1	Community	SA	The Berri Barmera Council	The revitalisation of Berri’s Colin Jennings Apex Park (Apex Park) will incorporate improvements including an upgrade of the previous BMX track to a versatile pump track which can be used by bike riders, skateboarders and scooter riders of all abilities. Complimenting this will be an off-grid solar BBQ shelter and associated amenities so park users can spend extended time enjoying this space and the additional play equipment that will accompany it. Concrete connecting footpaths, that double as a junior scooter track meander through the native vegetation to connect the different zones of the park. Finalising the upgrades is new fencing for the current dog park, bringing the whole area together to deliver a unique and enjoyable public open space that provides positive health and wellbeing opportunities for the Berri and wider Riverland community.	<p>The Berri township does not currently have a suitable community open space that provides adequate facilities for people to connect and enjoy together, while meeting the needs for families that are transport disadvantaged and unable to access other facilities within the district. Additionally, Berri has no free active public facilities for older age groups (pre-teens and teens) such as a skate park.</p> <p>This project will provide a pump track (amongst other infrastructure) which caters for a variety of ages and wheeled users. This is a community facility that is not currently provided by any of the other Riverland Councils and will be a distinctive point of difference for the park.</p> <p>The space currently has ad-hoc infrastructure including; a dog park, two small pieces of playground equipment, asphalt multi-use court and shaded gazebo. The existing layout lacks connectivity between the current facilities which reduces the appeal of the area. By teaming the pump track up with dedicated concrete connecting footpaths, that double as a junior scooter track, provides the safe connectivity required for the individual areas and is the perfect combination for families with children of varying ages.</p> <p>To ensure that the new features of the park are fully maximised, complimentary facilities such as; a fully solar BBQ, solar lighting, seating and drinking fountain will be installed to enable visitors to extend their time and utilise all that the park has to offer leading to enhanced positive health and wellbeing for our residents and other users..</p> <p>Given that much of the groundwork is already in place within the site, the additional enhancements will enable the Berri Barmera Council to provide a</p>	Complete	\$299,755	Apr-21	Dec-21

1	Community	SA	Town of Gawler	Install shade sails over four playgrounds: Fifth Street, Hemaforde Grove, Willaston Nature and Apex Park	At present, there is no protection from sun, UV and wet weather conditions at playgrounds. Children get burns from hot play equipment and from playing in the sun on hot days. The lifespan of play equipment will be reduced with fading and cracking that can happen from sun exposure over time. These issues will be addressed by installing shade sails over playgrounds and it is widely recognised shade provides beneficial outcomes for the community to encourage active play at times when they may not have played due to hot weather conditions. Council has three existing other playgrounds with shade sails over them, and due to these beneficial outcomes, is seeking to expand these over more playgrounds as part of this community infrastructure program. 2	Combination	SA	Wattle Range Council	Penola to Coonawarra Walking / Cycling Track	The concept of a walking and cycling trail from Penola to the Coonawarra was developed following investigations into a regional trails network that was completed in 2015. With the increasing awareness of the value of outdoor recreation in relation to health and wellbeing, and the Coonawarra Wine Region being acknowledged as an excellent tourism attraction, the development of a multi-use walking and riding trail would add strongly to the region. A well planned and constructed trail network in this area would cater to a range of users including recreational walkers and runners, cyclists, and tourists wanting to visit wineries and other destinations. The section of trail proposed for development runs for approximately 16km (excluding links to wineries and tourist attractions) from the town of Penola through several vineyards and wineries to Coonawarra. Additionally, Naracoorte Lucindale Council is currently developing a 16km connecting the Naracoorte township and the world-heritage listed Naracoorte Caves to strengthen the high-quality visitor experiences offered in the region. This Stage 2 of the project, to link the caves to cabernet via a shared-use rail trail, will be managed directly by the Naracoorte Lucindale Council.	Complete	\$736,052	Oct-21	Mar-22

3	Community	SA	City of Port Adelaide Enfield	Barker Inlet Tidal Gates Upgrade	Drainage/Other/Improved accessibility to community facilities: The Barker Inlet Wetland receives stormwater from the approximately 50% of the City of Port Adelaide Enfield Council area as well as water from City of Charles Sturt, City of Prospect and City of Salisbury Councils. The wetlands are a crucial piece of infrastructure which provides habitat for flora and fauna, walking paths, bike paths and also provides stormwater flood storage. The tidal gates form an integral part of the sea wall between the Barker Inlet Wetlands and North Arm Creek and allow stormwater out and limit the ingress of seawater. Currently the tidal gates are in extremely poor working condition and require significant upgrade works. Due to the inability to operate the tidal gates the wetlands are currently holding an additional 300mm of water. This has meant that the Northern Connector shared use path and the internal walking paths are often under water and unable to be used. With sea levels rising there is also significant concerns that rising water levels will also increase flooding in the commercial/industrial areas of Wingfield and Dry Creek. This project requires the replacement of the dilapidated tidal gates including automation and upgrade of the access ways to ensure the gates can be maintained and operated within work health and safety guidelines. This will ensure better stormwater management and protection of councils infrastructure including bike, pedestrian paths and significant vegetation.	Under construction	\$2,106,436	Oct-22	Jun-25

3	Community	SA	District Council of Coober Pedy	CCTV Hutchison Street (Highway to Drive In)	Closed Circuit TV (CCTV) This project will purchase and install an integrated CCTV system from the Stuart Highway to the Coober Pedy Drive-In, travelling the length of Hutchison Street (main street). Multiple groups across the community (including business, tourism, and residents) have been calling for an upgrade to the current system for a long time. The current CCTV system is faulty and inadequate. A partnership is being developed with SA Police, that will see the CCTV system used in the best way possible, and in accordance with all legal obligations. The project will deliver a sense of safety and security to the community, both locals and visitors alike. Increased safety and security leads to greater economic outcomes for the hospitality and tourism industry within the community and ensures that a more positive word of mouth is shared by visitors on various online platforms. It is essential for a remote community.	Under construction	\$90,100	May-24	Dec-24
3	Community	SA	District Council of Coober Pedy	Improving Safety and Engagement – Coober Pedy Community Playground	Playgrounds and Skate parks There is a need to begin replacing outdated or broken components of the playground. Components of the asset range from 9-25 years of age and are showing signs of disrepair.  This project will replace the swing module, replace the climbing module whilst adding a slide, and add a dancing snake module and musical play module to the existing playground. The current swing module is broken and inadequate. The current climbing module is aging and needs repairs. The dancing snake module will add a new challenging element, and the musical play module a new engagement element to the existing playground. The playground is a key community asset, utilised by locals and visitors alike. It is the first stop for many tourists as they arrive in town. This project will compliment other projects in the precinct, including confirmed greening (planting of trees and shrubs), the creation of swales and wind breaks, and improvements (lighting, resealed benches) that council are already working on.  The other project listed to take place in LRCIP Phase 3, as listed in this nomination form, have financial contingencies built into its plans. It is proposed that any additional funds made available through underspend on that project, be redirected to the community playground and associated precinct.	Complete	\$168,070	Jan-23	Aug-23

3	Community	SA	District Council of Robe	Seafarers Crescent, Robe	Sealing/Bicycle and Walking Paths/ Improved Accessibility of Community Facilities and Areas/ Street lighting equipment: Sealing of the Drain L to Seafarers Crescent walking trail 1,114m long and installation new solar lighting for safety. This popular walking trail has historically been limestone road base and dirt and is responsible for an increasing number of injuries and issues, along with silt and soil erosions in the waterway. Providing a sealed connection from the large, long beach residential area, beaches and parks is a key action in the Disability Access and Inclusion Plan 2020. Currently people who are not fit and able bodied need to walk in the bicycle lanes of the Department of Transports main road to access town. The lack of seal on the path means children, families pushing prams, children on small bikes and people who use disability aids can't enjoy a safe and scenic walk.	Complete	\$230,000	Jun-22	Sep-22
3	Combination	SA	District Council of Robe	Victoria Street, Robe	Traffic Improvement/ Improved Accessibility of Community Facilities and Areas/Council will establish parking through and off the main street in Robe through the realignment and line marking of existing parking In the main street we will replace carparks with 2 seasonal loading zones (there aren't any currently) Currently main street parking is at capacity and delivery vehicle double park and block the street. This work will create additional parks. These works align with our Disability Access and Inclusion Plan 2020	Complete	\$41,534	Apr-24	Jun-24
3	Community	SA	District Council of Streaky Bay	Wirrulla Oval Playground Development	Playgrounds and Skate parks (including all ability playgrounds). The existing playground has become outdated and in need of replacement. The playground will be replaced with a new built to standard, modern, fit for purpose facility and equipment. The Playground is located at the Wirrulla Oval Sporting Precinct and is regularly utilised by the community and visitors. The Wirrulla Oval is the major recreational precinct for the district and the main play space location. The grounds supports netball, football, tennis, social gatherings and community events. The nearest play facility of this nature is located in Streaky Bay a 65km drive. The development will provide a space for members of this remote community to gather whilst also continuing to support its recreational and sporting activities.	Complete	\$35,000	Mar-23	Dec-23
3	Community	SA	District Council of Streaky Bay	Streaky Bay Youth Precinct Development	Playgrounds and Skate parks (including all ability playgrounds). The current skate park facility is dated, limited to a certain demographic of users and reaching its end of useful life and is need of repairs. There are limited facilities at the site including no toilets. The scope of the works is to complete landscape the site, refurbished and expanded skate park, shelters, seating, BBQ, greened areas, nature play space, pump track and toilets installed. Concept planning has been completed. The revised concept will provide a safe and inclusive community youth precinct where the youth of the district and our visitors can play, engage and connect with each other.	Complete	\$300,000	Apr-23	Sep-23
3	Community	SA	District Council of Streaky Bay	Streaky Bay Township Entrance Statements	Landscaping Improvements. The township of Streaky Bay currently does not have in place any kind of welcoming or identity branding into the township. The project would involve design of a number of concepts, followed by community consultation to ensure the design meets the need of the community. The entrance statements to be located at each entrance to the township will include reference to local traditional custodians, whilst also providing the entire community with an entrance that provides them with a place of identify and welcoming. Entry statements can grow tourism, attract investment and even become a destination on their own right. Then entry signs will showcase the region, convey the vibrancy of the local culture and maintain a strong harmony with the surrounding environment. In total their will be two (2) entrance statements constructed. The entrance statements will be permanent fixed structures.	Complete	\$145,059	Apr-23	Jun-24

3	Community	SA	Yorke Peninsula Council	Arthurton Main Street beautification. Category: Bicycle and Walking Paths	Arthurton's main street features an impressive sporting complex that hosts a variety of sporting and recreational activities, as well as the fast-growing Arthurton Pop-up Markets, which are this year nominated for our region's Event of the Year. This section of the main street has a sealed footpath, but it does not continue down to where the actual businesses are. The poor condition of the unsealed footpath in this section means visitors often track mud and dirt in to the markets, making a mess of the courts and indoor clubrooms. This project proposes to create a sealed footpath from the current footpath site along to the main street businesses. Arthurton Progress Association, a volunteer group working to improve the town, also plans to beautify the section with some lawn and planter boxes, although that will be funded from the community and not the LRCIP. 4	Combination	SA	City of Mount Gambier	Frew Park Upgrade (Design and Construction) •Conduct Survey and Design for the site area to comply with local heritage place requirements. •Demolition of existing public toilets and construction of new, toilet building structure with 6 x cubicles (850mm x 1500mm), urinals, washbasins and inclusive access fixtures and fittings. •Sealing 20m long and 4m wide access road of access road to the existing rotundas. •Upgrade of storm water drainage system •Replacement of 410m of picket fencing and replacement of approximate 40 nos seating around the picket fence. •Clean, Refurbish and paint two existing Rotundas.	Community benefits will be gained through: •Conducting a survey and design by professional architect will help the park align better with local heritage standards, contributing to cultural preservation. •The existing toilets are aging and might not meet current accessibility standards. Building new facilities will offer a more compliant and updated toilet solution for park visitors. •The access road often becomes muddy after rain, causing some access challenges. Sealing the road will reduce muddiness, improving access during wet conditions. •The current drainage system occasionally struggles with heavy rain, leading to water accumulation in the oval. An improved drainage system will help mitigate water accumulation, making the park more usable post-rainfall. •Picket fencing and seating have been heavily deteriorated. Replacing these sections will maintain safety standards and enhance aesthetics and comfort. •The rotundas have signs of wear and tear and is required to be refurbished to maintain their appearance and functionality. 4	Community	SA	Mid Murray Council	Council Playgrounds and Open Space – Australian Standards Compliance -Blanchetown Playground Upgrade -Cadell Playground Upgrade -Camberai OS&P Park Playground Upgrade -Claxton Reserve Playground Upgrade -Collier Park Nature Play Upgrade -Den White Reserve Playground Upgrade -Mary Ann Reserve North Playground Upgrade -Morgan Riverfront Precinct Playground Upgrade -Tungkillo Playground Upgrade To implement compliant playground equipment where identified. Soft fall to be replenished at all locations. Drinking fountains to be installed at Mannum and Morgan Playgrounds. 2 x Shade Sails to be installed at Morgan Playground.	Council’s playground infrastructure in some areas has been significantly damaged by the recent flood event. Further to this, other playgrounds require a timely upgrade to facilitate safe and appropriate community use and pride. In addressing some inadequacies will provide a broader benefit and age range of recreational use and a safer environment for the broader community. Council’s playgrounds have an immense recreational benefit and social inclusion and the broader upgrades and equipment installations will provide a recognition to each community for safer and more inclusive play equipment. 4	Community	SA	Mid Murray Council	Township Cemetery Upgrades -Blanchetown Cemetery Upgrade -Cadell Cemetery Upgrade -Mannum Cemetery Upgrade -Morgan Cemetery Upgrade -Palmer Cemetery Upgrade -Swan Reach Cemetery Upgrade -Turo Cemetery Upgrade -Tungkillo Cemetery Upgrade Improved cemetery presentation and landscaping at all locations. Installation of benches and/or shelters at various locations within the principle locations listed above. Installation of inurnment facilities (columbarium) at Swan Reach.	Township cemeteries in rural areas are subject to many elements that detract from the presentation of family members that attend each site. Council in recent times has facilitated presentation upgrades and landscaping at a location which has prompted significant public positive comments and this process will then enhance the remaining cemeteries listed to provide a sombre and reflective environment for family members when attending memorial sites. The enhancements will provide an ambient amenity and standardised presentation throughout the Council. The provision of a columbarium facility will also provide opportunities of inurnment as the current capacity has been exhausted. The columbarium provides a great opportunity for memorial growth within the Swan Reach facility.	Under construction	\$250,000	Apr-24	Jun-25
4	Road	SA	District Council of Mount Remarkable	District Council of Mount Remarkable – Reconstruction and Widening of Appila Spring Bridge, Appila The project will provide benefits by reconstructing the Appila Spring Bridge in Appila, which is currently structurally deficient, and load limited to 25t. The new bridge will be widened, include new safety barriers and will be constructed in alignment with national compliance standards. The upgrade will increase load limits to 100t, having a positive impact on productivity and network connectivity. The bridge will also provide improved safety and access for the local community, it is located on a school bus route and will provide safe access for emergency vehicles	Current infrastructure asset is old and shows fatigue in many areas. It is a transit link from Appila to a larger township of Booleroo Centre.	Under construction	\$453,865	Oct-24	Jan-25

