

<b>2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects</b> Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024. Local Government Area (LGA) and project description as at 30 October 2024. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed). All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments. Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above). The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs). Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update. Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years. Completed projects are included where final payments are to be made (awaiting project closure report). Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

Construction funding has been reserved pending additional planning works.  Manns Road connects the Central Coast Highway to the industrial area of West Gosford and Pacific Highway at Narara. The section of Manns Road proposed for upgrade has a history of crashes mainly near intersections and driveways. This project supports improved road safety, improved pedestrian and cyclist safety, reduced travel times and reduced congestion on the Central Coast.

NSW	Mount Ousley Interchange	Road Investment		390.0	312.0	80%	25.0	88.8	55.0	35.0	5.0	183.8	93.2	0.0	0.0	0.0	0.0	0.0	93.2	In Planning	Wollongong City Council	This project involves the upgrade of the intersection of the Princes Motorway and Mount Ousley Road. The interchange will replace the existing intersection, which is a significant pinch point of the Motorway network, and currently experiences long queues and delays during peak periods. As the primary access point to Wollongong and Port Kembla, issues at this intersection also create significant flow-on effects across the transport network.  This project will improve travel times, as well as access to the Wollongong central business district and the University of Wollongong. It will ensure safer access to and from the Motorway to Mount Ousley Road, and improve safety by separating cars and heavy vehicles travelling down Mount Ousley.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments.

Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments.

Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024. The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed). All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments. Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above). The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs). Some project commitments are being delivered by two different entities. These projects have been split into individual lines. Where there are changes to projects, they will be reflected at the next Budget / MYEFO update. Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years. Completed projects are included where final payments are to be made (awaiting project closure report). Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments.

Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

QLD	Bruce Highway - Babinda Intersection Upgrade	Road Investment	Bruce Highway North																	Under Construction	Cairns Regional Council	The project will include the construction of a signalised four-way intersection including pedestrian works at the intersection of Munro Street and the Bruce Highway, Babinda.
QLD	Bruce Highway - Burdekin Bridge	Road Investment	Bruce Highway North																	Under Construction	Burdekin Shire Council	Rehabilitation of the Burdekin River Bridge including major work on the steel girders, removal of red-lead paint, rust elimination, painting and deck resurfacing.
QLD	Bruce Highway - Burdekin Deviation - Plan and Preserve Corridor	Road Investment	Bruce Highway North																	In Progress	Burdekin Shire Council	Plan to identify the optimum solution (including completing a Business Case and PPR) and preserve a corridor for the future construction of a deviation of Ayr, Brandon and Home Hill to avoid the safety, flooding, amenity, capacity and travel time impacts through these three towns.
QLD	Bruce Highway - Cairns Southern Access - Stage 3 - Edmonton to Gordonvale	Road Investment	Bruce Highway North																	Completed	Cairns Regional Council	Undertake development activities associated with the construction of a new alignment of the Bruce Highway between Edmonton and Gordonvale.  Construct duplicated highway on new alignment between Collinson Creek and Mulgrave River Bridge including new and upgraded intersections, new bridges, new cycle facility, realignment and upgrade of the Queensland Rail Line and local roads.
QLD	Bruce Highway - Cairns Southern Access - Stage 5	Road Investment	Bruce Highway North																	In Planning	Cairns Regional Council	To support scoping works, such as the development of a Preliminary Evaluation Report and Business Case to investigate and identify the most appropriate scope for delivery. Land resumption activities will also be undertaken during the scoping phase. These works will support the delivery of a grade separated upgrade at the Bruce Highway and Foster Road intersection.
QLD	Bruce Highway - Cairns Southern Access Corridor - Robert Road to Foster Road	Road Investment	Bruce Highway North																	Under Construction	Cairns Regional Council	Upgrade of the Bruce Highway from four lanes to six lanes between Robert Road and Foster Road, an upgrade of the Robert Road signalised intersection, construction of a new service road on the eastern side of the highway. The project will also deliver a cycleway, and create a new connection to the Caleb Shang Bridge shared pathway.
QLD	Bruce Highway - Cairns Southern Access Corridor - Stage 4 - Kate to Aumuller	Road Investment	Bruce Highway North																	Completed	Cairns Regional Council	The project will widen the Bruce Highway from four to six lanes on this section of the Bruce Highway and improve access and egress to the highway through upgrades of numerous intersections.
QLD	Bruce Highway - Dallachy Road Flood Immunity Upgrade	Road Investment	Bruce Highway North																	In Planning	Cassowary Coast Regional Council	Upgrading the Bruce Highway between Dallachy Road and Dean Road.
QLD	Bruce Highway - Gairloch Floodway - improved flood immunity	Road Investment	Bruce Highway North																	In Planning	Hinchinbrook Shire Council	The project involves upgrading works to improve the flood immunity of the Bruce Highway at the Gairloch Floodway, north of Ingham.
QLD	Bruce Highway - Haughton River Floodplain Upgrade	Road Investment	Bruce Highway North																	Completed	Burdekin Shire Council	The project will upgrade the 13.5 kilometre section of the Bruce Highway that traverses the Haughton River floodplain. The project will include the construction of an upgraded Haughton River bridge, installation of Wide Centre Line treatment, two highway overpasses of the existing cane-tramway open-level crossings, upgrading of nine rural intersections, and curve realignment.
QLD	Bruce Highway - Ingham to Cardwell Range Deviation - Plan and Preserve Corridor	Road Investment	Bruce Highway North																	In Progress	Cassowary Coast Regional Council, Hinchinbrook Shire Council	Plan and preserve a corridor for the future construction of a deviation from the current Bruce Highway alignment between the Ingham and Cardwell range, to increase flood immunity.
QLD	Bruce Highway - Innisfail Bypass - Plan and Preserve Corridor	Road Investment	Bruce Highway North																	In Progress	Cassowary Coast Regional Council	To undertake scoping activities, including public consultation, geotechnical investigations, traffic data collection, economic analysis and development of land resumption plans for future bypass of Innisfail so that the safety and efficiency of the Bruce Highway can be maintained in the medium to long term.
QLD	Bruce Highway - North Corridor Unallocated	Road Investment	Bruce Highway North																	Not Started	Not applicable / allocated	Unallocated.
QLD	Bruce Highway - Pavement Widening - South of Home Hill to Ingham	Road Investment	Bruce Highway North																	Under Construction	Burdekin Shire Council, Hinchinbrook Shire Council, Townsville City Council	Pavement widening and strengthening works, including wide centreline treatments and minor intersection works, at high priority sections of the Bruce Highway, including between South of Home Hill and Ingham, and between Bowen and Ayr.
QLD	Bruce Highway - Townsville Northern Access Intersections Upgrade	Road Investment	Bruce Highway North																	Completed	Townsville City Council	The project will duplicate 5.2km of the Bruce Highway between Pope and Veales Road (north of Townsville), construct a second bridge over Black River, including rehabilitation works for the existing bridge of Black River, as well as intersection upgrades at Church Road, and Mt Kulburn Drive and Brabon Road.
QLD	Bruce Highway - Townsville Ring Road - Stage 5	Road Investment	Bruce Highway North																	Completed	Townsville City Council	Scoping, development, and delivery activities to support duplication of 6 kilometers of the Townsville Ring Road on the Bruce Highway, as well as construction of a new interchange at local road, Beck Drive.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments.

Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

QLD																				Completed		The Project will widen 5.7km of the motorway from two lanes to three lanes in each direction, including a central median and safety barriers for the entire project section. The Project will also upgrade entry and exit ramps to meet current design standards and to accommodate the installation of managed motorway systems. The northbound Mudgeeraba Creek and Mudgeeraba Creek overflow bridges are to be reconstructed and a new bridge to be constructed at Stapley Drive. An auxiliary lane will be provided in the northbound direction between the Robins entry ramp (Exit 82) and Link Way exit ramp (Exit 80) to increase safety and capacity to accommodate weave movements on the motorway.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments.

Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments.

Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments.

Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

**2024-25 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects**

Projects reflect profiles as at the 2024-25 Budget plus agreed decisions since (including the Australian Government committing additional funding to road maintenance for the National Land Transport Network (NLTN) as part of the Federation Funding Agreement Schedule on the Land Transport Infrastructure Projects (2024-2029)) and implementation is subject to discussions with states, territories and local governments. Information on the progress status of projects is as at 2 October 2024, Local Government Area (LGA) and project description as at 30 October 2024.

The table includes projects with funding from 2023-24 only (except for Corridors, which have total Australian Government investment in Corridors displayed).

All figures are in \$ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.

Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget and post 2024-25 Budget (refer above).

The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Heavy Vehicles Safety and Productivity, Bridges Renewal Programs, Safer Local Roads and Infrastructure Program and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).

Some project commitments are being delivered by two different entities. These projects have been split into individual lines.

Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.

Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.

Completed projects are included where final payments are to be made (awaiting project closure report).

Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

### National Road Safety Action Grants Program (NRSAGP)

The NRSAGP will deliver key non-infrastructure road safety commitments outlined in the National Road Safety Action Plan 2023-25. There is \$37.6 million available to be allocated to new projects focusing on five key areas of activity critical to the delivery of the Action Plan:

- Community Education and Awareness, including workplace road safety
- Vulnerable Road Users
- First Nations Road Safety
- Technology and Innovation
- Research and Data

Black Spot Program - Projects approved for funding (as at 18 October 2024)

Eligible proponents: State, Territory or Local Government Entities.

Scope: Black Spot Projects approved since 2021-22.

Objectives: The Black Spot Program provides up to \$3 million in funding per project for the treatment of road locations where known vehicle crashes are occurring or at risk of occurring. Eligible treatments include traffic signals, roundabouts, turning lanes, safety barriers and lighting.

Project selection: Nominations for Black Spot locations are invited from state and territory governments, local councils, community groups and associations, road user groups, industry and individuals. On receipt of a completed Black Spot nomination form, the relevant state and territory transport agency will examine the nominated site’s eligibility for funding. Eligible projects are then assessed by a Consultative Panel. Each state and territory have their own Black Spot Consultative Panel that consists of representatives drawn from community and road user groups, industry, Australian and local government, and state road and transport agencies. Only projects that have been recommended for funding by a Consultative Panel are submitted to the department and provided to the Minister for funding approval.

Caveat: Data is as reported by jurisdictions.

Note: Projects in red have been withdrawn since last Estimates Hearings.

## Safer Local Roads and Infrastructure Program - Projects approved for funding (as at 18 October 2024)

Eligible proponents: State, Territory or Local Government Entities.

Scope: Approved projects since 2015. All projects listed were approved under either the former Bridges Renewal Program or former Heavy Vehicle Safety and Productivity Program.

Objectives: The Safer Local Roads and Infrastructure Program (SLRIP) provides funding to address current and emerging priorities in road infrastructure needs, with focus areas such as improving road safety, productivity, bridge renewal, road resilience, sustainability and heavy vehicle rest areas. The SLRIP consolidated the former Bridges Renewal Program and Heavy Vehicle Safety and Productivity Program from 2024-25. Existing approved BRP and HVSP projects will continue to be delivered under SLRIP until they are completed.

