was constructed circa 1975. The road has experienced numerous failures with rutting, crocodile cracking and patches and has been repaired via heavy patching. Due to the age of the road and the increasing traffic volume it is suggested that the existing base materials need to be replaced with full depth asphalt. It is proposed to replace the base material to the trafficable lane with the asphalt and provide a 50 mm asphalt wearing surface.	\$579,207	\$579,207	May-25	May-25
130023-24NSW-RTR	NSW	Penrith City Council	Jamison Road, Kingswood	Jamison Road is a Collector road which, according to Council records, was constructed circa 1975. The road has experienced numerous failures with rutting, crocodile cracking and failed patches and has been repaired via heavy patching. Due to the age of the road and the increasing traffic volume it is suggested that the existing base materials need to be replaced with full depth asphalt to the trafficable lane at selected sections of westbound lane. It is proposed to replace the base material to the trafficable lane where needed with the asphalt and provide a 50 mm asphalt wearing surface.	\$522,298	\$522,298	Mar-25	Apr-25
133593-25NSW-RTR	NSW	Penrith City Council	Bringelly Road, Kingswood	Bringelly Road is a Minor Collector road which, according to Council records, was constructed circa 1975. The road has experienced numerous failures with rutting, crocodile cracking and patches and has been repaired via heavy patching. Due to the age of the road and the increasing traffic volume it is suggested that the existing base materials need to be replaced with full depth asphalt and to provide a 50mm AC14 wearing surface. It is proposed to replace the base material to the trafficable lane with the asphalt and provide a 50mm asphalt wearing surface. Below is a list of the works proposed to 760m length of road by 13m wide: 50mm AC14 wearing surface 100mm AC20 base Not Compliant.	\$941,198	\$941,198	Sep-25	Oct-25

133595-25NSW-RTR	NSW	Penrith City Council	Derby Street, Penrith	Derby Street is a Major Collector road which, according to Council records, was constructed circa 1980. The road has experienced with localised number of failures with rutting, crocodile cracking and failed patches of entire carriageway due to the increased traffic which resulted the significance development along Derby Street. It is proposed to replace the subgrade material with the quality selected fill and provide a AC20 deep lift asphalt base with 50mm AC14 asphalt wearing surface. Below is a list of the works proposed to 400m length of road by 12m wide: 250mm selected fill 130mm AC20 base 50mm AC14 wearing surface	\$672,000	\$672,000	Aug-25	Nov-25
133597-25NSW-RTR	NSW	Penrith City Council	Peppertree Drive, Erskine Park	Peppertree Drive is a collector road which, according to Council records, was constructed circa 1977. The road has experienced numerous failures with rutting, crocodile cracking and failed patches and has been repaired via heavy patching. Due to the age of the road and the increasing traffic volume it is suggested that the existing base materials need to be replaced with fill materials with foamed stabilised base. it is proposed to replace the base material to the trafficable lane with the selected fill materials and form stabilise the base material and provide a 50mm asphalt wearing surface to 600m length of road by 12.1m wide: Below is a list of the works proposed 50mm AC14 wearing surface 200mm foamed stabilised base 250mm selected fill	\$822,450	\$822,450	Feb-26	Feb-26

129078-24NSW-RTR	NSW	Port Macquarie Hastings Council	Gordon Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. An intersection upgrade is required to cater for projected growth and to address current congestion. The overall project consists of the detailed design and construction upgrade of Gordon Street and Horton Street intersection from a roundabout to a signalised intersection. The project proposes to include new pavement works and line marking, new traffic signals, additional stormwater drainage and improved pedestrian crossing. The detailed design has now been completed, a Works Authorisation Deed (WAD) obtained from Transport for NSW and a contractor engaged to commence construction in August 2024. As the project is jointly funded, the balance will be paid by Council, including loan and reserves. With regard to the alternate funding sources •\$2R funding as applied for •\$254,663 development contributions, •\$1,500,000 Loan •And the remainder is unexpended design/initiation phase funding carried forward from 2023/24	\$1,153,595	\$3,118,258	Aug-24	Feb-25
129273-24NSW-RTR	NSW	Port Macquarie Hastings Council	Hindman Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. High traffic roads will be resealed with crumb rubber bitumen for greater wearing surface strength. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$28,029	\$37,099	Jan-25	Jun-25
129721-24NSW-RTR	NSW	Port Macquarie Hastings Council	Heather Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. High traffic roads will be resealed with crumb rubber bitumen for greater wearing surface strength. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$13,657	\$13,657	Jan-25	Jun-25

129722-24NSW-RTR	NSW	Port Macquarie Hastings Council	Morton Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. High traffic roads will be resealed with crumb rubber bitumen for greater wearing surface strength. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$5,417	\$5,417	Jan-25	Jun-25
129723-24NSW-RTR	NSW	Port Macquarie Hastings Council	Jobling Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. High traffic roads will be resealed with crumb rubber bitumen for greater wearing surface strength. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$3,168	\$4,557	Jan-25	Jun-25
129785-24NSW-RTR	NSW	Port Macquarie Hastings Council	Boronia Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. High traffic roads will be resealed with crumb rubber bitumen for greater wearing surface strength. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$4,037	\$4,037	Jan-25	Jun-26
129786-24NSW-RTR	NSW	Port Macquarie Hastings Council	Geary Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. High traffic roads will be resealed with crumb rubber bitumen for greater wearing surface strength. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$1,178	\$1,199	Jan-25	Jun-25

129790-24NSW-RTR	NSW	Port Macquarie Hastings Council	Nottingham Drive, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. High traffic roads will be resealed with crumb rubber bitumen for greater wearing surface strength. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$2,625	\$7,857	Jan-25	Jun-25
129791-24NSW-RTR	NSW	Port Macquarie Hastings Council	Castle Court, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$2,128	\$2,254	Jan-25	Jun-25
129792-24NSW-RTR	NSW	Port Macquarie Hastings Council	Little John Lane, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$1,100	\$1,275	Jan-25	Jun-25
129793-24NSW-RTR	NSW	Port Macquarie Hastings Council	Locksley Place, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$1,013	\$1,587	Jan-25	Jun-25

129794-24NSW-RTR	NSW	Port Macquarie Hastings Council	Nailor Court, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$975	\$1,557	Jan-25	Jun-25
129795-24NSW-RTR	NSW	Port Macquarie Hastings Council	Tudor Grove, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network. Low traffic roads will be resealed using an emulsion and fine-grained aggregate mix to reduce moisture ingress.	\$703	\$1,257	Jan-25	Jun-25
129837-24NSW-RTR	NSW	Port Macquarie Hastings Council	Pioneer Place, Wauchope	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network.	\$2,868	\$3,549	Jan-25	Jun-25
129838-24NSW-RTR	NSW	Port Macquarie Hastings Council	Cobblers Place, Wauchope	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network.	\$2,805	\$3,486	Jan-25	Jun-25
129839-24NSW-RTR	NSW	Port Macquarie Hastings Council	Homestead Drive, Wauchope	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network.	\$1,720	\$2,457	Jan-25	Jun-25
129840-24NSW-RTR	NSW	Port Macquarie Hastings Council	Kirmington Terrace, West Haven	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network.	\$4,935	\$6,321	Jan-25	Jun-25

129841-24NSW-RTR	NSW	Port Macquarie Hastings Council	Pelican Court, West Haven	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network.	\$465	\$923	Jan-25	Jun-25
129842-24NSW-RTR	NSW	Port Macquarie Hastings Council	Cadaga Ridge, King Creek	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing works are required to refresh the oxidised and aged seals, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road network.	\$9,174	\$13,614	Jan-25	Jun-25
129846-24NSW-RTR	NSW	Port Macquarie Hastings Council	Batar Creek Road, Kendall	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. The bitumen resealing work is required to refresh the oxidised and aged seal, reduce cracking in the wearing surface and maintain maximum resilience in the sealed road. The road will be resealed with crumb rubber bitumen for greater wearing surface strength.	\$24,297	\$24,297	Jan-25	Jun-25
129848-24NSW-RTR	NSW	Port Macquarie Hastings Council	Comboyne Street, Kendall	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. Due to aged sealed wearing surface the upper pavement level has deteriorated due to moisture ingress and resultant misshape. The upper pavement will be reconstituted by milling and remixing the upper portion and will be top dressed with additional road base material to reinstate correct shape. A two coat bitumen seal will then be applied.	\$131,180	\$131,180	Jan-25	Jun-26
131730-24NSW-RTR	NSW	Port Macquarie Hastings Council	Sunnyvale Road, Kew	Sealing the unsealed road reduces dust, controls erosion, improves durability, and lowers long-term maintenance costs. Occasional stabilisation patching, apply 10mm thick S45R seal to the existing pavement surface.	\$21,000	\$21,000	Jul-25	Jun-26
131749-24NSW-RTR	NSW	Port Macquarie Hastings Council	Blythe Street, Wauchope	The pavement surface is worn and vulnerable to moisture and traffic damage. Sealing and rack coating are needed to restore protection and ensure long-term performance. Seal with a 10mm S45R followed by a 7mm rack coat. Inspect the surface before and after application to ensure proper coverage and adhesion.	\$12,593	\$12,593	Jul-25	Jun-26

131750-24NSW-RTR	NSW	Port Macquarie Hastings Council	Tuppenny Road, Port Macquarie	The pavement requires resurfacing due to surface wear and layout inefficiencies. An asphalt overlay and reseal are planned, with improvements deferred to 2025/26. Apply a 45 mm AC10 thin asphalt concrete overlay. Review parking and line marking layout and add a 10 mm S45R reseal.	\$101,199	\$101,199	Jul-25	Jun-26
131751-24NSW-RTR	NSW	Port Macquarie Hastings Council	St Kitts Way, Bonny Hills	The existing thin asphalt layer is deteriorating and unsuitable for milling. A surface treatment is needed to restore condition without compromising underlying gravel layers. Apply micro surfacing or slurry seal, avoiding milling into gravel. The existing asphalt concrete (AC) is a maximum of 40 mm thick. Apply a 10 mm S45R seal followed by a 7 mm rack coat.	\$39,974	\$39,974	Jul-25	Jun-26
131753-24NSW-RTR	NSW	Port Macquarie Hastings Council	Shearer Street, Port Macquarie	The existing thin asphalt layer is deteriorating and unsuitable for milling. A surface treatment is needed to restore condition without compromising underlying gravel layers. Apply micro surfacing or slurry seal, avoiding milling into gravel, with existing asphalt concrete (AC) max 40mm thick. Package and bring forward to 25/26, along with Amira Drive and Adele Close. Apply 10mm S45R seal followed by a 7mm rack coat.	\$6,762	\$6,762	Jul-25	Jun-26
131754-24NSW-RTR	NSW	Port Macquarie Hastings Council	Tuppenny Road, Port Macquarie	The road pavement and wearing surface have deteriorated due to aging and high traffic volumes. Upgrades are needed to accommodate the future growth and prolong the assets lifespan. Apply a 40 mm AC10 thin asphalt concrete overlay. Postponed to 25/26 and add a 10 mm S45R seal.	\$227,458	\$227,458	Jul-25	Jun-26
131755-24NSW-RTR	NSW	Port Macquarie Hastings Council	Gore Street, Port Macquarie	Surface is aged and worn, with patching and texture loss. A 10 mm S45R seal and 7 mm rack coat will restore surface integrity, improve skid resistance, and extend pavement life. Inspect and apply a 10 mm S45R seal followed by a 7mm rack coat resealing.	\$34,960	\$34,960	Jul-25	Jun-26
131756-24NSW-RTR	NSW	Port Macquarie Hastings Council	Lake Innes Rd, Lake inns	The seal addresses surface aging, patching, texture loss, and water ingress—protecting the pavement and improving durability. Apply a 10mm S45R final seal to the pavement surface.	\$122,850	\$122,850	Jul-25	Jun-26
131757-24NSW-RTR	NSW	Port Macquarie Hastings Council	Rawdon Island Road, Sancrox	The seal addresses surface aging, patching, texture loss, and water ingress—protecting the pavement and improving durability. Apply a 10 mm S45R final seal to the pavement surface.	\$112,000	\$112,000	Jul-25	Jun-26
131758-24NSW-RTR	NSW	Port Macquarie Hastings Council	Allen Johnson Close, Sancrox	The seal addresses surface aging, patching, texture loss, and water ingress—protecting the pavement and improving durability. Apply a 10mm S45R final seal to the pavement surface.	\$21,000	\$21,000	Jul-25	Jun-26
131759-24NSW-RTR	NSW	Port Macquarie Hastings Council	Bellangry Road, Beechwood	The seal addresses surface aging, patching, texture loss, and water ingress—protecting the pavement and improving durability. Apply a 10mm S45R final seal to the pavement surface.	\$122,500	\$122,500	Jul-25	Jun-26

131760-24NSW-RTR	NSW	Port Macquarie Hastings Council	Stoney Creek Road, Wauchope	The seal addresses surface aging, patching, texture loss, and water ingress—protecting the pavement and improving durability. Apply a 10mm S45R final seal to the pavement surface.	\$129,500	\$129,500	Jul-25	Jun-26
131761-24NSW-RTR	NSW	Port Macquarie Hastings Council	Lorne Road, Kendall	The seal addresses surface aging, patching, texture loss, and water ingress - protecting the pavement and improving durability. Apply a 10 mm S45R final seal to the pavement surface.	\$122,500	\$122,500	Jul-25	Jun-26
131762-24NSW-RTR	NSW	Port Macquarie Hastings Council	Black Creek Road, Lorne	The seal addresses surface aging, patching, texture loss, and water ingress - protecting the pavement and improving durability. Apply a 10 mm S45R final seal to the pavement surface.	\$84,000	\$84,000	Jul-25	Jun-26
131763-24NSW-RTR	NSW	Port Macquarie Hastings Council	Lake Innes Drive, Lake Innes	The 50 mm DGS20 overlay and 200 mm depth strengthen the pavement, fix structural failures, and improve surface condition. Geotech assessment ensures suitability and long-term performance. Apply a nominal 50 mm DGS20 overlay, 200 mm deep, including pavement surfacing (PS) and line marking. PMHC Ops team to engage Geotechnical team for assessment.	\$390,000	\$390,000	Jul-25	Jun-26
131764-24NSW-RTR	NSW	Port Macquarie Hastings Council	Rollands Plains Road, Telegraph Point	The 50 mm DGS20 overlay and 200 mm depth strengthen the pavement, fix structural failures, and improve surface condition. Geotech assessment ensures suitability and long-term performance. Apply a nominal 50 mm DGS20 overlay, 200 mm deep, which includes pavement surfacing (PS) and line marking. PMHC Ops to engage the Geotechnical team for further assessment.	\$320,000	\$1,050,000	Jul-25	Jun-26
131765-24NSW-RTR	NSW	Port Macquarie Hastings Council	Sancrox Road, Sancrox	The 75 mm DGS20 overlay and 200 mm depth strengthen the pavement, fix structural failures, and improve surface condition. Geotech assessment ensures suitability and long-term performance. Apply a nominal 75 mm DGS20 overlay, 200 mm deep, including pavement surfacing and line marking. PMHC Ops to engage the Geotechnical team for further assessment.	\$245,000	\$245,000	Jul-25	Jun-26
131766-24NSW-RTR	NSW	Port Macquarie Hastings Council	River Park Road, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. Install a 170 mm deep lift of Asphalt Concrete (AC). PMHC Ops to engage Geotechnical and Pavement Design teams for assessment and design.	\$500,000	\$500,000	Jul-25	Jun-26
131767-24NSW-RTR	NSW	Port Macquarie Hastings Council	Sirius drive, Lakewood	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. Install a 170mm deep lift of Asphalt Concrete (AC). PMHC Ops to engage Geotechnical and Pavement Design teams for assessment and design.	\$165,000	\$165,000	Jul-25	Jun-26

132654-25NSW-RTR	NSW	Port Macquarie Hastings Council	Murray Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. Road Resurfacing Murray Street Port Macquarie (AIM 22131) from William Street (including Roundabout and approaches) to approx. 60m from Clarence Street intersection. Install a 170mm deep lift comprising 110mm AC 20 base course and 60mm AC 14 wearing course.	\$452,786	\$452,786	Jul-24	Jun-25
132655-25NSW-RTR	NSW	Port Macquarie Hastings Council	Stewarts Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. Install a 170 mm deep lift comprising 110 mm AC 20 base course and 60 mm AC 14 wearing course.	\$137,088	\$137,088	Jul-24	Jun-25
132656-25NSW-RTR	NSW	Port Macquarie Hastings Council	Lord Street, Port Macquarie	Deteriorated road pavement and wearing surface due to aged pavement and heavy traffic volumes. Pavement upgrades are required to cater for projected growth and extend asset life. Install a 170 mm deep lift comprising 110 mm AC 20 base course and 60 mm AC 14 wearing course.	\$334,826	\$334,826	Jul-24	Jun-25
132658-25NSW-RTR	NSW	Port Macquarie Hastings Council	Blackmans Point Road, Port Macquarie	The seal addresses surface aging, patching, texture loss, and water ingress - protecting the pavement and improving durability. Apply a 10mm S45R final seal to the pavement surface.	\$78,204	\$78,204	Jul-24	Jun-25
132659-25NSW-RTR	NSW	Port Macquarie Hastings Council	McMillians Drive, Blackmans Point	The seal addresses surface ageing, patching, texture loss, and water ingress—protecting the pavement and improving durability. Apply a 10mm S45R final seal to the pavement surface.	\$33,173	\$33,173	Jul-24	Jun-25
132660-25NSW-RTR	NSW	Port Macquarie Hastings Council	Lighthouse Road, Port Macquarie	Surface is aged and worn, with patching and texture loss. A 10 mm S45R seal and 7 mm rack coat will restore surface integrity, improve skid resistance, and extend pavement life. Inspect and apply a 10 mm S45R seal followed by a 7 mm rack coat resealing.	\$52,800	\$52,800	Jul-24	Jun-25
128133-24NSW-RTR	NSW	Port Stephens Council	Mustons Road, Karuah	Narrow road pavement in poor condition with no allocated pedestrian path or link to safely allow pedestrians to cross drainage culverts along Mustons Road. Road widening, kerb and gutter edge and shared path along the western side to facilitate in safe pedestrian movement. This project is jointly funded with Council funding.	\$1,000	\$2,128,378	Jul-25	Dec-25

131196-24NSW-RTR	NSW	Port Stephens Council	The Bucketts Way, Twelve Mile Creek	The Bucketts Way (MR90) is the main access road to the Mid Coast LGA from the Pacific Highway at Twelve Mile Creek. The road is a two way two lane road with a speed limit of 90 km/hr. Port Stephens LGA covers approximately the first 5 km only. This road has many run off road into tree crashes over an extended period of time. The speed limit has been reduced and several sections have been upgraded (reconstruction and shoulder construction) however works are still required to meet standards. The road is narrow with limited shoulder width and protection from roadside hazards. The community along Bucketts Way continue to raise safety concerns and highlight the need for road upgrades. 4 sections of work have been proposed. Pavement widening and guardrail installation over 2 sections totalling 1670 m. Shoulder widening and guardrail installation for 320 m. Shoulder widening, culvert widening and guardrail installation over 132 m. This project contains multiple sources of funding: State Safer roads grant of \$3,434,622, State regional roads funds \$909,324, Council funds \$98,344.	\$240,458	\$4,682,748	Sep-24	Jun-25
131197-24NSW-RTR	NSW	Port Stephens Council	Tathra Street, Raymond Terrace	Seal is old and in need of reseal to protect the road pavement. Heavy patch pavement failures and apply a reseal to the road surface.	\$89,650	\$89,650	Feb-25	Feb-25
131198-24NSW-RTR	NSW	Port Stephens Council	Holwell Circuit, Raymond Terrace	Multiple surface failures and due for reseal before small failures become larger issues. Reseal the pavement from Dawson Road north for 250 m. Additional budget required is from Councils own funds.	\$62,465	\$69,965	Sep-24	Sep-24
131199-24NSW-RTR	NSW	Port Stephens Council	Parkes Street, Nelson Bay	Asphalt seal is oxidising and degrading and requires treatment to ensure longevity. Apply asphalt rejuvenation seal to protect asphalt, seal cracks and ensure the underlying asphalt seal and road pavement lasts its full lifetime. Additional budget required is from Councils own funds.	\$8,600	\$24,000	Oct-24	Oct-24
131200-24NSW-RTR	NSW	Port Stephens Council	Wychewood Avenue, Mallabula	Old seal has degraded and cracked allowing moisture to penetrate resulting in multiple pavement failures to occur. Heavy patch failed areas and reseal the road pavement.	\$75,063	\$75,063	Apr-25	Apr-25
131210-24NSW-RTR	NSW	Port Stephens Council	Morna Point Road, Anna Bay	The seal along this section of Morna Point Road has reached the end of its life and is degrading, allowing water to enter the pavement and potholes form. Patch and reseal this section of Morna Point Road. Additional budget required is from Councils own funds.	\$65,034	\$73,034	Nov-24	Nov-24

131214-24NSW-RTR	NSW	Port Stephens Council	Hastings Drive, Raymond Terrace	The asphalt seal has oxidised and allowing moisture to enter the road pavement through cracks. Apply an asphalt rejuvenation seal to this section of road to ensure seal life and pavement longevity. Additional budget required is from Councils own funds.	\$66,125	\$78,125	Oct-24	Oct-24
131216-24NSW-RTR	NSW	Port Stephens Council	Newline Road, Raymond Terrace	Both sections have old seal which is failing and allowing moisture to enter the pavement. Patch small pavement failures and reseal segments of Newline Road to protect the road pavement from moisture ingress.	\$155,772	\$155,772	Feb-25	Feb-25
131673-24NSW-RTR	NSW	Port Stephens Council	Troman Parade, Raymond Terrace	The existing pavement seal is old, cracked and allowing moisture to penetrate resulting in multiple pavement failures. Heavy patch larger failures and reseal the pavement from Geer Street to Watt Street.	\$80,505	\$80,505	Apr-25	Apr-25
131676-24NSW-RTR	NSW	Port Stephens Council	Swan Bay Road, Karuah	Old seal has deteriorated and cracked, allowing moisture to penetrate and cause multiple small failures in the pavement. Heavy patch failed spots and apply a fresh seal to the segment.	\$81,686	\$81,686	Apr-25	Apr-25
131677-24NSW-RTR	NSW	Port Stephens Council	Auberge Close, Raymond Terrace	The asphalt seal is old and oxidised and beginning to deteriorate, requiring treatment to ensure longevity. Apply an asphalt rejuvenating seal to protect the asphalt, seal any cracks and ensure the full life of the asphalt can be achieved. Additional budget required is from Councils own funds.	\$34,470	\$37,470	Oct-24	Oct-24
131678-24NSW-RTR	NSW	Port Stephens Council	County Close, Medowie	Asphalt seal is oxidising and allowing cracks to form which is causing pavement failures to form. Apply an asphalt rejuvenation seal to seal this section of road to stop moisture ingress and reduce pavement failures. Additional budget required is from Councils own funds.	\$16,774	\$23,674	Oct-24	Oct-24
131679-24NSW-RTR	NSW	Port Stephens Council	Northview Court, Medowie	The asphalt seal is deteriorating and oxidising, allowing cracks to form and moisture to enter the pavement, causing multiple pavement failures. Apply an asphalt rejuvenation seal to the existing surface to seal the pores and cracks in the seal to reduce moisture ingress and further seal breakdown through oxidation. Additional budget required is from Councils own funds.	\$38,087	\$45,875	Oct-24	Oct-24
135090-25NSW-RTR	NSW	Port Stephens Council	Fairlands Road, Medowie	Fairlands Road is a local road with semi rural acreage. The road is narrow with multiple failures and drainage issues. The full length of Fairlands Road is to be widened and the road pavement improved and strengthened, piped stormwater crossings replaced and table drains reshaped.	\$217,411	\$2,754,211	Jul-25	Feb-26
135093-25NSW-RTR	NSW	Port Stephens Council	Tarean Road, Karuah	The road pavement has multiple failures along this section of road and is in need of rehabilitation.	\$748,848	\$1,324,810	Nov-25	Jun-26

135094-25NSW-RTR	NSW	Port Stephens Council	Italia Road, East Seaham	This section of road has multiples pavement failures, narrow and poor alignment. Works proposed include widening and reconstructing the road pavement.	\$282,589	\$2,752,084	Oct-25	Apr-26
127369-24NSW-RTR	NSW	Queanbeyan-Palerang Regional Council	Hoskinstown Road (Rural Road)	Distorted road surface. Rehabilitate and widen 1100 m of Hoskinstown by adding 100 mm of gravel to the road, stabilising the existing pavement and applying a two coat PMB seal.	\$484,000	\$484,000	Mar-25	Apr-25
127370-24NSW-RTR	NSW	Queanbeyan-Palerang Regional Council	Burra Road, Burra	Distorted road surface. Rehabilitate and widen Burra Road by adding 100 mm of gravel to the road, stabilising the existing pavement and applying a two coat PMB seal.	\$707,960	\$707,960	Mar-25	Apr-25
127371-24NSW-RTR	NSW	Queanbeyan-Palerang Regional Council	Ellendon Street, Bungendore	Distorted road surface. Rehabilitate and widen 680 m of Ellendon Street by adding 100 mm of gravel to the road, stabilising the existing pavement and applying a PMB seal.	\$272,800	\$272,800	Apr-25	Jun-25
129759-24NSW-RTR	NSW	Randwick City Council	Maroubra Road, Maroubra	End of life kerb and gutter, and vehicular laybacks which pose drainage issues and subsequent negative effect on road safety and safe pedestrian accessibility. Particularly on the northern side of the road, with isolated sections on the southern side. Proposed reconstruction of dilapidated concrete footpath, sandstone kerb and guttering and concrete vehicular laybacks. Work will include the construction of new concrete assets to address the problems in the above mentioned.	\$153,750	\$153,750	Nov-24	Dec-24
129760-24NSW-RTR	NSW	Randwick City Council	Bilga Crescent, Malabar	Asphalt road asset is at end of life e.g. wearing surface defect (potholes, stripping), base course defects (crocodile cracking and block cracking), causing a slippery when wet driving surface and rough rideability for commuters. Isolated 100 mm AC20 heavy patching and 50 mm AC10 wearing course replacement across the full width and entire extent of project.	\$215,772	\$215,772	Nov-24	Dec-24
129761-24NSW-RTR	NSW	Randwick City Council	Clovelly Road, Clovelly	End of life isolated sections of concrete and sandstone kerb and gutter, vehicular laybacks and footpath have been deteriorated overtime causing drainage issues and inhibiting safe pedestrian access. Reconstruction of sandstone assets with new concrete to restore pre-existing formation.	\$39,641	\$39,641	Dec-24	Dec-24
129768-24NSW-RTR	NSW	Randwick City Council	Anzac Parade (NB), Maroubra	Severe deterioration of asphalt road asset. Characterized by wearing course defects (crocodile cracking, stripping, etc) and base course defects (potholes, moisture ingress etc). Causes inadequate rideability for commuters and poses safety concerns. Isolated 100 mm AC28 heavy patching and 50 mm AC10 wearing course replacement entire extent of project and full width.	\$158,102	\$158,102	Dec-24	Dec-24

129776-24NSW-RTR	NSW	Randwick City Council	Anderson Street, Kingsford	Asphalt road at end of life, e.g. potholes, crocodile cracking etc. Isolated sections of kerb and gutter at end of life and causing drainage issue during high precipitation events for commuters and surrounding residents. Reconstruction of old, dilapidated kerb and gutter and 40 mm AC10 re-sheeting of the road, entire width, full extent.	\$160,772	\$160,772	Jul-24	Dec-24
131008-24NSW-RTR	NSW	Randwick City Council	Lowe Street, Clovelly	Deteriorated asphalt wearing course (potholes and cracking). 40 mm mill and 40 mm fill (wearing course) and 50 mm mill and 50 mm fill (heavy patching).	\$42,202	\$42,202	Apr-25	Apr-25
132599-25NSW-RTR	NSW	Randwick City Council	Rainbow Street, Randwick	End of life kerb and gutter which pose drainage issues and subsequent negative effect on road safety and safe pedestrian accessibility. Cracking, potholes and general dilapidated asphalt pavement. Kerb and Gutter Maintenance, Heavy Patching and Re-sheet - 40mm AC10 Mill & Fill and 50mm AC10 Patching.	\$127,367	\$127,367	Oct-25	Dec-25
132600-25NSW-RTR	NSW	Randwick City Council	Maroubra Rd, Randwick	Dilapidated asphalt pavement with potholes and crocodile cracking. 40mm AC10 Mill & Fill and 100mm AC20 HP.	\$254,052	\$254,052	Oct-25	Feb-26
132601-25NSW-RTR	NSW	Randwick City Council	Howard St, Randwick	Dilapidated Asphalt pavement, impacted by shoving, rutting and crocodile cracking. Wearing course 50mm AC10 Mill & Fill and Isolated 100mm AC20 Patching.	\$149,936	\$149,936	Aug-25	Oct-25
132602-25NSW-RTR	NSW	Randwick City Council	Arden St, Coogee	Significant potholes and pavement shoving and rutting. 150mm pavement reconstruction consisting of 50mm AC14 Mill & Fill and 100mm AC28 Patching.	\$93,160	\$93,160	Aug-25	Oct-25
132604-25NSW-RTR	NSW	Randwick City Council	Dacre St, Malabar	Dilapidated asphalt pavement, potholing and crocodile cracking. 50mm Mill & 50mm AC10 Fill and 50mm AC20 Patching.	\$231,035	\$231,035	Aug-25	Oct-25
132605-25NSW-RTR	NSW	Randwick City Council	Malabar Rd, South Coogee	Rutting, Crocodile cracking and general asphalt pavement dilapidation. Wearing coarse 50mm AC14 Mill & Fill and 100mm isolated AC28 Heavy Patching.	\$131,547	\$270,025	Oct-25	Dec-25
129193-24NSW-RTR	NSW	Richmond Valley Council	McDonalds Bridge Road, Dyraaba	Road Shoulders have failed due to the existing bitumen being narrow and being utilised on a daily basis by a high proportion of Heavy Vehicles. Widen road shoulders, improve road geometry, rehabilitate existing road pavement and provide improved roadside drainage. Jointly Funded project with Richmond Valley Council funding \$384,057, Transport for NSW funding \$635,437 under the Essential Public Asset Restoration Program & Transport for NSW funding of \$37,623 under the Regional Emergency Road Repair Fund.	\$692,883	\$1,750,000	Oct-24	Oct-25

129194-24NSW-RTR	NSW	Richmond Valley Council	Anderson Avenue, Casino	The Pavement and Kerb and Gutter are at the end of their serviceable life and are due for reconstruction. Traffic flows have increased with the construction of an aged care facility. Fully Reconstruct road, including NEW Pavement, Sub Soil Drainage, Kerb and Gutter and enhanced Stormwater Drainage.	\$415,782	\$450,000	Jan-25	Dec-25
129195-24NSW-RTR	NSW	Richmond Valley Council	Booyong Street, Evans Head	The pavement has failed due to inadequate surface and pavement drainage and a failing stormwater system. Install sub soil pavement drainage and kerb and gutter to improve pavement surface drainage. Reconstruct damaged stormwater infrastructure. Joint funded project with Richmond Valley Council funding \$122,000.	\$120,000	\$242,000	Jun-25	Feb-26
129196-24NSW-RTR	NSW	Richmond Valley Council	Little Pitt Street, Broadwater	The pavement has failed due to inadequate surface and pavement drainage and a failing stormwater system. Install sub soil pavement drainage plus kerb and gutter to improve pavement surface drainage. Reconstruct damaged Stormwater infrastructure. Jointly Funded project with Richmond Valley Council funding \$118,840	\$158,840	\$158,840	Feb-25	Jun-25
133783-25NSW-RTR	NSW	Richmond Valley Council	Stratheden Road, Stratheden	Road shoulders have failed due to the existing bitumen being narrow and utilised on a daily basis by a high proportion of Heavy Vehicles Widen road shoulders, improve road geometry, rehabilitate existing road pavement and provide improved roadside drainage.	\$1,383,548	\$1,383,548	Feb-26	Jun-26
133785-25NSW-RTR	NSW	Richmond Valley Council	Little Pitt Street, Broadwater	The pavement has failed due to inadequate surface and pavement drainage. Drainage works were undertaken in the 24/25 Roads To Recovery Program. Reconstruct failed pavement and install reconfigured speed reduction devices.	\$135,378	\$220,000	Jul-25	Oct-25
131120-24NSW-RTR	NSW	Shoalhaven City Council	Bolong Rd, Bomaderry	The concrete culvert at Abernathy's Creek near Manildra plant is a major twin box culvert that has undergone significant concrete degradation, and loss of concrete material and strength. It is proposed to repair the culvert structure without imposing any major damage, thereby significantly extending the lifetime of the entire structure. Fixing these defects quickly is important to keep road users safe and avoid accidents from structural failures. The project is jointly funded with a co-contribution of \$531,000 from the council.	\$755,000	\$1,286,000	Jul-25	Oct-25
131354-24NSW-RTR	NSW	Singleton Council	Falbrook Road, Greenlands	Rehabilitate road pavement, pavement widening and major culvert condition. Road widening to 6 m consistent with rest of Falbrook Road, and rehabilitate 2 major culverts. The balance being funded by NSW Resources for Regions Round 9 (R4R9)	\$1,467,096	\$2,287,659	Mar-25	Oct-25

129849-24NSW-RTR	NSW	Snowy Monaro Regional Council	Billilingra Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$38,375	\$38,375	Nov-24	Dec-24
129850-24NSW-RTR	NSW	Snowy Monaro Regional Council	Billilingra Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$49,668	\$49,668	Nov-24	Dec-24
129851-24NSW-RTR	NSW	Snowy Monaro Regional Council	Cambalong Rural (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$77,715	\$77,715	Feb-25	Apr-25
129864-24NSW-RTR	NSW	Snowy Monaro Regional Council	Badja Road, Badja	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$32,134	\$32,134	Nov-24	Jan-25
129865-24NSW-RTR	NSW	Snowy Monaro Regional Council	Shannons Flat Road, Shannons Flat	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$71,172	\$71,172	Nov-24	Jan-25
129866-24NSW-RTR	NSW	Snowy Monaro Regional Council	Craigie Range Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$70,019	\$70,019	Nov-24	Jan-25
129867-24NSW-RTR	NSW	Snowy Monaro Regional Council	Tombong Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$114,777	\$114,777	Jan-25	Sep-25
129868-24NSW-RTR	NSW	Snowy Monaro Regional Council	Donald Street, Bibbenluke	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$13,951	\$13,951	Apr-25	Jun-25
129869-24NSW-RTR	NSW	Snowy Monaro Regional Council	Jerangle Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unsealed wearing surface.	\$25,912	\$25,912	Apr-25	Jun-25

129870-24NSW-RTR	NSW	Snowy Monaro Regional Council	Warrens Corner Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$48,267	\$48,267	Apr-25	Jun-25
129871-24NSW-RTR	NSW	Snowy Monaro Regional Council	Brooks Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$54,195	\$54,195	Apr-25	Jun-25
129872-24NSW-RTR	NSW	Snowy Monaro Regional Council	Burnima Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$50,999	\$50,999	Apr-25	Jun-25
129873-24NSW-RTR	NSW	Snowy Monaro Regional Council	Big Yard Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$56,405	\$56,405	Apr-25	Jun-25
129874-24NSW-RTR	NSW	Snowy Monaro Regional Council	Big Yard Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. 129897-24NSW-RTR	NSW	Snowy Monaro Regional Council	Tinderry Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$87,717	\$87,717	Apr-25	Jun-25
129898-24NSW-RTR	NSW	Snowy Monaro Regional Council	Ironmungie Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$71,834	\$71,834	Apr-25	Jun-25
129899-24NSW-RTR	NSW	Snowy Monaro Regional Council	Black Lake Road, Bibbenluke	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$141,566	\$141,566	Apr-25	Jun-25
129900-24NSW-RTR	NSW	Snowy Monaro Regional Council	Gunningrah Road (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$97,327	\$97,327	Apr-25	Jun-25
129901-24NSW-RTR	NSW	Snowy Monaro Regional Council	Unnamed Laneway, West Denison	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing of 100 mm cover of approved road base suitable for use on a unseal wearing surface.	\$9,050	\$9,050	Nov-25	Nov-25

129930-24NSW-RTR	NSW	Snowy Monaro Regional Council	Polo Flat Road, Cooma	Polo Flat Road is a Regional Road and it is a vital connection road that bypasses the town between Monaro Highway from Canberra to Bombala. This road is a major industrial road in the area which is being used considerably by Snowy Hydro industry as they have their Segment factory along with various other important industries on the road such as Monaro wool, H Hardware, SMRC Depot and the like. The intention of the proposed work is to provide a more robust wearing surface and remove the risk of further defects. The work proposed on Polo Flat Road is to refurbish the existing pavement by undertaking works to stabilise and mix the subbase and base layer of the pavement together with a light binder as well as provide a 40 mm AC Pavement with SAMI layer. The start of construction would be 20 m east from Baron Street intersection and terminating at 130 m east of Carlaminda Road intersection. The total length considered under this program is 1.07 km.	\$450,000	\$450,000	Nov-25	Dec-25
131980-25NSW-RTR	NSW	Snowy Monaro Regional Council	Corrowong Road (Rural Road)	The existing road formation has widened over time leaving the culvert length inadequate to support the embankment. Extension of existing culvert inlet and outlet, widening of road formation and installation of guardrail.	\$150,000	\$150,000	Jul-25	Dec-25
133230-25NSW-RTR	NSW	Snowy Monaro Regional Council	Barry Way (Rural Road)	Precast concrete culverts were installed in 2024, subsequent storm events have raised issues with design and stormwater management. Stabilisation of existing batters and restoration of earthworks around culvert headwalls to address storm damage.	\$100,000	\$100,000	Sep-25	Dec-25
133231-25NSW-RTR	NSW	Snowy Monaro Regional Council	Geebung Street, Polo Flat	Following the agreement to establish an Emergency Operations Centre (EOC) at Polo Flat, a new access road connecting to Geebung Street is required to access the facility. Construction of new 150 m x 11.5 m wide sealed Road with roadside drainage.	\$250,000	\$250,000	Aug-25	Jun-26
133261-25NSW-RTR	NSW	Snowy Monaro Regional Council	Werralong Road (Rural Road)	Current causeway is inadequate and is subject to constant flooding, closing road. Capital upgrade of existing concrete causeway.	\$370,000	\$370,000	Sep-25	Jun-26
133869-25NSW-RTR	NSW	Snowy Monaro Regional Council	West Lynne Road (Rural Road)	During storm events, the volume of water in Grosses Plain Creek renders the road impassable for residents living at the western end of West Lynne Road. Upgrade crossing with single-lane bridge or box culvert structure to increase the level of service to residents.	\$400,000	\$400,000	Oct-25	Feb-26
134477-25NSW-RTR	NSW	Snowy Monaro Regional Council	Corrowong Road, Delegate	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$34,062	\$34,062	Feb-26	Mar-26

134478-25NSW-RTR	NSW	Snowy Monaro Regional Council	Wollondibby Road, Crackenback	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$109,200	\$109,200	Mar-26	Apr-26
134479-25NSW-RTR	NSW	Snowy Monaro Regional Council	Little Plains Road, Mila	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$44,520	\$44,520	Jan-26	Feb-26
134480-25NSW-RTR	NSW	Snowy Monaro Regional Council	Barry Way, Ingebirah	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$231,000	\$231,000	Mar-26	Apr-26
134481-25NSW-RTR	NSW	Snowy Monaro Regional Council	Poveys Road, Colinton	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$84,000	\$84,000	Oct-25	Nov-25
134482-25NSW-RTR	NSW	Snowy Monaro Regional Council	Black Range Road, Bobundara	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$84,000	\$84,000	Feb-26	Mar-26
134483-25NSW-RTR	NSW	Snowy Monaro Regional Council	Dry Plains Road, Wambrook	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$100,800	\$100,800	Feb-26	Mar-26
134484-25NSW-RTR	NSW	Snowy Monaro Regional Council	Cootralantra Road, Berridale	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$86,940	\$86,940	Dec-25	Jan-26
134485-25NSW-RTR	NSW	Snowy Monaro Regional Council	Browns Camp Road, Delegate	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results.. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$100,800	\$100,800	Jan-26	Feb-26
134486-25NSW-RTR	NSW	Snowy Monaro Regional Council	Matong Road, Numbla Vale	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$120,120	\$120,120	Mar-26	Apr-26

134487-25NSW-RTR	NSW	Snowy Monaro Regional Council	Westons Road, Crackenback	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$104,160	\$104,160	Mar-26	Apr-26
134488-25NSW-RTR	NSW	Snowy Monaro Regional Council	Bobeyan Road, Shannons Flat	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$89,040	\$89,040	Dec-25	Jan-26
134489-25NSW-RTR	NSW	Snowy Monaro Regional Council	Wild Cattle Flat Road, (Rural Road)	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$84,000	\$84,000	Nov-25	Dec-26
134490-25NSW-RTR	NSW	Snowy Monaro Regional Council	Tuross Road, Countegany	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$77,700	\$77,700	Dec-25	Jan-26
134491-25NSW-RTR	NSW	Snowy Monaro Regional Council	Tom Groggin Road, Rock Flat	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$112,980	\$112,980	Mar-26	Apr-26
134492-25NSW-RTR	NSW	Snowy Monaro Regional Council	Jimenbuen Road, Jimenbuen	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$139,020	\$139,020	Mar-26	Apr-26
134493-25NSW-RTR	NSW	Snowy Monaro Regional Council	Prestons Road, Corrowong	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$73,080	\$73,080	Mar-26	Apr-26
134494-25NSW-RTR	NSW	Snowy Monaro Regional Council	Fishy Lake Road, Mt Cooper	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$84,000	\$84,000	May-26	Jun-26
134495-25NSW-RTR	NSW	Snowy Monaro Regional Council	Wainui Road, Buckenderra	The existing road surface pavement has surpassed its useful life, and the current maintenance efforts are no longer yielding satisfactory results. Importing 100mm cover of approved road base suitable for use on a unseal wearing surface.	\$105,000	\$105,000	Nov-25	Dec-25

128260-24NSW-RTR	NSW	Snowy Valleys Council	Mayday Road, Batlow	Periodic Asset Management for oxidising and fatiguing seals. Repair and reseal.	\$47,556	\$47,556	Nov-24	Mar-25

127324-24NSW-RTR	NSW	Strathfield Municipal Council	Pemberton Street, Strathfield	Crocodile cracks, rutting, longitudinal cracks. Mill and fill with asphalt with localised heavy patching for the damaged sections.	\$76,431	\$76,431	Oct-24	Apr-25
127327-24NSW-RTR	NSW	Strathfield Municipal Council	Maria Street, Strathfield South	Crocodile cracks, rutting, longitudinal cracks. Mill and fill with asphalt with localised heavy patching for the damaged sections.	\$117,088	\$117,088	Oct-24	Mar-25
131253-24NSW-RTR	NSW	Strathfield Municipal Council	Cameron Street, Strathfield	crocodile cracks, rutting, longitudinal cracks. Mill and fill with asphalt with localised heavy patching for the damaged sections.	\$59,385	\$59,385	Mar-25	May-25
131260-24NSW-RTR	NSW	Strathfield Municipal Council	River Street, Strathfield South	crocodile cracking, rutting, longitudinal cracks. Mill and fill with asphalt with localised heavy patching for the damaged sections. Please note that the balance amount of \$45,542-\$16,405 = \$29,137 will be funded by Council as part of its own re-sheeting funding	\$16,405	\$45,542	Mar-25	May-25

133646-25NSW-RTR	NSW	Strathfield Municipal Council	Bates Street, Strathfield	Rutting, crocodile cracks, longitudinal cracks. Mill and fill with AC 10 -50mm thickness and heavy patching in the localised failed sections.	\$166,973	\$166,973	Oct-25	Mar-26
133648-25NSW-RTR	NSW	Strathfield Municipal Council	Simone Crescent, Strathfield	Crocodile cracks, rutting and longitudinal cracks. Mill and fill with AC10 -50mm thickness along with heavy patching n works at the localised failed sections.	\$66,000	\$66,000	Oct-25	Mar-26
134150-25NSW-RTR	NSW	Strathfield Municipal Council	Bennett Avenue, Strathfield South	Crocodile cracks, rutting and longitudinal cracks along the sections. Mill and Fill with AC 10 - 50mm along with heavy patching at the failed /soft spots along the section.	\$64,000	\$64,000	Oct-25	Mar-26
130235-24NSW-RTR	NSW	Sutherland Shire Council	Loftus Avenue, Loftus	The full width road pavement (800 m x 10 m) is in need of renewal and requires kerb and gutter and stormwater drainage upgrade on east side. Surface course is in poor condition and water is infiltrating the base layer due to inadequate drainage system. Road pavement reconstruction of approximately 7,700 m2. Road pavement works include 250 mm thick cement stabilised base course and a 50 mm thick asphaltic Concrete wearing course on top. Works also include the provision of kerb and gutter, stormwater drainage and traffic calming devices to control speed.	\$1,500,000	\$1,500,000	Jan-25	Jan-26
134812-25NSW-RTR	NSW	Sutherland Shire Council	Bundeena Drive, Bundeema	Bundeena Drive is showing signs of pavement deformation and failures in 2 sections. Council is getting a large amount of request from the local community regarding its condition. Bundeena Drive is the only road in and out of Maianbar and Bundeena towns and only provides narrow travelling lanes and no provision for cyclists. Full width pavement reconstruction (11m wide) approximately 30,000m2 separated into 2 sections, including the provision of an on-road cycleway on both sides of the road and vegetation clearing. Council investigating the possibility of providing a stabilised road pavement base with an asphalt surface.	\$2,057,789	\$2,057,789	Jan-26	Jun-26
130472-24NSW-RTR	NSW	Tamworth Regional Council	Barry Road, Nundle	Pavement deterioration over time has resulted in rough and heavily patched road surface. Remix and stabilise existing pavement, then reseal. Jointly funded - Council asset renewal reserves contributing \$40831.	\$270,941	\$311,772	Sep-24	Nov-24
130473-24NSW-RTR	NSW	Tamworth Regional Council	Calala Lane, Calala	Pavement deterioration over time has resulted in rough and heavily patched road surface. Remix and stabilise existing pavement, then reseal.	\$276,719	\$276,719	Jul-24	Nov-24
130474-24NSW-RTR	NSW	Tamworth Regional Council	Wallamore Road, Westdale	Pavement deterioration over time has resulted in rough and heavily patched road surface. Remix and stabilise existing pavement, then apply asphalt wearing surface. Jointly funded - Council asset renewal reserves contributing \$83,871.	\$915,522	\$999,393	Jul-24	Jun-25

130475-24NSW-RTR	NSW	Tamworth Regional Council	Carthage Street, East Tamworth	Pavement deterioration over time has resulted in rough and heavily patched road surface. Remix and stabilise existing pavement, then reseal. Jointly funded - Council asset renewal reserves contributing \$475,000 and the Local Roads and Community Infrastructure program (LRCI) Round 4 \$279,301.	\$1,530,040	\$2,005,040	Mar-25	Dec-27
131349-24NSW-RTR	NSW	Tamworth Regional Council	Burgmanns Lane, Hillview	Pavement deterioration over time has resulted in rough and heavily patched road surface. Remix and stabilise existing pavement, then reseal. Jointly funded - Local Roads and Community Infrastructure Program Phase 4 contributing \$1,530,040.	\$702,255	\$2,232,295	Oct-24	Jun-25
130342-24NSW-RTR	NSW	Temora Shire Council	Wallundry Road (Rural Road)	Worn gravel pavement with sections of subgrade exposed. Gravel . Balance of the project will be funded under Disaster Funding Recovery Arrangements (DRFA).	\$180,119	\$423,039	Oct-24	Sep-25
130438-24NSW-RTR	NSW	Temora Shire Council	Victoria Street, Temora	Flash flooding due to lack of drainage infrastructure. Construction of underground trunk and reticulation drainage and concrete lined open channel drainage. Balance of project will be funded by Transport for NSW and the Local Government Recovery Grants Program (NSW Govt).	\$850,000	\$1,400,000	Jul-24	Dec-26
133480-25NSW-RTR	NSW	Temora Shire Council	Morangarell Road (Rural Road)	Worn pavement reaching the end of its useful life. Pavement maintenance, shoulder and table drain works and pavement reseal.	\$210,000	\$210,000	Sep-25	Dec-25
133481-25NSW-RTR	NSW	Temora Shire Council	Morangarell Road (Rural Road)	Asset nearing end of life and in very poor condition. Causeway Upgrade - Replace existing causeway like-for-like.	\$250,000	\$250,000	Jul-26	Jun-27
133482-25NSW-RTR	NSW	Temora Shire Council	Wynds Road (Rural Road)	Worn gravel pavement with sections of exposed subgrade. 100mm gravel .	\$250,000	\$250,000	Oct-25	Jun-26
135147-25NSW-RTR	NSW	Temora Shire Council	Mirrool Road	Road formation construction, pavement construction, drainage construction and initial 2 coat bitumen sealing.	\$200,000	\$480,000	Sep-25	Jan-26
135148-25NSW-RTR	NSW	Temora Shire Council	Loftus Street, Temora	Loftus Street wearing surface renewal. 10mm aggregate C240 bitumen seal. Including reinstatement of line marking.	\$260,000	\$260,000	Nov-25	Jan-26

Reseal, grading shoulders, reinstating drainage for culverts and table drains, conducting pavement repairs and sealed maintenance for reseals.	\$57,109	\$57,109	Sep-24	Apr-25

128382-24NSW-RTR	NSW	Tenterfield Shire Council	Rivertree Road, Rivertree	Seal in poor condition, potholes forming, edge break and scoured shoulders. Reseal segment 25, grading shoulders, reinstating drainage for culverts and table drains, conducting pavement repairs and sealed maintenance for reseals	\$63,341	\$63,341	Sep-24	Apr-25
128384-24NSW-RTR	NSW	Tenterfield Shire Council	Back Creek Road, Back Creek	Seal in poor condition, potholes forming, edge break and scoured shoulders. Reseal segment 5, grading shoulders, reinstating drainage for culverts and table drains, conducting pavement repairs and sealed maintenance for reseals.	\$8,819	\$8,819	Sep-24	Mar-25
130258-24NSW-RTR	NSW	Tenterfield Shire Council	Black Swamp Road,Tenterfield	Seal in poor condition, potholes forming, edge break and scoured shoulders. Reseal segment 10, grading shoulders, reinstating drainage for culverts and table drains, conducting pavement repairs and sealed maintenance for reseals.	\$241,838	\$241,838	Jan-25	Apr-25
130367-24NSW-RTR	NSW	Tenterfield Shire Council	Urbenville Road, Urbenville	Sealed road pavement is in poor condition, with edge breaks, potholes, and pavement failures. Rework existing pavement with an overlay gravel and a two coat seal.	\$289,665	\$812,840	Mar-25	Sep-25
133731-25NSW-RTR	NSW	Tenterfield Shire Council	Black Swamp Road,Tenterfield	Road Seal in relatively poor condition and road pavement requires minor patching works prior to full width reseal of 5.5 metres. Black Swamp is a connector road between two regional roads - Mount Lindesay Road and Bruxner Way, and is beneficial as a bypass of Tenterfield Town Centre in case of any emergencies. A 4.66 km section of road between Mount Lindesay Road and Wellington Lookout Road is sealed and is currently in poor condition. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$205,040	\$205,040	Nov-25	Jun-26
133732-25NSW-RTR	NSW	Tenterfield Shire Council	Boundary Rd, Tenterfield	Road seal in relatively poor condition and road pavement requires minor patching works prior to full width reseal of 9 metres. Boundary Road is a connector road between Mount Lindesay Road and Bruxner Highway via Bellevue Road. A 1.12 Km section of road between Mount Lindesay Road and Bellevue Road is sealed and is currently in poor condition. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$80,640	\$80,640	Nov-25	Jun-26

133733-25NSW-RTR	NSW	Tenterfield Shire Council	Red Hill Rd, Stannum	Road seal in relatively poor condition and road pavement requires minor patching works prior to full width reseal of 6 metres. Red Hill Road is a connector road between Torrington Road and Pyes Creek Road, Stannum connecting the area to the New England Highway at Bolivia. This 3640 metres, 6 metres wide sealed section of road is currently in poor condition and requires minor patching works and full width reseal works. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$174,720	\$174,720	Nov-25	Jun-26
133734-25NSW-RTR	NSW	Tenterfield Shire Council	Plains Station Road, Tabulam	Road seal is in relatively poor condition and road pavement requires minor patching works prior to full width reseal of 6 metres. This 2650 metres, 6 metres wide sealed section of road is currently in poor condition and requires minor patching works and full width reseal works. This proposed interventional will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$127,200	\$127,200	Nov-25	Jun-26
133738-25NSW-RTR	NSW	Tenterfield Shire Council	Rouse Street (North) Tenterfield	During heavy rain events, the overall width of the flow path at the crossing is in excess of 15 metres. This has resulted in significant damage to the concrete causeway and the adjoining bitumen sealed approaches. To address the problem, Council proposes to: 1. Widen and extend the causeway with 30 metres long x 8 metres wide x 200mm thick reinforced concrete slab (1 layer SL82 mesh) 2. Upgrade the existing low flow drainage pipes with 3 x 600 diameter FJ Class 4 RCPS.	\$250,000	\$250,000	Nov-25	Jun-26
133739-25NSW-RTR	NSW	Tenterfield Shire Council	Pyes Creek Road, Bolivia	Bridges are in poor condition - which are currently in service but have exceeded, or will soon exceed, their design life and are generally showing deterioration beyond standard maintenance or repair prospects. It is proposed to replace this existing timber single lane bridge with an equivalent concrete bridges. This project is co funded with Council funding.	\$175,000	\$1,249,981	Nov-25	Jun-27
133749-25NSW-RTR	NSW	Tenterfield Shire Council	Clive Street, Tenterfield	Road seal is in relatively poor condition and road pavement requires patching works in various locations prior to full width reseal. The width of the seal varies between 5.4 – 11 metres. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$42,552	\$42,552	Nov-25	Jun-26

133750-25NSW-RTR	NSW	Tenterfield Shire Council	High Street, Tenterfield	Road seal is in relatively poor condition and road pavement requires patching works in various locations prior to full width reseal. The width of the seal varies between 5.4 – 11 metres. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$49,500	\$49,500	Nov-25	Jan-26
133751-25NSW-RTR	NSW	Tenterfield Shire Council	Scott Street, Tenterfield	Road seal is in relatively poor condition and road pavement requires patching works in various locations prior to full width reseal. The width of the seal varies between 5.4 – 11 metres. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$64,280	\$64,280	Nov-25	Jun-26
133752-25NSW-RTR	NSW	Tenterfield Shire Council	East Street, Tenterfield	Road seal is in relatively poor condition (loose stones) and road pavement requires patching works in various locations prior to full width reseal. The width of the seal varies between 5.4 – 11 metres. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$53,200	\$53,200	Nov-25	Jun-26
133754-25NSW-RTR	NSW	Tenterfield Shire Council	Pyes Creek Road, Bolivia	Bridge is in poor condition - which is currently in service but have exceeded, or will soon exceed their design life and are generally showing deterioration beyond standard maintenance or repair prospects It is proposed to replace this existing timber single lane bridge with an equivalent concrete bridge. This project is co funded with Council funding	\$175,000	\$1,249,981	Nov-25	Jun-27
133755-25NSW-RTR	NSW	Tenterfield Shire Council	Gladstone Street, Jennings	Road seal is in relatively poor condition and road pavement requires patching works in various locations prior to full width reseal. The width of the seal varies between 3.9 – 6 metres. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$79,380	\$79,380	Nov-25	Jun-26
133756-25NSW-RTR	NSW	Tenterfield Shire Council	Duke Street, Jennings	Road seal is in relatively poor condition and road pavement requires patching works in various locations prior to full width reseal. The width of the seal varies between 3.9 – 6 metres. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$42,600	\$42,600	Nov-25	Jun-26
133757-25NSW-RTR	NSW	Tenterfield Shire Council	Brushabers Road, Jennings	Road seal is in relatively poor condition and road pavement requires patching works in various locations prior to full width reseal. The width of the seal varies between 3.9 – 6 metres. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$95,316	\$95,316	Nov-25	Jun-26

133758-25NSW-RTR	NSW	Tenterfield Shire Council	Cusack Street, Jennings	Road seal is in relatively poor condition and road pavement requires patching works in various locations prior to full width reseal. The width of the seal varies between 3.9 – 6 metres. This proposed interventional treatment will preserve the pavement integrity and avoid costly repairs if reseal works are delayed.	\$57,600	\$57,600	Nov-25	Jun-26
127504-24NSW-RTR	NSW	The Council of Camden	Main Street, Mount Annan	Main Street is affected by crocodile cracking, failure. Length of treatment is approximately 350 m. It is proposed to mill and fill deep lift asphalt re-sheet.	\$281,332	\$281,332	Oct-24	Mar-25
127506-24NSW-RTR	NSW	The Council of Camden	Hartley Road, Smeaton Grange	Hartley Road is affected by crocodile cracking, failure. Length of the treatment is approximately 320 metres. It is proposed to heavy patch the traffic lane and asphalt re-sheet the surface.	\$173,622	\$173,622	Oct-24	Mar-25
127507-24NSW-RTR	NSW	The Council of Camden	Richardson Road, Narellan	Richardson Road is affected by crocodile cracking, failure. Length of treatment is approximately 220 metres. It is proposed to heavy patch where necessary and asphalt re-sheet the surface.	\$176,477	\$176,477	Oct-24	Mar-25
130654-24NSW-RTR	NSW	The Council of Camden	Cobbitty Road,Cobbitty	Cobbitty Road is affected by Crocodile cracking, failure. Length of treatment is approximately 280 metres. It is proposed to Mill and Fill asphalt the road.	\$214,858	\$214,858	Mar-25	Jun-25
130655-24NSW-RTR	NSW	The Council of Camden	Lodges Road, Narellan	Lodges Road is affected by crocodile cracking, failure. Length of treatment is approximately 260 metres. It is proposed to Mill and Fill Asphalt the road	\$185,828	\$185,828	Mar-25	Jun-25
132000-25NSW-RTR	NSW	The Council of Camden	Waterworth Drive, Mount Annan	Waterworth Drive is affected by crocodile cracking and failure. It is proposed to deep lift asphalt the surface	\$228,000	\$228,000	Dec-25	May-26
132001-25NSW-RTR	NSW	The Council of Camden	Mount Annan Drive, Mount Annan	Mount Annan Drive is affected by crocodile cracking and failure. length of the treatment is approximately 250 metres. It is proposed to heavy patch the pavement where required and asphalt re-sheet the surface.	\$175,000	\$175,000	Dec-25	May-26
132002-25NSW-RTR	NSW	The Council of Camden	Anderson Road, Smeaton Grange	Anderson Road is affected by crocodile cracking and failure. Divided Road with median island. It is proposed to deep lift asphalt re-sheet the surface.	\$271,000	\$271,000	Dec-25	May-26
132008-25NSW-RTR	NSW	The Council of Camden	Rose Drive, Mount Annan	Rose Drive is affected by crocodile cracking and failure. It is proposed to deep lift asphalt re-sheet the surface	\$230,000	\$230,000	Dec-25	May-26
132009-25NSW-RTR	NSW	The Council of Camden	William Campbell Avenue, Harrington Park	William Campbell Avenue is affected by crocodile cracking and failure. It is proposed to heavy patch the pavement where required and asphalt re-sheet the surface.	\$190,000	\$190,000	Dec-25	May-26
132010-25NSW-RTR	NSW	The Council of Camden	Spring Hill Circle, Currans Hill	Spring Hill Circle is affected by crocodile cracking and failure. It is proposed to heavy patch the pavement where required and asphalt re-sheet the surface.	\$205,000	\$205,000	Dec-25	May-26

127610-24NSW-RTR	NSW	The Council of the City of Sydney	St Marys Road, Sydney	Road pavement is showing distress with severe cracks. Potholes have been patches over time. Trees have damaged a section of kerb & gutter. Pavement damages will need to be addressed prior to resurfacing. Includes geotechnical investigation and pavement design. Defective kerb and gutter is to be repaired. Concrete pavement renewal works are to be undertaken to address critical road defects before resurfacing with 50 mm AC10.	\$253,788	\$253,788	Aug-24	Sep-24
127611-24NSW-RTR	NSW	The Council of the City of Sydney	Cathedral Street, Sydney	This section of the road has been identified for renewal from the inspections and condition assessment. Road surface has worn off and is exhibiting cracks and will require resurfacing before pavement is undermined due to water penetration. Road resurfacing - Milling existing wearing course and fill with 50 mm AC10.	\$62,805	\$62,805	Aug-24	Sep-24
127612-24NSW-RTR	NSW	The Council of the City of Sydney	Darlinghurst Road, Darlinghurst	This section of the road has been identified for renewal from the inspections and condition assessment. Surface cracks have started to open up and will require resurfacing before pavement is undermined due to water penetration. Road resurfacing - Milling of existing wearing course and fill with 50 mm AC14.	\$107,822	\$107,822	Aug-24	Sep-24
127613-24NSW-RTR	NSW	The Council of the City of Sydney	Darlinghurst Road, Darlinghurst	This section of the road has been identified for renewal from the inspections and condition assessment. Surface cracks have started to open up and will require resurfacing before pavement is undermined due to water penetration. Road resurfacing - Milling of existing wearing course and fill with 50 mm AC14.	\$150,675	\$150,675	Aug-24	Sep-24
127614-24NSW-RTR	NSW	The Council of the City of Sydney	Philip Street, Waterloo	Road pavement is showing distress and there is cracking/damage along the travel lanes. Significant pavement structural damage. Reconstruction of pavement with 100 mm AC14 and resurface with 50 mm AC10.	\$113,405	\$113,405	Aug-24	Sep-24
127615-24NSW-RTR	NSW	The Council of the City of Sydney	Philip Street, Sydney	Road pavement is showing distress and there is cracking/damage along the travel lanes. Pavement structure has significant damage. Reconstruction of pavement with 100 mm AC14 and resurface with 50 mm AC10.	\$145,655	\$145,655	Aug-24	Sep-24
127616-24NSW-RTR	NSW	The Council of the City of Sydney	Sussex Street, Sydney	This section of the road has been identified for renewal from the inspections and condition assessment. There is reflective cracking which will require to be addressed with the resurfacing before pavement is undermined due to water penetration. Road resurfacing - Milling of existing wearing course and fill with 50 mm AC14.	\$105,042	\$105,042	Aug-24	Sep-24

127617-24NSW-RTR	NSW	The Council of the City of Sydney	O'Dea Avenue, Waterloo	This section of the road has been identified for renewal from the inspections and condition assessment. Surface cracks have started to open up and will require resurfacing before pavement is undermined due to water penetration. Road resurfacing - Milling of existing wearing course and fill with 50 mm AC14.	\$124,852	\$124,852	Aug-24	Sep-24
127618-24NSW-RTR	NSW	The Council of the City of Sydney	Wellington Street, Waterloo	This section of the road has been identified for renewal from the inspections and condition assessment. Road surface has severe cracking/damaged and will require resurfacing before pavement is undermined due to water penetration. Road resurfacing - Milling of existing wearing course and fill with 50 mm AC14.	\$61,188	\$111,464	Aug-24	Sep-24
131886-25NSW-RTR	NSW	The Council of the City of Sydney	Church Street, Camperdown	Road pavement is showing distress and there are severe cracking/damaged including pothole patched over time. Trees have damaged a section of kerb & gutter. Pavement damages will need to be addressed prior to resurfacing. Reconstruction of pavement with 100mm AC14 and resurface with 50mm AC10.	\$456,700	\$456,700	Aug-25	Oct-25
131887-25NSW-RTR	NSW	The Council of the City of Sydney	Raglan Street, Waterloo	This section of the Road has been identified for renewal from the inspections and condition assessment. Road surface has worn off and exhibiting cracks and will require resurfacing before pavement is undermined due to water penetration. Reconstruction of pavement with 100mm AC14 and resurface with 50mm AC10.	\$687,600	\$687,600	Aug-25	Oct-25
131888-25NSW-RTR	NSW	The Council of the City of Sydney	Knight Street, Erskineville	This section of the Road has been identified for renewal from the inspections and condition assessment. Surface cracks have started to open up and will require resurfacing before pavement is undermined due to water penetration. Road Resurfacing - Milling of existing wearing course and fill with 50mm AC14.	\$86,100	\$86,100	Aug-25	Oct-25
131889-25NSW-RTR	NSW	The Council of the City of Sydney	Hordern Street, Newtown	This section of the road has been identified for renewal from the inspections and condition assessment. Surface cracks have started to open up and will require resurfacing before pavement is undermined due to water penetration. Road Resurfacing - Milling of existing wearing course and fill with 50 mm AC14. Project is jointly funded by RTR and the City of Sydney Council.	\$154,500	\$160,800	Aug-25	Oct-25
130141-24NSW-RTR	NSW	The Hills Shire Council	Cook Street, Baulkham Hills	Severe pavement defects such as rutting, cracking and potholes. Mill and fill existing aged pavement and replace with 150 mm asphalt.	\$423,850	\$467,319	Jan-25	Jun-25
130143-24NSW-RTR	NSW	The Hills Shire Council	Annangrove Road, Kenthurst	Severe pavement defects such as pavement depression, potholes and cracking. Mill and fill and replace with 150 mm asphalt.	\$654,492	\$665,278	Jan-25	Jun-25
130145-24NSW-RTR	NSW	The Hills Shire Council	Boundary Road, Box Hill	Addressing pavement defects including cracking and shoving. Mill and fill aged pavement and replace with 150 mm asphalt.	\$474,800	\$494,218	Feb-25	Jun-25

133471-25NSW-RTR	NSW	The Hills Shire Council	Annangrove Road, Annangrove	Pavement defects such as potholes, crocodile cracking and shoving. Excavate failed pavement and replace with 150mm asphaltic concrete.	\$694,721	\$694,721	Sep-25	Dec-25
133472-25NSW-RTR	NSW	The Hills Shire Council	Cattai Ridge Road, Cattai	To address pavement defects i.e. potholes, crocodile cracking and shoving. It is proposed to remove failed pavement to be replaced with 150mm deep lift asphaltic concrete.	\$500,000	\$500,000	Sep-25	Dec-25
133473-25NSW-RTR	NSW	The Hills Shire Council	The Park Way, Beaumont Hills	Addressing pavement issue such as potholes and crocodile cracking. Excavate failed pavement and replace with asphaltic concrete.	\$190,000	\$190,000	Sep-25	Dec-25
133511-25NSW-RTR	NSW	The Hills Shire Council	Green Road, Castle Hill	pavement defects such as Potholes, crocodile cracking and shoving remove failed pavement and reinstate with asphaltic concrete	\$200,000	\$200,000	Jan-26	Mar-26
133512-25NSW-RTR	NSW	The Hills Shire Council	Samantha Riley Drive, Kellyville	failed pavement-address defects such as crocodile cracking and potholes. remove failed pavement and replace with asphaltic concrete.	\$200,000	\$200,000	Jan-26	Mar-26
133513-25NSW-RTR	NSW	The Hills Shire Council	River Road, Lower Portland	to address pavement defects such as potholes and crocodile cracking. remove failed pavement and replace with asphaltic concrete.	\$126,838	\$126,838	Jan-26	Mar-26
133851-25NSW-RTR	NSW	TRANSPORT FOR NSW	Hawker Gate Road, Milparinka	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Nov-25	Nov-25
133880-25NSW-RTR	NSW	TRANSPORT FOR NSW	Old Pooncarie Tandou Road, (rural road)	Deteriorated sealed pavement and structurally compromised double stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace double lane stock grid, seal and signpost.	\$100,000	\$100,000	Nov-25	Nov-25
133881-25NSW-RTR	NSW	TRANSPORT FOR NSW	Tibooburra Road, (rural road)	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Dec-25	Dec-25
133882-25NSW-RTR	NSW	TRANSPORT FOR NSW	The Cut Line, (Rural Road)	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Jan-26	Jan-26
133887-25NSW-RTR	NSW	TRANSPORT FOR NSW	Garden Vale Road, (rural road)	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Jan-26	Jan-26

133889-25NSW-RTR	NSW	TRANSPORT FOR NSW	Reola Road, (Rural Road)	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Feb-26	Feb-26
133890-25NSW-RTR	NSW	TRANSPORT FOR NSW	Reola Road, (Rural Road)	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Mar-26	Mar-26
133897-25NSW-RTR	NSW	TRANSPORT FOR NSW	Corona Road, (Rural Road)	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Mar-26	Mar-26
133901-25NSW-RTR	NSW	TRANSPORT FOR NSW	Hawker Gate Road, Milparinka	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Mar-26	Mar-26
133904-25NSW-RTR	NSW	TRANSPORT FOR NSW	Bootra Road, (Rural Road)	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Feb-26	Feb-26
133908-25NSW-RTR	NSW	TRANSPORT FOR NSW	Bootra Road, (Rural Road)	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. Restore to original condition by reconstruction of 100m of pavement. Mix and compact to 200mm thick, remove and replace single lane stock grid, seal and signpost.	\$100,000	\$100,000	Mar-26	Mar-26
133915-25NSW-RTR	NSW	TRANSPORT FOR NSW	Bootra Road, (Rural Road)	Deteriorated sealed pavement and structurally compromised stock grid due to age and adverse weather impacts. 131391-24NSW-RTR	NSW	Upper Hunter Shire Council	Hunter Road, Moonan Flats NSW	Road is an unsealed gravel road in poor condition with significant defects requiring substantial maintenance grading & gravel patching. Repair and/ or replacement of damaged or undersized drainage structures. Due to the continued poor condition of the road both safety and drainage issues exist. Installation of additional drainage structures through cuttings and low lying sections of road; Clearing vegetation and potentially widening cuttings to improve sight distance; Installation of guard rail; Maintenance and formation grading of the road pavement including initial seal. Fixing local roads NSW Government \$2,999,000, Heavy vehicles \$2M.	\$600,000	\$5,604,900	Jul-24	Dec-25
131392-24NSW-RTR	NSW	Upper Hunter Shire Council	Barrington Tops Forest Road, Moonan Brook NSW	Road is an unsealed gravel road in poor condition with significant defects requiring substantial maintenance grading & gravel patching. Repair and/ or replacement of damaged or undersized drainage structures. Due to the continued poor condition of the road both safety and drainage issues exist. Installation of additional drainage structures through cuttings and low lying sections of road; Clearing vegetation and potentially widening cuttings to improve sight distance; Installation of guard rail; Maintenance and formation grading of the road pavement with initial seal. Balance Fixing local roads round 2 \$4,530,000, and LRCI \$2,100,00, Fixing local roads 3, \$2,694,000.	\$1,000,000	\$9,869,687	Jul-24	Mar-26
131393-24NSW-RTR	NSW	Upper Hunter Shire Council	Idaville Road, Merriwa	Road has failing pavement with road in poor condition with significant defects requiring substantial maintenance and patching. Due to the continued poor condition of the road both safety and drainage issues exist. Upgrade stormwater drainage, pavement remediation by 200 mm overlay, 350 mm full depth stabilisation and two coat bitumen seal.	\$600,000	\$600,000	Jan-25	Dec-25
131394-24NSW-RTR	NSW	Upper Hunter Shire Council	Scone Road, Merriwa	Road is a major through-fare for heavy vehicle, bus school route and residential traffic. Road has failing pavement with road in poor condition with significant defects requiring substantial maintenance and patching. Due to the continued poor condition of the road both safety and drainage issues exist. Upgrade stormwater drainage, pavement remediation by 200mm overlay, 400mm full depth stabilisation with two coat seal. Balance LRCI \$700,002, \$1.3M RERRF.	\$1,000,000	\$3,000,000	Mar-25	Dec-25
131395-24NSW-RTR	NSW	Upper Hunter Shire Council	Gummun Lane, Merriwa NSW	Road is an unsealed road that requires continually maintenance with road deterioration from stormwater damage. Upgrade road section with pavement rehabilitation, stormwater drainage and initial two-coat bitumen seal.	\$170,000	\$170,000	Sep-24	Jun-25