4	Community	SA	Northern Areas Council	Laura Sporting Reserve Irrigation Storage Tank Installation of a 320,000L irrigation storage tank at the Laura Sporting Reserve	This will improve the irrigation system by providing suitable water storage which also means that water can be moved to the tank during off peak energy consumption times to save energy costs. This will better enable the area to be used for community sport and recreation.	Under construction	\$50,000	May-24	Jun-25
4	Community	SA	Port Augusta City Council	Hancock Stadium Facilities Upgrade Construction of a new DDA compliant Toilet within the Hancock Stadium Complex, upgrades to the existing kitchen/canteen area to address compliance.	The existing facilities do not have DDA compliant toilet facilities, and the canteen area has been closed because of compliance issues. Council will host the State Masters Games in April 2025 and is seeking funds to undertake these upgrades which are currently not budgeted for. Hancock Stadium will be used for basketball and other court sports as part of the Masters Games. An upgrade of this areas will also allow community groups such as Badminton, Basketball, Inclusive Basketball, Volleyball, schools and other sporting organisation to utilise the kitchen facilities for their participants and spectators. Other community events such as community roller discos can sports clubs could also make better use of the facility through events and fundraising.	Under construction	\$190,000	Sep-24	Feb-25
4	Community	SA	Port Augusta City Council	Mackay Reserve Upgrade Construct and path and seating with the Mackay Street Reserve to improve amenity and functionality of space	Mackay Street reserve is a planted reserve with no seating or formalised. An upgrade would improve the amenity of highly visible area and provide a place for members of the community who frequent the CBD to safely walk through or sit and enjoy the parcel of open space. It is situated on one of the two main entrances into the CBD.	Under construction	\$16,000	Sep-24	Nov-24
4	Road	SA	Port Augusta City Council	Shack Road Pavement Upgrade – Stage A Construction of a suitable pavement to replace the existing geotextile base along Shack Road, Commissariat Point	The existing sealed road extends for 22km and is constructed with a geotextile base. The road is failing in several locations and requires deep lift and pavement construction.	Under construction	\$163,020	Sep-24	Jun-25
4	Community	SA	Regional Council of Goyder	Burra Public Convenience Replacement and Renewal – Market Street, Burra Demolish current public convenience block, construct new public convenience block set further back on the allotment to allow for safe compliant access to the building and install new septic system. Increase size of on street carparking, extend area out towards creek approx 125m2 Asphalting and kerbing of car park approx 1000m2 5 cubicle unisex ablution block, approx 20m2 floor area New 3000Litre septic tank and connection to CWMS mains Upgrade to power supply, meter and lighting Construction new stone gabion retaining wall, approx 85m long 3m high	The current public convenience block was constructed approximately 50 years ago and has reached the end of its life and is non complying with current building regulations. Access to the block is via a public road and creates potential hazards for users. Council leases part of a privately owned building in Chapel St that contains 2 public conveniences and the lease to these premises expires in 2025. Waste water system is too small for the toilet facility, lighting is poor Increase in size of parking area to accommodate larger vehicles, i.e.. car and caravans	Under construction	\$767,234	Jul-24	Jun-25
4	Community	SA	Roxby Downs Council	Sports Precinct Improvement Install concrete footpath to connect Pump Track, Skatepark, Oval changerooms and Courts - approximately 250m long x 1m wide Improve entrance – update signage for vehicles and pedestrians. Landscaping – update and repair garden bed boarders, plant trees and shrubs, remove unsafe trees branches Spectator areas – remove old tables wooden tables and chairs, install new bin enclosures and seatings area. Level gravel walking areas around amenities.	Currently there is no direct link between the Roxby Councils Sports precinct, Pump Track, and the Skate Park. For the community to travel between these locations, they must travel through the Town Oval carpark which can get very busy on game and practice days. By building this new link the pedestrians will have a safer and faster route between these hubs and easier. Currently a small driveway used for main oval access is the only access point, in and out for all participants and spectators. During games and training this can be busy, unsafe and congested. Both pedestrians and vehicles must use this entrance and stop at the checkpoint, the entrance is directly off a busy main road. With the addition of a pedestrian walkway and new signage, congestion will be eased at these peak periods. New entry signs for the oval complex will assist the public to identify the complex location including vehicles and pedestrian. Also, improvements to spectator areas and landscaping, cleaning garden beds and removing old outdoor furniture, irrigation and pine boarders.	Under construction	\$146,865	Mar-24	Dec-24
4	Community	SA	SA, Department for Infrastructure and Transport	Outback SA regional and community identity (acknowledging Aboriginal Native Title Groups) Inter and intra state signage, identification of iconic locations, airports, and Outback townships within the overarching Outback SA brand. In townships to reinforce community identity, improve visual amenity and wayfinding to community facilities.	Community pride in their towns and their unique attributes. This project will support the potential for creative and cultural industries, including Aboriginal enterprises, assist in preserving heritage, and contribute to broader outcomes about placemaking in remote communities. The latter will have a direct positive impact on liveability. Consultation with 24 communities in Outback SA about regional and community identity concepts has resulted in overwhelming support for this project. Where appropriate, community signage will also incorporate the language of the local Aboriginal native title group/s.	Under construction	\$804,797	Jun-24	Jun-25
4	Community	SA	SA, Department for Infrastructure and Transport	Andamooka Community Recreation Centre all for use by community groups Final stage which involves the construction of two sheds and upgrade of one building  Shed 1 size: 5m wide x 3m high x 12m long Shed 2 size: 4.5m wide x 3m high x 11m long  Electrical work including, trenching and air conditioner install.	Andamooka has several community groups that meet regularly. When completed this space will be used for purposes including lapidary (building on the opal industry). Note: The land in which this project takes place is upon unincorporated land. The Outback Communities Authority (OCA) is responsible for the management of the communities in unincorporated lands.	Under construction	\$98,610	Jun-24	Jun-25
4	Community	SA	SA, Department for Infrastructure and Transport	Fowlers Bay Community Hall Installation of a new solar system, including battery storage, and improved water storage to assist with the transition to net zero.	Improved access and activity for the local community at the hall, due to more reliable power and better-quality water, with kitchen and meeting spaces available for events and local social activities. Apart from the obvious benefits of solar to net zero ambitions which the OCA has for its region, diesel power generation will have a negative impact on the community's air quality and water supply, which is currently only from rainwater and a local spring in the sand dunes. Note: The land in which this project takes place is upon unincorporated land. The Outback Communities Authority (OCA) is responsible for the management of the communities in unincorporated lands. 4	Community	SA	SA, Department for Infrastructure and Transport	Parachilna airstrip sheeting. Shheeting of the airstrip and remediation of an area of the airstrip that requires additional metal to deal with an area of sand. The project requires mobilization of equipment to the site, surveying the site, compaction testing, cartage of material to the site. The airstrip will require formation in line with survey to establish drainage and to ensure formation has required cross section and levels before base course material is installed. Safety equipment will then be installed.	Providing local residents and the travelling public with access to an airstrip for Royal Flying Doctor Service emergency evacuations. Delivery of this project will also support the State Government’s Flinders Ranges World Heritage nomination. With the anticipated up to 2 million additional visitors each year, there will be a growing need for Royal Flying Doctor Services due to a large increase in visitors to the region.	Under construction	\$499,000	Jun-24	Jun-25
4	Combination	SA	SA, Department for Infrastructure and Transport	Andamooka Airstrip Repair airstrip and 26km of the Borefield Road Loop. Works to be undertaken include installation of airport fencing and gate, repair and construction of the airstrip and drainage works. Safety measures such as signage and runway markings will also be installed.	Improved access to Royal Flying Doctor Service regular clinics and emergency health care. The Royal Flying Doctor Service is providing preventative health care, aged care services and allied health services in Andamooka which are highly valued by the local community. With both increasing numbers of older people in Andamooka and families due to mine expansion employment at both Olympic Dam and the new Oak Dam operation, these services are of increasing importance. Upgrading Borefield Road will improve access to the airstrip.	Under construction	\$571,900	Jun-24	Jun-25
4	Community	SA	SA, Department for Infrastructure and Transport	Western Uniting Tigers Lighting Repairs Replace one light pole and upgrade lamps on three others	Enable training on the oval at Penong. Players travel up to 100km for training and currently this is restricted due to poor lighting in the winter months.	Under construction	\$150,000	Jun-24	Jun-25
4	Road	SA	SA, Department for Infrastructure and Transport	Sealing Remote Township Streets (Copley and Oodnadatta) Sealing South Terrace, Copley, and Kulkara Terrace, Oodnadatta South Terrace, Copley – Provide drain and sealed surface between William Street and Railway Terrace. Seal 5m(width) x 250m (length) Kulkara Terrace, Oodnadatta – Provide approximately 400m in length of sealed surface directly fronting the residents’ homes.	Currently an unsealed surface, slippery when wet and dusty when dry. The works will improve accessibility and community amenities in remote townships	Under construction	\$800,000	Aug-24	Oct-24
4	Road	SA	SA, Department for Infrastructure and Transport	Coorabie Road (RN20015) Access Resilience Raise the causeway across the salt pan, over 2.5km in length, to ensure reliable access to the township of Fowlers Bay from Coorabie Road.	Improve reliability of road to ensure access to all traffic after minor rainfall events.	Under construction	\$1,440,218	Aug-24	Jun-25
4	Community	SA	Tatiara District Council	Bordertown Grandstand Painting/Improvements to community facilities Replacement of the upper five tiers of flooring and seating of the heritage listed Bordertown Grandstand. All seating and flooring will be removed and the existing frame structure upgraded to suit new flooring. Treads and rises to be lined using 18mm Marine Grade Plywood, joists to be installed at 450mm max centres and new 140x19mm Merbau hardwood decking to be installed on treads and risers using stainless screw fixings. New seating to be constructed from laminated Blue Gum. Tread nosings to be installed on all steps. All new seating to be painted and the damaged rear wall iron to be replaced. (The first stage of this project undertaken in LRCI Phase 2 replaced the lower three tiers of flooring and seating.)	The works will complete the renovation of the Grandstand which commenced with the lower levels and water proofing in the previous LRCIP phase. It will protect a historic asset and ensure its continued use by the community.	Under construction	\$61,000	Jul-24	Oct-24
4	Community	SA	Tatiara District Council	Keith Nature Playground Playgrounds and Skate parks (including all ability playgrounds) The project will construct a new sandpit, water course and water dam play area at Don Moseley Park, Keith. A water pump located at the top of a sand mound that is accessible to children with disabilities via a path will allow water to flow through the water course. Course contains dams that allow users to manipulate the flow of water.	The playground is a popular spot for locals and travellers alike. The new play equipment will ensure that the playground continues to attract families and encourage participation and play.	Under construction	\$80,000	Jul-24	Jun-25
4	Road	SA	Tatiara District Council	Nyroca Road Reconstruction Pulverise existing road, add 100-200mm of rubble, compact, reshape and reseal	The works will address a safety issue for road users – the road surface has deteriorated to a level that reconstruction is required outside of the predicted asset management cycle.	Under construction	\$107,849	Oct-24	Dec-24
4	Road	SA	Tatiara District Council	Cannawigara Road, shoulder sealing Reconstruct and seal the shoulders of a 2.7km section of Cannawigara between Siding Road and Darcey Kings Road including a reseal over the existing sealed pavement. The seal width will go from 6.2m to 8.0m.	The existing shoulders are in poor condition with edge drop offs causing safety issues for motorists. Undertaking these works will provide a significant safety benefit on a 110km/h road as well as preserve and extend the life of the existing pavement minimising the lifecycle costs and reducing ongoing maintenance. Seal widening works have already been completed up to Siding Road and this project will further extend the sealed shoulders providing a higher standard and safer road.	Under construction	\$260,000	Oct-24	Jun-25
4	Road	SA	Tatiara District Council	Sealing of Rural Road Intersections Sealing Sealing of high priority intersections where an unsealed road meets a sealed road: Cantara Rd/Fairbanks Rd, Cantara Rd/Hundred Line Rd, Pine Hill Rd/Langley Rd, Wirrega North Rd/Penniment Rd (West), Wirrega North Rd/Penniment Rd (East) and Wirrega North/Wurlyana Rd. Each intersection will be sealed to approximately 20m from intersecting sealed road (width varies between intersections)	The project continues work that commenced under previous phases of the LRCI. It increases the safety of road users and longevity of our roads. Works completed in previous phases have been very well received by the community. This would complete the remaining high priority intersections.	Under construction	\$70,000	Jun-24	Dec-24
4	Community	SA	The City of Burnside	George Bolton Swimming Centre Electrical and Heater Upgrade Replace the aging gas pool heater with a new all-electric heating system	Currently, the Swimming Centre is responsible for around a third of the Council’s entire carbon emissions, primarily due to the gas pool heating system. With its replacement by an electric system, Council will be able to achieve its environmental objective by converting to a renewable energy source and becoming a carbon-neutral organisation before 2030	Under construction	\$567,219	Jul-23	Jun-25
4	Community	SA	The Flinders Ranges Council	Painting/Improvements to community facilities - 40 First Street, Quorn SA Replace / repair air conditioning, roofing, guttering and paint / repair and apply mural art to external walls of the Buckaringa Building and Craft Shop, which are incorporated into the Quorn Public Square,	Address replacement of / repairs to air conditioning, roofing, guttering and external walls necessary to ensure safety and accessibility of users	Under construction	\$46,607	Sep-23	Apr-25