Project selection: Applications for SLRIP undergo a three stage process within the Department including: eligibility assessment, merits assessment, and a quality assurance process. Projects approved under the former BRP and HVSP also included input from states and territory road authorities (for council-led projects). Only proposals which are eligible and demonstrate good value for money were recommended to the approving Minister for Australian Government funding. Ministers do not approve recommended proposals in their own electorate / jurisdiction.

Caveat: Construction start and end dates are the most recent as provided by the proponent.

129254-24SA-RTR	SA	South Australian Local Government Grants Commission	Riverview Drive, Berri (Berri Barmera Council)	The proposed work involves the extensive repair and upgrade of Riverview Drive. The project includes removing the damaged bitumen and clay road base that resulted from flood-related issues. Following this, the road will be reconstructed using a suitable PM2 32/25 product to replace the removed materials. The roadway will then be reshaped and sealed with a 14/7 seal. Balance of funds for project to be provided by Berri Barmera Council.	\$450,000	\$1,799,000	Jul-24	Nov-24
129257-24SA-RTR	SA	South Australian Local Government Grants Commission	Stradbroke Road, Athelstone (Campbelltown Council)	The proposed work involves road improvement, replacing existing kerbs, upgrading driveway crossovers, adjusting footpaths, and installing new pram ramps. It will also involve reconstructing the road base and applying a fresh seal to enhance the surface. Additionally, the project will feature the installation of parking bay protuberances and associated line marking to optimise parking and ensure safety. Overall, these enhancements aim to improve functionality and safety for all road users. Balance of project costs being covered by Campbelltown Council.	\$540,000	\$1,100,000	Jul-24	Jun-25
129258-24SA-RTR	SA	South Australian Local Government Grants Commission	Reid Avenue, Hectorville (Campbelltown Council)	The proposed work involves resurfacing the section of Reid Avenue between St Bernards Road and Laver Street, which requires reconstruction to maintain an acceptable level of service (LOS). This project will address key issues, including replacing the road pavement and kerbing, improving the road shape for better drainage and rideability, and enhancing connections to key destinations and the arterial road network. Balance of funds for project being provided by Campbelltown Council.	\$755,000	\$1,510,000	Jul-24	Jun-25
129284-24SA-RTR	SA	South Australian Local Government Grants Commission	Brighton Parade, Blackwood (City of Mitcham)	The proposed work involves road resurfacing and pavement reconstruction in isolated segments over a total length of 1.2 km. Balance of project costs being covered by City of Mitcham.	\$219,834	\$600,000	Jul-24	Jun-25
129274-24SA-RTR	SA	South Australian Local Government Grants Commission	Bowman Road, Wallaroo (Copper Coast Council)	The proposed work on Bowman Road includes shoulder widening over the 2.3 km length to meet Department of Infrastructure and Transport standards, shape correction with a 50 mm granular overlay, a 185 mm deep lift at the approach to the roundabout, spray sealing with 16/7 mm over the entire 2.3 km length, and installation of line marking, guard posts, and reflectors. The balance of funds for the project will be provided by Copper Coast Council.	\$1,300,000	\$2,684,853	Sep-24	Jun-25

129260-24SA-RTR	SA	South Australian Local Government Grants Commission	Carcuma Road, Tintinara (Coorong District Council)	The work involves upgrading the road from an 8-metre-wide unsealed pavement to a 10-metre total pavement with an 8-metre seal width. This upgrade will include improved road alignment, curve widening, and enhanced safety features. Additionally, the road will be widened to accommodate 36.5 metre vehicles, with appropriate shoulders added to address geometric safety concerns. Balance of project costs being provided by Coorong District Council.	\$1,300,000	\$1,950,000	Oct-24	Feb-25
129263-24SA-RTR	SA	South Australian Local Government Grants Commission	Kulde Road, Taillem Bend (Coorong District Council)	The proposed work involves applying a two-coat 14/7 mm reseal over the 12 kilometre stretch of Kulde Road to restore the surface and meet safety standards for heavy vehicles. This upgrade will enhance durability, reduce maintenance needs, and improve safety and efficiency for both freight and local traffic. By addressing issues such as potholes and edge breakaway, the project will significantly benefit the regional community, ensuring safer travel and reducing the risk of accidents. Balance of funds for project being provided by Coorong District Council.	\$700,000	\$1,050,000	Oct-24	Feb-25
129277-24SA-RTR	SA	South Australian Local Government Grants Commission	Bethel Road, Kapunda (Light Regional Council)	The proposed work addresses issues by fully sealing Bethel Road, enhancing drainage, installing guardrails, and improving intersections. With pavement works, including underground stormwater crossings, and sealing now complete, the project has reached practical completion. These upgrades align Bethel Road with regional transport standards and enhance freight efficiency by improving safety, surface quality, and road clarity. The balance of funds for the project will be provided by Light Regional Council.	\$1,333,000	\$1,800,000	Oct-24	Mar-25
129290-24SA-RTR	SA	South Australian Local Government Grants Commission	Elizabeth Way, Elizabeth (City of Playford)	The proposed work involves rehabilitating 470 metres (11,369 m <sup>2</sup> ) of Elizabeth Way with a deep lift asphalt pavement, covering four traffic lanes. The existing asphalt depth, ranging from 90 mm to 180 mm, will be upgraded to a uniform 205 mm to support heavy vehicle movements, particularly buses servicing the Elizabeth Railway and City Centre interchanges. Rehabilitation will be carried out shift by shift to maintain road trafficability, including reinstating line markings. This timely intervention is crucial for Elizabeth Way, a strategic route handling approximately 20,000 vehicles per day, enhancing access to major public transport hubs and the Elizabeth CBD while improving sustainable transport options and connectivity. Balance of project costs being covered by City of Playford.	\$630,000	\$1,260,000	Oct-24	Apr-25
129251-24SA-RTR	SA	South Australian Local Government Grants Commission	Longwood Road, Heathfield (Adelaide Hills Council)	The proposed work on Longwood Road in Heathfield will involve the renewal of road pavement, rehabilitation and resurfacing of 1.6 km section of Longwood Road that links the area of Heathfield to Stirling. This project aims to enhance ride quality and improve skid resistance, ultimately increasing road safety for all users. Balance of project costs being covered by Adelaide Hills Council.	\$400,000	\$800,000	Dec-24	Jan-25