131402-24NSW-RTR	NSW	Upper Hunter Shire Council	Murulla Street, Murrurundi	Continual dampness and water flows from weather events has resulted in deteriorating road approaches to either side of Murulla Street causeway has created road safety issues for both light and heavy vehicles approaching and entering the causeway. Treatment was to extend the causeway on both sides with 200 mm thick concrete. The causeway was extended 25 m on one side and 30 m on the other, with a width of 4.6 m.	\$140,000	\$140,000	Jan-25	Jun-25
127374-24NSW-RTR	NSW	Upper Lachlan Shire Council	Grabine Road (Rural Road)	Lack of gravel, surface rutting, poor shape and inadequate drainage. It is proposed to rectify the problems with this section of road by installing additional mitre drains and cleaning the existing drains. The road will then be trimmed and re-shaped. Following this new gravel will be imported, spread and compacted. The road will then be trimmed to its final shape.	\$85,287	\$85,287	Jul-24	Aug-24
127389-24NSW-RTR	NSW	Upper Lachlan Shire Council	Reids Flat Road (Rural Road)	Lack of gravel, surface rutting, poor shape and inadequate drainage. It is proposed to rectify the problems with this section of road by installing additional mitre drains and cleaning the existing drains. The road will then be trimmed and re-shaped. Following this new gravel will be imported, spread and compacted. The road will then be trimmed to its final shape.	\$116,502	\$116,502	Aug-24	Apr-25
127393-24NSW-RTR	NSW	Upper Lachlan Shire Council	Peelwood Road (Rural Road)	Lack of gravel, surface rutting, poor shape and inadequate drainage. It is proposed to rectify the problems with this section of road by installing additional mitre drains and cleaning the existing drains. The road will then be trimmed and re-shaped. Following this new gravel will be imported, spread and compacted. The road will then be trimmed to its final shape.	\$17,609	\$17,609	Jul-24	Apr-25
127398-24NSW-RTR	NSW	Upper Lachlan Shire Council	Woodhouselee Road (Rural Road)	Problem being addressed is the poor roadside drainage, rutting and shifting of the road surface, and the loss of gravel surface which contributes to the poor wearing surface. Works proposed to be undertaken for this project is to rehabilitate 1.0 km of the road. This will involve drainage improvements and importing, spreading, shaping and compacting gravel and applying a bituminous seal to the newly rehabilitated road pavement.	\$415,031	\$415,031	Sep-24	Dec-24

127401-24NSW-RTR	NSW	Upper Lachlan Shire Council	Gurrandah Road (Rural Road)	Problems being addressed is the poor roadside drainage, rutting and shifting of the road surface, and the loss of gravel surface which contributes to the poor wearing surface. Works proposed to be undertaken for this project is to rehabilitate 1.2 km of the road. This will involve drainage improvements and importing, spreading, shaping and compacting gravel and applying a bituminous seal to the newly rehabilitated road pavement. The Safer Local Roads and Infrastructure Program (SLRIP) will fund the balance of the project.	\$335,089	\$335,089	Mar-25	Jun-25
127576-24NSW-RTR	NSW	Upper Lachlan Shire Council	Rhyanna Road (Rural Road)	Lack of gravel, surface rutting, poor shape and inadequate drainage. It is proposed to rectify the problems with this section of road by installing additional mitre drains and cleaning the existing drains. The road will then be trimmed and re-shaped. Following this new gravel will be imported, spread and compacted. The road will then be trimmed to its final shape.	\$85,030	\$85,030	Dec-24	Apr-25
127578-24NSW-RTR	NSW	Upper Lachlan Shire Council	Collector Road (Rural Road)	Problems being addressed is the poor roadside drainage and rutting and shifting of the road surface and the loss of gravel surface which contributes to the poor wearing surface. Works proposed to be undertaken for this project is to rehabilitate 1.5 km of the road. This will involve drainage improvements and importing, spreading, shaping and compacting gravel and applying a bituminous seal to the newly rehabilitated road pavement.	\$509,420	\$509,420	Dec-24	Jun-25
127581-24NSW-RTR	NSW	Upper Lachlan Shire Council	Breadalbane Road (Rural Road)	Problems being addressed is the poor roadside drainage and rutting and shifting of the road surface and the loss of gravel surface which contributes to the poor wearing surface. Works proposed to be undertaken for this project is to rehabilitate 3.1 km of the road. This will involve drainage improvements and importing, spreading, shaping and compacting gravel and applying a bituminous seal to the newly rehabilitated road pavement. The Safer Local Roads and Infrastructure Program (SLRIP) will fund the balance of the project.	\$600,000	\$3,000,000	Jan-26	Jun-26
131946-25NSW-RTR	NSW	Upper Lachlan Shire Council	Sapphire Road, (Rural Road)	Lack of gravel, surface rutting, poor shape and inadequate drainage. It is proposed to rectify the problems with this section of road by installing additional mitre drains and cleaning the existing drains. The road will then be trimmed and re-shaped. Following this new gravel will be imported, spread and compacted. The road will then be trimmed to its final shape.	\$41,787	\$41,787	Jul-25	Aug-25

131949-25NSW-RTR	NSW	Upper Lachlan Shire Council	Grabine Road, (Rural Road)	Lack of gravel, surface rutting, poor shape and inadequate drainage. It is proposed to rectify the problems with this section of road by installing additional mitre drains and cleaning the existing drains. The road will then be trimmed and re-shaped. Following this new gravel will be imported, spread and compacted. The road will then be trimmed to its final shape.	\$160,000	\$160,000	Nov-25	Dec-25
131954-25NSW-RTR	NSW	Upper Lachlan Shire Council	Lade Vale Road, (rural road)	Lack of gravel, surface rutting, poor shape and inadequate drainage. It is proposed to rectify the problems with this section of road by installing additional mitre drains and cleaning the existing drains. The road will then be trimmed and re-shaped. Following this new gravel will be imported, spread and compacted. The road will then be trimmed to its final shape.	\$69,363	\$69,363	Jul-25	Oct-25
131955-25NSW-RTR	NSW	Upper Lachlan Shire Council	Golspie Road, (Rural Road)	Lack of gravel, surface rutting, poor shape and inadequate drainage. It is proposed to rectify the problems with this section of road by installing additional mitre drains and cleaning the existing drains. The road will then be trimmed and re-shaped. Following this new gravel will be imported, spread and compacted. The road will then be trimmed to its final shape.	\$56,393	\$56,393	Aug-25	Aug-25
131956-25NSW-RTR	NSW	Upper Lachlan Shire Council	Woodhouselee Road, (Rural Road)	Problems being addressed is the poor roadside drainage and rutting and shifting of the road surface and the loss of gravel surface which contributes to the poor wearing surface. Works proposed to be undertaken for this project is to rehabilitate 1.2km of the road. This will involve drainage improvements and importing, spreading, shaping and compacting gravel and applying a bituminous seal to the newly rehabilitated road pavement.	\$524,884	\$524,884	Feb-26	Apr-26
131957-25NSW-RTR	NSW	Upper Lachlan Shire Council	Redground Road, (Rural Road)	Problems being addressed is the poor roadside drainage and rutting and shifting of the road surface and the loss of gravel surface which contributes to the poor wearing surface. Works proposed to be undertaken for this project is to rehabilitate 0.32 km of the road. This will involve drainage improvements and importing, spreading, shaping and compacting gravel and applying a bituminous seal to the newly rehabilitated road pavement.	\$400,000	\$400,000	Feb-26	May-26
129197-24NSW-RTR	NSW	Wagga Wagga City Council	Hampden Avenue, Wagga Wagga	The road is badly potholed and deformed. Road rehabilitation approximately 389 metres long with an area of works 5442 square metres.	\$387,318	\$387,318	Nov-24	Jun-25
129198-24NSW-RTR	NSW	Wagga Wagga City Council	Merino Road, Wagga Wagga	Road is potholed and cracking up. Rehabilitation of road surface for length of 288 metres and area of 3765 metres.	\$333,482	\$333,482	Feb-25	Jun-25
129201-24NSW-RTR	NSW	Wagga Wagga City Council	Tobruk Street, Ashmont	Road is potholed and cracking. Road rehabilitation & seal for a length of 158 metres and an area of 8242 metres.	\$314,013	\$314,013	Dec-24	May-25

129208-24NSW-RTR	NSW	Wagga Wagga City Council	Vincent Road, Lake Albert	Road is potholed and cracked. Rehabilitation and sealing works for length of 748 metres and area of 11,779 square metres.	\$323,106	\$323,106	Dec-24	May-25
129219-24NSW-RTR	NSW	Wagga Wagga City Council	Byrnes Road, Wagga Wagga	Road is potholed and cracked. Rehabilitation and reseal for a length of 1,047 metres and an area of 9,287 square metres.	\$119,372	\$869,690	Nov-24	Dec-24
134781-25NSW-RTR	NSW	Wagga Wagga City Council	Ziegler Avenue, Koorimal	– Pavement was due for maintenance. The project was identified under asset management. Rehabilitation of road surface at intersection.	\$248,133	\$248,133	Nov-25	Mar-26
134785-25NSW-RTR	NSW	Wagga Wagga City Council	Balmoral Crescent -Lake Albert Wagga Wagga	Continuation of pavement rehabilitation works from last FY. The project was identified under asset management. Pavement rehabilitation works. It is proposed to fund the project with \$83,667 RTR and Wagga Wagga City Council contributing \$100,000 from its Annual Roads Budget.	\$83,667	\$183,667	Jan-26	May-26
134806-25NSW-RTR	NSW	Wagga Wagga City Council	Lake Albert Road, Lake Albert	Existing pavement in poor condition. The project was identified under asset management. 485 Metres of Rehabilitation & new seal.	\$275,284	\$275,284	Nov-25	Mar-26
134807-25NSW-RTR	NSW	Wagga Wagga City Council	Fay Avenue, Koorimal	Existing pavement in poor condition. The project was identified under asset management. Rehabilitation - 350 Metres and new seal.	\$224,611	\$224,611	Nov-25	Mar-26
134808-25NSW-RTR	NSW	Wagga Wagga City Council	Gillard Road, Wagga Wagga	Safety concerns were raised regarding the conditions of existing pavement. The project was identified as safety project to improve the pavement condition for road users. Rehabilitation and reseal 100 Metres. The funding proposed is 73,796 RTR and Wagga Wagga City Council contributing \$100,000 from its Annual Roads Budget .	\$73,796	\$173,796	Oct-25	Mar-26
134810-25NSW-RTR	NSW	Wagga Wagga City Council	Docker Street, Wagga Wagga	The existing pavement is in below-average condition, and the increasing traffic volume due to Edmonson St bridge closure poses a risk to road users. The project was identified as a safety project. Rehabilitation for 570 Metres & Kerb Gutter replacement and new seal. The project is proposed to be funded \$1,228,106 RTR and Wagga Wagga City Council contributing \$450,000 from its Annual Roads Works Budget.	\$1,228,106	\$1,678,106	Oct-25	Dec-25
134838-25NSW-RTR	NSW	Wagga Wagga City Council	Fay Avenue, Koorimal	Existing pavement in poor condition. The project was identified under asset management. Deep Lift & Rehabilitation works 25 metres Zeigler Avenue and 40 metres Fay Avenue.	\$116,218	\$116,218	Nov-25	Mar-26
134841-25NSW-RTR	NSW	Wagga Wagga City Council	Dwyer Avenue, Wagga Wagga	Existing pavement and kerb & Guttering in poor condition. The project was identified under asset management. Rehabilitation works & new seal & replace Kerb & Guttering	\$92,137	\$92,137	Oct-25	Dec-25
134847-25NSW-RTR	NSW	Wagga Wagga City Council	Bulolo Street, Ashmont	Safety concerns were raised due to the condition of existing pavement. Project was identified under safety project. Pavement in poor condition Rehabilitation & Deep Lift and seal .	\$69,933	\$69,933	Nov-25	Mar-26

134855-25NSW-RTR	NSW	Wagga Wagga City Council	Gregory Crescent Lake Albert	Existing pavement in poor condition. The project was identified under asset management. Rehabilitation and reseal 332 Metres.	\$177,601	\$177,601	Nov-25	Mar-26
134859-25NSW-RTR	NSW	Wagga Wagga City Council	Angel Street, Lake Albert	the existing pavement is in poor condition and high traffic volume due to sports ground at the end of Angle St creates safety concerns for road users. The project was identified as safety project Rehabilitation and new seal	\$468,000	\$468,000	Jan-26	May-26
134862-25NSW-RTR	NSW	Wagga Wagga City Council	Kyeamba Avenue, Wagga Wagga	Existing pavement in poor condition. The project was identified under asset management. Rehabilitation and reseal . Project proposed total cost is \$584,906 joint funded RTR \$368,732 and Wagga Wagga City Council contribution \$216,174 funded from Council Annual Roads Budget	\$368,732	\$584,906	Nov-25	Mar-26
134866-25NSW-RTR	NSW	Wagga Wagga City Council	Forge Street, East Wagga Wagga	Existing pavement in poor condition. The project was identified under asset management. Rehabilitation and reseal length of 265 metres.	\$401,731	\$401,731	Oct-25	Mar-26
134869-25NSW-RTR	NSW	Wagga Wagga City Council	Rabaul Place, Wagga Wagga	Existing pavement in poor condition. The project was identified under asset management. Rehabilitation and reseal.	\$443,128	\$443,128	Nov-25	Mar-26
134871-25NSW-RTR	NSW	Wagga Wagga City Council	Kapooka Drive, Kapooka	Safety concerns were raised due to poor existing pavement and high risk of accidents for road users driving to Kapooka Military base. The project was identified as a safety project. Rehabilitation and reseal. Project funding proposed is RTR \$198,000 and a contribution of \$52,201 from Wagga Wagga City Council as part of its Annual Road Budget.	\$198,000	\$250,201	Nov-25	Mar-26
130782-24NSW-RTR	NSW	Walcha Council	Aberbaldie Rd (Rural Road)	Aberbaldie Rd commences just south of the township of Walcha, and this stretch of the road is narrow in many areas and involves a sharp corner. This project will improve driver and passenger safety, along with drive comfort for local residents, property owners, cartage businesses and visitors. Rehabilitation of 2.5 km of Aberbaldie Rd. Project will include shoulder widening in most areas, via 1 m x 0.2 m shoulder boxouts, to increase width to a minimum of 7 m and maximum of 8 m. Binder will be used below the FSL and a double bitumen spray seal applied. Design will follow relevant Austroads Guides.	\$769,338	\$769,338	Apr-25	Dec-26
131630-24NSW-RTR	NSW	Walcha Council	Brackendale & Tops Rds (Rural Road)	These are gravel roads that have sustained major damage with recent wet weather events and are currently dangerous to road users due to scoured out base, slippery surfaces and surface material loss. A gravel program will address the safety issues along these 2 roads. The additional funding will be coming from AGRN1198 & 1212 Disaster funding (Aust Gov).	\$769,338	\$900,000	May-25	Jun-26

134941-25NSW-RTR	NSW	Walcha Council	Croudace St Walcha	There is currently spasmodic Kerb & Gutter along Croudace St and this project will complete the K&G along the entire street on both sides. The project all also address drainage issues, with stormwater infrastructure being installed at each relevant street intersection. Street widening will also occur in areas in ensure parallel edges of Croudace Street. Project will tie into existing Kerb and Gutter, installing absent K&G, along Croudace St Walcha. Street will be widened as needed to ensure consistent width. Project also includes Stormwater Infrastructure on intersecting streets.	\$1,100,000	\$1,100,000	Apr-26	Jun-26
127291-24NSW-RTR	NSW	Walgett Shire Council	Hare Street, Carinda	The street is past in service life and needs reconstruction. The seal is failing and creating potholes and pavement failures. Reconstruct the pavement with new imported gravel, stabilise and seal. The dimensions of the new seal are 80 m long x 7 m wide and a depth of 200 mm.	\$106,549	\$106,549	Aug-24	Oct-24
127296-24NSW-RTR	NSW	Walgett Shire Council	Wanourie Creek Road (Rural Road)	The existing road is between two unsealed sections of road and makes the road inaccessible during wet weather. Construct a new seal between the two sealed sections to create more access for the road and residents. 360 m of gravel sheet topped with 10 mm of gravel, 450 m of natural soil formed up and topped with 200 m gravel, stabilised with lime at a depth of 200 m, 810 m sealed with two coat 14/10 mm hot seal.	\$259,672	\$259,672	Sep-24	Dec-24
127307-24NSW-RTR	NSW	Walgett Shire Council	Meadow Plains Road (Rural Road)	Unsealed road is inaccessible during wet periods. Construct a new seal 600 m long x 7 m wide and 200 mm deep and stabilise. The new seal will create better access for the residents along the road.	\$260,812	\$260,812	Oct-25	Dec-25
128205-24NSW-RTR	NSW	Walgett Shire Council	Dundas Street, Walgett	Kerb and channel is failing and causing pavement failure along the street and creating hazards for traffic and pedestrians. Pull out and install new kerb and channel and relace the exist pavement with a stronger pavement.	\$120,841	\$120,841	Jun-25	Jul-25
128208-24NSW-RTR	NSW	Walgett Shire Council	Namoi Street, Walgett	Kerb and Channel is failing causing pavement damage and creating a hazard for vehicles and pedestrians. Pull out and replace the existing kerb and channel and replace with new kerb and channel. Upgrade the pavement around the new kerb and channel to stronger pavement.	\$120,808	\$120,808	Jun-25	Jul-25
129003-24NSW-RTR	NSW	Walgett Shire Council	Tareela Lane, Burren Junction	Road is impassable during wet weather and the area has prolonged wet areas that hinder access for residents and road users. 3 km section of road within the floodplain was elevated by 600 mm and 8 x 450 mm steel pipes installed to improve water flow and maintain road accessibility during moderate flood levels.	\$69,898	\$69,898	Sep-24	Jan-25

130418-24NSW-RTR	NSW	Walgett Shire Council	Rowena Road, Rowena	To stop the pooling of water that affects the road structure by directing the excess water away from the road. Reshaping the table drains and install 8 steel pipes and rip rap to maintain property accesses.	\$83,899	\$83,899	Nov-24	Feb-25
131022-24NSW-RTR	NSW	Walgett Shire Council	Shaw Street, Rowena	Poor drainage and deteriorating pavement conditions are creating large depressions and boggy areas when the town experiences localised rainfall, making access to the school difficult and unpleasant for students, parents, teachers and the school bus operator. It is proposed to construct a concrete spoon drain alongside the road and rehabilitate the sealed pavement area for car parking spaces and school bus drop off/pick-up location and construct of a footpath leading into the local school.	\$183,825	\$183,825	Apr-25	Aug-25
131710-24NSW-RTR	NSW	Walgett Shire Council	Pandora Street, Lightning Ridge	To stop the pooling of water that affects the road pavement. 910m of table drain reshaping along the roadside to divert the water away from the road pavement.	\$82,647	\$82,647	Oct-25	Dec-25
131711-24NSW-RTR	NSW	Walgett Shire Council	Cardinal Road, Lightning Ridge	To stop the pooling of water that affects the road pavement. Replace the existing dish drain and kerb and channel as well as road pavement rehabilitation to divert the water.	\$101,220	\$101,220	Oct-25	Dec-25
131712-24NSW-RTR	NSW	Walgett Shire Council	Red Robin Street, Lightning Ridge	To stop the pooling of water that affects the road pavement. Replace the existing dish drain and kerb and channel as well as road pavement rehabilitation to divert the water.	\$80,370	\$80,370	Oct-25	Dec-25
131713-24NSW-RTR	NSW	Walgett Shire Council	Three Mile Road, Lightning Ridge	To stop the pooling of water that affects the road pavement. Construct two new dish drain crossings and reinstate the pavement as well as shape the table drains to divert the water from the road.	\$149,872	\$149,872	Oct-25	Dec-25
134255-25NSW-RTR	NSW	Walgett Shire Council	Woodlands Road, Walgett	After rain the road is inaccessible for weeks to months for residents and businesses. Sheetting the whole length of the road 1.8kms long X 6m wide X 150mm deep with locally sourced gravel. Council will be funding the remaining \$60,000 from their own funds.	\$300,000	\$360,000	Dec-25	Jan-26
134657-25NSW-RTR	NSW	Walgett Shire Council	Hastings Street, Burren Junction	200 mm to 400 mm of water being held in the table drain causing safety issues. Install new culverts and reshape the drains so the water can freely flow.	\$200,000	\$200,000	Feb-26	Jun-26
134658-25NSW-RTR	NSW	Walgett Shire Council	Waterloo Street, Burren Junction	Table drains are holding between 200 mm to 400 mm of water and creating a safety issue. replace existing and install new culverts in the street and reshape the drains so the water flows freely.	\$100,000	\$100,000	Jan-26	Jun-26

134659-25NSW-RTR	NSW	Walgett Shire Council	Alma Street, Burren Junction	Water ponding in the existing kerb and channel creating safety issues for pedestrians. Installing new pedestrian crossing to help make crossing the road safer for pedestrians. Remove existing kerb and channel, realign and regrading to prevent the water lying in kerb and channel. Design and construct a new pedestrian crossing at the entrance of the school to help pedestrians cross the road safer.	\$200,000	\$200,000	Jan-26	Jun-26
134661-25NSW-RTR	NSW	Walgett Shire Council	Slack-smith Street Burren Junction	Water ponding in the existing kerb and channel creating a safety issue. Remove existing kerb and channel, regrade and install new kerb and channel and pavement.	\$100,000	\$100,000	Jan-26	Jun-26
134662-25NSW-RTR	NSW	Walgett Shire Council	Corunna Street, Burren Junction	Water ponding in the existing table drains 200 mm to 400 mm deep. Replace the existing culverts and install new culverts and regrade the existing drains.	\$100,000	\$100,000	Jan-26	Jun-26
134663-25NSW-RTR	NSW	Walgett Shire Council	Balaclava Street, Burren Junction	Water ponding in the table-drain 200 mm - 400 mm deep creating safety issues. Replace existing and install new culverts along the street and regrade the drains so the water flows freely.	\$100,000	\$100,000	Jan-26	Jun-26
134700-25NSW-RTR	NSW	Walgett Shire Council	Cryon Road, Collarenebri	The road is unsealed and a floodplain, during extended wet periods the road becomes inaccessible for weeks to months. Design and construct 6.6kms of new raised sealed pavement to be more resilient during prolonged wet conditions. The \$3,000,000.00 in other funding is sourced from Fixing Local Roads R4.	\$726,990	\$3,726,990	Oct-25	Feb-26
127542-24NSW-RTR	NSW	Warren Shire Council	Collie Bourbah Road, Merrigal	Bitumen fatigue characterised by ravelling and stripping of aggregates. Reseal with new hot-sprayed bitumen seal.	\$78,711	\$78,711	Dec-24	Dec-24
127543-24NSW-RTR	NSW	Warren Shire Council	Old Warren Road, Warren	Bitumen fatigue characterised by ravelling and stripping of aggregates. Reseal with new hot-sprayed bitumen seal.	\$126,746	\$126,746	Dec-24	Apr-25
127544-24NSW-RTR	NSW	Warren Shire Council	Bullagreen Road, Bullagreen	Bitumen fatigue characterised by ravelling and stripping of aggregates. Reseal with new hot-sprayed bitumen seal.	\$73,749	\$73,749	Dec-24	Dec-24
127545-24NSW-RTR	NSW	Warren Shire Council	Collie Dubbo Road, Collie	Bitumen fatigue characterised by ravelling and stripping of aggregates. Reseal with new hot-sprayed bitumen seal.	\$89,978	\$89,978	Dec-24	Apr-25
127547-24NSW-RTR	NSW	Warren Shire Council	Lemongrove Road, Marra	Bitumen fatigue characterised by ravelling and stripping of aggregates. Reseal with new hot-sprayed bitumen seal.	\$85,087	\$85,087	Dec-24	Dec-24
127548-24NSW-RTR	NSW	Warren Shire Council	Buckiinguy Road, Murrawonbie	Bitumen fatigue characterised by ravelling and stripping of aggregates. Reseal with new hot-sprayed bitumen seal.	\$82,314	\$82,314	Dec-24	Dec-24
127550-24NSW-RTR	NSW	Warren Shire Council	Bundemar Street, Warren	Kerb and guttering is severely damaged thus causing stormwater to pond and causing pavement deterioration. Renewal of kerb and gutter, pits, and minor pavement repair.	\$102,795	\$102,795	Sep-24	Dec-24
127980-24NSW-RTR	NSW	Warren Shire Council	Narromine Street, Nevertire	Kerb and gutter are severely damaged resulting in damage of road pavement by stormwater. Replacement of kerb and guttering.	\$70,525	\$70,525	Sep-24	Dec-24

128101-24NSW-RTR	NSW	Warren Shire Council	Trangie Street, Nevertire	Kerb and gutter is severely damaged causing stormwater damage on adjacent road pavement. Renewal of kerb and guttering and associated road pavement repair.	\$29,686	\$29,686	Sep-24	Dec-24
130138-24NSW-RTR	NSW	Warren Shire Council	Bullagreen Road, Bullagreen	Bitumen fatigue characterized by ravelling and stripping of aggregates. Reseal with hot-sprayed bitumen seal.	\$71,314	\$71,314	Mar-25	Apr-25
130147-24NSW-RTR	NSW	Warren Shire Council	Bundemar Street, Warren	Bitumen fatigue characterized by ravelling and stripping of aggregates. Reseal with hot-sprayed bitumen seal.	\$32,934	\$32,934	May-25	Jun-25
130148-24NSW-RTR	NSW	Warren Shire Council	Narromine Street, Nevertire	Bitumen fatigue characterized by ravelling and stripping of aggregates. Reseal with hot-sprayed bitumen seal. The project is co-funded under the Local Roads and Community Infrastructure R4.	\$8,000	\$25,000	Mar-25	Apr-25
133448-25NSW-RTR	NSW	Warren Shire Council	Buckiinguy Road, Murrawonbie	Renewing fatigued bitumen to extend its life and protect the underlying pavement layers. Sprayed bitumen reseal.	\$97,200	\$97,200	Nov-25	Dec-25
133450-25NSW-RTR	NSW	Warren Shire Council	Dandaloo Road, Bogan	Renewing fatigued bitumen to extend its life and protect the underlying pavement layers. Hot sprayed bitumen reseal.	\$140,917	\$140,917	Nov-25	Dec-25
133451-25NSW-RTR	NSW	Warren Shire Council	Bundemar Road, Bundemar	Renewing fatigued bitumen to extend its life and protect the underlying pavement layers. Hot sprayed bitumen reseal.	\$121,500	\$121,500	Nov-25	Dec-25
133452-25NSW-RTR	NSW	Warren Shire Council	Old Warren Road, Warren	Renewing fatigued bitumen to extend its life and protect the underlying pavement layers. Hot sprayed bitumen reseal.	\$115,200	\$115,200	Nov-25	Dec-25
133453-25NSW-RTR	NSW	Warren Shire Council	Wambianna Road, Gin Gin	Renewing fatigued bitumen to extend its life and protect the underlying pavement layers. Hot sprayed bitumen reseal.	\$133,200	\$133,200	Nov-25	Dec-25
133454-25NSW-RTR	NSW	Warren Shire Council	Ellengerah Road, Gin Gin	Renewing fatigued bitumen to extend its life and protect the underlying pavement layers. Hot sprayed bitumen reseal.	\$133,200	\$133,200	Nov-25	Dec-25

135031-25NSW-RTR	NSW	Warrumbungle Shire Council	Baradine Cemetry Road (Rural Road)	There is loss of stone and potholes in the existing bitumen seal surface. Resurface the road with a layer of bitumen binder and stone.	\$15,000	\$15,000	Dec-25	Apr-26
135032-25NSW-RTR	NSW	Warrumbungle Shire Council	Ropers Road, (Rural Road)	There is loss of stone and potholes in the existing bitumen seal surface. Resurface the road with a layer of bitumen binder and stone.	\$25,000	\$25,000	Nov-25	Mar-26
135033-25NSW-RTR	NSW	Warrumbungle Shire Council	Ropers Road, (Rural Road)	There is loss of stone and potholes in the existing bitumen seal surface. Resurface the road with a layer of bitumen binder and stone.	\$30,000	\$30,000	Dec-25	Apr-26
135034-25NSW-RTR	NSW	Warrumbungle Shire Council	Tooraweenah Road (Rural Road)	There is loss of stone and potholes in the existing bitumen seal surface. Resurface the road with a layer of bitumen binder and stone.	\$30,000	\$30,000	Dec-25	Apr-26
135035-25NSW-RTR	NSW	Warrumbungle Shire Council	Koala Crescent, (Rural Road)	There is loss of stone and potholes in the existing bitumen seal surface. Resurface the road with a layer of bitumen binder and stone.	\$30,000	\$30,000	Dec-25	Apr-26
135036-25NSW-RTR	NSW	Warrumbungle Shire Council	Gamble Creek Road (Rural Road)	There is loss of stone and potholes in the existing bitumen seal surface. Resurface the road with a layer of bitumen binder and stone.	\$80,000	\$80,000	Dec-25	May-26
127601-24NSW-RTR	NSW	Waverley Council	Lola Road, Dover Heights	Cracked and deteriorated road surface. Mill existing wearing course, replace wearing course with new asphalt re-sheet.	\$100,000	\$134,351	Sep-24	Jun-25
127602-24NSW-RTR	NSW	Waverley Council	Military Road, Dover Heights	Cracked, potholed and deteriorated road surface. From Douglas Parade up to the concrete pavement at Cadigal Place. Mill existing wearing course, repair failed areas with heavy patching, replace wearing course with new asphalt re-sheet. Funding: Waverley Council expects that the Project will cost a total of \$200,000. Up to \$111,163 will be funded by the RTR funds, to meet the annual total of \$361,163. As such, the remaining expected \$88,837 will be funded by Council in FY24-25.	\$50,000	\$71,053	Sep-24	Jun-25

127603-24NSW-RTR	NSW	Waverley Council	Pindari Road, Dover Heights	Cracked, potholed and deteriorated road surface on Pindari Road towards the intersection at Military Road. Mill existing wearing course, repair failed areas with heavy patching, replace wearing course with new asphalt re-sheet. Funding: Waverley Council expects that the Project will cost a total of \$20,000. Up to \$10,000 will be funded by the RTR funds, to meet the annual total of \$361,163. As such, the remaining expected \$10,000 will be funded by Council in FY24-25.	\$15,000	\$29,948	Sep-24	Jun-25
127604-24NSW-RTR	NSW	Waverley Council	Raleigh Street, Dover Heights	Cracked and deteriorated road surface. Mill existing wearing course, repair failed areas with heavy patching, replace wearing course with new asphalt re-sheet. Funding: Waverley Council expects that the Project will cost a total of \$60,000. Up to \$10,000 will be funded by the RTR funds, to meet the annual total of \$361,163. As such, the remaining expected \$50,000 will be funded by Council in FY24-25.	\$55,388	\$70,349	Sep-24	Jun-25
131201-24NSW-RTR	NSW	Waverley Council	Henry Street, Queens Park	Cracked, potholed and deteriorated road surface. Mill existing wearing course, repair failed areas with heavy patching, replace wearing course with new asphalt re-sheeting.	\$45,775	\$69,905	Mar-25	Jun-25
131562-24NSW-RTR	NSW	Waverley Council	Martins Avenue, Bondi	Cracked, potholed and deteriorated road surface. Mill existing wearing course, repair failed areas with heavy patching, replace wearing course with new asphalt re-sheeting. Council is funding the balance.	\$95,000	\$107,999	Mar-25	Jun-25
133619-25NSW-RTR	NSW	Waverley Council	Diamond Bay Road, Vaucluse	Cracked (Longitudinal, transverse, alligator), uneven road surface due to multiple potholes being patched up. Mill and re-sheet (replace wearing course with new asphalt re-sheeting). Council is funding the balance.	\$80,000	\$118,750	Sep-25	Jun-26
133620-25NSW-RTR	NSW	Waverley Council	Raleigh Street, Dover Heights	Cracked (Alligator cracking), surface ravelling and patch deterioration, uneven surface. Mill and re-sheet (replace wearing course with new asphalt re-sheeting). Council is funding the balance.	\$50,000	\$75,000	Sep-25	Jun-26
133621-25NSW-RTR	NSW	Waverley Council	Wellington Street, Bondi	Cracked (Longitudinal, transverse, alligator), rutting, surface ravelling and patch deterioration, uneven surface. Mill and re-sheet (replace wearing course with new asphalt re-sheeting). Council is funding the balance.	\$65,000	\$93,750	Sep-25	Jun-26
133622-25NSW-RTR	NSW	Waverley Council	Gipps Street, Bronte	Cracked (Longitudinal, transverse, alligator), deteriorated road surface. Mill and re-sheet (replace wearing course with new asphalt re-sheeting). Council is funding the balance.	\$100,000	\$162,500	Sep-25	Jun-26

133623-25NSW-RTR	NSW	Waverley Council	Ashton Lane, Queens Park	Cracked (Longitudinal, transverse, alligator), new potholes, existing pothole patching causing uneven road surface. Mill and re-sheet (replace wearing course with new asphalt re-sheeting). Council is funding the balance.	\$40,000	\$62,500	Sep-25	Jun-26
133624-25NSW-RTR	NSW	Waverley Council	Ocean Street, Bondi	Uneven road surface due to patched up potholes. Repair failed areas with heavy patching. Council is funding the balance.	\$49,509	\$106,250	Sep-25	Jun-26
133625-25NSW-RTR	NSW	Waverley Council	Hewlett Street, Bronte	Large, deep pothole. Repair failed area with heavy patching. Council is funding the balance.	\$60,000	\$131,250	Sep-25	Jun-26
128300-24NSW-RTR	NSW	Weddin Shire Council	Morangarell Road, Quandialla	Road subsidence at multiple locations throughout the road width and addressing some potholes between these subsidence areas. Lime stabilisation of subsidence areas, reshaping of road crossfall, cleaning some sections of table drain and resealing of disturbed road surface using two coat seal.	\$134,604	\$134,604	Aug-24	Jun-25
128332-24NSW-RTR	NSW	Weddin Shire Council	Quandong Road, Grenfell	Severe road degradation coupled with potholes which is stopping school bus from using this route. Rip up and re-sheet road and provide new crown including maintenance grade any areas that are not so badly damaged.	\$119,764	\$119,764	Sep-24	Jun-25
128343-24NSW-RTR	NSW	Weddin Shire Council	Third Street, Quandialla	Kerb and gutter is damaged causing further damage to road infrastructure. New kerb and gutter installation and repair of adjacent footpath.	\$100,435	\$100,435	Mar-25	Sep-25
130394-24NSW-RTR	NSW	Weddin Shire Council	Wheatley's Road, Weddin	Very dangerous potholes and loss of crown on road for substantial section of road, erosion of gullies in road and loss of table drains. Gravel re-sheeting where needed; table drains reinstalled where needed and bad sections of potholes repaired.	\$175,943	\$175,943	Jul-24	Jul-25
130396-24NSW-RTR	NSW	Weddin Shire Council	Hectors Lane (Rural Road)	Culvert has collapsed totally due to washout of fines around pipes and has become impassable. Re-join pipes and fill void created by washout with solid 30Mpa concrete to create solid block around pipes that cannot be washed away 'easily'.	\$20,579	\$20,579	Jul-24	Jun-25
130397-24NSW-RTR	NSW	Weddin Shire Council	Mary Gilmore Way (Rural Road)	Box culvert has subsided and collapsed on northern side of road and it needs to be replaced, it would be wise to replace the entire structure across the roadway. Replace entire box culvert (asset ID # CU0780) including base slab across the road and reinstate road over culvert with bitumen overlay.	\$190,000	\$190,000	Jul-25	Apr-26
131103-24NSW-RTR	NSW	Weddin Shire Council	Greenthorpe Koorawatha Road (Rural Road)	The area of this road is heavily impacted by trucks entering and leaving Greenethorpe GrainCorp silos and will be restored after sealing. Final sealing at front of Graincorp Greenethorpe, including line marking and sign installation. This is a jointly funded project with Fixing Local Roads.	\$85,168	\$85,168	Mar-25	Jun-25

131976-25NSW-RTR	NSW	Weddin Shire Council	Nowlans Road (Rural Road)	The road was in a very poor state with two major "bog holes" affecting drivers along this route. The road also was overtopped with minor flooding on occasions. Overgrown trees encroaching on/over roadway. The road is being upgraded from an unsealed road to a sealed road with addition of new culverts and driveways to access farm properties which will also be used by trucks during the harvest period. This will assist use as the main tourist thoroughfare to Ben Hall's Cave Lookout. The road is jointly funded with Fixing Local Roads.	\$44,945	\$2,998,632	Jul-25	Nov-25
133584-25NSW-RTR	NSW	Weddin Shire Council	Hunters Road, Caragabal	Repair failed patches on sealed road that pose safety risks to road users. Stabilisation works on a sealed road cutting out damaged sections, treating the subgrade, applying stabilising material, and reinstating the road to improve structural integrity and road strength. This is a jointly funded project with Natural Disaster DRFA ARGN 1034.	\$64,426	\$176,628	May-25	Jun-25
133587-25NSW-RTR	NSW	Weddin Shire Council	Keiths Lane, Pillabooka	Repair failed patches on sealed road that pose safety risks to road users. Stabilisation works on a sealed road cutting out damaged sections, treating the subgrade, applying stabilising material, and reinstating the road to improve structural integrity and road strength. This is a jointly funded project with Natural Disaster DRFA ARGN 1034.	\$45,003	\$96,559	Apr-25	May-25
133588-25NSW-RTR	NSW	Weddin Shire Council	Mortray Road, Pinnacle	Repair failed patches on sealed road that pose safety risks to road users. Stabilisation works on a sealed road cutting out damaged sections, treating the subgrade, applying stabilising material, and reinstating the road to improve structural integrity and road strength. This is a jointly funded project with Natural Disaster DRFA ARGN 1034.	\$47,070	\$61,266	Mar-25	Apr-25
133589-25NSW-RTR	NSW	Weddin Shire Council	Piney Range Hall Road, Piney Range	Repair failed patches on sealed road that pose safety risks to road users. Stabilisation works on a sealed road cutting out damaged sections, treating the subgrade, applying stabilising material, and reinstating the road to improve structural integrity and road strength. This is a jointly funded project with Natural Disaster DRFA ARGN 1034.	\$60,372	\$123,385	Mar-25	Apr-25
133590-25NSW-RTR	NSW	Weddin Shire Council	Ballendene Road, Pullabooka	Repair failed patches on sealed road that pose safety risks to road users. Stabilisation works on a sealed road cutting out damaged sections, treating the subgrade, applying stabilising material, and reinstating the road to improve structural integrity and road strength. This is a jointly funded project with Natural Disaster DRFA ARGN 1034.	\$19,360	\$208,060	Apr-25	May-25

133591-25NSW-RTR	NSW	Weddin Shire Council	Bald Hills Road - East Glenelg	Repair failed patches on sealed road that pose safety risks to road users. Stabilisation works on a sealed road cutting out damaged sections, treating the subgrade, applying stabilising material, and reinstating the road to improve structural integrity and road strength. This is a jointly funded project with Natural Disaster DRFA ARGN 1034.	\$39,643	\$98,421	Mar-25	Apr-25
133753-25NSW-RTR	NSW	Weddin Shire Council	Mary Gilmore Way (Rural Road)	Box culvert needs to be replaced due to subsidence issues. Replace entire box culvert (asset ID # CU0781) including base slab across the road and reinstate road over culvert with bitumen overlay.	\$150,000	\$150,000	Oct-25	Apr-26
133766-25NSW-RTR	NSW	Weddin Shire Council	Wirega Greenethorpe Road, Greenethorpe	Silt and debris at inlet/outlet of culvert. Scouring on side of wingwall and side drain. FLO037 Culvert, remove silt and debris at inlet/outlet. Backfill washed areas next to wingwall with bulk fill material. Backfill washed area near side drain with stabilised sand. This project is jointly funded with Natural Disaster Funding Package 7	\$21,338	\$30,315	Oct-26	Jan-27
133865-25NSW-RTR	NSW	Weddin Shire Council	Third Street, Quandialla	Kerb and gutter on western (school) side is damaged causing further damage to road infrastructure. Spoon drains are not draining correctly causing water over road damage. Eastern side of street already completed under "128343-24NSW-RTR - Third Street, Quandialla - Start from intersection of Margaret Street and Third Street north for 85m" New kerb and gutter installation, repair of adjacent footpath and school crossing, and replacement of spoon drains to allow correct drainage to inlets.	\$110,000	\$110,000	Sep-25	Nov-25
134119-25NSW-RTR	NSW	Weddin Shire Council	Peaks Creek Road, (Rural Road)	Loss of crown on road for substantial sections of road, erosion of road surface, potholes and poor drainage leading to further damages in wet weather. Gravel re-sheeting and maintenance grading where required, table drains reinstalled where needed and bad sections of road repaired.	\$92,000	\$92,000	Oct-25	Nov-25
134517-25NSW-RTR	NSW	Weddin Shire Council	Kangarooby Road, (Rural Road)	Loss of crown on road for substantial sections of road, erosion of road surface, potholes and poor drainage leading to further damages in wet weather. Gravel re-sheeting and maintenance grading where required, table drains reinstalled where needed and bad sections of road repaired. Co-funded with Natural Disaster.	\$39,154	\$74,238	Oct-25	Nov-25
134649-25NSW-RTR	NSW	Weddin Shire Council	Lynch's Road, (Rural Road)	Loss of crown on road for substantial sections of road, erosion of road surface, potholes and poor drainage leading to further damages in wet weather. Gravel re-sheeting and maintenance grading where required, table drains reinstalled where needed and bad sections of road repaired.	\$72,876	\$72,876	Sep-25	Oct-25

134650-25NSW-RTR	NSW	Weddin Shire Council	Main Street, Grenfell	Vehicles are bumping over damaged manhole lids along Main Street in Grenfell, causing discomfort and potential safety risks due to poor seating and deteriorated internal drainage components. The project will repair the manhole lids and shape concrete around their seating to ensure stability, sparge internal pipes ensuring waterproof seal, and shape concrete around the manhole bases where required to enable self-flushing and improve the long-term performance of the stormwater system.	\$80,000	\$80,000	Sep-25	Feb-26
128067-24NSW-RTR	NSW	Wentworth Shire Council	Adams Street, Wentworth	Existing condition of kerbing reaching intervention level with isolated sections of reinforcement being exposed. Upgrade existing spiked kerb with kerb and gutter.	\$125,450	\$125,450	Oct-24	Sep-25
128068-24NSW-RTR	NSW	Wentworth Shire Council	Anabranh Mail Road (Rural Road)	Subgrade layer being exposed due to diminished pavement depth. Poor profile causing drainage issues/potholing impeding on traffic safety and accessibility. Re-sheeting of unsealed road with 150 mm imported pavement material.	\$134,640	\$134,640	Apr-25	Jun-25
128069-24NSW-RTR	NSW	Wentworth Shire Council	Anabranh Mail Road (Rural Road)	Several areas are significantly affected by water ponding due to lack of formation and suitable drainage. After rain events this can prevent local residents from accessing property. Bulk earthworks to reinstate road formation and table drains and overlay 150 mm imported pavement material.	\$132,000	\$132,000	Feb-25	Jun-25
128070-24NSW-RTR	NSW	Wentworth Shire Council	Anabranh Mail Road (Rural Road)	Several areas are significantly affected by water ponding due to lack of formation and suitable drainage. After rain events this can prevent local residents from accessing property. Bulk earthworks to reinstate road formation and table drains.	\$66,000	\$66,000	Feb-25	Jun-25
128071-24NSW-RTR	NSW	Wentworth Shire Council	Carramar Drive, Gol Gol	Rehabilitation of existing sealed pavement as cracking and shape loss evident from pavement distress. Repeated edge and shoulder defects reoccurring due to existing seal width. Rehabilitation of existing sealed pavement, road widening and initial sealing.	\$153,000	\$153,000	Jan-25	Dec-25
128072-24NSW-RTR	NSW	Wentworth Shire Council	Darling Street, Wentworth	Existing condition of kerb and gutter reaching intervention level with isolated sections non-functional causing ponding of water for extended periods of time. Renewal of kerb and gutter.	\$133,650	\$133,650	Oct-24	Sep-25
128074-24NSW-RTR	NSW	Wentworth Shire Council	Darling Street, Pooncarie	Existing condition of kerbing reaching intervention level and non-functional. Renewal of existing kerb with precast spiked kerbing.	\$56,700	\$56,700	Dec-24	Jun-25
128075-24NSW-RTR	NSW	Wentworth Shire Council	Murray Street, Wentworth	Existing condition of kerb and gutter reaching intervention level with majority of section non-functional causing ponding of water for extended periods of time. Renewal of kerb and gutter.	\$159,330	\$159,330	Oct-24	Sep-25

128076-24NSW-RTR	NSW	Wentworth Shire Council	Potters Drive, Gol Gol	Poor horizontal geometry, road profile and fixed roadside hazards (power poles) in close proximity to travel lanes. Reconstruction/realignment of road, road widening and relocation of electricity assets.	\$109,724	\$109,724	Oct-24	Dec-25
128078-24NSW-RTR	NSW	Wentworth Shire Council	Wilga Road, Gol Gol	Existing narrow seal width causing frequent road maintenance and safety issues. Road widening and installation of plinth kerbing.	\$90,634	\$90,634	Jan-25	Dec-25
128079-24NSW-RTR	NSW	Wentworth Shire Council	Wood Street, Gol Gol	Pavement distress evident for this heavy vehicle route. Improve intersection geometry through the redesign of traffic islands. Rehabilitation of existing sealed pavement and asphalt overlay.	\$200,000	\$200,000	Jan-25	Dec-25
128081-24NSW-RTR	NSW	Wentworth Shire Council	Gol Gol North Road, Gol Gol	Shape loss in existing sealed pavement and other extents of pavement distress. Safety issues due to proximity of shared path users to road. Rehabilitation of existing sealed pavement and installation of pedestrian fencing.	\$332,180	\$332,180	Jan-25	Dec-25
131689-24NSW-RTR	NSW	Wentworth Shire Council	Adams Street, Wentworth	Kerb and gutter not functional causing severe drainage issues with several areas of water ponding after rain events. Renewal of kerb and gutter.	\$86,848	\$86,848	Jul-25	Jun-26
131690-24NSW-RTR	NSW	Wentworth Shire Council	Anabranh Mail Road (Rural Road)	Subgrade layer being exposed due to diminished pavement depth. Poor profile causing drainage issues/potholing impeding on traffic safety and accessibility. of unsealed road with 100mm imported pavement material.	\$120,120	\$120,120	Jul-25	Jun-26
131691-24NSW-RTR	NSW	Wentworth Shire Council	Grace Crescent, Buronga	Rehabilitation of existing sealed pavement as cracking and shape loss evident from pavement distress. Kerb and gutter not functional causing severe drainage issues with several areas of water ponding after rain events. Rehabilitation of existing sealed pavement, kerb and gutter renewal with surface upgrade (asphalt overlay).	\$426,863	\$426,863	Jul-25	Jun-26
131692-24NSW-RTR	NSW	Wentworth Shire Council	High Darling Road (Rural Road)	Rehabilitation of existing sealed pavement as cracking and shape loss evident from pavement distress. Repeated edge and shoulder defects re-occurring due to existing seal width. Rehabilitation of existing sealed pavement, road widening and initial sealing.	\$47,360	\$47,360	Jul-25	Jun-26
131693-24NSW-RTR	NSW	Wentworth Shire Council	Low Darling Road (Rural Road)	Subgrade layer being exposed due to diminished pavement depth. Poor profile causing drainage issues/potholing impeding on traffic safety and accessibility. of unsealed road with 150mm imported pavement material.	\$222,320	\$222,320	Jul-25	Jun-26
131694-24NSW-RTR	NSW	Wentworth Shire Council	Melaleuca Street, Buronga	Existing trafficable width unsuitable for current and future traffic growth. Inadequate drainage after medium sized rain events. Road widening and installation of kerb and gutter.	\$70,000	\$70,000	Jul-25	Jun-26
131695-24NSW-RTR	NSW	Wentworth Shire Council	Minda Road (Rural Road)	Subgrade layer being exposed due to diminished pavement depth. Poor profile causing drainage issues/potholing impeding on traffic safety and accessibility. of unsealed road with 100 mm imported pavement material.	\$84,700	\$84,700	Jul-25	Jun-26

131696-24NSW-RTR	NSW	Wentworth Shire Council	Murray Road (Rural Road)	Poor road geometry, width constraints and poor sight distances contributing to road safety concerns. Reconstruction/realignment of road, road widening and relocation of other third party assets.	\$81,600	\$81,600	Jul-25	Jun-26
131697-24NSW-RTR	NSW	Wentworth Shire Council	Nob Road (Rural Road)	Subgrade layer being exposed due to diminished pavement depth. Poor profile causing drainage issues/potholing impeding on traffic safety and accessibility. of unsealed road with 50mm imported pavement material.	\$136,503	\$136,503	Jul-25	Jun-26
131698-24NSW-RTR	NSW	Wentworth Shire Council	Nob Road (Rural Road)	Several areas are significantly affected by water ponding due to lack of formation and suitable drainage. After rain events this can prevent local residents from accessing property. Bulk earthworks to reinstate road formation and table drains.	\$124,600	\$124,600	Jul-25	Jun-26
131699-24NSW-RTR	NSW	Wentworth Shire Council	Old Wentworth Road, Wentworth	Rehabilitation of existing sealed pavement as cracking and shape loss evident from pavement distress. Repeated edge and shoulder defects re-occurring due to existing seal width. Rehabilitation of existing sealed pavement, road widening and initial sealing.	\$288,560	\$288,560	Jul-25	Jun-26
131700-24NSW-RTR	NSW	Wentworth Shire Council	Polia Road (Rural Road)	Several areas are significantly affected by water ponding due to lack of formation and suitable drainage. After rain events this can prevent local residents from accessing property. Bulk earthworks to reinstate road formation and table drains.	\$194,250	\$194,250	Jul-25	Jun-26
131701-24NSW-RTR	NSW	Wentworth Shire Council	Red Hill Road (Rural Road)	Several areas are significantly affected by water ponding due to lack of formation and suitable drainage. After rain events this can prevent local residents from accessing property. Bulk earthworks to reinstate road formation and table drains with a 150 mm gravel overlay.	\$89,780	\$89,780	Jul-25	Jun-26
134709-25NSW-RTR	NSW	Wentworth Shire Council	Pitman Avenue, (Buronga)	Existing trafficable width unsuitable for current and future traffic growth. Inadequate drainage after medium sized rain events. Road widening and installation of associated kerb and gutter / stormwater infrastructure.	\$40,000	\$40,000	Oct-25	Jun-26
127444-24NSW-RTR	NSW	Willoughby City Council	Sailors Bay Rd, Northbridge	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 210 m x 12 m to be removed with 50 mm AC14 asphalt. Approximately 100 square metres patching.	\$108,459	\$108,459	Jan-25	Mar-25
127445-24NSW-RTR	NSW	Willoughby City Council	High St, Willoughby	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 197 m x 12 m to be removed with 50 mm AC14 asphalt. Approximately 250 square metres patching.	\$85,645	\$85,645	Jan-25	Mar-25

127447-24NSW-RTR	NSW	Willoughby City Council	High St, Willoughby	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 196 m x 12 m to be removed with 50 mm AC14 asphalt. Approximately 150 square metres patching.	\$152,875	\$152,875	Jan-25	Mar-25
127449-24NSW-RTR	NSW	Willoughby City Council	Stafford Rd, Artarmon	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 410 m x 7.3 m to be removed with 50 mm AC14 asphalt. Approximately 150 square metres patching.	\$114,082	\$114,082	Nov-24	Mar-25
130341-24NSW-RTR	NSW	Willoughby City Council	Iceworks Lane, Willoughby	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 440 sqm to be removed and 60 mm AC 14 and 40 mm AC10 asphalt to be laid. Replacement of road markings.	\$27,100	\$43,139	Jan-25	Mar-25
131863-25NSW-RTR	NSW	Willoughby City Council	Douglas Ave, Chatswood	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 218 x 6.8 m to be removed and replaced with 70 mm AC14 asphalt. Approximately 80 sqm of heavy patching.	\$88,330	\$88,330	Jul-25	Aug-25
131864-25NSW-RTR	NSW	Willoughby City Council	Moola Parade, Chatswood	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 394 x 4.9 m to be removed and replaced with 50 mm AC14 asphalt. Approximately 60 sqm heavy patching.	\$66,989	\$66,989	Aug-25	Sep-25
131865-25NSW-RTR	NSW	Willoughby City Council	Sailors Bay Rd, Northbridge	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 93 x 12.7 m to be removed and replaced with 70mm AC14 asphalt. Approximately 300 sqm heavy patching.	\$99,000	\$99,000	Feb-26	Mar-26
131871-25NSW-RTR	NSW	Willoughby City Council	Park Rd, Naremburn	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 155 x 6.8 m to be removed and replaced with 70 mm AC14 asphalt. Approximately 100 sqm heavy patching.	\$54,806	\$54,806	Aug-25	Sep-25
131872-25NSW-RTR	NSW	Willoughby City Council	Ashley St, Chatswood	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 108 x 12.3 m to be removed and replaced with 70 mm AC14 asphalt. Approximately 120sqm heavy patching.	\$104,500	\$104,500	Feb-26	Mar-26
131874-25NSW-RTR	NSW	Willoughby City Council	Kooba Ave, Chatswood	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 88 x 7 m to be removed and replaced with 60 mm x AC20 and 40 mm AC10 asphalt.	\$35,802	\$35,802	Aug-25	Sep-25

131876-25NSW-RTR	NSW	Willoughby City Council	Mabel St, Willoughby	Existing pavement has deteriorated. Cracks have developed along the road pavement with the surface stone stripping, requiring resurfacing. Surface area of 96 x 7.1 m to be removed and replaced with 70 mm AC14 asphalt. Approximately 60 sqm heavy patching.	\$42,509	\$42,509	Jul-25	Aug-25
134687-25NSW-RTR	NSW	Willoughby City Council	Cevu Ave, Willoughby	Existing pavement has deteriorated. Cracks have developed along road pavement with the stone stripping and requiring resurfacing. Surface area of 1115sqm to be removed and replaced with 70mm AC14. Approximately 120sqm of heavy patching.	\$70,000	\$70,000	Feb-26	Apr-26
134688-25NSW-RTR	NSW	Willoughby City Council	Abbot Rd, Artarmon	Existing concrete pavement has deteriorated. Large cracks developed requiring replacement. Surface area of 85sqm to be removed and replaced with 250mm deep steel reinforced concrete.	\$38,877	\$38,877	Feb-26	Mar-26
127909-24NSW-RTR	NSW	Wingecarribee Shire Council	Elizabeth Street, Moss Vale	Road is in a deteriorated state due to poor pavement material and lack of drainage controls. Road is suffering significant rutting, repeated potholing and shoving, Pavement rehabilitation through lime/cement stabilisation, with imported material on top and an asphalt wearing surface.	\$800,000	\$800,000	Nov-24	Nov-25
127911-24NSW-RTR	NSW	Wingecarribee Shire Council	Belanglo Road, Belanglo	Road is in deteriorated state due to poor pavement material, inadequate drainage and braking movements of trucks on downhill unsealed road. The unsealed road is suffering from significant scour, potholing and corrugations. Pavement rehabilitation through reconstruction of drainage network, import of pavement material and installation of two coat spray seal.	\$1,200,000	\$1,200,000	Sep-24	Nov-25
133809-25NSW-RTR	NSW	Wingecarribee Shire Council	Oxford Street, Mittagong	The road is in poor condition due to surface deformation, rutting and potholes. Apply 14/7 resealing before correcting the road surfaces through preparatory works such as patching.	\$120,000	\$120,000	Sep-25	Dec-25
133813-25NSW-RTR	NSW	Wingecarribee Shire Council	Walkers Road, Avoca.	The road conditions deteriorate over the years due to ageing and environmental influences. This segment contains rutting, scattered loose aggregates, vegetable encroachment, severe corrugation, shoulder erosion and potholes. Gravel with 150 mm thick imported gravel with drainage work that includes clearing, regarding, and reshaping. All the defects are to be rectified prior to gravel .	\$220,000	\$220,000	Nov-25	Jun-26

133814-25NSW-RTR	NSW	Wingecarribee Shire Council	Old Argyle Road, Exeter.	Road is in a deteriorated state and is suffering from rutting due to poor pavement quality and drainage controls. This segment contains rutting, scattered loose aggregates, vegetable encroachment, severe corrugation, shoulder erosion, and potholes. Gravel with 150 mm thick imported gravel with drainage work that includes clearing, regarding and reshaping. All the defects are to be rectified prior to gravel .	\$210,000	\$210,000	Nov-25	Jun-26
133820-25NSW-RTR	NSW	Wingecarribee Shire Council	Tyree Place, Braemar	This section contains severe pavement defects that include crocodile cracks, rutting, ravelling, linear cracks, and surface deformations. The road surface has significantly deteriorated and is close to failing. Pavement rehabilitation through mill and fill at a 300 mm depth and chemical stabilisation with 3% of 70/30 lime/slag additive and resurface with 50 mm asphalt layer AC14. Reinstate the existing line marking.	\$320,000	\$320,000	Nov-25	Jun-26
133837-25NSW-RTR	NSW	Wingecarribee Shire Council	Sunninghill Avenue, Burradoo	The pavement condition is in poor condition due to poor pavement material and lack of drainage control. The seal is on the verge of failing. Pavement rehabilitation through mill and fill at a 300 mm depth and chemical stabilisation with 3% of 70/30 lime/slag additive with imported material on the top and reseal the full segment with a 14/7 seal. Reinstate the line marking.	\$470,000	\$470,000	Nov-25	Jun-26
133839-25NSW-RTR	NSW	Wingecarribee Shire Council	Tyree Place, Braemar	This section contains severe pavement defects that include crocodile cracks, rutting, ravelling, linear cracks and surface deformations. The road surface has significantly deteriorated and is close to failing. Pavement rehabilitation through mill and fill at a 300 mm depth and chemical stabilisation with 3% of 70/30 lime/slag additive with imported material on the top and reseal the full segment with a 14/7 seal. Reinstate the line marking.	\$280,000	\$280,000	Nov-25	Jun-26
133847-25NSW-RTR	NSW	Wingecarribee Shire Council	Bundaroo Street, Bowral	The road surface is in deteriorated state due to age and environmental impacts. The road surface contains surface deformation, rutting, crocodile cracks and potholes. Necessary surface corrections are to be made. The existing asphalt surface is to be removed and disposed to a designated location as instructed by engineers. The surface is to be compacted and apply prime seal prior to laying asphalt. Apply 50 mm of AC 14 on the compacted surface. Reinstate existing line marking.	\$380,000	\$380,000	Nov-25	Jun-26

127457-24NSW-RTR	NSW	Wollondilly Shire Council	Montpelier Drive, The Oaks	Regional road with high traffic volumes - pavement has many potholes and had many heavy patches done over the last 10 years. Pavement is not suitable for increased traffic volumes and high proportion of heavy vehicles. Asphalt mill and fill 200 mm pavement over the existing distressed spray seal surface. Estimated work area is 8,916.9 m2. Delineation improvements with line marking and raised pavement markers. Council will be funding the \$89,384.	\$1,134,736	\$1,208,977	Oct-24	Jun-25
131186-24NSW-RTR	NSW	Wollondilly Shire Council	Montpelier Road, Mowbray Park	Regional road with high traffic volumes - pavement has many potholes and had many heavy patches done over the last 10 years. Pavement is not suitable for increased traffic volumes and high proportion of heavy vehicles. Asphalt mill and fill 250 mm pavement over the existing distressed spray seal surface. Estimated work area is 5,179.2 m2. Delineation improvements with line marking and raised pavement markers. Balance of \$93,134 paid by Council.	\$650,000	\$666,914	Mar-26	May-26
131192-24NSW-RTR	NSW	Wollondilly Shire Council	Remembrance Driveway, Bargo	Regional road with high traffic volumes - pavement has many potholes and had many heavy patches done over the last 10 years. Pavement is not suitable for increased traffic volumes and high proportion of heavy vehicles. Asphalt mill and fill 200 mm pavement over the existing distressed spray seal surface. Estimated work area is 8356.8 m2. Delineation improvements with line marking and raised pavement markers. Council will be funding the \$260,223	\$746,598	\$956,821	Apr-26	Jun-26
128401-24NSW-RTR	NSW	Wollongong City Council	South Avondale Rd, Avondale	Reconstruct road and restore asset to "as-new" condition. In situ stabilisation of existing road pavement and placement of a new wearing course. Wollongong City Council will fund the balance of the project costs above the R2R allocation.	\$654,521	\$654,521	Jul-24	Mar-25
128402-24NSW-RTR	NSW	Wollongong City Council	Kapooka Ave, Dapto	Reconstruct road and restore asset to "as-new" condition. Reconstruction of road pavement by excavation, repairs to damages sections of kerb and gutter, and placement of 7 MPa lean mix concrete subbase overlain by full depth asphalt pavement. Wollongong City Council will fund the balance of the project costs.	\$500,000	\$765,135	Sep-24	Mar-25
128403-24NSW-RTR	NSW	Wollongong City Council	Harry Graham Dr, Kembla Heights	Stabilise road embankment and return the road to one-lane each way. Construction of retaining structure for road embankment, rehabilitation of pavement and crash protection systems impacted by landslide.	\$3,200,000	\$3,200,000	Sep-25	Jun-26

134143-25NSW-RTR	NSW	Wollongong City Council	Fairy Ave, Fairy Meadow	Road pavement conditions have reached end of life and require renewal. Project scope includes installation of subsoil drainage to address groundwater, then stabilization of existing road pavement and placement of new asphalt wearing course. Also includes minor kerb repairs.	\$625,000	\$725,000	Oct-25	May-26
128246-24NSW-RTR	NSW	Yass Valley Council	Yass Valley Way (Rural Road)	Existing bitumen pavement has failed in sections due to age and increased traffic volumes. Existing failed pavement sections will be dug out to 300 mm deep and replaced with new material to strengthen road. Repaired sections will then be bitumen sealed and line-marked for safety.	\$359,626	\$359,626	Aug-24	Oct-24
129184-24NSW-RTR	NSW	Yass Valley Council	Dog Trap Road (Rural Road)	Existing unsealed gravel road pavement has deteriorated due to age and increased traffic volumes. Existing unsealed road section will be reshaped, side drains cleared and then re-sheeted with new gravel to a depth of 100 mm.	\$520,918	\$520,918	Apr-25	Jun-25
130142-24NSW-RTR	NSW	Yass Valley Council	Meehan Street, Yass	Existing bitumen surface has deteriorated due to age and increased traffic volumes. The existing pavement will be profiled and resurfaced with an asphalt overall to a depth of 50 mm.	\$219,063	\$219,063	Mar-26	Mar-26
133366-25NSW-RTR	NSW	Yass Valley Council	Yass Valley Way (Rural Road)	Existing bitumen sealed surface has deteriorated due to age and increased traffic volumes. Minor pavement repairs will initially be undertaken. The existing sealed surface will then be bitumen resealed and line-marked.	\$251,568	\$251,568	Jan-26	Mar-26
133367-25NSW-RTR	NSW	Yass Valley Council	Yass Valley Way (Rural Road)	Existing bitumen sealed surface has deteriorated due to age and increased traffic volumes. Minor pavement repairs will initially be undertaken. The existing sealed surface will then be bitumen resealed and line-marked.	\$310,000	\$310,000	Jan-26	Mar-26
134298-25NSW-RTR	NSW	Yass Valley Council	Marked Tree Road (Rural Road)	Existing culvert pipe across the road has been condemned due to age and condition (unsafe for vehicular traffic). The existing culvert pipe will be replaced and road formation reinstated.	\$175,000	\$175,000	Oct-25	Dec-25
134705-25NSW-RTR	NSW	Yass Valley Council	South Street, Murrumbateman	Section of sealed road is badly deteriorated due to pavement age / increased traffic volumes and requires rehabilitation. Existing pavement to be stabilised, reformed and then bitumen sealed.	\$160,000	\$160,000	Nov-25	Dec-25
135237-25NSW-RTR	NSW	Yass Valley Council	Moorbys Lane (Rural Road)	Existing unsealed gravel road pavement has deteriorated due to age and increased traffic volumes. The road will be reshaped, side drains cleared and then re-sheeted with new gravel to a depth of 100 mm.	\$350,000	\$350,000	Apr-26	May-26
135246-25NSW-RTR	NSW	Yass Valley Council	Wargeila Road (Rural Road)	Existing unsealed gravel road has deteriorated due to age and increased traffic volumes. The road will be reshaped, side drains cleared and then re-sheeted with new gravel to a depth of 100 mm.	\$490,000	\$490,000	Apr-26	May-26

131707-24NT-RTR	NT	Alice Springs Town Council	Nicker Crescent, Alice Springs	Improved Road visibility during rains and road deterioration and erosion caused by old and inadequate culverts and side entry pits. Replace old culverts by supplying & installing new culverts and side entry pits to avoid stormwater pooling and road erosion.	\$125,000	\$125,000	Aug-25	Oct-25
131708-24NT-RTR	NT	Alice Springs Town Council	Gap Road, Alice Springs	Crashes and severity of road accidents, poor visibility, proper drainage and poor pedestrian traffic The recent crash data dated from 17th September 2018 to 11th September 2023 highlighted 41 crashes altogether along the 2.3km Gap Road where the number of crashes and severity for each year. Installing roundabouts in intersection of Gap road and Trager Avenue. Line marking, school zone traffic calming and pedestrian islands. Installing chicanes, traffic calming devices and additional street lights in pedestrian crossing points and high foot traffic areas.	\$1,850,000	\$1,850,000	Aug-25	Nov-26
135012-25NT-RTR	NT	Alice Springs Town Council	Smith Street, Alice Springs	Stop flooding which affects roads structure and improving accessibility. Provide adequate drainage facility and two coat reseal works with line marking.	\$135,000	\$135,000	Nov-25	Dec-25
135013-25NT-RTR	NT	Alice Springs Town Council	Undoolya Road, Alice Springs	Structure of the road subjected to flooding and damaged. provide additional drainage and two coat seal of road section.	\$125,000	\$125,000	Nov-25	Dec-25
131746-24NT-RTR	NT	Barkly Regional Council	Kinjorra Road, Ali Curung	The existing sealed road has severe surface cracks, edge breaks, potholes. Most of the road sections are heavily worn down and become unsafe during the rainy season. Therefore, this results lower level of service to community and there is a higher risk of rapid deterioration of base and subgrade due to water penetration. Given the circumstances, it's proposed to improve the internal roads in Ali Curung community by resealing. It is proposed to upgrade the roads by undertaking base reconstruction where required, carrying out surface preparation, and resealing with aggregate and polymer-modified binder. The project is planned to be delivered in partnership with the Safer Local Roads Infrastructure Program. A total of \$270,000 from the Roads to Recovery funding allocation will be committed, alongside the applied funding from the Safer Local Roads Infrastructure Program, bringing the total project value to \$1.35 million. This collaborative approach ensures best value for money and delivers significant benefits to the community.	\$270,000	\$1,350,000	Jul-26	Jun-27

131768-24NT-RTR	NT	Barkly Regional Council	Antyiper Street, Alpururulam	The existing sealed road has sever surface cracks, edge breaks, potholes. Most of the road sections are heavily worn down and become unsafe during the rainy season. Therefore, this results lower level of service to community and there is a higher risk of rapid deterioration of base and subgrade due to water penetration. Given the circumstances, it's proposed to improve the internal roads in Alpururulam community by resealing. It is proposed to upgrade the roads by undertaking base reconstruction where required, carrying out surface preparation, and resealing with aggregate and polymer-modified binder. The project is planned to be delivered in partnership with the Safer Local Roads Infrastructure Program. A total of \$733,000 from the Roads to Recovery funding allocation will be committed, alongside the applied funding from the Safer Local Roads Infrastructure Program, bringing the total project value to \$3.665 million. This collaborative approach ensures best value for money and delivers significant benefits to the community.	\$733,000	\$3,665,000	Jul-26	Jun-27
133129-25NT-RTR	NT	Belyuen Community Government Council	Belyuen Internal Road Network, Belyuen	Deteriorating roads, washouts, potholes, shoulder erosion, inadequate signage. Replace 2.5 km of internal sealed roads in Belyuen community including shoulder works, line marking, speed bumps and signage.	\$110,000	\$110,000	Oct-25	Dec-25
129051-24NT-RTR	NT	Central Desert Regional Council	Yuelamu Access Road off Tanami road (Rural Road)	The exiting road surface is below the ground level and made of sand clay which gets corrugated and damaged frequently. The existing drainage system is not functioning well. This results lower level of service to community. Also, it goes under water during the rainy season making it impassable. Based on these factors, this road needs to be raised and gravel sheeted and the drainage needs to be upgraded. It is proposed to lift the road providing subgrade, sub-base and to provide gravel base. Also, it is proposed to upgrade the drainage system.	\$670,000	\$670,000	Nov-24	Jun-25

131611-24NT-RTR	NT	Central Desert Regional Council	Willowra-Stuart Hwy Road, (Rural Road)	The exiting road surface is below the ground level and severely degraded which gets corrugated and damaged frequently. The existing drainage system is not functioning well. This results lower level of service to community. Also, it goes under water during the rainy season making it impassable. Based on these factors, this road needs to be raised and gravel sheeted and the drainage needs to be upgraded. It is proposed to lift the road providing subgrade, sub-base and to provide gravel base. Also, it is proposed to upgrade the drainage system. This project is planned to be delivered partnering with funding approved under Safer local road infrastructure program. Together with the funding allocation under Roads to Recovery for 25/26 FY which is \$489,403 , and the total budget is \$2.4 million. This arrangement will avoid separate mobilization costs improving value for money and benefit to the community.	\$489,403	\$2,408,072	Sep-25	Dec-26
131745-24NT-RTR	NT	Central Desert Regional Council	Yuendumu - Nyirripi Road, (Rural Road)	The exiting road surface is below the ground level and severely degraded which gets corrugated and damaged frequently. The existing drainage system is not functioning well. This results lower level of service to community. Also, it goes under water during the rainy season making it impassable and isolating Nyirripi community. Based on these factors, this road needs to be raised and gravel sheeted and the drainage needs to be upgraded. It is proposed to lift the road providing subgrade, sub-base and to provide gravel base. Also, it is proposed to upgrade the drainage system. This project is planned to be delivered partnering with funding applying under Safer local road infrastructure program (SLRIP). Together with the funding allocation under Roads to Recovery for 26/27 FY which is \$759,609, the total budget is \$3.7 million. This arrangement will avoid separate mobilisation costs, improving value for money and delivering greater benefit to the community. Once approved, this work schedule will be submitted with SLRIP application.	\$759,609	\$3,713,980	Aug-26	Aug-27

131709-24NT-RTR	NT	City of Darwin	Lee Point Road, Lee Point	Lee Point Road is undersized for the current and future level of development on either side of the road. In addition, the road pavement requires rehabilitation to prolong its life. Given the level of development on either side, road safety improvements are also required in the form of traffic signals or roundabout. In addition, the road currently has a rural cross section which needs to be upgraded to an urban cross section commensurate with the land use in the area. This includes the introduction of kerbing and underground stormwater drainage and other road upgrades. Widening of a section Lee Point Road to increase capacity and introduction of traffic management device to improve safety of pedestrians and vehicles, reconstruction of pavement and further road upgrades.	\$6,400,000	\$6,400,000	Sep-25	Jan-27
130426-24NT-RTR	NT	City of Palmerston	Essington Avenue, Gray	Asphalt seal is failing with potholes formed, creating safety issues and compromising the integrity of the underlying pavement. Profile and remove existing asphalt layer, re-seal pavement surface and replace asphalt to a minimum thickness of 30 mm.	\$167,999	\$167,999	Mar-25	May-25
130428-24NT-RTR	NT	City of Palmerston	Forrest Parade, Rosebery	Extensive cracking, crocodile cracking breaking up asphalt and causing pothole formation to asphalt seal layer. Profile existing asphalt, re-seal top of pavement layer and place new layer of asphalt to minimum depth of 30 mm.	\$65,359	\$65,359	May-25	May-25
130429-24NT-RTR	NT	City of Palmerston	Farrar Blvd, Farrar	Extensive cracking in asphalt surface with evidence of pumping compromising the integrity of the underlying pavement. Profile and removal of existing asphalt, reconstruction of road pavement if required, followed by re-seal to top of pavement layer and new asphalt wearing course to a minimum depth of 30 mm.	\$73,407	\$73,407	May-25	May-25
130430-24NT-RTR	NT	City of Palmerston	Granite Drive, Rosebery	Significant crocodile cracking and potholes have formed in this area with potential damage to underlying pavement due to water ingress. Profile and remove existing asphalt, remove and replace pavement layer if required, re-seal and reinstall asphalt wearing course to a minimum depth of 30 mm.	\$218,091	\$218,091	May-25	May-25
131977-25NT-RTR	NT	City of Palmerston	Broadarrow Circuit, Woodroffe	Major cracking in road seal and formation of potholes in significant section of road. Remove and replace existing asphalt layer. City of Palmerston to fund balance of project not covered by R2R funding.	\$10,602	\$40,421	Apr-25	Apr-25