4	Community	SA	The Flinders Ranges Council	Resealing - Elder Tce., Hawker SA Re-seal a 550m section of Elder Tce., Hawker between Wonoka Tce. to Rawsley St	Address poor state of existing road surface and prevent further deterioration as well as improving the amenity of this popular tourist area that has undergone recent upgrade works	Under construction	\$74,250	Apr-24	Apr-25
4	Community	SA	Town of Gawler	Dead Man’s Pass Reserve Replacement of the Toilet block and associated amenities, car parking improvements including drainage upgrade and resurfacing and CCTV, at the Dead Man’s Pass Reserve	Upgrade to Community Recreational Facility  Improved Public Convenience, vandal proof automated facility.  Security Upgrade to location, Fibre Optic CCTV Coverage for whole of site through installation of 3 new CCTV cameras  Improvements to site drainage and carpark surface to facilitate DDA Compliance. The existing rubble surfaced car park is subject to deterioration from exposure to the elements and frequent vehicle movements which detrimentally impacts the surface condition and serviceability. The proposed project will seek to upgrade the car park to provide an asphalt sealed surface treatment providing drainage improvements through improved surface run-off (in conjunction with new pit and pipe drainage infrastructure, minimising potential for surface deterioration), in addition to safety improvements with the provision of an even surface for DDA compliance and formal delineation of parking spaces and circulation areas  Remove of Perma pine log fencing and replaced with eco-friendly recycled materials, improve irrigation and additional lawn area. Approximately 292 lineal metres of fencing will be upgraded as part of the project.	Under construction	\$405,562	Jul-24	Jun-25

4B	Road	SA	City of Victor Harbor	Island View Crescent stormwater upgrade (part two) Duplicate stormwater pipes and provide additional inlet pits to increase capacity in underground stormwater system in major events.  Part two of the Island View Crescent stormwater upgrade project involves the installation of 60m of 375mm dia. RCP, 50m of 450mm dia. RCP and four new pits to connect the new pipes to the existing system. The equivalent parallel pipes create the required capacity running south within the road reserve of Island View Crescent, upstream of the work undertaken in part 1.	The Island View Crescent stormwater upgrade is a high priority stormwater project with a large upstream (and uphill) catchment area that has resulted in surcharge from a pit in Island View Crescent during storm events. During the November 2022 storm event, anecdotal observations were made of pressurised water dislodging the pit lid and discharging into the air at 2m high, flooding the road and inundating surrounding properties. The inundation included the living space of one property - number 18, the owner advised that the home has also suffered internal water damage during a major storm event in 2016. Modelling has identified that the existing system surcharges in storm events of 0.2EY (1 in 5 year) and larger.  The project addresses the existing significant choke point in this section of existing underground stormwater network to increase capacity and reduce inundation along Island View Crescent. The project also reduces the risk of flooding for properties in the upstream catchment area by ensuring stormwater can be collected from the road network.	Complete	\$205,198	Oct-23	Jun-24

4B	Road	SA	Copper Coast Council	Moonta Road Upgrade, Moonta Bay Sealing of an unsealed road within a town boundary. Moonta Road is currently unsealed, has stormwater issues and has a high residential density. Stormwater upgrades along Moonta Rd are being rectified with the highest priorities completed putting it in a position to be sealed. Moonta Rd has a total length of 2.05km and given this, the road is to be upgraded in 3 stages with this first stage length making up approximately 1km. The upgrade includes minor stormwater works, kerb and channel and a spray seal. Stage works include; •Cut and fill to desired survey levels using specified quarry rubble compacted to design specification •Preparing and laying 2km of roll over kerb tying into feeder roads •10/5mm double bitumen spray seal •Behind kerb earthworks including a new concrete footpath to one side of the road, WSUD and vegetation	Moonta Road is located within Council’s Township, Council has a vision through its transport asset management plan to seal all unsealed roads within our identified town boundaries. Unsealed roads produce dust when dry, flooding/ponding issues when wet and require ongoing maintenance.	Under construction	\$237,765	Feb-24	Dec-24

4B	Road	SA	Mid Murray Council	Pedestrian safety - Anna Street Walkway, Mannum Reconstruct 40m of existing pedestrian access at Anna Street, Mannum.	The Anna Street Walkway was subjected to erosion and the pedestrian surface has deteriorated significantly which prevents pedestrians safely accessing the town commercial precinct in a safe and convenient manner. This walkway is an alternative to pedestrians accessing the Main Street therefore reducing traffic and parking congestion.	Under construction	\$120,000	Apr-24	Jun-25
4B	Road	SA	Mid Murray Council	Road Safety – Zadow Road, Caloote (Guard Rail Installation) Guard Rail installation on small sections of Zadow Road to accommodate the narrow road shoulder with deep drop offs of approximately 6m and to prevent errant vehicular accidents at this site where a fatality consequence could occur.	Vehicle and driver safety from steep embankment. Guard railing will prevent vehicular accidents and keep any vehicle within the road carriageway preventing significant injury.	Under construction	\$75,000	Apr-24	Jun-25
4B	Road	SA	Mid Murray Council	Street light replacement transition to LED – Road Safety To purchase and replace existing lamps with more efficient and environmentally friendly LED lights throughout the entire Mid Murray Region including: -Morgan -Palmer -Truro -Tungkillo	To enhance visual awareness in both vehicular and pedestrian movements at night through the townships with the improved technology and illumination of LED lighting components.  The enhanced lighting from LED lights will provide an illuminated corridor through the road network of Council’s towns as an enhanced and beneficial upgrade to the relevant towns. Council has had incidents where parked or obscured vehicles have caused hazards within the immediate vicinity and in remote towns wildlife also creates traffic concerns. The enhanced lighting will provide clearer opportunities to identify hazards within the township road networks.	Under construction	\$154,254	Apr-24	Jun-25
4B	Road	SA	Mid Murray Council	Street Lighting (additional) Improved pedestrian and vehicular visibility at night through efficient street lighting at sites where no street lighting is installed. Installation of LED lights within identified streets where no street lighting is prevalent. Within townships residential growth has occurred and therefore the requirement for a provision of street lighting is an essential requirement to the night time street amenity. -Church Crescent, Palmer -Memorial Drive, Tungkillo	Pedestrian access at night time currently restricted by no provision of any street lighting therefore access is extremely minimised through no illuminated vision at night time. Council is replacing an asset to support the transition to Net Zero for Council owned assets.	Under construction	\$10,000	Apr-24	Jun-25
4B	Road	SA	Mid Murray Council	Road upgrade - Keyneton to Moculta Road Road upgrade and sealing of road carriageway of Mid Murray section (1.35kms) of Keyneton to Moculta Road	This road seal project provides a direct link to an area of the Barossa Council where employment and business opportunities are accessed by the Keyneton population. This project has been recognised by both Council’s and to date has remained unfunded as a joint project. The Barossa Council is progressing with their larger portion of the road corridor and as a compliment to the two council approach the carriageway will then provide the direct linkage and development of the broader area of Keyneton township. This road corridor has been raised as a concern from the Keyneton community for many years and to achieve this road linkage will assist the Keyneton community in their accessibility throughout the region. 4B	Road	SA	Renmark Paringa Council	Paringa Town Centre Revitalisation Part B Upgrade footpath and road crossings on Murtho Road, Paringa to increase the walkability in the Paringa Town Centre. This will involve upgrading 6 pedestrian crossings with protuberances and connectivity to the main street businesses and public facilities.	This area has high frequency of vehicle traffic and pedestrians struggle to navigate the town centre safely when needing to cross Murtho Road, Paringa. By installing more delineated pedestrian crossings, pedestrians will be able to walk within the town centre and cross this busy road safely. Vehicle users will also be encouraged to slow down due to the more built environment rather than dominating the road, as they currently do.  This project will address this safety concern and continue on the upgrades of the Paringa Town Centre to benefit the community, with a welcoming space to use and enjoy. 1	Combination	TAS	Break O'Day Council	MTB Trail Head and Flagstaff Road - Sealing	A segment of Flagstaff Road and internal vehicle roads at the MTB trailhead are constructed in a gravel road base, which is prone to vehicle and weather wear and fine dust generation. Sealing of the road surfaces will benefit the community, especially the users of the trailhead area and adjacent properties in the vicinity. The newly constructed trail network which is focussed around the Flagstaff trailhead is already attracting large numbers of people who are using the world class mountain bike trails for exercise and to explore our diverse and wonderful natural environment. The sealing of the road will improve stormwater quality, ensure longevity of pavement, reducing maintenance costs and ensure the experience at the trailhead is enhanced by reducing dust. By undertaking these works we are encouraging community members and visitors to participate in exercise safely and promote healthy lifestyles.	Complete	\$94,322	Nov-20	Mar-21

1	Community	TAS	Central Coast Council (TAS)	Ulverstone Skate Park Redevelopment Major redevelopment of c.1970s existing skate park to provide modern activity hub with the adjacent, new MTB pump'n'jump courses. Includes new 'street' style skate elements, with proper zoned design to allow all-ages and wheelchair access, separate parkour obstacle area, new outdoor ball arena (half-court basketball and football), and refurbishment of existing picnic shelter area, including new bicycle parking.	Existing skate park facility is aged (c.1970s) and near end of serviceable life. Current layout and design reflects age, with style and zoning of elements not suitable for all-ages/all-skills use. Current surface and layout is not suitable for wheelchair access and use. Shape and design of some current ramps is not as safe as modern design. Existing ball court is too small (less than 3-point arc) for even casual use.  The location is a popular active recreation area, particularly for youth and teen activities. It is adjacent a new mountain bike pump and jump track, at the end of a popular regional coastal parkland with various playgrounds, and only 100m from local surf club and amenities. The redevelopment project will help consolidate the zone as a regional destination for active recreation, particularly among youth and teenagers.	Complete	\$361,000	Aug-21	Dec-21

1	Road	TAS	Dorset Council	Carisbrook Lane Legerwood between the Junction of Tasman Highway and McDougalls Road upgrades to cater for heavy vehicles	The current carriageway is narrow and uneven with areas of pavement failure which creates increasing safety and operator cost issues. The road is classified as 'Heavy Rural' and while it is a gazetted HML/HPV route it does not currently meet the required geometric standards. Carisbrook Lane is used extensively by B-Double and Hi Production Combinations as well as 9 axle Articulated Vehicles transporting close to 200,000T of products into and out of the region. It is also the local school bus route. The prohibitive costs of an upgrade and conflicting demands on resources has meant that short term annual maintenance fixes have been required to be utilized to ensure ongoing safety compliance. This project will enable investment into the much needed longer term solution of a reconstruction and ensure an increased standard of safety for both heavy vehicle operators and the local community.	Complete	\$751,168	Jul-20	Jun-21

1	Community	TAS	Hobart City Council	Queens Domain The project consists of the complete development of a whole new cycleway along with car park and associated infrastructure. The cycleway will be constructed on a steep gradient of land by the side of the old Tas rail line which is currently unused. The project rectifies many ongoing issues/complaints about the surface of the car park and road ways in this area.	The project brings together the "missing link "the missing connection of cycleway between the Regatta grounds car park and the Macquarie Point development. Currently the cycleway ends requiring riders and other users to travel through an active car park and thoroughfare to the water. The potential conflict for users currently poses significant risk to public safety. The lack of connectivity to the new cycleway at Macquarie Point often causes confusion throughout the cycling community and this is often addressed through our network / stakeholders' meetings with cycling groups as a major area for improvement. The project will allow you to enter the cycleway throughout Glenorchy providing a continuous, safe path away from traffic directly into the heart of the Hobart central district.	Complete	\$685,131	May-21	Feb-22

1	Combination	TAS	Waratah-Wynyard Council	Installation of new virtual fencing to stop Tasmanian Devils (among other animals) crossing the road in the Rocky Cape National Park environmentally sensitive area. Virtual Fencing is an active electronic protection system that alerts animals before crossing the road when a vehicle is approaching between dusk to dawn. It is proven to be extremely effective in preventing wildlife-vehicle collisions in Australia and around the world. The device is triggered by vehicle headlights and emits a buzzing sound and flashing light to warn nearby wildlife of approaching vehicles. The devices are not visually intrusive and are currently used in Tasmanian National Parks such as Cradle Mountain.	Reducing the amount of wildlife killed on council roads is an action in council's recently adopted Integrated Community Environmental Plan and supports the Tas. Govt. Save the Devil Program. Local residents and council have identified an area (approx. 3kms) between Banksia Park and Lake Llewellyn as a hot spot for Devil Road kill.	Complete	\$21,692	Nov-20	Dec-20