129253-24SA-RTR	SA	South Australian Local Government Grants Commission	Bethany Road, Bethany (The Barossa Council)	The proposed work involves the reconstruction of the failed pavement, which includes widening the intersection with Biscay Road. The desired road formation width is set at 10 metres, incorporating appropriate sealing and drainage improvements. Balance of project costs being covered by The Barossa Council.	\$400,000	\$800,000	Dec-24	Mar-25
129280-24SA-RTR	SA	South Australian Local Government Grants Commission	Billiatt Road, Lameroo (Loxton Waikerie Council)	The proposed work involves widening the shoulders over 16 km to increase the road width from 6.4 metres to a minimum of 7.6 metres. The wider road with built-up shoulders will offer safer overtaking opportunities and improved travel conditions, enhancing safety for tourism vehicles interacting with heavier traffic. Balance of project costs being covered by Loxton Waikerie Council.	\$993,000	\$1,493,000	Dec-24	May-25
129291-24SA-RTR	SA	South Australian Local Government Grants Commission	Tower Road, Penola (Wattle Range Council)	The proposed project aims to address major deficiencies by reconstructing the failed section of Tower Road and widening it to close the dimensional gap. The widening will bring the road up to Austroads design standards, improving the width to 7.2 metres with a 1.0 metre shoulder (0.5 metres sealed) and an edge line. This project includes full pavement reconstruction of a 1.7 km section, enhancing the road's safety and functionality. Balance of project costs being covered by Wattle Range Council's own funding and Local Roads Community Infrastructure Program (\$362,993).	\$425,000	\$850,000	Jan-25	Jun-25
129289-24SA-RTR	SA	South Australian Local Government Grants Commission	Malpas Road, Tatachilla (Onkaparinga)	The proposed work to upgrade Malpas Road aims to improve road stability, reduce congestion, and enhance safety and functionality along this crucial freight route, benefiting community travel and tourism. The project will involve profiling and replacing the underlying pavement in stages, with drainage improvements at the Bayliss Road intersection. Sealing works will also add shoulders over the 1 km stretch between Main South Road and Bayliss Road. Key enhancements include widening the road to provide 1 metre shoulders on both sides, upgrading the Bayliss Road intersection to an asphalt surface, strengthening the pavement east of Bayliss Road to eliminate undulations, and updating pavement markings with edge lines, a centre line, and retro-reflective raised markers (RRPMs) for improved visibility and safety. 3	Road	ACT	Transport Canberra and City Services Directorate	Road maintenance and renewal	Works include heavy patching and resurfacing, including associated preparatory works to improve drainage.  This will address community concerns associated with current and potential future road pavement damage (e.g., potholes) due to water ingress.	Complete	\$3,593,654	Jan-23	Jun-23
4	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Urban – Tuggeranong Parkway Works include resealing and preparatory work as relevant (e.g., patching). Asphalt overlay and asphalt mill and fill treatments are both in scope for different segments (~50,000m2). These treatments are not considered to be rehabilitation in the ACT. Asphalt resurfacing treatments don’t return a road asset to its original standard (i.e., treatment don’t reinstate strength of the road, which is likely due to structural issues with the base and/or sub-base layer/s). Asphalt will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB). Shoulder treatments, through lanes and treatment over bridge structures may be different. E.g. AC14PMB for through lane, AC10PMB for shoulder and AC14PMB over bridge structures. The majority of the works will be focused on the south-bound carriageway. Approximate location is between Cotter Road and Canberra Centenary Trail. See Magenta section in the figure below. Sites with extensive crocodile cracking rutting or roughness due to structural strength issues that may be candidates for rehabilitation are thoroughly investigated and then designed through a separate initiative and are not included in this work schedule.	Works are focused on addressing the condition parameters of cracking, skid resistance, roughness and rutting. Addressing these condition parameters will benefit all road users – with a key focus on improving road user safety. Cracking allows water ingress and results in pavement damage, which leads to the development of potholes and subsequent damage to vehicles and safety concerns for all road users. Preventing the occurrence of potholes will assist in reducing community requests for reactive maintenance. Poor skid resistance and the presence of rutting poses safety concerns for all road users. Ensuring there’s appropriate skid resistance and minimal rutting provides community benefit by improving road user safety. Rough roads are associated with poor ride quality, which both makes the use of the road unpleasant and provide a significant impact of road user costs and road safety. For example, rough roads result in higher fuel usage and increase vehicle maintenance requirements.	Under construction	\$3,500,000	Dec-23	Jun-25
4	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Urban – Hindmarsh Drive Works include resealing and preparatory work for asphalt mill and fill treatments. Asphalt mill and fill will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB) + DGA20 HD. Deep lift treatments may be provided on bus stopping pockets with 70mm AC20HD. Approximate locations for works include intersections of Hindmarsh Dr/Dalrymple St/Mugga Ln, Hindmarsh Dr/Palmer St, Hindmarsh Dr/Botany St and Hindmarsh Dr/Ball St.	Works are focused on addressing the condition parameters of cracking, skid resistance, roughness and rutting. Addressing these condition parameters will benefit all road users – with a key focus on improving road user safety.	Under construction	\$950,000	Dec-23	Jun-25
4	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Urban – Adelaide Ave Works include resealing and preparatory work as relevant (e.g., patching). This includes asphalt overlay treatments. Asphalt overlay will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB). Approximate location is between State Circle and Cotter Road.	Works are focused on addressing the condition parameters of cracking, skid resistance, roughness and rutting. Addressing these condition parameters will benefit all road users – with a key focus on improving road user safety.	Under construction	\$3,168,750	Dec-23	Jun-25
4B	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Urban – Majura Road Works include resealing and preparatory work as relevant for asphalt mill and fill treatments. Asphalt mill and fill will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB) + deep lift with 70mm AC20HD on turning lane into Majura road from Fairbairn Avenue. Approximate location for works in proximity to Fairbairn Avenue.	Works are focused on addressing the condition parameters of cracking, skid resistance, roughness and rutting. Addressing these condition parameters will benefit all road users – with a key focus on improving road user safety.	Under construction	\$350,000	Dec-23	Jun-25
4B	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Rural – Uriarra Road Works include resealing and preparatory work where relevant (e.g., patching). Works will be focused on reseal using chipseal (14/7 aggregate & S45R bitumen) double seal. Approximately 10% preparatory patching has been anticipated to be required prior to resealing. An example of preparatory works includes removing coldmix from a pothole and undertaking heavy patching prior to reseal treatment. Approximate location for works in proximity: From: 3.7 km from Brindabella Rd Int TO: Uriarra Crossing, From Uriarra Crossing TO 7.67 km from Brindabella Rd Int, From 9.11 km from Brindabella Rd Int TO: 10.9 km from Brindabella Rd Int. The estimated distance of resealing includes ~5.3km or 37,000m2.	Works are focused on addressing the condition parameters of cracking, skid resistance. Addressing these condition parameters will benefit all road users – with a key focus on improving road user safety. Reseal works are focused on addressing the condition parameters of cracking and skid resistance. 1	Community	NAT	Cocos (Keeling) Islands Shire Council	Upgrades to parks and community centre - Multiple Locations.	The islands playgrounds currently have limited suitability for use due to the exposure to the heat and sun. Shade sails will enable children and families to utilise the playgrounds not just in the early mornings and late afternoons, but also during the peak of the day. It will protect from harm from sun but also safety of users as equipment tends to get to hot for use.  The Shelter at the spot will provide a community gathering opportunity for picnics, observing of wildlife and water sports. The location is also popular with tourists enabling them to maximise the use of this location.	Complete	\$136,739	Nov-21	Jun-22