129933-24NT-RTR	NT	Coomalie Community Government Council	Strickland Road (Rural Road)	Strengthening an existing gravel rural collector road for heavy vehicle access, improving carrying capacity and stabilization of gravel surface for 4 kilometres and improving the amenity of the adjoining residential areas. Re-sheet, wet and roll with stabilisation additive 4 km of existing gravel road.	\$278,120	\$278,120	Dec-24	Oct-25
129934-24NT-RTR	NT	Coomalie Community Government Council	Haynes Road, Adelaide River	Strengthening a rural collector road for heavy vehicle access, improving carrying capacity and stabilization of gravel surface for 2.8 km. Re-sheeting the 2.8 km of unsealed gravel road of Haynes Road, Adelaide River. The work will commence at the end of the sealed section and terminate at where the road meets the Adelaide River.	\$181,000	\$181,000	Dec-24	Oct-25
127419-24NT-RTR	NT	Katherine Town Council	First Street, Katherine	To improve pedestrian safety and traffic operations, including heavy vehicles, on First Street to aid access to the Katherine Central Shopping Centre. Significantly reducing traffic congestion, decreasing risk of collision with cars and pedestrians, creating clearer wayfinding signage, minimising confusion and reducing speeds, facilitating easier and better defined movement for both pedestrian and drivers. Construction of new access for heavy vehicles: this will separate commercial vehicle traffic from the general car park traffic. Construction of new driveway access. Narrowing of existing driveway to suit cars only. Raised pedestrian crossing along First Street and within the car park. Signage, line marking, and other traffic calming devices, pedestrian islands, lighting, and warning signs where required. Co-contribution funding - Local Roads and Community Infrastructure (LRCI) Phase 4 \$166,499 approved.	\$148,597	\$350,000	Oct-24	Sep-25
134438-25NT-RTR	NT	Katherine Town Council	Needham Terrace, Katherine	Road surface severely degraded and suffering from: - Potholes, - Block cracking, - Longitudinal cracking at Providence Court intersection, - Significant surface deformation and cracking at the road sag which appears to provide overland flow conveyance to the open channel downstream, - Expedient patching throughout road extent, - Surface stripping adjacent to the kerb at multiple locations, and - Bitumen flushing at multiple locations. Mill and replace with a two coat spray seal with strain alleviating membrane. The work will involve pavement reshaping and repairs.	\$260,000	\$260,000	Oct-25	May-26

134439-25NT-RTR	NT	Katherine Town Council	Sheppherd Street, Katherine	Road surface severely degraded and suffering from: - Potholes, - Block cracking, - Rutting > 20 millimetres, - Expedient patching, and - Pavement deformation with stripping. Mill and replace with a two coat spray seal with strain alleviating membrane. The project will involve pavement reshaping.	\$143,000	\$143,000	Oct-25	May-26
134440-25NT-RTR	NT	Katherine Town Council	Gorge Road, Katherine	Degraded road shoulders and road requires bitumen widening to allow increased traffic flow during funerals. Repairs to existing shoulders, widen formation to provide 1m shoulders with two coat spray seal with strain alleviating membrane.	\$235,000	\$235,000	May-27	Nov-27
134447-25NT-RTR	NT	Katherine Town Council	Zimin Drive, Rural Road	Degraded road shoulders and edge breakage, upgrade to intersection of Shadforth and Zimin Drive, due to aging infrastructure and increased traffic flow from cars/caravans at nearby tourist spot and caravan park. Repairs to existing shoulders, additional double coat edge sealing of 500mm either side of road. New line marking and signage upgrades.	\$235,000	\$235,000	May-26	Nov-26
134448-25NT-RTR	NT	Katherine Town Council	Florina Road Intersections, (Rural Road)	Degraded road surface, numerous potholes, edge breakage and road shoulders due to aging infrastructure and increased heavy vehicle traffic from rural properties and industries nearby. Site preparation, asphalt surfacing 40 millimetre thick, tie into existing shoulders and table drains. New line marking and signage upgrades.	\$360,000	\$360,000	May-26	Nov-26
134449-25NT-RTR	NT	Katherine Town Council	Collins Road Intersections, Rural Road	Degraded road surface, numerous potholes, edge breakage and road shoulders due to aging infrastructure and increased heavy vehicle traffic from rural properties and industries nearby. Site preparation, asphalt surfacing 40mm thick, tie into existing shoulders and table drains. New line marking and signage upgrades	\$360,000	\$360,000	May-26	Nov-26
130875-24NT-RTR	NT	LGANT LTD	Bonya Road (Rural Road)	Existing is formed gravel and subject to flooding and scouring causing access problems for the local community. Reformatting existing alignment in preparation for pavement sealing. Construction of floodways and associated drainage to support the sealed roadway.	\$1,977,210	\$1,977,210	Jul-25	Sep-25
129746-24NT-RTR	NT	Litchfield Council	Hopewell Road, Berry Springs	The current road seal is poor and stripping and cracking badly. Reseal 5.08 km of road as per current standard.	\$416,411	\$416,411	Jul-25	Sep-25
129747-24NT-RTR	NT	Litchfield Council	Hicks Road, Girraween	The current road seal is poor and stripping and cracking badly. Reseal 4.648 km of road to current standard.	\$300,259	\$300,259	Jul-25	Sep-25
129748-24NT-RTR	NT	Litchfield Council	Rogers Road, Girraween	The current road seal is poor and stripping and cracking badly. Reseal 0.987 km of road to current standards	\$64,537	\$64,537	Jul-25	Sep-25

129750-24NT-RTR	NT	Litchfield Council	Morgan Road, Virginia	The current seal is poor and stripping and racking badly. Reseal 0.705 km of road to current standards.	\$46,746	\$46,746	Jul-25	Sep-25
129751-24NT-RTR	NT	Litchfield Council	Woodah, Virginia Road	The current seal is poor and stripping and racking badly. Reseal 0.233 km of road to current standards.	\$20,797	\$20,797	Jul-25	Sep-25
129752-24NT-RTR	NT	Litchfield Council	Stevens Road, Knickey Lagoon	The current seal is poor and stripping and racking badly. Reseal 0.705 km of road to current standards.	\$94,207	\$94,207	Jul-25	Sep-25

133867-25NT-RTR	NT	Litchfield Council	Deborah Road, Howard Springs	The current road seal is poor and stripping and cracking badly. Reseal 1.130 km of road to current standards.	\$26,633	\$26,633	Mar-26	Jun-26

133868-25NT-RTR	NT	Litchfield Council	Jason Road, Howard Springs	The current road seal is poor and stripping and cracking badly. Reseal 0.587 km of road to current standards.	\$36,271	\$36,271	Mar-26	Jun-26
133870-25NT-RTR	NT	Litchfield Council	Staines Court, Girraween	The current road seal is poor and stripping and cracking badly. Reseal 0.249 km of road to current standards. Litchfield Council will fund the remaining balance.	\$2,544	\$13,960	Mar-26	Jun-26
128807-24NT-RTR	NT	Northern Territory of Australia	Jungawa Road, Darwin	Jungawa Road is 12.60 kilometres long and is only access to the Douglas Daly Research Farm. The farm investigates and research the development and extension of agriculture in the Northern Territory. The first 9.25 kilometres of Jungawa Road are sealed. The remaining 3.35 kilometres are unsealed and often restrict the access of vehicles due to wet season. This project will complete the sealing of the entire road. Upgrading from unsealed to sealed standards.	\$3,500,000	\$3,500,000	Sep-25	Dec-26
128811-24NT-RTR	NT	Northern Territory of Australia	Finke Road, Alice Springs	These 2 culverts are very old with damaged cells and headwalls with loss of material between the cells. The damaged culverts will be replaced with reinforced concrete box culverts with a compliant base and flat surface to carry traffic load. Replace damaged culverts with reinforced concrete box culverts.	\$1,000,000	\$1,000,000	Apr-26	Jun-26
128812-24NT-RTR	NT	Northern Territory of Australia	Kurundi Road, Tennant Creek	Kurundi Road is a primary pastoral road and services transport of cattle for export. The road is mainly used by heavy vehicles. This road section is heavily corrugated and rutted, causing unsafe driving conditions. Gravel re-sheet.	\$1,000,000	\$1,000,000	Sep-25	Jan-26
128813-24NT-RTR	NT	Northern Territory of Australia	Ranken Road, Tennant Creek	Ranken Road is a vital road for pastoralists and local Aboriginal communities. The road is unsealed with heavy corrugation and rutting with deep pavement holes; and unsafe for motorists. Gravel re-sheet.	\$1,000,000	\$1,000,000	Sep-25	Jan-26
128843-24NT-RTR	NT	Northern Territory of Australia	Hamilton Down Youth Camp Access Road (Alice Springs)	The road has experienced increase in traffic due to increased usage and growth of the Youth Camp, and requires gravel re-sheeting for safe passage of vehicles. At times, school camps have been delayed or cancelled due to poor condition of the road. Gravel re-sheet.	\$1,000,000	\$1,000,000	Sep-25	Jun-26
130696-24NT-RTR	NT	Northern Territory of Australia	Mulga Park Road, Alice Springs	Mulga Park Road is a well used road for the cattle transport and the tourism industries and a high proportion of indigenous communities. A significant volume of traffic is triple road trains for cattle haulage, community stores and mining explorations. The road section traverses winding sand dune and rocky hill country, with numerous creek crossings and worn formation. It also has lost gravel and exposed to natural surface. In wet weather, water ponding closes the road for short to medium period. The road has been the subject to numerous near misses and accidents. Gravel from 85 to 108 kilometres.	\$1,280,000	\$1,280,000	Nov-25	Jun-26

130787-24NT-RTR	NT	Northern Territory of Australia	Gorrie Dry River Road, Katherine	Gorrie Dry River Road runs through the Sturt Plateau region and has several pastoral leases along the route. This region also produces hay and other growing products. The number of heavy vehicles has significantly increased over time due to increase in production on Sturt Plateau region. The unsealed road section with the jump up on Gorrie Dry River Road is a steep gradient (8% to 10% grade). Road trains have the potential to lose traction on the gravel surface and become stuck causing road block to other vehicles. Road train is required to break up each trailer resulting in trailer haulage on the jump up section that become hazardous to other road users. There are also several tight curves at the bottom of the jump up that restrict road trains to gain reasonable speed to avoid becoming stuck halfway up the jump up and trailers have potential to go over the edges. Sealing the jump up section will provide better access to heavy vehicles and eliminating road safety risk for motorists. The proposed work is to seal the jump up section from 182.5 to 182.9 kilometres.	\$1,000,000	\$1,000,000	Oct-25	Jun-26
130788-24NT-RTR	NT	Northern Territory of Australia	Murray Downs Road,Tennant Creek	The road services many communities and pastoral properties. It has lost majority of its gravel material and exposed to natural surface. The road is also bogged down in wet weather and slippery due to poor drainage. Gravel to the nominated sections will provide better access for community travel and livestock movement. Gravel .	\$3,000,000	\$3,000,000	Sep-25	Jul-26
130851-24NT-RTR	NT	Northern Territory of Australia	Amanbidji Access Road, Katherine	The Amanbidji community becomes inaccessible during the wet season due to the localised flooding or saturated pavement condition due to the impassability of water. Medical services, police support and food supplies can only be delivered by air transport when the road is impassable. Upgrade 0 to 11 kilometres from formed to gravel standard.	\$1,000,000	\$1,000,000	Aug-25	Dec-26
130863-24NT-RTR	NT	Northern Territory of Australia	Napier Road, Katherine	Pavement is very old and deteriorated with constant occurrence of pavement defects such as bleeding, rutting, delamination and surface wearing after repairs. Reactive maintenance is not improving the road condition and is not a value for money. Rehabilitation including earthworks, pavement reconstruction and wearing course; and installation of line marking and road furniture.	\$800,000	\$800,000	Aug-25	Mar-26

130864-24NT-RTR	NT	Northern Territory of Australia	Fountain Head Road, Darwin	The pavement and surface is very old and deteriorating with heavy cracking, high roughness and potholes. The reactive maintenance is not a value for money since the bleeding and surface wearing reoccur after maintenance. Pavement rehabilitation from 0.0 to 1.5 kilometres.	\$1,500,000	\$1,500,000	Sep-25	Dec-26
130865-24NT-RTR	NT	Northern Territory of Australia	Dorisvale Road, Katherine	Poor road condition. Dorisvale Road is closed on an average for 54 days/year and impassable for 65 days/year due to no gravel, deteriorated pavement and poor drainage. This road services many cattle stations for the cattle export and road safety is their biggest concern. Gravel .	\$2,000,000	\$2,000,000	Aug-25	Jul-26
130866-24NT-RTR	NT	Northern Territory of Australia	Tanami Downs Property Access Road, Alice Springs	This road serves as access road for cattle station and haulage road for mines. This project is intended to improve pavement surface condition by eradicating the existing pavement surface corrugation and roughness. Gravel selected sections between 31.0 to 52.0 kilometres.	\$1,000,000	\$1,000,000	Dec-25	Jun-26
131427-24NT-RTR	NT	Northern Territory of Australia	The Garden Road (Alice Springs - Rural Local)	The 10 kilometres section between 16 and 26 kilometres is severely deteriorated, with exposed natural surface due to no gravel left on formation. The road is poor skid, causing slippery conditions that is hazardous for the drivers. Gravel .	\$1,200,000	\$1,200,000	Sep-25	Jun-26
131428-24NT-RTR	NT	Northern Territory of Australia	Elkedra Property Access Road - Tennant Creek Rural Local	This road connects the Aherrenge community to the major regional towns for accessing goods and services. This road is also a crucial link for Elkedra cattle station for transporting goods, services and livestock. This section of the road is boggy with deep scours and corrugation, and is regularly washed-out in wet season. These defects lead to unsafe driving conditions. Gravel .	\$1,400,301	\$1,400,301	Sep-25	Jun-26
131974-25NT-RTR	NT	Northern Territory of Australia	Shady Camp Access Road (Darwin - Rural Local)	The surface is deteriorated with insufficient to no gravel on the road. The potholes and rough surface is unsafe for motorists. The road has vehicle weight and mass restrictions during the wet season between the months of November and April each year. Gravel .	\$500,000	\$500,000	Oct-25	Jul-26
131975-25NT-RTR	NT	Northern Territory of Australia	Litchfield Welltree Station Access Road (Darwin - Rural)	The road has no pavement formation and is down to natural surface which is very unsafe for motorists specially during the wet season. This road services two big cattle stations that operates multiple road trains each month. The road has vehicle mass and weight restriction during the wet season. Gravel .	\$500,000	\$500,000	Dec-25	Sep-26
132080-25NT-RTR	NT	Northern Territory of Australia	Mermaid Circuit Road, Darwin	The road is unsealed with no gravel and is exposed to natural surface. The road services the Dundee area community. The road is subject to vehicle mass/weight restriction during the wet season. It is also the primary access for the residents. Gravel .	\$250,000	\$250,000	Mar-26	Jul-26

132081-25NT-RTR	NT	Northern Territory of Australia	Koonakarra Road, Darwin	The road services the local residents of the Dundee community. The road has no gravel, with exposed natural surface. This road is unsafe to motorists as it becomes boggy in wet season with sections under water. The road is also subject to vehicle weight/mass restrictions during wet season. Gravel	\$275,000	\$275,000	Mar-26	Jul-26
132082-25NT-RTR	NT	Northern Territory of Australia	Zuleika Road, Darwin	The road services the local residents of the Dundee community. The road has no gravel, with exposed natural surface. This road is unsafe to motorists as it becomes boggy in wet season with sections under water. The road is also subject to vehicle weight/mass restrictions during wet season. Gravel re sheet.	\$175,000	\$175,000	Mar-26	Jul-26
132084-25NT-RTR	NT	Northern Territory of Australia	Amanbidji Access Road, Katherine	The Amanbidji community becomes inaccessible during the wet season due to the localised flooding or saturated pavement condition due to the impassability of water. Medical services, police support and food supplies can only be delivered by air transport when the road is impassable due to flooding. The road is currently formed with no gravel. Upgrading to gravel road will improve road condition and access. Upgrade 11 to 22 kilometres from formed to gravel standard.	\$1,000,000	\$1,000,000	Mar-26	Sep-26
132085-25NT-RTR	NT	Northern Territory of Australia	Umbrawarra Road, Katherine	Umbrawarra Road provides access to Umbrawarra Gorge, conservation and recreation areas and pastoral lease. The road transverse numerous floodways and vertical curves which sustain erosion and damage during the wet season. This section also has lost the gravel and is below natural surface. This project aims to reshape sections of the formation and gravel to improve access. Gravel .	\$500,000	\$500,000	Apr-26	Sep-26
132086-25NT-RTR	NT	Northern Territory of Australia	Beasley Road, Katherine	This road services many local residents and tourists. The proposed section of the road becomes boggy and is impassable during the wet season. There are numerous complaints received the residents regarding access and dust. Upgrade from unsealed to sealed standards.	\$1,500,000	\$1,500,000	Nov-25	Dec-26
132087-25NT-RTR	NT	Northern Territory of Australia	Murray Downs Road, Tennant Creek	The road services many local Aboriginal communities and pastoral properties. It has lost majority of its gravel material and exposed to natural surface. The road is also bogged down in wet weather and slippery due to poor drainage. Gravel to the nominated sections will provide better access for community travel and livestock movement. Gravel .	\$1,600,000	\$1,600,000	Sep-25	Oct-26
132088-25NT-RTR	NT	Northern Territory of Australia	Kurundi Road, Tennant Creek	Kurundi Road is a primary pastoral road and services transport of cattle for export. The road is mainly used by heavy vehicles. This road section is heavily corrugated and rutted, causing unsafe driving conditions. Gravel .	\$1,000,000	\$1,000,000	Mar-26	Oct-26

132614-25NT-RTR	NT	Northern Territory of Australia	Willowra Road, Alice Springs	Willowra Road is a primary road connecting the remote Warlpiri country (Willowra community) to regional centres and essential services, ensuring social connectivity and mobility; and emergency response. This connection is vital for accessing services such as hospitals, government agencies and commercial centre. It supports the delivery of food, fuel, medical supplies, and mail, as well as the movement of goods and services necessary for community functioning. The problem being addressed are: 1. ~~S~~afety risks due to rough surface - the deteriorated and uneven road surface increase the risk of accidents and vehicle damage. 2. ~~L~~ocalised failure and ponding - depression and low points in the road are causing water ponding, making section of the road impassable during and after rainfall. 3. ~~P~~oor drainage from low road levels - the road is below the surrounding ground level in several locations, leading to inadequate drainage and water retention, which accelerates road failure and limit access. This road has been closed and impassable for 22 days and had vehicle weight restrictions of 110 days in past years. Lift and gravel re-sheet from 49 to 56 kilometres.	\$1,000,000	\$1,000,000	Jun-26	Nov-26
132615-25NT-RTR	NT	Northern Territory of Australia	Napperby Road, Alice Springs	Napperby Road plays an important role in regional connectivity and access. Its significance includes: 1. ~~A~~ccess to remote communities - connects Laramba community and pastoral property to essential services. Provides vital access to Napperby station and surroundings pastoral land. 2. ~~L~~ink to regional centre - Acts as a connection route from remote community to Alice Springs, supporting travel for health education and commerce. 3. ~~E~~conomic Support - Support livestock transport, especially during mustering season, making it critical pastoral operations. 4. ~~E~~mergency and service access - Ensure access for emergency vehicles, health workers, utility services and maintenance crews during critical events or breakdowns. The proposed works aim to address several key road condition issues that are impacting safety, accessibility, and serviceability: 1. Scattered Depression - Localised low points in the road surface are causing rough driving conditions and contributing to water retention. These depressions reduce ride quality, increase wear on vehicle and pose a risk to driver safety. 2. Depression - Uneven surfaces where high and low points alternate lead to abrupt vertical movements, affecting vehicle stability and increasing risk of loss	\$1,000,000	\$1,000,000	Jul-26	Dec-26

133349-25NT-RTR	NT	Northern Territory of Australia	Hamilton Down Youth Camp Access Road (Alice Springs)	This is a significant road providing access to a Hamilton Downs Youth Camp in terms of its functional, educational, and safety including access and connectivity, support for educational programs, and safety and emergency response. This access road presents several challenges that compromise safety, reliability, and year-round usability. The road surface is rough and uneven causing discomfort for passengers particularly school and youth groups and posing safety risks for vehicle including buses. The road surface lies below the natural ground level, which results in the road acting as catchment for surface water. This condition promotes persistent water ponding, especially after rainfall, leading to soft spots and accelerate road deterioration. Drainage is inadequate, and during wet conditions, floodways become saturated and boggy, often making the road impassable. This impact the educational program, restrict access to heritage and historic sites including emergency vehicle. Gravel and installation of 3 concrete floodways.	\$1,000,000	\$1,000,000	Apr-26	Sep-26
134888-25NT-RTR	NT	Northern Territory of Australia	Ooloo Road (Darwin - Rural Local)	Ooloo Road is a major access road for Douglas Daly region cattle industry, Mahogany and Sandalwood farms and Douglas Daly Research Centre to Darwin and Katherine. The proposed section is unsealed with severe corrugation and exposed rock subgrade. Sealing the road will improve safety for road users. Upgrade from unsealed to sealed standards	\$1,500,000	\$1,500,000	Nov-25	Dec-27
131714-24NT-RTR	NT	Roper Gulf Regional Council	Road 1, Garawa 2 NT	The current road has significant pavement damage including edge breakaway and potholing. This is being caused by the narrow roadway and cars passing, having to move off the seal and therefore causing breakage. As the seal is breaking away, this is causing excess dirt and dust on the roads. Rehabilitate and widen approximately 110 m of Road 1. Rehabilitation consists of seal removal, ripping existing road pavement, mixing and top up as required, to achieve the typical road requirements.	\$546,996	\$546,996	May-26	Oct-26

131715-24NT-RTR	NT	Roper Gulf Regional Council	Road 2, Garawa 2 NT	The current road has significant pavement damage including edge breakaway and potholing. This is being caused by the narrow roadway and cars passing, having to move off the seal and therefore causing breakage. As the seal is breaking away, this is causing excess dirt and dust on the roads. This section also has poor drainage causing excess water to run across the roads also causing pavement failure. Rehabilitate and widen 2 sections of Road 2, including cul-de-sacs at each end, approximately 140m. Works will also include formalized table drains and concrete driveways to allotments along the sections of work.	\$754,676	\$754,676	May-26	Oct-26
131716-24NT-RTR	NT	Roper Gulf Regional Council	Road 3, Garawa 2 NT	The current road has significant pavement damage including edge breakaway and potholing. This is being caused by the narrow roadway and cars passing, having to move off the seal and therefore causing breakage. As the seal is breaking away, this is causing excess dirt and dust on the roads. Rehabilitate and widen the existing road formation of Road 3 (approximately 100m), including the cul-de-sac. Construct concrete driveways to allotments along this section of road.	\$497,268	\$497,268	May-26	Oct-26
129238-24NT-RTR	NT	Tiwi Islands Regional Council	Road B, Milikapiti	Major/minor repairs to existing pavement surface to reduce the hazard to vehicles and pedestrians Road B in Milikapiti - Road Safety Improvements. Pothole, edge repairs and road repairs. - Edge Repair = 66 m2 - Pavement Repair = 48 m2 - Pothole Repair = 4 no. "START Lat: -11.426631° Long: 130.673675° END Lat: -11.421951° Long: 130.674204"	\$96,433	\$96,433	Sep-24	Jun-25
129680-24NT-RTR	NT	Tiwi Islands Regional Council	Road C - Milikapiti	Major/minor repairs to existing pavement surface to reduce the hazard to vehicles and pedestrians Road C in Milikapiti - Road Safety Improvements. Repairs and Maintenance to Existing Sealed Road Surface - Road Safety Improvements - Edge Repair = 46 m2 - Pavement Repair = N/A - Pothole Repair = 1 no.	\$50,770	\$50,770	Oct-24	Jun-25
129698-24NT-RTR	NT	Tiwi Islands Regional Council	Road E, Milikapiti	Major/minor repairs to existing pavement surface to reduce the hazard to vehicles and pedestrians Road E in Milikapiti - Road Safety Improvements. Repairs and Maintenance to Existing Sealed Road Surface - Road Safety Improvements - Edge Repair = 60 m2 - Pothole Repair = 6 no. START Lat: -11.414739°, Long: 130.668888° END Lat: -11.424062°, Long: 130.675974°	\$49,908	\$49,908	Oct-24	Jun-25

131514-24NT-RTR	NT	Tiwi Islands Regional Council	Pirlangimpi Access Road, Melville Island	Rectification of wet season damage to the existing gravel pavement to reinstate safe and reliable access to the community. Works include installation of culverts, drainage rectification, surface repairs, and associated maintenance required after the wet season. Repairs and maintenance to existing gravel road surface - Road Safety Improvements - Drainage repairs & culvert installation	\$38,163	\$38,163	May-25	Jun-25
131515-24NT-RTR	NT	Tiwi Islands Regional Council	Milikapiti Road, Melville Island	Wet season damage to the existing gravel pavement is required to reinstate safe and reliable access to the community. Works include drainage rectification, surface repairs, and associated maintenance required after the wet season. Repairs and maintenance to existing gravel road surface including regrading and of damaged gravel surfaces to restore safe vehicle access, improve drainage, and extend road lifespan.	\$150,000	\$150,000	May-25	Sep-25
131516-24NT-RTR	NT	Tiwi Islands Regional Council	Cape Fourcroy/Wurruumiyanga Rd, Bathurst Island	Rectification of wet season damage to existing gravel pavement to reinstate access to community waste management facility and material extraction area located on Cape Fourcroy - Wurruumiyanga Road. Repairs and maintenance to existing gravel road surface including regrading and of damaged gravel surfaces to restore safe vehicle access, improve drainage, and extend road lifespan.	\$70,000	\$70,000	May-25	May-25
135017-25NT-RTR	NT	Tiwi Islands Regional Council	Ranku Road, (Rural Road)	Major/minor repairs to existing pavement surface to reduce hazards to vehicles and pedestrians. Improve drainage to assist road use during the upcoming wet season. Road Safety Improvements. Grade Road and improve drains – 45.2 kms.	\$120,000	\$120,000	Oct-25	Dec-25
135174-25NT-RTR	NT	Tiwi Islands Regional Council	Kerinauia Dr (Ranku Road) - Cape Fourcroy/Wurruumiyanga	Major road repair on Ranku Road section of approximately 240 metres which continues to wash away every wet season due to the water flow. Rectification works include raising the road levels, excavation of soft subgrade, importing of 100 mm rock from Darwin and freight, including fines for compaction, GEO Fabric and culverts 1 of X 4lm x 4lm concrete. Includes wet hire of 9 tonne loader, 14 tonne Excavator, Skid steer, Tipper Truck. Roller and Water Truck.	\$278,772	\$278,772	Dec-25	Jan-26
127240-24NT-RTR	NT	West Arnhem Regional Council	Airport Road, Maningrida	The road edges are broken, and shoulders are washed out causing the road to deteriorate. Repair shoulder, edge breaks and reseal the road. Additional funds provided by NT Government.	\$250,000	\$650,000	Aug-24	Oct-24
127558-24NT-RTR	NT	West Arnhem Regional Council	Warruwi Internal road, Warruwi	Reseal Warruwi Internal road to improve road conditions and increase road life. Fix edge breaks, reseal the Warruwi community internal roads.	\$400,000	\$400,000	Sep-24	Oct-24

127583-24NT-RTR	NT	West Arnhem Regional Council	Warruwi Internal Road, Warruwi	Reseal Warruwi Internal road to improve road conditions and increase road life. Fix edge breaks and reseal Warruwi Community Internal roads.	\$300,000	\$300,000	Sep-24	Oct-24
127584-24NT-RTR	NT	West Arnhem Regional Council	Warruwi Internal Road, Warruwi	Fix edge breaks and reseal Warruwi Internal road to improve road conditions and increase road life. Fix edge breaks and reseal Warruwi Community Internal roads.	\$200,000	\$200,000	Sep-24	Oct-24
127587-24NT-RTR	NT	West Arnhem Regional Council	Warruwi Internal Road, Warruwi	Fix edge breaks and reseal Warruwi Internal road to improve road condition and increase road life. Fix edge breaks and reseal Warruwi Community Internal roads.	\$200,000	\$200,000	Sep-24	Oct-24
128806-24NT-RTR	NT	West Arnhem Regional Council	Top Camp Road, Maningrida	There are potholes in the road and the shoulders, and the edges of the road have washed away making it unsafe for the cars and ambulance to drive on. It causes water ponding in wet season thus increasing the hazard. Fix potholes, repair edge breaks and shoulders, Reseal the road	\$35,000	\$35,000	Aug-24	Aug-24
135104-25NT-RTR	NT	West Daly Regional Council	Palumpa	This project aims to improve drainage and seal the main access road in the Palumpa community. Ongoing water-logging and poor road conditions have created safety risks and made it difficult for residents to reach essential services, including the health centre and school. The works will include upgrading drainage structures to prevent flooding and resurfacing the road to ensure safe, reliable year-round access. This project will significantly enhance community wellbeing, transport safety, and service accessibility.	\$1,000,000	\$1,000,000	Feb-26	Feb-27
128881-24WA-RTR	Other jurisdiction	Cocos (Keeling) Islands Shire Council	Jalan Kembang Molok, Home Island	The pavers originally used on this road are made with beach sand and over time products become brittle making the road surface uneven and rough. As the material used to make the pavers are sourced on islands the quality of the pavers deteriorates at a faster rate compared to that bought off island and sections of the various pavers are severely damaged. In addition, road kerbing has been damaged from vehicles as well as getting uprooted from big trees along the sides of the road. * Procure new paving * Deconstruct damaged kerbing and reconstruct new * Deconstruct old, damaged pavers and relay new pavers	\$175,860	\$175,860	Mar-26	Jun-26
130487-24WA-RTR	Other jurisdiction	Shire of Christmas Island	Gaze Road, Christmas Island	Problem accessing houses. Construct sealed spur road.	\$25,000	\$25,000	Apr-25	May-25
130488-24WA-RTR	Other jurisdiction	Shire of Christmas Island	Nursery Circuit, Christmas Island	Poorly deteriorated road accessing popular tourist site. Reconstruct sealed road.	\$50,000	\$50,000	May-25	May-25
130489-24WA-RTR	Other jurisdiction	Shire of Christmas Island	Kung Wai Lane, Christmas Island	Sealed road has deteriorated. Reseal road.	\$37,408	\$37,408	Mar-25	May-25
130490-24WA-RTR	Other jurisdiction	Shire of Christmas Island	Sing Sang Road, Christmas Island	Sealed road has deteriorated. Reseal road.	\$38,000	\$38,000	Mar-25	May-25
130491-24WA-RTR	Other jurisdiction	Shire of Christmas Island	Taman Sweetland Close, Christmas Island	Sealed road has deteriorated. Reseal road.	\$40,319	\$40,319	May-25	May-25

130492-24WA-RTR	Other jurisdiction	Shire of Christmas Island	Taman Sweetland Circuit, Christmas Island	Sealed road has deteriorated. Reseal road.	\$99,704	\$99,704	May-25	May-25
130493-24WA-RTR	Other jurisdiction	Shire of Christmas Island	Gaze Road, Christmas Island	Sealed road has deteriorated. Reseal road.	\$89,588	\$89,588	Jun-25	Jun-25
129990-24QLD-RTR	QLD	Balonne Shire Council	Whyenbah Road (Rural Road)	The Whyenbah Rd is one of Council's highly utilised roads that connects St George to Dirranbandi. The road is predominantly gravel/unsealed road, therefore due to its high utilisation it creates faster deterioration requiring regular maintenance at large costs to Council's operating budget. The upgrade and sealing of additional sections of road allows the safety of the road to be largely increased as the deterioration of this section of road is dramatically reduced, therefore creating safer network for road users. While reducing Council's operating costs for maintaining this particular road which then allows Council to focus on improving other council roads within the network. Bitumen Seal of Unsealed Section. 50% of this project is being funded by Dept Transport & Main Roads under the Transport Infrastructure Delivery Scheme (TIDS)	\$524,054	\$1,048,108	Feb-25	Apr-25
129991-24QLD-RTR	QLD	Balonne Shire Council	Noondoo-Mungindi Road (Rural Road)	Noondoo-Mungindi Rd is an unsealed road frequently used for the transportation of grain and cotton. The road has not been subject to flood damage in the past 5-6 years due to its relative elevation and just needs a gravel top-up. The proposed re-sheeting will bring the road up to a standard to be sealed in the future. Re-sheeting of two sections.	\$32,089	\$32,089	Feb-25	Jun-25
129992-24QLD-RTR	QLD	Balonne Shire Council	Jakelwar-Goodooga Road (Rural Road)	The Jakelwar-Goodooga Rd is one of Council's highly utilised roads that connects St George, Dirranbandi and Bollon via Bollon-Dirranbandi Road. The road is predominantly gravel/unsealed road, therefore due to its high utilisation it creates faster deterioration requiring regular maintenance at large costs to Council's operating budget. The upgrade and sealing of additional sections of road allows the safety of the road to be largely increased as the deterioration of this section of road is dramatically reduced, therefore creating safer network for road users. While reducing Council's operating costs for maintaining this particular road which then allows Council to focus on improving other council roads within the network. Bitumen Seal of Unsealed Section. 50% of this project is being funded by Dept Transport & Main Roads under the Transport Infrastructure Delivery Scheme (TIDS)	\$591,645	\$1,183,290	Dec-24	Mar-25

133320-25QLD-RTR	QLD	Balonne Shire Council	Whyenbah Road (Rural Road)	Whyenbah Road is one of Council's heavily utilised roads, providing a key connection between St George and Dirranbandi. As the road is predominantly gravel and unsealed, its high usage leads to accelerated deterioration, resulting in significant ongoing maintenance costs for Council's operating budget. Upgrading and sealing additional sections of the road will significantly improve safety for all users by reducing deterioration and the associated hazards. This will not only create a safer and more reliable network but will also reduce the ongoing maintenance burden on Council, enabling resources to be redirected toward improving other roads within the network. Bitumen sealing of unsealed section. This project is jointly funded by Dept of Transport & Main Roads TIDS funding.	\$337,500	\$675,000	Oct-25	Nov-25
133324-25QLD-RTR	QLD	Balonne Shire Council	Noondoo-Thallon Road (Rural Road)	Noondoo-Thallon Road is one of Council's most heavily utilised routes, providing a key connection between St George, Dirranbandi, and Thallon. As a sealed road with high traffic volumes, it experiences accelerated deterioration, resulting in significant ongoing maintenance costs for Council's operating budget. The road currently has pavement failures requiring rehabilitation, as well as floodway upgrades and additional bitumen sealing. Completing these upgrades will significantly improve safety by reducing deterioration, providing a safer and more reliable network for all road users. Additionally, reducing the maintenance burden on this section will allow Council to redirect resources toward improving other roads within the network. Pavement Rehabilitation and Upgrade Floodways . This project is jointly funded by Dept of Transport & Main Roads TIDS funding.	\$320,000	\$640,000	Aug-25	Oct-25

133350-25QLD-RTR	QLD	Balonne Shire Council	Noondoo-Mungindi Road (Rural Road)	Noondoo-Mungindi Road is identified as one of Council's Local Road of Regional Significance, providing a key connection between Dirranbandi and Mungindi. As the road is predominantly unsealed, it is subject to accelerated deterioration, resulting in significant ongoing maintenance costs for Council's operating budget. While this section was re sheeted in the last financial year, bitumen sealing is now a strategic next step to preserve and maintain the pavement effectively. Completing these upgrades will significantly improve safety by reducing deterioration and associated hazards, providing a safer and more reliable network for all road users. Additionally, reducing the maintenance burden on this section will enable Council to redirect resources toward improving other roads within the network. Bitumen sealing of unsealed section	\$260,000	\$260,000	Oct-25	Nov-25
133351-25QLD-RTR	QLD	Balonne Shire Council	Noondoo-Mungindi Road, (Rural Road)	Noondoo-Mungindi Road is identified as one of Council's Local Road of Regional Significance, providing a key connection between Dirranbandi and Mungindi. As the road is predominantly unsealed, it is subject to accelerated deterioration, resulting in significant ongoing maintenance costs for Council's operating budget. Resealing sections and completing these upgrades will significantly improve safety by reducing deterioration and associated hazards, providing a safer and more reliable network for all road users. Additionally, reducing the maintenance burden on this section will enable Council to redirect resources toward improving other roads within the network. Bitumen reseal	\$300,000	\$300,000	Oct-25	Nov-25
133352-25QLD-RTR	QLD	Balonne Shire Council	Noondoo-Mungindi Road (Rural Road)	Noondoo-Mungindi Road is identified as one of Council's Local Road of Regional Significance, providing a key connection between Dirranbandi and Mungindi. As the road is predominantly unsealed, it is subject to accelerated deterioration, resulting in significant ongoing maintenance costs for Council's operating budget. section will significantly improve safety by reducing deterioration and associated hazards, providing a safer and more reliable network for all road users. Additionally, reducing the maintenance burden on this section will enable Council to redirect resources toward improving other roads within the network.	\$256,263	\$256,263	Oct-25	Nov-25

133353-25QLD-RTR	QLD	Balonne Shire Council	Bollon-Dirranbandi Road (Rural Road)	Bollon-Dirranbandi Road is one of Council's heavily utilised routes, providing a vital connection between Dirranbandi and the Bollon township. Classified as a 'Rural Arterial' within Council's road hierarchy, it serves as a key strategic heavy vehicle link between the Balonne Highway and major agricultural enterprises in the region. Although fully sealed, the high volume of traffic on this route leads to accelerated deterioration, resulting in significant ongoing maintenance costs for Council's operating budget. Resealing sections of the road will enhance safety for all users by reducing surface hazards and extending pavement life. These upgrades will not only create a safer and more reliable network but will also reduce Council's ongoing maintenance requirements, allowing resources to be redirected to other priority roads within the network. Bitumen Reseal. This project is jointly funded by Dept of Transport & Main Roads TIDS funding.	\$325,063	\$650,126	Oct-25	Nov-25
133354-25QLD-RTR	QLD	Balonne Shire Council	Bollon-Dirranbandi Road (Rural Road)	Bollon-Dirranbandi Road is one of Council's heavily utilised routes, providing a vital connection between Dirranbandi and the Bollon township. Classified as a 'Rural Arterial' within Council's road hierarchy, it serves as a key strategic heavy vehicle link between the Balonne Highway and major agricultural enterprises in the region. Although fully sealed, the high volume of traffic on this route leads to accelerated deterioration, resulting in significant ongoing maintenance costs for Council's operating budget. Rehabilitating sections of the road will enhance safety for all users by reducing surface hazards and extending pavement life. These upgrades will not only create a safer and more reliable network but will also reduce Council's ongoing maintenance requirements, allowing resources to be redirected to other priority roads within the network. Pavement Rehabilitation. This project is jointly funded by Dept of Transport & Main Roads TIDS funding.	\$87,500	\$175,000	Oct-25	Nov-25
127525-24QLD-RTR	QLD	Banana Shire Council	Orange Creek Road (Rural Road)	Pavement failure which has been exacerbated by flooding and to support the continuation of school bus services along the road. Pavement rehabilitation of approximately 3,240 metres. The other source of funding is from the Local Roads and Community Infrastructure Program.	\$790,000	\$1,790,123	Aug-24	Feb-25

127527-24QLD-RTR	QLD	Banana Shire Council	Theodore Moura Road (Rural Road)	Deterioration of the existing road pavement and unsafe road width on a heavy vehicle high use road. Pavement rehabilitation, widening and sealing to 6.5 metres formation of 2.18 km. The other sources of funding are the Transport Infrastructure Development Scheme and Council funds.	\$1,155,081	\$2,388,317	Jul-24	Jan-25
127530-24QLD-RTR	QLD	Banana Shire Council	Defence Road (Rural Road)	Currently unsealed and is not suited to the expected high levels of traffic as the road is a shortcut between Banana and Eidsvold. Formation drainage, pavement and seal (low cost seal) of 1 km. The other source of funding is the Transport Infrastructure Development Scheme.	\$405,500	\$865,047	Sep-24	Feb-25
131881-25QLD-RTR	QLD	Banana Shire Council	Orange Creek Road (Rural Road)	Pavement failure which has been exacerbated by flooding and heavy vehicle use, which presents a risk the school bus services who utilise the road. Pavement rehabilitation of approximately 2,820 metres. The other source of funding is TIDS and Banana Shire Council.	\$1,371,801	\$1,976,801	Oct-25	Mar-26
131883-25QLD-RTR	QLD	Banana Shire Council	Shepherdsons Road (Rural Road)	Upgrading this road to accommodate larger vehicles and increased vehicle loads, to align with the other segments of the Biloela Heavy Vehicle Bypass. Pavement strengthening and widening of approximately 2,000 m. The other funding source is Banana Shire Council.	\$1,092,133	\$1,800,000	Aug-25	Sep-25
130317-24QLD-RTR	QLD	Barcaldine Regional Council	Braeside Road, Barcaldine	The floodway is too low and with small amounts of rain the road is closed and that leaves no access to and from the properties on that road. Deteriorating concrete has resulted in the crossing becoming unsafe at medium speed. Replacing culvert in the flood way, building up the road to be level with the road to allow for limited road closures to occur.	\$150,000	\$150,000	Jan-25	Jun-26
130318-24QLD-RTR	QLD	Barcaldine Regional Council	Gordon St, Aramac	Road and footpaths. The ground is all uneven the town has lots of elderly people with walkers etc and lots of trips and falls have been reported to council with the uneven ground as this street is the main street of town with the bank, post office, general store and chemist all on one side of this street. We will be doing up the street in block stages. Project to revitalisation of Aramac main street. Construction of new road, footpaths, and street beautification. Project would be a major community consultation project, concept design, detailed design on to construction staging. Council to fund the balance of the project. First year of the project will be consultation with the community and design; second year will be road and footpath construction.	\$300,000	\$420,000	Oct-25	Dec-28

128005-24QLD-RTR	QLD	Barcoo Shire Council	Bimerah-Isisford Road (Rural Road)	The condition of the existing floodway at this location is deteriorating to the point where it needs to be replaced in order for the current level of service to be maintained. Reconstruction of the existing concrete floodway to current standards.	\$156,714	\$156,714	Jul-24	Aug-24
128010-24QLD-RTR	QLD	Barcoo Shire Council	Jundah-Winton Road (Rural Road)	Replacement of gravel pavement to maintain an all-weather driving surface. Place and compact 150 mm of gravel material for the length identified.	\$191,670	\$191,670	Jul-24	Aug-24
128096-24QLD-RTR	QLD	Barcoo Shire Council	Yaraka-Retreat Road (Rural Road)	Existing motor grid at this location is in poor condition and is near the end of its useful life. Complete replacement with a new reinforced concrete motor grid.	\$29,680	\$29,680	Oct-24	Dec-24
128097-24QLD-RTR	QLD	Barcoo Shire Council	Yaraka-Retreat Road (Rural Road)	Existing motor grid at this location is in poor condition and is near the end of its useful life. Complete replacement with a new reinforced concrete motor grid.	\$52,290	\$52,290	Oct-24	Jun-25
128098-24QLD-RTR	QLD	Barcoo Shire Council	Connemara Road (Rural Road)	Existing motor grid at this location is in poor condition and is near the end of its useful life. Complete replacement with a new reinforced concrete motor grid.	\$35,484	\$35,484	Mar-25	Jun-25
128099-24QLD-RTR	QLD	Barcoo Shire Council	Warbreccan Road (Rural Road)	The condition of the existing floodway at this location is deteriorating to the point where it needs to be replaced in order for the current level of service to be maintained. Reconstruction of the existing concrete floodway to current standards.	\$212,218	\$212,218	Jun-25	Sep-25
131660-24QLD-RTR	QLD	Barcoo Shire Council	Warbreccan Road (Rural Road)	The condition of the existing floodway at this location is deteriorating to the point where it needs to be replaced in order for the current level of service to be maintained. Reconstruction of the existing concrete & bitumen floodway to current standards.	\$231,776	\$231,776	Jun-25	Sep-25
131661-24QLD-RTR	QLD	Barcoo Shire Council	Arrabury Road (Rural Road)	Replacement of gravel pavement to maintain an all-weather driving surface. Place and compact 150 mm of gravel material for the length identified.	\$102,761	\$102,761	Jul-25	Aug-25
132869-25QLD-RTR	QLD	Barcoo Shire Council	Jundah-Winton Road (Rural Road)	Replacement of gravel pavement to maintain an all-weather driving surface. Place and compact 150 mm of gravel material for the length identified.	\$338,580	\$338,580	Mar-26	Apr-26
132870-25QLD-RTR	QLD	Barcoo Shire Council	Warbreccan Road (Rural Road)	Existing motor grid at this location is in poor condition and is near the end of its useful life. Complete replacement with a new reinforced concrete motor grid.	\$66,000	\$66,000	Jun-26	Jul-26
133117-25QLD-RTR	QLD	Barcoo Shire Council	Warbreccan Road (Rural Road)	Existing motor grid at this location is in poor condition and is near the end of its useful life. Complete replacement with a new reinforced concrete motor grid.	\$35,457	\$35,457	Aug-25	Aug-25

130059-24QLD-RTR	QLD	Blackall-Tambo Regional Council	Ravensbourne Road, Blackall	Surface deterioration due to stripping, fatigue of existing pavement and cracking. Safety of narrow laneways and passing traffic. Rehabilitation of existing pavement to subgrade level, new base course, widen and seal.	\$600,000	\$600,000	Feb-25	Jun-25
131371-24QLD-RTR	QLD	Blackall-Tambo Regional Council	Ward Road, Tambo	Surface deterioration due to stripping, loss of stones and bleeding. Polymer modified binder reseal.	\$450,853	\$450,853	May-25	Jun-25
133057-25QLD-RTR	QLD	Blackall-Tambo Regional Council	Bexhill Road, Tambo	Un-gravelled pavement that is impacted by wet weather reducing access to the road network. Gravel sheeting 150mm	\$100,000	\$100,000	Sep-25	Sep-25
133723-25QLD-RTR	QLD	Blackall-Tambo Regional Council	Ward Road, Tambo	Loss of downstream protection and undermining concrete floor and pipe structure. Replace downstream protection and repair undermining of floor and pipe structure.	\$70,000	\$70,000	Sep-25	Oct-25
127306-24QLD-RTR	QLD	Brisbane City Council	Wynnum Road, Tingalpa	This intersection at Wynnum Road and Hemmant-Tingalpa Road is currently unsignalised and operates with a give way sign on Hemmant-Tingalpa Road, giving priority to motorists travelling along Wynnum Road. High traffic volumes and extended wait times experienced at the intersection contribute to motorists misjudging safe gaps in traffic when turning into and out of Hemmant-Tingalpa Road. To address safety concerns and improve travel time reliability, we are proposing to upgrade the intersection by installing traffic signals to control all movements at the intersection. To improve accessibility and connectivity for people walking and riding, we will also be installing signalised pedestrian crossings and new footpaths. The project will upgrade the Wynnum Road and Hemmant-Tingalpa Road intersection through installing new traffic lights with signalised crossing facilities, and modifying the centre traffic islands on Wynnum Road and constructing dedicated turn pockets on all approaches to the intersection to separate turning vehicles from through traffic. These changes will improve the overall operation of the intersection, making it safer and easier for all road users. Source of additional funding is Brisbane City Council, they are WH&S accredited, this has been awarded internally.	\$5,693,185	\$9,280,000	Jul-24	Nov-26

127308-24QLD-RTR	QLD	Brisbane City Council	Kelvin Grove Road, Red Hill	The Kelvin Grove Road and Lower Clifton Terrace intersection has been identified as a location requiring an upgrade to improve traffic flow efficiency for all road users, reduce congestion, and enhance safety and accessibility for pedestrians and cyclists. During the afternoon peak, the intersection of Kelvin Grove Road and Lower Clifton Terrace is operating over capacity, resulting in long queues on Kelvin Grove Road. The high volume of traffic on Kelvin Grove Road and current lane configuration on Lower Clifton Terrace makes it difficult for the intersection to clear. The project will upgrade the intersection of Kelvin Grove Road and Lower Clifton Terrace by removing the signalised left turn from Lower Clifton Terrace onto Kelvin Grove Road reducing the time requirement for signal phasing thereby resulting in additional green time for Kelvin Grove Road, improving travel time reliability for motorists. The project will also involve modifications to the pedestrian crossing on Lower Clifton Terrace and change the left turn in only from Hale Street ramp to a left turn out only onto the Hale Street ramp. Source of additional funding is Brisbane City Council.	\$1,800,000	\$2,886,064	Jul-24	Nov-25
127309-24QLD-RTR	QLD	Brisbane City Council	Blunder Road, Doolandella	The Blunder Road and Wallaroo Way intersection has been identified as a location requiring upgrade to improve and enhance safety and accessibility for all road users. Council is upgrading this intersection to improve traffic flow through the intersection and address safety concerns for people driving, walking, and riding through the area. The intersection was identified as a location requiring safety improvements with three reported crashes at the intersection between 2009 and 2018. High traffic volumes, extended wait times, and poor sightlines for vehicles travelling on Blunder Road and Wallaroo Way contributes to motorists misjudging safe gaps in the traffic when making a turn movement. The project involves installing traffic lights with pedestrian crossing facilities on Blunder Road (northern approach) and Wallaroo Way. New shared pathways on both sides of Blunder Road will enhance safety and connectivity for people walking and riding. Source of additional funding is Brisbane City Council.	\$1,956,000	\$4,381,396	Jul-24	Jan-25

132003-25QLD-RTR	QLD	Brisbane City Council	Esher Street, Tarragindi	The Esher Street, Toohey Road and Sexton Street intersection has been identified as a location requiring an upgrade to improve traffic flow efficiency for all road users, reduce congestion, and enhance safety and accessibility for pedestrians and cyclists. During peak times, the Esher Street, Toohey Road and Sexton Street intersection is operating over capacity for the priority-controlled intersection, resulting in long queues on Esher Street. The high volume and priority on Toohey Road make it difficult for vehicles on Esher Street to turn right into Sexton Street. The project will upgrade the intersection of Esher Street, Toohey Road and Sexton Street intersection with the installation of new signals. The project will also include installation of fully controlled signalised pedestrian crossings across each leg of the intersection. Source of additional funding is Brisbane City Council.	\$3,300,000	\$3,600,000	Jan-25	Dec-26
132004-25QLD-RTR	QLD	Brisbane City Council	Cavendish Road, Coorparoo	The Cavendish Road, Holdsworth Street and Kitchener Street intersection has been identified as a location requiring an upgrade to reduce existing crash risks, improve traffic flow efficiency for all road users, reduce congestion, and enhance safety and accessibility for pedestrians and cyclists. There has been a significant number of crashes from vehicles from Holdsworth Street attempting to turn right into Cavendish Road and continue through into Kitchener Street. The project will upgrade the intersection by closing the Kitchener Street access to and from Cavendish Road. Source of additional funding is Brisbane City Council.	\$3,000,000	\$3,250,000	Jul-25	Jun-27
132005-25QLD-RTR	QLD	Brisbane City Council	Milton Road, Toowong	The objective of this project is to enhance the capacity and operational efficiency of the Croydon Street/Milton Road intersection through targeted improvements to both corridors. These upgrades are designed to integrate with the Sylvan Road bikeway enhancement and support the strategic intent of reducing outbound traffic volumes on Sylvan Road (west of Croydon Street) in accordance with its designated role within the road hierarchy. The proposed works will include: • Relocation of public utility infrastructure • Upgrades to stormwater drainage systems • Installation of new traffic signals and lighting • Landscaping improvements • Partial road resurfacing and pavement reconstruction	\$19,010,000	\$27,226,749	Jun-25	Jun-27

132016-25QLD-RTR	QLD	Brisbane City Council	Cambridge Parade, Manly	Cambridge Parade experiences high speeds on the approach to the intersection resulting in reduced ability for vehicles from Melville Terrace and Arnold Streets to safely turn out. The existing sight distances from the side streets are compromised. The works include a new threshold treatment west of intersection including a "40" pavement marking. The 40km/h speed zone will be extended beyond the intersection. The intersection geometry and kerb lines will be amended to slow turning vehicles into Melville Terrace and installation of a new pedestrian refuge on Melville Terrace. Source of additional funding is Brisbane City Council.	\$600,000	\$720,000	Jan-25	May-26
127358-24QLD-RTR	QLD	Bulloo Shire Council	Warri Gate Road (Rural Road)	Deterioration of low-level road sections due an increase in tourism and heavy vehicle traffic (landholders and oil & gas). Road unsuitable for use during wet weather due to flooding and boggy conditions in these sections, a major concern when Bulloo Shire has received up to 460 ml in the area since January, keeping the road closed to our rural landholders for long periods of time. Work at 6 locations along Warri Gate from Thargomindah Bundeena Road intersection, the most problematic chainages 126.35, 145.78, 159.58, 160.84, 162.43 & 166.17. Embankment to raise low-level sections of road and install levelling culvert/pipes to enable water to move under the road. RTR funding provides an opportunity for a permanent fix, to raise the low level sections for community safety and long term resilience. Council Contribution: \$1,256,303	\$1,103,601	\$2,359,904	Oct-24	Dec-25
134640-25QLD-RTR	QLD	Bulloo Shire Council	Warri Gate Road (Rural Road)	Deterioration of low-level road sections due an increase in tourism and heavy vehicle traffic (landholders and oil & gas). Road unsuitable for use during wet weather due to flooding and boggy conditions in these sections, a major concern when Bulloo Shire has received up to 460 ml in the area since January, keeping the road closed to our rural landholders for long periods of time. - Extension from 2024/25 program Work at various locations along Warri Gate from Thargomindah Bundeena Road intersection. Embankment to raise low-level sections of road and install levelling culvert/pipes to enable water to move under the road. RTR funding provides an opportunity for a permanent fix, to raise the low level sections for community safety and long term resilience. Council Contribution: \$1,256,303	\$1,357,278	\$2,363,321	Nov-25	Mar-26

129823-24QLD-RTR	QLD	Bundaberg Regional Council	Fitzgerald St, Norville	Roundabout pavement requires rehabilitation. Pavement rehabilitation. Source of additional funding for project is Council funds.	\$650,000	\$686,274	Dec-24	Feb-25
129829-24QLD-RTR	QLD	Bundaberg Regional Council	Duingal Road, Duingal	Floodway at end of life. Renewal of floodway. Additional funding source = Council.	\$468,959	\$502,737	Sep-24	Dec-24
131470-24QLD-RTR	QLD	Bundaberg Regional Council	Telegraph Road, East Bundaberg	Road requires pavement rehabilitation based on current condition. Pavement rehabilitation. Additional funding source from Council.	\$400,000	\$450,000	Jan-26	Mar-26
131471-24QLD-RTR	QLD	Bundaberg Regional Council	Ferry Hills Road, Wallaville	Floodway has reached end of life. Requires replacement. Replace existing concrete floodway. Source of additional funds - Council.	\$500,000	\$750,000	Sep-25	Dec-25
131472-24QLD-RTR	QLD	Bundaberg Regional Council	Mattons Road, Avondale	Floodway has reached end of life. Requires replacement. Replacement of concrete floodway. Source of additional funds = Council.	\$350,000	\$470,000	Apr-26	Jun-26
131473-24QLD-RTR	QLD	Bundaberg Regional Council	South Littabella Road, Miara	Floodway has reached end of life. Requires replacement. Replace existing floodway. Source of additional funds = Council.	\$450,000	\$530,000	Jan-26	Mar-26
131474-24QLD-RTR	QLD	Bundaberg Regional Council	Poinciana Drive, Innes Park	Road requires pavement rehabilitation based on current condition. It has met Council's intervention levels. Pavement rehabilitation & minor widening to align with the ultimate road type cross section for the road. Source of additional funds = Council.	\$2,223,335	\$3,630,000	Apr-26	Dec-26
131476-24QLD-RTR	QLD	Bundaberg Regional Council	Rieck Street, Gin Gin	Road requires pavement rehabilitation based on current condition. It has met Council's intervention levels. Pavement rehabilitation. Source of additional funds = Council.	\$800,000	\$850,000	Sep-25	Oct-25
129692-24QLD-RTR	QLD	Burdekin Shire Council	Patricia Road, Ayr	Replacement of poor condition culvert. Existing culvert in poor condition, requires replacement with 4 x 240 mm x 1200 mm RCBC. Balance of work funded by Council.	\$176,342	\$350,000	May-25	Jun-25
129696-24QLD-RTR	QLD	Burdekin Shire Council	Railway Street, Ayr	200 m of unsealed road that will now form a new access to the Ayr Transfer Station. Upgrade existing 200 m of unsealed road to new Transfer Station access. Approve amenity for nearby residents due to increased traffic. Balance of work funded by Council.	\$180,000	\$250,000	Jan-25	Jun-25
130373-24QLD-RTR	QLD	Burdekin Shire Council	Hillier Road, Brandon	Replacement of poor condition culvert. Existing culvert in poor condition, requires replacement with 9 x 2400 mm x 1500 mm RCBC. Balance of work funded by Council.	\$200,000	\$300,000	Jul-24	Jun-25
130686-24QLD-RTR	QLD	Burdekin Shire Council	Oakes Street, Ayr	Provide connection of new industrial land to existing industrial estate. Construction of new road and associated drainage structures. Balance of work funded by Council.	\$250,000	\$288,745	Feb-25	Aug-25

128178-24QLD-RTR	QLD	Burke Shire Council	Airport Road, Burketown	Minimal flood immunity to the Airport Road which is the only access to the Burketown Airport. The road is routinely cut off due to flood waters which prevents emergency goods being delivered to town (via air). Upgrade of reinforced box culverts capacity, installation of a new reinforced box culvert to a raised (approx. 500 mm higher) running surface level. Jointly funded by Local Recovery and Resilience Grants 2022-23.	\$252,381	\$1,380,485	Aug-24	Dec-24
130516-24QLD-RTR	QLD	Burke Shire Council	Floraville Road (Rural Road)	Identified structural failures and aged assets requiring replacement to current engineering standards. Culvert capacity needs to be increased. Replacement of culverts at 8 different sites along Floraville Road using reinforced concrete box culverts to increase capacity and renew assets to current engineering standards. Jointly funded by North Queensland Resilience Program - Stream 2.	\$130,936	\$3,900,936	Apr-25	Dec-26
130594-24QLD-RTR	QLD	Burke Shire Council	Murray Avenue, Gregory	Formalisation of intersection with the State Controlled road. Pavement reconstruction and upgrade to a sealed asset to address water ponding issues. Establishment of a formalised intersection with the state controlled road. Pavement improvements and bitumen sealing of roads including drainage improvements to prevent ponding. Project is jointly funded with Council own source contribution.	\$231,106	\$916,667	Apr-25	Dec-27
130662-24QLD-RTR	QLD	Burke Shire Council	Nowland Street, Gregory	Formalisation of intersections with the Murray Avenue and Gleeson Avenue. Pavement reconstruction and upgrade to a sealed asset to address water ponding issues. Establishment of formalised intersections with Murray Avenue and Gleeson Avenue. Pavement improvements and bitumen sealing of roads including drainage improvements to prevent ponding. Project is jointly funded with Council own source contribution.	\$231,106	\$916,667	Apr-25	Dec-27
130663-24QLD-RTR	QLD	Burke Shire Council	Gleeson Avenue, Gregory	Formalisation of intersection with the State Controlled road. Pavement reconstruction and upgrade to a sealed asset to address water ponding issues. Establishment of a formalised intersection with the state controlled road. Pavement improvements and bitumen sealing of roads including drainage improvements to prevent ponding. Project is jointly funded with Council own source contribution.	\$231,106	\$916,667	Apr-25	Dec-27
129500-24QLD-RTR	QLD	Carpentaria Shire Council	Normanton-Burketown Road (Rural Road)	Degraded existing bitumen seal is prone to potholing and moisture ingress which causes pavement failure. Construction of new bitumen seal over existing to improve surface texture and pavement life. Balance of funding from Queensland Government Transport Infrastructure Development Scheme	\$250,000	\$500,000	Mar-25	Jun-25

129501-24QLD-RTR	QLD	Carpentaria Shire Council	Normanton-Burketown Road (Rural Road)	Existing narrow causeway is skewed and is a safety risk for incoming traffic. There have been reported near-misses at this location. Widening of Poingdestre Creek Concrete Causeway from 4.2 m to 9 m, including concrete batter and drainage protection. Balance of funding from Queensland Government Transport Infrastructure Development Scheme	\$350,000	\$700,000	Aug-24	Jun-25
129502-24QLD-RTR	QLD	Carpentaria Shire Council	Normanton-Burketown Road (Rural Road)	Flood immunity and road safety. Raising of and widening of existing dips in the road by constructing new concrete edge protection at floodways or installing new culverts at seven various locations. Balance of funding from Queensland Government Transport Infrastructure Development Scheme	\$300,000	\$600,000	Aug-24	Jun-25
133585-25QLD-RTR	QLD	Carpentaria Shire Council	Normanton-Burketown Road (Rural Road)	Flood immunity and vehicle safety. Install new floodways (100.04km and 110.56km) and culvert structure (114.18km) to increase flood immunity and resilience and to provide access to stations, Normanton and Burketown. 50/50 joint funded with TIDS (Transport and Main Roads program) funding.	\$560,000	\$1,120,000	Sep-25	Jun-26
130595-24QLD-RTR	QLD	Cassowary Coast Regional Council	South Davidson Road (Rural Road)	Insufficient road base on road and minimal cross fall. Heavy formation grading followed by the placement and compaction of 150 mm road base. Balance of funding by Cassowary Coast Regional Council	\$45,000	\$47,000	Aug-24	Oct-24
130596-24QLD-RTR	QLD	Cassowary Coast Regional Council	Bob Road (Rural Road)	Insufficient road base on road and minimal cross fall. Heavy formation grading followed by the placement and compaction of 150 mm road base. Balance of funding by Cassowary Coast Regional Council.	\$62,000	\$65,000	Oct-24	Oct-24
130598-24QLD-RTR	QLD	Cassowary Coast Regional Council	Costigan Road (Rural Road)	Insufficient road base on road and minimal cross fall. Heavy formation grading followed by the placement and compaction of 150 mm road base. Balance of funding by Cassowary Coast Regional Council.	\$55,000	\$57,000	Sep-24	Oct-24
130599-24QLD-RTR	QLD	Cassowary Coast Regional Council	Reilly Road (Rural Road)	Insufficient road base on road and minimal cross fall. Heavy formation grading followed by the placement and compaction of 150 mm road base. Balance of funding by Cassowary Coast Regional Council.	\$33,000	\$34,000	Oct-24	Dec-24
130600-24QLD-RTR	QLD	Cassowary Coast Regional Council	Reilly Road (Rural Road)	Insufficient road base on road and minimal cross fall. Heavy formation grading followed by the placement and compaction of 150 mm road base. Balance of funding by Cassowary Coast Regional Council.	\$52,000	\$54,000	Oct-24	Dec-24

128866-24QLD-RTR	QLD	Cloncurry Shire Council	Link Road, Cloncurry	The current pavement on the Link Road is failing and requires rehabilitation to ensure the surface is safe for the heavy vehicles and general public travelling across this road. Rehabilitation of current pavement across the entire length of Link Road is proposed. Rehabilitation works will predominately include stabilisation between chainage 0 to 1.6 km followed by a reseal along the whole length between chainage 0 to chainage 6.5 km.	\$781,833	\$781,833	Oct-24	Jun-25
129340-24QLD-RTR	QLD	Cloncurry Shire Council	Sedan Dip Road, Cloncurry	Sealing pavement on sections of Sedan Dip Road is failing and requires rehabilitation to ensure the surface is safe for the heavy vehicles and public travelling across this road. Rehabilitation of damaged section will consist of in situ stabilisation followed by 2 coat bitumen spray seal. bitumen seal.	\$79,077	\$79,077	Oct-24	May-25

134775-25QLD-RTR	QLD	Cloncurry Shire Council	Margaret Street, Cloncurry	The current pavement and kerbing on the Margaret Street is failing and requires rehabilitation to ensure the surface is safe for residential traffic. Rehabilitation of the pavement across the entire length of Margaret Street (excluding the King Street Intersection). Proposed works to include pavement rehabilitation, insitu stabilisation, 2 coat sealing, kerb and channel rehabilitation/replacement and drainage works.	\$249,688	\$249,688	Mar-26	Mar-26
134776-25QLD-RTR	QLD	Cloncurry Shire Council	Chinaman Creek Dam Road, Cloncurry	A sealed section of approximately 2.15km of Chinaman Creek Dam Road is failing and requires rehabilitation to the pavement and drainage system. Rehabilitation of this road will ensure a safe surface for both the travelling tourists and residents of the Cloncurry township who visit the Chinaman Creek Dam Recreation area. Excavation and rehabilitation of current pavement and crossing drains, insitu stabilisation of pavement prior to covering with a 2-coat seal treatment. It is also proposed to undertake line marking.	\$127,426	\$127,426	Mar-26	Apr-26
134777-25QLD-RTR	QLD	Cloncurry Shire Council	Dillion Street, Dajarra	The pavement across the length of Dillion Street is failing. Rehabilitation is required to return it to a safe surface for residents living in the town of Dajarra. Excavation of the current surface and rehabilitation of the sub layers, including insitu stabilisation, 2 coat bitumen seal and installation of road furniture.	\$65,000	\$65,000	Mar-26	Apr-26
134778-25QLD-RTR	QLD	Cloncurry Shire Council	Matheson Street, Dajarra	The pavement across the entire length of Matheson Street is failing. Rehabilitation is required to return it to a safe surface for residents living in the town of Dajarra. Excavation of the current surface and rehabilitation of the sub layers, including insitu stabilisation, 2 coat bitumen seal and installation of road furniture.	\$100,000	\$100,000	Mar-26	Apr-26
134779-25QLD-RTR	QLD	Cloncurry Shire Council	Luck Street, Dajarra	The pavement across the entire length of Luck Street is failing. Rehabilitation is required to return it to a safe surface for residents living in the town of Dajarra. Excavation of the current surface and rehabilitation of the sub layers, including insitu stabilisation, 2 coat bitumen seal and installation of road furniture.	\$65,000	\$65,000	Mar-26	Apr-26
134780-25QLD-RTR	QLD	Cloncurry Shire Council	Mark Street, Dajarra	The pavement across the entire length of Mark Street is failing. Rehabilitation is required to return it to a safe surface for residents living in the town of Dajarra. Excavation of the current surface and rehabilitation of the sub layers, including insitu stabilisation, 2 coat bitumen seal and installation of road furniture.	\$50,000	\$50,000	Mar-26	Apr-26

134999-25QLD-RTR	QLD	Cloncurry Shire Council	Carmody Street, Dajarra	The pavement across the length of Carmody Street is failing. Rehabilitation is required to return it to a safe surface for residents living in the town of Dajarra. Excavation of the current surface and rehabilitation of the sub layers, including insitu stabilisation, 2 coats of bitumen seal and installation of road furniture.	\$86,388	\$86,388	Mar-26	Apr-26
127340-24QLD-RTR	QLD	Cook Shire Council	Battlecamp Road (Rural Road)	Road gets washed out every wet season due to heavy runoff making it impassable and unsafe for traffic. Installation of three Reinforced Concrete Pipe (RCP) culverts and concrete causeway. The project has received \$120,000 from Transport Infrastructure Development Scheme (TIDS).	\$120,012	\$240,012	Aug-24	Jun-25
127341-24QLD-RTR	QLD	Cook Shire Council	May Street, Cooktown	Unsealed gravel road with poor drainage and dust issues. Completion of pavement works, installation of one culvert/causeway, installation of kerb and channel and two coats of bitumen seal. The project has received \$200,000 from Transport Infrastructure Development Scheme (TIDS).	\$200,007	\$400,007	Aug-24	Sep-25
127344-24QLD-RTR	QLD	Cook Shire Council	Home Rule Road, Rossville	Unsealed gravel road which gets really boggy every year during the wet season, creating unsafe access for local residents and visitors. Moreover, the existing drainage crossings and structures are in poor condition and need replacement for safe access. Completion of survey and design including relevant permits, replacement and upgrade of the drainage crossings structures, construction of road pavement and bitumen sealing. The project has received \$689,500 from Reef Guardian funding, \$160,000 from Local Roads and Community Infrastructure Program and \$139,453 from Transport Infrastructure Development Scheme (TIDS, in FY2025/26).	\$300,000	\$1,288,953	Aug-24	Sep-26
127345-24QLD-RTR	QLD	Cook Shire Council	Charlotte Street, Cooktown	Inadequate street lighting creating safety and security concerns for local traffic, road users and residents. Upgrading of public street lights along the main Charlotte Street to improve the visibility, safety and security at night. The project has received \$196,379 from Transport Infrastructure Development Scheme (TIDS).	\$566,000	\$762,379	Jul-24	Sep-26
129126-24QLD-RTR	QLD	Cook Shire Council	Charlotte Street, Cooktown	The existing asphalt layer is old and deteriorated with several fatigue and crocodile crack resulting into pavement problems, potholes and safety issues and is due for resurfacing. Milling and profiling of existing/old asphalt layer and laying a new asphalt layer with PMB binder to better resist the heavy traffic load, stress and fatigue.	\$291,438	\$291,438	Oct-24	Jun-25

130381-24QLD-RTR	QLD	Diamantina Shire Council	Florence Street, Birdsville	Sealed surfaced on town street within Birdsville are aging with a number of defects beginning to show affecting the road condition for road users. Bitumen reseal & reseal prep works including pothole batching & surface correction.	\$101,230	\$101,230	Feb-25	Mar-25
130382-24QLD-RTR	QLD	Diamantina Shire Council	Waddi Drive, Birdsville	Sealed surfaced on town street within Birdsville are aging with a number of defects beginning to show affecting the road condition for road users. Bitumen reseal & reseal prep works including pothole batching & surface correction.	\$3,401	\$3,401	Feb-25	Mar-25
130383-24QLD-RTR	QLD	Diamantina Shire Council	MacDonald Street, Birdsville	Sealed surfaced on town street within Birdsville are aging with a number of defects beginning to show affecting the road condition for road users. Bitumen reseal & reseal prep works including pothole batching & surface correction	\$8,815	\$8,815	Feb-25	Mar-25
130384-24QLD-RTR	QLD	Diamantina Shire Council	Vaughan Street, Birdsville	Sealed surfaced on town street within Birdsville are aging with a number of defects beginning to show affecting the road condition for road users. Bitumen reseal & reseal prep works including pothole batching & surface correction.	\$7,958	\$7,958	Feb-25	Mar-25
130385-24QLD-RTR	QLD	Diamantina Shire Council	Frew Street, Birdsville	Sealed surfaced on town street within Birdsville are aging with a number of defects beginning to show affecting the road condition for road users. Bitumen reseal & reseal prep works including pothole batching & surface correction	\$5,275	\$5,275	Feb-25	Mar-25
133957-25QLD-RTR	QLD	Diamantina Shire Council	Racecourse Road, Bedourie	Road running surface has deteriorated and is rough and untrafficable when wet. Seal entire length of Racecourse road.	\$159,480	\$159,480	Oct-25	Nov-25