3	Community	TAS	Glenorchy City Council	Audio Visual System replacement at King George the Fifth (KGV) oval Stadium Function room	This project is to upgrade the Audio-Visual system that was installed at KGV when it was first redeveloped. This function room is being utilised as a community function room, where Council is holding functions there more frequently such as citizenship ceremonies, community engagement sessions, community budget briefings, etc. This would also create a saving for Council eliminating the need for council's PA system to be taken to the function room for each event/function. It will also help fulfil the Council's vision of making this venue more of a Community Hub so various community groups can use this facility with adequate audio-visual equipment	Complete	\$130,000	Jun-22	Sep-22
3	Community	TAS	Glenorchy City Council	Construction of Montrose Skate Park	This Project has 2 phases, one for design and the second for the construction phase. These additional funds are for the construction phase for a project. The majority of the project is already grant funded, but a shortfall has been created by Covid-19 cost escalations and a poor sub-base. The construction work being carried out in connection with the development of the new skate park located within Montrose Foreshore Community will include: -Initial set out of the area including the confirmation of services. - Excavation and shaping of an area, which will cover approximately 700sqm – this is completely within Council owned land. - Installation of drainage lines which will be connected to various locations / features within the final skate park e.g. the 'bowl' - Importation of structural sub-base material to form a stable base – the present ground has through geotechnical assessment been assessed as unstable. - Following the importation of stabilizing material, a base layer of concrete will be laid, this will form the initial foundation on which the skate park will be constructed. - Form work forming the features as showing in the design along with final connection to drainage system. - Concrete pours and installation of exposed steel elements - Apply the finishing concrete across the site (this is fine grained coating which is designed to withstand the impact of skaters)- The whole of the skate park is then treated with an anti- graffiti coating. - Re-instatement of the surrounding ground / landscaping works. -Addition funds are required to stabilize the area prior to construction – the unstable nature of the site was identified during the geotechnical investigation as part of the design process. 3	Combination	TAS	Hobart City Council	New Town Retail Precinct Upgrade - Cross Street and Salvation Army Zones. - Reconstruction; Bicycle and Walking Paths; Other (Bus Shelter), Landscaping Improvements.	Streetscape upgrade of New Town retail precinct to create a more vibrant, inviting and accessible local shopping area along New Town Road. The project scope has been developed through an extensive community participatory planning (co-design) process to promote a sense of local ownership amongst community and business stakeholders in the evolving, mixed use main-street environment. Improvements to pedestrian access, safety and amenity are prioritised. Anticipated health and wellbeing benefits and the improved local business environment delivered by the project, will enhance local community resilience in a post COVID-19 context. The Project will: Deliver improved active travel outcomes, especially walking, further enhancing connectivity throughout New Town, with a focus on pedestrian safety, access and amenity. -Enhance liveability of the precinct with greening including a new 'pocket urban park', and new trees and ground level plantings, which will support the growing population. -Upgrade mobility and public transport support infrastructure, including bicycle lanes, improved bus shelters and lighting. - Improved digital connectivity future proofing. -Feature engaging and enduring public artwork that reflects the identity of the area. - This zone will reinvigorate New Town's heart at the junction of Cross and Valentine streets with a flexible, traffic calmed space that will improve pedestrian safety and can also be used for temporary events, markets and other community activities. This area will feature: - a raised pedestrian threshold, new footpaths and reconfigured intersection to calm traffic and improve pedestrian access. - Removable bollards will allow for occasional community events. -Raised pedestrian thresholds on side streets to assist pedestrian access and safety. - A high quality public bus shelter and landscaping adjacent to the new 'community hub' on New Town road, delivering improved DAA access, lighting, weather protection and safety outcomes for bus passengers. - Addition of greening and amenity with new trees, plants, art and street furniture. - Complementing the	Complete	\$1,370,262	Jan-23	Aug-23

3	Road	TAS	King Island Council	Second Seal Programme	Sealing. The project involves placing the second seal on approximately 13.5 kilometres of road. These roads were previously gravel roads and had a first seal applied circa 2017. In accordance with good road construction practice a second seal should be applied to complete the works. This usually takes place some after the initial seal and this work is now overdue to be completed. The roads involved are Old Grassy Road, Cape Wickham Road and South Road. A significant difference with this project and other projects undertaken by Council is that it will be utilising external contractors who will bring machinery and workforce to the island. This approach is due to the scale of the works involved and the resulting efficiency that they can achieve with their equipment resources. Also, to attract contractors to the island there has to be a substantial body of works to make it attractive to them at a reasonable price. Smaller projects are able to be undertaken by the Council utilising its internal resources	Complete	\$599,062	Mar-22	Apr-22
3	Combination	TAS	King Island Council	Recreation Complex	The Recreation complex is used for horse racing, equestrian events, the local Show and other community events. 3	Community	TAS	Launceston City Council	Launceston Aquatic Centre Air Handling Unit Replacement	Sporting and recreation facilities - Air Handling Unit (AHU) Replacement in Leisure & 50M Pool Halls Benefits: • Existing AHUs are approaching end of life and need replacing. • New AHU reduces load on new heat pumps, therefor extending their useful life. • New AHU will give more redundancy / capacity during winter • Includes return air bypass which has huge reduction on amount of air heating needing to be done, therefore increasing efficiency and reducing energy costs • Self-contained AHUs re-use waste heat for their internal heat pumps and are more energy efficient than the bluebox heat pumps. The project will improve the air quality within the centre thereby increasing the amenity and overall comfort of users. The upgraded air handling system will also continue to support public health guidance regarding appropriate ventilation in buildings.	Complete	\$870,000	Jul-23	Jun-24
3	Community	TAS	Launceston City Council	Asbestos Removal	Other - Removal of asbestos from community facilities, updating of asbestos registers as required. Preliminary investigations indicate that building structures within the St Leonards Sports Precinct, and several Memorial Halls within the municipality contain asbestos. Whilst compliance checks have indicated the sites are compliant, Council would like to reduce any risk to negligible by removing the asbestos. Updating asbestos registers are a legislative requirement. The final outcome will mean any future renewal or maintenance works can be completed with a higher degree of certainty and be more cost effective to execute. The resultant risk of exposure to users will be negligible as the asbestos will no longer be present. The nominated locations are: 1. Bilston Memorial Hall 2. Soldiers Memorial Hall 3. 4	Road	TAS	Break O'Day Council	Georges Bay Esplanade & Cecilia Street junction upgrade, St Helens Poor intersection alignment with no existing pedestrian crossing point. The reconstruction and traffic improvement works outlined will significantly enhance the safety and efficiency of the junction. Changing the junction from a “Y” to a “T” arrangement will improve visibility and reduce confusion for drivers. The inclusion of a traffic refuge island will provide a safe waiting area for pedestrians crossing the road, enhancing pedestrian safety. The addition of pedestrian crossover points will further improve pedestrian safety and accessibility, while new kerb and channel works can aid in effective stormwater management and road longevity. These improvements align with best practices in urban planning and road safety, and will likely contribute to a smoother and safer commuting experience for both drivers and pedestrians. 4	Road	TAS	Break O'Day Council	St Columba Falls Road ,Pyengana Shoulder widening over a distance of 1,120m and construction of new road traffic “Give-Way pull off bays at Bridge 1066 at Georges River and Bridge 1605 at Kohls Creek. Other works includes the fitting of off-bridge crash barriers on the approaches to Bridge 1066.	Road shoulder failures. No “give way” pull off bays at existing bridges. Bridge 1066 does not have approach safety barriers fitted.  The planned works for shoulder widening and the construction of new road traffic “Give-Way pull off bays” at Bridge 1066 at Georges River and Bridge 1605 at Kohls Creek will improve road safety and traffic flow in these areas.  The inclusion of off-bridge crash barriers on the approaches to Bridge 1066 is a proactive measure that can help prevent accidents and protect both motorists and pedestrians.  These improvements are of importance to enhance the safety and efficiency of the road network, and ensuring a safer road transport system for all road users.	Complete	\$150,000	Nov-23	Mar-24
4	Combination	TAS	Break O'Day Council	Scamander Avenue – Pedestrian footpath improvements. The upgrade of the pedestrian footpath crossovers at road junctions and sections of unformed footpath along Scamander Avenue along a segment length of 600m from Wattle Drive to Campbell Street to enable disability access and generally improve accessibility to community facilities and areas.	The upgrade of the current infrastructure to accommodate disability scooters is of high importance to the Council. The lack of suitable pathway infrastructure is forcing these scooters onto the Tasman Highway, creating a conflict with traffic and posing a significant safety risk. The proposed project will not only remove this risk but also greatly improve safety and accessibility for those using disability scooters. By doing so, it will enhance the quality of life for disabled individuals in the community, allowing them to navigate public spaces more easily and safely. Improving accessibility to community facilities and areas not only benefits those with disabilities but also enhances the overall usability of public spaces for all residents, including seniors and families with strollers. This initiative aligns with the principles of inclusive urban design and demonstrates a commitment to creating an environment that caters to the needs of all community members. Last football season, ground condition deteriorated significantly due to poor drainage and high rainfall. The condition was unable to be managed, operationally. This resulted in the relocation of games to an alternative venue. The community was unable to use the main oval at the recreation centre, due to the poor condition of the playing arena, and this placed financial pressure on the future viability of the football clubs. The proposed drainage and ground rejuvenation works will restore the ground to a conditional that will allow the successful continuation of sporting rosters.	Complete	\$700,000	Dec-23	Apr-24
4	Road	TAS	Circular Head Council	Yanns Road Bridge Replacement (Part of project in LRCI part A) Replace existing bridge with wider structure and widen bridge approaches to improve road safety issues. Also upgrade guard rail and crash terminals to compliant standard.	This project is part of a joint project with Department of State Growth to improve the junction of Bass Highway and Yanns Road. Community concerns have been raised after a document near miss occurred involving a school bus that was not able to efficiently and safely navigate the Yanns Road junction due to inadequate junction width. DSG are planning to upgrade and widen the junction and the widening of Council’s bridge is necessary to facilitate the required junction widening and safety improvements that are planned. The designed junction width/layout will allow large vehicles to enter and exit Yanns Road without needing to encroach into opposing lanes of traffic, greatly improving the crash risk. The new bridge will also feature much improved crash railing and terminals which will lower the risk of serious injury and death in the event of a vehicle crash.	Complete	\$103,241	Apr-24	Jun-24

4	Community	TAS	Flinders Council	Repair & Install Electronic locking system on community facilities The proposed enhancements involve installing new door, handles and locks on every entry/door for the following locations: Flinders Island Arts and Entertainment Centre (FAEC), Lady Barron Hall and Community Gym, Council Office, Whitemark Community Gym, and the Works Office. Additionally, the upgrades include software licensing, installation, configuration, and user training. These improvements are aimed at enhancing the accessibility and security of various community facilities. These facilities are integral to the community's wellbeing, serving as venues for physical activities, meetings, social gatherings, and public events.	1. Flexible Facility Use: Community feedback highlights the need for more flexible access to accommodate activities outside standard hours, maximising utility and accessibility for our community members and groups, including emergency services. Introducing a modern access system enhances functionality and security, facilitating a broad range of activities at flexible times while maintaining security. 2. Security Concerns: Facilities like FAEC, Whitemark and Lady Barron Gyms, and Lady Barron Hall are vital for community engagement. Ensuring secure access is essential to protect the venue and equipment from unauthorised use and vandalism, especially during non-operational hours. Enhancing access controls, by implementing a modern FOB system, prevents unauthorised entry, thus safeguarding community assets. This would enable multiple access privileges during community events organised by groups or when emergency services require these spaces for an extended period. 3. Improved Accessibility: Installing sliding doors and electronic accessibility systems removes physical barriers for wheelchair users and those with mobility challenges, promoting inclusivity and equal opportunities for all.	Under construction	\$40,000	May-24	Dec-24

4	Community	TAS	Launceston City Council	St Leonards Memorial Hall - Accessibility Upgrade and Landscaping Installation of NCC-compliant accessible deck, ramp and landing, and associated landscaping	The property was originally constructed a War Memorial Hall building, owned by the Launceston City Council. The building is situated inside the entrance to the St. Leonards sporting precinct. Built circa 1954, the building is largely of original construction, with no additions. The main entrance has a gently sloped paved pathway leading to the front door, however, this does not comply with the current requirements of the National Construction Code (slope >1:14, no handrails). In addition, the hall currently has 2 sets of double doors; one is a fire exit, the other set for access/egress only. Neither set of doors complies with the current requirements of the NCC due to the ‘original design’ of the concrete landing/stairs & handrail not meeting current code requirements. A fourth access point is available via a single door into/from the Hall Kitchen, again via an old concrete landing/stair external to the building, making access difficult and potentially dangerous. Landscaping is currently patchy grass. The installation of an NCC-compliant accessible deck, ramp and landing will improve access to the building for community use, and bring the building in line with modern accessibility standards. Landscaping will improve the visual amenity of the hall for the St Leonards community.	Under construction	\$200,000	Mar-24	Dec-24
4	Road	TAS	Meander Valley Council	Link Road from Mount Leslie Road to Pitcher Parade Design and construction for an extension of the existing Mount Leslie Road pavement formation from the intersection with Gordon Place towards Pitcher Parade. The design pavement width will provide for an 11m road width consistent with the requirements for an urban collector road. Kerb and channel both sides with a new footpath link.	There is currently one road in and out of the Blackstone Heights area. The proposed project will provide alternate access to Blackstone Heights and mitigate some concerns around traffic congestion on Country Club Avenue and in turn on Westbury Road.	Under construction	\$300,000	Aug-23	Jun-25
4	Road	TAS	Meander Valley Council	Church Street, Carrick Footpath Works include a 1.5m wide concrete footpath for full extent, road widening and kerb extension from Meander Valley Road to No. 6 Church Street, and minor drainage works as required.	This is the next stage associated with the Carrick Footpath Strategy which will provide linkages to key community facilities as well as provide passive recreational links. The works will also provide a safer route for vulnerable pedestrians (children and elderly) along Church Street who currently use the road/road shoulder in winter. The works will also prevent parking on the eastern side of the road bend near the intersection of Meander Valley Road providing better sight lines for drivers.	Under construction	\$220,000	Oct-23	Jun-25
4	Road	TAS	Meander Valley Council	Country Club Avenue Rehabilitation Works include pavement rehabilitation, asphalt overlay, isolated kerb replacement, and possible drainage works. Length of road to be rehabilitated is 1.35km.	Maintaining the current level of service, Country Club Avenue provides a key linkage for residents and businesses.	Under construction	\$354,333	Sep-23	Jun-25
4	Community	TAS	Northern Midlands Council	Laycock Street Park, Longford Implementation of the Laycock Street Park Landscape Concept Plan that includes a children’s playground, BBQ, picnic shelter, open lawn area, all fully fenced and landscaped (Work Category: Playgrounds and Skateparks)	Provision of a new park incorporating a playground, adjacent to a new subdivision in the steadily growing township of Longford. This area of Longford includes a range of public housing accommodating mainly young families.	Under construction	\$500,768	Dec-23	Dec-24