3	Community	NAT	Shire of Christmas Island	Foreshore Precinct, Christmas Island, -Lingiari Electorate NT	Project Name: Foreshore Artwork - Category: Painting / Improvement to Community Facilities - Brightening up the 40m blank wall looking over the Foreshore Padang Park area with colour, creativity and community stories. The Shire has just completed a successful public art program ‘Our Streets Are Our Museums’ which featured 7 walls around the township depicting images from local history. We were looking to continue this public art theme with the LRCI grant by beautifying the Foreshore Padang, which is a leisure and recreation precinct of some size on the Foreshore. The site used to be an outdoor cinema in the past, so we were looking at some creative documentation of that in the artworks to interpret that history onsite. It is also the precinct where the historical Chinese Literary Association resides. Thus the artist will be given a brief to not only make the art fit a rec/leisure precinct, but to also add the dimension of local history and culture to the place.	Complete	\$40,000	Nov-22	Dec-22
3	Community	NAT	Shire of Christmas Island	Foreshore Precinct, Fencing upgrade	Project Name: Foreshore Padang Railing- Category: Repairs / Replacement of Fencing -Replacement of aged railing looking over the Foreshore Padang Park. 1	Community	NSW	Bega Valley Shire Council	Renewal of the Berrambool footbridge and construction of an off-road connecting path.	Berrambool sporting complex is one of Council’s major sporting facilities and is currently disconnected from the CBD via any means of continual active transport options. There is currently a carpark, skate park clubhouse and a small footpath network within the sporting facility. There is a footbridge over the creek that is in desperate need for renewal but not connected to a path network. The bridge was built by community volunteers many years ago and is a warranted piece of infrastructure that needs to be renewed. By extending the path network from the existing path along the service lane to the existing path at the Berrambool Sporting complex we will be closing a vital missing link in our active transport network.	Complete	\$500,000	Mar-21	Dec-21