131023-24QLD-RTR	QLD	Douglas Shire Council	Port Douglas Road, Port Douglas	The proposed project aims to enhance the safety of vulnerable road users by upgrading infrastructure to align with the Safe System Approach. The improvements will create a wider, more accessible route with better alignments and improved sight distances, safely separated from traffic hazards. This will encourage pedestrians, cyclists, and scooter users to utilise the path rather than the road shoulder, significantly reducing the risk of vulnerable road user crashes. The project targets a Priority A route on the Principal Cycle Network, which sees high volumes of pedestrian traffic, cyclists, and scooter users due to limited public transport options and the area's significant tourism and local traffic. The full project will upgrade 2.1km of existing pathway along Port Douglas Road to a 2.5-3m wide shared path. The project includes; - Demolition of the existing footpath, - Protection and modification of some PUP, - Construction of 2.5-3m wide shared path from Lakeland Avenue to Old Port Road, - Drainage provisions, - Upgrade of local road crossings (including Lakeland Avenue, St Crispins Avenue and Bale Drive), - Pavement marking, and - Signage. Project is jointly funded as follows:	\$643,830	\$2,575,320	Jul-25	Jun-28
129013-24QLD-RTR	QLD	Etheridge Shire Council	Einasley Road (Rural Road)	Unsealed road and impassable during wet weather. Reconstruction and sealing of 1.6 km section. The formation width is 10 m, and sealing width is 8 m. The balance funding will be by Council's own source.	\$291,271	\$880,000	Oct-24	Dec-24
129015-24QLD-RTR	QLD	Etheridge Shire Council	Undara Road, Mount Surprise	The existing seal area has several cracks and impacting the road structure. Resealing works. The proposed section is 3 km in length and 8 m width. This is partly funded RTR project and balance cost will be from Council's own source.	\$8,063	\$133,447	Sep-24	Sep-24
129016-24QLD-RTR	QLD	Etheridge Shire Council	First Street, Forsyth	Deterioration and degradation of a road's surface and underlying layers, resulting in compromised structural integrity and functionality. It encompasses various distresses and defects that make the road unsafe or unsuitable for smooth transportation. Reconstruction and resealing of 200 m x 8 m width.	\$27,375	\$31,375	Nov-24	Jan-25
129017-24QLD-RTR	QLD	Etheridge Shire Council	Hayman Street, Georgetown	Existing seal surface is starting to deterioration and impacting road structure. Resealing with two coats on 319 m x 8 m area.	\$6,424	\$6,424	Sep-24	Sep-24
129030-24QLD-RTR	QLD	Etheridge Shire Council	Gilberton Road (Rural Road)	Poor pipe condition. Replacement of 450 mm diameter reinforced concrete pipes.	\$16,500	\$16,500	May-25	Jun-25
129032-24QLD-RTR	QLD	Etheridge Shire Council	Hayman Street, Georgetown	Exiting open drainage and pipe culverts have small water ways resulting flooding in the area. Upgrade the open drain and replacement with 600 mm diameter reinforced concrete pipes.	\$86,588	\$90,000	Dec-24	Nov-25

129035-24QLD-RTR	QLD	Etheridge Shire Council	O'Brien Creek Road, Mount Surprise	No drainage system in Mount Surprise and town floods during heavy rainfalls. Construction of new open drains, pipe culverts and widening the existing drain.	\$135,660	\$135,660	Oct-24	Dec-24
129053-24QLD-RTR	QLD	Etheridge Shire Council	Garnet Street, Mount Surprise	Waterlogging and impassable during wet weather. Construction of open drain of 582 m long x 1 m bed width and 1 m high and one pipe crossing of 450 mm diameter black max pipe.	\$67,628	\$67,628	Nov-24	Dec-24
129054-24QLD-RTR	QLD	Etheridge Shire Council	Un-named Road, Mount Surprise	Waterlogging, impassable and inundated during the wet weather. Construction of 345 m long x 1 m bed width and 1 m high open drain.	\$13,000	\$13,000	May-25	Jun-25
129055-24QLD-RTR	QLD	Etheridge Shire Council	Gulf Development Road, Mount Surprise	Waterlogged and inundated during the wet weather. Construction of open drain of 330 m x 1 m x 1 m high and one pipe culvert.	\$12,596	\$12,596	Nov-24	Dec-24
129099-24QLD-RTR	QLD	Etheridge Shire Council	Colin Street, Georgetown	The existing seal area has several cracks and impacting the road structure. Resealing, the proposed section is 300 m in length and 7 m width.	\$8,921	\$8,921	Sep-24	Nov-24
129101-24QLD-RTR	QLD	Etheridge Shire Council	Crampton Street, Georgetown	The existing seal area has several cracks and impacting the road structure. Resealing work in 300 m x 15 m width.	\$45,056	\$45,056	Sep-24	Dec-24
129102-24QLD-RTR	QLD	Etheridge Shire Council	Cumberland Street, Georgetown	The existing seal area has several cracks and impacting the road structure. Resealing on 300 m x 15 m wide.	\$19,338	\$19,338	Sep-24	Sep-24
130043-24QLD-RTR	QLD	Etheridge Shire Council	Atkinson Road, Mount Surprise	Waterlogging during heavy rain event and houses get inundated. Construction of 300 m long x 1 m width x 1 m high open drain.	\$14,809	\$14,809	Nov-24	Dec-24
130045-24QLD-RTR	QLD	Etheridge Shire Council	Garnet street, Mount surprise	No cross drainage across the Garnet Street and water gets ponding in the west of the Garnet Street during rain event. Construction of the 350 mm x 450 reinforced cement concrete box culvert.	\$4,051	\$4,051	Nov-24	Dec-24
130046-24QLD-RTR	QLD	Etheridge Shire Council	Lake Carlo Road (Rural Road)	The existing pipe culvert is in poor condition. Replacement of 600 mm reinforced cement concrete pipe.	\$23,360	\$23,360	Dec-24	Dec-24
131416-24QLD-RTR	QLD	Etheridge Shire Council	Gilberton Road (Rural Road)	The existing floodway was washed away from November 2023 flash storm event and access at present is very poor and is impassable when wet. Remove the existing floodway, damaged pipes, trees and construct a pipe culvert and concrete floodway over the pipe culvert (34.60 m x 4.8 m x 0.2 m thick). This is jointly funded project . QRA: \$42,000 and SLRIP :\$133,304.	\$35,383	\$210,687	Sep-24	Nov-24
131419-24QLD-RTR	QLD	Etheridge Shire Council	Cox Lane, Mount Surprise	No proper drainage path along the Gulf Development Road in Mount Surprise. Water is not going to west due to high level of the Cox Lane and impacting traffic flow and properties To construct a concrete spoon, drain of 12.65 m long x 1 m wide and kerb / channel of 9 m long.	\$20,000	\$20,000	Jul-25	Aug-25
131423-24QLD-RTR	QLD	Etheridge Shire Council	Atkinson street, Mount Surprise	Waterlogging during the heavy rain fall event and impassable. Construction of 400 m long x 1 m width x 1 m open drain and 200 mm diameter pipe culverts of 10 m long.	\$40,000	\$40,000	Jul-25	Aug-25

131425-24QLD-RTR	QLD	Etheridge Shire Council	Air Strip Back Road (Rural Road)	The Air Strip back road is the access road to Georgetown Aerodrome and visibility issue at night. Installation of electric pole, transfer and lights.	\$112,800	\$112,800	Jul-25	Sep-25
127910-24QLD-RTR	QLD	Flinders Shire Council	Old Richmond Road (Rural Road)	This road becomes boggy when wet making it impassable for motorists. Formation and gravel and bitumen seal of approximately 2.5 km long and 6.5 m wide. Funding is 50% RTR and 50% TIDS (Transport Infrastructure Development Scheme).	\$440,000	\$880,000	Jul-24	Jun-25
127934-24QLD-RTR	QLD	Flinders Shire Council	Strathstewart Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 70 m long x 6 m wide will improve the flood resilience and provide safer access for motorists. Funding is 50% RTR and 50% TIDS (Transport Infrastructure Development Scheme).	\$50,000	\$100,000	Sep-24	Sep-24
127967-24QLD-RTR	QLD	Flinders Shire Council	Old Muttaborra Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 50 m long x 6 m wide will improve the flood resilience and safer access for motorists. Funding is 50% RTR and 50% TIDS (Transport Infrastructure Development Scheme)	\$27,500	\$55,000	Aug-24	Aug-24
127969-24QLD-RTR	QLD	Flinders Shire Council	Old Muttaborra Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 50 m long x 6 m wide will improve the flood resilience and safer access for motorists. Funding is 50% RTR and 50% TIDS (Transport Infrastructure Development Scheme)	\$27,500	\$55,000	Aug-24	Aug-24
128266-24QLD-RTR	QLD	Flinders Shire Council	Moor Moor (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 50 m long x 6 m wide will improve the flood resilience and safer access for motorists. Funding is 50% RTR and 50% TIDS.	\$31,000	\$62,000	Jul-24	Aug-24
128276-24QLD-RTR	QLD	Flinders Shire Council	Dalkeith Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 50 m long x 6 m wide will improve the flood resilience and safer access for motorists. Funding is 50% RTR and 50% TIDS.	\$27,500	\$55,000	Jul-24	Jul-24
128293-24QLD-RTR	QLD	Flinders Shire Council	Dalkeith Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 50 m long x 6 m wide will improve the flood resilience and safer access for motorists. Funding is 50% RTR and 50% TIDS.	\$27,500	\$55,000	Jul-24	Jul-24
128297-24QLD-RTR	QLD	Flinders Shire Council	Star Downs Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 50 m long x 6 m wide will improve the flood resilience and provide safer access for motorists. Funding is 50% RTR and 50% TIDS.	\$27,500	\$55,000	Oct-24	Jun-25
128310-24QLD-RTR	QLD	Flinders Shire Council	The Plains Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 40 m long x 6 m wide will improve the flood resilience and provide safer access for motorists. Funding is 50% RTR and 50% TIDS.	\$22,000	\$44,000	Nov-24	Nov-24

128328-24QLD-RTR	QLD	Flinders Shire Council	Prairie Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 30 m long x 6 m wide will improve the flood resilience and provide safer access for motorists. Funding is 50% RTR and 50% TIDS.	\$16,500	\$33,000	Feb-25	Jun-25
128361-24QLD-RTR	QLD	Flinders Shire Council	Prairie Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 50 m long x 6 m wide will improve the flood resilience and provide safer access for motorists. Funding is 50% RTR and 50% TIDS.	\$27,500	\$55,000	Feb-25	Jun-25
128369-24QLD-RTR	QLD	Flinders Shire Council	Prairie Road (Rural Road)	In wet weather the floodway is impassable. Construction of a new floodway 30 m long x 6 m wide will improve the flood resilience and provide safer access for motorists. Funding is 50% RTR and 50% TIDS.	\$16,500	\$33,000	Feb-25	Jun-25
131369-24QLD-RTR	QLD	Flinders Shire Council	Morell Street, Hughenden	Construction of a new road in the Stage 2 of the Industrial Estate. Construction of a new road and two coat bitumen seal of approximately 750 m x 8 m wide.	\$395,833	\$395,833	Nov-24	Jun-25
127498-24QLD-RTR	QLD	Fraser Coast Regional Council	Boundary Rd, Urangan	This intersection is no longer performing at sufficient capacity and is compromising the safety of road users, including parents dropping off/collecting students, pedestrians and cyclists. Intersection upgrade includes installation of traffic signals, approach works to align with the future four-lining of Boundary Road and service relocations. Council is funding the balance from general rates.	\$2,485,682	\$3,500,000	Jul-24	Dec-24
131091-24QLD-RTR	QLD	Fraser Coast Regional Council	Walkers Point Rd, Walkers Point	This road is exhibiting a high frequency of pavement failures including rutting, shoving and cracking resulting in high levels of roughness, exacerbated by prolonged periods of wet weather and heavy vehicle loading. Road reconstruction including the removal and or strengthening of existing pavement, with bitumen surfacing. - Council is funding the balance.	\$500,000	\$1,000,000	Feb-26	Jun-26
131092-24QLD-RTR	QLD	Fraser Coast Regional Council	Denmans Camp Rd, Torquay	This road is exhibiting a high frequency of pavement failures including rutting, shoving and cracking resulting in high levels of roughness, exacerbated by prolonged periods of wet weather and heavy vehicle loading. Road reconstruction including the removal and or strengthening of existing pavement, with asphalt surfacing, includes new footpath to improve pedestrian connectivity and safety. - Council is funding the balance.	\$1,279,651	\$3,300,000	Nov-25	Jun-26

131093-24QLD-RTR	QLD	Fraser Coast Regional Council	Main St, Urraween	This road is exhibiting a high frequency of pavement failures including rutting, shoving and cracking resulting in high levels of roughness, exacerbated by prolonged periods of wet weather and heavy vehicle loading. Road reconstruction including the removal and or strengthening of existing pavement, with asphalt surfacing, include new path on eastern side to improve pedestrian access for emerging community. Council is funding the balance.	\$1,279,651	\$2,640,000	Nov-25	Mar-26
127493-24QLD-RTR	QLD	Gladstone Regional Council	Rocky Crossing Road, Round Hill	Pavement is showing signs of stress with multiple repairs completed following previous service (4 Rural Level of Service – Rural Collector). Evidence of rutting and localised failures are present and pavement has been identified as reaching design life (Asset 21331). Stabilise pavement, including remove, dispose and replace unsuitable material inclusive of existing features such as kerbing, signage, guideposts, sawcut existing driveways. Add corrector material as required and complete with 2 coat seal wearing course and replace kerb, hydro-mulch, signage, guideposts, line markings to retain Service Levels and restart asset life. Jointly funded from Council's own resources and RTR.	\$949,674	\$949,674	Mar-25	Sep-25
127494-24QLD-RTR	QLD	Gladstone Regional Council	Maude Hill Road (Rural Road)	The culverts require replacing/upgrading due to poor condition and increasing traffic usage of the road. The present culverts are collapsing due to age and increased traffic usage. Replace the existing culverts, with an upgraded design which will accommodate the increased and heavier traffic now utilising the road. Jointly funded from Council's own resources and RTR.	\$972,785	\$973,968	Mar-25	Jul-25
131731-24QLD-RTR	QLD	Gladstone Regional Council	Diamond Hill Road, Rosedale	The road is continually potholing and requires constant repairs. Completing these works will reduce water ingress into the pavement, which will reduce the damage to the structural integrity of the pavement. This in turn, will improve the life of the asset. Stabilisation of base layers, widen road within the rehabilitation section to meet current hierarchy requirements, seal with a two-coat seal and seal the remainder of the road (section/s that don't require stabilisation).	\$250,500	\$250,500	Feb-26	Jun-26

131732-24QLD-RTR	QLD	Gladstone Regional Council	Morcom Street, Calliope	The road is continually potholing and requires constant repairs. Completing these works will reduce water ingress into the pavement, which will reduce the damage to the structural integrity of the pavement. This in turn, will improve the life of the asset. Stabilisation of base layers, widen road within the rehabilitation section to meet current hierarchy requirements, seal with a two-coat seal and seal the remainder of the road (section/s that don't require stabilisation).	\$450,000	\$450,000	Mar-26	May-26
131733-24QLD-RTR	QLD	Gladstone Regional Council	Tableland Road, Calliope	The road is aging and therefore, the condition is deteriorating from use. The road needs to be renewed to ensure it remains safe and accessible for the community. Renew the road surface wearing courses to prolong asset life and maintain full function and longevity of road assets. The project is jointly funded with Gladstone Regional Council contributing \$569,201 to the project.	\$1,004,513	\$1,173,714	Sep-25	Apr-26
131752-24QLD-RTR	QLD	Gladstone Regional Council	Fairbairn Place, Clinton	Road wearing due to age and increased traffic. Repair road at various locations and new asphalt surface.	\$108,510	\$108,510	Feb-25	May-25
131973-25QLD-RTR	QLD	Gladstone Regional Council	Deepwater Road, Deepwater	The road pavement has reached the end of life. There is edge break and rutting defects. Defects continue to occur despite being patched, indicating potential issues with subgrade materials. Road and pavement will be restored to as new condition with width, drainage and sealing as per current hierarchy specifications. The project is jointly funded with Gladstone Regional Council contributing \$437,500 to the project.	\$870,000	\$937,500	Feb-26	Jun-26
132523-25QLD-RTR	QLD	Gladstone Regional Council	John Clifford Way, Lowmead	The 180 m unsealed section of road is the only section of John Clifford Way that is unsealed and requires frequent regrading by maintenance teams and results in a poor driving experience for users, especially those towing caravans, boats, or bikes. Sealing this section would reduce maintenance needs and improve the driving experience. It is proposed to furnish the road with an appropriate gravel layer, compact and trim the surface and then apply a seal, with the works tying neatly at either end into the existing seal.	\$61,299	\$61,299	Jul-25	Sep-25

130646-24QLD-RTR	QLD	Gold Coast City Council	Yawalpah Road, Pimpama	Significant travel delays are currently experienced along Yawalpah Road, Pimpama during morning and afternoon peak travel periods. With development underway in Pimpama, these travel delays are forecast to continue to increase. The cause of these traffic delays is a result of road capacity deficiency from the M1 to Kerkin Rd. This project will aid in alleviating this issue. The Yawalpah Road Upgrade project which involves widening Yawalpah Road, constructing a new road bridge over the existing rail line and upgrading intersections. Previously a two-lane road, Yawalpah Road will be converted into a four-lane urban road for most of the road corridor with a third westbound lane from Gawthern Drive to Nexus Drive. On-road cycle lanes will be provided along with a 2.5 m wide off-road shared pathway for the length of the project. The following project works are scheduled to be completed in the 2024-25 financial year:- - Road pavement, kerb and channel and stormwater drainage for 2 through lanes west bound from Kerkin Road to Cunningham Drive North and from Dixon Drive to Gainsborough State School. - New signalised intersection with four pedestrian crossings at Yawalpah Road/Cunningham Drive North - Traffic signals upgrade at Yawalpah Road / Dixon	\$7,694,745	\$58,000,000	Jul-24	Apr-26
134961-25QLD-RTR	QLD	Gold Coast City Council	Yawalpah Road, Pimpama	Significant travel delays are currently experienced along Yawalpah Road, Pimpama during morning and afternoon peak travel periods. With development underway in Pimpama, these travel delays are forecast to continue to increase. The cause of these traffic delays is a result of road capacity deficiency from the M1 to Kerkin Rd. This project will aid in alleviating this issue. The Yawalpah Road Upgrade project which involves widening Yawalpah Road, constructing a new road bridge over the existing rail line and upgrading intersections. Previously a two-lane road, Yawalpah Road will be converted into a four-lane urban road for most of the road corridor with a third westbound lane from Gawthern Drive to Nexus Drive. On-road cycle lanes will be provided along with a 2.5m wide off-road shared pathway for the length of the project. On-road cycle lanes will be provided along with a 2.5 metre wide off-road shared pathway for the length of the project. The following project works are scheduled to be completed during the 2025-26 financial year: - Road pavement, kerb and channel and stormwater drainage for 2 through lanes west bound from Gainsborough State School to Gawthern Drive and 3 westbound lanes from Gawthern Drive to the new bridge. - New signalised intersection at Yawalpah Road/Cox Road intersection to cater for emergency vehicles.	\$9,470,455	\$58,000,000	Jul-24	Aug-26

129062-24QLD-RTR	QLD	Goondiwindi Regional Council	Merriot Road (Rural Road)	Insufficient gravel depth contributing to poor driving conditions including roughness and excessive dust. Overlay 100-150 mm of gravel, compaction and associated drainage. This is a jointly funded project with Council funding the balance.	\$42,000	\$55,191	Aug-24	Sep-24
129063-24QLD-RTR	QLD	Goondiwindi Regional Council	South Daymar Road (Rural Road)	Insufficient gravel depth contributing to poor driving conditions including roughness and excessive dust. 131346-24QLD-RTR	QLD	Isaac Regional Council	Nolan Drive, Middelmount	Existing longitudinal drains are not working effectively resulting in damage and compromising the integrity of the road pavement. Upgrading of the longitudinal drains along the side of the road to prevent future damage.	\$284,678	\$284,678	Mar-25	Jun-25
133920-25QLD-RTR	QLD	Isaac Regional Council	Goonyella Road, Moranbah	The works aim to improve safety and traffic flow. - - Widening of the existing Goonyella Road to achieve the required geometry. - Construction of an approximately 170 m extension of Goonyella Service Road. - Modification and constructing new intersections and accesses along Goonyella Road between Curtin Street and Industrial Avenue. - Supply and installation of 280 mm unbound Subtype 2.1 base for Goonyella Road widening. - Supply and installation of 250 mm unbound Subtype 2.1 base for Goonyella Service Road. - Installation of a new 375 mm diameter RCP under the new Goonyella Service Road access. - Installation of kerb and channel and improved roadside drainage. - Installation of concrete protection for underground electrical assets where required. - Relocation of the existing water truck fill point (standpipe) to the south-western side of Goonyella Road. - Installation of a 200 mm diameter pipe teeing into an existing 250 mm diameter PVC main. - Construction of a new concrete plinth and hardstand for trucks to park on adjacent to the new fill point. The project's outstanding balance is being funded	\$2,500,000	\$3,720,000	Nov-25	May-26

134942-25QLD-RTR	QLD	Kowanyama Aboriginal Shire Council	Chapman Rd, Kowanyama,	Accelerated deterioration of the road pavement (unbound sub-base) and wearing surface (2-coat seal) due to prolonged subgrade/sub-base saturation and water ingress during repeated seasonal Monsoon and Flooding conditions. Reconstruct and upgrade to improve the flood resilience of the abovementioned section of Chapman Rd. Council will achieve this by stabilising the damaged section of pavement and resealing the wearing surface. This process improves the rigidity of the structural layer of pavement, achieving a more dense matrix which reduces water penetration that causes weakening and road damage. A total area of 577m2 is required to be rectified. This process involves: 1. Engagement of a suitably qualified Pavement Engineer for the development of a site-specific cement/lime stabilising compound as well as pavement and seal design - including geotechnical testing of the existing insitu sub-base material. 2. Procurement of a skilled pavement stabilisation and sealing Contractor 3. Removal of the damaged seal material 4. Incorporation of the cement/lime compound with the existing sub-base unbound gravel material (to 200mm depth) 5. Compaction and trimming of the sub-base layer	\$42,682	\$42,682	Sep-25	Oct-25
134943-25QLD-RTR	QLD	Kowanyama Aboriginal Shire Council	Kowanyama Street, Kowanyama	Accelerated deterioration of the road pavement (unbound sub-base) and wearing surface (2-coat seal) due to prolonged subgrade/sub-base saturation and water ingress during repeated seasonal Monsoon and Flooding conditions. Reconstruct and upgrade to improve the flood resilience of the abovementioned section of Kowanyama Rd. Council will achieve this by stabilising the damaged section of pavement and resealing the wearing surface. This process improves the rigidity of the structural layer of pavement, achieving a more dense matrix which reduces water penetration that causes weakening and road damage. A total area of 812m2 is required to be rectified. This process involves: 1. Engagement of a suitably qualified Pavement Engineer for the development of a site-specific cement/lime stabilising compound as well as pavement and seal design - including geotechnical testing of the existing insitu sub-base material. 2. Procurement of a skilled pavement stabilisation and sealing Contractor 3. Removal of the damaged seal material 4. Incorporation of the cement/lime compound with the existing sub-base unbound gravel material (to 200mm depth) 5. Compaction and trimming of the sub-base layer	\$60,058	\$60,058	Sep-25	Oct-25

134944-25QLD-RTR	QLD	Kowanyama Aboriginal Shire Council	Chellikee Street, Kowanyama	Accelerated deterioration of the road pavement (unbound sub-base) and wearing surface (2-coat seal) due to prolonged subgrade/sub-base saturation and water ingress during repeated seasonal Monsoon and Flooding conditions. Reconstruct and upgrade to improve the flood resilience of the abovementioned section of Chellikee Rd. Council will achieve this by stabilising the damaged section of pavement and resealing the wearing surface. This process improves the rigidity of the structural layer of pavement, achieving a more dense matrix which reduces water penetration that causes weakening and road damage. A total area of 1324m2 is required to be rectified. This process involves: 1. Engagement of a suitably qualified Pavement Engineer for the development of a site-specific cement/lime stabilising compound as well as pavement and seal design - including geotechnical testing of the existing insitu sub-base material. 2. Procurement of a skilled pavement stabilisation and sealing Contractor 3. Removal of the damaged seal material 4. Incorporation of the cement/lime compound with the existing sub-base unbound gravel material (to 200mm depth) 5. Compaction and trimming of the sub-base layer	\$98,004	\$98,004	Sep-25	Oct-25
134945-25QLD-RTR	QLD	Kowanyama Aboriginal Shire Council	Thuluthulum Street, Kowanyama	Accelerated deterioration of the road pavement (unbound sub-base) and wearing surface (2-coat seal) due to prolonged subgrade/sub-base saturation and water ingress during repeated seasonal Monsoon and Flooding conditions. Reconstruct and upgrade to improve the flood resilience of the abovementioned section of Thuluthulum Rd. Council will achieve this by stabilising the damaged section of pavement and resealing the wearing surface. This process improves the rigidity of the structural layer of pavement, achieving a more dense matrix which reduces water penetration that causes weakening and road damage. A total area of 150m2 is required to be rectified. This process involves: 1. Engagement of a suitably qualified Pavement Engineer for the development of a site-specific cement/lime stabilising compound as well as pavement and seal design - including geotechnical testing of the existing insitu sub-base material. 2. Procurement of a skilled pavement stabilisation and sealing Contractor 3. Removal of the damaged seal material 4. Incorporation of the cement/lime compound with the existing sub-base unbound gravel material (to 200mm depth) 5. Compaction and trimming of the sub-base layer	\$35,509	\$35,509	Sep-25	Oct-25

127347-24QLD-RTR	QLD	Livingstone Shire Council	Stanage Bay Road, Kunwarara	In certain weather events, local flooding of Wadallah Creek results in raised creek levels, which cuts off Stanage Bay Road and isolates the Stanage township. Demolish existing Reinforced Concrete Pipe and remove permanently. Construct new 40 m x 6.5 m concrete bed level crossing. Install rock protection on upstream and downstream, self assessable waterway barrier works.	\$500,000	\$500,000	Sep-25	Dec-25
127351-24QLD-RTR	QLD	Livingstone Shire Council	Stanage Bay Road, Stanage	Unsafe travelling conditions and increased maintenance costs due to the deteriorated road surface. Re-sheeting of the road surface.	\$377,661	\$377,661	Jan-25	Feb-25
127360-24QLD-RTR	QLD	Livingstone Shire Council	Bottlebrush Drive, Lammermoor	To provide access to occasional heavy vehicle access (including emergency services vehicles) and also to improve connectivity in the larger transport networks connecting residential areas in the immediate north and south. Construction of a 180 metre long road section with floodway and culvert at sag of section and raising road, installation of street light and 2 metre concrete pathway. Council will be providing the balance of funding (Own Source Expenditure) to complete the Project.	\$1,812,960	\$1,900,000	Jul-27	Jun-28
127368-24QLD-RTR	QLD	Livingstone Shire Council	Hinz Avenue, Bangalee	Unsealed portion of Hinz Avenue poses hazard to Bangalee residents. Sealing of 1.65 kilometres of road between chainages 250 and 1900 of widths between 6.5 metres and 8 metres to the relevant standard. Council will be providing the balance of funding (Own Source Expenditure) to complete the Project.	\$1,812,960	\$1,900,000	Jul-28	Jun-29
127426-24QLD-RTR	QLD	Livingstone Shire Council	Lake Mary Road, Lake Mary	Unsafe travelling conditions and increased maintenance costs due to the deteriorated road surface. Re-sheeting of the road surface between chainages 100 m and 1,600 m, and 2,600 m and 3,100 m.	\$124,818	\$124,818	Dec-24	Feb-25
127430-24QLD-RTR	QLD	Livingstone Shire Council	Lake Mary Road (Rural Road)	Unsafe travelling conditions and increased maintenance costs due to the deteriorated road surface. Re-sheeting of the road surface between chainages 15.250 and 19.250 (4 kilometres). Any over-runs of the budgeted Roads to Recovery Funding for the Project will be funded by Livingstone Shire Council.	\$229,944	\$229,944	Sep-24	Oct-24
127941-24QLD-RTR	QLD	Livingstone Shire Council	Thompson Point Road, Thompson Point	Unsafe travelling conditions and increased maintenance costs due to the deteriorated road surface. Re-sheeting the road surface. Council will be providing the balance of funding (Own Source Expenditure) to complete the Project.	\$258,530	\$258,530	Mar-25	Apr-25

133917-25QLD-RTR	QLD	Livingstone Shire Council	Etna Creek Road, (Rural Road)	Deteriorated road surface and narrow width. The widening and rehabilitation of Etna Creek Road for a length of 1150m to improve road surface and road safety. This is the third stage of widening and rehabilitating of over 6km of Etna Creek Rd identified in Council's Annual Pavement Rehabilitation Program. Balance of project costs to be funded by Council.	\$800,000	\$2,500,000	Jan-26	May-26
133918-25QLD-RTR	QLD	Livingstone Shire Council	Stanage Bay Rd, Stanage	Unsafe travelling conditions and increased maintenance costs due to the deteriorated road surface. Also provides resilience to road surface during wet weather events. Re-sheeting the road surface.	\$337,839	\$337,839	Nov-25	Feb-26
133919-25QLD-RTR	QLD	Livingstone Shire Council	Mt Chalmers Rd, Mt Chalmers	Unsealed portion of Mt Chalmers Rd poses hazard to commuters travelling between Cawarral and Mt Chalmers. Upgrading of 1.5km of existing unsealed road to 6.5m wide sealed standard. Balance of project costs to be provided by Council.	\$1,722,312	\$2,210,000	Jul-26	Jun-27
131776-24QLD-RTR	QLD	Lockhart River Aboriginal Shire Council	Portland Road, Lockhart River	During large storm events, high flows could result in loss of seal, road embankment and downstream batters constructed either side of Culvert 117 as a result of flows overtopping the embankment. Construction of a 350mm x 800mm deep reinforced concrete cut of wall on the downstream hinge point of the embankment above Culvert 117 with associated dumped rock embankment protection. Ch 4203 – Ch 4283 (80m), as detailed on plan 7994-051 rev D LRCI is funding the balance of this project.	\$104,967	\$232,284	Jul-24	Dec-24
131553-24QLD-RTR	QLD	Lockyer Valley Regional Council	Alexander Street, Laidley	Current seal condition has reached its useful life and requires a reseal in order to protect and extend asset life. Reseal existing road with bitumen and aggregate including preparatory works on existing surface.	\$15,258	\$15,258	Apr-25	May-25
131554-24QLD-RTR	QLD	Lockyer Valley Regional Council	Allens Road, Upper Tenthill	Current seal condition has reached its useful life and requires a reseal in order to protect and extend asset life. Reseal existing road with bitumen and aggregate including preparatory works on existing surface.	\$21,469	\$21,469	Apr-25	Jun-25
131555-24QLD-RTR	QLD	Lockyer Valley Regional Council	Beames Drive, Laidley	Current seal condition has reached its useful life and requires a reseal in order to protect and extend asset life. Reseal existing road with bitumen and aggregate including prep works on existing surface.	\$9,968	\$9,968	Apr-25	Jun-25
131556-24QLD-RTR	QLD	Lockyer Valley Regional Council	Border Court, Lockyer Waters	Current seal condition has reached its useful life and requires a reseal in order to protect and extend asset life. Reseal existing road with bitumen and aggregate including preparatory works on existing surface.	\$10,857	\$10,857	Apr-25	May-25

131557-24QLD-RTR	QLD	Lockyer Valley Regional Council	Coates Street, Laidley	Current seal condition has reached its useful life and requires a reseal in order to protect and extend asset life. Reseal existing road with bitumen and aggregate including preparatory works on existing surface.	\$114,214	\$114,214	Apr-25	May-25
131558-24QLD-RTR	QLD	Lockyer Valley Regional Council	Cooper Street, Laidley	Current seal condition has reached its useful life and requires a reseal in order to protect and extend asset life. Reseal existing road with bitumen and aggregate including preparatory works on existing surface.	\$9,406	\$9,406	Apr-25	May-25

It is proposed to widen the bitumen to the kerb on Ivan Street Surat, between Cordelia Street and Charlotte Street.	\$200,000	\$200,000	Oct-25	Dec-25
133534-25QLD-RTR	QLD	Maranoa Regional Council	Iona Bardlomey Road (Rural Road)	The pavement surface is reaching the end of its useful life with roughness increasing and pavement failures occurring. It is proposed to undertake pavement rehabilitation on sections of the Iona Bardlomey Road between chainages 0.29 to 6 kms.	\$337,500	\$337,500	Sep-25	Oct-25
133540-25QLD-RTR	QLD	Maranoa Regional Council	Six Mile Road (Rural Road)	The pavement surface is reaching the end of its useful life with roughness increasing and pavement failures occurring. It is proposed to undertake pavement rehabilitation of a 1.95 km section on the Six Mile Road to maintain the road surface.	\$570,000	\$570,000	Jan-26	Mar-26
133544-25QLD-RTR	QLD	Maranoa Regional Council	Middle Road (Rural Road)	The pavement surface is reaching the end of its useful life with roughness increasing and pavement failures occurring. It is proposed to undertake pavement rehabilitation on 1.90 km section of Middle Road to maintain the pavement surface.	\$350,000	\$350,000	Jan-26	Mar-26
133548-25QLD-RTR	QLD	Maranoa Regional Council	Blue Hills Road (Rural Road)	The pavement surface is reaching the end of its useful life with roughness increasing and pavement failures occurring. It is proposed to undertake pavement rehabilitation on a 2.06 km section on the Blue Hills Road to maintain the road surface.	\$420,000	\$420,000	Jan-26	Mar-26
133565-25QLD-RTR	QLD	Maranoa Regional Council	Hodgson Lane North (Rural Road)	Safety concerns have been identified at this intersection. Improve the safety of the intersection by providing widening, bitumen sealing, line marking and signs.	\$200,000	\$200,000	Apr-26	Jun-26
135103-25QLD-RTR	QLD	Mareeba Shire Council	Walsh Street, Rankin Street	Resurface and reconfigure roundabout to meet requirements of heavy vehicles. Resurface asphalt carriageways and upgrade median islands and pedestrian refuge. Replace stormwater infrastructure and upgrade street lighting. The site runs through two streets extending through the Walsh/Rankin Street Roundabout. The site is located between 188 Walsh Street and 204 Walsh Street and also between 64 Rankin and the corner of Rankin/Constance Street.	\$3,186,498	\$4,397,424	Jan-26	Dec-26

131435-24QLD-RTR	QLD	Mckinlay Shire Council	Julia Creek Taldora Road (Rural Road)	Wearing of existing seal on specific floodways due to increased heavy vehicle traffic. Single coat reseal 10080 m2.	\$193,137	\$193,137	May-25	Jun-25
131436-24QLD-RTR	QLD	Mckinlay Shire Council	Sedan Dip/Byrimine Road, Julia Creek	The road becomes inaccessible when the road has as little as 15 millimetres of rain on the road due to black soil. The proposed works will allow greater access by heavy vehicles (cattle transport) and property owners year round. Preparation light formation works followed by gravel re sheeting and sealing 1310m. 4 Stabilised and sealed drop sections(600m2) between CH 20.02Km and CH 23.80Km. The balance of this jointly funded project with R2R will be paid by council.	\$200,000	\$400,000	May-25	Jun-25
131437-24QLD-RTR	QLD	Mckinlay Shire Council	Burke Street, Julia Creek	Intersection pavement failure in this section of Road. Mill existing seal and replace with asphalt	\$200,633	\$200,633	Jul-25	Oct-25
131438-24QLD-RTR	QLD	Mckinlay Shire Council	Punchbowl Road, Julia Creek	When the road has had 15 millimetres of rain it is unable to be used due to the road being mostly black soil with some gravel. The proposed works will allow cattle transport and station owners to have further access to the road during the wet season. This will also reduce the maintenance costs for Council. Preparation light formation works followed by gravel re-sheeting and sealing. Formation 6 m seal 5 m. The balance of this jointly funded project with R2R will be paid by council.	\$276,863	\$639,759	Aug-24	Jun-25
131440-24QLD-RTR	QLD	Mckinlay Shire Council	Burke Street, Julia Creek	More orderly pedestrian flow and speed calming for CBD. Raised pavement (wombat) pedestrian crossings (Concrete and line marking). The balance of this jointly funded project with R2R will be paid by council.	\$130,000	\$260,000	Jun-25	Jun-26
131441-24QLD-RTR	QLD	Mckinlay Shire Council	Mathew Street, Julia Creek	Concrete failing which is a result of the heavy traffic flow. Reconstruction. The balance of this jointly funded project with R2R will be paid by council.	\$33,000	\$153,000	May-25	Jun-26
133334-25QLD-RTR	QLD	Mckinlay Shire Council	Taldora Road, Julia Creek	Wearing of existing seal due to increased heavy vehicle traffic. Stabilise and seal various locations in 4.5m width. The balance of funding to be provided through the Transport Infrastructure Development Scheme (TIDS)	\$300,000	\$600,000	Sep-25	Jun-26
133336-25QLD-RTR	QLD	Mckinlay Shire Council	Byrimine Road, Julia Creek	The road becomes inaccessible when the road has as little as 15 millimetres of rain on the road due to black soil. The proposed works will allow greater access by heavy vehicles (cattle transport) and property owners year round. Preparation light formation works followed by gravel re sheeting and sealing. Formation 6m Seal 5m. The balance of funding to be provided through the Transport Infrastructure Development Scheme (TIDS)	\$117,362	\$234,724	Sep-25	Jun-26
133340-25QLD-RTR	QLD	Mckinlay Shire Council	Byrne Street, Julia Creek	Failed pavement and seal. Replace pavement and reseal. Balance of funding to be provided by Council's own funds.	\$177,000	\$400,000	Sep-25	Jun-26

133505-25QLD-RTR	QLD	Mckinlay Shire Council	Gilliat McKinlay Road, (Rural Road)	Failing sealed sections. Stabilizing and sealing of failed sections.	\$403,417	\$403,417	Sep-25	Dec-25
128105-24QLD-RTR	QLD	Moreton Bay Regional Council	Girrah Street, Brendale	The existing pavement is currently showing signs of significant rutting, pavement fails and cracking. The objective of the project is to renew the road pavement surface to a serviceable condition free from failures and waterproof the pavement to ensure it meets its life expectancy. Project to be partially funded by Roads to Recovery with the remainder to be funded by Moreton Bay City Council.	\$800,000	\$850,000	Jul-26	Jun-27
130362-24QLD-RTR	QLD	Moreton Bay Regional Council	Bray Road, Lawnton	The existing pavement is currently showing signs of significant block cracking. The objective of the project is to renew the road pavement surface to a serviceable condition free from failures and waterproof the pavement to ensure it meets its life expectancy. Moreton Bay City Council will be funding the balance.	\$550,000	\$554,000	Mar-25	Jun-25
130363-24QLD-RTR	QLD	Moreton Bay Regional Council	Maine Road, Clontarf	The existing pavement is currently showing signs of moderate pavement fails. The objective of the project is to renew the road pavement surface to a serviceable condition free from failures and waterproof the pavement to ensure it meets its life expectancy. Moreton Bay City Council will be funding the balance.	\$425,000	\$460,000	Feb-25	Jun-25
130364-24QLD-RTR	QLD	Moreton Bay Regional Council	Bellini Road, Burpengary	The existing pavement is currently showing signs of significant crocodile cracking, pavement fails and rutting. The objective of the project is to renew the road pavement surface to a serviceable condition free from failures and waterproof the pavement to ensure it meets its life expectancy. Moreton Bay City Council will be funding the balance.	\$550,000	\$620,000	Feb-25	Jun-25
130365-24QLD-RTR	QLD	Moreton Bay Regional Council	Caboolture River Road, Rocksberg	The objective of the project is to improve flood immunity and associated trafficability of the causeway. Road subject to closure from flooding during rainfall event. The project scope includes the upgrade of the existing causeway involving raising of the road, concrete pavement scour protection, installation of additional pipes/culverts. Moreton Bay City Council will be funding the balance.	\$1,000,000	\$1,430,000	Jul-25	Apr-26

131115-24QLD-RTR	QLD	Moreton Bay Regional Council	Francis Road, Lawnton	The objective of the project is to improve capacity of this intersection and safety for all users. The project will ensure that the intersection of Francis Road, Sparkes Road and Ellis Street functions appropriately for expected future traffic volumes. To improve peak hour congestion and road safety (crash) history. The project scope includes the reconfiguration of the existing roundabout controlled intersection to traffic signals, including signalised pedestrian crossing facilities, pathway renewal and widening, on-road bicycle lanes and additional traffic (turn) lanes to all approaches. Moreton Bay City Council will be funding the balance.	\$4,933,893	\$19,291,473	Jul-25	Jun-26
134652-25QLD-RTR	QLD	Moreton Bay Regional Council	William Berry Drive, Morayfield	The audit indicated the road surface had extensive pavement failures & potholes, rutting and deformation and crocodile cracking. The objective of the project is to renew the road pavement surface to a serviceable condition free from failures to ensure it meets its life expectancy. Moreton Bay City Council will be funding the balance.	\$1,000,000	\$2,788,000	Jan-26	Sep-26
134984-25QLD-RTR	QLD	Moreton Bay Regional Council	R Williams Road, Wamuran	The existing pavement is showing significant signs of pavement failure, deformity and cracking. The objective of the project is to renew the road pavement to a serviceable condition free from failures and waterproof the pavement surface to ensure it meets its life expectancy. Project to be partially funded by Roads to Recovery with the remainder to be funded by Moreton Bay City Council.	\$800,000	\$920,000	Jan-26	Jun-26
130214-24QLD-RTR	QLD	Mornington Shire Council	Lardil Street, Gununa	Potholes require repair and footpaths require upgrade to ensure pedestrian safety. Repair established potholes along main street of Gununa (Lardil Street) and establish footpaths to improve access to community infrastructure buildings within the community.	\$366,806	\$366,806	May-25	Nov-25
129960-24QLD-RTR	QLD	Mount Isa City Council	West Street, Menzies	Deteriorated seal surface, major and frequent potholes, soft spots, cracks, large depressions, sunken crossings and pavement failures, poor line markings, causing hazardous uneven surface. Profile 50 mm existing surface, correct soft spots, moisture conditioning, recompact, emulsion seal spray CRS60 @ 1.0L/m2. Heavy duty dense graded asphalt in surfacing course, AC14 A15E @ 50 mm nominal depth to running lane and intersections and AC10 A15E @ 35 mm nominal depth to median strip. New line markings and services lid adjustments. Improve road safety, rideability and achieve drainage slope.	\$903,742	\$903,742	Jul-24	Jun-25

134613-25QLD-RTR	QLD	Mount Isa City Council	Soldiers Lane, Mount Isa	Soldiers Lane requires formation and seal. The lane services the back of five properties which do not have access off Urquhart Street. Although gazetted, the full width of the road reserve is required to be formalised to improve equity of access, drainage, safety and functionality for surrounding residents. The project aims to formalise this 120m long by 7m wide road which will improve access, use, safety and surveillance. Minor design of spoon drain will be required to control drain levels and discharge to Carbonate Street. Construct by tying existing material with new aggregate, trim and finish roll followed by primer seal using 10mm aggregate followed by 7mm spray seal. Central concrete swale will drain to a connecting pit and discharges to rectangular outlets with splayed concrete entranceway onto Carbonate Street. Bollard fenceline to be erected on western boundary of road reserve to control flow of non-residential through traffic. Installation new street name signs and no parking sign at the dead end. (MICC Work Order 930)	\$300,000	\$300,000	Nov-25	Jun-26
134615-25QLD-RTR	QLD	Mount Isa City Council	Lanskey Road, Mount Isa	The existing Lanskey Road has a flooded section which prevent safe access and functional use during wet season. Construction Q5 immunity culvert (same as that provide by the adjacent Ryan Road culvert) would require 3 to 5 of 1200x450 RCBC. The works will also improve flooding immunity to the adjoining residents and ensure garbage or other services trucks are not impeded during parts of the year as currently experienced. This work is the first enabling works prior to the next separate project, involving the reformation and seal of Lanskey Road. This work will involve design and construction of 3 to 5 of 1200x450 reinforced concrete box culvert. The culvert surface will have a slight dip to ensure water can cross the road and involves grading a flow path in the western private property to the river tributaries. (MICC Work Order)	\$280,000	\$280,000	Oct-25	Jun-26

134616-25QLD-RTR	QLD	Mount Isa City Council	Lanskey Road, Mount Isa	Lanskey Road is a low formation road in poor condition not suitable for urban standard. Some residents have illegally created through roads across the private parcel onto Ryan Road. Following complaint by the owner, Council has committed to reform and seal Lanskey Road within the road reserve to ensure residents can obtain a safe and functional road access to their residential allotment. The current condition is affected by flood and wet season unable to support services trucks. One of the residents has a haulage business which requires a 30m truck access from Ryan to their site. Design and construction of essentially a new road. The design will incorporate electrical and lighting services utility upgrades and allocation of space for future sewer main. Tyne and condition subgrade, add corrector course of type 2.1 road base and pulverise, moisture condition, compact and roll finish. Follow by primer seal using 14mm aggregate covered with a second coat of 10mm aggregate, guideposts and line marking. New street name signages. New concrete driveway extending from cul-de-sac to the northern most private property. (MICC Work Order 832)	\$800,000	\$800,000	Jul-26	Nov-26
127334-24QLD-RTR	QLD	Murweh Shire Council	Adavale Road (Rural Road)	Improve the condition of road particularly during wet weather events, where road is scoured, and access is not available to road users. Re-construction and sealing the road with 7 m formation width and 4 m seal width with 150 mm gravel (compacted). The additional funding is sources from TIDS.	\$1,132,258	\$2,202,321	Aug-24	Feb-25
129911-24QLD-RTR	QLD	Murweh Shire Council	King Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder	\$187,619	\$187,619	Jan-25	Feb-25
129912-24QLD-RTR	QLD	Murweh Shire Council	Parry Street, Charleville	Resealing existing sealed road according to Road Asset Management Plan. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$171,199	\$171,199	Jan-25	Mar-25
129913-24QLD-RTR	QLD	Murweh Shire Council	Waston Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$35,223	\$35,223	Jan-25	Feb-25
129914-24QLD-RTR	QLD	Murweh Shire Council	Ridge Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$8,131	\$8,131	Jan-25	Feb-25
129915-24QLD-RTR	QLD	Murweh Shire Council	Coronation Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$11,283	\$11,283	Jan-25	Feb-25

129916-24QLD-RTR	QLD	Murweh Shire Council	Carter Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$11,025	\$11,025	Jan-25	Feb-25
129917-24QLD-RTR	QLD	Murweh Shire Council	Francis Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$26,233	\$26,233	Jan-25	Feb-25
129993-24QLD-RTR	QLD	Murweh Shire Council	Warrego Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$19,216	\$19,216	Jan-25	Feb-25
129994-24QLD-RTR	QLD	Murweh Shire Council	Deverell Ln, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$3,605	\$3,605	Jan-25	Feb-25
129995-24QLD-RTR	QLD	Murweh Shire Council	Armstrong Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$15,099	\$15,099	Jan-25	Feb-25
129996-24QLD-RTR	QLD	Murweh Shire Council	Elizabeth Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$3,860	\$3,860	Jan-25	Feb-25
129997-24QLD-RTR	QLD	Murweh Shire Council	Galatea Street, Charleville	Resealing existing seal road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and C170 Binder.	\$41,164	\$41,164	Jan-25	Feb-25
131417-24QLD-RTR	QLD	Murweh Shire Council	Bentwell Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$9,854	\$9,854	Oct-25	Dec-25
131418-24QLD-RTR	QLD	Murweh Shire Council	Burke Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$62,942	\$62,942	Oct-25	Dec-25
131420-24QLD-RTR	QLD	Murweh Shire Council	Cobb Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$28,554	\$28,554	Oct-25	Dec-25
131422-24QLD-RTR	QLD	Murweh Shire Council	Deverell Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$16,685	\$16,685	Oct-25	Dec-25
131424-24QLD-RTR	QLD	Murweh Shire Council	East Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed work is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$11,758	\$11,758	Oct-25	Dec-25
131426-24QLD-RTR	QLD	Murweh Shire Council	Eyre Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R binder.	\$45,854	\$45,854	Oct-25	Dec-25

131442-24QLD-RTR	QLD	Murweh Shire Council	Galatea Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$115,359	\$115,359	Oct-25	Dec-25
131443-24QLD-RTR	QLD	Murweh Shire Council	Hilda Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$21,164	\$21,164	Oct-25	Dec-25
131444-24QLD-RTR	QLD	Murweh Shire Council	Hunter Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$16,796	\$16,796	Oct-25	Dec-25

131446-24QLD-RTR	QLD	Murweh Shire Council	Partridge Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$74,520	\$74,520	Oct-25	Dec-25
131447-24QLD-RTR	QLD	Murweh Shire Council	River Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$50,806	\$50,806	Oct-25	Dec-25
131448-24QLD-RTR	QLD	Murweh Shire Council	Riverview Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed work is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$8,734	\$8,734	Oct-25	Dec-25
131449-24QLD-RTR	QLD	Murweh Shire Council	Walter Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$67,550	\$67,550	Oct-25	Dec-25
131450-24QLD-RTR	QLD	Murweh Shire Council	Warrego Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$24,187	\$24,187	Oct-25	Dec-25
131451-24QLD-RTR	QLD	Murweh Shire Council	Watson Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$110,185	\$110,185	Oct-25	Dec-25
131452-24QLD-RTR	QLD	Murweh Shire Council	Well Street, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$81,855	\$81,855	Oct-25	Dec-25
131453-24QLD-RTR	QLD	Murweh Shire Council	Diversion Road, Charleville	Resealing existing sealed road network as per Asset Management Strategy. Proposed works is to provide a single coat reseal with 10 mm aggregate and S45R Binder.	\$18,476	\$18,476	Oct-25	Dec-25

129428-24QLD-RTR	QLD	Napranum Aboriginal Shire Council	Preng Im Street, Napranum	Existing bitumen seal is aged and badly cracked, allowing water into the pavement and causing pavement failures along with erosion of the edges. Minor patching of failed areas, shoulder grading to bring shoulder to the correct road level, improvement of drainage to prevent water entering the pavement, a geotextile double reseal, reinstatement of speed deterrent devices and line marking and improvement of signage.	\$299,401	\$299,401	Nov-24	Oct-25
130245-24QLD-RTR	QLD	Noosa Shire Council	Cootharaba Road (Rural Road)	Major failure within the road caused by higher traffic numbers. Heavy patching followed by 2 coat seal.	\$267,987	\$267,987	Oct-24	Nov-24
131523-24QLD-RTR	QLD	Noosa Shire Council	Wollomia Way, Sunrise Beach	Major failure within the road caused by higher traffic numbers. 440 m of asphalt resurfacing at 60 mm thick, 255 m of kerb and channel, 19 lintels and pits renewal.	\$472,346	\$472,346	Jan-25	Jan-25
131524-24QLD-RTR	QLD	Noosa Shire Council	James Street, Noosaville	Major failure within the road caused by higher traffic numbers. 400 m of kerb and channel, two lintel & pit renewal, 225 m of asphalt at 60 mm thick.	\$287,120	\$291,554	Apr-25	Apr-25
130497-24QLD-RTR	QLD	North Burnett Regional Council	Kerwee Road (Rural Road)	Seal has deteriorating due to increased use during the closure period of the Bon Accord Bridge works. Bitumen resealing.	\$55,000	\$55,000	Nov-25	Mar-26
130505-24QLD-RTR	QLD	North Burnett Regional Council	Old Rawbelle Road (Rural Road)	Seal is deteriorating. Bitumen resealing.	\$143,000	\$143,000	Nov-25	Mar-26
130506-24QLD-RTR	QLD	North Burnett Regional Council	Hollywell Road (Rural Road)	Running surface is deteriorating. Bitumen resealing.	\$168,000	\$168,000	Nov-25	Mar-26
130507-24QLD-RTR	QLD	North Burnett Regional Council	Elliotts Creek Road (Rural Road)	Surface is deteriorating. Bitumen resealing.	\$26,000	\$26,000	Nov-25	Mar-26
130508-24QLD-RTR	QLD	North Burnett Regional Council	Kalliwa Road (Rural Road)	Surface deteriorating. Bitumen resealing.	\$56,000	\$56,000	Nov-25	Mar-26
130509-24QLD-RTR	QLD	North Burnett Regional Council	Scrub Road (Rural Road)	Seal is deteriorating. Bitumen resealing.	\$51,000	\$51,000	Nov-25	Mar-26
130871-24QLD-RTR	QLD	North Burnett Regional Council	Brian Pastures Road (Rural Road)	Few boggy sections arising due to gravel pavement wearing, impacting heavy vehicle haulage in wet weather. Propose to undertake gravel re-sheeting works and table drain shape improvements.	\$283,000	\$283,000	Apr-25	Oct-25
130876-24QLD-RTR	QLD	North Burnett Regional Council	Deep Creek Road (Rral Rad)	Road safety risks of significant trees on the outer curve of corners. Gravel road wearing, table drain system not functioning correctly due to vegetation regrowth. Removal of some trees identified as a road safety risk. There are sections that require gravel re-sheeting to improve all weather accessibility. Removal of significant regrowth that is impacting the table drain functionality.	\$790,000	\$840,000	Apr-25	Nov-25
130877-24QLD-RTR	QLD	North Burnett Regional Council	Lords Road (Rural Road)	Gravel road wearing, vegetation management - regrowth in table drains and overhanging the road causing conflict with high vehicles. Gravel re-sheeting works on some sections of road. Vegetation clearing to reinstate table drain system. Tree lopping to remove overhead hazards.	\$368,000	\$368,000	Apr-25	Oct-25

130916-24QLD-RTR	QLD	North Burnett Regional Council	National Park Road (Rural Road)	Gravel surface wearing due to increase tourist traffic. Table drain system not functioning correctly. There are some safety concerns with large trees posing a risk on corners. Gravel re-sheeting on some sections of road, drainage reshaping and removal of vegetation regrowth. Vegetation removal of trees identified as a safety risk.	\$302,000	\$502,000	Apr-25	Oct-25
130918-24QLD-RTR	QLD	North Burnett Regional Council	Ban Ban Springs Road (Rural Road)	Gravel surface wearing, drainage system blocked and regrowth impacting road formation. Gravel re-sheeting on some sections of the road formation, drainage culverts to be cleaned out and associated flow paths, headwall maintenance. Removal of some overhanging vegetation to provide better high vehicle clearances.	\$192,000	\$242,000	Apr-25	Oct-25
130921-24QLD-RTR	QLD	North Burnett Regional Council	Cockings Road (Rural Road)	Drainage system not functioning properly, gravel surface wearing, vegetation regrowth being an obstruction. Remove regrowth from table drains, clear blockages in culvert and undertake headwall maintenance. Gravel re-sheeting where pavement is reduced. Tree removal where vegetation is deemed a safety risk.	\$106,000	\$106,000	Apr-25	Oct-25
131330-24QLD-RTR	QLD	North Burnett Regional Council	Selene Mine Road (Rural Road)	Existing drainage structures not functioning creating inundation issues during wet season. Reinstate all drainage structures and upgrade pipe sizes where required to cater for the volume of water during rain events	\$70,000	\$70,000	Apr-25	Oct-25
131333-24QLD-RTR	QLD	North Burnett Regional Council	Kapaldo Road (Rural Road)	Drainage structures not functioning and inundation occurs during wet season. Re-establish drainage channels, upgrade pipe sizes where required to cater for water volumes.	\$296,000	\$296,000	Apr-25	Oct-25
132345-25QLD-RTR	QLD	North Burnett Regional Council	Brian Pastures Road (rural road)	Slippery road surface as some sections have no gravel. 100mm gravel sheeting on sections that have been identified as having no gravel.	\$225,000	\$225,000	Sep-25	Dec-25
133097-25QLD-RTR	QLD	North Burnett Regional Council	Redbank Road (Rural Road)	increased erosion in the road reserve from unprotected table drains. Reshape table drain system and implement rock check dams and rock mattress at ingress to water course.	\$62,520	\$62,520	Nov-25	Feb-26
133112-25QLD-RTR	QLD	North Burnett Regional Council	Shallcross Road (Rural Road)	Gravel road becomes slippery in wet weather. 100mm gravel sheeting.	\$225,000	\$225,000	Nov-25	Feb-26
133116-25QLD-RTR	QLD	North Burnett Regional Council	Bald Hills Norris Corner Road (Rural Road)	Get slippery and boggy when wet. 100mm gravel sheeting over multiple sections, equating to approximately 4.66km of the 8km length of the road.	\$350,000	\$350,000	Nov-25	Feb-26
134450-25QLD-RTR	QLD	North Burnett Regional Council	Barlyne Road (Rural Road)	Road surface becomes slippery during wet weather. 100mm gravel over the section that becomes slippery and dangerous in wet weather. NBRC will fund the additional amount out of the maintenance budget.	\$60,000	\$80,000	Oct-25	Mar-26

135025-25QLD-RTR	QLD	North Burnett Regional Council	Bukali Scrub Road (Rural Road)	steep grades and tight curves on this section of road, which require guardrail to reduce risk to general traffic. Existing guardrail no longer structurally sound. Upgrade and replacement of the vehicle guardrail.	\$110,000	\$110,000	Dec-25	May-26
129830-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Tumema Street, Seisa	Upgrade the Stormwater drainage to remove unwanted ponding of water on the side of the road and footpath. Safety issue to road users and pedestrians. Install storm water pits, pipes and outlets at southern portion of Tumema Street.	\$261,000	\$261,000	Jul-25	Dec-25
129831-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Adidi Street, Bamaga	To increase road safety for drivers and pedestrians, traffic calming devices will be installed in response to community concerns at this location. This central business district, especially busy during peak tourist season, requires measures to reduce vehicle speeds and improve driver awareness. These devices aim to enhance safety in areas with high pedestrian activity or where accidents are more likely to occur. By slowing down traffic and encouraging safer driving behaviours, traffic calming measures help create a safer environment for all road users, including pedestrians, cyclists, and motorists. To install traffic calming device, raised pedestrians crossing with associated signage, at Adidi Street, Bamaga. The crossing would cross the road between Post Office and Ibis Store (Supermarket) on Adidi St.	\$30,000	\$30,000	Apr-25	Dec-25
130358-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Anu Street, Bamaga	To increase road safety for drivers and pedestrians (predominately students and their families), traffic calming devices will be installed in response to community concerns at this location. This busy location in the community, especially before and after school, requires measures to reduce vehicle speeds and improve driver awareness. These devices aim to enhance safety in areas with high pedestrian activity or where accidents are more likely to occur. By slowing down traffic and encouraging safer driving behaviours, traffic calming measures help create a safer environment for all road users, including pedestrians, cyclists, and motorists. To install traffic calming device, raised pedestrians crossing with associated signage, over the top of existed painted zebra crossing located at entrance to State School.	\$20,000	\$20,000	Apr-25	Dec-25

130359-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Sagaukaz Street, Bamaga	To increase road safety for drivers and pedestrians, traffic calming devices will be installed in response to community concerns at this location. This busy location in the community, especially busy during peak tourist season and at school pickup/drop off hours, requires measures to reduce vehicle speeds and improve driver awareness. These devices aim to enhance safety in areas with high pedestrian activity or where accidents are more likely to occur. This crossing supports hospital workers and residents accessing healthcare as well as students accessing State School (Senior Campus). By slowing down traffic and encouraging safer driving behaviours, traffic calming measures help create a safer environment for all road users, including pedestrians, cyclists, and motorists. Install traffic calming device, including a raised pedestrians crossing with associated signage, on Sagaukaz Street, Bamaga over the top of existed painted zebra crossing that connects the Bamaga hospital and State School.	\$20,000	\$20,000	Apr-25	Dec-25
130360-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Bowie St, Injinoo	To increase road safety for drivers and pedestrians, traffic calming devices will be installed in response to community concerns at this location. This busy location in the community, requires measures to reduce vehicle speeds and improve driver awareness. These devices aim to enhance safety in areas with high pedestrian activity or where accidents are more likely to occur. This location will support students and their families accessing the NPA State School (Junior Campus). By slowing down traffic and encouraging safer driving behaviours, traffic calming measures help create a safer environment for all road users, including pedestrians, cyclists, and motorists. Install traffic calming device, including raised pedestrians crossing with associated signage, at Bowie Street.	\$20,000	\$20,000	Apr-25	Dec-25

131273-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Injinoo Community Roads, Injinoo	Deteriorating road surfaces and excessive dust on sealed roads and unsealed roads in the Injinoo community. These conditions pose safety risks and reduce driving comfort for motorists. The project aims to extend the lifespan of the existing road services, improve driving conditions, and enhance overall road safety by applying new layers of bitumen and using dust seals to minimise dust generation. The proposed work involves resealing and dust sealing the identified roads in Injinoo community. This project aims to extend the lifespan of the existing surfaces, reduce dust on unsealed roads, and enhance overall road safety and driving for motorists. Scopes includes: Single coat Reseal - 10mm (m2) Primer Seal (two coat 16/10) on Gravel (m2)	\$73,000	\$73,000	Apr-25	Dec-25
131303-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Umagico Community, Umagico	Deteriorating road surfaces and excessive dust on sealed roads and unsealed roads in the Umagico community. These conditions pose safety risks and reduce driving comfort for motorists. The project aims to extend the lifespan of the existing road services, improve driving conditions, and enhance overall road safety by applying new layers of bitumen and using dust seals to minimise dust generation. The proposed work involves resealing and dust sealing the identified roads in Umagico community. This project aims to extend the lifespan of the existing surfaces, reduce dust on unsealed roads, and enhance overall rod safety and driving for motorists. Scopes includes: Single coat Reseal - 10mm (m2) Primer Seal (two coat 16/10) on Gravel (m2)	\$85,000	\$85,000	Apr-25	Dec-25
131304-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Bamaga (South) Community	Deteriorating road surfaces and excessive dust on sealed roads and unsealed roads in the Bamaga (South) community. These conditions pose safety risks and reduce driving comfort for motorists. The project aims to extend the lifespan of the existing road services, improve driving conditions, and enhance overall road safety by applying new layers of bitumen and using dust seals to minimise dust generation. The proposed work involves resealing and dust sealing the identified roads in Bamaga (South) community. This project aims to extend the lifespan of the existing surfaces, reduce dust on unsealed roads, and enhance overall rod safety and driving for motorists. Scopes includes: Single coat Reseal - 10mm (m2) Primer Seal (two coat 16/10) on Gravel (m2)	\$146,000	\$146,000	Apr-25	Dec-25

131305-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Bamaga Community Roads	Deteriorating road surfaces and excessive dust on unsealed roads in the Bamaga (North) community. These conditions pose safety risks and reduce driving comfort for motorists. The project aims to extend the lifespan of the existing road services, improve driving conditions, and enhance overall road safety by applying new layers of bitumen and using dust seals to minimise dust generation. The proposed work involves resealing and dust sealing the identified roads in Bamaga (North) community. This project aims to extend the lifespan of the existing surfaces, reduce dust on unsealed roads, and enhance overall rod safety and driving for motorists. Scopes includes: Primer Seal (two coat 16/10) on Gravel (m2).	\$82,000	\$82,000	Apr-25	Dec-25
131306-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Brown Street, New Mapoon	Deteriorating road surfaces and excessive dust on unsealed portion of Brown Street in the New Mapoon community. These conditions pose safety risks and reduce driving comfort for motorists. The project aims to extend the lifespan of the existing road services, improve driving conditions, and enhance overall road safety by applying new layers of bitumen and using dust seals to minimise dust generation. The proposed work involves resealing and dust sealing the identified roads in New Mapoon community. This project aims to extend the lifespan of the existing surfaces, reduce dust on unsealed roads, and enhance overall road safety and driving for motorists. Scopes includes: Primer Seal (two coat 16/10) on Gravel (m2).	\$20,000	\$20,000	Apr-25	Dec-25
131307-24QLD-RTR	QLD	Northern Peninsula Area Regional Council	Jackey Jackey Access Road (Rural Road)	Deteriorating road surfaces and excessive dust on unsealed Jackey Jackey Access Road. These conditions pose safety risks and reduce driving comfort for motorists. The project aims to extend the lifespan of the existing road services, improve driving conditions, and enhance overall road safety by applying new layers of bitumen and using dust seals to minimise dust generation. The proposed work involves resealing and dust sealing the identified Jackey Jackey Access Road. This project aims to extend the lifespan of the existing surfaces, reduce dust on unsealed roads, and enhance overall rod safety and driving for motorists. Scopes includes: Primer Seal (two coat 16/10) on Gravel (m2).	\$56,000	\$56,000	Apr-25	Dec-25

131652-24QLD-RTR	QLD	Paroo Shire Council	Eulo-Toompine Road, (Rural Road)	Single lane bitumen road is dangerous on tight curves and over hills. Tourists use road often and many near misses. Remove existing shoulder material, cart in suitable gravel to widen pavement, seal to a two lane 7 m seal around curves and over crests.	\$250,000	\$250,000	May-25	Jun-25
131653-24QLD-RTR	QLD	Paroo Shire Council	Eulo-Toompine Road, (Rural Road)	Narrow road culverts need to be extended so road can be made into a two lane sealed road. Existing culverts are old and need replacement. Build side track around existing sites so replacement culverts can be installed to 9.6 m width.	\$250,000	\$250,000	May-25	Jun-25
131654-24QLD-RTR	QLD	Paroo Shire Council	Eulo-Toompine Road, (Rural Road)	Existing seal losing stone cover and texture. Reseal existing sealed area with a 10 mm stone.	\$830,000	\$830,000	Jun-25	Jun-25
131106-24QLD-RTR	QLD	Pormpuraaw Aboriginal Shire Council	Unnamed Road, Pormpuraaw	All weather community access to local residences and sealing of dirt roads to reduce dust pollutants in adjoining residential properties. The works proposed are to prepare subgrade and lay a paved road with 400 mm concrete edge restraint to match the existing township roads. Approx 1150 m2 in total area including concrete edge restraint as follows: Pupwarrangan St (Chainage 0) to Ngurrin St (Chainage 138) (Longitude 141.6209E & Latitude 14.9029S) Southern Section - Seal width of approx. 4500 mm wide x 138000 mm in length and Ngurrin St (Chainage 143.5) to Wang Winh Kartchar St (Chainage 275.5) (Longitude 141.6198E & Latitude 14.9006S) Northern Section - Seal width of approx. 4000 mm wide x 132000 mm in length.	\$321,920	\$321,920	May-25	Jun-25
127230-24QLD-RTR	QLD	Quilpie Shire Council	Kiandra Road, Toompine	Aged floodway requires reconstruction. Construct new floodway.	\$89,881	\$89,881	Feb-25	Jun-25
127231-24QLD-RTR	QLD	Quilpie Shire Council	Tobermorey Road, Quilpie	Floodways need to be improved to minimise future vulnerability to damage. Construct concrete floodways.	\$182,345	\$182,345	Feb-25	Jun-25
127420-24QLD-RTR	QLD	Quilpie Shire Council	Adavale Airport Road (Rural Road)	An existing floodway requires reconstruction as it is failing. Stabilise the existing floodway and seal.	\$44,018	\$44,018	Apr-25	Jun-25
127432-24QLD-RTR	QLD	Quilpie Shire Council	Ray Road, Eromanga	Existing gravel floodways are easily damaged during flood events. Two concrete floodways are to be constructed.	\$288,891	\$288,891	Apr-25	Jun-25
127438-24QLD-RTR	QLD	Quilpie Shire Council	Tobermorey Road, Quilpie	Existing floodways are needing to be reconstructed. Construction of concrete floodways.	\$268,400	\$268,400	Mar-25	Jun-25
127454-24QLD-RTR	QLD	Quilpie Shire Council	Adavale Black Road, Quilpie	Existing floodway is deteriorated and needs to be replaced. Construction of a new floodway.	\$70,218	\$70,218	Sep-24	Jun-25
127455-24QLD-RTR	QLD	Quilpie Shire Council	Beltram Park Road, Quilpie	An existing gravel floodway washes away and requires improvement. Construct a concrete floodway.	\$96,538	\$96,538	Apr-25	Jun-25
131500-24QLD-RTR	QLD	Quilpie Shire Council	Tobermorey Road, Quilpie	Extend existing floodway. Construction of concrete floodway. Balance of project being funded by council.	\$42,839	\$42,839	Apr-25	Jun-25

134188-25QLD-RTR	QLD	Quilpie Shire Council	Adavale Black Road, Quilpie	Aged concrete flood ways are failing and require reconstruction. Construction of 3 new concrete flood ways.	\$240,000	\$240,000	Jul-25	Dec-25
127540-24QLD-RTR	QLD	Redland City Council	Redland Bay Road, Capalaba	Condition of the road requires resurfacing/deep lift asphalt treatment. Deep lift asphalt pavement treatment. Process includes first to remove the existing pavement material to a depth of about 200 mm followed by laying 200 mm thick asphalt in 2 layers.	\$2,072,930	\$2,073,187	May-25	Jun-25
131632-24QLD-RTR	QLD	Redland City Council	Redland Bay Road, Capalaba	Condition of the road requires resurfacing/deep lift asphalt treatment. Deep lift asphalt pavement treatment. Process includes first to remove the existing pavement material to a depth of about 200 mm followed by laying 200 mm thick asphalt in 2 layers.	\$126,833	\$2,017,381	Jun-25	Jun-25
132586-25QLD-RTR	QLD	Redland City Council	Randall Road, Birkdale	Condition of the road requires resurfacing/deep lift asphalt treatment. The road rehabilitation project includes upgrades to the through lanes, roundabout, and parking lanes. Works will involve resurfacing with new asphalt and strengthening the underlying pavement to improve durability and ride quality. Damaged sections of the parking lanes will be rebuilt with a deeper asphalt treatment, and all areas will be sealed to protect the surface and extend the road's lifespan. The balance of the project cost will be paid by Redland City Council.	\$337,401	\$385,000	Jan-26	May-26
132587-25QLD-RTR	QLD	Redland City Council	Masthead Drive, Cleveland	Condition of the road requires resurfacing/deep lift asphalt treatment. The road rehabilitation project on Masthead Drive includes resurfacing the main lanes and roundabouts with 50mm of asphalt and strengthening the underlying pavement with a 220mm stabilised base in key areas. Parking lanes will also be resurfaced, with pavement failures repaired using 80mm of heavy-duty asphalt. The works will also involve replacing 29 stormwater kerb inlets with new bike-safe grates to improve drainage and safety for all road users.	\$2,370,000	\$2,370,000	Jan-26	May-26
134684-25QLD-RTR	QLD	Redland City Council	Old Cleveland Road East, Capalaba	New four (4) way intersection creation to support long term access to the Birkdale Community Precinct as well as the Whitewater Rafting Venue for the 2032 Brisbane Olympics. The project involves constructing a new signalised intersection at Buckingham Street, along with upgrades to traffic flow and safety through new median arrangements and removal of existing right-turn lanes. It includes realignment of stormwater drainage.	\$6,820,000	\$6,820,000	Aug-26	Oct-27