4B	Road	TAS	Break O'Day Council	Ansons Bay Road - Sealing This is a significant roadwork project on Ansons Bay Road that includes widening and a degree of realignment of the road, improving roadside drainage, and sealing over 1,200 meters of the road. Works will occur over two financial periods with pre-sealing and stormwater works scheduled for Feb-April 2024 and allowing to settle over the winter/spring period before reshaping, correcting pavement defects prior to sealing is in December 2024. This approach will ensure longevity and quality of the road.	Improving the current road segment that is unsealed and has poor alignment is of priority to the Council. The varying road conditions between dry and wet weather can pose elevated safety risks to road users. The proposed project will enhance road safety by providing a more predictable and consistent driving surface through sealing. This will not only make the road safer for all users but also improve the overall driving experience.	Under construction	\$223,438	Feb-24	Dec-24

4B	Road	TAS	Launceston City Council	Lilydale & Golconda Road Safety Improvement Program - Upgrade existing line marking to audio-tactile markings where appropriate. - Install edge lines in locations currently without and where width allows. - Undertake assessment of appropriate speed limit, and implement changes if warranted and authorised by the Tasmanian Transport Commissioner. - Undertake an assessment of curves and install appropriate curve warning signage. - Install additional hazard warning signage. - Install guide posts to comply with Australian Standard requirements. - Install crash barrier at locations of high risk. Specific sections of the Lilydale Road - Golconda Road corridor to be improved will be finalised during detailed design, and will be based on engineering and safety assessments. It is anticipated that sections, totalling up to 20km, of Lilydale Road - Golconda Road will be improved as part of this program.	The Lilydale Road - Golconda Road corridor is rated as a 1-star road under the AusRAP assessment methodology. Under the ANRAM assessment methodology, it is rated as having a VERY HIGH risk of fatal or serious injury crashes. The calibrated ANRAM model estimates that this road corridor will see 5.5 fatal or serious injury crashes over the next 5 years, and is the road corridor with the highest risk rating in our municipality.  These mass-action corridor safety improvements are expected to have a significant impact in reducing the number of fatal or serious injury crashes that are likely to occur. The shovel ready program covers the replacement of 1,230 old and inefficient street lights which includes high-pressure sodium vapour and high wattage mercury vapour to the most energy-efficient LED lighting.	The changeover program will generate local employment, improve community safety, reduce impact on our environment and save money for our local community. Energy Efficient street LED lighting are up to 60 percent more energy efficient than traditional high pressure sodium bulbs or mercury vapour and can last 15 to 20 years. LED lights are free of all harsh chemicals and therefore minimise impact on our environment. LED lights are also 100% recyclable and can significantly reduce your carbon footprint. LED street lighting potentially make public transportation easier, as well as improving visibility on roads.	Complete	\$919,826	Nov-21	Jun-24
1	Community	VIC	Baw Baw Shire Council	The project will develop an intertown connection for use for pedestrians and cyclists between Erica and Rawson that aligns with Baw Baw Shire's Paths and Trails Strategy. The project will include a granitic sand path approximately 4.7km in length from Henty Street, Erica to Pinnacle Drive, Rawson. The proposed route of this path begins at the intersection of Henty Street and School Road. From here the proposed path follows the East side of School Road/ Moe-Rawson Road, crossing Collins Road and Thomson Valley Road. The proposed route turns East at the intersection with Knotts Siding Road, and runs along the South side of Knotts Siding Road into Rawson via Tyers-Walhalla Road (West side).	The project will achieve the following solutions as identified in Council's Paths and Trails Strategy: - Meet demands for connectivity for pedestrians and cyclists to key public points of interest in the Shire. - Growing demands for new paths and trails to connect our smaller communities. - Providing additional leisure and recreation opportunities to our communities aimed to encourage the community to stay healthy and increase community connectedness and participation. - Offer an additional tourism experience for visitors to the region to benefit businesses in communities where tourism is a major contributor to economic output and job creation. 1	Road	VIC	City of Monash	Lawrence Road - Flat- top' road hump install	There is a length (250m) of road along Lawrence Road between the road hump outside 261 Lawrence Road and the raised T-intersection at Taroona Avenue, which does not have any physical treatment to slow down the traffic speed.	Complete	\$50,000	Jun-21	Jun-21
1	Community	VIC	City of Monash	Gardiners Creek Trail shared path upgrade	The current narrow path width (2.0-2.5m) is creating conflicts between pedestrians and cyclists, with complaints of crashes and near misses becoming more frequent. This affects the community's perceptions of safety when using on the path.	Complete	\$550,000	Apr-21	Jun-21
1	Road	VIC	City of Monash	Improve pedestrian and cyclist safety along Park Road	There is a high pedestrian and cyclist volume along Park Road generated by the Scotchmans Creek Trail and Oakleigh Recreation Centre and it is proposed to highlight and enforce priority for pedestrians and cyclists at suitable locations. These will also improve accessibility in and around these community facilities.	Complete	\$100,000	May-21	Jun-21

Local Roads and Community Infrastructure Program - Projects approved for funding (as at 18 October 2024)

Phase	Infrastructure type	State	Funding Recipient	Project Name	Problem Description	Status	LRCI Funding (approved)	Start date	End date
1	Road	VIC	City of Monash	Palmerston Grove - Flat- top road hump install	The proposed flat topped road hump will encourage motorists to drive slowly when entering the residential area and will also deter motorists from entering the residential area searching for a parking space.	Complete	\$40,518	Jun-21	Jun-21
1	Road	VIC	City of Monash	Mackie Road - road cushions	Mackie Road has an average daily volume of about 4,600 vehicles and an 85th percentile speed of 56km/h. The complaints about speeding issues are becoming more frequent. The proposed road cushions will encourage motorists to drive slowly.	Complete	\$66,000	Jun-21	Jun-21
1	Combination	VIC	City of Port Phillip	Rotary Park, St Kilda Foreshore	The playground at Rotary Park was removed during the construction of The Stokehouse restaurant – which used this space as a building site. The playground is in a high tourism visitation area on St Kilda Foreshore, an area that attracts over 2m people each year. The playground is a high priority for reconstruction given there are no other playgrounds in the area. The project has strong support from the community and Rotary Club of St Kilda, who originally created the park and have been advocating for improvements. Upgrading the full park enhances the gateway to the foreshore and creates more usable public space, through improvements to pathways, access points, infrastructure and through safety improvements such as upgrades to lighting. The park has been identified for critical security upgrades to minimise the danger of unauthorised vehicle access to the foreshore.	Complete	\$277,686	Mar-22	Jun-22
1	Community	VIC	City of Warrnambool	Pertobe Road The project involves the reconstruction and formalisation of an existing car park off Pertobe Road. The works will include reconstruction and strengthening of the car park pavement, formalisation of the parking areas and creation of safe pedestrian pathways and walkways to the Lake Pertobe public open space adjoining the car park.	Failing car park surface and informal parking areas creating a safety risk to users and pedestrians.	Complete	\$425,024	Aug-21	Nov-21
1	Community	VIC	City of Wodonga	Refurbishment of the old Wodonga Council's Visitor Information Centre (VIC) to enable its re-purposing as a top-end venue to attract visitors to the Gateway Island precinct - the subject of an extensive master planning project approximately 12 months ago. The works will include insulation to the building, specialist installation of heating and cooling, upgraded and DDA toilets and consideration of an elevator to the second-floor facilities.	This Council-owned building has had a multitude of tenants over the past years - but is in need of significant refurbishment if it is to become the centre-piece of visitor attraction. Its current condition can be described as a somewhat deteriorated asset, in need of major works.	Complete	\$541,000	Nov-20	Nov-21
1	Road	VIC	Colac Otway Shire Council	Road repairs at main entry and emergency entry and nearby roundabout at Colac Hospital	The roundabout and section of Connor Street are heavily used for everyday access to Colac Hospital, Bulla Factory, and various medical centres. Repair of this road will improve the safety of the road surface for users, especially ambulances and other medical vehicles entering the hospital and people visiting the various medical services in this area. The asphalt works will also assist in reducing traffic noise for aged care residents and patients who are situated in hospital wards and wings adjacent to this roadway. Undertaking rehabilitation works now will avoid the need for full road reconstruction when the road fails. If a full reconstruction were required it would cause substantial disruption in the area and interrupt hospital access.	Complete	\$193,334	Feb-21	Apr-21
1	Community	VIC	Colac Otway Shire Council	Resurfacing two tennis courts and one netball court	The condition of the existing asphalt surface of these courts has reached a point where it is no longer safe to play. There are cracks with weeds and during rainfall, water pools on the surface causing slipperiness and poses a risk to the users. The courts are used by the Apollo Bay Netball club, casual and social tennis players from the townships of Apollo Bay, Skenes Creek and Marengo and visitors to the adjacent camping ground.	Complete	\$39,416	Nov-20	Dec-20
1	Community	VIC	Colac Otway Shire Council	Construct footpath in Birregurra (and associated crossing treatments)	There are currently no all-weather connections or dedicated pedestrian crossing points to the train station. This station provides a connection to the major centres of Geelong (45 mins journey) and Colac (30mins journey), and is used as a sustainable transport connection to jobs and services.	Complete	\$160,895	Mar-21	Feb-22
1	Community	VIC	Colac Otway Shire Council	Construction of concrete footpaths in multiple locations	Many key connections that link schools, shopping precincts, tourist destinations, community facilities, open space and off road shared paths do not have existing hard surface, accessible paths on either side of the road. This limits access to recreational and community destinations for many residents and visitors, particularly for the elderly and mobility impaired and in high rainfall areas such as Gellibrand, Lavers Hill and Apollo Bay.	Complete	\$403,700	Sep-21	Feb-22
1	Road	VIC	Colac Otway Shire Council	Sealing of 700m of road	The main benefit this project will deliver is improved safety by providing all weather access constructed to a higher standard, for adjoining property owners and other road users in general. It will provide an attractive alternative access route for residents in the Swan Marsh community. It will provide a viable option for heavy vehicle access (milk tankers, stock trucks, quarry vehicles) into and out of the Swan Marsh district. It will provide and attractive alternative access point for emergency responders (Fire Safety Victoria, etc.), both into and away from the Swan Marsh district. Safety at night or in foggy circumstances will be greatly improved through road side delineation, the advantage of a sealed surface, and through the addition of solid edge lines. Routine maintenance of the unsealed surface (maintenance grading) will be substantially reduced – shoulders will still require periodic maintenance.	Complete	\$325,000	Mar-21	Mar-22

Local Roads and Community Infrastructure Program - Projects approved for funding (as at 18 October 2024)

Phase	Infrastructure type	State	Funding Recipient	Project Name	Problem Description	Status	LRCI Funding (approved)	Start date	End date
1	Community	VIC	Colac Otway Shire Council	Construction of new play space	Residents of the Petjuli Street park catchment do not currently have access to a playground within walking (500m) distance, with the nearest playground being more than a kilometre away. The park is currently undeveloped with some trees and park benches. This development will create a social destination for the many children, families and carers in the area, activities for a range of age groups and access to these facilities with the creation of a hard surface path connecting to the existing footpaths.	Complete	\$110,000	Mar-21	Sep-21
1	Community	VIC	Colac Otway Shire Council	Construction of pedestrian and cycling bridge and paths	In 2016 a pedestrian bridge that forms part of the Barongarook Creek Shared Trail was washed away by flood waters. The bridge connection forms a critical off-road link for users of the Barongarook Creek shared trail and, once completed, will provide a continuous, 1.3 kilometre off-road walking and cycling connection from the Coles on Bromfield Street and the Visitor Information Centre on the corner of Murray and Queen Streets, via picnic/toilet facilities and a recently constructed Traditional Owner memorial space to Lake Colac. If the bridge is not replaced, pedestrians, wheelchair users and cyclists are diverted 360 metres via a car park, up to busy Murray Street (Princes Highway) and must cross at traffic lights and journey along Murray Street to arrive at the continuation of the shared path.	Complete	\$390,000	Apr-21	Sep-22
1	Road	VIC	Colac Otway Shire Council	Installation of speed humps outside school	Speeding vehicles currently pose a safety risk to children accessing the Specialist School in Wilson Street, Colac. Students aged 5-18 with special needs and their carers currently use the crossing daily during school term. Cars and heavy vehicles use this local road as a short-cut between the C155 (Colac-Lavers Hill Road) and Queen Street (north south collector road). The installation of speed humps either side of the crossing aims to slow vehicles and deter heavy vehicles, generally improving pedestrian safety in this area.	Complete	\$17,536	Nov-20	Dec-20
1	Road	VIC	Colac Otway Shire Council	Construction of new kerb and channel, and associated drainage	n 2019 Colac Otway Shire adopted a masterplan for Forrest Common Reserve, the main community park servicing the Forrest township. The plan identified that road run-off from Station Street was causing damage to the reserve, particularly the playground and car park. High volumes of stormwater sheet across the reserve carrying debris and spreading playground softfall into the car park, creating slippery surface	Complete	\$63,319	Apr-21	Jun-21
1	Road	VIC	Corangamite Shire Council	This project will seal the truck and long vehicle parking area located opposite the Skipton Roadhouse service station on the Glenelg Highway.	Upgrading an unsealed truck parking area to a sealed parking area will improve the conditions for heavy vehicle drivers exiting the parking area and safety for users of the adjoining highway as well as reduce dust for nearby business and residents.	Complete	\$30,000	Jun-21	Jun-21
1	Community	VIC	Corangamite Shire Council	To replace the existing Estcourt Street public toilet block.	The Estcourt Street public toilet block is in poor condition. It services the main central business area of Terang and has been identified by Council through its asset management plan for removal and replacement. Providing improved public toilets will ensure appropriate amenity for users and equity of access for users.	Complete	\$175,000	Feb-21	Jun-21
1	Road	VIC	Corangamite Shire Council	This project will seal Windham Street which provides access from and to the Skipton Roadhouse service station and is used by heavy vehicles to access the key routes north of Skipton.	Upgrading an unsealed road to a sealed road to improve access to heavy and other vehicles. Windham Street is partly sealed (50m). This will extend the seal along the entire road.	Complete	\$103,464	Mar-21	Apr-21
1	Community	VIC	Corangamite Shire Council	To replace the existing Derrinallum public toilet block.	The Derrinallum public toilet block is in fair condition and has been identified by the community through its community plan as requiring either replacement or an upgrade to provide contemporary facilities for visitors and users. Derrinallum is located on the Hamilton Highway and these toilet blocks are heavily used by travellers. Providing improved public toilets will ensure an inviting amenity and encourage people to stop in the town.	Complete	\$175,000	Mar-21	Aug-21
1	Community	VIC	Corangamite Shire Council	This project will provide fixed fitness equipment at the existing playground.	This project has been identified as a priority by the Derrinallum Progress Group to provide access to fitness and exercise equipment and encourage a healthy lifestyle as well as boost local economy by incentivising visitors and users to the area.	Complete	\$20,000	Dec-20	Feb-21
1	Community	VIC	Corangamite Shire Council	This project will see an upgrade to the existing oval to provide improved safety and ground condition for players.	The current cricket ground has issues with drainage and surface cover. This project will see the drainage improved and better surface cover provided.	Complete	\$10,000	Mar-21	Apr-21
1	Community	VIC	Corangamite Shire Council	This project will see an upgrade to the existing clubrooms to provide an inclusive design and provide improved functionality for users.	The current facilities are ageing and require ongoing and increasing maintenance. The layout is not functional and there are issues with accessibility for both participants that are ageing and those with a disability.	Complete	\$305,350	Sep-21	Oct-22
1	Community	VIC	Corangamite Shire Council	This project will renew the boardwalk infrastructure on the pedestrian link from Hennessy Street to Morris Street behind the Port Campbell Public Purpose Reserve.	The existing boardwalk is at the end of its useful life and at the stage of requiring ongoing maintenance.	Complete	\$116,133	Apr-21	Jun-22
1	Community	VIC	Corangamite Shire Council	This project will provide all abilities access to the Camperdown Court House which the local visitor information centre operates within.	The Camperdown Courthouse is leased by a volunteer community group who provides visitor information services, local art displays and various events and functions. The Court House does not currently provide permanent all abilities access. For those people requiring access a portable ramp is provided on request at a door to the rear of the building to provide access.	Complete	\$26,553	Jul-21	Oct-21