1	Community	NSW	Bogan Shire Council	Swimming Pool - Water Slide	Nyngan in western NSW has long hot summers, and like many rural and regional towns there is a lack of recreational options for children and youth. Bogan Shire Council would like to install a slide at the pool to enhance the experience for children and youth and to encourage them outside during the summer. Council installed the stage 1 of a water splash play at the pool in 2019 to cater for very small children to make the pool attractive to young families. This project will comprise stage 2 of that with the purchase and installation of four aquatic water play features which can be attached to existing fittings.	Complete	\$200,000	Jan-21	Jul-21
1	Community	NSW	Bogan Shire Council	Netball Oval - Sealing	Nyngan has no all-weather netball courts which rules it out of hosting competitive games. The five grass courts in town were recently improved with lighting to enable weeknight competition, but the grass surface is slippery in winter, and requires constant maintenance and line marking. Netball is a popular sport in Nyngan, but with no suitable facilities for local competition, the teams must travel 160km to Dubbo to compete.	Complete	\$111,253	Nov-20	May-21
1	Community	NSW	Bogan Shire Council	Upper Bogan River Development	The upper weir area is a popular location for fishing, birdwatching, walking and camping. The site is undeveloped with no amenities. It requires tidying up the existing overgrown vegetation and repairs to the gravel access road. The installation of a toilet block, picnic table, seats, garbage bins and a bird watching platform will make the destination a more attractive and hygienic place for residents and visitors. It will also provide a free of charge option for recreation close to the township.	Complete	100000	Nov-20	Nov-21
1	Community	NSW	Bogan Shire Council	Hermidale Park - Upgrade	The village of Hermidale is located between Nyngan and Cobar on the Barrier Highway. It is 50km from Nyngan. The playground and park are very old and the equipment is broken and unsafe. The existing wire fencing is not in good order. This is the only play equipment available for the village children.	Complete	\$30,000	Jun-21	Nov-21

1	Community	NSW	Bogan Shire Council	Nyngan Cemetery - Re-fencing	Nyngan cemetery includes a modern irrigated lawn plot which during dry time is invaded by hungry wildlife, particularly kangaroos, which cause damage to gravesites. This is distressing for those who visit, and also makes it difficult for the Bogan Shire to maintain	Complete	\$48,415	May-21	May-21
1	Community	NSW	Bogan Shire Council	Lower Bogan River Development	Although the Bogan River flows through Nyngan it has not been recognised by previous town planners as a feature for tourists and residents. In recent years Bogan Shire Council has been gradually developing this area, building a pontoon and a pathway. It has been well received and is a popular exercise and meeting area. Council would like to further develop this area to provide more alternatives for recreation and leisure and to capitalise on the Bogan River. It would also add a new tourism opportunity to the Shire.	Complete	\$130,000	Nov-20	Mar-22
1	Community	NSW	Bogan Shire Council	Frank Smith Oval - Upgrades	Frank Smith Oval is used for senior and junior cricket and touch football in summer and soccer in winter. The main pitch does not have a boundary fence which means for cricket a boundary has to be made from rope or poly pipe before the games. There is currently no all-weather shelter at the oval which means players and spectators must sit in their cars or gather under trees in the typically hot summer. There are no existing cricket sight screens on the oval. There is currently no designated pathway through the scrub between the oval and the nearby Dandaloo Street. An all-weather designated path will be used as a regular walking track as well as an access route.	Complete	\$101,332	Mar-21	Nov-21

1	Community	NSW	Dubbo Regional Council	Dubbo Aquatic Leisure Centre - Upgrades	<p>The Dubbo Aquatic Leisure Centre (DALC) is a well-loved community recreation facility, however it is aging facility and is in need of an upgrade. Recent audits of the Centre’s security, lighting and pump room facilities, as well as a number of security breaches that have occurred have highlighted major deficiencies in the safety and security of the site.</p> <p>As previous upgrades have been completed in an ad-hoc manner, parts of the existing lighting and security infrastructure are obsolete and do not meet current environmental standards.</p> <p>Lighting: A December 2020 audit of lighting at the DALC highlighted a safety concern for after-hours use of the Centre. At least half of the current floodlights are inoperative and there is no lighting directed at the public car park, staff car park, splash park or waterslide. No lighting exists outside the entrance to the DALC’s new foyer and the current floodlights directed at the 50m pool are insufficient for evening events and carnivals.</p> <p>Replacing the existing Metal Halide Flood Lights with LED Flood Lights will reduce the existing energy use by up to 70% and reduce operational costs - every \$100 it costs to run the existing metal halide lights will be reduced to \$30 if replaced by an LED equivalent. Maintenance costs will be significantly reduced as the proposed LED fittings have a three-year replacement warranty excluding labour and have a life span of approximately 35,000 hours.</p> <p>2. Security:</p> <p>A November 2020 audit of security at the DALC, as well as two concurrent break-ins, theft and damage to the centre, highlighted major gaps in the current security measures. The audit found that the facility has insufficient, incompatible and outdated security systems, with major sections of the facility (such as the club room and outdoor spaces) lacking even the most rudimentary alarms or</p>	Complete	\$150,000	May-21	Aug-21

1	Road	NSW	Gilgandra Shire Council	Undertaking erosion restoration works, including batter and bed scour protection which will improve stability of the area. This project supports stabilisation of Biddon Creek banks, contributing to natural resource management outcomes. Public safety outcomes will also be achieved through stabilisation of the eroded area, which is encroaching on the power lines located in close proximity to Biddon Creek. The project is in addition to Council's existing work schedule for 2020/21. The proposed expenditure items under the LRCI funding include labour costs and material to complete the works, which are all eligible expenditure items.	Biddon Creek at Biddon is a location where heavy rainfall and flood events cause significant damage to the creek channel. Stabilisation of the area will reduce the potential for recurrent erosion issues to occur. A number of power lines in close proximity to the creek are also at risk of falling over, creating a safety concern.	Complete	\$150,717	Jan-21	Jun-22