129303-24QLD-RTR	QLD	Richmond Shire Council	Maxwelton Frontage Road, Maxwelton	Continuation of seal heading north of Maxwelton to provide better all weather access for the cattle industry and as an alternative access road to the Croydon Road during the wet season. Continuation of seal on the Maxwelton Frontage Road. Total coverage is 5.351 km of new seal. Council to fund the other half of the project.	\$400,000	\$800,000	Nov-24	Jun-25
129304-24QLD-RTR	QLD	Richmond Shire Council	Coalbrook Road, Richmond	This road services both numerous cattle properties and is a top tier road for Council due to the high vehicle volume. To upgrade the gravel road to a sealed surface. Total coverage is 5.06 km. Council to fund the other half of the project.	\$250,000	\$500,000	Mar-25	Jun-25
129305-24QLD-RTR	QLD	Richmond Shire Council	Villadale Road, Richmond	Villadale services numerous cattle properties and a local quarry. By starting to seal this road Council will have access to this quarry during the wet season. Continuation of sealing works on the Villadale Road to provide all weather access. Council to fund the other half of the project.	\$74,373	\$200,000	Nov-24	Jun-25
134821-25QLD-RTR	QLD	Richmond Shire Council	Maxwelton Frontage Road, Maxwelton	Continuation of the seal heading north of Maxwelton to provide better all weather access for the cattle industry and residents and as an alternative access road to the Croydon Road during the wet season. Continuation of the seal on the Maxwelton Frontage Road. Council to fund the other 50% contribution.	\$591,536	\$991,536	Nov-25	Jun-26
134823-25QLD-RTR	QLD	Richmond Shire Council	Coalbrook Road, Richmond	Continuation of sealing works to provide better all weather access to the cattle industry and residents. Continuation of seal on the Coalbrook Road. Total coverage is 5.37 km.	\$300,000	\$600,000	Nov-25	Jun-26
128157-24QLD-RTR	QLD	Rockhampton Regional Council	Denham Street, The Range	Existing asphalt seal has reached its asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to waterproof the surface. A final asphalt seal to be laid with line marking to follow. Jointly funded with Council.	\$290,000	\$295,000	Sep-24	Dec-24
128160-24QLD-RTR	QLD	Rockhampton Regional Council	East Street, Rockhampton City	Existing asphalt seal has reached its asset life and requires rehabilitation. Asphalt seal with line marking to follow. Jointly funded with Council.	\$180,000	\$188,000	Nov-24	Dec-24
128161-24QLD-RTR	QLD	Rockhampton Regional Council	Bolsover Street, Rockhampton City	Existing asphalt seal has reached its asset life and requires rehabilitation. Asphalt seal with line marking to follow. Jointly funded with RRC.	\$57,000	\$65,000	May-25	May-25
128248-24QLD-RTR	QLD	Rockhampton Regional Council	Ranger Street, Gracemere	Existing asphalt seal has reached its asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to waterproof the surface. A final asphalt seal to be laid with line marking to follow. Jointly funded with Transport Infrastructure Development Scheme.	\$150,000	\$489,927	Feb-25	Sep-25

128249-24QLD-RTR	QLD	Rockhampton Regional Council	Farm Street, Kawana	Existing asphalt seal has reached its asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to waterproof the surface. A final asphalt seal to be laid with line marking to follow. Jointly funded with TIDS.	\$150,000	\$367,600	Sep-24	Feb-25
128250-24QLD-RTR	QLD	Rockhampton Regional Council	Richardson Road, Kawana	Existing asphalt seal has reached its asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to waterproof the surface. A final asphalt seal to be laid with line marking to follow. Jointly funded with Transport Infrastructure Development Scheme.	\$456,000	\$550,000	Mar-25	Apr-25
128251-24QLD-RTR	QLD	Rockhampton Regional Council	Hollingsworth Street, Kawana	Existing asphalt seal has reached its asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to waterproof the surface. A final asphalt seal to be laid with line marking to follow. Jointly funded with Transport Infrastructure Development Scheme.	\$100,000	\$254,000	Dec-24	Jan-25
129712-24QLD-RTR	QLD	Rockhampton Regional Council	Somerset Road, Gracemere	Existing pavement and road width not suitable for heavy vehicle movements. Reconstruct pavement to 600 mm depth and increase road width to 10 m. Surface to be sprayed sealed and asphalt overlaid, with line marking to follow. Jointly funded with QLD Transport Infrastructure Development Scheme.	\$432,498	\$1,200,000	Jul-24	Jan-25
130327-24QLD-RTR	QLD	Rockhampton Regional Council	Farm Street, Rockhampton	Existing asphalt seal has reached its asset life and required rehabilitation. Undertake pavement repairs as required, followed by a spray seal to waterproof the surface. A final asphalt seal to be laid with line marking to follow. Jointly funded with Council.	\$50,000	\$150,000	Apr-25	Apr-25
133784-25QLD-RTR	QLD	Rockhampton Regional Council	Richardson Road, Kawana	Existing asphalt seal has reached its asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to water proof the surface. A final asphalt seal to laid with line marking to follow. Jointly funded with council.	\$408,000	\$470,000	Nov-25	Dec-25
133786-25QLD-RTR	QLD	Rockhampton Regional Council	Hollingsworth Street, Kawana	Existing asphalt seal has reached its asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to water proof the surface. A final asphalt seal to laid with line marking to follow. Jointly funded with RRC.	\$260,000	\$305,000	Nov-25	Dec-25
133787-25QLD-RTR	QLD	Rockhampton Regional Council	Norman Road, Norman Gardens	Existing asphalt seal has reached its asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to water proof the surface. A final asphalt seal to laid with line marking to follow. Jointly funded with RRC.	\$543,536	\$630,000	Sep-25	Nov-25

133788-25QLD-RTR	QLD	Rockhampton Regional Council	Port Curtis Road, Port Curtis	Existing asphalt seal has reached it asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to water proof the surface. A final asphalt seal to laid with line marking to follow. Jointly funded with council.	\$115,000	\$135,000	Sep-25	Nov-25
133790-25QLD-RTR	QLD	Rockhampton Regional Council	Stanley Street, Rockhampton	Existing asphalt seal has reached it asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to water proof the surface. A final asphalt seal to laid with line marking to follow. Jointly funded by council.	\$175,000	\$205,000	Jan-26	Feb-26
133791-25QLD-RTR	QLD	Rockhampton Regional Council	Canning Street, Allenstown	Existing asphalt seal has reached it asset life and requires rehabilitation. Undertake pavement repairs as required, followed by a spray seal to water proof the surface. A final asphalt seal to laid with line marking to follow. Jointly funded with council.	\$265,000	\$305,000	Nov-25	Dec-25
133792-25QLD-RTR	QLD	Rockhampton Regional Council	Main Street, Park Avenue	Existing asphalt seal has reached it asset life and requires rehabilitation. Replace concrete kerb and channel, undertake pavement repairs as required, followed by a spray seal to water proof the surface. A final asphalt seal to laid with line marking to follow. Jointly funded by RRC.	\$437,000	\$1,200,000	Sep-25	Mar-26
131655-24QLD-RTR	QLD	Scenic Rim Regional Council	George Lane Oaky Creek	Existing seal has reached end of design life. Reseal works and minor pavement rehabilitation.	\$115,602	\$115,602	Mar-25	Jun-25
131656-24QLD-RTR	QLD	Scenic Rim Regional Council	Back Creek Road, Palen Creek	Existing seal has reached end of design life. Reseal works and minor pavement rehabilitation.	\$92,789	\$92,789	Mar-25	Jun-25
131657-24QLD-RTR	QLD	Scenic Rim Regional Council	Kargorum Road, Beaudesert	Existing seal has reached end of design life. Reseal works and minor pavement rehabilitation.	\$55,151	\$55,151	Mar-25	Jun-25
131658-24QLD-RTR	QLD	Scenic Rim Regional Council	Allan Creek Road, Gleneagle	Existing seal has reached end of design life. Reseal works and minor pavement rehabilitation.	\$56,235	\$56,235	Mar-25	Jun-25
131659-24QLD-RTR	QLD	Scenic Rim Regional Council	Boomerang Road, Tamborine	Existing seal has reached end of design life. Reseal works and minor pavement rehabilitation.	\$68,743	\$68,743	Mar-25	Jun-25
131662-24QLD-RTR	QLD	Scenic Rim Regional Council	Sandy Creek Road, Bromelton	Existing seal has reached end of design life. Reseal works and minor pavement rehabilitation.	\$155,670	\$155,670	Mar-25	Jun-25
131663-24QLD-RTR	QLD	Scenic Rim Regional Council	Munbilla Road, Kalbar	Existing seal has reached end of design life. Reseal works and minor pavement rehabilitation.	\$166,854	\$166,854	Mar-25	Jun-25

134029-25QLD-RTR	QLD	Scenic Rim Regional Council	Undullah Road, Kagaru	This section of Undullah Road is a narrow section of road comprising a sealed width varying between four and five metres and is located on a curve. Traffic volume growth including an increase in heavy vehicles is predicted to be significant on this connecting road with major developments to the north and south. Subsequently, this section of road experiences gravel shoulder wear from traffic and the road pavement is in poor condition. Realignment, widening, drainage works, full pavement reconstruction and sealing to current design standards. This is a jointly funded project, with the balance of project cost to be funded by Council.	\$800,000	\$1,100,000	Oct-25	Feb-26
129346-24QLD-RTR	QLD	Somerset Regional Council	Mount Kilcoy Rd, Mount Kilcoy	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent deterioration of pavement beneath. 2 coat crumbed, rubber bitumen seal.	\$761,711	\$761,711	Oct-24	Jun-25
129347-24QLD-RTR	QLD	Somerset Regional Council	McCauleys Lane, Mount Kilcoy	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent deterioration of pavement beneath. 2 coat crumbed, rubber bitumen seal.	\$85,399	\$85,399	Oct-24	Jun-25
129348-24QLD-RTR	QLD	Somerset Regional Council	Traves Road, Sandy Creek	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent deterioration of pavement beneath. 2 coat crumbed, rubber bitumen seal.	\$10,961	\$10,961	Oct-24	Apr-25
129350-24QLD-RTR	QLD	Somerset Regional Council	Arnolds Road North, Sandy Creek	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent deterioration of pavement beneath. 2 coat crumbed, rubber bitumen seal.	\$25,565	\$25,565	Nov-24	Jun-25
129351-24QLD-RTR	QLD	Somerset Regional Council	Beaconsfield Rd, Sandy Creek	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent deterioration of pavement beneath. 2 coat crumbed, rubber bitumen seal.	\$26,068	\$26,068	Nov-24	Jun-25
129352-24QLD-RTR	QLD	Somerset Regional Council	Serafini Drive, Sandy Creek	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent deterioration of pavement beneath. 2 coat crumbed, rubber bitumen seal.	\$17,148	\$17,148	Nov-24	Apr-25
129407-24QLD-RTR	QLD	Somerset Regional Council	Katherine Drive, Sandy Creek	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent deterioration of pavement beneath. 2 coat crumbed rubber bitumen seal.	\$22,173	\$22,173	Nov-24	Apr-25
129408-24QLD-RTR	QLD	Somerset Regional Council	Sinclair Road, Sandy Creek	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent deterioration of pavement beneath. 2 coat crumbed rubber bitumen seal. Council will use their own funds for the difference between the cost to RTR and the Total Project Cost.	\$1,109	\$1,109	Nov-24	Jul-25
134228-25QLD-RTR	QLD	Somerset Regional Council	Esk Crows Nest Road, Somerset	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent further deterioration of pavement beneath. 2 coat crumbed rubber seal.	\$305,000	\$305,000	Oct-25	Dec-25

134392-25QLD-RTR	QLD	Somerset Regional Council	Owen Rd, Esk	Existing bitumen surface has deteriorated and requires resealing to improve safety and prevent deterioration of the pavement below. 2 coat crumbed rubber seal.	\$33,000	\$33,000	Oct-25	Dec-25
135231-25QLD-RTR	QLD	Somerset Regional Council	Kilcoy Cemetery Access Road, Kilcoy	2 coat crumbed rubber seal, to maintain surface quality and prevent deterioration to the sub pavement	\$14,700	\$14,700	Jan-26	Feb-26
128825-24QLD-RTR	QLD	South Burnett Regional Council	Tingoora Chelmsford Road, Tingoora	The current road pavement has multiple defects (stripping, flushing, cracking, rutting, potholes) due to inadequate under-road stormwater drainage, poor table drainage, and low strength sub-grade and pavement materials. The existing road pavement to be widened to achieve a minimum pavement and seal width of 8.0 m on an 8.0 m wide formation. The new pavement cross-section to consist of 2 x 3.5 m wide traffic lanes and 2 x 0.5 m wide sealed shoulders. The appropriate treatment is to rehabilitate the pavement via an in situ stabilisation process of the existing pavement, including top-up where required. Council has allocated in the 2024/25 financial year's approved capital budget the required additional funding of \$790,427 as South Burnett Regional Council's contribution for the project.	\$2,137,812	\$2,928,239	Nov-24	Nov-25
135059-25QLD-RTR	QLD	South Burnett Regional Council	Blackbutt Crows Nest Road, Blackbutt	Rehabilitation and reseal of Blackbutt Crows Nest Road, between chainage 2650 to 3180. Addressing the risk of potholing and increased fatigued of the road surface, which could lead to further damage and safety concerns. Undertaking pavement repair works and bitumen resurfacing, and renewing line marking where applicable.	\$38,160	\$38,160	Oct-25	Dec-25
135102-25QLD-RTR	QLD	South Burnett Regional Council	Blackbutt Crows Nest Road, Blackbutt	Rehabilitation and reseal of 480m of Blackbutt Crows Nest Road. The current surface condition of this section of road is very poor and poses a safety risk to road users. The proposed works include dig out, patching, hot seal, and line marking.	\$36,000	\$36,000	Oct-25	Dec-25
135105-25QLD-RTR	QLD	South Burnett Regional Council	Bond Street, Moffatdale	Reseal of Bond Street, Moffatdale. The current road surface is fatigued and at risk of further damage. To preserve the asset, patching and hot sealing will be required.	\$15,840	\$15,840	Oct-25	Dec-25
135106-25QLD-RTR	QLD	South Burnett Regional Council	Cameron Road, Taromeo	Rehabilitation and reseal of 830m of Cameron Road. The road is a safety issue because of potholing and uneven surfaces, so requires repair so it doesn't become worse. Works to be undertaken will include dig out, emulsion sealing, patching, hot sealing, and line marking where required.	\$64,740	\$64,740	Oct-25	Dec-25

135117-25QLD-RTR	QLD	South Burnett Regional Council	Clark & Swendson Road, Kingaroy	Rehabilitation and reseal of Clark & Swendson Road in Kingaroy, between Haly Street and Harris Street (1765m). The road is aging and fatigued, and experiencing potholing and irregular surfacing. The proposed works include dig out, emulsion sealing, patching, hot sealing, and renewing the line markings.	\$159,600	\$159,600	Oct-25	Dec-25
135118-25QLD-RTR	QLD	South Burnett Regional Council	Freeman Court, Kingaroy	Reseal of Freeman Court, Kingaroy. The road is at risk of potholing because of age and requires work to prevent further damage occurring. The project will undertake patching and hot sealing to increase the life of the road. Line marking will be done as necessary.	\$34,560	\$34,560	Oct-25	Dec-25
135119-25QLD-RTR	QLD	South Burnett Regional Council	Goodger Gully Road, Goodger	Reseal of 1.18km of Goodger Gully Road. The road has some unevenness and the seal is worn away, creating risk of more serious damage. The road will be patched and sealed, and line markings redone.	\$68,400	\$68,400	Oct-25	Dec-25
135120-25QLD-RTR	QLD	South Burnett Regional Council	Haly Creek Road, Haly Creek	Reseal of Haly Creek Road. The road is at an age where it is showing signs of fatigue and needs preventative work to maintain it. The proposed work will include patching, hot sealing, and line marking.	\$7,416	\$7,416	Oct-25	Dec-25
135121-25QLD-RTR	QLD	South Burnett Regional Council	Hardiker Street, Moffatdale	Reseal of entire length of Hardiker Street in Moffatdale. Road is showing signs of wear and tear and requires patching, resealing, and refreshed line marking to ensure continuation of safety and usability of road.	\$15,840	\$15,840	Oct-25	Dec-25
135122-25QLD-RTR	QLD	South Burnett Regional Council	John Street, Blackbutt	Rehabilitation and reseal of John Street, Blackbutt. The current road needs repairs because of potholing and other damage, creating an unsafe surface for road users. The works will involve dig out, emulsion seal, patching, hot seal and line marking where needed.	\$33,600	\$33,600	Oct-25	Dec-25
135124-25QLD-RTR	QLD	South Burnett Regional Council	Kent Street, Kingaroy	Reseal of Kent Street, Kingaroy. Repair of the ageing road seal to improve the lifetime and safety of road. Proposed works are dig out, patching, hot seal, and line marking.	\$51,840	\$51,840	Oct-25	Dec-25
135125-25QLD-RTR	QLD	South Burnett Regional Council	Kumbia Road, Kumbia	Reseal of Kumbia Road. This section of road is worn and fatigued, showing signs of wear and at risk of more serious damage. The works will include patching, hot seal, shoulder top up, and refreshing the line marking for just over 4km of road.	\$312,780	\$312,780	Oct-25	Dec-25
135126-25QLD-RTR	QLD	South Burnett Regional Council	Minert Street, Tingoorra	Reseal of Minert Street in Tingoorra. Refresh of road along Minert Street, which is showing signs of wear and tear and at risk of potholing. Works will include patching, hot seal, and line marking.	\$11,040	\$11,040	Oct-25	Dec-25

135127-25QLD-RTR	QLD	South Burnett Regional Council	Mt McEuen Road, Mt McEuen	Rehabilitation and reseal of 2.5km of Mt McEuen Road in Mt McEuen. Road is showing damage and will further deteriorate without intervention. The proposed works include dig out, emulsion seal, patching, hot seal, shoulder grading, and line marking.	\$108,648	\$108,648	Oct-25	Dec-25
135128-25QLD-RTR	QLD	South Burnett Regional Council	Pioneer Avenue, Taabinga	Reseal of Pioneer Avenue. Preventative work needed to ensure that the ageing road surface doesn't deteriorate further and cause potholing and uneven surfacing. Work will include patching, hot seal, and line marking.	\$37,728	\$37,728	Oct-25	Dec-25
135129-25QLD-RTR	QLD	South Burnett Regional Council	Ridley Street, Nanango	Reseal of Ridley Street, Nanango. Roads is wearing and at risk of further, more serious damage. Proposed work includes shoulder grade, patching, hot seal, and line marking.	\$18,000	\$18,000	Oct-25	Dec-25
135130-25QLD-RTR	QLD	South Burnett Regional Council	Sutherland Drive, Taromeo	Reseal of 600m of Sutherland Drive in Taromeo. The road is fatigued and starting to show damage and an uneven surface. This project will undertake patching, hot seal, and refreshed line marking.	\$36,000	\$36,000	Oct-25	Dec-25
135131-25QLD-RTR	QLD	South Burnett Regional Council	Youngman Street, Kingaroy	Reseal of Youngman Street parking, Kingaroy. Street parking near hospital showing degradation and uneven surfacing, reducing usability and potentially leading to more serious damage. Works will include patching, hot seal, and refreshed line marking to refresh the surface and extend the life of the asset.	\$18,720	\$18,720	Oct-25	Dec-25
135163-25QLD-RTR	QLD	South Burnett Regional Council	Kearneys Road, Haly Creek and Kumbia	Resealing of Kearneys Road, Kumbia. Kearneys Road is ageing and showing signs of damage, with risk of further and more serious damage. The proposed work includes shoulder grade, patching, hot seal, and refreshed line marking for 6.8km of the road.	\$403,200	\$403,200	Oct-25	Jan-26
135164-25QLD-RTR	QLD	South Burnett Regional Council	Maidenwell Upper Yarraman Road, Neumgna	Rehabilitation and Reseal of Maidenwell Upper Yarraman Road. The condition of the road is deteriorating, with risk of potholing and increased fatigue of the road surface, posing safety concerns. The repair and reseal works will include dig out, emulsion seal, patching, hot seal, line marking, and shoulder grade.	\$15,120	\$15,120	Oct-25	Jan-26
135165-25QLD-RTR	QLD	South Burnett Regional Council	Manumbar Road, Glan Devon to Runnymede.	Reseal of Manumbar Road. The road surface is fatigued and at risk of damage such as potholing. The proposed work will extend the lifetime of the road with patching, hot sealing, refreshed line marking, and shoulder grade.	\$540,000	\$540,000	Oct-25	Jan-26
135167-25QLD-RTR	QLD	South Burnett Regional Council	McCord Street, Wondai	Rehabilitation and reseal of McCord Street, Wondai. Road is at an age where it needs to be resurfaced. Currently the road is at risk of potholing and increased fatigued of the road surface, leading to further damage and safety concerns. Works include dig out, emulsion seal, patching, hot seal, and refreshed line marking as needed.	\$114,840	\$114,840	Oct-25	Jan-26

135168-25QLD-RTR	QLD	South Burnett Regional Council	Old Wondai Road, Wondai	Rehabilitation and Reseal of Old Wondai Road, Wondai. Surface of the road is tired and showing wear and tear, with risk of further damage and safety concerns for road users. The works will include emulsion seal, patching, hot seal, and refresh of line marking as needed.	\$91,980	\$91,980	Oct-25	Jan-26
135169-25QLD-RTR	QLD	South Burnett Regional Council	Coulson Street, Blackbutt	Reseal of Coulson Street centre-street parking. Road surface showing signs of fatigue and at risk of further damage. This project will undertake patching, hot seal, and refreshing line marking.	\$34,505	\$34,505	Oct-25	Dec-25
135171-25QLD-RTR	QLD	South Burnett Regional Council	Coulson Street, Blackbutt	Reseal of northside parking on Coulson Street. Road surface wearing out and at risk of potholes and other damage. To extend the life of the road, patching, hot seal, and line marking will be undertaken.	\$62,979	\$62,979	Oct-25	Dec-25
135176-25QLD-RTR	QLD	South Burnett Regional Council	Coulson Street, Blackbutt	Rehabilitation and reseal of Coulson Street southside parking. Road surface is showing significant wear and tear that is a possible safety risk to road users and is likely to lead to further damage. Work will include dig out, patching, hot seal, and line marking.	\$37,258	\$37,258	Oct-25	Dec-25
135177-25QLD-RTR	QLD	South Burnett Regional Council	Coulson Street, Blackbutt	Rehabilitation and reseal of Coulson Street parking, on the southside in front of the retail shops. The surface of the road in this section of Coulson Street is significantly deteriorating and at risk of potholing and further fatigue. Works will include dig out, emulsion seal, patching, hot seal, and line marking.	\$121,000	\$121,000	Oct-25	Dec-25
127942-24QLD-RTR	QLD	Southern Downs Regional Council	East Street, Warwick	Road pavement is in poor condition with multiple failures, cracking, damaged kerb and channel and insufficient drainage. Replace failed pavement with new imported material; reshape and reinstate open drainage channel (eastern side of the road); install underground stormwater pipe network (western side of the road); replace failed kerb and channel (western side of the road); reinstate driveways and seal pavement.	\$1,494,877	\$1,494,877	Sep-24	Jul-25
127943-24QLD-RTR	QLD	Southern Downs Regional Council	Top Swanfels Road, Swanfels	Road pavement is in poor condition with multiple failures and poor drainage. Roadside drainage works; make up material, granulate and seal.	\$789,100	\$789,100	Sep-25	Feb-26
127944-24QLD-RTR	QLD	Southern Downs Regional Council	Gilchrist Road, Rosehill	Road lacking in gravel material. Re-sheeting gravel section of road. Balance of project costs covered by Council's own funds.	\$60,821	\$60,821	Mar-25	Jun-25
127946-24QLD-RTR	QLD	Southern Downs Regional Council	Railway Street, Stanthorpe	Road pavement is in poor condition requiring rehabilitation; kerb and channel is failing and requires replacement. Replace failed pavement with new imported material; remove and replace kerb and channel along both sides of the road and reinstate driveway accesses.	\$380,000	\$380,000	Jun-25	Jan-26

127948-24QLD-RTR	QLD	Southern Downs Regional Council	Hutchisons Lane, Cottonvale	The floodway has sustained significant damage and requires replacement. Demolish and remove existing structure and construct a Department of Agriculture and Fisheries compliant waterway crossing.	\$210,000	\$210,000	May-25	Jan-26
132552-25QLD-RTR	QLD	Southern Downs Regional Council	Guy Street, Warwick	Surface is fatigued and cracking. Asphalt pavement resurfacing, stormwater works, kerb & channel and footpath replacement.	\$695,710	\$695,710	Sep-25	Nov-26
132553-25QLD-RTR	QLD	Southern Downs Regional Council	McIvors Road, (rural road)	Road pavement is in poor condition with multiple failures and built up silt and vegetation in floodway. Pavement stabilisation; silt and vegetation removal.	\$381,800	\$381,800	Feb-26	Mar-26
132554-25QLD-RTR	QLD	Southern Downs Regional Council	Clintonvale-Goomburra Road, (rural road)	Pavement failures and extensive potholes. Resealing existing road; review of signage; installation of road furniture	\$144,900	\$144,900	Jan-26	Apr-26
132618-25QLD-RTR	QLD	Southern Downs Regional Council	Charleys Gully Road, Freestone	Bad rutting and sag from top of chest, overgrown and shallow table drains. Reseal, major pavement repairs/rehab & drainage to complete outside recent emergency flood works.	\$157,100	\$157,100	Sep-25	Jan-26
128119-24QLD-RTR	QLD	Sunshine Coast Council	Pinelands Drive, Beerwah	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. In situ stabilisation and resurfacing.	\$440,000	\$445,008	Sep-24	Jun-25
128120-24QLD-RTR	QLD	Sunshine Coast Council	Tallawong Close, Beerwah	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. In situ stabilisation and resurfacing.	\$320,000	\$321,109	Sep-24	Jun-25
128123-24QLD-RTR	QLD	Sunshine Coast Council	Kurrajong Court, Beerwah	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. In situ stabilisation and resurfacing.	\$145,000	\$145,457	Sep-24	Jun-25
128125-24QLD-RTR	QLD	Sunshine Coast Council	Birdsong Drive, Mooloolah Valley	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. In situ stabilisation and resurfacing.	\$1,900,000	\$2,500,000	Sep-24	Sep-25
128127-24QLD-RTR	QLD	Sunshine Coast Council	Bilby Place, Mooloolah Valley	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. In situ stabilisation and resurfacing.	\$220,000	\$220,753	Sep-24	Jun-25
128129-24QLD-RTR	QLD	Sunshine Coast Council	Petrie Creek Road, Rosemount	The proposed section has the following defects: significant crocodile cracking and/or potholes. The existing surface is old and oxidised. There are significant failures in the surface. Asphalt resurfacing.	\$470,000	\$732,958	Sep-24	Jun-25

128130-24QLD-RTR	QLD	Sunshine Coast Council	Somerset Drive, Buderim	The proposed section has the following defects: significant crocodile cracking and/or potholes. The existing surface is old and oxidised. There are significant failures in the surface. Resurfacing.	\$550,000	\$598,989	Sep-24	Jan-25
128140-24QLD-RTR	QLD	Sunshine Coast Council	Wises Road, Buderim	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. Deep lift asphalt reconstruction.	\$1,099,761	\$1,435,601	Sep-24	Jun-25
128142-24QLD-RTR	QLD	Sunshine Coast Council	Point Cartwright Drive, Buddina	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. Deep lift asphalt reconstruction.	\$400,000	\$581,874	Sep-24	Jun-25
128144-24QLD-RTR	QLD	Sunshine Coast Council	Carter Road, Nambour	The proposed section has the following defects: significant crocodile cracking and/or potholes. The existing surface is old and oxidised. There are significant failures in the surface. Resurfacing.	\$229,876	\$229,876	Sep-24	Jun-25
128145-24QLD-RTR	QLD	Sunshine Coast Council	Peregrin Springs Drive, Peregrin Springs	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. Deep lift asphalt reconstruction. Sunshine Coast Council to fund the remainder.	\$484,913	\$947,568	Sep-24	Jun-25
132864-25QLD-RTR	QLD	Sunshine Coast Council	Fishermans Road, Maroochydore	The proposed section has the following defects: significant crocodile cracking and/or potholes. The existing surface is old and oxidised. There are significant failures in the surface. Asphalt resurfacing.	\$700,000	\$700,000	Jul-25	Oct-25
132865-25QLD-RTR	QLD	Sunshine Coast Council	Enterprise Street, Kunda Park	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. Deep lift asphalt Reconstruction.	\$1,500,000	\$1,500,000	Jul-25	Dec-25
132866-25QLD-RTR	QLD	Sunshine Coast Council	Owen Creek Road, Forest Glen	The proposed section has the following defects: significant crocodile cracking and/or potholes. The existing surface is old and oxidised. There are significant failures in the surface. Asphalt resurfacing.	\$580,000	\$580,000	Jul-25	Dec-25
132867-25QLD-RTR	QLD	Sunshine Coast Council	Sugar Bag Road, Little Mountain	The proposed section has the following defects: significant crocodile cracking, large depressions and/or potholes. The existing surface is old and oxidised. There are moderate failures in both the surface and pavement structure. Deep lift asphalt reconstruction.	\$1,200,000	\$1,200,000	Jul-25	Dec-25

132868-25QLD-RTR	QLD	Sunshine Coast Council	Sahara Road, Glass House Mountains	The proposed section has the following defects: significant crocodile cracking and/or potholes. The existing surface is old and oxidised. There are significant failures in the surface. Asphalt resurfacing. Sunshine Coast Council to fund the remainder.	\$356,410	\$400,000	Jul-25	Dec-25
134406-25QLD-RTR	QLD	Tablelands Regional Council	Gunnawarra Road, Gunnawarra	The road has little to no gravel left, leaving the surface rough and uneven. This makes it difficult to drive on safely and requires new gravel to restore the road. We propose to re-sheet a length of approximately 2.5km with varying widths between 6m and 5m of Gunnawarra Road with new gravel along the length and width of the above mentioned chainages. The works will include grading the surface, placing and compacting new gravel, and clearing drains where required to improve water flow.	\$721,899	\$721,899	Sep-25	Dec-25
134408-25QLD-RTR	QLD	Tablelands Regional Council	Ball Road, Peeramom	Pavement works are required to address the deteriorating road surface, improve safety for all road users, and extend the service life of the asset. Completing these works will prevent further structural damage, reduce ongoing maintenance costs, and ensure the road continues to meet community and operational needs. The proposed works involve renewal of the pavement and surface to restore the road to a safe and serviceable condition, ensuring durability, reduced maintenance, and improved user safety. 1.3147 -5105 – Mill and fill sections 1.6m wide and full width of two sections 6m wide. •Full width from Centre of quarry entry to northwest end (approx. 6m wide x 300m length) •Quarry access within road reserve, 6m width x 90m length •1.6m width x 123m length •1.6m width x 22m length •1.6m width x 23m length •Full width (6m) x 83m length •1.6m width x 57m length •1.6m width x 6m length •1.6m width x 61m length •2.5m width x 17m length •1.6m width x 4m length	\$634,708	\$1,894,100	Oct-25	Jun-26

134410-25QLD-RTR	QLD	Tablelands Regional Council	Wooroora Road, Koombooloomba	The existing timber bridge is load rated at 5T GVM. It requires replacement of the superstructure due to its dilapidated condition. The bridge is currently closed due to broken bridge girders. Propose to replace the bridge superstructure, extend pavement seal to approaches, improve embankment and abutment protection works with a new layer of rock as rock armor on geofabric, introduce relieving slabs for energy absorption and widen one approach traffic lane for a vehicle waiting zone.	\$281,986	\$356,436	Sep-25	Feb-26
134411-25QLD-RTR	QLD	Tablelands Regional Council	Forsyth Road, Kairi	The gravel road continues to be washed out where the stormwater drain crosses the road. This results in increased reactive maintenance requirements and cost. Construct a concrete floodway on the Forsyth Road (unsealed) where the storm water drain (also just gravel currently) crosses the road. Width to be 7m, length approximately 40m to be confirmed in design phase to ensure desired outcomes are achieved.	\$325,596	\$325,596	Apr-26	Jun-26
134839-25QLD-RTR	QLD	Tablelands Regional Council	Silver Valley Road, Silver Valley	The existing bridge super structure and bridge approaches are in dilapidated condition and require replacement. Propose to replace the bridge deck, repair pavement and install seal to approaches to achieve T44 load rating, improve embankment and abutment protection works with a new layer of rock as rock armor on geofabric for better product quality.	\$585,560	\$585,560	Dec-25	Jun-26
134840-25QLD-RTR	QLD	Tablelands Regional Council	Bew Road, Ravenshoe	The existing culvert is undersized and does not cater for the waterflow. It requires replacement of wing walls, headwalls and culvert aprons due to dilapidated conditions. The bridge is currently blocked and is not fit for purpose. Propose to replace the culvert, repair pavement and install seal to approaches, improve embankment and abutment protection works with a new layer of rock as rock armor on geofabric for better product quality.	\$291,236	\$291,236	Dec-25	Jun-26
130035-24QLD-RTR	QLD	Toowoomba Regional Council	West Street, Toowoomba	Resurfacing. Renewal of existing asphalt surface including profiling works, replacement of traffic loops, line marking and RRPMS. Preliminary works (kerb repairs, pavement failures and gully pit repairs) are funded and completed by Toowoomba Regional Council prior to Asphalt Contractors mobilisation.	\$391,193	\$391,405	Jan-25	Apr-25

130036-24QLD-RTR	QLD	Toowoomba Regional Council	West Street, Toowoomba	Resurfacing. Renewal of existing asphalt surface including profiling works, replacement of traffic loops, line marking and RRPMS. Preliminary works (kerb repairs, pavement failures and gully pit repairs) are funded and completed by Toowoomba Regional Council prior to Asphalt Contractors mobilisation.	\$431,718	\$434,723	Jan-25	Apr-25
130037-24QLD-RTR	QLD	Toowoomba Regional Council	West Street, Toowoomba	Resurfacing. Renewal of existing asphalt surface including profiling works, replacement of traffic loops, line marking and RRPMS. Preliminary works (kerb repairs, pavement failures and gully pit repairs) are funded and completed by Toowoomba Regional Council prior to Asphalt Contractors mobilisation.	\$251,545	\$262,493	Jan-25	Apr-25
130038-24QLD-RTR	QLD	Toowoomba Regional Council	Bridge Street, Toowoomba	Resurfacing. Renewal of existing asphalt surface including profiling works, replacement of traffic loops, line marking and RRPMS. Preliminary works (kerb repairs, pavement failures and gully pit repairs) are funded and completed by Toowoomba Regional Council prior to Asphalt Contractors mobilisation.	\$683,392	\$683,392	Jan-25	Apr-25
130039-24QLD-RTR	QLD	Toowoomba Regional Council	Fushia Street, Toowoomba	Resurfacing. Renewal of existing asphalt surface including profiling works, replacement of traffic loops, line marking and RRPMS.	\$56,595	\$56,595	Jan-25	Apr-25
130040-24QLD-RTR	QLD	Toowoomba Regional Council	Emma Drive, Toowoomba	Resurfacing. Renewal of existing asphalt surface including profiling works, replacement of traffic loops, line marking and RRPMS. Preliminary works (kerb repairs, pavement failures and gully pit repairs) are funded and completed by Toowoomba Regional Council prior to Asphalt Contractors mobilisation.	\$79,591	\$80,146	Jan-25	Apr-25
130041-24QLD-RTR	QLD	Toowoomba Regional Council	Vera Drive, Toowoomba	Resurfacing. Renewal of existing asphalt surface including profiling works, replacement of traffic loops, line marking and RRPMS.	\$104,023	\$104,023	Jan-25	Apr-25
130042-24QLD-RTR	QLD	Toowoomba Regional Council	Vines Street, Pittsworth	Narrow road with deformed pavement and wheel rutting causing safety concerns for increasing traffic volume including a large proportion of heavy vehicles. Reconstruct and widen road to two lanes bitumen seal standard. 7 metre seal on a 9 metre formation.	\$791,693	\$791,693	Jan-25	Jun-25
130047-24QLD-RTR	QLD	Toowoomba Regional Council	Boondandilla Road, Millmerran	Gravel surfacing. Addition of 100 mm extra gravel layer on existing unsealed roads,	\$248,678	\$248,678	Feb-25	Jun-25
130048-24QLD-RTR	QLD	Toowoomba Regional Council	Mountain Camp Road, Jones Gully	Gravel surfacing. Addition of 100 mm extra gravel layer on existing unsealed roads.	\$166,251	\$166,251	Feb-25	Jun-25

133109-25QLD-RTR	QLD	Toowoomba Regional Council	Doolan Road, Mount Molar	Gravel resurfacing. Addition of 100mm extra gravel layer on existing unsealed roads.	\$301,000	\$301,000	Oct-25	Apr-26
133110-25QLD-RTR	QLD	Toowoomba Regional Council	Herzig Road, Clifton	Gravel resurfacing. Addition of 100mm extra gravel layer on existing unsealed roads.	\$190,000	\$190,000	Jan-26	Apr-26

133111-25QLD-RTR	QLD	Toowoomba Regional Council	Peranga Woodleigh Road, Peranga	Gravel resurfacing. Addition of 100mm extra gravel layer on existing unsealed roads.	\$564,000	\$564,000	Feb-26	Jun-26
133113-25QLD-RTR	QLD	Toowoomba Regional Council	The Bluff Road, The Bluff	Gravel resurfacing. Addition of 100mm extra gravel layer on existing unsealed roads.	\$331,000	\$331,000	Feb-26	Jun-26
133114-25QLD-RTR	QLD	Toowoomba Regional Council	Andrews Dip Road, The Bluff	Gravel resurfacing. Addition of 100mm extra gravel layer on existing unsealed roads.	\$127,000	\$127,000	Feb-26	Jun-26
133115-25QLD-RTR	QLD	Toowoomba Regional Council	Peters Road, Groomsville	Gravel resurfacing. Addition of 100mm extra gravel layer on existing unsealed roads.	\$180,000	\$180,000	Oct-25	Apr-26
128043-24QLD-RTR	QLD	Townsville City Council	Industrial Avenue, Townsville	The existing asphalt surface has failed with severe cracking and deformation throughout. There is a significant number of heavy vehicles that use Industrial Avenue and intervention is required before complete pavement failure occurs. Replace the existing asphalt surfacing including isolated kerb and channel replacement.	\$368,931	\$368,931	Dec-24	May-25
128050-24QLD-RTR	QLD	Townsville City Council	Bonnett Loop Road, Townsville	The existing surface has reached the end of its serviceable life and displays significant defects. Renew the existing road surface with an asphalt overlay.	\$137,263	\$137,263	May-25	Jun-25
128060-24QLD-RTR	QLD	Townsville City Council	Sundew Close, Townsville	The road (including the kerb and channel) is aged and is displaying defects such as cracking and deformation throughout. Full road reconstruction including kerb and channel.	\$376,462	\$376,462	Oct-24	Jun-25
128064-24QLD-RTR	QLD	Townsville City Council	Sixteenth Avenue, Townsville	The existing surface has reached the end of its life with stripping, cracking and surface unevenness. The eastern-side kerb requires replacement due to crack and displacement causing ponding. Replace the existing asphalt surfacing and renew the kerb on the eastern side.	\$124,000	\$124,000	Oct-26	Feb-27
128066-24QLD-RTR	QLD	Townsville City Council	Railway Avenue, Townsville	The existing asphalt surface has reached the end of its service life. The surfacing is displaying cracking, breakouts and pothole repairs. Undertake full width mill and replace of the existing asphalt surfacing.	\$333,760	\$333,760	Mar-25	Sep-25
128265-24QLD-RTR	QLD	Townsville City Council	Ninth Avenue, Townsville	The existing asphalt surface is aged and has reached end of life, displaying fatigue cracking, pothole and patch repairs. Undertake full mill and replace of the existing asphalt surface.	\$156,077	\$156,077	May-25	Jul-25
128273-24QLD-RTR	QLD	Townsville City Council	Crocodile Crescent, Townsville	The existing asphalt surface has reached end of life - it is cracked and uneven in some areas and there are existing patching and pothole repairs that are failing. Full width mill and replace of the existing asphalt surface including 43 metres of isolated kerb and channel replacement.	\$454,844	\$454,844	May-25	Jul-25
128275-24QLD-RTR	QLD	Townsville City Council	Cobb Court, Townsville	The existing asphalt surface has reached end of life, it is exhibiting significant cracking, moderate deformation and pavement failures. The kerb and channel is also in very poor condition with significant cracking, rotation & displacement. Renew the road surface and kerb and channel.	\$345,914	\$345,914	Oct-24	Dec-24

128278-24QLD-RTR	QLD	Townsville City Council	Ogden Street, Townsville	The existing asphalt surface has reached end of life - it is displaying significant cracking and surface unevenness. The kerb and channel is in very poor condition with multiple defects throughout the entire length. The existing pathway is also displaying defects. Replace the existing road surface, including kerb and channel and pathway renewal on the northern side.	\$731,704	\$731,704	Nov-24	Sep-25
128876-24QLD-RTR	QLD	Townsville City Council	Lakewood Avenue, Townsville	The existing asphalt surface has reached end of its service life. The surfacing is displaying visual failure modes of moderate fatigue cracking and extensive potholing. Undertake full mill and replace of the existing asphalt surfacing.	\$68,394	\$68,394	May-25	Sep-25
128967-24QLD-RTR	QLD	Townsville City Council	Williams Road, Townsville	The existing bitumen seal has reached the end of its life. There is extensive potholing as well as rutting requiring rectification. Renew the existing road surface by applying an asphalt surface corrector to address the rutting and then undertaking a bitumen reseal.	\$133,711	\$133,711	May-26	Jun-26
131232-24QLD-RTR	QLD	Townsville City Council	D'Arcy Drive, Idalia	The existing asphalt surface has failed with numerous potholes and failed previous patching. This location is subject to a significant number of heavy vehicle turning movements due to its proximity to a heavy vehicle rest area service station. Intervention is required before complete pavement failure occurs. Undertake full mill and replace of the existing asphalt surfacing.	\$50,398	\$50,398	Apr-25	Apr-25
131233-24QLD-RTR	QLD	Townsville City Council	Queens Road, Townsville	The existing asphalt surface has reached end of its life with defects including cracking, potholing and failure of previous patching. Undertake full mill and replace of the existing asphalt surface.	\$200,000	\$200,000	Jul-26	Jun-27
132877-25QLD-RTR	QLD	Townsville City Council	Fletcher Street, Townsville	The existing pavement has reached the end of its serviceable life, it is exhibiting significant cracking, pavement failures and deformation. Reconstruct the pavement and install new kerb and channel.	\$194,000	\$194,000	Jan-26	Mar-26
132878-25QLD-RTR	QLD	Townsville City Council	Laudham Road, Townsville	The existing surface has reached the end of its life with potholing, cracking and stripping of sealing aggregates. Renew the existing road surface with a sprayed seal.	\$225,000	\$225,000	Nov-25	Dec-25
133307-25QLD-RTR	QLD	Townsville City Council	Raja Aho Road & Benjamin Road, Townsville	The existing surface has reached the end of its life with areas of existing surfacing broken up and stripping of sealing aggregates. Renew the existing road surface with a combination of sprayed seal and asphalt.	\$55,000	\$55,000	Nov-25	Nov-25
133308-25QLD-RTR	QLD	Townsville City Council	Partington Street, Townsville	The existing surface has reached the end of its life with potholing, cracking and stripping of sealing aggregates. Renew the existing road surface with a sprayed seal.	\$33,000	\$33,000	Nov-25	Nov-25

133309-25QLD-RTR	QLD	Townsville City Council	Waterview Drive, Townsville	The existing asphalt surface has reached end of its service life. The surfacing is displaying visual failure modes of moderate fatigue cracking and extensive potholing. Undertake full mill and replace of the existing asphalt surfacing.	\$321,450	\$321,450	Aug-25	Nov-25
133514-25QLD-RTR	QLD	Townsville City Council	Yarrowonga Drive, Townsville	The existing pavement has reached the end of its serviceable life, it is exhibiting deformation and deterioration of the existing seal. The associated kerb and channel and footpath require replacing due to poor condition. Reconstruct the pavement, install new kerb and channel and concrete footpath.	\$665,000	\$665,000	Mar-26	May-26
133907-25QLD-RTR	QLD	Townsville City Council	York Court, Townsville	The existing surface has reached the end of its life with extensive stripping of sealing aggregates. Renew the existing road surface with a sprayed seal.	\$65,000	\$65,000	Dec-25	Dec-25
135022-25QLD-RTR	QLD	Townsville City Council	Denham Lane, Townsville	The existing asphalt surface has reached end of its service life. The surfacing is displaying visual failure modes of moderate fatigue cracking and extensive potholing. Undertake full mill and replace of the existing asphalt surfacing including the northern asphalt footpath.	\$25,000	\$25,000	Nov-25	Feb-26
135024-25QLD-RTR	QLD	Townsville City Council	North Street, Townsville	The existing asphalt surface has reached end of life, it is exhibiting significant cracking, and pavement failures. The kerb and channel is also in very poor condition with cracking throughout. Undertake Mill and Replace of the asphalt and renewal of the full-length kerb and channel replacement both sides.	\$525,000	\$525,000	Oct-25	Dec-25
135026-25QLD-RTR	QLD	Townsville City Council	Hanran Street, Townsville	The existing asphalt surface has reached end of life - it is displaying significant cracking, potholing, and surface unevenness. The kerb and channel is in very poor condition with multiple defects throughout the entire length. The existing pathway is also displaying defects. Replace the existing road surface, including kerb and channel and pathway renewal on both sides.	\$900,000	\$900,000	Jan-26	Jun-26
127433-24QLD-RTR	QLD	Western Downs Regional Council	Roche Creek Road, Roche Creek	Existing road is very narrow with significant edge breaks and drop offs, rough along with pavement rectification works required in some areas to meet the current level of service. Reconstruct and widen to rural collector standard. Additional funding via TIDS program.	\$185,000	\$435,596	Aug-24	Dec-24
127434-24QLD-RTR	QLD	Western Downs Regional Council	Southwood Road, Southwood	Existing road is very narrow in locations, rough and pavement renewal required in some areas which requires renewal and widening to meet the current level of service. Reconstruct and widen to rural collector standard. Additional funding via TIDS program.	\$300,000	\$692,924	Mar-25	Jun-25
127435-24QLD-RTR	QLD	Western Downs Regional Council	Brigalow - Canaga Road, Brigalow	Existing road is very narrow in locations with floodways not working and pavement renewal required in some areas. Reconstruct and widen to rural collector standard. Additional funding via TIDS program.	\$350,000	\$701,511	Jul-24	Dec-24

127436-24QLD-RTR	QLD	Western Downs Regional Council	Cambridge Crossing Road, Tara	Existing road is very narrow in locations, rough and pavement renewal required in some areas which requires renewal and widening to meet the current level of service. Reconstruct and widen to rural collector standard. Additional funding via TIDS program.	\$115,000	\$216,000	Oct-24	Nov-24
127437-24QLD-RTR	QLD	Western Downs Regional Council	Dulacca South Road, Dulacca	Existing road is very narrow in locations with floodways issues and pavement renewal required in some areas. Reconstruct and widen to rural collector standard. Additional funding via TIDS program.	\$825,000	\$1,200,000	Nov-24	Mar-25

Reconstruct and widen to rural collector standard. Additional funding to be provided by Council.	\$495,000	\$539,555	Aug-24	Dec-24
127442-24QLD-RTR	QLD	Western Downs Regional Council	Glenern Road, Glenmorgan	Existing road is very narrow in locations, rough and pavement renewal required in some areas which requires renewal and widening to meet the current level of service. Reconstruct and widen to rural collector standard. Additional funding to be provided by Council.	\$1,155,600	\$2,528,490	Sep-24	Jun-25
127446-24QLD-RTR	QLD	Western Downs Regional Council	Windmill Road, Chinchilla	Existing road has some pavement failures requiring renewal and upgrade to meet current level of service within town streets. Upgrade to kerb and channel standard to meet community expectations. Reconstruct to urban access standard. Additional funding to be provided by Council.	\$925,000	\$956,122	Jan-25	May-25
127452-24QLD-RTR	QLD	Western Downs Regional Council	Burra Burri Creek Road, Burra Burri	Existing road is very narrow in locations, rough and pavement renewal required in some areas which requires renewal and widening to meet the current level of service. Reconstruct and widen to rural collector standard. Additional funding to be provided by Council.	\$400,000	\$404,000	Oct-24	Apr-25
127453-24QLD-RTR	QLD	Western Downs Regional Council	Burra Burri - Darr Creek Road, Darr Creek	Existing road is very narrow in locations, rough and pavement renewal required in some areas which requires renewal and widening to meet the current level of service. Reconstruct and widen to rural collector standard. Additional funding to be provided by Council.	\$398,982	\$447,650	Jan-25	Mar-25
131367-24QLD-RTR	QLD	Western Downs Regional Council	Bundi Road, Bundi	Existing road is very narrow in locations, rough and pavement renewal required in some areas which requires renewal and widening to meet the current level of service. Reconstruct and widen to rural collector standard. Additional funding to be provided by Council.	\$550,000	\$916,370	Apr-25	Jun-25

134161-25QLD-RTR	QLD	Western Downs Regional Council	Booral Road, Grosmont	Existing road is very narrow, very rough in places and sections require reconstruction works. Road has a high majority of heavy vehicular traffic. Road widen and reconstruct in sections to a 8m pavement and a 6 metre seal. The balance of funding will come from Western Downs Regional Council and the Transport Infrastructure Development Scheme.	\$351,790	\$703,580	Jul-25	Jun-26
134162-25QLD-RTR	QLD	Western Downs Regional Council	Broadwater Road, Ducklo	Existing road is very narrow, very rough in places and sections require reconstruction works. Road is the only access to Lake Broadwater a local tourist and camping destination. Road widen and reconstruct in sections to a 8m pavement and a 7 metre seal. The balance of funding will come from Western Downs Regional Council.	\$201,849	\$372,000	Jul-25	Apr-26
134163-25QLD-RTR	QLD	Western Downs Regional Council	Broadwater Road, Ducklo	Existing road is very narrow, very rough in places and sections require reconstruction works. Road is the only access to Lake Broadwater a local tourist and camping destination. Road widen and reconstruct in sections to a 8m pavement and a 7 metre seal. The balance of funding will come from Western Downs Regional Council.	\$57,040	\$114,080	Jul-25	Apr-26
134164-25QLD-RTR	QLD	Western Downs Regional Council	Broadwater Road, Ducklo	Existing road is very narrow, very rough in places and sections require reconstruction works. Road is the only access to Lake Broadwater a local tourist and camping destination. Road widen and reconstruct in sections to a 8m pavement and a 7 metre seal. The balance of funding will come from Western Downs Regional Council.	\$32,240	\$64,480	Jul-25	Mar-26
134165-25QLD-RTR	QLD	Western Downs Regional Council	Bullock Head Road, Tara	The existing road is a gravel surface and is the only unsealed section along a significant stretch. It carries a high volume of heavy vehicle traffic, primarily servicing a nearby feedlot and extensive agricultural operations. Reconstruct, widen and seal upgrade to intersection. The balance of funding will come from Western Downs Regional Council and the Transport Infrastructure Development Scheme.	\$100,000	\$175,000	Jul-25	Feb-26
134166-25QLD-RTR	QLD	Western Downs Regional Council	Burra Burri - Darr Creek Road, Burria Burri	Existing road is very narrow, very rough in places and sections require reconstruction works. Road has a high majority of heavy vehicular traffic. Road widen and reconstruct in sections to a 8m pavement and a 6 metre seal. The balance of funding will come from Western Downs Regional Council.	\$908,000	\$1,116,000	Aug-25	Nov-25
134167-25QLD-RTR	QLD	Western Downs Regional Council	Cambey Road, Cameby	Existing road is very narrow, very rough in places and sections require reconstruction works. Road widen and reconstruct in sections to a 7m pavement and a 6 metre seal. The balance of funding will come from Western Downs Regional Council.	\$772,520	\$1,545,040	Sep-25	Dec-25

134168-25QLD-RTR	QLD	Western Downs Regional Council	Cooper Street, Dalby	Existing Road is very narrow, currently servicing the local sports precinct, school and pcyc area. Widening of existing pavement surfaces including drainage requirements. Road widening and construct parking bays and footpath for community access. The balance of funding will come from Western Downs Regional Council.	\$115,000	\$278,906	Jul-25	Jun-26
134169-25QLD-RTR	QLD	Western Downs Regional Council	Dalby - Nungil Road, Irvingdale	Existing road is very narrow, very rough in places and sections require reconstruction works. It carries a high volume of heavy vehicle traffic, primarily servicing a nearby feedlot and extensive agricultural operations. Road widen and reconstruct in sections to a 8m pavement and a 7metre seal. The balance of funding will come from Western Downs Regional Council and the Transport Infrastructure Development Scheme.	\$496,000	\$992,000	Jul-25	Mar-26
134170-25QLD-RTR	QLD	Western Downs Regional Council	Evans Street, Chinchilla	Road currently has no kerb and channel, works to rectify this along with reconstruct to current urban access standards to match surrounding streets and to tie in with the existing underground stormwater system. Reconstruction of pavement including installation of kerb and channel to current urban access standards. The balance of funding will come from Western Downs Regional Council.	\$300,000	\$586,870	Jul-25	Oct-25
134171-25QLD-RTR	QLD	Western Downs Regional Council	Flagstone Road, Bungaban	The existing road is currently a formation-only surface and is the only section along this stretch without a gravel surface. It serves as the main entrance to a private property, making access impassable during wet weather. Road upgrade from formation to gravel to a 6m pavement and 4 metre gravel . The balance of funding will come from Western Downs Regional Council.	\$50,000	\$71,760	Jul-25	Oct-26
134172-25QLD-RTR	QLD	Western Downs Regional Council	Goonawarra Road, Moraby	The existing road is currently a formation-only surface and is the only section along this stretch without a gravel surface. It serves as the main entrance to a private property, making access impassable during wet weather. Road upgrade from formation to gravel to a 6m pavement and 4 metre gravel . The balance of funding will come from Western Downs Regional Council.	\$50,000	\$51,420	Aug-25	Oct-25
134173-25QLD-RTR	QLD	Western Downs Regional Council	Males Drive, Tara	The existing road is a gravel surface and is the only unsealed section along a significant stretch. Services residential area and is the local school bus route. Upgrade from gravel formation to bitumen seal with 7m pavement and 6m seal. The balance of funding will come from Western Downs Regional Council.	\$517,080	\$1,034,160	Jul-25	Apr-26

134174-25QLD-RTR	QLD	Western Downs Regional Council	Nathan Road, Wandoan	Existing road is very narrow, very rough in places and sections require reconstruction works. Road widen and reconstruct in sections to a 8m pavement and a 7metre seal. The balance of funding will come from Western Downs Regional Council and the Transport Infrastructure Development Scheme.	\$1,080,300	\$1,080,300	Jul-25	Jun-26
134175-25QLD-RTR	QLD	Western Downs Regional Council	Old Moonie Road, Goranba	The existing road is a gravel surface and is the only unsealed section along a significant stretch. Services agricultural operations and is a school bus route existing road surface due to deterioration over time. This is a bus route. 5m gravel . The balance of funding will come from Western Downs Regional Council.	\$622,757	\$1,400,000	Aug-25	Dec-25
134176-25QLD-RTR	QLD	Western Downs Regional Council	Perretts Road, Grosmont	The existing road is currently a formation-only surface and is the only section along this stretch without a gravel surface. It serves as the main entrance to a private property, making access impassable during wet weather. Road upgrade from formation to gravel to a 6m pavement and 4 metre gravel . The balance of funding will come from Western Downs Regional Council.	\$150,000	\$261,360	Jul-25	Dec-25
134177-25QLD-RTR	QLD	Western Downs Regional Council	Southwood Road, Southwood	Existing road is very narrow, very rough in places and sections require reconstruction works. It carries a high volume of heavy vehicle traffic, primarily servicing extensive agricultural operations. Road widen and reconstruct in sections to a 8m pavement and a 6 metre seal. The balance of funding will come from Western Downs Regional Council and the Transport Infrastructure Development Scheme.	\$835,155	\$1,670,310	Aug-25	Dec-25
127497-24QLD-RTR	QLD	Wujal Wujal Aboriginal Council	Little Douglas Street, Wujal Wujal	Following major flooding a pothole has developed, affecting road safety. A new Primary Health Care Centre has been built on higher ground (former Health Care Centre affected by flooding), though no footpath exists for pedestrians to access the Centre. Stage 2 construction being funded by R2R 2024-2029 to the sum of \$28,063. Repair of pothole on Little Douglas Street. Construction of footpath adjacent to Little Douglas Street for pedestrian use, connecting Little Douglas Street to the new Primary Health Care Centre.	\$28,063	\$77,844	Jan-26	Jun-26
133736-25QLD-RTR	QLD	Wujal Wujal Aboriginal Council	Heorlein Street, Wujal Wujal	The construction of a speed hump to address the issues of vehicles travelling at excessive speeds along Heorlein Street, to encourage drivers to slow down and improve safety for all road users. Construction of speed hump to agreed design. ATSI TIDS Program is funding the balance, Dept TMR administered through the Regional Roads and Transport Group, Roads and Transport Alliance.	\$10,226	\$48,580	Jul-25	Aug-25

Road will be re-sheeted with 100 mm of crushed limestone rubble which will return it to an as new standard. This project will be jointly funded by RTR and Barunga West Council using rates income.	\$45,000	\$55,724	Apr-26	May-26

131773-24SA-RTR	SA	Barunga West Council	Kadina, Rural Road	Road is deteriorating with surface defects creating a hazard to the road user as it is nearing its end of life. Road will be re-sheeted with 100 mm of crushed limestone rubble which will return it to an as new standard. This project will be jointly funded by RTR and Barunga West Council using rates income.	\$128,238	\$136,984	Jul-25	Sep-25
130546-24SA-RTR	SA	Berri Barmera Council	Bassham Road, Barmera	The unsealed section of Bassham Road is prone to erosion, potholes, and wear, leading to a rough and unsafe drive, and typically requires more frequent grading and maintenance. In dry weather, the unsealed section tends to create significant dust. Having bitumen along Bassham Road and then the remaining being unsealed causes a disruption in road quality, making it uncomfortable or hazardous for drivers when transitioning between surfaces. Grading the existing unsealed road base to a maximum width of 8 metres. This will help create a smooth, level surface that can support the subsequent layers of road treatment. The grading will ensure proper alignment and compaction, offering a stable foundation for the roads upgrade. A 150 mm layer of crushed rock base will be applied over the graded section. This capping will not only improve the structural integrity of the road but also provide better drainage, reducing the likelihood of erosion and surface degradation over time. Balance of project costs paid by Council. A bitumen seal will be applied over the upgraded section of the road, extending over 795 metres in length. The seal will cover a width of 6.2 metres, which is wide enough to ensure smooth driving conditions. The bitumen seal will provide a durable, low-maintenance surface that resists weather-related	\$152,769	\$154,343	Sep-24	Jan-25

130552-24SA-RTR	SA	Berri Barmera Council	Davis Road, Winkie	Dust from vehicle traffic along Davis Road greatly reduce visibility, particularly in dry conditions, creating safety risks for drivers, pedestrians, and cyclists. The change from unsealed Davis Road to the sealed Dalziel Road and Chapple Road creates a hazardous transition for drivers, particularly when there's a difference in speed or handling expectations. One of the key benefits of sealing Davis Road is that it will eliminate the need for regular re-sheeting programs that are typical for unsealed roads. The existing material on Davis Road will be graded to a width of 8 metres to ensure a stable foundation for the new road surface. A 150 mm layer of crushed rock will be laid down to create a durable base for the road, improving its structural integrity. The final road surface will be treated with a 6.2-metre-wide spray seal (14/7 aggregate), covering approximately 1.2 km of Davis Road. This treatment will provide a smooth, durable surface that will significantly enhance safety and ride quality. The 900 mm shoulder on each side of 6.2 metre seal treatment on Davis Road will provide an additional buffer zone for drivers and pedestrians.	\$202,077	\$202,077	Sep-24	May-25
131827-25SA-RTR	SA	Berri Barmera Council	McDonald Road, Barmera	This stretch of road is prone to erosion, potholes, and wear. The unsealed section generates significant dust during dry weather, making it uncomfortable and potentially hazardous for drivers, particularly when transitioning between the sealed and unsealed sections. It has also become a known source of ongoing customer complaints. McDonald Road, along with Gillespie Road, is one of the last remaining unsealed roads in the allocated area. While Gillespie Road is being upgraded to spray seal through the RTR program this financial year, McDonald Road remains unsealed and poses similar challenges. Given that McDonald Road serves as an important route connecting to the Sturt Highway, sealing this road would significantly improve road safety, reduce maintenance costs, and enhance the driving experience for the general public and pedestrians. The upgrade will involve grading the current sub-base to achieve a suitable formation. Following this, a new 32mm PM-grade road base will be constructed over a stretch of 1.5 km, at a width of 8 metres to a compacted thickness of 150 mm. Appropriate compaction will be carried out to ensure long-term durability. Once the base layer is in place and properly compacted, a 14/7 spray seal treatment will be applied over a 6.2-metre width along the full 1.5 km length. This design will leave 900 mm wide shoulders on each	\$210,000	\$210,000	Sep-25	May-26

131885-25SA-RTR	SA	Berri Barmera Council	Gillespie Road, Berri	The approximately 480 metres of Gillespie Road from De Fontenay has been successfully upgraded to spray seal in past financial years but the remaining 640 metres which links up to McDonald Road remains unsealed. This unsealed section is highly prone to erosion potholes and wear leading to significant safety concerns. During dry weather the road generates excessive dust creating uncomfortable and potentially hazardous conditions for drivers especially when transitioning between the sealed and unsealed sections. Additionally this area has become a consistent source of customer complaints. Upgrading this remaining stretch of road to a spray seal would not only enhance the safety and comfort of drivers but it would also complete the connection to the Sturt Highway integrating the road into the broader bitumen network. The upgrade will involve grading the existing sub base to achieve a stable formation. A 32 mm PM-grade road base will then be constructed over a 640 metre stretch with a width of 8 metres and a compacted thickness of 150 mm. Appropriate compaction will ensure the long term durability of the road. Once the base layer is properly compacted a 14/7 spray seal treatment will be applied across a 6.2-metre width along the full 640 metre length. This design will provide 900 mm wide shoulders on each side ensuring safe space for cyclists and pedestrians.	\$130,000	\$130,000	Sep-25	May-26

Reseal of pavement and surface along one segment of Antilla Way, Flagstaff Hill. Works undertaken as part of the 2024-2025 Reseal Program.	\$51,779	\$53,521	Sep-24	Nov-24
131195-24SA-RTR	SA	City of Onkaparinga	Moritz Road, Blewitt Springs	Road seal failures, some pavement failures and the quality and safety of the road segment. Reseal of pavement and surface along one segment of Moritz Road, Blewitt Springs. Works undertaken as part of the 2024-2025 Reseal Program.	\$80,447	\$80,447	Jul-24	Sep-24
132328-25SA-RTR	SA	City of Onkaparinga	Malpas Road, Tatachilla	Road pavement failures associated with poor pavement condition. Reconstruction of Malpas Rd, in 3 road segments from Main South Road heading east including the Bayliss Rd intersection, for approximately 1,800 metres. Additional \$930,000 to be provided through South Australian Local Government Grants Commission Special Local Roads Program.	\$932,000	\$1,862,000	Jan-25	Jun-25
132329-25SA-RTR	SA	City of Onkaparinga	Bakewell Drive and Ostrich Farm Road, Seaford Heights	New SA DIT duplication works on Main South Rd has removed the opportunity for vehicles to turn right out of Bakewell Drive to head northwards, requiring northbound vehicles to exit via Ostrich Farm Road. Significant investment will be required to upgrade Ostrich Farm Road to be able to accommodate large heavy vehicles, up to 30 m A-double road trains, associated with the development of SRWRA site. Full reconstruction of Bakewell Drive and Ostrich Farm Road, including road geometry upgrades, widening and larger turning lanes to accommodate 26 m and larger heavy vehicles.	\$1,503,000	\$1,503,000	Apr-25	Jun-25

132197-25SA-RTR	SA	City of Playford	Sheedy Road, Virginia	The existing infrastructure on Sheedy Road does not meet the requirements for the future urban environment and community. The Project is critical in supporting the urban growth developments and will meet the following future community needs: •A road form and character that meets the urban design guidelines for the land-use function of the future residential area, •Infrastructure for pedestrian connectivity from the new communities to the Virginia town centre, •Adequate road surface for vehicle movements, •Adequate stormwater management system for the urbanised environment, •Adequate street lighting for the urbanised environment. •New sealed road surface with a 7.6m wide carriageway (from kerb face to kerb face), •New kerb and water table •New 1.5m wide footpath, •New stormwater infrastructure, •New street lighting to urban residential design standard, •New verge between the back of kerb and footpath. Balance of project cost will be funded by council.	\$4,913,000	\$5,882,319	Sep-25	Oct-26
128216-24SA-RTR	SA	City of Port Adelaide Enfield	Beaven Avenue, Broadview	Severe asphalt failure and surface undulation. Kerb damage and water ponding. Replace kerbs as needed, then profile the existing wearing course and apply an asphalt overlay to the road surface.	\$202,279	\$229,677	Aug-24	Dec-24
128217-24SA-RTR	SA	City of Port Adelaide Enfield	Gowland Street, Broadview	Road condition is poor and hence it is due for resealing. Carry out kerb maintenance, profile the existing wearing course and apply an asphalt overlay to the road surface.	\$107,250	\$107,250	Aug-24	Dec-24
128223-24SA-RTR	SA	City of Port Adelaide Enfield	Meredith Street, Broadview	Condition rating of this road is below average and its due for resealing. Carry out kerb maintenance, followed by profiling the existing wearing course and applying an asphalt overlay to the road surface.	\$175,376	\$175,376	Aug-24	Dec-24
128224-24SA-RTR	SA	City of Port Adelaide Enfield	Moresby Ave, Broadview	Condition rating of this road is poor and its due for resealing. Carry out kerb maintenance, profile the existing wearing course and reinstate with new asphalt.	\$155,100	\$212,650	Aug-24	Dec-24
128227-24SA-RTR	SA	City of Port Adelaide Enfield	Winton St, Broadview	Condition rating of this road is poor and its due for resealing. Carry out kerb maintenance, followed by profiling the existing wearing course and applying an asphalt overlay to the road surface.	\$100,189	\$100,189	Aug-24	Dec-24
128231-24SA-RTR	SA	City of Port Adelaide Enfield	Duthie Street, Hillcrest	Road is due for resurfacing. Carry out kerb maintenance, followed by profiling the existing wearing course and applying an asphalt overlay to the road surface.	\$85,789	\$85,789	Aug-24	Oct-24

128232-24SA-RTR	SA	City of Port Adelaide Enfield	Flinders Road, Hillcrest	Condition rating of this road is poor, kerb damage and water ponding. Replace kerbs as needed, then profile the existing wearing course and apply an asphalt overlay to the road surface.	\$191,247	\$191,247	Aug-24	Oct-24
128233-24SA-RTR	SA	City of Port Adelaide Enfield	Kelham Street, Hillcrest	It is due for resurfacing. Carry out kerb maintenance, followed by profiling the existing wearing course and applying an asphalt overlay to the road surface.	\$26,304	\$80,000	Aug-24	Dec-24
128234-24SA-RTR	SA	City of Port Adelaide Enfield	Nestor St, Hillcrest	Due for resurfacing. Carry out kerb maintenance, followed by profiling the existing wearing course and applying an asphalt overlay to the road surface.	\$89,362	\$89,362	Aug-24	Oct-24
128235-24SA-RTR	SA	City of Port Adelaide Enfield	Oxford St, Hillcrest	Asphalt failure and surface undulation. Kerb damage and water ponding. Carry out kerb maintenance, followed by profiling the existing wearing course and applying an asphalt overlay to the road surface.	\$244,242	\$244,242	Aug-24	Oct-24
128236-24SA-RTR	SA	City of Port Adelaide Enfield	Preston St, Hillcrest	Condition rating of this road is poor and its due for resealing. Carry out kerb maintenance, followed by profiling the existing wearing course and applying an asphalt overlay to the road surface.	\$35,121	\$35,121	Aug-24	Oct-24
128237-24SA-RTR	SA	City of Port Adelaide Enfield	Treweck Ave, Hillcrest	Asphalt cracking, kerb and gutter damage and water ponding. Carry out kerb maintenance, followed by profiling the existing wearing course and applying an asphalt overlay to the road surface.	\$202,000	\$236,000	Aug-24	Dec-24
128238-24SA-RTR	SA	City of Port Adelaide Enfield	Voss Street, Hillcrest	Asphalt failure and surface undulation. Kerb damage and water ponding. Carry out kerb replacement as required, profile the existing wearing course and reinstate with new asphalt	\$74,685	\$74,685	Aug-24	Oct-24
128966-24SA-RTR	SA	City of Port Adelaide Enfield	Godfrey St, port Adelaide	Condition rating of this road is poor with severe cracking. Profile the existing wearing course and carry out a deep lift 100 mm asphalt overlay on the road surface.	\$92,286	\$92,286	Jul-24	Oct-24
134624-25SA-RTR	SA	City of Port Adelaide Enfield	Hinton Rd, Greenacres	Road is due for reconstruction due to failure and also getting widened slightly to accommodate safe and convenient street parking. Replacing full length of kerbing along both sides of the road, reconstructing the pavement basecourse, and applying a new asphalt wearing course.	\$240,000	\$240,000	Oct-25	Dec-25

134626-25SA-RTR	SA	City of Port Adelaide Enfield	Whysall Rd, Greenacres	Significant pavement failure and kerbs holding water along various locations. Pavement is due for reconstruction as identified in Council's pavement model. Addressing number of complaints received by St Martin School located along this street and parents dropping off their kids regarding water ponding and traffic congestion. Full reconstruction is proposed between Fosters Road and Kilner Road and deep lift pavement is proposed between Kilner Road and Vasey Street. 100% of kerbing will be reconstructed to achieve minimum longitudinal grades and mitigate water pooling issues. Traffic devices along this stretch of the road are getting reviewed and modified. All of the pram ramps will be upgraded and school children crossing will be upgraded as part of the works.	\$900,000	\$900,000	Oct-25	Feb-26
134642-25SA-RTR	SA	City of Port Adelaide Enfield	Cookes Rd, Windsor Gardens	Severe failure along the full length and kerb segments are damaged and is due for renewal. Kerbs will be replaced as needed; existing wearing course will be replaced with new asphalt wearing course	\$410,000	\$410,000	Nov-25	Feb-26
134643-25SA-RTR	SA	City of Port Adelaide Enfield	Mary Street, Ethelton	The road surface has deteriorated and failed in several areas, requiring resealing. Some kerb sections are also in poor condition and holding water. Damaged kerbs will be replaced where required, the existing surface will be profiled and a new asphalt wearing course will be laid.	\$205,000	\$205,000	Nov-25	Feb-26
134644-25SA-RTR	SA	City of Port Adelaide Enfield	Maud Street, Ethelton	The existing pavement has deteriorated beyond repair and now requires resealing. In addition, several kerb segments are damaged. Works include replacement of deteriorated kerb sections, profiling of the existing surface and application of a new asphalt wearing course.	\$208,000	\$208,000	Nov-25	Jan-26
134645-25SA-RTR	SA	City of Port Adelaide Enfield	Old Pelham Street, Ethelton	The pavement surface has reached the end of its service life with failures and poor drainage observed along kerb sections. The scope includes selective kerb replacement, surface profiling and resurfacing with new asphalt to restore pavement condition.	\$229,283	\$229,283	Nov-25	Feb-26
129976-24SA-RTR	SA	City of Port Lincoln	Dobbins Street, Port Lincoln	Repairs to damaged kerbs and surface restoration by bitumen reseal of existing. Repairs to kerbs and reseal Double Coat 10/5 Spray Seal	\$20,000	\$20,000	Dec-24	Apr-25
129977-24SA-RTR	SA	City of Port Lincoln	Eric Avenue, Port Lincoln	Surface restoration by bitumen reseal of existing. Double Coat 10/5 Spray Seal	\$9,992	\$9,992	Dec-24	Jun-25
129978-24SA-RTR	SA	City of Port Lincoln	Hecla Street, Port Lincoln	Surface restoration by bitumen reseal of existing. Double Coat 10/5 Spray Seal	\$29,090	\$29,090	Dec-24	Jun-25
129979-24SA-RTR	SA	City of Port Lincoln	Lawson Drive, Port Lincoln	Surface restoration by asphalt plane and replace of Cul-de-sac ends to prevent damage from heavy vehicles turning. Surface restoration of remaining road by bitumen reseal of existing. Double Coat 10/5 Spray Seal, Asphalt at cul-de-sac ends	\$30,232	\$30,232	Dec-24	Apr-25

