Relevant Announcements

The intention to negotiate a Launceston City Deal was a commitment in the 2016 Election. Prior to the Deal being signed, a Launceston hub of the National Institute for Forest Products Innovation was announced on 31 May 2016, with the relocation of the University of Tasmania and the City Heart Project announced on 24 June 2016. The Launceston City Deal was signed on 20 April 2017.

Post the Deal being signed, a number of further Australian Government funding commitments have been announced, including:

- \$95 million to improve the health of the Tamar – with funding split 50:50 between the Australian and Tasmanian governments, announced on 16 February 2018;
- \$5 million to upgrade the Youngtown Barracks to support the divestment of Paterson Barracks and \$250,000 to support a business case into a Defence Innovation and Design Precinct, announced on 26 June 2017; and
- \$4.5 million from the Smart Cities and Suburbs Program, which were announced as part of the funding rounds for the Program.

Relevant Announcements

The intention to develop a Townsville City Deal was announced on 13 June 2016, at the same time as the announcement of a funding commitment of \$100m for the North Queensland Stadium. A total of \$250m in Australian Government funding was originally committed to the Deal, following a previous announcement, on 18 May 2016 of \$150m for the Townsville Eastern Access Rail Corridor (TEARC). An MoU for City Deals in Queensland was signed on 10 November 2016, and the Townsville City Deal was signed on 9 December 2016. On 4 September 2018, following a detailed business case that did not support construction of the TEARC at present, it was announced that \$5m of the original \$150m funding commitment would be reallocated to the preservation of the TEARC for possible future construction, and \$75m would be reallocated to the Port of Townsville Channel Capacity Upgrade project. On 4 November 2018, it was announced that the remainder of the TEARC funding, together with additional funding, would comprise a commitment of up to \$200m for Stage 2 of the Houghton Pipeline project. This announcement increased total Australian Government funding for the Townsville City Deal to \$381.7m.

Relevant Announcements

The Western Sydney City Deal was signed by the Australian, New South Wales and eight local governments on 4 March 2018 with a 20 year timeframe. These local governments are Blue Mountains, Camden, Campbelltown, Fairfield, Hawkesbury, Liverpool, Penrith and Wollondilly. On 11 March 2019, the Australian Government announced a commitment of \$3.5 billion towards Stage 1 of the North South Rail Link from St Marys to the Western Sydney Aerropolis via Western Sydney International (Nancy-Bird Walton) Airport. The \$3.5 billion includes the \$50 million for business case development under the City Deal, as well as improvements to Elizabeth Drive and construction of the rail link.