1	Road	NSW	Gilgandra Shire Council	The project involves construction of a concrete causeway over the existing culvert on Dooroombah Road which will support improved road safety outcomes. The proposed works are in addition to Council's existing work plan for 2020/21. This project supports improved road safety outcomes through improved access for road users on an existing unsealed road. Expenditure items under the LRCI funding include labour costs and material to deliver the works which are all eligible expenditure items.	Dooroombah Road is currently unsealed and is impacted during periods of heavy rainfall and prolonged wet weather. The existing culvert is continually being washed away, preventing access for road users. Construction of concrete causeway over the culvert will improve stability of the area, along with improving accessibility, conditions and overall safety for road users.	Complete	\$90,000	Apr-21	Jun-22
1	Road	NSW	Gilgandra Shire Council	The project involves extending the sealed section to the floodway over Gundy's Creek crossing. The proposed works are in addition to Council's existing work plan for 2020/21. This project supports improved road safety outcomes through improved access for road users during times of wet weather. Expenditure items under the LRCI funding include labour costs and material to deliver the works which are all eligible expenditure items.	Tooraweenah-Mendooran Road is currently unsealed and is impacted during periods of heavy rainfall and prolonged wet weather. Extension of the sealed section to the floodway will prevent longitudinal erosion of the road which is currently occurring in the location and improve stability of the area. Accessibility and overall road condition in the area will also be improved for road users, contributing to overall safety outcomes.	Complete	\$60,000	Apr-21	Jun-21
1	Road	NSW	Gilgandra Shire Council	The project involves construction of a retaining wall at the existing culvert located on the overflow channel at Paddys Creek. This project supports improved road safety outcomes through enhanced stability of the area and road edges. The proposed works are in addition to Council's 2020/21 work plan. Expenditure items under the LRCI funding include labour costs and material to deliver the works which are all eligible expenditure items.	The existing culvert area is regularly washed out during periods of heavy rainfall, impacting the stability of the area, and the ability for landholders to move farm machinery across it. Construction of the retaining wall will improve drainage and stability of the area, along with improving usability and safety for road users.	Complete	\$25,000	Feb-21	Jun-21
1	Road	NSW	Gilgandra Shire Council	The project involves construction of an approach slab to Milpulling Creek to improve stability of the area. The project supports improved road safety outcomes through enhanced access and improved conditions for road users. The proposed works are in addition to Council's 2020/21 work plan. Expenditure items under the LRCI funding include labour costs and material to deliver the works which are all eligible expenditure items.	The existing causeway over the culvert is being eroded, impacting on the stability of the area and creating a traffic hazard. Construction of the approach slab will improve stability of the area, along with improving accessibility, conditions and overall safety for road users.	Complete	\$30,000	Mar-21	Sep-21
1	Community	NSW	Gilgandra Shire Council	The project will deliver Stage 2 upgrades to the Armatree War Memorial Precinct within the Armatree Village. The proposed upgrades include soft landscaping, signage board and lighting at the Big Armatree sculpture, along with pathways linking the key elements within the Precinct. The proposed works are in addition to 2020/21 work plans. Expenditure items under the LRCI funding include labour costs, materials to construct the walkway, establish landscaping, installation of lighting and interpretive signage board which are all eligible expenditure items.	Armatree is a small village located approximately 5km off the Castlereagh Highway, north of Gilgandra. Stage 1 of the upgrades to the War Memorial precinct are nearing completion, which includes development of History Boards and the Big Armatree Sculpture in close proximity to the existing War Memorial. LRCI funding will be used to deliver Stage 2 which addresses the lack of wayfinding signage and connectivity between the precinct elements, ultimately creating a circuit for visitors to engage with and learn about the village and district's history. Community safety and sense of place will also be enhanced through improved lighting and soft landscaping features.	Complete	\$72,727	Apr-21	Jun-22
1	Community	NSW	Gilgandra Shire Council	The project involves the following elements: * redevelopment of the CHC car park area * relocation of the old visitor information building and existing BBQ shelter to the recreation area out the back of the CHC and fronting the Castlereagh River * establish driveable access linking the CHC to the nearby Rural Museum * installation of irrigation system and soft landscaping. The proposed works will improve connectivity and accessibility between the CHC and Rural Museum, linking these two culturally significant spaces and encouraging community interaction and enjoyment of the facilities. The upgraded car parking spaces will be located on the northern side of the CHC, where visitors will be able to clearly observe and experience some of the main upgrade features such as the outdoor deck and Aboriginal garden. The proposed LRCI activities are in addition to Council's 2020/21 work plan and will enhance the overall CHC upgrades. The CHC upgrade project will result in improved functionality of the building and exhibition opportunities, incorporation of our Aboriginal Heritage, and improved accessibility and appreciation of the natural surroundings and view of the Castlereagh River. The proposed expenditure items are all eligible under the LRCI funding including: * labour costs * material to construct the car parking spaces, establish driveable access, landscaping and irrigation systems.	The proposed project will address the inadequate available parking at the CHC and establish linkages between the CHC and Rural Museum as key elements of Gilgandra's Cultural precinct. The existing carpark space will be enhanced considerably, creating designated caravan parking spaces on the western side of the CHC along with car parking spaces on the northern side of the carpark. The CHC and Rural Museum are currently not directly linked, meaning visitors and locals alike are not invited or encouraged to explore past their immediate stopping point. Establishing driveable access and landscaping connecting the two spaces will enhance the general aesthetics and linkages between these two culturally significant facilities. Freedom camping opportunities are currently being explored for Cooee Oval, located between the CHC and Rural Museum, which will enhance the overall opportunities for the Precinct.	Complete	\$200,000	Oct-21	Jun-22
1	Road	NSW	Gilgandra Shire Council	Rehabilitation and sealing a section of the existing unsealed Leeches Creek Road at the intersection of Berida-Innisfail and Leeches Creek Road. This section of road is regularly impacted by local floodwaters during periods of heavy and persistent rainfall. This project supports improved road safety outcomes through improved access for road users during times of wet weather, as the section of road becomes inundated and is unsafe for vehicles to drive through the water. The proposed works are in addition to Council's 2020/21 work plan. Expenditure items under the LRCI funding include labour costs and material to deliver the works which are all eligible expenditure items.	Targeted area is regularly inundated by local floodwaters, restricting access for road users and impacting on road conditions.	Complete	\$250,000	Apr-21	Jun-22