129980-24SA-RTR	SA	City of Port Lincoln	Marine Avenue, Port Lincoln	Surface restoration by bitumen reseal of existing. Double Coat 10/5 Spray Seal	\$27,510	\$27,510	Dec-24	Apr-25
129981-24SA-RTR	SA	City of Port Lincoln	Mark Street, Port Lincoln	Surface restoration by bitumen reseal of existing. Double Coat 10/5 Spray Seal	\$18,000	\$18,000	Dec-24	Apr-25
129982-24SA-RTR	SA	City of Port Lincoln	Martindale Crescent, Port Lincoln	Surface restoration by bitumen reseal of existing. Double Coat 10/5 Spray Seal	\$26,241	\$26,241	Dec-24	Apr-25
129983-24SA-RTR	SA	City of Port Lincoln	Normandy Place, Port Lincoln	Repairs to damaged kerbs and surface restoration by bitumen reseal of existing. Project to be split over multiple years. Repairs to kerbs and Double Coat 10/5 Spray Seal. Balance of Funding to be covered on 2025-26	\$14,964	\$95,000	Jul-24	Jun-25
129984-24SA-RTR	SA	City of Port Lincoln	Pearson Avenue, Port Lincoln	Repairs to damaged kerbs and surface restoration by bitumen reseal of existing. This project will be split over multiple years Repairs to damaged kerbs and surface restoration by bitumen reseal of existing Double Coat 10/5 Spray Seal Balance of funding to be covered by future R2R allocation 25/26	\$63,438	\$110,000	Dec-24	Jun-25
129985-24SA-RTR	SA	City of Port Lincoln	Roslyn Street, port Lincoln	Repairs to damaged kerbs and surface restoration by bitumen reseal of existing. Repairs to damaged kerbs and surface restoration by bitumen reseal of Double Coat 10/5 Spray Seal	\$30,000	\$30,000	Dec-24	Jun-25
129986-24SA-RTR	SA	City of Port Lincoln	Robertson Road, Port Lincoln	Surface restoration by bitumen reseal of existing. Double Coat 10/5 Spray Seal	\$45,805	\$45,805	Dec-24	Apr-25
129988-24SA-RTR	SA	City of Port Lincoln	Smith Street, Port Lincoln	Surface restoration by bitumen reseal of existing. Double Coat 10/5 Spray Seal	\$31,728	\$31,728	Dec-24	Jun-25
134209-25SA-RTR	SA	City of Port Lincoln	Duncan Avenue, Port Lincoln	Deteriorating road surface at the end of its useful life. Surface restoration by bitumen reseal of the existing road surface. Road to be resealed with a double coat 10/5 spray seal treatment	\$23,588	\$23,588	Nov-25	Jun-26
134210-25SA-RTR	SA	City of Port Lincoln	Grantala Road, Port Lincoln	Deteriorating road surface at the end of its useful life. Surface restoration by bitumen reseal of the existing road surface. Road to be resealed with a double coat 10/5 spray seal treatment	\$15,176	\$15,176	Nov-25	Jun-26
134211-25SA-RTR	SA	City of Port Lincoln	Grantala Road, Port Lincoln	Major edge breaks and deteriorating road surface at the end of its useful life. Surface restoration by bitumen reseal of the existing road surface and edge works. Road to be resealed with a double coat 10/5 spray seal treatment	\$53,789	\$53,789	Nov-25	Jun-26
134212-25SA-RTR	SA	City of Port Lincoln	Margaret Avenue, Port Lincoln	Damaged kerbing and deteriorating road surface at the end of its useful life. Repair damaged kerbing and surface restoration by bitumen reseal of the existing road surface. Road to be resealed with a double coat 10/5 spray seal treatment	\$33,666	\$33,666	Nov-25	Jun-26

134214-25SA-RTR	SA	City of Port Lincoln	Kurara Road, Port Lincoln	Deteriorating road surface at the end of its useful life. Surface restoration by bitumen reseal of the existing road surface. Road to be resealed with a double coat 10/5 spray seal treatment	\$48,585	\$48,585	Nov-25	Jun-26
134215-25SA-RTR	SA	City of Port Lincoln	Normandy Place, Port Lincoln	Damaged kerbing and deteriorating road surface at the end of its useful life. Repair damaged kerbing and surface restoration by bitumen reseal of the existing road surface. Road to be resealed with a double coat 10/5 spray seal treatment	\$10,792	\$10,792	Jul-25	Jun-26
134216-25SA-RTR	SA	City of Port Lincoln	Normandy Place, Port Lincoln	Damaged kerbing and deteriorating road surface at the end of its useful life. Repair damaged kerbing and surface restoration by bitumen reseal of the existing road surface. Road to be resealed with a double coat 10/5 spray seal treatment	\$35,612	\$35,612	Nov-25	Jun-26
134219-25SA-RTR	SA	City of Port Lincoln	Tobruk Terrace, Port Lincoln	Deteriorating road surface at the end of its useful life. Surface restoration by bitumen reseal of the existing road surface. Road to be resealed with a double coat 10/5 spray seal treatment	\$34,755	\$34,755	Nov-25	Jun-26
134220-25SA-RTR	SA	City of Port Lincoln	Walter Street, Port Lincoln	Deteriorating road surface at the end of its useful life. Surface restoration by bitumen reseal of the existing road surface. Road to be resealed with a double coat 10/5 spray seal treatment	\$48,192	\$48,192	Nov-25	Jun-26
130872-24SA-RTR	SA	City of Prospect	Labrina Avenue, Prospect SA 5082	The existing road infrastructure is in poor condition, has crocodile cracking in some areas, and requires new road surfacing. A new road resurfacing is required, including a deep lift pavement treatment in areas where cracking is present. The additional funding required for this project, aside from the R2R funding, will be sourced from the Road Construction Capital Renewal Budget for FY24/25.	\$179,240	\$193,462	Apr-25	May-25
130873-24SA-RTR	SA	City of Prospect	Alabama Avenue, Prospect SA 5082	The existing road infrastructure is in poor condition and requires new road surfacing A new road resurfacing is required to improve the quality of infrastructure. The additional funding required for this project, aside from the R2R funding, will be sourced from the Road Construction Capital Renewal Budget for FY24/25.	\$45,195	\$45,195	Apr-25	May-25
130874-24SA-RTR	SA	City of Prospect	Staffa Street, SA Broadview 5083	The existing road infrastructure is in poor condition and requires new road surfacing. A new road resurfacing is required. The additional funding required for this project, aside from the R2R funding, will be sourced from the Road Construction Capital Renewal Budget for FY24/25.	\$40,877	\$40,877	Apr-25	May-25

133496-25SA-RTR	SA	City of Prospect	Olive Street, Prospect	The existing road infrastructure is in poor condition with crocodile cracking and pavement displacement requiring a road reconstruction with deep lift pavement treatments to the road carriageway. The works proposed has identified the reconstruction of the road including basecourse and subbase reconstruction with a deep lift pavement treatment to the road carriageway and parking lanes. The total cost of the works is \$1,149,098.00, with the proposed allocations for FY2025/26 & FY 2026/27 with a \$714,301, Council will fund the remaining funds of \$434,797 from its road reconstruction renewal allocation from FY 2025/26.	\$714,301	\$1,149,098	Dec-25	Feb-26
127937-24SA-RTR	SA	City of Salisbury	Amsterdam Crescent, Salisbury Downs	As part of the works proposed in year 21/22 this road was deferred and committed to be completed once construction activity had been completed. As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet accepted service levels. This road is an access road for a major high school in the area that connects two major roads in the area. It has significant cracking including block cracking. Service trenches have been affected by settlement creating deformations including tree growth also creating undulations in the road. This road is affected by ground movement, seasonal climatic impacts with asphalt levels being affected. Complete an asphalt overlay that includes innovative Kevlar fibre to mitigate the risk of ongoing cracking and deformation. The City of Salisbury will be providing the balance of funding for this project.	\$545,311	\$810,555	Sep-24	Feb-25
127938-24SA-RTR	SA	City of Salisbury	Wynn Vale Drive, Gulfview Heights	As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet accepted service levels. This road is an access road for connection between council areas. This road has also been identified by DIT and under community consultation to improve the intersection of Bridge Road and Wynn Vale Drive. It has significant cracking including block cracking. Service trenches have been affected by settlement creating deformations including tree growth also creating undulations in the road. This road is affected by ground movement, seasonal climatic impacts with asphalt levels being affected. Complete an asphalt overlay that includes innovative Kevlar fibre to mitigate the risk of ongoing cracking and deformation. The City of Salisbury will be providing the balance of funding for this project.	\$382,847	\$669,574	Jul-24	Feb-25

127939-24SA-RTR	SA	City of Salisbury	Winzor Street, Salisbury	As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet accepted service levels. This road is an access road for connection schools, shopping centres and suburbs to connect from two major roads Waterloo Corner to Pt Wakefield Road. Bus movements on this road is contributing to asphalt stresses. It has significant cracking including block cracking. Service trenches have been affected by settlement creating deformations including. This road is affected by ground movement, seasonal climatic impacts with asphalt levels being affected. Complete an asphalt overlay that includes innovative Kevlar fibre and reinforcing polymer grid to mitigate the risk of ongoing cracking. The City of Salisbury will be providing the balance of funding for this project.	\$756,522	\$1,183,838	Sep-24	Feb-25
127940-24SA-RTR	SA	City of Salisbury	Woomera Avenue, Edinburgh	As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet accepted service levels. This road is in an industrial area that is growing and increasing heavy truck movements. It has significant cracking including block cracking. Service trenches have been affected by settlement creating deformations including. This road is affected by ground movement, seasonal climatic impacts including tree impacts. Complete an asphalt overlay that includes innovative Kevlar fibre and SAMI seal mitigate the risk of ongoing cracking. The City of Salisbury will be providing the balance of funding for this project.	\$397,607	\$686,778	Jul-24	Feb-25
133235-25SA-RTR	SA	City of Salisbury	Quinlivan Road, Pooraka	As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet the accepted service levels. This road has significant cracking and localised deformation from settlement and tree root impacts. The road also has aging pavement with historical patching. Complete an Asphalt overlay using AC10M A5E with 20% patching and HATELIT to mitigate the risk of ongoing cracking and deformation. The City of Salisbury will be providing the balance of funding for this project.	\$702,337	\$843,063	Oct-25	Dec-25
133236-25SA-RTR	SA	City of Salisbury	Castle Drive, Pooraka	As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet the accepted service levels. This road exhibits widespread block cracking and surface wear. The City of Salisbury will be providing the balance of funding for this project. Complete Mill and Asphalt replacement using AC10M A5E to mitigate cracking and surface wear.	\$269,602	\$344,297	Oct-25	Dec-25

133237-25SA-RTR	SA	City of Salisbury	Muriel Drive, Pooraka	As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet accepted service levels. This section shows signs of environmental (age-related) cracking throughout, with generally acceptable pavement shape. There is evidence of a previous rejuvenation treatment over part of the road. Minor subsidence is visible in earlier patched areas, and there is asphalt deformation (shoving) along the road. Complete and Asphalt overlay using AC10M A5E to mitigate cracking and deformation. The City of Salisbury will be providing the balance of funding for this project.	\$295,123	\$377,010	Oct-25	Dec-25
133238-25SA-RTR	SA	City of Salisbury	Northbri Avenue, Salisbury East	As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet accepted service levels. The road condition has deteriorated due to extensive cracking, minor surface undulations, and widespread service trenching, all of which have impacted the pavement condition. Complete an asphalt overlay using AC10M A5E to mitigate cracking and preserve the pavement condition. The City of Salisbury will be providing the balance of funding for this project.	\$571,046	\$757,485	Oct-25	Dec-25
133240-25SA-RTR	SA	City of Salisbury	Henderson Avenue, Pooraka	As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet accepted service levels. The road surface is aging and oxidation, with minor cracking and requires rejuvenation to extend asset life. Complete a surface rejuvenation using JetBlack treatment. The City of Salisbury will be providing the balance of funding for this project.	\$123,764	\$178,882	Jan-26	Mar-26
133241-25SA-RTR	SA	City of Salisbury	Fern Grove Boulevard, Salisbury East	As part of City of Salisbury ongoing road audit process, it was identified for intervention to meet accepted service levels. This road has widespread surface wear and minor cracking which requires rejuvenation to extend asset life. Complete a surface rejuvenation using JetBlack treatment. The City of Salisbury will be providing the balance of funding for this project.	\$68,424	\$85,576	Jan-26	Mar-26
134475-25SA-RTR	SA	City of Salisbury	Clayson Road, Salisbury East	As a part of City of Salisbury ongoing road audit process, it was identified for intervention to meet accepted service levels. This road exhibits widespread age-related cracking and deformation. Complete and Asphalt overlay using AC10M A5E to mitigate cracking and deformation. The City of Salisbury will be providing the balance of funding for this project.	\$532,518	\$624,642	Oct-25	Dec-25

129449-24SA-RTR	SA	City of Tea Tree Gully	Golden Grove Road, Modbury	The road pavement can not support the traffic loading of cars, heavy vehicles and busses entering the Tea Tree Plaza Bus Interchange and Shopping Centre. The road is showing signs of undulation and cracking of the road surface. The rehabilitation of the road by replacing the road pavement and surface	\$382,387	\$382,387	Oct-24	Nov-24
130463-24SA-RTR	SA	City of Tea Tree Gully	Steventon Drive, Banksia Park	The underlying road pavement has failed. There are significant depressions that need to be corrected with replacing the road structure, additional asphalt patching and asphalt overlay. Council is also looking to improve parking by adding associated parking bays along the reserve side of the road. The rehabilitation of the road by replacing the road pavement and surface with kerbing and added parking bays.	\$1,200,000	\$1,200,000	Feb-25	Jun-26
130464-24SA-RTR	SA	City of Tea Tree Gully	Surrey Farm Drive, Wynn Vale	The underlying road pavement has failed. There are significant depressions that need to be corrected with replacing the road structure, additional asphalt patching and asphalt overlay. The rehabilitation of the road by replacing the road pavement and surface, including a roundabout.	\$1,200,000	\$1,200,000	Feb-25	Jun-26
134989-25SA-RTR	SA	City of Tea Tree Gully	Grenfell Road, Redwood Park	The underlying pavement has failed - signs of crocodile cracking and depressions on the surface, that will need to be corrected with replacing sections of the road surface with asphalt patching and asphalt deep lift in various spots on all lanes. The rehabilitation of the road surface by replacing various sections with and overlay and or deep lift dependent on report being provided by assessors.	\$700,000	\$700,000	Nov-25	Jun-26
130188-24SA-RTR	SA	City of Victor Harbor	Jagger Road, Encounter Bay	Unsafe wearing surface, inadequate stormwater management, improve pedestrian safety and traffic movement New kerb and gutter, asphalt road surface, parking bays, concrete footpath and lighting. Funded as follows: RTR \$355,740 / Special Local Roads Program \$385,000 / City of Victor Harbor \$634,260	\$355,740	\$1,375,000	Jul-24	Feb-25
133409-25SA-RTR	SA	City of Victor Harbor	Whalers Road, Encounter Bay	Unsafe wearing surface and inadequate stormwater management. Full pavement reconstruction, kerb and gutter to both sides of the road and enlarged stormwater infrastructure (including reinforced concrete pipes and side entry pits). Project will be funded by R2R (\$437,834) and Council (\$1,407,166).	\$437,834	\$1,845,000	Jan-26	Jun-26
130207-24SA-RTR	SA	City of West Torrens	Pearson Street, Hilton	Pavement, seal and kerb have reached their end of useful life. Full reconstruction of pavement, seal and kerb.	\$408,195	\$408,195	Nov-24	Feb-25
130208-24SA-RTR	SA	City of West Torrens	Coral Sea Road, Fulham	Seal and kerb have reached their end of useful life. Full reseal and kerb reconstruction. - Council will fund the balance of the funding	\$394,453	\$558,831	Feb-25	May-25

134753-25SA-RTR	SA	City of West Torrens	North Parade, Torensville	Pavement, seal and kerb have reached their end of useful life. Full reconstruction of pavement, seal and kerb and Intersection upgrades. Total project estimate \$2,308,997, RTR funding allocation \$987,875 balance of \$1,321,122 funded by Council.	\$987,875	\$2,308,997	Oct-25	Apr-26
128859-24SA-RTR	SA	Clare & Gilbert Valleys Council	Cornwell Road, Hilltown	The road surface is in poor condition and worn through to the subgrade in sections. It is very dusty and rough in the drier months. The road will have vegetation trimmed, be formed and re-sheeted. Source of the Joint Funding is from Council's own funds.	\$47,000	\$105,228	Jan-25	Jun-25
128860-24SA-RTR	SA	Clare & Gilbert Valleys Council	Days Hill Road, Giles Corner	The road surface is in poor condition and worn through to the subgrade in sections. It is very slippery in the wet and dusty and rough in the drier months. The road will have vegetation trimmed, be formed and re-sheeted. Source of the Joint Funding is from Council's own funds.	\$47,484	\$102,788	Oct-24	Jan-25
128861-24SA-RTR	SA	Clare & Gilbert Valleys Council	Kapunda Road, Tarnma	The road surface is in poor condition and worn through to the subgrade in sections. It is very dusty and rough in the drier months. The road will have vegetation trimmed, be formed and re-sheeted. Source of the Joint Funding is from Council's own funds.	\$50,000	\$124,682	Aug-24	Dec-24
128862-24SA-RTR	SA	Clare & Gilbert Valleys Council	Woolshed Flat Road, Halbury	The road surface is in poor condition and worn through to the subgrade in sections. Capital works are required to maintain road asset service levels as it is very dusty and rough in the drier months. The road will have vegetation trimmed, be formed and re-sheeted. Source of the Joint Funding is from Council's own funds.	\$60,000	\$102,991	Nov-24	Mar-25
128863-24SA-RTR	SA	Clare & Gilbert Valleys Council	Bruce Road, Riverton	The road surface is in poor condition and worn through to the subgrade in sections. The road is a commodity route, heavily used by larger vehicles and capital works are required to maintain road asset service levels. The road will have vegetation trimmed, be formed and re-sheeted. Source of the Joint Funding is from Council's own funds.	\$25,253	\$160,817	Sep-24	Mar-25
131281-24SA-RTR	SA	Clare & Gilbert Valleys Council	Main Road 45, Waterloo	Pavement failures in the sealed road surface. Road surface to be dug out and stabilised, additional materials will be added and then re-sealed.	\$10,964	\$10,964	Nov-24	Mar-25
131282-24SA-RTR	SA	Clare & Gilbert Valleys Council	Waterloo Road, Manoora	Pavement failures in the sealed road surface. Road surface to be dug out and stabilised, edge repairs completed and then re-sealed.	\$11,433	\$11,433	Nov-24	Mar-25
131283-24SA-RTR	SA	Clare & Gilbert Valleys Council	Min Man Road, Manoora	Pavement failures in the sealed road surface. Road surface to be dug out and stabilised, edge repairs completed and then re-sealed.	\$10,275	\$10,275	Nov-24	Mar-25
131284-24SA-RTR	SA	Clare & Gilbert Valleys Council	Annie's Lane, Polish Hill River	Pavement failures in the sealed road surface. Road surface to be stabilised, edge repairs completed and then re-sealed.	\$16,115	\$16,115	May-25	Jun-25

129935-24SA-RTR	SA	Coorong District Council	Buccleuch North Road, Buccleuch	Road pavement deteriorated beyond useful life. Reconstruction of existing unsealed road to achieve a minimum of 100 millimetres of compacted road surface to a width of 6 m including shoulders. Works include the rehabilitation of existing material and the importing of additional material.	\$136,750	\$136,750	Aug-25	Oct-25
129936-24SA-RTR	SA	Coorong District Council	Richardson Road, Culburra	Road pavement deteriorated beyond useful life. Reconstruction of existing unsealed road to achieve a minimum of 150 millimetres of compacted road surface to a width of 8 m including shoulders. Works include the rehabilitation of existing material and the importing of additional material.	\$99,779	\$99,779	Aug-24	Sep-24
129937-24SA-RTR	SA	Coorong District Council	Heinrich Road, Coonalpyn	Road pavement deteriorated beyond useful life. Reconstruction of existing unsealed road to achieve a minimum of 150 millimetres of compacted road surface to a width of 8 m including shoulders. Works include the rehabilitation of existing material and the importing of additional material.	\$162,693	\$162,693	Oct-24	Dec-24
129938-24SA-RTR	SA	Coorong District Council	Masons Lookout Rd, Ashville	Road pavement deteriorated beyond useful life. Reconstruction of existing unsealed road to achieve a minimum of 150 millimetres of compacted road surface to a width of 8 m including shoulders. Works include the rehabilitation of existing material and the importing of additional material.	\$171,725	\$171,725	Dec-24	Jun-25
131372-24SA-RTR	SA	Coorong District Council	Settlers Road, Field	Road pavement deteriorated beyond useful life. Reconstruction of existing unsealed road to achieve a minimum of 150 mm of compacted road surface to a width of 8 m including shoulders. Works include the rehabilitation of existing material and the importing of additional material. Additional funding will be sourced through Councils Unsealed Roads Renewal Program.	\$63,966	\$389,000	Apr-25	Jun-25

133497-25SA-RTR	SA	Coorong District Council	Malinong Rd, Malinong	Road pavement deteriorated beyond useful life. Reconstruction of existing unsealed road to achieve a minimum of 150 millimetres of compacted road surface to a width of 8 m including shoulders. Works include the rehabilitation of existing material and the importing of additional material.	\$372,475	\$407,533	Sep-24	Dec-24
134016-25SA-RTR	SA	Coorong District Council	Loveday Bay Rd, Narrung	Road pavement deteriorated beyond useful life. Reconstruction of existing unsealed road to achieve a minimum of 150 millimetres of compacted road surface to a width of 8 m including shoulders. Works include the rehabilitation of existing material and the importing of additional material.	\$457,800	\$457,800	Oct-25	Feb-26
134030-25SA-RTR	SA	Coorong District Council	Jabuk South Road, Carcuma	Road pavement deteriorated beyond useful life. Reconstruction of existing unsealed road to achieve a minimum of 150 millimetres of compacted road surface to a width of 8 m including shoulders. Works include the rehabilitation of existing material and the importing of additional material.	\$359,700	\$359,700	Oct-25	Dec-25
129259-24SA-RTR	SA	Copper Coast Council	Matta Street, Wallaroo	Matta Street has a large sinkage in the existing pavement from an existing sewer trench. The road crown is high leading to stormwater issues on the road. The Copper Coast Council have previously adjusted existing stormwater infrastructure to ensure road longevity. The road seal has failed. Council are proposing to stabilise the road and seal with a 14/7 mm two coat spray seal as per Council's 5 year transport plan. Council are seeking \$78,436.00 from the R2R program and the remaining funding of \$78,436.00 will be sourced from Council's budget.	\$78,436	\$156,872	Nov-24	Nov-24
129294-24SA-RTR	SA	Copper Coast Council	Frances Terrace, Kadina	The current pavement and road seal has failed. There are several cracks in the seal surface and constant sealing maintenance is required by Council staff. This road is currently used as an access road for both light and heavy vehicles for businesses in Kadina. Council are proposing to stabilise the road to increase pavement strength and seal the surface with a new 14/7 mm two coat spray seal layer. This road is in the Council's 5 year transport plan. The Council are seeking funding from the Roads to Recovery of \$164,463 to complete the project. The remaining funding will be sourced from Council's budget of \$164,463	\$164,463	\$328,926	Jul-24	Jun-26

130532-24SA-RTR	SA	Copper Coast Council	Moonta Road, Moonta Bay	The project will transition a dirt road to a new sealed road for residents. This will also manage the ongoing dust complaints from residents along the road. The council is working on their long-term transport plan across Moonta Bay. This will be stage 1 over 3 projects along Moonta Road for future developments to sealed roads, storm water upgrades and supporting safer roads for residential properties. Council is seeking support funding from Roads to Recovery of \$514,000 to complete this project. The remaining funding will be delivered under the council budget of \$514,000.	\$514,000	\$1,028,000	May-25	Dec-25
133864-25SA-RTR	SA	Copper Coast Council	Brittain Road, Kadina	Brittain Road has had a long history of stormwater issues. It is the lowest lying road in the area. Council wish to kerb and seal the road to fix stormwater issues on the road. Copper Coast Council wish to install new stormwater infrastructure to the northern side of the road in addition to kerbing and sealing the road. This will allow for greater stormwater control on the road and mitigate flooding risk for residents. Council are seeking \$281,895.44 from the R2R program and the remaining funding of \$320,000 will be sourced from Council's budget (funds available now).	\$281,895	\$601,896	Jan-26	May-26
127549-24SA-RTR	SA	Corporation of the City of Campbelltown	Silvermere Avenue, Paradise	To address the structural integrity of the road pavement due to soil movement from very reactive soil. This road has a severe environmental deformation and cracking with moderate load induce cracking. Surface texture has a severe defect. Council's Pavement Management System has indicated that this road is warranted for total road reconstruction. The work will involve a full road reconstruction by total excavation of road base and replacement with a deeper granular pavement to ensure the structure and integrity of the road from possible future soil movement. The works include replacing existing kerbs, driveway, traffic control and improving the drainage system. The road pavement being treated is 281 m in length and 7.4 m in width. The additional costs required to fund the remaining portion of the project will be supplied by Campbelltown Council and this \$216,990 has been budgeted for.	\$200,000	\$640,374	Sep-24	Nov-25

127551-24SA-RTR	SA	Corporation of the City of Campbelltown	Orchard Grove/Court, Newton	To address the structural integrity of the road pavement due to soil movement from very reactive soil. This road has a severe environmental deformation and cracking with moderate load induce cracking. Surface texture has a severe defect. Council's Pavement Management System has indicated that this road is warranted for total road reconstruction. The work will involve a full road reconstruction by total excavation of road base and replacement with a deeper granular pavement to ensure the structure and integrity of the road from possible future soil movement. The works include replacing existing kerbs, driveway, traffic control and improving the drainage system. The road pavement being treated is 247 m in length and 7.6 m in width. The additional costs required to fund the remaining portion of the project will be supplied by Campbelltown Council and this \$213,334 has been budgeted for.	\$200,000	\$413,334	Sep-24	Aug-25
127552-24SA-RTR	SA	Corporation of the City of Campbelltown	Greenknoll Avenue, Rostrevor	To address the structural integrity of the road pavement due to soil movement from very reactive soil. This road has a severe environmental deformation and cracking with moderate load induce cracking. Surface texture has a severe defect. Council's Pavement Management System has indicated that this road is warranted for total road reconstruction. The work will involve a full road reconstruction by total excavation of road base and replacement with a deeper granular pavement to ensure the structure and integrity of the road from possible future soil movement. The works include replacing existing kerbs, driveway, traffic control and improving the drainage system. The road pavement being treated is 457 m in length and 6.8 m in width. The additional costs required to fund the remaining portion of the project will be supplied by Campbelltown Council and this \$205,888 has been budgeted for.	\$297,798	\$511,039	Sep-24	Nov-25

131118-24SA-RTR	SA	Corporation of the City of Campbelltown	Gladstone Avenue, Magill	To address the structural integrity of the road pavement due to soil movement from very reactive soil. This road has a severe environmental deformation and cracking with moderate load induce cracking. Surface texture has a severe defect. Council's Pavement Management System has indicated that this road is warranted for total road reconstruction. The work will involve a full road reconstruction by total excavation of road base and replacement with a deeper granular pavement to ensure the structure and integrity of the road from possible future soil movement. The works include replacing existing kerbs, driveway, traffic control and improving the drainage system. The road pavement being treated is 680 m in length and 9.2 m in width. The additional costs required to fund the remaining portion of the project will be supplied by Campbelltown Council and this \$256,171 has been budgeted for.	\$858,829	\$1,115,000	Sep-25	May-26

New construction of kerb & gutters improving street drainage flows. Existing asphalt will be removed and resurfaced with asphalt. Total project cost: \$53,092. Funded by \$31,514 from Roads to Recovery (RTR) and \$21,578 from Council rates.	\$31,514	\$53,092	Mar-26	Mar-26

133703-25SA-RTR	SA	Corporation of the City of Marion	Bundarra Road, Marino	Improving wearing course, extending road's lifespan by reducing maintenance costs. Reconstruction of damaged sections of kerb & gutter to improve drainage. Profile 40mm depth and resurface/ reseal the road with asphalt pavement. Total project cost: \$300,000. Funded by \$75,000 from Roads to Recovery (RTR) and \$225,000 from Council rates.	\$75,000	\$300,000	Mar-26	Mar-26
133704-25SA-RTR	SA	Corporation of the City of Marion	Milham Street, Oaklands Park	Road surface failure and unsafe undulations for drivers. Existing asphalt will be removed and resurfaced with new double layer of asphalt. Total project cost: \$247,523. Funded by 61,881 from Roads to Recovery (RTR) and \$185,642 from Council rates.	\$61,881	\$247,523	Nov-25	Nov-25
133705-25SA-RTR	SA	Corporation of the City of Marion	The Cove Road North Carriageway, Hallett Cove	Road surface failure and unsafe undulations for drivers. Existing asphalt will be removed and resurfaced with new double layer of asphalt. Total project cost: \$218,962. Funded by 54,741 from Roads to Recovery (RTR) and \$164,221 from Council rates.	\$54,741	\$218,962	Mar-26	Mar-26
133706-25SA-RTR	SA	Corporation of the City of Marion	The Cove Road, Hallett Cove	Road surface failure and unsafe undulations for drivers. Deep lift asphalt treatment up to a depth of 50mm. The existing road will milled up to a depth of 50mm and replaced with asphalt. Total project cost: \$122,323. Funded by \$30,581 from Roads to Recovery (RTR) and \$91,742 from Council rates.	\$30,581	\$122,323	Mar-26	Mar-26
129695-24SA-RTR	SA	Corporation of the City of Norwood Payneham	Rosemont Lane, Norwood	Rosemont Lane was converted to a public laneway in the last few years. It is currently unsealed (rubble surface). Sealing the laneway will formalise the roadway and reduce the risk of tyre damage, as well as reduce the flooding risk for nearby dwellings. Lay asphalt for the north-south section of the laneway, as per standard Council roads. Lay permeable brick pavers for the east-west section, primarily to minimise the damage to several significant trees located just off the laneway. Install stormwater drainage infrastructure (including pump tank and rising main) to ensure optimal stormwater management within the laneway. It is proposed that entire 2024-2025 allocation of City of Norwood Payneham & St Peters of \$470,990 be used for this project, with the City of Norwood Payneham & St Peters funding the balance of the total project cost.	\$470,990	\$579,327	Apr-25	Sep-25
132814-25SA-RTR	SA	Corporation of the City of Port Augusta	Hamilton Road, Port Augusta West	Sections of roadway have been flagged in our Asset Management System as requiring resealing. Two coat bitumen spray seal (10/5 mm aggregate with crumbed rubber binder). Council will allocate it's own funds from existing capital renewal budgets to meet the total project cost.	\$50,000	\$60,868	Jun-25	Dec-25

132816-25SA-RTR	SA	Corporation of the City of Port Augusta	McSporran Crescent, Port Augusta West	Sections of roadway have been flagged in our Asset Management Data as requiring resealing. Two coat bitumen spray seal (10/5 mm aggregate with crumbed rubber binder). Council will allocate it's own funds from existing capital renewal budgets to meet the total project cost.	\$150,000	\$165,477	Jun-25	Dec-25
132818-25SA-RTR	SA	Corporation of the City of Port Augusta	McIntosh Crescent, Port Augusta West	Sections of roadway have been flagged in our Asset Management Data as requiring resealing. Two coat bitumen spray seal (10/5 mm aggregate with crumbed rubber binder). Council will allocate it's own funds from existing capital renewal budgets to meet the total project cost.	\$30,000	\$39,358	Jun-25	Dec-25
132819-25SA-RTR	SA	Corporation of the City of Port Augusta	Callier Street, Stirling North	Sections of roadway have been flagged in our Asset Management Data as requiring resealing. Two coat bitumen spray seal (10/5 mm aggregate with crumbed rubber binder). Council will allocate it's own funds from existing capital renewal budgets to meet the total project cost.	\$40,000	\$47,382	Jun-25	Dec-25
132820-25SA-RTR	SA	Corporation of the City of Port Augusta	Progress Avenue, Stirling North	Sections of roadway have been flagged in our Asset Management Data as requiring resealing. Two coat bitumen spray seal (10/5 mm aggregate with crumbed rubber binder). Council will allocate it's own funds from existing capital renewal budgets to meet the total project cost.	\$70,000	\$78,674	Jun-25	Dec-25
132821-25SA-RTR	SA	Corporation of the City of Port Augusta	Wastall Avenue, Stirling North	Sections of roadway have been flagged in our Asset Management Data as requiring resealing. Two coat bitumen spray seal (10/5 mm aggregate with crumbed rubber binder). Council will allocate it's own funds from existing capital renewal budgets to meet the total project cost.	\$33,004	\$58,046	Jun-25	Dec-25
129458-24SA-RTR	SA	Corporation of the City of Unley	Victoria Avenue, Unley Park	The road consists of pavement and road surface failure and degraded kerb and water table that results in ponding of stormwater. The works will include new kerbing on both sides of the road to facilitate drainage, deep lift pavement rehabilitation in identified locations and a surface reseal for the entire road length. The project is to be jointly funded by the City of Unley and RTR. City of Unley contribution is \$1,005,247 RTR contribution is \$494,753 Total Project costs of \$1,500,000	\$494,753	\$1,004,262	Nov-24	Mar-25
132649-25SA-RTR	SA	Corporation of the City of Unley	Duthy Street, Malvern	Road surface and pavement deterioration, with kerb and water table upgrade to remove ponding. Assets are at end of useful life. Road rehabilitation and re-kerbing both sides of the road.	\$385,000	\$385,000	Nov-25	Apr-26
132652-25SA-RTR	SA	Corporation of the City of Unley	Charra Street, Hyde Park	The road consists of road surface failure and degraded kerb and water table. Re-kerbing of both sides of the road and a new road surface. This project is to be jointly funded - City of Unley contribution \$141,073, RTR contribution \$223,927.	\$223,927	\$365,000	Aug-25	Oct-25

131477-24SA-RTR	SA	Corporation of the City of Whyalla	Hall Street, Whyalla Stuart SA 5608	Crocodile cracking with larger widths presenting. Several previous patches starting to show signs of failure. Plane and reinstate with DG10 C320 Asphalt. Council contribution.	\$70,000	\$73,431	Jan-25	Jan-25
131478-24SA-RTR	SA	Corporation of the City of Whyalla	Norton Street, Whyalla Stuart SA 5608	Extensive crocodile cracking throughout entire segment with many cracks forming raised lips, indicative of water ingress occurring. Plane and reinstate with DG10 C320 asphalt. Additional funding source: Council funds.	\$100,000	\$101,344	Jan-25	Jan-25
131479-24SA-RTR	SA	Corporation of the City of Whyalla	Russel Street, Whyalla Norrie SA 5608	Block cracking occurring extensively throughout the segment. Previous repair patches no longer holding up and not seen to be adequate. Plane and reinstate surface with DG10 C320 with the intention of establishing more prominent road crown to help surface run off in the area. Additional funding source: Council funds	\$231,246	\$266,580	Jan-25	Jan-25
131481-24SA-RTR	SA	Corporation of the City of Whyalla	Broadbent Terrace, Whyalla 5600	Longitudinal cracks in isolated sections, previous patches and repairs showing failure. Crocodile cracking evident along with wheel rutting Plane and reinstate section with DG10 A15E asphalt. Additional funding source: Council funds	\$100,000	\$120,000	Jan-25	Jan-25
130241-24SA-RTR	SA	Corporation of the Town of Walkerville	Walkerville Terrace, Walkerville	Road condition is being improved on a key transport route through the Town of Walkerville. AC10 Road Reseal. The remaining funding in excess of the RTR contribution is funded by Council's Capital Works program as part of our 24/25 Annual Business Plan and budget.	\$102,500	\$164,385	Mar-25	Jun-25
133407-25SA-RTR	SA	Corporation of the Town of Walkerville	Fuller Street, Walkerville	Surface condition is poor and this is a cycling route as well as local street. Profile out existing surface and laying of new 40 mm AC10 Asphalt	\$45,000	\$45,000	Jan-26	Mar-26
133408-25SA-RTR	SA	Corporation of the Town of Walkerville	Cambridge Street, Vale Park	Road condition is poor. Profile out existing surface and reseal with 40mm AC10 Asphalt. Additional funding will be provided as part of Council's Annual Business Plan and budget.	\$57,500	\$65,000	Jan-26	Mar-26
127261-24SA-RTR	SA	District Council of Cleve	Wudinna-Darke Peak Road (Rural Road)	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions. The road will be reconstructed, reshaped and 150 mm of crushed road base material added to the existing surface.	\$147,466	\$147,466	Aug-24	Nov-24
127262-24SA-RTR	SA	District Council of Cleve	Five Cross Roads, Arno Bay	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions The road will be reconstructed, reshaped and 150 mm of crushed road base material added to the existing surface.	\$138,195	\$138,195	Sep-24	Nov-24
127263-24SA-RTR	SA	District Council of Cleve	Kielpa-Gum Flat Road, Kielpa	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions. The road will be reconstructed, reshaped and 150 mm of crushed road base material added to the existing surface.	\$126,771	\$126,771	Sep-24	Jun-25

127264-24SA-RTR	SA	District Council of Cleve	Rangeview Road, Darke Peak	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions. The road will be reconstructed, reshaped and 150 mm of crushed road base material added to the existing surface. Council will use own monies for the remaining cost for project.	\$68,615	\$68,615	Dec-24	Feb-25
131838-25SA-RTR	SA	District Council of Cleve	Rangeview Road, Cleve	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions. The road will be reconstructed, reshaped and 150 mm of crushed road base material added to the existing surface.	\$135,000	\$135,000	Jan-26	Feb-26
131839-25SA-RTR	SA	District Council of Cleve	Wudinna-Darke Peak Road (Rural Road)	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions. The road will be reconstructed, reshaped and 150 mm of crushed road base material added to the existing surface.	\$135,000	\$135,000	Nov-25	Dec-25
131840-25SA-RTR	SA	District Council of Cleve	Kielpa - Gum Flat Road, Cleve	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions. The road will be reconstructed, reshaped and 150mm of crushed road base material added to the existing surface.	\$102,630	\$102,630	Aug-25	Sep-25
131841-25SA-RTR	SA	District Council of Cleve	Heggaton Rd, Cleve	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions. The road will be reconstructed, reshaped and 150mm of crushed road base material added to the existing surface.	\$180,000	\$180,000	Sep-25	Dec-25
131842-25SA-RTR	SA	District Council of Cleve	Dreckow Rd, Cleve	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions. The road will be reconstructed, reshaped and 150 mm of crushed road base material added to the existing surface.	\$90,000	\$90,000	Mar-26	Apr-26
134809-25SA-RTR	SA	District Council of Cleve	Wharminda Road, Wharminda	The original gravel surface has deteriorated, exposing sand and rocky seams causing extremely hazardous conditions. The road will be reconstructed, reshaped and 150mm of crushed road base material added to the existing surface.	\$180,000	\$180,000	May-26	Jun-26
127259-24SA-RTR	SA	District Council of Elliston	Palkagee Road (Rural Road)	Very high deterioration of sheet along entire section of road, including complete loss of sheet in several parts. Damage due to a new gypsum mine opening in the area resulting in a much higher volume of heavy vehicle traffic. Full re-sheet of the section of road. The road will also be widened from 8 m to 10 m where possible to increase safety when passing.	\$296,438	\$296,438	Jul-24	Oct-24
127260-24SA-RTR	SA	District Council of Elliston	Rocky Valley Road (Rural Road)	Road sheet deteriorating, potholes, rutting and edge eroding on both sides. Full re-sheeting. Remaining funds from Council.	\$224,562	\$251,000	Sep-24	Nov-24

131209-24SA-RTR	SA	District Council of Franklin Harbour	Cowell-Kimba Road (Rural Road)	Repairing road shoulders and resurfacing ageing seal to cope with increased heavy vehicle loads. Stabilised and increased lane width, applied prime seal to shoulders and a 14/7 re-seal to entire width. Council is funding the remaining balance for this project.	\$221,461	\$1,287,000	Feb-25	Jun-25
129180-24SA-RTR	SA	District Council of Grant	Wandilo Forest Road (Rural Road)	Improved width of road with edge breaks due to insufficient width. Reconstruct & Seal road 2,000 metre section, 9 metres wide. Additional Source of Funding - Supplementary Local Roads Funding.	\$200,000	\$409,501	Oct-24	Feb-25
129181-24SA-RTR	SA	District Council of Grant	Airport Road (Rural Road)	Road is being maintained, as a high traffic road. Evidence of potholes occurring if it is not resealed, with the road losing it's skid resistance, causing major safety concerns. Forms part of Councils asset renewal program. Reconstruct and seal 1,250 metre section, 8 metres wide. Additional funding from Council reserves.	\$190,000	\$197,182	Jan-25	Mar-25
129182-24SA-RTR	SA	District Council of Grant	Kingsley Road, Allendale East	To improve drainage and increase width of road. Installation of Kerb and Cannel 140 m of Kingsley Road from Mortimer Street to Holland Court. (Additional funding from Council Reserves)	\$350,000	\$355,548	Oct-25	Mar-26
129183-24SA-RTR	SA	District Council of Grant	Rabbiters Road (Rural Road)	Road is unsafe due to increased milk tanker heavy traffic servicing the local dairy industry and general farming activities causing water to pool on the road. Water cannot drain off the road due to ruts forming on the road pavement. Forms part of the infrastructure asset improvement plan for the Mount Schank locality. Reconstruct and seal road 1,700 m metre section, 8 metres wide. Additional funding from Council reserves.	\$45,787	\$270,025	Feb-25	Mar-25
130786-24SA-RTR	SA	District Council of Grant	Woodlands Road (Rural road)	To Reconstruct and Seal to improve drainage and strength. Reconstruct and Seal 1800 m x 8 m. (The difference between the project cost and the Roads to Recovery Cost will be funded from Council Equity)	\$165,000	\$239,143	Mar-25	Apr-25
133469-25SA-RTR	SA	District Council of Grant	Hill Road (Rural Road)	To reconstruct and Seal to improve drainage and strength. Reconstruct and seal 1600 m x 8 m. The difference will be funded from Council Equity.	\$196,710	\$304,208	Mar-26	Apr-26
130924-24SA-RTR	SA	District Council of Karoonda East Murray	Walker Flat Road, Wanbi	Road has received a substantial amount of freight movements and has deteriorated proposing a potential safety concern. Walker Flat Rd carries our highest unsealed road category, proposed is to Re-sheet with crushed limestone material	\$449,084	\$449,084	Apr-25	Sep-25
129566-24SA-RTR	SA	District Council of Kimba	Kimba-Cowell Road, Rural Road	Cracked Worn Surface. Reseal using S20 e-binder with 10 mm aggregate.	\$128,400	\$128,400	Nov-24	Jun-25
129567-24SA-RTR	SA	District Council of Kimba	Kimba-Cowell Road, Rural Road	Cracked/Pothole worn surface. Single Coat spray seal using s20 E-binder bitumen with 10 mm aggregate.	\$108,000	\$108,000	Nov-24	Jun-25
130127-24SA-RTR	SA	District Council of Kimba	West Terrace, Kimba	Worn potholed surface Reseal using s20 e-binder with 10-5 mm spray seal.	\$33,952	\$33,952	Dec-24	Jun-25

130128-24SA-RTR	SA	District Council of Kimba	Railway Terrace, Kimba	Cracked potholed surface. Reseal using s20 e-binder with 14-7 mm spray seal.	\$128,642	\$128,642	Dec-24	Jun-25
133995-25SA-RTR	SA	District Council of Kimba	Balumbah-Kinnard, Rural road	Worn cracked surface Reseal section using S20E single coat 10mm reseal	\$122,000	\$122,000	Nov-25	Jun-26

131376-24SA-RTR	SA	District Council of Loxton Waikerie	Playford Road, Sunlands	Deterioration of shoulder edge and lack of width of road for heavy vehicles. Road shoulder to be excavated constructed and sealed to 7.6 m width. The additional funding source is Council.	\$197,913	\$308,028	Mar-25	May-25
134102-25SA-RTR	SA	District Council of Loxton Waikerie	Biggins Road, Meribah	Rubble Road is nearing end of life with no rubble left. Road Pavement to be increased to 200mm thickness. The Road is to be crowned to deal with drainage Issues. The additional funding source is Council.	\$501,500	\$690,000	Sep-25	Jan-26
134104-25SA-RTR	SA	District Council of Loxton Waikerie	Obst Road, Taldra	Rubble Road is nearing end of life with no rubble left. Road Pavement to be increased to 200mm thickness. The Road is to be crowned to deal with drainage Issues. The additional funding source is Council.	\$307,500	\$410,000	Apr-26	Jun-26
134109-25SA-RTR	SA	District Council of Loxton Waikerie	Eustice Road, Maggea	Rubble Road is nearing end of life with no rubble left. Road Pavement to be increased to 200mm thickness. The Road is to be crowned to deal with drainage Issues. The additional funding source is Council.	\$152,000	\$190,000	Sep-25	Nov-25
134111-25SA-RTR	SA	District Council of Loxton Waikerie	Mindare Road, Pyap West	Rubble Road is nearing end of life with no rubble left. Road Pavement to be increased to 200mm thickness. The Road is to be crowned to deal with drainage Issues. The additional funding source is Council.	\$328,000	\$410,000	Feb-26	Apr-26

130597-24SA-RTR	SA	District Council of Mount Remarkable	Causeway Road, Weeroona Island	This 2.1 km section of road is the only road that feeds Weeroona Island which is home to over 200 people and is expanding. This causeway road is potholed and in need of edge break work as Council have widened it in recent months. Council have widened and repaired the 2.1 km section of road addressing potholes and edge breaks on one side of the causeway, leaving the other side of the causeway yet to be instated. This would require widening the shoulder for 2.1 km and compacting with suitable product, raised and crushed locally preparing surface for reseal. Council have under their maintenance regime completed potholes on the entire road surface for the entire length and edge break work on one side. There will be a short fall in funds to complete the project of \$30,000 which will be supplemented by the Council. This project is well needed as it is the life line to the Island as the only road in and out of the Island community. It is also frequented by many tourists that visit the Island along with many people that participate in recreational fishing.	\$400,000	\$430,000	Jan-25	Jun-25
130656-24SA-RTR	SA	District Council of Mount Remarkable	Gulf View Drive, Weeroona Island	This section of road has suffered over the years from water rutting the edges and in places, ruts crossing the roadway. This section of road needs attention to re-shape the road so the water will not affect the road surface and water will be directed to the side of the roadway. Council plan to do this inhouse and have the capacity and expertise to achieve the desired result. Proposed work will include cultivating the existing road product with FAE road buster and preparing the product on site ready for re-sheeting. Grader to re-shape and re-sheet road with water moisture and roller compacted. once compacted a final trim with grader over the section of road.	\$15,000	\$15,000	Apr-25	Apr-25
130558-24SA-RTR	SA	District Council of Orroroo Carrieton	Paratoo Road (rural road)	Surface material erosion and drainage problems leading to clay exposed causing a rough surface which is also slippery when wet. Cart and spread crushed rubble materials to reform the road surface and increase traffic safety.	\$31,853	\$31,853	Sep-24	Oct-24
130569-24SA-RTR	SA	District Council of Orroroo Carrieton	Treethaven Road, Erskine	Surface material erosion and drainage problems with clay exposed leading to a rough surface which is slippery when wet Cart and spread crushed rubble materials to reform the road surface and increase traffic safety.	\$31,001	\$31,001	Sep-24	Oct-24

131272-24SA-RTR	SA	District Council of Orroroo Carrieton	Price Maurice Road (Rural Road)	Repair and re-instate eroded and damaged pavement shoulders. Remove and replace pavement, and seal (as required). Major surface patch – remove surface and rework and top up pavement and re-seal. Minor surface patch – apply spray seal patch by hand. Pavement widening, shoulder preparation and seal, in accordance with Councils Asset Management Plan.	\$51,203	\$51,203	Feb-25	Mar-25
131275-24SA-RTR	SA	District Council of Orroroo Carrieton	Booleroo Road (Rural Road)	Repair and re-instate eroded and damaged pavement shoulders in accordance with Council's Asset Management Plan. Remove and replace pavement, and seal (as required) major surface patch - remove surface, re-work and top up pavement. Pavement widening, shoulder preparation and seal.	\$122,140	\$122,140	Feb-25	Mar-25

132042-25SA-RTR	SA	District Council of Tumby Bay	Wharminda Road (Rural Road)	7.77 km of unsealed road in need of re-surfacing due to normal wear over time. Re-sheet 7.77 km of open surface road to upgrade surface, additional funding from Council budget.	\$96,641	\$159,500	Jan-26	May-26
129264-24SA-RTR	SA	Kangaroo Island Council	North Coast Road (Rural Road)	The sealed road pavement is failing and has many potholes. Repair pavement failures and providing a new bitumen surface.	\$250,000	\$250,000	Oct-25	Dec-25
129265-24SA-RTR	SA	Kangaroo Island Council	Esegood Rd (Rural Road)	Sealed road pavement is failing with the outer wheel path deforming. Pavement will be remixed and a new bitumen seal applied.	\$100,000	\$100,000	Oct-25	Dec-25
129266-24SA-RTR	SA	Kangaroo Island Council	Tangara Drive, American River	Bitumen seal is aged, surface is smooth and has many trenches within the road. Pavement is cracking. Bitumen reseal.	\$62,730	\$62,730	Nov-25	Nov-25
129267-24SA-RTR	SA	Kangaroo Island Council	Buller Street, Kingscote	Bitumen seal is aged and cracked. Bitumen reseal.	\$58,000	\$58,000	Nov-25	Nov-25
129268-24SA-RTR	SA	Kangaroo Island Council	South Coast Road (Rural Road)	Bitumen seal is ageing, stone is stripping and pavement is cracking. Bitumen reseal. Kangaroo Island Council is co-funding the project	\$56,698	\$60,000	Nov-25	Nov-25
133654-25SA-RTR	SA	Kangaroo Island Council	Birchmore Road (rural Road)	Bitumen Road surface is aged and cracking Road will be resealed with a new bitumen surface	\$131,802	\$131,802	Nov-25	Nov-25
133655-25SA-RTR	SA	Kangaroo Island Council	Cape Willoughby Rd (Rural Road)	Bitumen Surface is aged and cracking Road will be resealed with new bitumen surface applied	\$120,898	\$120,898	Nov-25	Nov-25
133656-25SA-RTR	SA	Kangaroo Island Council	South Coast Road (Rural Road)	Bitumen surface is aged and cracks are appearing in the surface Road will be resealed with a new bitumen surface	\$187,431	\$187,431	Nov-25	Nov-25
133657-25SA-RTR	SA	Kangaroo Island Council	Commerical St, Kingscote	Bitumen surface is old and cracking New bitumen surface will be applied to the road	\$31,336	\$31,336	Nov-25	Nov-25
133658-25SA-RTR	SA	Kangaroo Island Council	North Coast Road (Rural Road)	Bitumen surface is old and cracking with potholes forming Road will be resealed with a new bitumen surface	\$65,000	\$65,000	Nov-25	Nov-25
133660-25SA-RTR	SA	Kangaroo Island Council	Bayview Road, American River	Road surface is in poor shape and bitumen is old and cracking Some patch repairs will be completed to improve the shape of the road. A new bitumen surface will be applied.	\$60,000	\$60,000	Nov-25	Nov-25
133661-25SA-RTR	SA	Kangaroo Island Council	Esegood Rd (Rural Road)	Bitumen surface of road is old and cracks are occurring. Some areas of the pavement are failing. Patch repairs to pavement and resurface the bitumen	\$52,675	\$84,500	Nov-25	Nov-25
127176-24SA-RTR	SA	Kingston District Council	Cooke Street Ext, Kingston SE	The current unsealed road lies between 2 sealed roads (Cooke Street and Pinks Beach Road). The land to the east of Cooke Street Ext has been developed with many blocks used for residential purposes. Traffic Count data has confirmed a large rise in daily users - 82.7 cars per day in 2019 to 121.2 per day in 2024. The road requires extensive maintenance grading 3 or 4 times a year due to traffic volume while dust in the summer and drier months is an issue. This project aims to seal a 2.46 km section of unsealed road that runs between 2 sealed roads. This project will also include line marking, installation of guideposts and updated signage.	\$356,730	\$356,730	Feb-25	Jun-25

129947-24SA-RTR	SA	Kingston District Council	Tapfield Road, Kingston South East	Existing condition of road is in very poor condition due to material that is on the road- its very sandy and no amount of maintenance grading, rolling and watering will get any suitable level of compaction to make the road useable in a good condition. Plan is to rip the existing surface and then place 150 mm overlay of 40 mm limestone rubble. Grader will work the new material into what is currently there creating a much more solid base. The 6.8 km section of road identified for upgrade as part of Council's Roads to Recovery funding starts 5.2 km from the Taratap turnoff.	\$97,816	\$97,816	Apr-25	Jun-25
132347-25SA-RTR	SA	Kingston District Council	Marine Parade, Kingston SE 5275	Surface being re-sealed to enhance life of the asset. New seal using Cromed Rubber combination with sealing aggregate	\$162,340	\$162,340	Jan-26	Mar-26
132348-25SA-RTR	SA	Kingston District Council	Rothalls Road, Cape Jaffa	Resealing works to enhance the life of the asset and to improve condition of the road. Full width re-seal using hot bitumen and sealing aggregate	\$120,897	\$120,897	Jan-26	Mar-26
132349-25SA-RTR	SA	Kingston District Council	Pinks Beach Road, Kingston SE	Re-sealing to enhance the life of the asset. Full width re-seal using hot bitumen and sealing aggregate.	\$129,987	\$129,987	Jan-26	Mar-26
127585-24SA-RTR	SA	Light Regional Council	Ayliffe Bridge Road (Rural Road)	Ayliffe Bridge Road is located at the Northern edge of Council's boundary and provides an important transport link for the community to access Stockport. With sealed roads connecting at either end of this unsealed road, increased traffic continues to have an impact on a road that's nearing its end of life. There's minimal rubble left on the surface to allow maintenance grading to occur and the wider community have reported the road as being highly corrugated with multiple areas of subsurface breakthrough. Road will be re-sheeted and constructed using a suitable quarry material that will provide a higher level of rideability and decreases maintenance intervals.	\$233,583	\$233,583	Aug-24	Sep-24
127586-24SA-RTR	SA	Light Regional Council	Flagstaff Hill Road (Rural Road)	Flagstaff Hill Road is a Class 3 road that provides access to multiple farming properties and an important transport link from Bagot Well through to St Kitts. The current condition of the road surface prevents all weather access with clay breakthrough areas observed throughout the road. During rain events, the road becomes unpassable for heavy vehicles. Road will be re-sheeted and constructed using a suitable quarry material that will provide a higher level of rideability and decreases maintenance intervals. Balance of project costs being covered by council.	\$294,583	\$294,583	Sep-24	Mar-25

131139-24SA-RTR	SA	Light Regional Council	Camel Farm Road (Rural Road)	Camel Farm Road is a Class 3 Road that provides access to multiple farming properties and an important transport link from Bagot Well to St Kitts. The current condition of the road surface prevents all weather access with clay breakthrough areas observed throughout the road. During rain events, the road becomes unpassable for heavy vehicles. Road will be re-sheeted and constructed using a suitable quarry material that will provide a higher level of rideability and decreases maintenance intervals. Balance of project costs being covered by council.	\$22,806	\$141,798	Sep-24	Dec-24
132281-25SA-RTR	SA	Light Regional Council	Vinegrove Road (Rural Road)	Vinegrove Road, located in the locality of Moppa, is a key rural access route servicing both agricultural and residential properties and forming part of the local freight and machinery movement network. The existing unsealed formation has significantly deteriorated due to prolonged wear, limited drainage infrastructure, and increased vehicle loading over time. The road is now considered to be at the end of its useful life, with ongoing maintenance no longer proving cost-effective or sustainable. Road will be re-sheeted and constructed using a suitable quarry material that will provide a higher level of rideability and decreases maintenance intervals.	\$152,172	\$152,172	Jul-25	Dec-25
132282-25SA-RTR	SA	Light Regional Council	Hempel Road (Rural Road)	Hemple Road is a rural connector in the Greenock area, providing access to agricultural properties and acting as an unsealed tourism link between the locality of Daveyston and the renowned Seppeltsfield Road precinct. The road currently presents with a high amount of corrugations during prolonged dry periods and is now deemed to be at the end of its useful life. Regular patching and maintenance have become increasingly ineffective and unsustainable. Road will be re-sheeted and constructed using a suitable quarry material that will provide a higher level of rideability and decreases maintenance intervals.	\$259,963	\$259,963	Aug-25	Dec-25

132283-25SA-RTR	SA	Light Regional Council	John Eden Road (Rural Road)	John Eden Road is a critical freight access route within the locality of Shea-Oak Log, providing direct heavy vehicle access to Tremlett Grain and Fertiliser and surrounding agricultural enterprises. The road plays a key role in supporting the movement of grain, fertiliser, and farm machinery within this productive agricultural region. Due to age, increasing heavy vehicle traffic, and limited structural resilience, the road is now considered to be at the end of its useful life. Surface failure, edge break, and drainage issues have resulted in reduced safety and increasing maintenance requirements. Road will be re-sheeted and constructed using a suitable quarry material that will provide a higher level of rideability and decreases maintenance intervals.	\$206,136	\$206,136	Aug-25	Dec-25
132284-25SA-RTR	SA	Light Regional Council	Nain Road (Rural Road)	Nain Road in the Greenock locality serves as a rural access road supporting several primary production properties, as well as providing access to the Nain Lutheran Church and cemetery. While not a major freight route, it forms part of the local rural road network essential for property access and community use. The road has reached the end of its useful life, with visible signs of surface wear, edge deterioration, and inadequate drainage. Maintenance efforts are becoming more frequent and less effective in addressing the underlying issues. Road will be re-sheeted and constructed using a suitable quarry material that will provide a higher level of rideability and decreases maintenance intervals. The source of additional funding will be Councils own funds.	\$59,849	\$152,901	Aug-25	Oct-25
129584-24SA-RTR	SA	Maralinga Tjarutja	Lake Dey Dey Road (Rural Road)	The road is being used more often by heavy vehicles, and this will increase in the next 12 months. The road has severe to moderate potholes in various parts. The road has significant corrugation and rutting. In some areas, parts of the road have overgrown roadside vegetation. Specific attention to be given to an area with severe deterioration due to weather impacts. Grading and other remedial work including filling holes, clearing roadside and road surface vegetation. Total of 90 km.	\$70,856	\$70,856	Nov-24	Sep-25
131084-24SA-RTR	SA	Mid Murray Council	Chambers Hill Road (Rural Road)	Road is in a very poor condition with cracking and potholing evident. A new coat of bitumen and stone/aggregate will be applied over an existing bitumen surface. This work practice will extend the life of the asset by approximately 13 years.	\$26,503	\$26,503	Dec-24	Dec-24

131085-24SA-RTR	SA	Mid Murray Council	East Front Road (Rural Road)	Road is in a very poor condition with cracking and potholing evident. Apply a new coat of bitumen and stone/aggregate over the existing bitumen surface areas being two road along East Front Road sections: (3.7 km Length x 6.2 m Wide) and (6.4 km Length x 7.2 m Wide). This work practice will extend the life of the asset by approximately 13 years.	\$525,057	\$525,078	Dec-24	Dec-24
131094-24SA-RTR	SA	Mid Murray Council	Long Gully Road (Rural Rd)	Road is in a very poor condition with cracking and potholing evident. Apply a new coat of bitumen and stone/aggregate over the existing bitumen surface areas being two sections: (Length: 1347 m x Width: 8 m) and (Length: 65.3 m x Width: 6.4 m). This work practice will extend the life of the asset by approximately 13 years.	\$72,027	\$72,027	Nov-24	Dec-24
131107-24SA-RTR	SA	Mid Murray Council	Dawe Street, Cadell	Road is in a very poor condition with cracking and potholing evident. Apply a new coat of bitumen and stone/aggregate over the existing bitumen surface area: Length: 126 m and Width: 6 m). This work practice will extend the life of the asset by approximately 13 years.	\$19,584	\$19,584	Nov-24	Dec-24
131108-24SA-RTR	SA	Mid Murray Council	Dearden Terrace, Cadell	Road is in a very poor condition with cracking and potholing evident. Apply a new coat of bitumen and stone/aggregate over the existing bitumen surface area being: Length: 686 m x Width: 6 m. This work practice will extend the life of the asset by approximately 13 years.	\$41,840	\$41,840	Nov-24	Dec-24
131109-24SA-RTR	SA	Mid Murray Council	McGuire Terrace, Cadell	Road is in a very poor condition with cracking and potholing evident. Apply a new coat of bitumen and stone/aggregate over the existing bitumen surface area being: Length: 1035 m x Width: 6.4 m. This work practice will extend the life of the asset by approximately 13 years.	\$59,067	\$59,067	Nov-24	Dec-24
131110-24SA-RTR	SA	Mid Murray Council	McMahon St, Cadell	Road is in a very poor condition with cracking and potholing evident. Apply a new coat of bitumen and stone/aggregate over the existing bitumen surface area being: Length: 95 m x Width: 10 m. This work practice will extend the life of the asset by approximately 13 years.	\$18,253	\$18,253	Nov-24	Dec-24
131111-24SA-RTR	SA	Mid Murray Council	Smith Street, Cadell	Road is in a very poor condition with cracking and potholing evident. Apply a new coat of bitumen and stone/aggregate over the existing bitumen surface area being: Length: 192 m x Width: 10 m. This work practice will extend the life of the asset by approximately 13 years.	\$30,048	\$30,048	Nov-24	Dec-24
131112-24SA-RTR	SA	Mid Murray Council	River Terrace, Cadell	Road is in a very poor condition with cracking and potholing evident. Apply a new coat of bitumen and stone/aggregate over the existing bitumen surface area being: Length: 761 m x Width: 6.1 m. This work practice will extend the life of the asset by approximately 13 years.	\$45,854	\$45,854	Nov-24	Dec-24

131113-24SA-RTR	SA	Mid Murray Council	High Street, Morgan	Road is in a very poor condition with cracking and potholing evident. Apply a new asphalt surface area being: Length: 260.5 m x Width: 12 m. This work practice will extend the life of the asset by approximately 20 years. Council will be contributing funds towards this project being \$84,085, remaining RTR funding \$24,517.	\$24,517	\$108,602	Nov-24	Dec-24
134289-25SA-RTR	SA	Mid Murray Council	Murbko Road (Rural Road)	Pavement Widening Road shoulders are widened to improve safety by providing an escape route for drivers who veer off the main lane, reducing the risk of run-off-road accidents. Wider shoulders also offer a safer area for broken-down vehicles to stop, enable slower traffic to allow faster vehicles to pass, provide space for bicycle lanes, and protect the road's structure from erosion and water damage. - In-situ stabilise the existing granular shoulder pavement material, to a depth of 150mm, adjacent to the existing bitumen seal edge to provide a 1.00m pavement widening on both sides of the existing carriageway. This widened pavement will then be covered by a two-coat bitumen spray-seal wearing course to achieve a new sealed carriageway width of 8.0m. - Re-grade remainder of existing granular shoulder material (both sides of road carriageway) to match into level of edge of new pavement widening.	\$1,061,846	\$1,061,846	Nov-25	Mar-26
129237-24SA-RTR	SA	Mount Barker District Council	Mail Road, Harrogate	The road has deteriorated to the stage where it needs renewal. Structural asphalt patching to pavement defects where necessary (approx. 1450-1500 t). Road shoulder/Drainage improvements. Spray seal (approx. 30-32 km2)	\$720,000	\$720,000	Sep-24	Jun-25
131964-25SA-RTR	SA	Mount Barker District Council	Wellington Rd, South Australia	Works being undertaken for safety and extending asset life to address shape loss, crocodile cracking and environmental cracking causing destabilisation of pavement base. Shoulder widening, edge remediation, heavy patching and spray seal. Remaining funding from internal sources.	\$950,814	\$1,770,000	Jul-25	Jun-26
127590-24SA-RTR	SA	Naracoorte Lucindale Council	Miles Road, Hynam	Road pavement and seal failure resulting in high maintenance expenditure and road no longer meets service level standards. Reconstruction of pavement, shoulders, new drainage and new spray sealed road surface, full width, to improve road user safety. Project will be jointly funded by Naracoorte Lucindale Council.	\$634,050	\$1,296,574	Aug-24	Jun-25

130651-24SA-RTR	SA	Naracoorte Lucindale Council	Moyhall Road, Naracoorte SA	Road pavement failure, resulting in high maintenance expenditure, and road no longer meets service level Reconstruction of pavement, shoulders, new drainage and new spray-sealed road surface, full width, to improve road safety. Project will be jointly funded by Naracoorte Lucindale Council.	\$786,601	\$1,481,596	Aug-25	Jun-26
127646-24SA-RTR	SA	Northern Areas Council	Belalie North Road (Rural Road)	Surface of road has worn with clay appearing making road a hazard when wet as it becomes slippery and boggy. High use road, school bus route and heavy vehicle route. To resurface the road with a quarry rubble mix. It will be applied 8 metres wide and 0.15 metres thick when compacted. This involves raising and crushing material internally, carting to site with trucks, spreading and levelling with graders and compacting with rollers. Will include replacement of drainage pipes where required.	\$108,362	\$108,362	Sep-24	Jun-25
127648-24SA-RTR	SA	Northern Areas Council	Niendorf Road (Rural Road)	Surface of road has worn with clay appearing making road a hazard when wet as it becomes slippery and boggy. Also has sharp rocks appearing from previously uncrushed material. High use road, tourism route, commodity route. To resurface the road with a quarry rubble mix. It will be applied 6.5 metres wide and 0.12 metres thick when compacted. This involves raising and crushing material internally, carting to site with trucks, spreading and levelling with graders and compacting with rollers. Will include replacement of drainage pipes where required.	\$188,822	\$188,822	Sep-24	Feb-25

High use road, school bus route and heavy vehicle route. To resurface the road with a quarry rubble mix. It will be applied 8 metres wide and 0.15 metres thick when compacted. This involves raising and crushing material internally, carting to site with trucks, spreading and levelling with graders and compacting with rollers. Will include replacement of drainage pipes where required	\$308,704	\$308,704	Oct-25	Dec-25
130652-24SA-RTR	SA	Port Pirie Regional Council	Koolunga Brinkworth (Rural)	Shoulders of road are failing for 6 km section works Stabilise shoulders with cement and reseal road to 7.4 m width for 6 km.	\$900,000	\$900,000	Mar-25	May-25
129213-24SA-RTR	SA	Regional Council of Goyder	Black Springs Road (Rural Road)	Black Springs Road is an Unsealed Category 1 road providing access for primary producers from the sealed portion of Black Springs Road to the sealed major highway, Barrier Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 8 m wide, 150 mm pavement thickness and 4-6% cross fall. Additional funding of \$21,240 required to fund the total project to be provided from Council sourced rate revenue.	\$85,000	\$102,298	Dec-24	Feb-25

129214-24SA-RTR	SA	Regional Council of Goyder	Bower Road (Rural Road)	Bower Road is an Unsealed Category 3b road providing access for primary producers from the area east of Robertstown to the sealed major highway, Worlds End Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 8 m wide, 75 mm pavement thickness and 4% cross fall. Additional funding of \$9,080 required to fund the total project to be provided from Council sourced rate revenue.	\$130,000	\$135,373	Sep-24	Dec-24
129215-24SA-RTR	SA	Regional Council of Goyder	Geranium Plains Road (Rural Road)	Geranium Plains Road is an Unsealed Category 3c road providing access for primary producers from the area east of Robertstown to the sealed major highway, Worlds End Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 8 m wide, 50-75 mm pavement thickness and 4% cross fall. Additional funding of \$6,700 required to fund the total project to be provided from Council sourced rate revenue.	\$75,000	\$87,291	Oct-24	Mar-25
129216-24SA-RTR	SA	Regional Council of Goyder	Keller Road (Rural Road)	Keller Road is an Unsealed Category 3b road providing access for primary producers from the area south of Robertstown to the sealed major highway, Worlds End Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 7 m wide, 150 mm pavement thickness and 4% cross fall. Additional funding of \$8,680 required to fund the total project to be provided from Council sourced rate revenue.	\$35,000	\$42,346	Sep-24	Dec-24

129217-24SA-RTR	SA	Regional Council of Goyder	Nash Road (Rural Road)	Nash Road is an Unsealed Category 3b road from Julia Road to Hampden Road and Category 2 from Pfitzner Road to Patterson Road. The road provides access for primary producers from the area west of Eudunda to the sealed roads of Hampden Road and Julia Road. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The Nash Road segment specification from Julia Road to Hampden Road is to be 7 m wide, 75 mm pavement thickness and 4% cross fall. The Nash Road segment specification from Pfitzner Road to Patterson Road is to be 8 m wide, 100 mm pavement thickness and 4-6% cross fall. Additional funding of \$7,941 required to fund the total project to be provided from Council sourced rate revenue.	\$70,000	\$81,183	Sep-24	Dec-24
129218-24SA-RTR	SA	Regional Council of Goyder	Patterson Road (Rural Road)	Patterson Road is an Unsealed Category 2 road providing access for primary producers from the area west of Hampden south to the major sealed road of Curio Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 8 m wide, 100 mm pavement thickness and 4-6% cross fall. Additional funding of \$1,851 required to fund the total project to be provided from Council sourced rate revenue.	\$75,000	\$83,345	Oct-24	Dec-24
129220-24SA-RTR	SA	Regional Council of Goyder	Plains Road (Rural Road)	Plains Road is an Unsealed Category 3b road providing access for primary producers from the area north east of Eudunda to the sealed major highways of Thiele Highway and Worlds End Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 8 m wide, 75 mm pavement thickness and 4-6% cross fall. Additional funding of \$5,780 required to fund the total project to be provided from Council sourced rate revenue.	\$70,000	\$75,567	Sep-24	Oct-24

129221-24SA-RTR	SA	Regional Council of Goyder	Powerline Road (Rural Road)	Powerline Road is an Unsealed Category 3c road providing access for primary producers and power generation and distribution assets from the area east of Robertstown to the sealed major highway, Worlds End Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 8 m wide, 50-75 mm pavement thickness and 4% cross fall. Additional funding of \$4,690 required to fund the total project to be provided from Council sourced rate revenue.	\$120,000	\$138,982	Oct-24	Mar-25
129222-24SA-RTR	SA	Regional Council of Goyder	Range Road (Rural Road)	Range Road is an Unsealed Category 3b road providing access for primary producers from the area south of Curio Highway and north of Thiele Highway to the sealed major highways and commodity routes of Curio Highway and Thiele Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 7 m wide, 75 mm pavement thickness and 4% cross fall. Additional funding of \$5,200 required to fund the total project to be provided from Council sourced rate revenue.	\$115,685	\$118,428	Nov-24	Jun-25
129223-24SA-RTR	SA	Regional Council of Goyder	Schulz Rd (Rural Rd)	Schulz Rd is an Unsealed Category 3c road providing access for primary producers from the area east of Point Pass and from the area north of Australia Plains to the sealed major highway, Worlds End Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Reshaping the cleaning of drains and culverts. The road specification is to be 8 m wide, 50-75 mm pavement thickness and 4% cross fall. Additional funding of \$3,355 required to fund the project to be provided from Council sourced rate revenue.	\$75,000	\$75,617	Sep-24	Dec-24
131208-24SA-RTR	SA	Regional Council of Goyder	Bower Boundary Road (Rural Road), Bunday	Bower Boundary Road is an unsealed category 2 road providing direct access for graziers transporting stock from Goyder Highway south to market in Murray Bridge. The existing road surface has reached the end of it's life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 8 m wide, 100 mm pavement thickness and 4-6% cross fall. Additional funding of \$58,237 required to fund the total project is to be provided from the Council sourced rate revenue.	\$40,000	\$99,098	Mar-25	Jun-25