1	Community	VIC	Corangamite Shire Council	This project will see an upgrade to the existing netball infrastructure, including court lighting, shelters and inclusive design change rooms for players, officials and spectators.	<p>The upgrades have been identified as a priority to improve the safety for participants, increase the chances of clubs attracting and retaining participants and to increase access and usage. These works are identified as a priority in the Great South Coast AFL, Netball and Cricket Strategy and are supported by the Recreation Reserve Committee of Management, Cobden Football Netball Club and Cobden Tennis Club.</p> <p>In addition, there is a demand for female facilities at the Cobden Recreation Reserve with the establishment of an under 18's female football team. If funding can be secured through this program, it is expected that there will be an increase in the number of females participating at the reserve.</p> <p>Currently, there are three under 18 female football teams across the Corangamite Shire. The upgrade allows Cobden Recreation Reserve to become a venue for further female teams including the development of female senior sides.</p>	Complete	\$300,000	Feb-21	Jun-22
1	Community	VIC	Corangamite Shire Council	This project will involve the construction of a skate park in Skipton.	The Skipton community have identified a Skate park as a key priority in its community plan and as a key project highlighted by a petition signed by more than a hundred young people from around Skipton and district. The skate park will provide an important year-round recreational opportunity for young people.	Complete	\$120,000	Feb-21	Mar-21
1	Community	VIC	Corangamite Shire Council	This project will include the replacement of the roof over the two court basketball stadium and minor facility upgrades.	The existing roof is over 20 years old and at the end of its useful life. It is leaking during certain rain and wind events and presents safety risk to participants using the courts, so much so that competition was postponed last season. This project will ensure the safety for players, officials and spectators and have been identified several years ago as a priority by the Committee of Management.	Complete	\$119,962	Dec-20	Mar-21
1	Community	VIC	Corangamite Shire Council	This project will provide upgrades to infrastructure in Cobden's main streets which have been identified as a priority by the Cobden community. 1	Community	VIC	Manningham City Council	Ruffey Lake Park is a Council reserve, 66 hectares in area. The proposed works include the sealing of paths between the boardwalk at the main carpark, The Boulevardde public toilets and picnic shelters. Marking of a new DDA parking bay in The Boulevardde off road carpark. Installation of solar powered lights along this path to the toilets. Construction of footpath connections, in several cases to residential park interfaces including Victoria Street and King Street, including associated landscaping and works.	Council is in the process of completing improvements to The Boulevardde public toilet block, to in part achieve DDA compliance. Council commissioned a Building DDA Inspection report for the public toilets and the recommendations included sealing of existing gravel paths to access the toilets, lighting improvements and the provision of an additional DDA compliant parking bay in closer proximity to the toilets. The previous Council project scope was limited to the public toilet improvements. This project also seeks to improve access to Ruffey Lake Park, by providing further pedestrian linkages to abutting streets.	Complete	\$141,402	May-21	Jun-21
1	Community	VIC	Manningham City Council	Sealing of existing granitic sand carpark with asphalt, construction of kerb and channel and a footpath along the northern boundary, construction of a footpath connection to George Street and line marking of the carpark including the marking of pedestrian islands between George Street and the proposed northern footpath.	There is no safe, defined pedestrian access path through the carpark to the Athletics Track or for pedestrian visitors entering the site from George Street. The maintenance demand associated with the existing granitic sand carpark pavement is excessive. Under traffic the ride quality of the granitic sand is poor particularly after rain, when large numbers of potholes develop.	Complete	\$345,859	Apr-21	Jun-21

1	Community	VIC	Wellington Shire Council	Sale - Flooding Creek Masterplan Implementation	Flooding Creek Masterplan, completed in 2003, identified the opportunity to create an off road linear linking shared path, connecting new residential developments in the north west of Sale, through to the Port of Sale Cultural Hub, Sale Central Business District and Lake Guthridge-Guyatt Parklands. Stage 1 of the Masterplan saw the creation of Flooding Creek (Saleyards) Reserve. This revegetated area is a popular passive recreation space for the community. The expansion of the path network in Saleyard Reserve will provide for greater opportunity for informal recreation and relaxation, while also creating an off road connection to the new shared path along the disused Back Maffra Road. The Back Maffra Road section of the shared path will create a link along Flooding Creek to connect into Ross Street Reserve and the existing shared path network along Cunninghame Street. This part of the project has already been approved to be funded under the LRCI Phase 1 allocation.</p> <p>The balance of the project, will see the sports clubhouse extended and upgraded to facilitate appropriate sports club social use for the 3 main sports clubs and other casual use clubs that currently utilise this pavilion. The new social club space will also provide for further opportunities within this South Shepparton community to utilise this space for community gatherings and meetings. The extension works will now be part of the overall Vibert Reserve Pavilion Stage 3 redevelopment including new car parking, with security lighting, relocated and upgraded playground, landscaping and improved accessibility for neighbourhood house users and the sports club users. Plans are available and can be provided if further clarification is required on the extent of this project, and the 2 stages of works that can be completed with both Phases of funding. There is significant benefit in completing this project as a single contract and approval to include this under Phase 2 will see the project more efficiently delivered under one contract as opposed to a staged approach.</p>	Complete	\$1,901,060	Sep-21	Sep-22

2	Community	VIC	City of Greater Shepparton	Victoria Park lake Power Upgrade  [NEW PROJECT]	It is proposed to install permanent power supply boxes to the open space area at Victoria Park Lake, Wyndham Street, Shepparton. Costs to Council’s Events Team for electrical/generator/electrician services and hire were \$90,094.86 over the past 5 years. This does not include community and private event company costings and having in excess of 18 annually events where they all have to source power, there is a need to address and implement improved infrastructure for availability, consistency, and safety of all users. Having this upgrade in place will also improve the capacity for the location to be marketed appropriately to a broader range of events organisers and companies as this area will have the capacity to deliver event needs without the requirement of temporary infrastructure inclusions, which all come at a cost to either Council or event organisers, thus giving the site improved capabilities and attractiveness for events and reducing the outlay for temporary infrastructure. 4	Community	VIC	Central Goldfields Shire Council	Maryborough Town Hall Revitalisation Project (Electrical, Emergency light & AV Upgrade), 71 Clarendon St, Maryborough, VIC 3465 The Maryborough Town Hall has been closed to the public since 2021 due to safety and compliance issues with the age of its' electrical infrastructure. The project scope includes the complete upgrade to the electrical infrastructure at the Maryborough Town Hall, including the exit and emergency lighting to ensure compliance with the building code and safety of community users.  Works will also include an upgrade to a large meeting room on the first floor to allow Council meetings to return to the town hall, and to provide a meeting space for community groups and other external parties where contemporary technology is available for their use. This will include an AV upgrade that will enable modern technology to be installed for live streaming of meetings to align with current hybrid working trends and providing greater access and flexibility in the community to attend Council-run meetings or for community groups to host meetings with multiple stakeholders.  Minor DDA access and egress issues will also be addressed in this phase of the project, to ensure the asset is inclusive and accessible to as many community members as possible.	Works category- Painting/Improvements to community facilities.  The Maryborough Town Hall is a critical community facility in the Central Goldfields Shire. The town hall is a prominent building in the Maryborough central activity business district and is used by the community to host a number of different events, including but not limited to school formals and debutante balls, concerts, exhibitions, and live music, seniors' functions, dance classes, and Central Goldfields Shire Council meetings. The building is of historic significance and has not been able open and be available to the community since 2021 due to the significant electrical upgrades required to ensure the building is safe for the community use.  Funding this project will allow the Central Goldfields community to have access to the asset again, enabling wider community access to arts/cultural/community/social event programming, which will in turn improve community connectedness through participation. The netball club have been left with no permanent lighting to their two courts. During the 2022and 2023 seasons, the netball club have hired temporary portable lights with volunteers making two trips a week to Warrnambool (70km round trip) for collection and return of hired lights. This is having a significant impact on volunteer time and resourcing and is not a sustainable solution to the lack of court lighting at the facility. The football club are able to use the three remaining towers but will be unable to continue training and games should a further tower need to be removed given that the remaining towers and lights are at end of life having been installed an estimated 30+ years ago and are due for replacement. Installation of new lighting at PFFNC Gardens Oval Precinct would result in some quite significant and positive outcomes, these include but are not limited to: • Enables the club to play night games. • Allows all teams including juniors to play on same day. • Families that have children playing on Saturdays and on Sundays will also not be stretched across 2 days. • Will attract more spectators providing revenue streams for club. • Become a focal point for night activities within the community. • Other organisations may expand their usage of night opportunities such as the sheep dog trails. • Medivac emergency helicopter that uses the oval for emergency landings. • Lighting would be compliant to the relevant standards. • Player and volunteer safety	Complete	\$360,000	Feb-24	Jul-24
4	Community	VIC	Moyne Shire Council	Mortlake Tennis Courts Resurfacing – Mill Street, Mortlake, VIC, 3272 Resurfacing 2 x netball/tennis courts in hot mix. One court will be a mixed netball/ tennis court the other, a specialist netball court. Each with specific line markings and include appropriate posts and code equipment.	The resurfacing will address state association concerns regarding OHS risk factors relating to slippery surfaces and the removal of minor undulations that hold water. The redevelopment of the courts, together with the central location of the Mortlake reserve will encourage Hampden League, Warrnambool & District Football Netball League and the Mininera League to host finals at the venue. The Mortlake Recreation Reserve currently hosts 6 netball teams in the Hamden League and hosts the 6 Woorndoo Club netball teams who compete in the Mininera League competition. All the netball teams and their families will benefit from an improved and safe facility to encourage ongoing activity in the broader community.	Complete	\$70,000	Jan-24	Apr-24

4	Community	VIC	Swan Hill Rural City Council	Nyah Community Centre Change Room Renewal, River Street, Nyah, VIC 3594 Sporting and Recreation Facilities  There are no facilities in the main pavilion in which females can change or shower following or prior to sporting activity. The existing facilities have not received any renewal treatment for over 50 years. The plumbing and amenity infrastructure is worn out, leaking, difficult to clean, unsafe and unhygienic. The sporting nature of the precinct and the proximity of the netball courts close to the pavilion lends itself to the inclusion of female change facilities in the main pavilion. Refurbishment and a re-layout of this facility will provide fair and equitable access to change and amenity facilities for both sporting and leisure activity.	More holistic usability for community facilities while refurbishment will make them pleasant, easy to use, hygienic and safe.	Complete	\$501,412	Nov-23	Jun-24