1	Road	NSW	Orange City Council	Extension of Southern Feeder Road in Orange NSW from Anson Street to Pinnacle Road. The construction of the Civil Works component of a 2km section of the Orange Southern Feeder road between Anson Street and Pinnacle Road. The completion of this section will compliment works already completed on stages 1 and 2 of the overall Southern Feeder road route. Some grant funding has been allocated from Restart NSW however civil construction works have been on-hold pending the sourcing of additional co contributions.	The Southern Feeder Road Stage 4 (Anson St to Pinnacle Rd) serves as a southern city bypass route that links the Northern Distributor Road and forms a ring road around the City of Orange. The road serves a newly created suburb called Shiralee but its main benefit is in reducing the time travelled going through Orange.	Under construction	\$720,809	Apr-23	Jun-25
1	Community	NSW	Parkes Shire Council	Woodward Oval Parkes - tennis courts upgrade	All courts now require resurfacing, 6 of them urgently (according to advice from Tennis NSW). 1	Community	NSW	Parkes Shire Council	Parkes Shire Council - Coventry Room - cultural space refurbishment	Ongoing need for a dedicated community art space for workshops and the exhibiting of local and travelling exhibitions. At present there is no suitable purpose-built facility in the Parkes Shire that can adequately provide for exhibitions of local artists' work, professional or touring exhibitions, cultural performances, Aboriginal arts and cultural practice or exhibitions, cinema or venue for screenings, programs of community workshops, cultural hub for young people.	Complete	\$100,000	Oct-21	Jun-22
1	Community	NSW	Parkes Shire Council	Parkes Shire Library and Cultural Centre - Wiradjuri Keeping Place	The Parkes Library and Cultural Centre will provide a welcoming and inclusive cultural hub where Indigenous and non-Indigenous groups and individuals can meet and where Wiradjuri cultural expression is visible and celebrated. This project involves curation of a public display of local Aboriginal artefacts, development of digital and print educational materials to detail local Wiradjuri history.	Complete	\$85,000	May-21	Jun-22
1	Community	NSW	Parkes Shire Council	Parkes CBD smart pole banners	The traditional banner systems which Council has installed on existing lighting poles in other sections of the street, requires the procurement of a suitably qualified contractor to undertake the changing of the banners each time a new event or campaign is in market. This includes time and cost in the development of traffic management plans, safe work method statements, machinery hire and staff time in terms of procurement and supervision. Because of these time and cost factors (up to \$10,000 annually), along with disruption to commerce on the main street during changeover, Council can only change these promotional banners twice a year.	Complete	\$30,000	Nov-20	Jun-21

Local Roads and Community Infrastructure Program - Projects approved for funding (as at 18 October 2024)

1	Community	NSW	Parkes Shire Council	Alectown Cemetery - fencing, memorial wall and seating	There is no current 'fit for purpose' space in which cremated remains can be interred. Meaning that people who choose cremation over burial are unable to be interred within their own community but rather at either the Peak Hill cemetery (to the north) or the Parkes cemetery to the south. The erection of a fence and Memorial Wall will alleviate both issues	Complete	\$30,000	Sep-20	Mar-21
1	Community	NSW	Parkes Shire Council	Henry Parkes Centre repairs	There are a number of areas within the Motor Museum where a gap exists between the wall and the roof. As a result, unwanted debris (e.g. dust and leaf litter) blows into the facility, settling on the vehicles on display and onto the floor. Additionally, there is no a/c in the Motor Museum which, given the extremes of temperature experienced at its location, does nothing to enhance the visitor experience.	Complete	\$50,000	Apr-21	Nov-21
1	Community	NSW	Parkes Shire Council	Rose Street and Coleman Street Parkes - footpath	The new shared pathway will mitigate stormwater damage caused to current walking area which makes it uneven and dangerous. The new pathway will also connect this area to existing pathways to the CBD.	Complete	\$35,000	Apr-21	Jun-21
1	Community	NSW	Parkes Shire Council	Woodward Oval tennis courts - stormwater drainage improvements	Currently storm water is unable to leave the court area quickly in rain events, causing it to run back over the courts causing damage to the surface and subsurface. The most severely affected courts are being resurfaced, so this work is a priority to protect the new asset of resurfaced courts.	Complete	\$66,613	Jan-21	Mar-21
1	Community	NSW	Parkes Shire Council	Cooke Park - Improvements	Cooke Park is Parkes' premium event park. One of the challenges that we face during events is if there has been rain the Park can be very wet and we have had to bring in bark chip in the past to allow events to go ahead. Improving the storm water drainage across the park will help alleviate the problem. Additionally, the irrigation system in the park is nearly 20 years old, the aging infrastructure is prone to leaks and breakages and is not as water efficient as it could be. Additionally, Council is constructing a new multipurpose stage facility in the Park which will create the opportunity for water to be captured off the roof and reused in the Park. It is timely that Council upgrades the irrigation system to minimise water usage in the park and allow for the preparation of events in the Park (including the Parkes Elvis Festival) but also help with the recovery of the park after events.	Complete	\$80,000	Sep-20	Feb-21
1	Community	NSW	Penrith City Council	Various throughout the Penrith, construction of approximately 50 bus stop boarding points	The program works toward meeting DDA compliance for bus stop boarding points and will enable the community equitable access to public transport.