134471-25SA-RTR	SA	Regional Council of Goyder	Junction Rd (Rural Road) Eudunda	Junction Rd is a category 3 road providing access for freight movement south from Robertstown Rural areas to Thiele Highway, Eudunda Rd and Sturt Highway. During wet periods the creek at Junction Rd can run up to 2 metres deep and 40 metres wide and requires significant remediation work to make the floodway passable to traffic. Traffic is required to deviate 10km around the flooded section of the creek. A new concrete floodway is to be constructed over the creek at Junction Rd consisting of three components - a 10 metre unsealed road approach, 20 metre long by 5 metre wide concrete deck with a 3% crossfall and a 10 metre unsealed road approach. The additional funding of \$5,980 is to be provided from Council cash reserves.	\$60,000	\$65,980	Dec-25	Mar-26
134472-25SA-RTR	SA	Regional Council of Goyder	May Rd (Rural Road), Bower	The existing 25 metre headwall for the floodway at May Rd is unable to handle the volume and speed of water that flows though the creek at May Rd and requires upgrading to handle the increased flows. A 100mm thick concrete slab with SL82 mesh central will be laid to replace the current headwall, a 200mm wide cut off wall minimum 500mm deep around the perimeter of the new outlet structure. The existing rock protection will be re used at the base of the outlet structure. The additional funding of \$6,061 is to be provided from Council cash reserves.	\$40,000	\$46,061	Dec-25	Mar-26
134473-25SA-RTR	SA	Regional Council of Goyder	Plains Rd (Rural Road) Rocky Plains	Plains Rd is a category 3 road providing access for freight movement south from Geranium Plains Rural areas to Thiele Highway, Eudunda Rd and Sturt Highway. There is no existing headwall for the floodway over Plains Rd and in order to prevent damage to the floodway structure a new headwall is required. A 100mm thick concrete slab with SL82 mesh central will be laid to as the base for the headwall, a 200mm wide cut off wall minimum 500mm deep around the perimeter of the new outlet structure. The existing rock protection will be re used at the base of the outlet structure. Rock protection will be laid at the base of the outlet structure 2m wide consisting of 300-500mm interlocking rocks. The additional funding of \$6,342 is to be provided from Council cash reserves.	\$40,000	\$46,342	Dec-25	Mar-26

134572-25SA-RTR	SA	Regional Council of Goyder	Andrews East Road (Rural Road) Leighton SA	Andrews East Rd is an Unsealed Category 2 road providing access for primary producers from the area south of Leighton north to the major sealed road of Goyder Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 6.5 m wide, 100 mm pavement thickness and 4-6% cross fall. Additional funding of \$15,040 required to fund the total project to be provided from Council sourced rate revenue.	\$80,000	\$95,040	Jan-26	Mar-26
134573-25SA-RTR	SA	Regional Council of Goyder	Bower Boundary Rd (Rural Road) Bunday	Bower Boundary Road is an Unsealed Category 3a road providing access for primary producers in the Bunday area south from the sealed Goyder Highway area to the sealed Thiele Highway area and south to the Murray Bridge processing area. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts and reformation of the intersections to accommodate turning movements of 26 metre vehicles. The road specification is to be 8.5 m wide, 100 mm pavement thickness and 4-6% cross fall. Additional funding of \$24,540 required to fund the total project to be provided from Council sourced rate revenue.	\$100,000	\$124,540	Jan-26	Apr-26
134574-25SA-RTR	SA	Regional Council of Goyder	Lower Bright Road (Rural Road) Geranium Plains SA	Lower Bright Road is an Unsealed Category 3c road providing access for primary producers and power generation and distribution providers from the area east of Robertstown to the sealed major highway, Worlds End Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 7 m wide, 50-75 mm pavement thickness and 4% cross fall. Additional funding of \$31,820 required to fund the total project to be provided from Council sourced rate revenue.	\$45,000	\$76,820	Sep-25	Dec-25

134575-25SA-RTR	SA	Regional Council of Goyder	Merino Road (Rural Road) Whyte SA	Merino Road is an Unsealed Category 3c road providing access for primary producers and power generation providers in the Whyte Area to the sealed major highway of Wilkins Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 7 m wide, 50-75 mm pavement thickness and 4% cross fall. Additional funding of \$25,920 required to fund the total project to be provided from Council sourced rate revenue.	\$90,000	\$115,920	Sep-25	Dec-25
134579-25SA-RTR	SA	Regional Council of Goyder	Mt Bryan East Rd (Rural Road) Mt Bryan East	Mt Bryan East Road is an Unsealed Category 2 road providing access for primary producers from the area west of Hallett south to the major sealed road of the Barrier highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 8 m wide, 100 mm pavement thickness and 4-6% cross fall. Additional funding of \$64,612 required to fund the total project to be provided from Council sourced rate revenue.	\$171,228	\$235,840	Sep-25	Dec-25
134580-25SA-RTR	SA	Regional Council of Goyder	Powerline Road (Rural Road) Bright SA	Powerline Road is an Unsealed Category 3c road providing access for primary producers and power generation and distribution assets from the area north east of Robertstown to the sealed major highway, Worlds End Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 8 m wide, 50-75 mm pavement thickness and 4% cross fall. Additional funding of \$12,700 required to fund the total project to be provided from Council sourced rate revenue.	\$100,000	\$112,700	Sep-25	Dec-25
134581-25SA-RTR	SA	Regional Council of Goyder	Range Road (Rural Road) Mt Bryan	Range Road is an Unsealed Category 3b road providing access for primary producers and wind farm power generation providers from the area north east of Burra to the sealed major highway, Barrier Highway. The existing road surface has reached the end of its life and requires renewal. Reforming of existing road surface, importing and spreading road base. Re-shaping and cleaning of drains and culverts. The road specification is to be 5 m wide, 75 mm pavement thickness and 4% cross fall. Additional funding of \$17,360 required to fund the total project to be provided from Council sourced rate revenue.	\$70,000	\$87,360	Jan-26	Apr-26

134582-25SA-RTR	SA	Regional Council of Goyder	North Booborowie Road (Rural Road) Canowie SA	North Booborowie Rd is a high maintenance open surface road with daily traffic volumes averaging 100 vehicles per day. The existing road alignment and shape is poor with several corners requiring re engineering of the radius and crossfall. The road is the main north/south connection of the Canowie area linking the township of Booborowie with the major arterial road of Wilkins Highway. It is a commodity route for 26m B doubles carting grain, hay and wool. Heavy vehicle usage increases during the seasonal harvest times. The road will be upgraded to a high standard open surface road by improving the horizontal and vertical geometry of the roadway and increasing the road to a width of 11 metres. The existing drainage will be upgraded and multiple culverts will be replaced/upgraded. The road will be sealed to a width of 8 metres. Additional funding of \$372,769 required to fund the total project to be provided from Council sourced rate revenue.	\$300,000	\$672,769	Sep-25	Jun-26
129071-24SA-RTR	SA	Renmark Paringa Council	Lyrup Main Road, Lyrup	This road has reached the end of its useful life and requires resealing. Resealing 568 metres of Lyrup Main Road from Down Avenue to Walling Place in accordance with an appropriate seal design.	\$23,519	\$23,519	Sep-24	Oct-24
129111-24SA-RTR	SA	Renmark Paringa Council	Lyrup Main Road, Lyrup	This Road has reached the end of its useful life and requires sealing. Resealing 453 metres of Lyrup Main Road from Weaver Road to Sykes Lane in accordance with an appropriate seal design.	\$18,332	\$18,332	Sep-24	Oct-24
129112-24SA-RTR	SA	Renmark Paringa Council	Murray Price Drive, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 354 metres of Murray Price Drive, Renmark from Ogilvy Street to Showell Drive in accordance with an appropriate seal design.	\$33,153	\$33,153	Sep-24	Oct-24
129113-24SA-RTR	SA	Renmark Paringa Council	Pyap Street, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 605 metres of Pyap Street, Renmark from Twentysecond Street to Nineteenth Street in accordance with an appropriate seal design.	\$24,752	\$24,752	Sep-24	Oct-24
129114-24SA-RTR	SA	Renmark Paringa Council	Railway Terrace, Paringa	This road has reached the end of its useful life and requires resealing. Resealing 300 metres of Railway Terrace, Paringa from Murtho Road to Michelle Drive in accordance with an appropriate seal design.	\$19,227	\$19,227	Sep-24	Oct-24
129115-24SA-RTR	SA	Renmark Paringa Council	Tarcoola Street, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 3065.7 metres of Tarcoola Street, Renmark from Cucumunga Street to Bookmark Avenue.	\$119,903	\$119,903	Sep-24	Oct-24

129116-24SA-RTR	SA	Renmark Paringa Council	Tea Tree Court, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 74 metres of Tea Tree Court, Renmark from Acacia Court to Pine Street in accordance with an appropriate seal design.	\$3,638	\$3,638	Sep-24	Oct-24
129117-24SA-RTR	SA	Renmark Paringa Council	Thurk Street, Renmark	This road has reached the end of its useful life and requires sealing. Resealing 224 metres of Thurk Street, Renmark from Seventeenth Street to Fifteenth Street in accordance with an appropriate seal design.	\$25,290	\$25,290	Sep-24	Oct-24
129118-24SA-RTR	SA	Renmark Paringa Council	Thurk Street, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 112.8 metres of Thurk Street, Renmark from Thirteenth Street to Ral Ral Avenue in accordance with an appropriate seal design.	\$12,017	\$12,017	Sep-24	Oct-24
129119-24SA-RTR	SA	Renmark Paringa Council	Twentythird Street, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 818 metres of Twentythird Street, Renmark from Kulnine Street to Running Road Distance 1375 in accordance with an appropriate seal design.	\$38,383	\$38,383	Sep-24	Oct-24
129188-24SA-RTR	SA	Renmark Paringa Council	Twenty Third Street, Renmark	This asset has reached the end of its useful life and requires resealing Contractors will reseal 373.3 metres of Twenty Third Street with an appropriate seal design.	\$15,135	\$15,135	Sep-24	Oct-24
131812-25SA-RTR	SA	Renmark Paringa Council	Kuhlmann Road, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 199.90 metres of Kuhlmann Road Renmark - From Hilton Road Renmark to Airport Road Renmark in accordance with appropriate seal design.	\$16,264	\$16,264	Sep-25	Oct-25
131813-25SA-RTR	SA	Renmark Paringa Council	Murtho Road, Renmark	This road has reached the end of its useful life and requires partial reconstruction. Resealing 199.90 metres of Murtho Road Renmark - From Twentieth Street Renmark to Nineteenth Street Renmark in accordance with appropriate seal design.	\$70,026	\$70,026	Sep-25	Oct-25
131814-25SA-RTR	SA	Renmark Paringa Council	Para Street, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 121.65 metres of Para Street Renmark - From Sixteenth Street Renmark to Fifteenth Street Renmark in accordance with appropriate seal design.	\$53,569	\$53,569	Nov-25	Dec-25
131817-25SA-RTR	SA	Renmark Paringa Council	Thurk Street, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 121.62 metres of Thurk Street Renmark - From Fourteenth Street Renmark to Ral Ral Avenue Renmark in accordance with appropriate seal design.	\$8,263	\$8,263	Sep-25	Oct-25
131818-25SA-RTR	SA	Renmark Paringa Council	Twentieth Street, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 194.44 metres of Twentieth Street Renmark - From Murtho Street Renmark to Renmark Avenue Renmark in accordance with appropriate seal design.	\$16,280	\$16,280	Sep-25	Oct-25

131819-25SA-RTR	SA	Renmark Paringa Council	Wattle Street, Renmark	This road has reached the end of its useful life and requires rehabilitation. Rehabilitating 168.99 metres of Wattle Street Renmark - From Twenty-First Street Renmark to Acacia Crescent Renmark in accordance with appropriate rehabilitation design.	\$33,917	\$33,917	Sep-25	Oct-25
131820-25SA-RTR	SA	Renmark Paringa Council	Wattle Street, Renmark	This road has reached the end of its useful life and requires rehabilitation. Rehabilitating 211.32 metres of Wattle Street Renmark - From Acacia Street Renmark to Myall Street Renmark in accordance with appropriate rehabilitation design.	\$42,292	\$42,292	Sep-25	Oct-25
131821-25SA-RTR	SA	Renmark Paringa Council	James Avenue, Renmark	This road has reached the end of its useful life and requires resealing. Resealing 117.98 metres of James Avenue Renmark - From Ral Ral Avenue Renmark to Thirteenth Street Renmark in accordance with appropriate seal design.	\$71,240	\$71,240	Nov-25	Dec-25
132278-25SA-RTR	SA	Renmark Paringa Council	Stockpile Road, Renmark	This road has reached the end of its useful life and requires sealing. Sealing apron area on Stockpile Road, Renmark at Cowra Street, Renmark entry point - total area to be sealed is 253.93m2	\$2,845	\$2,845	Nov-25	Feb-26
130399-24SA-RTR	SA	Rural City of Murray Bridge	Maurice Road (Rural Road)	Upgrading and realignment of existing unsealed pavement of an identified regional intra-freight route in order to alleviate disproportionate level of maintenance due to heavy vehicle traffic accessing intensive commercial and rural farming operations. Increasing depth of existing granular pavement to cater for heavy vehicle loadings and re-align sections of existing roadway (including supplementary earthworks) to enhance safety for all road users (CH 2360 - CH 3020). Balance of funding provided by Local Roads and Community Infrastructure (LRCI) program.	\$550,000	\$650,000	Jan-25	Sep-25
130458-24SA-RTR	SA	SA, Department for Infrastructure and Transport	Oodnadatta Track (rural road)	The targeted section of road is in poor condition with the existing road material prone to severe corrugations and sections of bulldust. It also becomes impassable after rain events with boggy areas and long sections of ponded water. the road surface will improve both accessibility and rideability along with contributing to the achievement of the Department's Asset Maintenance Strategy. Shaping the existing Oodnadatta Track profile of the road to a Primary Road Cross Section to achieve a 3-4% two-way crossfall to improve drainage.	\$3,986,629	\$3,986,629	Mar-25	Jun-25

130465-24SA-RTR	SA	SA, Department for Infrastructure and Transport	Oodnadatta Track (rural road)	The targeted section of road for the new alignment is from MM 157.40 to MM 158.40 and is being constructed to divert around a site of Aboriginal Cultural Heritage significance at Woolridge Creek. The new road alignment will protect the site and allow regular maintenance works to be undertaken as required. Construction of a new road alignment of approx. 1 km in length to bypass and protect a site of Aboriginal Cultural Heritage significance situated at Wooldridge Creek. The alignment for the deviation road will be pegged and the formation and pavement will be constructed to a primary unsealed road classification cross section profile, consisting of a 11-metre formation and a 9-metre sheeted carriageway width. The old existing alignment will be rehabilitated to allow natural progression of the road into the surrounding environment.	\$1,053,173	\$1,053,173	Mar-25	Jun-25
129251-24SA-RTR	SA	South Australian Local Government Grants Co	Longwood Road (Adelaide Hills Council)	The current section of Longwood Road links the area of Heathfield to Stirling but more broadly acts as a distributor for the communities of Longwood, Bradbury and Scott Creek within Adelaide Hills Council and beyond the Council boundaries to areas of Cherry Gardens and Coromandel Valley and has pavement failures and surface roughness. The project involves the renewal of road pavement and resurfacing to this 1km section. Council/s contribution: \$400,000.00	\$400,000	\$800,000	Sep-24	Nov-25
129253-24SA-RTR	SA	South Australian Local Government Grants Co	Bethany Road, Bethany (The Barossa Council)	The pavement on Bethany Road has deformed significantly due to the reactive black clay soils, resulting in excessive deflection exceeding 200 mm. This deformation has led to severe rutting and crocodile cracking, creating unsafe traffic movements and drainage problems. Consequently, the current state of the road is unfit for accommodating the designated mix of heavy vehicles, cars, bicycles, and pedestrians. The proposed work involves the reconstruction of the failed pavement, which includes widening the intersection with Biscay Road. The desired road formation width is set at 10 metres, incorporating appropriate sealing and drainage improvements. Balance of project costs being covered by The Barossa Council.	\$400,000	\$800,000	Dec-24	Oct-25

129254-24SA-RTR	SA	South Australian Local Government Grants Co	Riverview Drive, Berri (Berri Barmera Council)	Riverview Drive was severely damaged during the 2022/23 floods due to an earthen levee built on the road to safeguard local residences and the community. This damage involved the degradation of the bitumen surface and clay road base infiltration, causing seepage during floods. The road requires restoration, along with enhancements to ensure immediate repairs and improved resilience against future floods. The proposed work involves the extensive repair and upgrade of Riverview Drive. The project includes removing the damaged bitumen and clay road base that resulted from flood-related issues. Following this, the road will be reconstructed using a suitable PM2 32/25 product to replace the removed materials. The roadway will then be reshaped and sealed with a 14/7 seal. Balance of funds for project to be provided by Berri Barmera Council.	\$450,000	\$1,799,000	Jul-24	Oct-25
129257-24SA-RTR	SA	South Australian Local Government Grants Co	Stradbroke Road, Athelstone (Campbelltown Council)	The Stradbroke Road project aims to address the deteriorating surface that has reached the end of its service life, requiring reconstruction to maintain an acceptable level of service (LOS) for the community. Key issues include the replacement of the road pavement, kerbing, and footpaths as needed. Additionally, improvements to the road surface shape will enhance drainage and provide smoother rideability for all vehicles, including heavy vehicles and buses. Overall, the project seeks to ensure safer connections to key destinations and better connectivity with the arterial road network. The proposed work involves road improvement, replacing existing kerbs, upgrading driveway crossovers, adjusting footpaths, and installing new pram ramps. It will also involve reconstructing the road base and applying a fresh seal to enhance the surface. Additionally, the project will feature the installation of parking bay protuberances and associated line marking to optimise parking and ensure safety. Overall, these enhancements aim to improve functionality and safety for all road users. Balance of project costs being covered by Campbelltown Council.	\$540,000	\$1,100,000	Jul-24	Dec-25

129258-24SA-RTR	SA	South Australian Local Government Grants Co	Reid Avenue, Hectorville (Campbelltown Council)	The current deterioration of the road surface has resulted in a rough and uneven driving experience, creating safety hazards for both vehicles and pedestrians. Inadequate drainage has led to frequent flooding and water damage, further compromising safety and the road's longevity. Additionally, the absence of proper kerbing has contributed to vehicle encroachment and unclear road boundaries, worsening the overall condition and functionality of the road. The proposed work involves resurfacing the section of Reid Avenue between St Bernards Road and Laver Street, which requires reconstruction to maintain an acceptable level of service (LOS). This project will address key issues, including replacing the road pavement and kerbing, improving the road shape for better drainage and rideability, and enhancing connections to key destinations and the arterial road network. Balance of funds for project being provided by Campbelltown Council.	\$755,000	\$1,510,000	Jul-24	Dec-25
129260-24SA-RTR	SA	South Australian Local Government Grants Co	Carcuma Road, Tintinara (Coorong District Council)	The current unsealed road pavement on Carcuma Road is deteriorating rapidly due to high volumes of heavy vehicle traffic, creating safety hazards and placing a significant maintenance burden on the small regional council. Additionally, there are geometric safety concerns that need to be addressed, including the introduction of curve widening, super-elevation, and improved vertical alignment. Currently, access for 36.5 m vehicles is restricted by permit, limiting industry use of the road. This project aims to seal the road to a standard suitable for 36.5 m heavy vehicles, incorporating appropriate curve widening and shoulders to enhance safety and accessibility. The work involves upgrading the road from an 8-metre-wide unsealed pavement to a 10-metre total pavement with an 8-metre seal width. This upgrade will include improved road alignment, curve widening, and enhanced safety features. Additionally, the road will be widened to accommodate 36.5 metre vehicles, with appropriate shoulders added to address geometric safety concerns. Balance of project costs being provided by Coorong District Council.	\$1,300,000	\$1,950,000	Oct-24	Oct-25

129263-24SA-RTR	SA	South Australian Local Government Grants Co	Kulde Road, Tailem Bend (Coorong District Council)	The road is in poor condition due to a deteriorated seal. This has resulted in safety issues for heavy vehicles and high maintenance costs. The section fails to meet the safety standards necessary for efficient and secure freight transport, adversely affecting both the roads functionality and the safety of its users. The proposed work involves applying a two-coat 14/7 mm reseal over the 12 kilometre stretch of Kulde Road to restore the surface and meet safety standards for heavy vehicles. This upgrade will enhance durability, reduce maintenance needs, and improve safety and efficiency for both freight and local traffic. By addressing issues such as potholes and edge breakaway, the project will significantly benefit the regional community, ensuring safer travel and reducing the risk of accidents. Balance of funds for project being provided by Coorong District Council.	\$700,000	\$1,050,000	Oct-24	Dec-25
129274-24SA-RTR	SA	South Australian Local Government Grants Co	Bowman Road, Wallaroo (Copper Coast Council)	Bowman Road is a 100 km/h zone with heavy and commuter traffic, currently lacking sealed shoulders and is too narrow. The approach to the Copper Coast Highway roundabout needs a 120 metre granular overlay and a deep lift of asphalt for correction. The road will be widened to 8.6 metres with sealed shoulders and resealed with a 16/7 mm spray seal for better skid resistance and safety. The proposed work on Bowman Road includes shoulder widening over the 2.3 km length to meet Department of Infrastructure and Transport standards, shape correction with a 50 mm granular overlay, a 185 mm deep lift at the approach to the roundabout, spray sealing with 16/7 mm over the entire 2.3 km length, and installation of line marking, guard posts, and reflectors. The balance of funds for the project will be provided by Copper Coast Council.	\$1,300,000	\$2,684,853	Sep-24	Oct-25

129277-24SA-RTR	SA	South Australian Local Government Grants Co	Bethel Road, Kapunda (Light Regional Council)	The work aims to address significant deficiencies in the current unsealed condition, which impacts safety and functionality as a Regionally Significant Freight Route. With only 1.5 km sealed, the remaining 12.5 km suffers from variable road quality and inadequate stormwater management, leading to flooding and hazards. The project includes extending the sealed section, implementing effective stormwater crossings, installing 950 m of guardrail for safety, and redesigning key intersections for better navigation. These enhancements will improve road safety, connectivity between Horrocks Highway and Thiele Highway, and overall infrastructure standards in the Kapunda region. The proposed work addresses issues by fully sealing Bethel Road, enhancing drainage, installing guardrails, and improving intersections. With pavement works, including underground stormwater crossings, and sealing now complete, the project has reached practical completion. These upgrades align Bethel Road with regional transport standards and enhance freight efficiency by improving safety, surface quality, and road clarity. The balance of funds for the project will be provided by Light Regional Council.	\$1,333,000	\$1,800,000	Oct-24	Oct-25
129280-24SA-RTR	SA	South Australian Local Government Grants Co	Billiatt Road, Lameroo (Loxton Waikerie Council)	Increased traffic and the requirement for larger vehicles have exceeded the current maintenance service levels. Recent audits indicate that Billiatt Road is approaching the end of its seal life and will require a complete reseal within the next 2 to 5 years. The proposed work involves widening the shoulders over 10 km to increase the road width from 6.4 metres to a minimum of 7.6 metres. The wider road with built-up shoulders will offer safer overtaking opportunities and improved travel conditions, enhancing safety for tourism vehicles interacting with heavier traffic. Balance of project costs being covered by Loxton Waikerie Council.	\$993,000	\$1,493,000	Dec-24	Oct-25

129284-24SA-RTR	SA	South Australian Local Government Grants Co	Brighton Parade, Blackwood (City of Mitcham)	The road is divided into segments by concrete raised plateaus, each experiencing various types of failure. Issues include surface deterioration, with potholes and environmental cracking, as well as failed pavement characterised by extensive crocodile cracking and deformation. As a bus route subjected to heavy traffic loading, these conditions are exacerbated, further compromising the road's integrity and safety. The proposed work involves road resurfacing and pavement reconstruction in isolated segments over a total length of 1.2 km. Balance of project costs being covered by City of Mitcham.	\$219,834	\$600,000	Jul-24	Dec-25
129289-24SA-RTR	SA	South Australian Local Government Grants Co	Malpas Road, Tatachilla (Onkaparinga)	The project targets critical issues on Malpas Road, which currently has a narrow width and deteriorating seal, leading to an uneven surface prone to failure. These conditions create safety risks, especially in an 80 km/h zone with heavy vehicle traffic. The narrow road increases congestion and accident risk, while the uneven seal affects vehicle stability and driver comfort. The proposed work to upgrade Malpas Road aims to improve road stability, reduce congestion, and enhance safety and functionality along this crucial freight route, benefiting community travel and tourism. The project will involve profiling and replacing the underlying pavement in stages, with drainage improvements at the Bayliss Road intersection. Sealing works will also add shoulders over the 1 km stretch between Main South Road and Bayliss Road. Key enhancements include widening the road to provide 1 metre shoulders on both sides, upgrading the Bayliss Road intersection to an asphalt surface, strengthening the pavement east of Bayliss Road to eliminate undulations, and updating pavement markings with edge lines, a centre line, and retro-reflective raised markers (RRPMs) for improved visibility and safety. Balance of project costs being covered by The City of Onkaparinga Roads to Recovery allocation (127517-24SA-RTR).	\$930,000	\$1,862,000	Feb-25	Dec-25

129290-24SA-RTR	SA	South Australian Local Government Grants Co	Elizabeth Way, Elizabeth (City of Playford)	The road requires pavement rehabilitation due to severe pavement and seal failure, worsened by increasing traffic loading. Issues such as shape loss, rutting, crazing, and cracking affect the carriageway, bike lanes, and pedestrian crossings, posing risks for all users. As a vital transport route and community destination, it accommodates vehicles, cyclists, and pedestrians, serving as the City of Playford's main public transport link with two bus interchanges and a train station. The deterioration is largely attributed to heavy bus traffic and frequent movements. The proposed work involves rehabilitating 470 metres (11,369 m²) of Elizabeth Way with a deep lift asphalt pavement, covering four traffic lanes. The existing asphalt depth, ranging from 90 mm to 180 mm, will be upgraded to a uniform 205 mm to support heavy vehicle movements, particularly buses servicing the Elizabeth Railway and City Centre interchanges. Rehabilitation will be carried out shift by shift to maintain road trafficability, including reinstating line markings. This timely intervention is crucial for Elizabeth Way, a strategic route handling approximately 20,000 vehicles per day, enhancing access to major public transport hubs and the Elizabeth CBD while improving sustainable transport options and connectivity. Balance of project costs being covered by City of Playford.	\$630,000	\$1,260,000	Oct-24	Oct-25
129291-24SA-RTR	SA	South Australian Local Government Grants Co	Tower Road, Penola (Wattle Range Council)	The current road shows structural failure with significant rutting and cracking, indicating problems with both the pavement and underlying sub-grade. Reconstruction, rather than patching, is necessary to ensure a uniform treatment and maintain good ride quality. The proposed project aims to address major deficiencies by reconstructing the failed section of Tower Road and widening it to close the dimensional gap. The widening will bring the road up to Austroads design standards, improving the width to 7.2 metres with a 1.0 metre shoulder (0.5 metres sealed) and an edge line. This project includes full pavement reconstruction of a 1.7 km section, enhancing the road's safety and functionality. Balance of project costs being covered by Wattle Range Council's own funding and Local Roads Community Infrastructure Program (\$362,993).	\$425,000	\$850,000	Jan-25	Mar-26

133060-25SA-RTR	SA	South Australian Local Government Grants Co	Davison Drive, Mount Gambier (City of Mount Gambier)	The existing pavement along this 0.5 km section of Davison Drive exhibits significant deterioration, including an uneven surface profile, rutting, and cracking. These defects compromise ride quality, increase safety risks, and lead to higher maintenance costs. Given the road's vital role in providing access to the Valley Lakes/Ketla Malpi precinct—one of Mount Gambier's key tourist and recreation areas—proactive rehabilitation is essential to maintain safe and reliable access for all users, including families, buses, and service vehicles. The works will involve full reconstruction and pavement strengthening along the 0.5 km stretch to address surface defects and restore structural integrity. The scope includes reprofiling for improved drainage, renewing line marking, enhancing edge treatments, and reinforcing shoulders where necessary. This upgrade will ensure the road meets regional transport standards and continues to support tourism and community access to the Valley Lakes/Ketla Malpi precinct. Council/s contribution: \$150,000.00	\$300,000	\$450,000	Nov-25	Jun-26
133069-25SA-RTR	SA	South Australian Local Government Grants Co	Supple Road, Waterloo Corner (City of Playford)	The road requires full pavement reconstruction due to its narrow width, failed pavement and seal, and inadequate drainage affecting both the road and shoulders. As a critical freight route for the area, the existing surface has deteriorated under heavy vehicle use, compounded by insufficient pavement depth and poor stormwater management. Located within an 80 km/h zone, the road experiences significant interaction between heavy and commuter vehicles. Widening the road and shoulders will address these issues and significantly improve safety for all users. This project involves the reconstruction of 1.15 km of Supple Road with a new granular pavement and a 40mm asphalt surface, designed to accommodate increased heavy vehicle loading. The upgrade includes widened sealed and unsealed shoulders, improved stormwater capacity, and enhanced drainage. The existing road, which has reached the end of its service life, will see its overall carriageway width expanded from 6 metres to 9.4 metres, while the pavement depth will increase from a variable 200–300mm to a consistent 380mm, ensuring greater durability and performance. Council/s contribution: \$965,000.00	\$765,000	\$1,930,000	Jul-25	Jun-26

133072-25SA-RTR	SA	South Australian Local Government Grants Co	Range Road (City of Victor Harbor)	Range Road requires deep lift pavement resealing and shoulder widening due to its narrow lane width, failed pavement, and deteriorated shoulder conditions. As a critical freight route in the region, the road experiences significant interaction between heavy vehicles and commuter traffic within a 100 km/h speed zone. The existing surface shows heavy rutting and poor drainage, compromising safety and usability. Upgrading the road and shoulders will improve safety for all users by addressing structural failures and accommodating mixed vehicle types more effectively. Deep lift patching will be carried out based on the road's condition at the time of construction, with proposed 40mm asphalt patches covering the full 7-metre road width (or 3.5 metres for single-lane sections). All treated areas will include a 1-metre-wide sealed shoulder to enhance road safety and functionality. Prior to works, roadside vegetation management and drainage maintenance will be undertaken. Following sealing, line marking will be reinstated, roadside markers will be relocated or replaced, and signage will be upgraded where necessary. Council/s contribution: \$125,000.00	\$250,000	\$375,000	Jul-25	Dec-25
133077-25SA-RTR	SA	South Australian Local Government Grants Co	Narrung Road, Meningie (Coorong District Council)	The existing sealed width of Narrung Road varies between 6.0 m and 6.5 m, with inconsistent shoulder widths and conditions. Some sections have narrow, unpaved shoulders with or without edge line markings, while others show deterioration and uneven edges. In places, sealed shoulders are as narrow as 0.1 to 0.2 m, accompanied by narrow unpaved shoulders. This project will widen the seal to a consistent 6.4 m, with 0.5 m sealed and 1.0 m unsealed shoulders on each side, enhancing safety and reducing maintenance caused by deteriorated edges. Currently, Narrung Road is not gazetted for restricted access heavy vehicles, so all such vehicles must operate under permit. The section of Narrung Road is a Regionally Significant Community Access Route and a Locally Important Freight and Tourist Route under the Murrayland and Riverland LGA 2030 Regional Transport Plan. As the sole land-based access to Narrung, Raukkan, and surrounding areas, it provides a vital link to Meningie and beyond. The route supports local dairy farms and general freight movement. This project will upgrade the road to a fit-for-purpose standard, with 2 x 3.2 m lanes, 0.5 m sealed shoulders, and 1.0 m unsealed shoulders. Council/s contribution: \$409,000.00	\$819,000	\$1,228,000	Feb-26	Apr-26

133079-25SA-RTR	SA	South Australian Local Government Grants Co	Kokoda Terrace, Loxton (District Council Loxton Waikeri)	This road is a critical freight and community access route essential to the town of Loxton. Stormwater issues currently affect the road, which will be addressed through the construction of a swale and stormwater pipes to mitigate flooding during rainfall events. At the Kokoda Terrace and Starceovich Road intersection, several serious accidents have occurred. The construction of a roundabout will enhance road safety for all users. This upgrade involves an intersection junction that merges seven roadways and aims to improve flooding issues during significant rain events. Located on a heavy vehicle freight route near a new childcare centre, the intersection at Kokoda Terrace and Starceovich Road has experienced vehicle accidents. Proposed works include kerbing along Kokoda Terrace to enhance stormwater management, road redesign and reconstruction, pavement resealing, and the construction of a roundabout to improve overall road safety. Council/s contribution: \$393,000.00	\$788,000	\$1,180,000	Oct-25	Jun-26
133081-25SA-RTR	SA	South Australian Local Government Grants Co	Wachtel Road and Loxton Drive (District Council Loxton)	This route is critical for freight and community access, particularly supporting Nippy's Fruit Juices and the town of Moorook. The road is currently narrow and in poor condition, posing safety risks. During the recent high river event, it served as the main detour due to flooding on Kingston Road. It will remain the primary alternative route in future flood events, highlighting the need for immediate upgrades to ensure safe and reliable access. The project involves upgrading and widening Wachtel Road and Loxton Drive from 6.4 metres to 7.6 metres over a 2.5 km length to better accommodate heavy vehicles and increased traffic volumes. Works include shoulder widening, full resealing, and line marking. Additionally, relocation of services—including power poles—will be undertaken to enable road realignment at the Wachtel Road and Loxton Drive intersection. Council/s contribution: \$482,000.00	\$964,000	\$1,445,000	Oct-25	Jun-26

133087-25SA-RTR	SA	South Australian Local Government Grants Co	Finniss Vale Drive, Second Valley (District Council of Yan	Finniss Vale Drive is a key tourist and community access route, providing the only access to the Township of Second Valley. The existing pavement and seal are nearing the end of their service life, with significant deformation and cracking. Limited stormwater infrastructure has resulted in uncontrolled runoff into private properties, prompting several resident complaints about flooding. To address these issues, Council will undertake full pavement renewal and roadside drainage improvements along a 760-metre section of the road. The project involves the renewal of a 760-metre section of Finniss Vale Drive and includes engineering and geotechnical assessments, service location, and vegetation clearance as needed. It will deliver a full-depth pavement reconstruction using suitable existing materials, a uniform 7.0-metre sealed carriageway, and upgraded roadside drainage to manage stormwater effectively. The works will also address property access, repair pavement failures, reseal the road, reinstate unsealed shoulders, and upgrade signage. Vegetation removal and trimming will ensure a safe clear zone along the travel lane. Council/s contribution - \$267,000.00	\$533,000	\$800,000	Oct-25	Dec-25
133088-25SA-RTR	SA	South Australian Local Government Grants Co	Bethel Road (Light Regional Council)	The unsealed condition of this 4.5 km section of Bethel Road presents ongoing safety, accessibility, and maintenance issues. As part of a regionally significant freight route, the current surface limits efficiency for commercial vehicles, increases dust and noise impacts on nearby properties, and imposes a high maintenance burden on Council. Upgrading this section is essential to improving road safety, freight productivity, and reducing long-term maintenance costs. The proposed works for Bethel Road – Stage 2 involve upgrading approximately 4.5 km by widening and sealing the carriageway to 7.0 metres, improving road geometry where feasible, and strengthening the pavement to a depth of 450 mm to accommodate current and future traffic loads. Traffic control measures and warning signs will be installed as needed, with the speed limit remaining at 100 km/h. Council/s contribution - \$667,000.00	\$1,333,000	\$2,000,000	Oct-25	May-26

133090-25SA-RTR	SA	South Australian Local Government Grants Co	Bratten Way, Hundred of Cummins, Mitchell and Kiana (	The Bratten Way Rehabilitation & Upgrade project will rehabilitate 2.0km of Bratten Way damaged by an ever-increasing freight task. The proposed works for Bratten Way, spanning the Hundreds of Cummins, Mitchell, and Kiana, involve upgrading the road's pavement and geometry to improve its integrity and safety for heavy freight, tourism, and commuter use. The project will strengthen the pavement by overlaying the existing surface with Class 1 Crushed Rock in accordance with Department of Infrastructure & Transport specifications, with overlay depths varying between 190mm and 400mm based on existing pavement conditions. Lane widths will be increased to 3.5 metres, with 1.0 metre sealed and 0.5 metre unsealed shoulders, enhancing road safety and usability. The upgrades are designed to enable future gazettal of Bratten Way as a Higher Mass Limit (HML) route, while optimising pavement thicknesses to reduce construction costs by leveraging the remaining strength of the existing road. Council/s contribution: \$655,008.00	\$1,307,000	\$1,962,000	Jul-25	Dec-25
133091-25SA-RTR	SA	South Australian Local Government Grants Co	Murraylands Road (Mid Murray Council)	Stage 2 of the Murraylands Road project remains unsealed, presenting safety concerns such as potholes, dust, flying gravel, and uneven surfaces that increase the risk of vehicle instability. As a vital freight and community access route, Murraylands Road plays a key role in supporting regional connectivity and has been recognised as locally significant in the Murraylands & Riverland LGA 2030 Regional Transport Plan. The Murraylands Road Improvement Project, delivered by Mid Murray Council, will upgrade 2.5 kilometres of unsealed road to a bitumen-sealed standard, enhancing safety and freight access in the Murraylands and Riverland region. The works include road widening from 7 to 11 metres, sealing of shoulders, line marking, signage, and stormwater improvements to support heavy vehicle traffic and improve overall road efficiency. Council/s contribution: \$287,000.00	\$574,000	\$861,000	Nov-25	May-26

133092-25SA-RTR	SA	South Australian Local Government Grants Co	Bollen Road, Mount Barker (Mount Barker District Coun	Bollen Road requires urgent reconstruction to accommodate current and projected traffic volumes exceeding 5,000 vehicles per day, driven by nearby developments including a new school, church, childcare centre, and proposed recreational facilities. The existing carriageway is too narrow, with inadequate drainage, lighting, and pedestrian access—particularly impacting school children, bus users, and residents with mobility needs. The upgrade will address these deficiencies by widening the road where possible, incorporating shared paths and safe crossings, and bringing the road up to urban collector standards. In constrained sections, a divided carriageway and tree-sensitive treatments will preserve mature vegetation while enhancing safety, sight lines, and speed management. The Bollen Road upgrade includes the full reconstruction of approximately 1.16 kilometres of road, widening the existing 6.0–6.2 metre carriageway to a compliant 7.2 metres to meet urban collector standards and support increasing traffic, including school and public transport services. A split carriageway design between Mansfield Avenue and Memorial Drive will preserve mature vegetation, with tree-sensitive pavement treatments used where necessary to protect roots and ensure a 30-year design life. The project includes full-length kerbing, major drainage upgrades to manage 1-in-100-	\$1,500,000	\$2,250,000	Oct-25	May-26
127338-24SA-RTR	SA	Southern Mallee District Council	Nickolls Rd (Rural Road)	Road surface has deteriorated due to loss of rubble material and increased transport along this length of road. 130681-24SA-RTR	SA	The Flinders Ranges Council	Wigley Street, Quorn	Unsealed town street - associated issues include dust, stormwater and general maintenance Upgrade base, drainage works (as necessary), seal and kerb roadway	\$110,000	\$110,000	Mar-25	May-26
130682-24SA-RTR	SA	The Flinders Ranges Council	Jarvis Hill Road, Hawker	Unsealed town street - associated issues include dust, stormwater and general maintenance Upgrade base, drainage works (as necessary) and seal roadway	\$250,000	\$250,000	Aug-25	Feb-28
130683-24SA-RTR	SA	The Flinders Ranges Council	Barndioota Road, Hawker	Unsealed town street - associated issues include dust, stormwater and general maintenance Upgrade base, drainage works (as necessary) and seal roadway	\$350,000	\$350,000	Aug-25	Feb-28
130684-24SA-RTR	SA	The Flinders Ranges Council	Wilpena Road, Hawker	Unsealed town street - associated issues include dust, stormwater and general maintenance Upgrade base, drainage works (as necessary) and seal roadway	\$150,000	\$150,000	Aug-25	Feb-28

130685-24SA-RTR	SA	The Flinders Ranges Council	First Street, Hawker	Unsealed town street - associated issues include dust, stormwater and general maintenance Upgrade base, drainage works (as necessary) and seal roadway	\$143,091	\$250,000	Aug-25	Feb-28
130328-24SA-RTR	SA	Town of Gawler	Twelfth Street, Gawler South	Long standing stormwater ponding issues as there is inadequate underground drainage system. Kerb and gutters are cracked, crushed, lifted or misaligned. The bitumen seal has deteriorated resulting in potholing, cracking and depressions which has created a safety risk for road users. Upgrade and extend underground stormwater drainage system, renew kerb and gutter and reseal car parking lanes. State Government's Department of Infrastructure and Transport (DIT) will undertake deep patching and resealing road traffic lanes. This is a jointly funded project using RTR funds and the own funds of the Town of Gawler.	\$517,549	\$995,000	Mar-26	Jun-26
131012-24SA-RTR	SA	Town of Gawler	Sunnyside Drive Evanston Park SA 5116	Existing road surface is at the end of service life. Road surface has worn out losing its stones and bitumen binding and become rough and uneven affecting the ride ability on the road. Also, the worn out and cracked road surface does not provide water proofing to the road pavement. Renew damaged kerb and gutter sections, repair defect areas of the road pavements and resurface the roads with a new asphalt concrete layer. This is a jointly funded project and Town of Gawler provides the balance of funds for the project from its own financial resources.	\$420,509	\$451,236	Mar-25	May-25

134946-25TAS-RTR	TAS	Derwent Valley Council	Blair Street, New Norfolk	Pavement and seal failure In-situ pavement stabilisation, new asphalt seal	\$536,437	\$536,437	Feb-26	Mar-26

134947-25TAS-RTR	TAS	Derwent Valley Council	Haney Road, Lachlan TAS	Deteriorating and aged seal Minor pavement repairs, dry matting to fix localised defects, apply 14/7mm crumb rubber stress absorbing membrane seal. Derwent Valley Council is to be responsible for the project cost above the RTR funding.	\$69,658	\$75,761	Jan-26	Mar-26
128805-24TAS-RTR	TAS	Devonport City Council	Tarleton Street, East Devonport	Pavement and sealed surface renewal. Reconstruction of pavement, kerb & driveway renewal, stormwater pit replacement & upgrade, and sealed surface renewal. Council has budgeted \$249,736 in 2024-2025 financial year to co-fund with R2R the Total Project Cost of \$1,199,736.	\$950,000	\$1,199,736	Jan-25	Apr-25
134158-25TAS-RTR	TAS	Devonport City Council	Stewart Street, devonport	The section of road is in the Devonport City CBD and the road assets are at end of life, are no longer compliant to accessibility standards or fit-for-purpose for a CBD environment and volume of vehicular and pedestrian use. Road infrastructure renewal including pavement, sealed surface, kerb, footpath, stormwater, services, streetlighting, landscaping. Upgrades to both the Rooke St and Edward St intersections in accordance with Safe Systems treatments, including raised intersection arrangement with pedestrian priority crossing facilities. Council has budgeted \$150,000 in 2025-2026 financial year to co-fund with R2R the Total Project Cost of \$750,000.	\$600,000	\$750,000	Jan-26	Jun-26
127534-24TAS-RTR	TAS	Dorset Council	Barnbogle Road, Bridport	The current gravel surface has degraded due to weather and traffic movements requiring a new gravel surface to extend pavement life and improve public safety. Apply a layer of surface gravel 5 m wide 100 mm deep to restore running surface.	\$182,509	\$182,509	Aug-24	Mar-25
127535-24TAS-RTR	TAS	Dorset Council	Old Waterhouse Road, Waterhouse	The current gravel surface has degraded due to weather and traffic movements requiring a new gravel surface to extend pavement life and improve public safety. Apply a layer of surface gravel 5.5 m wide 100 mm deep to restore running surface.	\$153,812	\$153,812	Aug-24	Mar-25
127536-24TAS-RTR	TAS	Dorset Council	Halfway Road, Bridport	The current gravel surface has degraded due to weather and traffic movements requiring a new gravel surface to extend pavement life and improve public safety. Apply a layer of surface gravel 5 m wide 100 mm deep to restore running surface.	\$130,153	\$130,153	Aug-24	Mar-25
127537-24TAS-RTR	TAS	Dorset Council	Cape Portland Road, Cape Portland	The current gravel surface has degraded due to weather and traffic movements requiring a new gravel surface to extend pavement life and improve public safety. Apply a layer of surface gravel 5 m wide 100 mm deep to restore running surface. Dorset Council will fund the remainder of the project (\$119,478) with its own funds.	\$145,048	\$149,649	Aug-24	Mar-25

127538-24TAS-RTR	TAS	Dorset Council	East Minstone Road, Scottsdale	The current sealed surface has degraded due to age and vehicle movements requiring a new sealed surface to extend pavement life and improve public safety. Apply a 10 mm reseal 5.5 m wide to waterproof pavement and improve skid resistance.	\$209,378	\$210,378	Aug-24	Jun-25
127539-24TAS-RTR	TAS	Dorset Council	Winnaleah Road, Winnaleah	The current sealed surface has degraded due to age and vehicle movements requiring a new sealed surface to extend pavement life and improve public safety. Apply a 10 mm reseal 6 m wide to waterproof pavement and improve skid resistance.	\$90,433	\$90,833	Aug-24	Jun-25
131665-24TAS-RTR	TAS	Dorset Council	Cape Portland Rd, Rushy Lagoon	The current pavement and sealed surface are degraded due to age and heavy vehicle movements requiring pavement repairs and a new seal. Repair pavement failures and apply a new coat of seal to improve safety and increase pavement life. Dorset Council will be the source of the additional funding for this project.	\$65,189	\$77,068	Sep-24	Dec-24
132048-25TAS-RTR	TAS	Dorset Council	Cape Portland Road, Rushy Lagoon	The current gravel surface has degraded due to weather and traffic movements requiring a new gravel surface to extend pavement life and improve public safety. Apply a layer of surface gravel 5 m wide and 100 mm deep to restore running surface.	\$189,000	\$189,000	Aug-25	Jun-26
132049-25TAS-RTR	TAS	Dorset Council	Old Waterhouse Road, Waterhouse	The current gravel surface has degraded due to weather and traffic movements requiring a new gravel surface to extend pavement life and improve public safety. Apply a layer of surface gravel 5.5 m wide and 100 mm deep to restore running surface.	\$339,000	\$339,000	Aug-25	Jun-26
132050-25TAS-RTR	TAS	Dorset Council	Bridport Back Road, Nabowla	The current gravel surface has degraded due to weather and traffic movements requiring a new gravel surface to extend pavement life and improve public safety. Apply a layer of surface gravel 5.0 m wide and 100 mm deep to restore running surface.	\$166,000	\$166,000	Aug-25	Jun-26
132051-25TAS-RTR	TAS	Dorset Council	Ferny Hill Road, Bridport	The current gravel surface has degraded due to weather and traffic movements requiring a new gravel surface to extend pavement life and improve public safety. Apply a layer of surface gravel 5.5 m wide and 100 mm deep to restore running surface.	\$143,000	\$143,000	Aug-25	Jun-26
132052-25TAS-RTR	TAS	Dorset Council	Dead Horse Hill Road, Ringarooma	The current gravel surface has degraded due to weather and traffic movements requiring a new gravel surface to extend pavement life and improve public safety. Apply a layer of surface gravel 5.0 m wide and 100 mm deep to restore running surface.	\$49,873	\$101,000	Aug-25	Jun-26

132053-25TAS-RTR	TAS	Dorset Council	Derby Back Road, Derby	The current sealed surface has degraded due to age and vehicle movements requiring a new sealed surface to extend pavement life and improve public safety. Apply a 10 mm reseal 5.4 m wide to waterproof pavement and improve skid resistance.	\$315,000	\$315,000	Aug-25	Jun-26
127989-24TAS-RTR	TAS	Flinders Council	Palana Road, Whitemark	Poor road surface, lack of gravel depth for maintenance. Re-sheeting with gravel, re-shape grading and compaction rolling, final trim.	\$221,937	\$225,000	Sep-24	Mar-25
127990-24TAS-RTR	TAS	Flinders Council	Trousers Point Road, Whitemark	Poor road surface due to lack of gravel depth for maintenance grading. Re-sheeting with road gravel, grade and roller compaction, final trim and grade.	\$166,640	\$166,640	Oct-24	Apr-25
129853-24TAS-RTR	TAS	George Town Council	McKenzie Drive, Low Head	McKenzie Dr exhibits substandard alignment and drainage on the road surface. Currently does not meet the Austroads guide standards. Road reconstruction of 256 m and kerb, channel and drainage issues associated with the road, to stop pooling of water impacting the integrity of the new road structure. Road reconstruction of 256 m of McKenzie Drive - Between Low Head Road to cul-de-sac. Scope of works include installation of Kerb and Channel on both sides (512 m) to solve drainage issues. The proposed project also includes drainage works at the intersection and cul-de-sac by installing a suitably sized pit. This project is co-funded between George Town Council (\$108,056) and R2R Program (\$347,544).	\$247,544	\$266,962	Aug-24	May-25
129854-24TAS-RTR	TAS	George Town Council	Old Bangor Tram Road, Mount Direction.	The intersection of Old Bangor Road and Dalrymple road exhibits substandard alignment (in both directions). Currently does not meet the Austroads requirements. Narrow carriageway, poor pavement, poor visibility and deficient junction alignment with previously funded works. Proposed works for this section of Old Bangor Road is to include reconstruction, widening and realignment of intersection with Dalrymple Road. Includes delineation, widening and resealing of approx. 0.50 km of Old Bangor Road and Industry Road (in both Directions). This will improve safety and intersection realignment. This project is co-funded between George Town Council (\$420,000) and R2R Program (\$238,772).	\$238,772	\$658,772	Jul-24	Jun-25

133617-25TAS-RTR	TAS	George Town Council	Dalrymple Road, Mount Direction	This project will address the issues on the northern section of Dalrymple Road from Industry Road junction, where the roadway suffers from insufficient width, weak pavement structure, surface deformation, and inadequate formalised drainage which are the safety risks to all road users. Reconstruction and upgrade of approximately 1 km of Dalrymple Road, starting north of the Industry Road junction, including road widening, drainage improvements, sealing, line marking, and associated civil works. This project is co-funded between R2R and George Town Council under 2025/26 budget. The funding proportion is shown below: R2R Funding: \$469,053 George Town Council: \$30,947	\$469,053	\$500,000	Jul-25	May-26
133651-25TAS-RTR	TAS	George Town Council	Agnes St	This project aims to address road safety concerns caused by insufficient parking space along Agnes Street. With increasing patronage of the adjacent community facility, nearby residents, and the neighbouring primary school, this section of the road is heavily used for on-street parking, particularly during peak hours. The project's objective is to improve safety and traffic flow by offsetting the running lane and providing indented parking spaces. The work is to be constructed compliant intended parking space adjacent to Agnes Street which includes civil works such as excavation of nature strip, road pavement works, surface sealing, drainage installation, kerb installation, line markings and associated civil and landscaping works. The project is co-funded between R2R and George Town Council under 2025/26 Budget. The funding proportion is shown below: R2R Funding: \$117,263 Council Funding: \$33,262	\$117,263	\$150,000	Oct-25	May-26
129008-24TAS-RTR	TAS	Glamorgan Spring Bay Council	Rosedale Road, Bicheno	Pavement formation failures, subsidence and bitumen seal aged. Pavement rehabilitation including stabilisation and 2 coat bitumen reseal.	\$190,588	\$190,588	Nov-24	Mar-25
129009-24TAS-RTR	TAS	Glamorgan Spring Bay Council	East Shelly Road, Orford	Pavement failures, road formation deviations and failing bitumen seal. Pavement rehabilitation and stabilisation, 2 coat bitumen seal.	\$160,687	\$160,687	Nov-24	Mar-25
129010-24TAS-RTR	TAS	Glamorgan Spring Bay Council	Rheban Road, Spring Beach	Pavement deformation and failures, bitumen seal failing. Pavement rehabilitation and stabilisation and 2 coat bitumen seal.	\$126,929	\$126,929	Nov-24	Mar-25
131966-25TAS-RTR	TAS	Glamorgan Spring Bay Council	West Shelly Road, Orford	Pavement deformation and bitumen seal deterioration. Rehabilitate pavement to 150 mm and stabilise with cement. 2 coat bitumen reseal. Balance of funding to come from council capital works program allocation.	\$98,000	\$126,148	Oct-25	Apr-26

131967-25TAS-RTR	TAS	Glamorgan Spring Bay Council	Charles St, Triabunna	Pavement deformation and bitumen seal end of useful life. Rehabilitate pavement to 200mm and stabilise with cement. 2 coat bitumen seal surface. Balance of funding to come from council capital works program allocation.	\$89,000	\$114,000	Oct-25	Apr-26
131968-25TAS-RTR	TAS	Glamorgan Spring Bay Council	Inkerman St, Triabunna	Pavement deformation and failures and seal end of life. Pavement rehabilitation and cement stabilisation to 150 mm and 2 coat bitumen seal. Balance of funding to come from council capital works program allocation.	\$113,000	\$145,000	Oct-25	Apr-26
131969-25TAS-RTR	TAS	Glamorgan Spring Bay Council	Roberts St, Triabunna	Pavement deformation and failures and seal at end of useful life. Pavement rehabilitation to 150mm and cement stabilisation. 2 coat bitumen seal. Balance of funding to come from council capital works program allocation.	\$54,000	\$69,000	Oct-25	Apr-26
131970-25TAS-RTR	TAS	Glamorgan Spring Bay Council	River St, Swansea	Pavement deformation and failures. Bitumen seal at end of useful life. Pavement rehabilitation and cement stabilisation to 150 mm and 2 coat bitumen seal. Balance of funding to come from council capital works program allocation.	\$79,000	\$101,000	Apr-25	Oct-26
131971-25TAS-RTR	TAS	Glamorgan Spring Bay Council	Buckland Road, Buckland	Pavement deformation and seal at end of useful life. Pavement rehabilitation to 200mm and cement stabilisation. 2 coat bitumen seal. Balance of funding to come from council capital works program allocation.	\$217,000	\$280,000	Oct-25	Apr-26
127233-24TAS-RTR	TAS	Glenorchy City Council	Renfrew Circle, Goodwood	Kerb, footpath and road pavement have reached the end of their useful life and require replacement. Installation of new kerb and channel, concrete footpath both sides of the road, and deep lift asphalt pavement. Other funding is from Council's capital works program.	\$518,873	\$1,460,000	Jul-24	Dec-24
127234-24TAS-RTR	TAS	Glenorchy City Council	Ashbourne Grove, West Moonah	Kerb and channel, footpath and road pavement have reached the end of their useful life. New kerb and channel, and concrete footpath both sides of the road. Deep lift asphalt pavement. Other funding is from Council's capital works program.	\$233,704	\$1,000,000	Oct-24	Sep-25
131844-25TAS-RTR	TAS	Glenorchy City Council	Renfrew Circle, Goodwood	Kerb, footpath and road pavement have reached the end of their useful life and require replacement. Installation of new kerb and channel, concrete footpath both sides of the road, and deep lift asphalt pavement. Other funding is from Council's capital works program.	\$926,248	\$1,260,000	Aug-25	May-26
130283-24TAS-RTR	TAS	Hobart City Council	Goulburn St, West Hobart	Asset management driven project relating to the condition of existing road surface and pavement. Work consist of the renewal of asphalt wearing course and partial road pavement renewal.	\$890,000	\$890,000	Apr-25	Jun-25
133435-25TAS-RTR	TAS	Hobart City Council	Elizabeth Street, North Hobart	Surface cracking and pavement deformation. Asphalt inlay, Additional funds by Council.	\$446,213	\$650,000	Jan-26	Mar-26

134860-25TAS-RTR	TAS	Hobart City Council	Doyle Avenue, Lenah Valley	Asset management driven project relating to the condition of existing road surface and pavement. Asphalt inlay and partial road pavement repair.	\$650,000	\$650,000	Jan-26	Mar-26
129622-24TAS-RTR	TAS	Huon Valley Council	Oakfords Road, Wattle Grove	The running surface of the road has depleted. The road required a fresh application of gravel to a depth of 100 mm to 150 mm to address driver experience. 2.7 km of unsealed road will be re-sheeted, the project also includes drain cleaning and culvert replacement and upgrade where required.	\$113,474	\$116,730	Nov-24	Mar-25
129623-24TAS-RTR	TAS	Huon Valley Council	Missing Link Road, Wattle Grove	The running surface of the road has depleted. The road required a fresh application of gravel to a depth of 100 mm to 150 mm to address driver experience. 2.7 km unsealed road will be re-sheeted, the project also includes drain cleaning and culvert replacement/upgrade where required.	\$105,000	\$122,986	Nov-24	Mar-25
129624-24TAS-RTR	TAS	Huon Valley Council	Dillons Hill, Glaziers Bay	The running surface of the road has depleted. The road required a fresh application of gravel to a depth of 100 mm to 150 mm to address driver experience. 2.4 km unsealed road will be re-sheeted, the project also includes drain cleaning and culvert replacement/upgrade where required.	\$120,000	\$123,289	Nov-24	Mar-25
129625-24TAS-RTR	TAS	Huon Valley Council	Sandhill, Cradoc	Sandhill Road, Cradoc has been assessed as requiring a renewal action as it no longer has assessable surface material and therefore is required to be re-sheeted. 3.2 km of unsealed road will be re-sheeted, the project also includes drain cleaning and culvert replacement/upgrade where required.	\$137,000	\$142,445	Nov-24	Mar-25
129626-24TAS-RTR	TAS	Huon Valley Council	Arve Road, Geeveston	Arve Road had started to subside; bank needs to be stabilised and road resurfaced. Resurfacing 604 metres of Arve Road, installing a retaining wall and improving drainage.	\$223,878	\$223,878	Dec-24	May-25
133503-25TAS-RTR	TAS	Huon Valley Council	North Huon Road, Ranelagh	The road seal has deteriorated, creating safety hazards. Current surface conditions include extensive cracking, pothole formation, and loose aggregate, which increase accident risk, damage vehicles, and impede emergency service access. Reseal 4.615 Kilometres of road surface, the project also includes the removal of dangerous trees, drain cleaning, guidepost installation and line Marking.	\$450,000	\$450,000	Jul-25	Mar-26
133504-25TAS-RTR	TAS	Huon Valley Council	Cygnet Coast Road, Cradoc	The road seal has deteriorated, creating safety hazards. Current surface conditions include extensive cracking, pothole formation, and loose aggregate, which increase accident risk, damage vehicles, and impede emergency service access. Reseal 10.2 kilometres of road surface, the project also includes the removal of dangerous trees, drain cleaning, guidepost installation and line marking.	\$933,000	\$933,000	Jul-25	Mar-26

129724-24TAS-RTR	TAS	Kentish Council	Leake Street, Railton	Road is too narrow for vehicles to pass. Widen road and relocate drains clear of new formation. Project is part funded by Kentish Council.	\$70,000	\$74,479	Feb-25	May-25
129725-24TAS-RTR	TAS	Kentish Council	Melrose Road, Melrose	Two-coat seal has worn down to intervention level. Reseal road. Project is part funded by Kentish Council.	\$80,000	\$80,367	Feb-25	Mar-25
129726-24TAS-RTR	TAS	Kentish Council	Paradise Road, Paradise	Seal has worn to the point of needing intervention Reseal road. Project is part funded by Kentish Council.	\$80,000	\$80,585	Feb-25	Mar-25
129727-24TAS-RTR	TAS	Kentish Council	Cornwall Road, Acacia Hills	Seal is worn and requires intervention Reseal Road. Project is part funded by Kentish Council.	\$55,000	\$55,643	Feb-25	Mar-25
129728-24TAS-RTR	TAS	Kentish Council	Knox Drive, South Spreyton	Seal is worn and requires intervention Reseal Road. Project is part funded by Kentish Council.	\$55,000	\$57,252	Feb-25	Mar-25
132591-25TAS-RTR	TAS	Kentish Council	Nook Road, Nook.	Bridge is displaced, cracked and undermined and has reached the end of its useful life. Replace bridge with a major culvert structure. The additional funding to complete project is provided by the Kentish Council.	\$85,000	\$90,000	Jan-26	Feb-26
132597-25TAS-RTR	TAS	Kentish Council	Williams Road, Wilmot	Section of the unsealed road is steep resulting in continuous loss of gravel during rainfall and severe corrugations. Prepare and seal section 440 m of unsealed road. The additional funding to complete project is provided by the Kentish Council.	\$45,000	\$50,000	Nov-25	Dec-25
133932-25TAS-RTR	TAS	King Island Council	South Road, Currie (Rural Road)	The above-mentioned sections of South Road were previously sealed using cold emulsion treatment, with some stretches having been widened using emulsion adjacent to existing bitumen. Over time, cracks had developed, potholes were forming, and in certain areas the surface had stripped away. While these defects have been addressed through recent patching and crack sealing works, the pavement remains vulnerable and requires a more durable treatment. To improve the pavement condition and extend its service life, we propose to reseal these sections with a single-coat hot bitumen seal using 10 mm sealing aggregate, providing a stable and long-lasting surface.	\$474,421	\$474,421	Feb-26	Mar-26
133935-25TAS-RTR	TAS	King Island Council	Millwood Rd, Lymwood - (Rural Road)	Cracks, edge breaks, and potholes have developed along Millwood Road, and although maintenance works have been carried out, the overall condition of the road has deteriorated over time. The section is listed in our asset management system for renewal and is scheduled to be updated in the 2025/26 program.	\$45,718	\$45,718	Feb-26	Mar-26

133936-25TAS-RTR	TAS	King Island Council	South Road, Currie (Rural Road)	South Road is one of the busiest roads on the island and serves as a key route to several major tourist attractions. This section is currently unsealed (gravel) and, due to heavy traffic movements, frequently develops potholes and surface defects. It requires ongoing maintenance and is currently part of Council's regular maintenance grading and gravel re-sheeting programs. Council intends to progressively upgrade this road by sealing at least 0.5 to 1 km every two years, starting with this section, to improve safety, reduce maintenance demand, and support growing traffic from tourism and local industries.	\$500,000	\$500,000	Mar-26	Apr-26
133937-25TAS-RTR	TAS	King Island Council	Netherby Rd, Currie	The overall condition of KI Main Road (Chainage 0 to John Street – Chainage 380) has worsened over time. Despite regular maintenance, surface defects continue to develop, affecting ride quality and safety. This section is listed in our asset management system for renewal and will be prioritized for future upgrades as part of Council's ongoing asset management program.	\$60,000	\$60,000	Mar-26	Apr-26
133938-25TAS-RTR	TAS	King Island Council	Recreation Ground Rd, Currie	Recreation Ground Road (from Golf Club Road – Chainage 0 to Scout Hall – Chainage 200) has shown progressive deterioration over time. Frequent maintenance is required as surface defects and edge wear continue to appear, impacting the overall condition and safety of the road. This section is listed in our asset management system for renewal and will be prioritized for future upgrades as part of Council's ongoing asset management program.	\$19,861	\$19,861	Mar-26	Apr-26
134194-25TAS-RTR	TAS	King Island Council	BR.2297, Cable Station Rd, Frazer River, Naracoopa - Bridge	Annual inspection revealed significant deterioration of timber girders, resulting in structural weakness. A 10-tonne load limit had to be imposed, restricting access for heavy vehicles and impacting Rutile and Sand Mines operations. Replaced 4 timber girders and carried out associated maintenance works, bringing the bridge back to specification. The 10-tonne load limit was removed, restoring normal operations. These works have extended the bridge's service life by approximately 10 years. Bridge upgrade works (Out of total project cost \$136,666, King Island Council allocation is \$69,986 and cost to RTR is \$66,680)	\$66,680	\$136,666	Jan-25	Jul-25

130781-24TAS-RTR	TAS	Kingborough Council	Pelverata Road, Kaoota	•Ongoing frequent pavement failures and maintenance. •Improve road safety addressing narrow and winding carriageway. •Address poor alignment and intersection with McGuires Road. 600 metres of full road reconstruction, including road stabilisation works, pavement widening, and spray seal. Council will fund the additional costs above the RTR funding from own source funds.	\$596,102	\$600,000	Mar-25	Dec-26
129700-24TAS-RTR	TAS	Latrobe Council	Moriarty Road, Latrobe	Road has extensive pavement and seal failures Rehabilitate pavement by foamed bitumen stabilisation and then asphaltting the wearing surface. Project is part funded by Latrobe Council.	\$565,000	\$568,416	Nov-24	May-25
129716-24TAS-RTR	TAS	Latrobe Council	Hamilton Street, Latrobe	Lack of formalised drainage and parking leading to pavement failures, boggy unsightly nature strips and water ponding. Widen road pavement, install drainage and kerb and channel. Project is part funded by Latrobe Council.	\$265,000	\$268,599	Jan-25	Apr-25
129717-24TAS-RTR	TAS	Latrobe Council	Port Sorell Main Road, Port Sorell	Lack of pavement edge support, pedestrian facilities, drainage and poor alignment Improve approach alignment, install kerb and channel, improve drainage and construct footpaths. Project is part funded by Latrobe Council.	\$200,000	\$210,000	May-27	Jun-27
129718-24TAS-RTR	TAS	Latrobe Council	Gerrand Street, Latrobe	New subdivision is being constructed immediately to the west of this project and it is desirable to link this to Councils existing road network. Construct new road including pavement, seal, kerbs, footpaths, drainage and nature strips. Project is part funded by Latrobe Council.	\$100,000	\$104,683	Oct-24	May-25
132598-25TAS-RTR	TAS	Latrobe Council	Tarleton Road, Tarleton	Road pavement and seal are failing resulting in regular pothole repairs and poor level of driver comfort. Reconstruct and reseal road using pavement stabilisation. The additional funding to complete project is provided by the Latrobe Council.	\$950,000	\$1,000,000	Jan-26	Mar-26
128872-24TAS-RTR	TAS	Launceston City Council	Underwood Road (Rural Road)	Bridge beam bearings at both ends are showing advanced rates of corrosion and deterioration. Note: A bridge bearing carries the loads or movement in both vertical and horizontal directions from the bridge superstructure and transfers those loads to the bridge piers and abutments. Refurbishment of the fixed steel and steel roller bearings to prevent any potential structural damage.	\$47,694	\$47,694	Sep-24	May-25
129155-24TAS-RTR	TAS	Launceston City Council	Cavalry Road, Mowbray	The road has reached the end of its functional life and is in poor condition as a result. Strengthening of the structural base, reseal of the road surface and installation of subsoil drainage.	\$707,410	\$707,410	Sep-24	Jun-25

129157-24TAS-RTR	TAS	Launceston City Council	Johnston Road, St Leonards	Johnston Road has reached the end of its functional life and is in poor condition. Reconstruction of the subgrade and reseal of the wearing surface is required. Stabilisation of the subgrade, installation of subsoil drainage and reseal of the road surface.	\$1,323,568	\$1,323,568	Sep-24	Dec-25
129158-24TAS-RTR	TAS	Launceston City Council	Upper York Street, Launceston	The road has reached the end of its functional life and is in poor condition. A full road reconstruction is required. Replacement of subgrade and base course, replacement of surface pavers with asphalt, reconstruction of kerb and channel and footpaths	\$79,042	\$79,042	Sep-24	Mar-25
134786-25TAS-RTR	TAS	Launceston City Council	McKellar Road, Launceston	An independent road condition assessment identified McKellar road surface and subgrade failure. This section of McKellar Road has reached the end of it's functional life and requires replacement. Pavement rehabilitation works including subgrade and surface replacement.	\$324,793	\$324,793	Jan-26	Jul-26
134787-25TAS-RTR	TAS	Launceston City Council	Hardwicke Street, Summerhill	The intersection of Hardwicke Street and Outram Street has reached the end of it's functional life as identified in an independent condition assessment. Full reconstruction of the Harwicke Street and Outram Street intersection including replacement of subgrade and reinstatement of a new road surface.	\$337,298	\$337,298	Jan-26	Jul-26
134788-25TAS-RTR	TAS	Launceston City Council	Cook Crescent, Mayfield	During recent resealing works on Cook Crescent, significant pavement failures were identified. These issues were primarily attributed to the poor construction of the original pavement structure, as well as underlying ground conditions that were not apparent from the surface. The reconstruction of Cook Crescent is required, including sub-base works and reseal of road surface.	\$310,000	\$310,000	Sep-25	Nov-25
128179-24TAS-RTR	TAS	Meander Valley Council	Dynans Bridge Road, Weegena	Sections of the road pavement along Dynans Bridge Road have failed and are in poor condition creating unsafe road condition for road users. Additional reconstruction of a failed section of road pavement, approximately 1.3 km in total.	\$210,352	\$437,853	Sep-24	Mar-25
128181-24TAS-RTR	TAS	Meander Valley Council	Oaks Road, Carrick	Sections of the road pavement along Oaks Road have failed and are in poor condition creating unsafe road condition for road users. Reconstruction of a failed section of road pavement, approximately 700 m in total.	\$336,578	\$336,578	Oct-24	Mar-25
128182-24TAS-RTR	TAS	Meander Valley Council	Westwood Road, Westwood	Sections of the road pavement along Westwood Road have failed and are in poor condition creating unsafe road condition for road users. Reconstruction of a failed section of road pavement, approximately 700 m in total.	\$343,070	\$343,070	Sep-24	Mar-25

128183-24TAS-RTR	TAS	Meander Valley Council	Westwood Road, Hagley	Identified issues with this narrow and winding section of Westwood Road where school bus traffic, increases in heavy vehicle movements and visitors to the Quamby Estate and golf course are creating unsafe road conditions for road users. Road realignment and pavement widening, approximately 500 m in total. Balance of funds for project provided by Council's own funding.	\$246,637	\$282,645	Sep-24	Mar-25
132893-25TAS-RTR	TAS	Meander Valley Council	Dairy Plains Road, Dairy Plains	Sections of the road pavement along Dairy Plains Road have failed and are creating unsafe conditions for road users. Reconstruction of approximately 1,400 m section of failed road pavement.	\$500,000	\$500,000	Sep-25	Apr-26
132895-25TAS-RTR	TAS	Meander Valley Council	Emu Plains Road, Westbury	Sections of the road pavement along Emu Plains Road have failed and are in poor condition creating unsafe road conditions for road users. Reconstruction of a failed section of road pavement, approximately 500 m in total.	\$150,000	\$150,000	Oct-25	Apr-26
132896-25TAS-RTR	TAS	Meander Valley Council	Selbourne Road, Selbourne	Road widening, lack of sufficient pull over space on the northern approach to the bridge and sign distance safety improvement works. Road realignment and pavement widening, approximately 300 m in total.	\$250,000	\$250,000	Sep-25	Apr-26
132897-25TAS-RTR	TAS	Meander Valley Council	Gulf Road, Liffey	Renewal of existing timber beam bridge which has reached the end of its useful life. Replacement of existing bridge superstructure and substructure with new concrete bridge components and associated road works. Balance of project funding to come from Council reserves.	\$498,937	\$515,000	Sep-25	Apr-26
129011-24TAS-RTR	TAS	Northern Midlands Council	Ashby Road, Ross	This section of road was constructed with a pavement that was not built to cope with current heavy traffic, and nearby farming practices, and the pavement is failing badly under the seal, lost shape, is rough and is potholing. Minor drainage works to provide a 5.5 m wide sealed pavement within the road reserve. New gravel will be placed, compacted and sealed.	\$919,688	\$1,078,611	Jan-25	Mar-25
129012-24TAS-RTR	TAS	Northern Midlands Council	Elphinstone Road, Cressy	This road pavement has failed badly due to some water damage, heavy traffic, and more extensive farming practices in that area. The works will involve some minor drainage improvements, new gravel to be placed, compacted and sealed.	\$329,534	\$329,534	Oct-24	Dec-24
133509-25TAS-RTR	TAS	Northern Midlands Council	Ashby Road, Ross	This section of road was constructed with an unsealed pavement that was not built to cope with current heavy traffic, and nearby farming practices, and the pavement is failing badly, lost shape, is rough and corrugated. Minor drainage works to provide a 5.5 m wide sealed pavement within the road reserve. New gravel will be placed, compacted and sealed.	\$1,537,504	\$1,537,504	Sep-25	Feb-26