The Katandra Hall is governed by the Katandra Facilities Asset Committee, a committee which is governed and controlled by Greater Shepparton City Council. The hall is available to not only the Katandra Community but the general wider community under the provision of a booking system. Restorations works of the hall are required to ensure safety and compliance and retain the heritage feature of the hall. The hall is currently not being utilised and these works will ensure longevity of the hall into the future.	In Planning	\$550,000	Jan-25	May-25
4	Community	VIC	City of Greater Shepparton	Shade Sail Installations x 6 sites Shade sail installations at 6 locations being Archer Street, Malcolm Crescent, Paterson Road, Teasdale Reserve, Warrumbungle Drive, Gange Street. Design shade sail with a post system that will cover the entire playground. The posts will be positioned in each corner of the playground inside the edging. We are mindful not to encroach on the play equipment fall zone. Each post location is 2m to 2.5m from play equipment piece. Posts to be a GAL finish and post size and footing detail will be as per Engineer Computations. The sail will be fitted off with Stainless fittings and will be manufactured using Rainbow Z fabric to a colour of your choice with PTFE thread (long life span) Cyclonic D rings with extra reinforcing in each corner, and a 4mm stainless cable insert tension system. Rainbow Z Fabric is Fire Rated AS-1530.3, has high tensile strength and high UV-R protection, 99%.	Installation of shade sails at community parks mentioned above to address the community's ongoing concern of exposure to harmful UV rays. These shade structures will allow community members to enjoy longer periods of time outside and also encourage community members to make more visits to these facilities.	In Planning	\$191,250	Nov-24	May-25
4	Community	VIC	City of Greater Shepparton	Deakin Reserve Lighting Upgrade existing sports oval flood lighting to LED at Deakin Reserve. Lighting installation will be an average of 449 Lux Competition Level. Supply and install new LED lighting on 4 x light poles at Deakin Reserve for an average of 449 lux. Install cables in steel armoured flexible conduit. Supply and install bird spikes on cables. Supply certificate of electrical safety.	Deakin Reserve is Greater Shepparton City Council premier sporting facility that is able to attract and host the highest level of AFL and highest level of local cricket. The condition of the Deakin Reserve sports lighting has continued to deteriorate with electrical contractors being a major issue, wiring issues and multiple halogen globes needing to be replaced. The current lighting is not sufficient nor to standards of sporting codes including Football and Cricket. Improved lighting will ensure compliance with current sport lighting standards and enhance the community's ability to host events and improve energy efficiency for this facility. 4	Community	VIC	City of Wodonga	Hot House Theatre, Painting/Improvements to community facilities, Lincoln Causeway Gateway Island •Redevelopment of Foyer •Green Room Redevelopment •Backstage Redevelopment •Office Redevelopment • Store Room Redevelopment • Dress Room Toilet Redevelopment •Toilets Redevelopment • Painting •Electrical and Lighting upgrades • Plumbing Upgrades	Wodonga Council seeks to undertake a series of internal renovations to the Butter Factory Building at Gateway Village to increase & improve access to event and activity spaces for Regional VIC community members and creatives artists. Several barriers have been identified preventing effective & sustainable work practice within this building. Primarily, access to: collaborative workspaces, suitable preparation spaces for performances and access to a flexible performance space. The proposed refurbishments will overcome these barriers to provide increased access to collaboration, skills development, and creative development & production pathways for regional artists and Wodonga Community groups. This infrastructure project increases and improves access to creative spaces by maximising access to performances spaces for community members and by providing upgraded toilet facilities. The project will deliver welcoming and well-equipped spaces with a redevelopment of the foyer and registration areas, green rooms and back stage areas. This will not only increase usability and create a safer and more accessible area but create spaces that will be more attractive and functional to visiting theatre groups and ensembles. This in turn will unlock creative collaboration opportunities that have been otherwise inaccessible in the region. HotHouse Theatre, the current lease holder of the facility, has been in active talks with Wodonga Tafe and Latrobe University to address the skills shortage on the border and are looking for ways to increase professional capacity in the region. These infrastructure upgrades will provide new opportunities for HotHouse to be a training provider for regional creatives and designers who do not want to leave the region. This will be a direct benefit to community through increased skills development, employment opportunity and increased creative opportunities. This infrastructure program will facilitate the needs of new and diverse performance forms catering to a greater audience and expanding on capacity to deliver independent programming, which has become a growing	Under construction	\$541,081	Apr-24	Apr-25

4	Community	VIC	East Gippsland Shire Council	Portable Changeroom – Wy Yung Oval Install portable change rooms as required to meet separate public amenities and DDA compliant amenity requirements. The portable changerrooms will include additional internal works facilities as well as meet female friendly requirements. The changerrooms will be installed at the Wy Yung Oval for at least 5years to ensure the facilities meet and comply with current standards. The changerrooms will be attached to and accessed via the clubrooms yet able to be separated and utilised at other facilities within the East Gippsland Shire should they no longer be required at Wy Yung Oval. The portable changerrooms will be an East Gippsland Shire Council Asset.	The installation of the changerrooms is required to support CoM/sports teams through providing a changerroom upgrade/fit out that meets AFL Facilities Guidelines and Fair Access for All requirements. The Wy Yung Oval is currently utilised by Cricket, Football and Netball Clubs and at the moment both home and away teams currently share amenities, presenting a significant functional issue. There is no accessible toilet within the building. 4	Community	VIC	East Gippsland Shire Council	Portable Changeroom – West Bairnsdale Oval Install portable change rooms as required to meet separate public amenities and DDA compliant amenity requirements. The portable changerrooms will include additional internal works facilities as well as meet female friendly requirements. The changerrooms will be installed at the West Bairnsdale Oval for at least 5years to ensure the facilities meet and comply with current standards. The changerrooms will be attached to and accessed via the clubrooms yet able to be separated and utilised at other facilities within the East Gippsland Shire should they no longer be required at West Bairnsdale Oval. The portable changerrooms will be an East Gippsland Shire Council Asset.	The installation of the changerrooms is required to support CoM/sports teams through providing a changerroom upgrade/fit out that meets Football Victoria Guidelines, AFL Facilities Guidelines and Fair Access for All requirements. The West Bairnsdale Oval is currently utilised by both men’s and women’s Soccer Clubs and at the moment both home and away teams currently share amenities, presenting a significant functional issue. The existing player’s amenities are very old and have not been constructed to unisex standards – at present there is an open communal shower for use by all players. 4	Community	VIC	Moira Shire Council	Numurkah Northern Levee project This project will allow Council to complete construction of the first stage of the Numurkah flood mitigation strategy, which is a levee on the northern bank of the Broken Creek. The levee will be constructed to the one percent annual exceedance probability design flood level plus 300 mm freeboard. The final embankment will be approximately 4.5 kilometres long and consist of earthen embankments, concrete walls and sealed permanent elevated vehicle crossing places. The project also includes the infrastructure needed to manage controlled movement of runoff from outside the levee during storms and into the waterway.	The construction of the northern levee reduces existing flood disaster risk. Numurkah will be better prepared for and resilient to flood and the impacts of floods. Benefits of the project are not restricted to monetary outcomes. Intangible or social aspects of community vulnerability (personal wellbeing, stress and mental health etc) are recognised as being potentially as costly as the tangible costs (The cost of natural disasters: Australian experiences. Australian Business Roundtable for Disaster Resilience & Safer Communities 2016). The project directly reduces the risk of more than 90 families within the Numurkah community suffering the mental harm associated with potential loss of family goods, livelihood, pets, and treasured possessions	Under construction	\$1,614,000	Aug-24	Jun-25
4	Community	VIC	Moira Shire Council	Pedestrian Enhancement Program The project will deliver a combination of 2.5-metre shared paths and 1.5 metre footpaths constructed of concrete. Focussing initially on the townships of Cobram, Katamatite, Nathalia, Numurkah, Picola, St James, Tungamah, Wunghnu, and Yarrawonga, works will include DDA compliant crossings, and footpath construction to the Council adopted Infrastructure Design Manual standard drawings. Where required, design will be undertaken to tie into existing infrastructure. This will commence following desktop assessments, site visual assessment and engagement with affected and adjacent land holders. Construction sites will be adequately protected for community safety and traffic management will be in place as required. Where required, coordination of relocation of third-party assets will be undertaken	Moira Shire Council firmly believes that pedestrian infrastructure's connectivity and accessibility significantly contribute to a liveable, sustainable, and prosperous communities. A robust pedestrian network contributes to benefits for health, social cohesion, inclusion, and offers viable alternatives to traditional transport methods, creating a safer and more harmonious municipality. The pedestrian enhancement program objectives align with Council's vision for a better future, aiming to enhance connectivity by identifying and filling missing pedestrian links throughout the municipality. By doing so, residents will enjoy improved accessibility to essential services, recreational areas, education precincts, retail precincts, and transport hubs, promoting walking as a preferred mode of transport. The project's components include pedestrian infrastructure upgrades and new footpath construction, prioritised around our school precincts, urban areas and frequently used routes by our vulnerable community members. The project is backed by Moira Shire Council's 10-year capital plan for pedestrian infrastructure and is ready for delivery.	Under construction	\$930,893	Aug-24	Jun-25

4	Community	VIC	Moyne Shire Council	Port Fairy Play and Skate Build Project – James Street, Port Fairy, VIC 3284. The Port Fairy Play and Skate project will see the development of a new district level play space and the construction of a new skate park to replace the decommissioned skate park in the town. Works will include site preparation, groundworks, drainage installation, skate park construction, installation of play equipment to a district level playground standard, Softfall, fencing, connecting and site footpaths, site landscaping, and provision of site amenities such as outdoor furniture.	Port Fairy is Moyne Shire’s main population centre and national and international visitor destination, but has limited play spaces and no operational skate park facilities. Existing play areas are either associated with Council / commercial caravan parks that are not easily accessible by residents, or are small local play spaces that do not meet the play experience expectations of residents and visitors. The project will provide for much needed active recreation opportunities for a range of ages and abilities, and add value to the visitor experience in this major tourist destination. The project will directly address gaps in the provision of play and skate facilities experiences in the town, improve the opportunity for people to engage in social recreation at no cost, and will help enhance people's health and wellbeing, social connections, and support more active lifestyles for all ages.	Under construction	\$970,000	Jun-24	Jun-25
4	Community	VIC	Moyne Shire Council	East Beach Sea Wall Revetment Works – Beach Street, Port Fairy, VIC, 3284. To protect public infrastructure situated on the primary dune at East Bach Port Fairy, from the hazards of erosion and inundation caused by storm surge and sea level rise. The project will involve construction of a professionally engineered rock seawall/revetment to upgrade the existing seawall, built in the 1950s, Works will include construction of new seawall approximately 125m in length and -1.22AHD to 3.25AHD, Geotech style fabric placed under rock, rock armouring, dune reinstatement and revegetation.	The outcome of this project is to complete a section of rock seawall to the immediate east of Beach St Toilet block to protect the dune from erosion and therefore the integrity on the dune. The completion of this section will also complete the seawall protection works required for Beach St seawall section 550m from Hughes Av (Sth) to Ritchie St (Nth) protecting public and private infrastructure including local roads, toilet block and public amenities, parking, recreation areas and precinct residences. 4B	Road	VIC	City of Wodonga	<p>Reconstruction Roundabout, Intersection Lawrence &amp; Chapple Street Wodonga</p> <ul style="list-style-type: none"><li>• Demolition of existing concrete including footpath and kerb</li><li>• Demolition and removal of existing pavement</li><li>• Construction of new kerb and roundabout apron</li><li>• Construction of new road pavement</li><li>• Installation of new drainage including subsurface drainage</li><li>• Line marking of roundabout and approaches</li></ul> <p>The proposed upgrade will transform the roundabout from a single lane to a dual-lane configuration, aligning it with the two-lane arterial road approaches. Additionally, the project will include the construction of a safe, off-road path for cyclists to negotiate their way through this busy intersection, ensuring they have a dedicated space, separate from heavy vehicle traffic.</p>	<p>The current single-lane roundabout at the intersection of Chapple Street &amp; Lawrence Street, is on a critical arterial road in our network, and is insufficient to handle the growing traffic volume. With two-lane arterial approaches, the single-lane roundabout creates a bottleneck, leading to congestion, especially during peak hours. Additionally, the absence of dedicated cycle facilities poses a safety risk for cyclists, who must share the road with heavy vehicles, including B-doubles, which frequently use Chapple Street. This situation not only impedes traffic flow but also raises concerns about the safety of vulnerable road users.</p> <p>This enhancement will improve traffic flow, reducing congestion and wait times for all road users. This dedicated cycle path will improve safety and encourage more sustainable transportation options.</p> <p>The upgrade will provide multiple benefits to the community. It will enhance traffic flow, reducing congestion and travel time for all road users, including those commuting or transporting goods via Chapple Street. Second, by improving safety for cyclists, the project supports healthier and more sustainable transportation options, potentially increasing cycling as a mode of transport. Third, the upgrade will ensure that heavy vehicles can navigate the intersection more efficiently, reducing the likelihood of accidents.</p>	In Planning	\$312,107	Nov-24	Apr-25

4B	Road	VIC	Moira Shire Council	Loofs Road, Naring Road Sealing, Widening and Drainage works to maintain the functionality of the road surface, 2.4 km of table drain cleaning will be done. Between Benalla-Tocumwal Road and McPherson Road, replace the road shoulder pavement to a compacted depth of 200 mm. The replacement should span 4800 metres, with 2400 metres on each side of the highway to a width of 1.3 metres. Preparing and boxing out the current shoulder material, loading and repositioning it, making sure it doesn't tip on sealed roads, and forming and compacting fresh material at the ideal moisture content are all part of the task. Within 10 kilometres of the site, existing material must be removed and transported to a prearranged place.	Currently the road is failing to meet demand or to support our emerging agribusinesses. Sealing the road and widening the shoulder not only supports improved supply chains, but also improves road safety for all of our road users, which is important at this location because the road is an important rural link road.	Under construction	\$607,951	Aug-24	Jun-25

1	Community	WA	Shire of Augusta Margaret River	Walkington Avenue	As the existing path is constructed from 600mm square concrete slab as the street trees have grown gaps and trip hazards have become apparent in this pathway.	Complete	\$47,000	Apr-21	May-21
1	Combination	WA	Shire of Augusta Margaret River	Fearn Avenue - Intersection Transformation	Fearn Avenue between Bussell Highway and numerous carpark entry points has been constructed as a shared zone for use by pedestrians and vehicles. The local community have showed their strong desire for this area to be permanently closed to vehicles traffic and transformed into a pedestrian mall to allow for a traffic free public meeting space (which the town centre does not currently have). The Shire is in support of this closure.	Complete	\$70,421	Sep-21	May-22
1	Community	WA	Shire of Augusta Margaret River	Fearn Avenue - Wallcliffe Road Walking Path	The existing path is constructed from red brick pavers that slopes towards a private lot meaning that stormwater currently drains off the road and into the private lot. As this lot is now under construction the Shire needs to rebuild the path (with a 2% fall towards the road) to ensure stormwater is directed towards the road and into the townsite drainage system. In addition, this provides an opportunity to improve a high use pathway within the town centre of Margaret River.	Complete	\$37,813	Sep-21	Feb-22
1	Community	WA	Shire of Augusta Margaret River	Wadandi Track: Pedestrian Bridge	The bridge and approaches need to be refurbished in order to provide a safe and trafficable river crossing for pedestrians and cyclists	Complete	\$13,489	May-22	May-22

1	Community	WA	Shire of Bruce Rock	Bruce Rock Caravan Park, Dunstall St - Various upgrades	The existing ablution facility is very old and is well and truly due for an upgrade. When Council investigated costings, it was deemed more cost-effective to demolish the current facility and build a new structure rather than renovating. The current facility does not have adequate equal accessibility, which will be rectified in the new building.	Complete	\$333,674	Feb-21	Jun-21
1	Community	WA	Shire of Bruce Rock	Bruce Rock Recreation Centre, Dunstall St - Installation of power	Currently the cricket shed has no power, which has resulted in the local Cricket Club having to use a generator to run equipment including ball machines and lighting for their training sessions, club days, and fixtures night matches. The installation of power will prevent the carting of a generator to the facility each week, and makes the facility more user friendly.	Complete	\$4,500	May-21	Jun-21
1	Community	WA	Shire of Bruce Rock	Johnson Street, Bruce Rock - Parklet upgrades	Before Council installed the temporary parklets, there were no attractive outdoor seating and dining options on the main street, especially near operating food businesses. The temporary parklets have made our main street more vibrant and have been deemed a great success. The parklets make it obvious to passing travellers that the food businesses are open, and encourage them to stop and spend, which boosts our local economy. Making the parklets permanent will increase all these benefits and ensure we can continue to reap them well into the future.	Complete	\$126,003	Apr-21	Oct-21
1	Community	WA	Shire of Bruce Rock	Railway Dam, off Bruce Rock East Road - Improvements to water catchment system	The project will improve the water catchment system as well as increase the capacity of the catchment, which will allow us to retain more water during rainfall events. In previous years where poor weather conditions have occurred, Council has had to purchase water to keep our oval and gardens alive. This project will not only save Council funds in the future, but makes our town attractive to tourists, and allows our sporting clubs to still be able to participate in their sporting activities.	Complete	\$62,125	Feb-21	Jun-21

1	Community	WA	Shire of Carnamah	Carnamah Recreation Centre The recreation centre was built in the early 1980s and has served the community well, however due to its age is in desperate need of major repairs / improvements.	The parquetry flooring in the stadium includes a small section with sustained water damage along with several spots with chips or indentations. The parquetry floor area in the function room has sustained water damage. The floors will be sanded back, damaged sections repaired, new lines marked where required and resealed with MVP waterborne polyurethane timber sports seal. Carpeted area in the function room has also suffered from water damage and needs to be replaced. Remedial work will be undertaken to prevent water ingress	Complete	\$49,317	May-21	Jun-21
1	Community	WA	Shire of Carnamah	Carnamah Recreation Centre - roof and exterior The recreation centre was built in the early 1980s and has served the community well, however due to its age is in desperate need of major repairs / improvements.	Due to the age of the roof the sheets and gutters are showing signs of rusting and will eventually lead to further water damage to the facility. The exterior of the building needs repainting.	Complete	\$149,783	Mar-21	Jun-21
1	Community	WA	Shire of Carnamah	Carnamah Town Hall The hall flooring is comprised of the original tongue and groove wandoos and has now been sanded down so many times that the edges of the boards are splintering. It's proposed to lay 14mm select grade Jarrah boards over the top of the existing wandoos.	The hall is used regularly for children's dancing and gymnastic classes and these activities have to be restricted to a certain section of the hall to prevent participants getting splinters	Complete	\$84,636	Feb-21	Jun-21
1	Community	WA	Shire of Carnamah	Install and wire an electrical device to allow an external generator to be connected to the Carnamah Recreation Centre so that in the event of an emergency it can be utilised as an evacuation centre/command post	Provide emergency power when the Western Power supply is down	Complete	\$6,683	Feb-23	Feb-23

1	Road	WA	Shire of Carnarvon	Edagee Road and Wahroonga Pimbee Road - grids for wild dog fencing	Wild dog predation of sheep and goats in west Gascoyne pastoral land and road safety risk due to existing use of narrow one lane grids.	Complete	\$50,000	Nov-20	Dec-22
1	Community	WA	Shire of Carnarvon	Town Beach Kiosk Carnarvon upgrade	Existing Town Beach kiosk is unused and has never been occupied. Facility is not lined, has no ceiling and no services. This is an impediment for use as commercial facility.	Complete	\$20,000	May-21	Apr-22
1	Community	WA	Shire of Carnarvon	Carnarvon Airport - Asset Maintenance and Amenity Improvement	General dilapidation of airport presents a poor image at key entry point to community for visitors and tourists.	Complete	\$120,000	Feb-21	Jun-22
1	Community	WA	Shire of Carnarvon	Blowholes Camping Area - Upgrades	Site is increasing in popularity particularly with "Grey Nomad" travellers. Camp areas at the reserve are poorly defined with bookings managed on first come first serve basis. Opportunity is being missed to accommodate planned longer term visitors. Camp fee collection requires a 2 hour round trip from Carnarvon for Shire Rangers and fees are likely being missed. There is little or no signage in place to assist and direct visitors. No full time caretaker onsite during peak season - inadequate caretaker accommodation. Traditional owners have requested some sort of cultural recognition facility (such as a meeting place) to recognise their association with the site.	Complete	\$160,000	Mar-21	Dec-22
1	Community	WA	Shire of Carnarvon	Fascine Park - Picnic Shelter and BBQ	Lack of picnic shelters and BBQ's at southern end of Fascine Park for visitors and residents.	Complete	\$77,500	Mar-21	Mar-23
1	Community	WA	Shire of Carnarvon	Coral Bay Visitor Information Bays - Multiple Locations	Coral Bay experiences high visitor number peaks. Limited accommodation availability results in caravans and RV's entering the township without a booking. This is creating severe traffic congestion in the township at peak times.  New signage at the information bay will be designed to advise visitors of periods of limited accommodation availability and redirect visitors with no booking to alternative locations and provide parking holding location site for visitors waiting for checkout.	Complete	\$25,000	Dec-20	Jan-21
1	Community	WA	Shire of Carnarvon	Tramway Bridge, Carnarvon Fascine Waterway - Remediation Project	Poor amenity for pedestrians and cyclists. Tram rails are safety hazard to pedestrians and cyclists. Painted railings dilapidated. Existing steel shelter beyond economic repair.	Complete	\$22,500	Mar-21	Jun-22
1	Community	WA	Shire of Carnarvon	Various Locations - General amenity upgrades	Council are seeking to improve the general amenity across various areas of the Carnarvon Township.  The focus is visual and physical amenity improvement for both residents and visitors. The intent is to encourage visitors to spend more time in Carnarvon itself rather than using it as a stopover point to attractions further north.	Complete	\$319,000	Jun-21	Nov-22

1	Community	WA	Shire of Chapman Valley	Renovate Kindergarten Building to house Nabawa Library	Currently the Nabawa Library is located within the Shire Administration Building meaning it is distanced from the Chapman Valley Primary School, making it less accessible to the students. The Shire office hours also restricts public use as most residents cannot get to Library during their normal work hours. Relocating to Library and having this more accessible to students and public is a more practical solution. The State Library Board has formally endorsed the proposed Library relocation.	Complete	\$22,000	Nov-20	May-21
1	Community	WA	Shire of Chapman Valley	Resurface Tennis Courts	Existing tennis courts are at the point of not being able to be used. Sub-base needs removing and reconstructed, then new court surface installed.	Complete	\$75,377	Feb-21	May-21
1	Road	WA	Shire of Chapman Valley	Stadium roof repairs and internal lighting upgrades	Existing roof damaged and leaks resulting in internal damage to internal basketball court/roller derby rink surface. Lighting aged and inadequate needs to be upgraded.	Complete	\$11,000	Mar-21	Mar-21
1	Road	WA	Shire of Chapman Valley	Widen existing road shoulders in Parkfalls Estate	The Parkfalls Estate is a rapidly growing peri-urban area within the Shire, which is resulting in public exercising (walking) throughout the precinct. The current shoulder width is not wide enough, resulting in people having to walk on the road bitumen surface (i.e. mixing with vehicular traffic). Widening shoulder will alleviate the unsafe pedestrian/vehicular mix.	Complete	\$105,000	Oct-20	Jun-21
1	Community	WA	Shire of Chapman Valley	Replace asbestos cladded storage shed at Yuna Golf Club	Existing asbestos cladded shed is dilapidated and dangerous. Needs removing totally from the site	Complete	\$15,000	Mar-21	Jun-21

1	Community	WA	Shire of Cunderdin	This Floodlighting Project for the Cunderdin Football oval and Basketball/Netball courts, involves the replacement of current insufficient lights and installing new lights, light poles and power supplies. The project involves two different areas of playing	Currently our facilities do not comply to the Australian Standards for lighting, and thus the Shire would like to improve the facilities to ensure our community keeps on playing and participating in sports; encouraging social wellbeing within our community.  The new lights will comply with Australian Standards for training purposes and also utilise a lighting control system, to give clubs easy access to turning on/off lights. The lights will also comply with the Shire of Cunderdin Community Strategy Plan – Sustainable Environmental Strategies; reducing energy consumption through LED lamps and the utilising lighting control system. The dimmable option or the option to turn on only certain lights further support the Shire’s Sustainable Environmental Strategies; by reducing energy consumption.	Complete	\$160,830	Mar-21	Aug-21
1	Community	WA	Shire of Cunderdin	Installation of disability friendly pathways, landscaping, seating, lighting and BBQ area at Sandalwood Village (Independent Lifestyle Village).	Currently the area within Sandalwood Village is under developed, with only a dirt/gravel area as their community space. 1	Community	WA	Shire of Denmark	Ocean Beach Coastal Protection - Refurbishment of Timber retaining wall and Armour Rock Placement	The Shire of Denmark had a 2018 CHRMAP of Ocean Beach completed. Due to significant storm erosion in 2021, the coastal hazard lines were revised. The main implication of revising the coastal hazard lines is that the main surf club building is now within the10yr hazard line. This asset was already classified as “high risk” in the 2018 CHRMAP. This structure is reliant on the maintenance of the timber retaining wall, and the longer-term slope geotechnical stability of the structure on the steep coastal dune.	Complete	\$169,000	Apr-22	Apr-22
1	Community	WA	Shire of Derby/West Kimberley	Derby Cemetery - Shade Shelter and Seating	Lack of shade and seating at the Derby Cemetery. Improvement of amenity and engagement with the local population and Aboriginal Communities	Complete	\$170,000	Jun-21	Dec-21

1	Community	WA	Town of Claremont	Claremont Aquatic Centre works Renewal of the Town's aquatic centre disabled change room and toilet facility and the addition of a family change room, improvements to the associated universally accessible access ramp, and the retaining and landscaping of the surrounding garden area.	The existing disabled facilities at the aquatic centre are in a poor condition and require renewal. The original aquatic centre complex was constructed in 1960. The change rooms and toilets that are still in use today were constructed in 1971 without dedicated disabled facilities. Around 2004 a demountable disabled toilet and change room was added to the south of the change rooms with a short access ramp connection provided. Having originally been constructed as a temporary measure, this disabled toilet and change facility is still in use today and is in urgent need of renewal. The disabled access path to this area is also in need of enlargement and improvements. Due to the vertical grades of the site, retaining of the land will be required to accommodate this work. The community facility also lacks a dedicated family change room with some patrons instead using the disabled change room in this capacity. New family change rooms will be added adjacent to the disabled facilities. All proposed renewals and upgrades will be designed to comply with universal access requirements in accordance with the Town's Disability Access and Improvement Plan.	Complete	\$104,010	Jul-20	Jun-21

2	Community	WA	Shire of Bruce Rock	Bruce Rock Supermarket. Corner of Johnson and Bath Street, Bruce Rock, WA.	The only supermarket in the Bruce Rock town site burnt down as a result of arson in March 2020. The Shire seeks to construct a new supermarket building to ensure residents have access to a secure food supply. This is paramount for vulnerable community members who are unable to travel 40km to the next town for grocery shopping with no support system present. Currently, the Shire are operating a temporary supermarket from the Town Hall, resulting in the hall being unavailable for community events and sporting activities. A retail consultant determined that the Shire of Bruce Rock would be extremely unlikely to attract a retailer to operate a grocery store if the retailer had to also construct a building. The Shire intend to build the supermarket, fit it out, and lease it to an independent retailer. Building a new supermarket contributes to the local economy by creating jobs during construction and ensuring the continued future of the local retail economy. At present, many retail businesses in Bruce Rock have been negatively impacted by people travelling out of town for grocery shopping, as the current supermarket is unable to stock all the stock lines they require. Specific components of the construction of the Supermarket Phase 2 funding will be used for include: substructure, trenching and conducting for Electrical and Communication Services, and power supply head works. 3	Community	WA	City of Fremantle	Construct Fremantle Leisure Centre Pool Roof	Improvements to community facilities – re-sheeting of pool roof at Fremantle Leisure Centre.  The original sheeting was damaged during storms which required the entire roof sheeting to be removed as a safety precaution to protect patrons. The existing steel frame is to be treated for any corrosion and painted ready to receive new cladding. The structure has been assessed by the original design engineers, Airey Taylor and deemed fit to receive new cladding. The facility caters for approximately 100,000 patrons annually with the enclosed structure catering for swimming lessons during the school holidays, leisure activities for younger age groups and fitness/squads throughout the year. The roof provides UV protection year- round and thermal insulation during the heat of summer and cool of winter which helps provide a temperate atmosphere for patrons. The roof also provides protection from wind and rain in the cooler months. The addition of skylights, translucent wall sheeting and clear blinds together with new, efficient LED lighting, provides illumination to code requirements at a fraction of the cost of conventional lighting. The roof also aids in reducing evaporation and water loss with vastly improved running costs. The new roofing and cladding will provide patrons with a comfortably optimum environment to undertake their activities, whether leisure, fitness or lessons, protected from the elements and UV.  The City of Fremantle owns the asset (the Leisure Centre and the Leisure Centre Pool roof).	Complete	\$587,804	Sep-22	Dec-22