127561-24TAS-RTR	TAS	Sorell Council	Allambie Road (Rural Road)	Significant pavement failures, inadequate road side drainage and poor road geometry. The reconstruction of 707 metres of rural road. Including upgrade to roadside drainage and a vertical lift of the surface.	\$681,644	\$880,000	Nov-24	Jan-26
132545-25TAS-RTR	TAS	Sorell Council	Penna Road (Rural road)	Stormwater upgrade and reconstruction of road damaged by stormwater issues. Improving pedestrian safety and the addition of street lighting for turning of vehicles into new subdivisions. Addition of a formalised pedestrian crossing and footpaths (missing link). Additionally, line of sight will be improved from the midway point approach. Formalising some parking and improving waste pickup areas. The reconstruction of (450 metres) of urban road. Including associated stormwater works which will manage the overland flow and stormwater to the outlet to Pittwater. Installing street lighting and further installation of footpaths and a pedestrian crossing. Funding beyond RTR will be provided by Council.	\$619,676	\$1,167,400	Nov-25	Apr-26
129481-24TAS-RTR	TAS	Southern Midlands Council	Aldridge Road, Orielton	Road surface degradation due to age of seal. Resealing.	\$55,000	\$55,000	Oct-24	Jun-25
129482-24TAS-RTR	TAS	Southern Midlands Council	Brighton Road, Pontville	Road surface degradation due to age of seal. Resealing.	\$56,687	\$56,687	Oct-24	Apr-25
129484-24TAS-RTR	TAS	Southern Midlands Council	Woodsdale Road, Runnymede	Sealed pavement failures. Reconstruct and Seal.	\$385,000	\$385,000	Oct-24	Jan-25
129485-24TAS-RTR	TAS	Southern Midlands Council	Pelham Road, Elderslie	Sealed pavement failures. Reconstruct and Seal.	\$160,000	\$160,000	Jul-24	Jun-25
129490-24TAS-RTR	TAS	Southern Midlands Council	York Plains Road, York Plains	Sealed pavement failures. Reconstruct and Seal.	\$130,000	\$130,000	Oct-24	Jan-25
129492-24TAS-RTR	TAS	Southern Midlands Council	Cliftonvale Road, Elderslie	Steep road edge drop off. 600 m safety rail.	\$78,506	\$78,506	Dec-24	Jun-25
134221-25TAS-RTR	TAS	Southern Midlands Council	Jericho Road, Jericho	Road surface degraded due to age of seal. 1500 m resealing	\$45,000	\$45,000	Oct-25	Mar-26
134222-25TAS-RTR	TAS	Southern Midlands Council	Cliftonvale Road, Kempton	Road surface degraded due to age of seal. 1500m resealing.	\$65,000	\$65,000	Oct-25	Mar-26
134223-25TAS-RTR	TAS	Southern Midlands Council	High Street, Oatlands	Road surface degraded due to age of seal. 500 m resealing.	\$55,000	\$55,000	Oct-25	Mar-26
134224-25TAS-RTR	TAS	Southern Midlands Council	Glen Morey Road, Woodbury	Road surface degraded due to age of seal. Two sections of reseal, 1300m in Section 1 and 400m in Section 2.	\$47,000	\$47,000	Oct-25	Mar-26
134225-25TAS-RTR	TAS	Southern Midlands Council	Woodsdale Road, Woodsdale	Road surface degraded due to age of seal. 1250 m resealing.	\$48,000	\$48,000	Sep-25	Mar-26
134226-25TAS-RTR	TAS	Southern Midlands Council	Swan Street, Bagdad	Road pavement degraded due to age pavement. 600m reconstruction and seal.	\$137,000	\$137,000	Oct-25	Mar-26
134227-25TAS-RTR	TAS	Southern Midlands Council	Eldon Road, Tunnack	Road pavement degraded due to age pavement. 700m reconstruction and seal.	\$110,000	\$110,000	Oct-25	Mar-26
134229-25TAS-RTR	TAS	Southern Midlands Council	Woodsdale Road, Woodsdale	Road pavement degraded due to age pavement. 30m dig-out and seal.	\$23,000	\$23,000	Oct-25	Mar-26
134230-25TAS-RTR	TAS	Southern Midlands Council	Blackbrush Road, Mangalore	Gravel surface degrades quickly due to heavy vehicle usage and steep drop-off both sides of 30m section. 1000m Reconstruction and Seal, 60m guardrail.	\$195,000	\$195,000	Oct-25	Mar-26
134231-25TAS-RTR	TAS	Southern Midlands Council	Rhyndaston Road, Rhyndaston	Gravel surface degrades quickly causing a safety risk. 1300 m Reconstruct and Seal.	\$202,500	\$202,500	Oct-25	Mar-26
134232-25TAS-RTR	TAS	Southern Midlands Council	Blackgate Road, Mt Seymour	Small section of gravel surface between seals is difficult to maintain. 450 m reconstruct and seal.	\$85,000	\$85,000	Oct-25	Mar-26

134233-25TAS-RTR	TAS	Southern Midlands Council	High Street, Oatlands	Traffic complaints in busy pedestrian area. Install traffic calming island in shopping/tourist precinct.	\$23,640	\$45,940	Jan-25	Jun-26
130234-24TAS-RTR	TAS	Tasman Council	Saltwater River Road, Premaydena Tas	Ongoing pavement failures including potholing, cracking and localised failure. Cement stabilisation followed by full 2 coat reseal. Asphalt to curve section. The project will be jointly funded between RTR and Council. Council own funding will be from savings that have been put aside for future works.	\$270,768	\$400,000	Jan-25	May-25
134982-25TAS-RTR	TAS	Tasman Council	Safety Cove Road, Port Arthur	The proposed reconstruction and rehabilitation works will address the ongoing pavement issues by stabilising and strengthening the existing road structure to prevent further deterioration. This includes repairing and reconstructing areas affected by potholing, cracking, and localised failures to restore a durable and even surface. The stabilisation process will improve the underlying pavement strength, reduce the likelihood of future blowouts, and provide a long-term solution to recurring failures. As a result, traffic hazards associated with uneven surfaces and road damage will be eliminated, improving overall road safety and driving conditions for all users. The section of road is to be treated using cement stabilisation followed by a full two-coat bitumen reseal to improve structural strength and surface durability.	\$325,000	\$325,000	Jan-26	Mar-26
130448-24TAS-RTR	TAS	Waratah-Wynyard Council	Lapoinya Road (Rural Road)	Bitumen road at end of useful life. Replace bitumen surface. Balance of project cost being funded by Council.	\$144,960	\$198,539	Oct-24	Feb-25
130449-24TAS-RTR	TAS	Waratah-Wynyard Council	Aitkens Road (Rural Road)	Gravel wearing surface worn away leaving road base exposed. Re-sheet road with new gravel surface.	\$23,810	\$23,810	Jul-24	Oct-24

133442-25VIC-RTR	VIC	Banyule City Council	Northern Road, Heidelberg West	Surface failures including cracking, ruts, shoving, depressions and kerb misalignment. Repair road failures, replace misaligned kerb and resurface road.	\$109,250	\$109,250	Sep-25	Jun-26
133444-25VIC-RTR	VIC	Banyule City Council	Sheehan Road, Heidelberg West	Surface failures including cracking, ruts, shoving and depressions. Repair road failures including cracking, ruts, shoving and depressions.	\$293,650	\$293,650	Sep-25	Jun-26
133457-25VIC-RTR	VIC	Banyule City Council	Yarra Hill Close, Lower Plenty	Surface failures including cracking, ruts, shoving and depressions. Repair road failures including cracking, ruts, shoving and depressions.	\$48,650	\$48,650	Sep-25	Jun-26
133458-25VIC-RTR	VIC	Banyule City Council	Looker Road, Montmorency	Surface failures including cracking, ruts, shoving and depressions. Repair road failures including cracking, ruts, shoving and depressions.	\$32,700	\$32,700	Sep-25	Jun-26
127352-24VIC-RTR	VIC	Bass Coast Shire Council	Berrys Beach Rd, Ventnor	The road condition is poor and requires frequent maintenance. Additionally, a 1.3 km segment was upgraded in previous financial years, beginning 70 metres south of Ventnor Road, to the Saltwater Creek culvert south along Berrys Beach Rd. Upgrade of road from 5.8 m to 7.2 m width, also upgrade and widen major culvert on this segment of the road. Additional funding source - Bass Coast Shire Council - General Rate Revenue.	\$710,666	\$1,010,666	Jan-25	Jul-25
127356-24VIC-RTR	VIC	Bass Coast Shire Council	Cuttriss Street, Inverloch	Pavement is in poor condition. Last Road Condition Audit from September 2023 assessed the segment as being in poor condition, requiring significant intervention. Pavement and kerb renewal. Addition funding is from Bass Coast Shire Council - General Rate Revenue	\$29,334	\$359,334	Dec-24	Jul-25
127365-24VIC-RTR	VIC	Bass Coast Shire Council	Watt Street, Wonthaggi	Medium-sized cracks have started to appear in the seal, allowing water to seep into the road pavement, causing potholes and soft spots to form in the road. Asphaltting. Additional source of funding is from Bass Coast Shire Council (General Rate Revenue).	\$108,500	\$150,000	Jan-25	Jul-25
127367-24VIC-RTR	VIC	Bass Coast Shire Council	Archies Creek Road, Archies Creek	Road condition assessments on this stretch of road have determined that the current condition of the road - including cracking, potholes and shoving - requires renewal to return the asset to a serviceable condition. Pavement stabilisation including sealing. Additional source of funding is Bass Coast Shire Council - General Rate Revenue.	\$282,000	\$932,000	Jan-25	Jul-25

131734-24VIC-RTR	VIC	Bass Coast Shire Council	Almurta Glen Frobes Rd, Almurta	The road surface has deteriorated due to age and weathering resulting cracks and potholes. and the surface has become smooth and slippery in some places. This makes the road uncomfortable and less safe for drivers, especially in wet weather. Fixing it now will help stop it from getting worse and reduce the need for future repairs. It is proposed to apply a spray seal coat and shoulder improvement as apart of preparation works for sealing. It improves surface condition and extend pavement life. Additional funding from Bass Coast Shire council	\$142,000	\$150,000	Nov-25	May-26
131736-24VIC-RTR	VIC	Bass Coast Shire Council	Rhyll Newhaven Rd, Rhyll	Road condition assessments on this stretch of road have determined that the current condition of the road - including cracking, potholes and shoving - requires renewal to return the asset to a serviceable condition. Pavement stabilisation and sealing including replacing 2 culverts on this segment of the road. Additional funding source - Bass Coast Shire Council	\$660,000	\$700,000	Jan-26	Jun-26
131737-24VIC-RTR	VIC	Bass Coast Shire Council	Cutty Sark Road, Coronet Bay	The road surface has multiple cracks and road surface is deteriorating fixing it now will help stop it from getting worse, need to replace deteriorating kerbs and pits to enhance safety and provide proper drainage. Replacing deteriorated kerbs to restore proper drainage function and edge support, and Spray sealing the road to prevent water ingress and future pavement failures. Additional funding source - Bass Coast Shire Council	\$250,000	\$259,000	Sep-25	Mar-26
131740-24VIC-RTR	VIC	Bass Coast Shire Council	Ullathornes Road, Inverloch	The road is in poor condition, with cracks, dips, and rough patches. It's uncomfortable and less safe to drive. It is proposed to heavy patch and apply a spray seal and kerb improvement as part of preparation works for sealing. Additional funding source - Bass Coast Shire Council	\$145,000	\$160,000	Nov-25	Mar-26
131741-24VIC-RTR	VIC	Bass Coast Shire Council	Murray St, Wonthaggi	The road is in poor condition, with cracks, dips, and rough patches. It's uncomfortable and less safe to drive It is planned to lay a new layer of asphalt on the road to make it smooth, safe, and longer-lasting. Additional funding source -Bass Coast Shire Council	\$70,000	\$75,000	Nov-25	Feb-26

131742-24VIC-RTR	VIC	Bass Coast Shire Council	Bayview Avenue, Inverloch	As part of Drainage flood mitigation project in Bayview Avenue, Segment between Russel Street and Pier Road needs to be asphalted. In addition to this, the segment from the end of the splitter island at the intersection of Williams Street to Russell Street is in poor condition, exhibiting cracks, dips, and soft surface patches. These defects make the roadway uncomfortable and less safe for drivers, It is plan to lay a new layer of asphalt on the road including fixing soft and weak areas on the road by making the ground underneath stronger. This will help the road last longer and make it safer to drive on. Additional funding source -Bass Coast Shire Council	\$180,000	\$235,000	Nov-25	Dec-25
131010-24VIC-RTR	VIC	Baw Baw Shire Council	Cook Road, Longwarry	Cook Road pavement and sections of kerb and channel and drainage are in poor condition and in need of renewal. A Victorian Government project to improve rail transport facilities impacts a section of the road. Council and VicConnect have scoped and agreed to undertake a joint cost-shared project, with: - road-related renewal works funded by Council - rail facilities-related works impacting the road funded by VicConnect.	\$242,561	\$544,000	Jul-24	Nov-24
131898-25VIC-RTR	VIC	Baw Baw Shire Council	Longwarry Rd, Droun	Aged and cracked road seal Bitumen resealing works	\$99,723	\$99,723	Jan-25	Jan-25
131899-25VIC-RTR	VIC	Baw Baw Shire Council	Fraser Spur Rd, Neerim East	Aged and cracked seal and failed pavement Pavement stabilisation, primer seal and final seal	\$175,829	\$175,829	Sep-24	Mar-25
131900-25VIC-RTR	VIC	Baw Baw Shire Council	Veysey Rd, Neerim East	Pavement failures, cracked and aged seal Pavement stabilisation, asphaltting, primer seal and resealing	\$105,942	\$105,942	Sep-24	Mar-25
131901-25VIC-RTR	VIC	Baw Baw Shire Council	Lye and Dixon Rd, Ripplebrook	Final seal works from earlier pavement repair works Bitumen Spray Sealing	\$131,415	\$131,415	Nov-24	Nov-24
131902-25VIC-RTR	VIC	Baw Baw Shire Council	Larnders Track, Torwood	Failed pavement and aged and cracked seal. Asphalt patching and reseal.	\$192,050	\$192,050	Oct-24	Dec-24
134611-25VIC-RTR	VIC	Baw Baw Shire Council	Ashdowns Road, Tanjil South	Critical Bridge Repairs Bridge strengthening works on Ashdowns Road bridge in Tanjil South over Tanjil River, which includes removal of existing decking and beams and installation of new steel beams & precast concrete decking on existing piers and abutments.	\$826,326	\$826,326	Jun-25	Sep-25
131672-24VIC-RTR	VIC	Bayside City Council	Spring street, Sandringham	Road surface and associated kerb and channel have reached the end of useful life, are in poor condition and require renewal. Reseal road and renew kerb and channel (traffic and drainage). Project is jointly funded with \$482,214 from RTR and the balance (\$169,445) from Council's own funds.	\$482,214	\$651,639	May-25	May-25
133464-25VIC-RTR	VIC	Bayside City Council	Male Street, Brighton	Road surface is reaching end of life (growing maintenance and road defect counts and potential hazards to road users) and requires renewal. Renewal of the road surface.	\$593,493	\$593,493	Apr-26	May-26

129762-24VIC-RTR	VIC	Benalla Rural City Council	Arundel Street North, Benalla	Road surface is deteriorating through oxidation and loss of aggregate and has cracking and potholes that are becoming a hazard and allowing water to penetrate through to the underlying pavement base. Top up current alignment with crushed rock, minor widening (where possible to minimise vegetation loss), stabilise, upgrade drainage (where possible).	\$3,599,105	\$3,828,660	Apr-25	Apr-26
133567-25VIC-RTR	VIC	Cardinia Shire Council	Huxtable Road, Pakenham Upper	Unsealed road that has large maintenance costs, drainage issues with numerous customer complaints about speed and safety due to poor road surface. Top up current alignment with crushed rock, minor widening (where possible to minimise vegetation loss), stabilise, upgrade drainage (where possible)	\$3,389,161	\$3,389,161	Dec-25	Apr-26
133568-25VIC-RTR	VIC	Cardinia Shire Council	Seven Mile Road, Nar Nar Goon	Pavement at end of life with extensive failures and poor drainage along whole section. Pavement rehabilitation and construction, drainage improvements and associated works.	\$301,829	\$301,829	Dec-25	Mar-26
133569-25VIC-RTR	VIC	Cardinia Shire Council	Pitt Road, Iona	Pavement at end of life with extensive failures and poor drainage along whole section. Pavement rehabilitation and construction, drainage improvements and associated works.	\$657,467	\$657,467	Nov-25	Apr-26
133570-25VIC-RTR	VIC	Cardinia Shire Council	Heads Road, Catani	Pavement at end of life with extensive failures and poor drainage along whole section. Pavement rehabilitation and construction, drainage improvements and associated works.	\$100,000	\$100,000	Feb-26	Apr-26
133571-25VIC-RTR	VIC	Cardinia Shire Council	Manks Road, Tooradin	Pavement at end of life with extensive failures and poor drainage along whole section. Pavement rehabilitation and construction, drainage improvements and associated works.	\$412,058	\$412,058	Nov-25	Feb-26
133572-25VIC-RTR	VIC	Cardinia Shire Council	Pooles Road, Lang Lang East	Surface degradation over time due to vehicle traffic, wind and water erosion, pot holes and deep ruts. Re-surface roads with 20 class 4 crushed rock, compacted to 100 mm to improve the roads strength, durability and ride quality.	\$432,000	\$432,000	Sep-25	Dec-25
133573-25VIC-RTR	VIC	Cardinia Shire Council	Cams Road, Lang Lang East	Surface degradation over time due to vehicle traffic, wind and water erosion, pot holes and deep ruts. Re-surface roads with 20 class 4 crushed rock, compacted to 100 mm to improve the roads strength, durability and ride quality.	\$312,000	\$312,000	Sep-25	Dec-25

133574-25VIC-RTR	VIC	Cardinia Shire Council	Lyons Road, Heath Hill	Surface degradation over time due to vehicle traffic, wind and water erosion, pot holes and deep ruts. Re-surface roads with 20 class 4 crushed rock, compacted to 100 mm to improve the roads strength, durability and ride quality.	\$288,000	\$288,000	Sep-25	Dec-25
133575-25VIC-RTR	VIC	Cardinia Shire Council	Hall Road and Number Five Drain Road, Bayles	Surface degradation over time due to vehicle traffic, wind and water erosion, pot holes and deep ruts. Re-surface roads with 20 class 4 crushed rock, compacted to 100mm to improve the roads strength, durability and ride quality. The additional source of funding is Cardinia Shire Council.	\$396,646	\$480,000	Sep-25	Dec-25
131382-24VIC-RTR	VIC	Casey City Council	Tyabb-Tooradin Road, Prarcdale	Tyabb Tooradin Road is currently not in a good asset condition, signs of heavy rutting/depression which was observed as areas with corrugated cracks and changes in level of the road surface. High traffic volumes, heavy vehicle traffic, narrow sealed road width, and drainage issues are causing ongoing maintenance problems and potential for failure and closure of road. Urgent repairs and reconstruction of road which include new geotextile with asphalt overlay and targeted patching. Full reconstruction in sections to address drainage issues.	\$1,824,023	\$1,824,023	Nov-24	Mar-25
131383-24VIC-RTR	VIC	Casey City Council	Power Road, Doveton	Rehabilitation works overlay on the actual road cracking and lifting so there is a failure in asset. Rehabilitation Works on Power Road from Box Street to Princes Highway that included •Kerb and channel drain •Concrete off street carparking •Driveway infills •Foot path •Side entry/Junction pits •Asphalt overlay Anti skid treatment from 5 Power Road to Green Street.	\$299,787	\$1,100,000	Jan-25	Mar-25
134903-25VIC-RTR	VIC	Casey City Council	Farm Lane, Berwick	Farm Lane is currently in a much less than satisfactory asset condition, signs of heavy rutting/depression which was observed as areas with corrugated cracks and changes in the level of road surface. Narrow sealed road width and drainage issues are causing maintenance problems and potential for failure and closure of road. Urgent repairs and reconstruction of road which includes asphalt overlay and extensive patching. Full reconstruction in sections to address drainage issues.	\$200,000	\$200,000	Jan-26	Jan-26

134904-25VIC-RTR	VIC	Casey City Council	Monahans Road, Cranbourne	Monahans Road is currently in a much less than satisfactory asset condition, signs of heavy rutting/depression are observed, as are areas with corrugated cracks and changes in level of the road surface. High traffic volumes, heavy vehicle traffic, narrow sealed road width, and drainage issues are causing ongoing maintenance problems and potential for failure and closure of road. Urgent repairs and reconstruction of road which include asphalt overlay and extensive patching. Full reconstruction in sections to address drainage issues.	\$270,000	\$270,000	Feb-26	Feb-26
134905-25VIC-RTR	VIC	Casey City Council	Dalmore Road, Dalmore	Dalmore Road is currently in a much less than satisfactory asset condition, signs of heavy rutting/depression are observed, as are areas with corrugated cracks and changes in level of the road surface. High traffic volumes, heavy vehicle traffic, narrow sealed road width, and drainage issues are causing ongoing maintenance problems and potential for failure and closure of road. Urgent repairs and reconstruction of road which include asphalt overlay and extensive patching. Full reconstruction in sections to address drainage issues.	\$820,000	\$820,000	Dec-25	Feb-26
134906-25VIC-RTR	VIC	Casey City Council	Craig Road, Cranbourne East	Craig Road is currently in a much less than satisfactory asset condition, signs of heavy rutting/depression are observed, as are areas with corrugated cracks and changes in level of the road surface. High traffic volumes, heavy vehicle traffic, narrow sealed road width, and drainage issues are causing ongoing maintenance problems and potential for failure and closure of road. Urgent repairs and reconstruction of road which include asphalt overlay and extensive patching. Full reconstruction in sections to address drainage issues.	\$384,000	\$384,000	Mar-26	Mar-26
134907-25VIC-RTR	VIC	Casey City Council	Lynbrook Boulevard, Lynbrook	Lynbrook Boulevard is currently in a much less than satisfactory asset condition, signs of heavy rutting/depression are observed, as are areas with corrugated cracks and changes in level of the road surface. High traffic volumes, heavy vehicle traffic, narrow sealed road width, and drainage issues are causing ongoing maintenance problems and potential for failure and closure of road. Urgent repairs and reconstruction of road which include asphalt overlay and extensive patching. Full reconstruction in sections to address drainage issues.	\$335,000	\$335,000	Mar-26	Mar-26

134908-25VIC-RTR	VIC	Casey City Council	Henry Lawson Drive, Lynbrook	Henry Lawson Drive is currently in a much less than satisfactory asset condition, signs of heavy rutting/depression are observed, as are areas with corrugated cracks and changes in level of the road surface. High traffic volumes, heavy vehicle traffic, narrow sealed road width, and drainage issues are causing ongoing maintenance problems and potential for failure and closure of road. Urgent repairs and reconstruction of road which include asphalt overlay and extensive patching. Full reconstruction in sections to address drainage issues.	\$315,000	\$315,000	Apr-26	Apr-26
134910-25VIC-RTR	VIC	Casey City Council	Ernst Wanke Road, Narre Warren	Ernst Wanke Road is currently in a much less than satisfactory asset condition, signs of heavy rutting/depression are observed, as are areas with corrugated cracks and changes in level of the road surface. High traffic volumes, heavy vehicle traffic, narrow sealed road width, and drainage issues are causing ongoing maintenance problems and potential for failure and closure of road. Urgent repairs and reconstruction of road which include asphalt overlay and extensive patching. Full reconstruction in sections to address drainage issues. The balance of funding for this project will come from council rates (approx. \$1080.)	\$289,920	\$291,000	May-26	May-26
128000-24VIC-RTR	VIC	Central Goldfields Shire Council	Fredrick Street, Maryborough	Frederick St has a poor condition pavement (rough, potholed); this project is to reconstruct the pavement including kerb & channel. Reconstruct Frederick St pavement; stabilise, re-sheet and reseal with new kerb and channel. Including in design is improvement to the Layton Rd intersection and traffic movements to improve safety and amenity. Work will be between Barr St and Layton Road.	\$324,078	\$324,078	Jan-25	Jun-25
128065-24VIC-RTR	VIC	Central Goldfields Shire Council	Stuart Mill Road, Talbot	Deteriorated Seal but the underlying pavement is still sound. Existing size 7 & size 10 chip seals will be replaced by new size 14 chip seal.	\$177,219	\$177,219	Feb-25	Feb-25
129079-24VIC-RTR	VIC	Central Goldfields Shire Council	Gillies St, Maryborough	Road is in a state of failure. Complete reconstruction including drainage required. Gillies St is a major road and transport route within Maryborough township. Stage 1; Reconstruction of existing road pavement (over different stages), new kerb, new pits and new stormwater drainage. In some areas new footpaths constructed. Works will likely have to be delivered over multiple stages (i.e.: consecutive financial years) to deliver the full length from Layton Rd to Majorca Rd intersection. Council needs to work in with Water Authority.	\$450,000	\$450,000	Jul-25	Jun-26

129462-24VIC-RTR	VIC	Central Goldfields Shire Council	Clunes - Mt Cameron Road	Failed roads pavement; deep ruts, extensive cracking. Complete reconstruction of road pavement; including stabilisation of sub-base; new pavement thickness will be 300 mm with imported crush rock. Total length of project is 950 m. Includes upgrade of Major Culvert known as B243; shared funding with SLRIP (\$768,000 from SLRIP).	\$192,000	\$192,000	Jan-27	Jun-27
129463-24VIC-RTR	VIC	Central Goldfields Shire Council	Bowenvale Road, Alma	Road is no 2 priority with next to no trafficable gravel wearing course remaining. To improve ride quality and safety for motorists. 100 mm thick, locally sourced gravel re-sheet, grade and roll to return wearing course, suitable ride quality and safety enhancement.	\$155,000	\$155,000	Jan-26	Jun-26
129464-24VIC-RTR	VIC	Central Goldfields Shire Council	Bet Bet - Mt Hooghly Road	No 3 Priority Gravel road for resurfacing; poor wearing course with very little gravel remaining, requires re-sheet for improved safe travel. 100 mm thick, locally sourced gravel re-sheet, grade and roll to return wearing course, suitable ride quality and safety enhancement.	\$460,000	\$460,000	Nov-26	Dec-26
129975-24VIC-RTR	VIC	Central Goldfields Shire Council	Clark St, Dunolly	Upgrade of gravel road to Rural Industrial standard in response to community complaints about dust and mud caused by the large number of Grain Trucks. New pavement with a seal width of 6.6 m and 1.5 m wide shoulders. The pavement depth - 300 mm minimum.	\$160,000	\$160,000	Jan-27	Jun-27
130323-24VIC-RTR	VIC	Central Goldfields Shire Council	Burke St, Maryborough	Failed pavement. New, 180 mm Asphalt Pavement plus 30 mm wearing course. As successfully completed on Burns and Christian St's previously. Allows the work to be completed at night but the business area can be opened for daylight hours - keeping inconvenience to the public at a minimum. Excluding Crameri Lane intersection (currently a concrete pavement with no issues).	\$185,000	\$185,000	Jul-25	Jun-26
130466-24VIC-RTR	VIC	Central Goldfields Shire Council	Carisbrook - Baringhup West Road, Carisbrook	Poor quality seal. Strain Alleviating Membrane Size 14 stone new bituminous seal.	\$127,209	\$127,209	Feb-25	Feb-25
134430-25VIC-RTR	VIC	Central Goldfields Shire Council	Inkerman St, Maryborough	Undulations causing a bumpy ride and seal wearing out asset IDs R0076, R5353, R5352, R0075 40mm Asphalt overlay to address the above issue, creating a smoother ride and proper crossfall.	\$188,277	\$188,277	Jan-26	Mar-26
134881-25VIC-RTR	VIC	Central Goldfields Shire Council	Alma- Moonlight Road, Alma	Prioritised as councils number 1 gravel re-sheeting project with next to no trafficable gravel wearing course remaining. An important local road that links two arterial roads - the ADELAIDE LEAD-ALMA ROAD and Pyrenees Highway.. Asset ids R2116, R2117, R4519, R2118, R2119, R4520 100 mm, locally sourced gravel re-sheet, grade and roll to return wearing course, suitable ride quality and safety enhancement.	\$157,478	\$157,478	Jan-26	Jun-26

134883-25VIC-RTR	VIC	Central Goldfields Shire Council	Alma-Bowenvale Road, Alma	Road is no 2 priority with next to no trafficable gravel wearing course remaining. To improve ride quality and safety for motorists. 100 mm thick. Locally sourced gravel re-sheet, grade and roll to return wearing course, suitable ride quality and safety enhancement.	\$150,000	\$150,000	Jan-26	Jun-26
128051-24VIC-RTR	VIC	City of Boroondara	Gatis Street, Glen Iris	Kerb and Channel is in poor condition with deficient surface drainage. The road surface is cracked and has area of failure. Refurbishment of road including remove and replace existing Concrete Kerb and Channel, asphalt resurfacing and construction of new storm water drains. Additional funds for this project are from City of Boroondara.	\$150,000	\$214,635	Oct-24	Dec-24
128055-24VIC-RTR	VIC	City of Boroondara	Great Valley Road, Glen Iris	Kerb and Channel is in poor condition with deficient surface drainage. The road surface is cracked and has area of failure. Refurbishment of road including remove and replace existing Concrete Kerb and Channel, asphalt resurfacing and construction of new storm water drains. Additional funds for this project are from City of Boroondara.	\$350,000	\$450,000	Dec-24	Apr-25
128062-24VIC-RTR	VIC	City of Boroondara	Downing Avenue, Glen Iris	Kerb and Channel is in poor condition and road surface is cracked and has areas of failure. Refurbishment of road including remove and replace existing Concrete Kerb and Channel, pavement repairs and full road resurfacing Additional funds for this project are from City of Boroondara.	\$71,957	\$74,795	Nov-24	Jan-25
128063-24VIC-RTR	VIC	City of Boroondara	Mary Street, Balwyn North	Kerb and Channel is in poor condition with deficient surface drainage. The road surface is cracked and has area of failure. Refurbishment of road including remove and replace existing concrete kerb and channel, asphalt resurfacing and construction of new storm water drains Additional funds for this project are from City of Boroondara.	\$200,000	\$246,892	Nov-24	Jan-25
133386-25VIC-RTR	VIC	City of Boroondara	Riversdale Court, Hawthorn	Kerb and Channel is in poor condition with deficient surface drainage. The road surface is cracked and has area of failure Refurbishment of road including remove and replace existing Concrete Kerb and Channel, asphalt resurfacing and construction of new storm water drains. Additional funding \$50,000 is from City of Boroondara.	\$300,000	\$350,000	Dec-25	Mar-26
133388-25VIC-RTR	VIC	City of Boroondara	Celia Street, Glen Iris	Kerb and Channel is in poor condition with deficient surface drainage. The road surface is cracked and has area of failure. Refurbishment of road including remove and replace existing Concrete Kerb and Channel, asphalt resurfacing and construction of new storm water drains. Additional funding \$100,000 is from City of Boroondara.	\$350,000	\$450,000	Aug-25	Nov-25

133390-25VIC-RTR	VIC	City of Boroondara	Church Street, Canterbury	Kerb and Channel is in poor condition with deficient surface drainage. The road surface is cracked and has area of failure. Refurbishment of road including remove and replace existing concrete kerb and channel, asphalt resurfacing and construction of new storm water drains. Additional funding \$49,899 is from City of Boroondara.	\$300,101	\$350,000	Feb-26	May-26
129519-24VIC-RTR	VIC	City of Darebin	Hickford Street, Reservoir	The Seal and the pavement at the intersection has deteriorated, and the alignment of both the roundabout and intersection is not suitable for the larger vehicles, such as buses, that the road currently accommodates. Additionally, the kerb and channel at the intersection have been damaged due to frequent overruns by heavy vehicles. The proposed scope of work includes full-depth pavement rehabilitation, removal of the existing roundabout at the intersection, construction of a new raised intersection, replacement of kerb and channel and laying a new road seal. Improve the lighting to improve the safety at the intersection by providing additional street lighting.	\$287,000	\$287,000	Jan-25	Dec-25
129520-24VIC-RTR	VIC	City of Darebin	Botha Avenue, Reservoir	The road pavement has failed in multiple areas, and the surface seal has reached the end of its service life. In addition, the kerb and channel have deteriorated in certain sections, and the centre median requires reconstruction. The area also faces issues with speeding, which needs to be addressed. The proposed work includes full depth pavement rehabilitation where necessary and new asphalt seal. Renew kerb and channel, upgrade vehicle crossing and construct new speed humps where necessary. The additional funding of \$469,031 will be sourced from Council own funds.	\$469,031	\$798,200	May-25	Oct-25
132090-25VIC-RTR	VIC	City of Darebin	Wilmoth Street, Northcote	The road seal has reached the end of its service life and exhibits signs of pavement distress. The road camber has deteriorated, resulting in water ponding at several locations. Kerbs on both sides are damaged, affecting the effective flow of stormwater along the gutters. Rehabilitate the road pavement to enhance structural integrity and surface profile. Apply a new asphalt seal and replace kerbs on both sides with new ones. Upgrade drainage infrastructure by installing additional pits and connecting them to the existing stormwater pipeline. The additional funding of \$160,600 will be sourced from Council own funds.	\$580,500	\$741,100	Oct-25	Jun-26

132093-25VIC-RTR	VIC	City of Darebin	Wilmoth Street, Thornbury	The road seal has reached the end of its service life and exhibits signs of pavement distress. The road camber has deteriorated, resulting in water ponding at several locations. Kerbs on both sides are damaged, affecting the effective flow of stormwater along the gutters. Rehabilitate the road pavement to enhance structural integrity and surface profile. Apply a new asphalt seal and replace kerbs on both sides with new ones. Upgrade drainage infrastructure by installing additional pits and connecting them to the existing stormwater pipeline. the additional funding of \$123,890 will be sourced out from council own funds.	\$350,000	\$473,890	Sep-25	Jun-26
129037-24VIC-RTR	VIC	City of Glen Eira	Lawrance Street, Murrumbeena	About 550 m long concrete kerb & channel and 2400 sqm of roads are dilapidated condition. The roads have deteriorated over the years and uneven, showing signs of failures. Vehicle crossovers damaged as well as some scraping of road pavement. There is inadequate underground drainage system in Lawrance Street to drain the stormwater discharge from properties and road surface runoff to underground pits and pipes. The work involves installing new kerb and channels, reconstructing failed pavement sections, installing underground drains, filling drainage trenches and constructing pavements, providing adequate drainage to the street and asphalt surfacing. This is a joint project, Glen Eira City Council contributing \$79,196 of the total project cost.	\$550,804	\$630,000	Apr-25	Jun-25
131850-25VIC-RTR	VIC	City of Glen Eira	Lord Street, Caulfield East	About, 384 m long concrete kerb & channel and 1358 sqm of roads are dilapidated condition. The roads have deteriorated over the years and uneven, showing signs of failures. Vehicle crossovers damaged as well as some scraping of road pavement. There is no underground drainage system in Lord Street to drain the stormwater discharge from properties and road surface runoff to underground pits and pipes. The work involves installing new kerb and channels, reconstructing failed pavement sections, installing underground drains, filling drainage trenches and constructing pavements, providing adequate drainage to the street and asphalt surfacing	\$361,802	\$361,802	Sep-25	May-26

132824-25VIC-RTR	VIC	City of Glen Eira	Maple Street, Caulfield South	Approximately 170 m long concrete kerb and channel and 1230 sqm of roads are in a dilapidated condition. The roads have deteriorated over the years and uneven, showing signs of failures. Vehicle crossovers damaged as well as some scraping of road pavement. There is no underground drainage system in Maple Street to drain the stormwater discharge from properties and road surface runoff to underground pits and pipes. The work involves installing new kerb and channels, reconstructing failed pavement sections, installing underground drains, filling drainage trenches and constructing pavements, providing adequate drainage to the street and asphalt surfacing. This is a joint project, Glen Eira City Council contributing \$68,004 of the total project cost.	\$316,111	\$384,115	Jul-25	May-26
127964-24VIC-RTR	VIC	City of Greater Dandenong	Myrtle Street, Springvale South	The existing surface is in severe condition, including crocodile cracks, longitudinal cracks and pavement failure observed. Road maintenance including resurfacing with SAMI interlayer and major patching application.	\$45,966	\$45,966	Sep-24	Sep-24
127968-24VIC-RTR	VIC	City of Greater Dandenong	Rodney Court, Springvale South	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Myrtle Street. Road maintenance including resurfacing with SAMI interlayer and major patching application.	\$21,307	\$21,307	Sep-24	Sep-24
127979-24VIC-RTR	VIC	City of Greater Dandenong	St Johns Avenue, Springvale	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in St Johns Avenue (section between Windsor Avenue to Balmoral Avenue). Road maintenance including resurfacing with asphalt reinforcement interlayer and major patching application.	\$162,178	\$162,178	Sep-24	Sep-24
127981-24VIC-RTR	VIC	City of Greater Dandenong	Harold Road, Springvale South	The existing surface is in sever condition. Road maintenance including resurfacing with SAMI interlayer and major patching application.	\$75,152	\$75,152	Nov-25	Jun-26
133980-25VIC-RTR	VIC	City of Greater Dandenong	Bruce Street, Dandenong	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Bruce Street . Road maintenance including resurfacing with SAMI interlayer and major patching application.	\$46,130	\$46,130	Nov-25	Jun-26
133981-25VIC-RTR	VIC	City of Greater Dandenong	Bruce Street, Dandenong	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Bruce Street . Road maintenance including resurfacing with SAMI interlayer and major patching application.	\$64,229	\$64,229	Nov-25	Jun-26
133983-25VIC-RTR	VIC	City of Greater Dandenong	John Street, Dandenong	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in John Street. Road maintenance including minimal Kerb renewal work, resurfacing with Asphalt reinforcement interlayer and major patching application.	\$94,556	\$94,556	Nov-25	Jun-26
133985-25VIC-RTR	VIC	City of Greater Dandenong	David Street, Dandenong	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in David Street. Road maintenance including minimal Kerb renewal work, resurfacing with Asphalt reinforcement interlayer and major patching application.	\$63,692	\$63,692	Nov-25	Jun-26

133986-25VIC-RTR	VIC	City of Greater Dandenong	Brooklyn Avenue, Dandenong	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Brooklyn Avenue. Road maintenance including minimal Kerb renewal work, resurfacing with SAMI interlayer and major patching application.	\$243,556	\$243,556	Nov-25	Jun-26
133987-25VIC-RTR	VIC	City of Greater Dandenong	Brooklyn Avenue, Dandenong	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Brooklyn Avenue. Road maintenance including minimal Kerb renewal work, resurfacing with SAMI interlayer and major patching application.	\$289,709	\$289,709	Nov-25	Jun-26
134050-25VIC-RTR	VIC	City of Greater Dandenong	Loch Road, Dandenong North	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Loch Road Road maintenance including minimal Kerb renewal work, resurfacing with SAMI interlayer and major patching application.	\$165,142	\$165,142	Dec-25	Jun-26
134051-25VIC-RTR	VIC	City of Greater Dandenong	Loch Road, Dandenong North	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Loch Road Road maintenance including minimal Kerb renewal work, resurfacing with SAMI interlayer and major patching application.	\$156,015	\$156,015	Dec-25	Jun-26
134052-25VIC-RTR	VIC	City of Greater Dandenong	Loch Road, Dandenong North	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Loch Road Road maintenance including minimal Kerb renewal work, resurfacing with SAMI interlayer and major patching application.	\$176,546	\$176,546	Dec-25	Jun-26
134058-25VIC-RTR	VIC	City of Greater Dandenong	Pamir Street, Dandenong North	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Pamir Street. Road maintenance including minimal Kerb renewal work, resurfacing with major patching application.	\$45,000	\$45,000	Jan-26	Jun-26
134060-25VIC-RTR	VIC	City of Greater Dandenong	Eve Cour, Dandenong North	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Eve COURT. Road maintenance including minimal Kerb renewal work, resurfacing with major patching application.	\$15,000	\$15,000	Jan-26	Jun-26
134065-25VIC-RTR	VIC	City of Greater Dandenong	Brott Court, Dandenong North	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Brott Court. Road maintenance including minimal Kerb renewal work, resurfacing with major patching application.	\$20,000	\$20,000	Jan-26	Jun-26
134066-25VIC-RTR	VIC	City of Greater Dandenong	Tyrol Street, Dandenong North	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Tyrol Street. Road maintenance including minimal Kerb renewal work, resurfacing with major patching application.	\$19,400	\$19,400	Jan-26	Jun-26

134068-25VIC-RTR	VIC	City of Greater Dandenong	Elms Court, Dandenong North	The existing surface is in sever condition. Crocodile cracks and longitudinal cracks with some Kerb defects observed in Elms Court. Road maintenance including minimal Kerb renewal work with major patching application.	\$6,000	\$6,000	Jan-26	Jan-26
134069-25VIC-RTR	VIC	City of Greater Dandenong	Barton Street, Dandenong North	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Barton Street. Road maintenance including minimal Kerb renewal work, resurfacing with Asphalt reinforcement interlayer and major patching application.	\$31,510	\$31,510	Jan-26	Jun-26
134070-25VIC-RTR	VIC	City of Greater Dandenong	Sylvia Street, Dandenong North	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Sylvia Street. Road maintenance including minimal Kerb renewal work, resurfacing with Asphalt reinforcement interlayer and major patching application.	\$65,164	\$65,164	Jan-26	Jun-26
134071-25VIC-RTR	VIC	City of Greater Dandenong	Noble Street, Noble park	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Noble Street. Road maintenance including minimal Kerb renewal work, resurfacing with Asphalt reinforcement interlayer and major patching application.	\$62,000	\$62,000	Jan-26	Jun-26
134072-25VIC-RTR	VIC	City of Greater Dandenong	Comber Street, Noble Park	The existing surface is in sever condition. Crocodile cracks, longitudinal cracks and pavement failure observed in Comber Street. Road maintenance including minimal Kerb renewal work, resurfacing with Asphalt reinforcement interlayer and major patching application. The total project cost is \$94,000 where council is seeking RTR funding of 49,590 and remaining project cost of 44,410 will be council owned expenditure.	\$49,590	\$94,000	Jan-26	Jun-26

128252-24VIC-RTR	VIC	City of Greater Geelong	Rossack Drive, Waurin Ponds	This road has extreme depressions and pavement is in poor condition due to excessive cracking of seal allowing water to penetrate and cause pavement damage. To reconstruct approximately 630 metres of north bound lane at a 5.6 metre width and 630 metres of south bound lane at 5.6 metre width from Meadowvale Drive to Heyers Road. There is a large centre median on this road that divides the north and south bound lanes. Included in the works is a small length of road on Rossack Drive with a 5.7 metre width that commences at Heyers Road and is 70 metres in length on the south bound lane only. Total road length to be reconstructed is 1,330 metres. Pavement treatment to consist of 350 millimetre depth in situ stabilisation with 6% lime, topped with 150 millimetre depth of compacted 3% class 3 (20 mm aggregate size) cement treated crushed rock and capped with 190 millimetre deep lift asphalt. The source of additional funding to complete the project is from the Local Roads & Community Infrastructure Program (LRCI) - Phase 4.	\$1,738,565	\$3,000,000	Nov-24	Feb-26
128256-24VIC-RTR	VIC	City of Greater Geelong	Evans Street, Belmont	This road has extreme depressions, a very rough surface and the pavement is in poor condition due to excessive cracking of seal allowing water to penetrate and cause pavement damage. To reconstruct approximately 300 metres of road length at a 10 metre width by excavating existing material and providing for new 490 millimetre crushed rock pavement and 100 millimetre asphalt seal.	\$1,100,000	\$1,100,000	Sep-24	Jan-25
134185-25VIC-RTR	VIC	City of Greater Geelong	Coastside Drive, Armstrong Creek	Old asphalt seal is showing signs of distress (ie. longitudinal and block cracking, extensive rutting and potholing). Length of works 500 metres (m) Deep lift asphalt patch out in traffic running lanes and bus stop zones using 20mm type SI asphalt at 100mm thickness and overlay with 10mm type N wearing course Crumb Rubber Asphalt at 40mm thickness entire width of road from kerb line to kerb line	\$493,618	\$493,618	Nov-25	Dec-25
134186-25VIC-RTR	VIC	City of Greater Geelong	Warralily Boulevard, Armstrong Creek	Old asphalt seal is showing signs of distress (ie. longitudinal and block cracking, extensive rutting and potholing). Length of works 4.2 kilometres (kms) Deep lift asphalt patch out in traffic running lanes and bus stop zones using 20mm type SI asphalt at 100mm thickness and overlay with 10mm type N wearing course Crumb Rubber Asphalt at 40mm thickness entire width of road from kerb line to kerb line	\$3,000,000	\$3,000,000	Feb-26	Jun-26

127569-24VIC-RTR	VIC	City of Knox	Station Street, Ferntree Gully	The road surface has aged and failed in places and the kerb and channel has failed or settled. Asphalt overlay of the road pavement and reconstruction of failed pavement areas along with reconstruction of kerb and channel. The section of Station Street is approximately 280 metres in length with a varying pavement width and includes splitter island.	\$650,000	\$650,000	Sep-24	Jun-25
127570-24VIC-RTR	VIC	City of Knox	Templeton Street, Wantirna	The road pavement has aged and failed in places and the kerb and channel has failed or settled. Asphalt overlay of the road pavement and reconstruction of failed pavement areas along with reconstruction of kerb and channel. The section of Templeton Road is approximately 900 metres in length with a uniform pavement width of 10.0 metres. Balance of funds provided by councils rate income.	\$302,776	\$950,000	Sep-24	Jun-25
132047-25VIC-RTR	VIC	City of Knox	Templeton Road, Wantirna	The road pavement has aged and failed in places and the kerb and channel has failed or settled. Asphalt overlay of the road pavement and reconstruction of failed pavement areas along with reconstruction of kerb and channel. This section of Templeton Street is approximately 580 metres in length with a uniform pavement width of 10.0 metres. The project will be joint funded between Council Rates and R2R grant funds.	\$1,172,647	\$1,547,473	Sep-25	May-26
128302-24VIC-RTR	VIC	City of Maribyrnong	Princess Street, Yarraville	Road pavement surface deterioration. Isolated kerb and channel and drainage repair, minor pavement patching and road resurfacing.	\$284,066	\$284,066	May-25	Jun-25
128304-24VIC-RTR	VIC	City of Maribyrnong	Beatrice Street, Yarraville	Road pavement surface deterioration. Isolated kerb and channel and drainage repair, minor pavement patching and road resurfacing.	\$57,472	\$57,472	May-25	Jun-25
128313-24VIC-RTR	VIC	City of Maribyrnong	Somerville Road, Yarraville	Road pavement surface deterioration. Isolated kerb and channel and drainage repair, minor pavement patching and road resurfacing.	\$23,984	\$23,984	May-25	Jun-25
128316-24VIC-RTR	VIC	City of Maribyrnong	Dunlop Street, Maribyrnong	Road pavement surface deterioration. Isolated kerb and channel and drainage repair, minor pavement patching and road resurfacing.	\$22,828	\$22,828	Apr-25	May-25

134844-25VIC-RTR	VIC	City of Maribyrnong	Mitchell Street, Maribyrnong	Mitchell Street, Maribyrnong requires pavement rehabilitation to support the asset's lifecycle and maintain a safe and functional road environment. The proposed patching and re-sheeting works will address existing surface defects including oxidation, rutting, cracking, and potholes, thereby restoring the pavement to a serviceable condition and improving overall road performance. Mitchell Street, Maribyrnong (Distributor Road): - Road re-surfacing works including heavy patching and soft spots rectification. - Isolated kerb works and improvements - Line marking and Signage The project location is in Maribyrnong, Melway reference 27 K12 and the coordinates for the project location is -37.783409, 144.887165. Criteria 2: Funding requested under RTR is 650K rest will be Council own funding sourced to deliver the project within this financial year. Criteria 3: Project location map with all relevant information of this project have been submitted at "Mapping@infrastructure.gov.au"	\$650,000	\$1,180,000	Mar-26	Jun-26
127931-24VIC-RTR	VIC	City of Port Phillip	The Boulevard, Port Melbourne	Deformed asphalt surface has been identified through road inspections. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 14 asphalt - Type H wearing course along 324 metre and 6.95 metre width (Area = 2250 m2).	\$73,534	\$73,534	Oct-24	Oct-24
127932-24VIC-RTR	VIC	City of Port Phillip	Ormond Road, Elwood	Deformed asphalt surface has been identified through road inspection and customer requests. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 14 asphalt - Type V and H wearing course along 71 metre and 15.79 metre width (Area = 1121 m2).	\$60,845	\$60,845	Oct-24	Oct-24

127933-24VIC-RTR	VIC	City of Port Phillip	Ormond Road, Elwood	Deformed asphalt surface has been identified through road inspections. The pavement surface has deteriorated which may directly influence the riding quality and skid resistance. Resurfacing this road segment will improve the road performance and provide strength and riding quality. The Works will include resurfacing the roundabout at the intersection with Beach Ave. 40 mm thick size 14 asphalt Type V and H wearing course along 56 metre and 15.79 metre width (Area = 884.m2).	\$54,122	\$54,122	Oct-24	Oct-24
127935-24VIC-RTR	VIC	City of Port Phillip	Grosvenor Street, Balaclava	Deformed asphalt surface has been identified through road inspections. The pavement surface has deteriorated which may directly influence the riding quality and skid resistance. Resurfacing this road segment will improve the road performance and provide strength and riding quality. 40 mm thick size 14 asphalt - Type H wearing course along 153.5 metre and 13.0 metre width (Area = 1995 m2).	\$63,114	\$63,114	Oct-24	Oct-24
127936-24VIC-RTR	VIC	City of Port Phillip	Cowderoy Street, St Kilda West	Deformed asphalt surface has been identified through road inspections. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 10 asphalt - Type N wearing course along 88.33 m and width 18 m (area = 1590 m2).	\$75,795	\$75,795	Oct-24	Oct-24
130590-24VIC-RTR	VIC	City of Port Phillip	Carlisle Street, St Kilda	Deformed asphalt surface has been identified through road inspections. Pavement deflection test for this busy road section show that the road segment is at the end of asset life and needs full reconstruction. 40 mm thick Type H size 14 asphalt wearing course along 160.5 m and width 8.6 m (Area = 1380 m2) Council to cover remaining funds	\$33,583	\$127,884	Oct-24	Oct-24
133121-25VIC-RTR	VIC	City of Port Phillip	Duke Street, Balaclava	Deformed asphalt surface has been identified through road inspections. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 14 asphalt - Type H wearing course along 190 metre and 10 metre width (Area = 1900 m2).	\$66,408	\$66,408	Dec-25	Dec-25

133122-25VIC-RTR	VIC	City of Port Phillip	Ormond Road, Elwood	Deformed asphalt surface has been identified through road inspection and customer requests. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 14 asphalt - TypeV and H wearing course along 290 metre and 14 metre width (Area = 4060 m2).	\$150,476	\$150,476	Dec-25	Dec-25
133123-25VIC-RTR	VIC	City of Port Phillip	Woodstock Street, Balaclava	Deformed asphalt surface has been identified through road inspection and customer requests. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 14 asphalt - TypeV and H wearing course along 211 metre and 7.8 metre width (Area = 1646 m2).	\$61,154	\$61,154	Dec-25	Dec-25
133124-25VIC-RTR	VIC	City of Port Phillip	Clark Street, Port Melbourne	Deformed asphalt surface has been identified through road inspections. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 10 asphalt - Type N wearing course along 170 m and width 11.30 m (area = 1921 m2).	\$64,961	\$64,961	Dec-25	Dec-25
133125-25VIC-RTR	VIC	City of Port Phillip	Dorcas Street, South Melbourne	Deformed asphalt surface has been identified through road inspections. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 10 asphalt - Type H wearing course along 82 metre and 10.2 metre width (Area = 836 m2).	\$28,101	\$28,101	Dec-25	Dec-25
133126-25VIC-RTR	VIC	City of Port Phillip	Wordsworth Street, Elwood	Deformed asphalt surface has been identified through road inspections. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 10 asphalt - Type N wearing course along 171 m and width 9 m (area = 1539 m2).	\$52,043	\$52,043	Dec-25	Dec-25

133127-25VIC-RTR	VIC	City of Port Phillip	Alfriston Street, Elwood	Deformed asphalt surface has been identified through road inspection and customer requests. The pavement surface has changed from the originally constructed profile which may directly influence the riding quality, water ponding and skid resistance. Resurfacing this road will improve road performance with regards to strength and riding quality. 40 mm thick size 10 asphalt - Type N wearing course along 140 m and width 10 m (area = 1400 m2). The remaining project cost of \$25,339 will be allocated to the Council's 2025-26 road resurfacing program.	\$21,156	\$46,495	Dec-25	Dec-25
128981-24VIC-RTR	VIC	City of Whittlesea	Graduate Road, Bundoora	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$100,000	\$114,000	Oct-24	Dec-24
128982-24VIC-RTR	VIC	City of Whittlesea	Jorgensen Avenue, Doreen	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$350,000	\$357,000	Oct-24	Jul-25
128983-24VIC-RTR	VIC	City of Whittlesea	Chigwell Place, Epping	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$220,000	\$256,000	Sep-24	Dec-24
129020-24VIC-RTR	VIC	City of Whittlesea	Redleap Avenue, Mill Park	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$120,000	\$161,000	Oct-24	Jun-25
129021-24VIC-RTR	VIC	City of Whittlesea	Freshwater Way, South Morang	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$120,000	\$123,582	Oct-24	Mar-25
129022-24VIC-RTR	VIC	City of Whittlesea	Gordons Road, South Morang	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$190,000	\$195,000	Oct-24	Dec-24

129023-24VIC-RTR	VIC	City of Whittlesea	Bushman Way, South Morang	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$75,000	\$79,616	Oct-24	Mar-25
129024-24VIC-RTR	VIC	City of Whittlesea	Judith Court, Lalor	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$120,000	\$135,000	Sep-24	Oct-24
129025-24VIC-RTR	VIC	City of Whittlesea	Edmondson Street, Lalor	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$280,000	\$296,003	Sep-24	Mar-25
129026-24VIC-RTR	VIC	City of Whittlesea	Breadalbane Avenue, Mernda	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$370,000	\$378,000	Oct-24	Jul-25
129027-24VIC-RTR	VIC	City of Whittlesea	Oakbank Boulevard, Whittlesea	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated R2R funding.	\$549,646	\$651,000	Sep-24	Dec-24
133191-25VIC-RTR	VIC	City of Whittlesea	Greenbrook Drive, Epping	Extensive cracking and deterioration in pavement surface. Repair road pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$150,000	\$174,790	Aug-25	Oct-25
133192-25VIC-RTR	VIC	City of Whittlesea	Leeson Grove, Lalor	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$400,000	\$435,000	Aug-25	Jan-26
133193-25VIC-RTR	VIC	City of Whittlesea	Ruby Court, Lalor	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface, upgrade of kerb and channel and drainage, replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$80,000	\$87,000	Aug-25	Jan-26

133194-25VIC-RTR	VIC	City of Whittlesea	Hazel Glen Drive, Doreen	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$500,000	\$540,000	Oct-25	Mar-26
133195-25VIC-RTR	VIC	City of Whittlesea	Prince of Wales Avenue, Mill Park	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$100,000	\$143,430	Aug-25	Sep-25
133196-25VIC-RTR	VIC	City of Whittlesea	Bridge Inn Road, Mernda	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$100,000	\$155,000	Oct-25	Jan-26
133197-25VIC-RTR	VIC	City of Whittlesea	Waterview Drive, Mernda	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$200,000	\$245,000	Aug-25	Apr-26
133198-25VIC-RTR	VIC	City of Whittlesea	The Boulevard, Thomastown	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$250,000	\$300,000	Jan-26	Apr-26
133199-25VIC-RTR	VIC	City of Whittlesea	Clarence Way, South Morang	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$90,000	\$135,285	Aug-25	Sep-25
133200-25VIC-RTR	VIC	City of Whittlesea	Lanata Street, South Morang	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$100,000	\$139,172	Aug-25	Sep-25
133201-25VIC-RTR	VIC	City of Whittlesea	William Street, Lalor	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$94,646	\$113,348	Aug-25	Sep-25
133202-25VIC-RTR	VIC	City of Whittlesea	Derby Drive, Epping	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$200,000	\$220,000	Oct-25	Jan-26

133203-25VIC-RTR	VIC	City of Whittlesea	Lauder Drive, Bundoora	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$50,000	\$65,000	Oct-25	Jan-26
133204-25VIC-RTR	VIC	City of Whittlesea	Cravens Road, Mernda	Extensive cracking and deterioration in pavement surface. Repair Road Pavement by removing top layer of damaged surface and replacement of line marking. Council will cover any costs incurred over the amount of allocated RTR funding.	\$180,000	\$195,000	Aug-25	Jan-26
128083-24VIC-RTR	VIC	Colac Otway Shire	Mooleric Road, Birregurra	Failed road pavement, potholing, rutting and shoving of road pavement. Reconstruct existing road pavement (full width) including associated road drainage works. Colac Otway Shire will be funding remaining project costs.	\$723,200	\$850,000	Feb-25	Jun-25
128084-24VIC-RTR	VIC	Colac Otway Shire	Pengilley Avenue, Apollo Bay	Road pavement failure, shoving and potholing. Reconstruct existing road pavement (full width) including necessary drainage works. The source of additional funding is to be provided by Colac Otway Shire via the 2024-25 budget.	\$390,000	\$690,000	Mar-25	Sep-25
128085-24VIC-RTR	VIC	Colac Otway Shire	The Boulevard, Wye River	Road pavement failure, with rutting, shoving and failed wearing course. Reconstruct existing road pavement (full width) including necessary drainage works. The source of additional funding is to be provided by Colac Otway Shire via the 2024-25 budget.	\$390,000	\$605,000	Jun-25	Oct-25
128086-24VIC-RTR	VIC	Colac Otway Shire	Connor Street, Colac	Pavement wearing course cracking and pavement deformation. Reconstruct the intersection pavement with an asphalt overlay. The source of additional funding is to be provided by Colac Otway Shire via the 2024-25 budget.	\$200,000	\$250,000	Mar-25	Aug-25

133315-25VIC-RTR	VIC	Colac Otway Shire	Ramsden Avenue, Apollo Bay	The purpose of the project is to reconstruct Ramsden Avenue and renew the road pavement to provide safe and trafficable road and continue investment into Colac Otway Shire Road Reconstruction Program. The project has the following benefits: 1. Restore the road surface to a safe and trafficable condition. 2. Increase the level of service provided to the community The scope of works include the reconstruction of Ramsden Avenue between Pengilley Avenue and McLachlan Street, to involve increasing width of existing pavement to 7.2m, improvement of existing subgrade using mechanical and chemical stabilisation, asphalt overlay and minor drainage works. The project is to include all necessary works to provide a fit for purpose industry road, with a design life of 20 years.	\$1,020,000	\$1,020,000	Jan-26	May-26
133316-25VIC-RTR	VIC	Colac Otway Shire	Montrose Avenue, Apollo Bay	The purpose of the project is to reconstruct Montrose Avenue and renew the road pavement to provide safe and trafficable road and continue investment into Colac Otway Shire Road Reconstruction Program. Benefits: The project has the following benefits: 1. Restore the road surface to a safe and trafficable condition. 2. Increase the level of service provided to the community The scope of works include the reconstruction of Montrose Avenue between McLachlan Street and Costin Street, to increase the width of existing pavement to 7.2m, improvement of existing subgrade using mechanical and chemical stabilisation, asphalt overlay and minor drainage works. The project is to include all necessary works to provide a fit for purpose industry road, with a design life of 20 years.	\$800,000	\$800,000	Jan-26	Jun-26

133317-25VIC-RTR	VIC	Colac Otway Shire	Costin Street, Apollo Bay	The purpose of the project is to reconstruct the existing road pavement for a section of Costin Street between Pengilley Avenue and Montrose Avenue). Several issues have been reported by the hospital and local community related to drainage, road widening and pedestrian accessibility issues. The project has the following benefits: 1. Restore the road surface to a safe and trafficable condition. 2. Increase the level of service provided to the community in respect of drainage The scope of works includes the reconstruction of Costin Street between Pengilley Avenue and Montrose Avenue, increasing the width of the existing pavement to 7.2m, improvement of existing subgrade using mechanical and chemical stabilisation, asphalt overlay and minor drainage works. Kerb and channel is to replace the existing open swale roadside drains. The project is to include all necessary works to provide a fit for purpose industry road, with a design life of 20 years.	\$474,800	\$474,800	Jan-26	Jun-26
133318-25VIC-RTR	VIC	Colac Otway Shire	Pengilley Avenue, Apollo Bay	The purpose of the project is to renew the road pavement to provide safe and trafficable road and continue investment into the Colac Otway Shire annual road reconstruction program. The project has the following benefits: 1. Restore the road surface to a safe and trafficable condition. 2. Increase the level of service provided to the community The reconstruction of Pengilley Avenue between Gallipoli Parade and Costin Street involves the replacement of the road pavement, replacing damaged section of the footpath near the Costin St intersection and replacing 1.8 m of kerb and channel. Replace selected SEP lids and the footpath bays. The project is to include all necessary works to provide a fit for purpose industry road, with a design life of 20 years.	\$774,000	\$774,000	Jan-26	Jun-26

133319-25VIC-RTR	VIC	Colac Otway Shire	Sarsfield Street, Separation Creek	The purpose of the project is to renew the road pavement to provide a safe and trafficable road and continue investment into the Colac Otway Shire annual road reconstruction program. The project has the following benefits: 1. Restore the road surface to a safe and trafficable condition. 2. Increase the level of service provided to the community The reconstruction of Sarsfield Road between Great Ocean Road and Harrington Street involves the replacement of the road pavement, replacing damaged section of the kerb and channel, formalising road shoulders and installation of 20m long new concrete pipe on the northern side of the road. The works will also include implementing no-stopping line marking and signage at narrower sections of the road. The project is to include all necessary works to provide a fit for purpose industry standard road, with a design life of 20 years.	\$276,200	\$276,200	Jan-26	Jun-26
129311-24VIC-RTR	VIC	Corangamite Shire Council	Vite Vite Road (Rural Road)	Road has shape loss due to weakened pavement material under the surface. Road is to be rehabilitated. 132291-25VIC-RTR	VIC	Mildura Rural City Council	Eighth Street, Mildura	The current intersection layout gives priority to a lower-volume local road (Riverside Avenue) over a higher-volume arterial road (Eighth Street), leading to confusion over right-of-way. This results in unsafe driver behaviour such as sudden stops, wrong turns, and increased collision risks. The intersection also lacks adequate infrastructure for vulnerable road users, including pedestrians and cyclists, and suffers from poor visibility, drainage issues, and inadequate signage. Intersection upgrades including raised safety platforms, traffic islands, cyclist sharrows, new footpath connections, pavement widening and resurfacing, upgraded lighting, improved drainage, and enhanced signage and line marking, all aimed at improving safety, accessibility, and traffic flow. Additional funding is Safe Local Roads and Streets \$500,000 and Mildura Rural City Council funds \$116,044	\$608,956	\$1,225,000	Aug-25	Dec-25

130510-24VIC-RTR	VIC	Murrindindi Shire Council	McMahons Road, Kinglake	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new spray seal to renew the sealed wearing course and continue to protect the road pavement.	\$17,635	\$17,635	Nov-24	Apr-25
130511-24VIC-RTR	VIC	Murrindindi Shire Council	Myers Creek Road, Toolangi	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new spray seal to renew the sealed wearing course and continue to protect the road pavement.	\$107,370	\$107,370	Nov-24	Apr-25
130512-24VIC-RTR	VIC	Murrindindi Shire Council	Plover Way, Kinglake West	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new spray seal to renew the sealed wearing course and continue to protect the road pavement.	\$22,517	\$22,517	Nov-24	Apr-25
130514-24VIC-RTR	VIC	Murrindindi Shire Council	Springs Road, Terip Terip	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new spray seal to renew the sealed wearing course and continue to protect the road pavement.	\$211,871	\$211,871	Nov-24	Apr-25

130518-24VIC-RTR	VIC	Murrindindi Shire Council	Windana Court, Kinglake West	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new spray seal the sealed wearing course and continue to protect the road pavement.	\$15,186	\$15,186	Nov-24	Apr-25
131242-24VIC-RTR	VIC	Murrindindi Shire Council	Wrights Road, Yarck	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new high polymer Strain Alleviating Membrane seal to renew the sealed wearing course and continue to protect the road pavement.	\$14,770	\$14,770	Nov-24	Apr-25
131243-24VIC-RTR	VIC	Murrindindi Shire Council	High Street, Eildon	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new high polymer Strain Alleviating Membrane seal to renew the sealed wearing course and continue to protect the road pavement.	\$92,710	\$92,710	Nov-24	Apr-25
131244-24VIC-RTR	VIC	Murrindindi Shire Council	Hill Court, Eildon	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new high polymer Strain Alleviating Membrane seal to renew the sealed wearing course and continue to protect the road pavement.	\$11,732	\$11,732	Nov-24	Apr-25
131245-24VIC-RTR	VIC	Murrindindi Shire Council	Whanregarwen Road, (Rural Road)	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new high polymer Strain Alleviating Membrane seal to renew the sealed wearing course and continue to protect the road pavement.	\$329,642	\$329,642	Nov-24	Jun-25
131247-24VIC-RTR	VIC	Murrindindi Shire Council	King Parrot Creek Road (Rural Road)	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new high polymer Strain Alleviating Membrane seal to renew the sealed wearing course and continue to protect the road pavement.	\$206,304	\$206,304	Nov-24	Apr-25
131248-24VIC-RTR	VIC	Murrindindi Shire Council	Yarck Road (Rural Road)	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new high polymer Strain Alleviating Membrane seal to renew the sealed wearing course and continue to protect the road pavement.	\$411,574	\$411,574	Nov-24	Apr-25
131251-24VIC-RTR	VIC	Murrindindi Shire Council	Top Road (Rural Road)	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new high polymer Strain Alleviating Membrane seal to renew the sealed wearing course and continue to protect the road pavement.	\$164,388	\$164,388	Nov-24	Apr-25
131252-24VIC-RTR	VIC	Murrindindi Shire Council	Murrindindi Road (Rural Road)	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new high polymer Strain Alleviating Membrane seal to renew the sealed wearing course and continue to protect the road pavement.	\$237,640	\$237,640	Nov-24	Apr-25

131368-24VIC-RTR	VIC	Murrindindi Shire Council	Southam Drive, Taggerty	Current spray sealed wearing course has reached it's end of useful life and requires renewal. Provide a new high polymer Strain Alleviating Membrane seal to renew the sealed wearing course and continue to protect the road pavement.	\$20,960	\$20,960	Nov-24	Apr-25
132903-25VIC-RTR	VIC	Murrindindi Shire Council	Break O' Day Rd, Glenburn	Current spray sealed wearing course has reached its end of useful life and requires renewal Provide a new high polymer SAM seal to renew the sealed wearing course and continue to protect the road pavement including stabilisation where required.	\$311,725	\$311,725	Sep-25	Apr-26
132905-25VIC-RTR	VIC	Murrindindi Shire Council	Castella Rd, Castella	Unsealed road section require upgrade to a seal road to improve safety. Road widening, pavement construction, table drain, k&c, guardrails sealing the road.	\$650,000	\$650,000	Nov-25	Jun-27
134123-25VIC-RTR	VIC	Murrindindi Shire Council	Break O' Day Rd, Glenburn	The sealed pavement has developed defects such as potholes, cracking, rutting, or surface breakup. These defects are causing safety risks (vehicle damage, water ingress). Removal and disposal of 100mm existing pavement material required to allow for expansion of pavement due to stabilisation. The sub-base material in-situ stabilised to a depth of 200mm with 5% cement and 3% lime (300mm from previous surface level) and compacted to 98% modified compaction. A new 100mm layer of Class 2 20mm Crushed Rock placed and compacted to 98% modified compaction. Reinstate road surface asphalt/spray seal	\$173,130	\$173,130	Jul-25	Dec-25
134125-25VIC-RTR	VIC	Murrindindi Shire Council	Yarck Rd, Yarck	The sealed pavement has developed defects such as potholes, cracking, rutting, or surface breakup and pavement has reached its end of useful life. These defects are causing safety risks (vehicle damage, water ingress). Provide a new high polymer SAM seal to renew the sealed wearing course and continue to protect the road pavement including patching in some locations. Patching may include; Removal and disposal of 100mm existing pavement material required to allow for expansion of pavement due to stabilisation. The sub-base material in-situ stabilised to a depth of 200mm with 5% cement and 3% lime (300mm from previous surface level) and compacted to 98% modified compaction. A new 100mm layer of Class 2 20mm Crushed Rock placed and compacted to 98% modified compaction.	\$300,000	\$300,000	Dec-25	Apr-26

134126-25VIC-RTR	VIC	Murrindindi Shire Council	Yarck Village Place	The sealed pavement has developed defects such as potholes, cracking, rutting, or surface breakup and sealed wearing course has reached its end of useful life. These defects are causing safety risks (vehicle damage, water ingress). Provide a new high polymer SAM seal to renew the sealed wearing course and continue to protect the road pavement including; Removal and disposal of 100mm existing pavement material required to allow for expansion of pavement due to stabilisation. The sub-base material in-situ stabilised to a depth of 200mm with 5% cement and 3% lime (300mm from previous surface level) and compacted to 98% modified compaction. A new 100mm layer of Class 2 20mm Crushed Rock placed and compacted to 98% modified compaction. Reinstate road surface asphalt/spray seal	\$50,000	\$50,000	Dec-25	Apr-26
134127-25VIC-RTR	VIC	Murrindindi Shire Council	Acacia Lane, Taggerty	Gravel wearing course has reached its end of useful life and needs renewal in addition drains need renewal. Current spray sealed wearing course has reached its end of useful life and requires renewal.	\$33,500	\$33,500	Oct-25	Jan-26
134128-25VIC-RTR	VIC	Murrindindi Shire Council	Cathedral Lane, Taggerty	Gravel wearing course has reached its end of useful life and needs renewal in addition drains need renewal. Undertake to renew the road formation, drainage and supply and place new 100mm wearing course.	\$242,500	\$242,500	Oct-25	Jan-26
134129-25VIC-RTR	VIC	Murrindindi Shire Council	Maintongoon Rd, Maintongoon	Culvert has reached the end of its design life in terms of its condition and stream flow capacity. The asset exhibits significant deterioration, including joint failures, cracking, and localized deformation, which compromise its load-bearing capacity and long-term serviceability. Replace existing dual cell box culverts and rock beaching.	\$152,000	\$152,000	Aug-25	Oct-25
134148-25VIC-RTR	VIC	Murrindindi Shire Council	Spring Creek Road, Fawcett	Culvert has reached the end of its design life in terms of its condition and stream flow capacity. The asset exhibits significant deterioration, including joint failures, cracking, and localized deformation, which compromise its load-bearing capacity and long-term serviceability. This includes the removal of failed 1200 RCP culvert, and replacement with recycled Box Culverts, in a two-cell 1200x900 RCBC arrangement, with rock beaching works at outlet.	\$60,000	\$60,000	Oct-25	Mar-26

130090-24VIC-RTR	VIC	Nillumbik Shire Council	Egan Street, Diamond Creek	Sealed pavement rehabilitation required as identified by Councils Pavement Management System. the existing sealed surface is approaching the end of its life. Profile existing sealed surface where required, apply new crumb rubber asphalt wearing course over full width of existing pavement, then reinstate pavement marking and signage.	\$39,000	\$39,000	Sep-24	Sep-24
130159-24VIC-RTR	VIC	Nillumbik Shire Council	Mackelroy Road, Plenty	Sealed pavement rehabilitation required as identified by Councils Pavement Management System. The existing sealed surface is approaching the end of its life.
