2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

There are currently 4 projects in the corridor: - Coffs Harbour Bypass - M1 Pacific Motorway Extension to Raymond Terrace - Pacific Highway - Harrington Road Intersection Upgrade, Coopernook - Pacific Highway - Raymond Terrace to Karuah - Planning
NSW	Coffs Harbour Bypass	Road Investment	Pacific Highway																	Under Construction	Coffs Harbour City Council	The project includes upgrading around 14 kilometres of the Pacific Highway at Coffs Harbour, starting from south of Englands Road roundabout and finishing at the southern end of the Sapphire to Woolgoolga upgrade project. The project will deliver four lanes of divided highway to a motorway standard and will bypass the Coffs Harbour urban area.
NSW	M1 Pacific Motorway Extension to Raymond Terrace	Road Investment	Pacific Highway																	Under Construction	Newcastle City Council, Port Stephens Council	An extension of the M1 Pacific Motorway from Black Hill to Raymond Terrace, to deliver a 15 kilometre dual carriageway bypass of Hexham and Heatherbrae, including a 2.6 kilometre bridge over the New England Highway and Hunter River and upgrades to the surrounding network, including the Hexham Straight widening. The Hexham Straight widening involves widening around 6 kilometres of the Pacific Highway/Maitland Road to three lanes in each direction. The release of this funding will allow delivery of the Project.
NSW	Pacific Highway - Harrington Road Intersection Upgrade, Coopernook	Road Investment	Pacific Highway																	In Planning	Mid-Coast Council, Port Macquarie Hastings Council	This project involves constructing a full grade separated interchange at the junction between the Pacific Highway and roads connecting to Harrington and Coopernook.
NSW	Pacific Highway - Raymond Terrace to Karuah - Planning	Road Investment	Pacific Highway																	In Planning	Port Stephens Council	This planning project will scope and develop works for the removal of three high-risk at grade intersections on the Pacific Highway between Raymond Terrace and Karuah, including Bucketts Way, Medowie Road and Italia Road. It will address safety issues, improve efficiency, and also support the development of industries utilising these intersections.
NSW	Pacific Highway - Woolgoolga to Ballina	Road Investment		4,735.4	3,744.5	79%	0.0	0.0	10.0	0.0	0.0	10.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	Completed	Ballina Shire Council, Clarence Valley Council, Richmond Valley Council	The project will, through the use of a Delivery Partner, construct 155 kilometres of four-lane divided road comprising approximately 93 kilometres of Class M (motorway) standard with the remainder being Class A (arterial) standard. This duplication excludes the existing divided four-lane sections at Halfway Creek, Glenugie and Devils Pulpit. The upgrade will link the Sapphire to Woolgoolga upgrade with the Ballina bypass. The project includes: • Nine grade-separated interchanges. • Construction of two major river crossings over the Clarence River at Harwood and Richmond River at Wardell which comply with higher mass limit (HML) requirements. • Numerous bridges over rivers, creeks and floodplains. • Access roads to maintain connections to exiting local roads and properties. • Rest areas located at Arrawarra, Pine Brush (Tyndale) and north of Moroo Road. • Many fauna underpasses as well as dedicated animal land bridges to mitigate impacts on the surrounding natural environment. • The design allows for the highway to be upgraded to a full motorway style highway in the future when warranted by increased traffic volumes. • Increased flood protection to 1 in 20 year flood events on the Clarence and Richmond River floodplains, and 1 in 100 year flood events on the remaining highway and major bridge structures. • Upgrades to the northbound carriageways of the existing divided four-lane sections at Glenugie and Devils Pulpit and improvements to intersections at Halfway Creek.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

There are currently 5 projects in the corridor: - Tonkin Highway Gap - Thomas Road - Dual Carriageway South Western Highway to Tonkin Highway and interchange at Tonkin Highway - Tonkin Highway Interchanges - Tonkin Highway - North Ellenbrook Interchange - Tonkin Highway Stage 3 Extension
WA	Thomas Road - Dual Carriageway South Western Highway to Tonkin Highway and interchange at Tonkin Highway	Road Investment	Tonkin Highway																	In Planning	Shire of Serpentine Jarrahdale	The project will involve construction of a new grade separated interchange at the intersection of Tonkin Highway and Thomas Road, and the duplication of approximately 4.5 kilometres of Thomas Road east of Tonkin Highway (toward the South Western Highway). Integrated into this project is approximately 4.5 kilometres of new Principal Shared Path along the southern verge of Thomas Road.
WA	Tonkin Highway - North Ellenbrook Interchange	Road Investment	Tonkin Highway																	In Planning	City Of Swan	This project will construct a new interchange on the Tonkin Highway between Warbrook Road and Maralla Road, North Ellenbrook. The project will also provide for grade separation of the principal shared path along the eastern side of Tonkin Highway, with at grade connections to the networks west of the highway. The new interchange is anticipated to facilitate future development in the Ellenbrook area.
WA	Tonkin Highway Gap	Road Investment	Tonkin Highway																	Completed	City Of Bayswater, City Of Belmont	The Project will upgrade the section of the Tonkin highway from Collier Road to Dunreath Drive. The Project involves expanding the existing section of the Tonkin Highway that contains two through-lanes to three through-lanes in both directions, as well as upgrading interchanges, bridges, and a principal shared path.
WA	Tonkin Highway Interchanges	Road Investment	Tonkin Highway																	In Planning	City Of Gosnells, City Of Kalamunda	The Project will create graded separations of intersections along the Tonkin Highway at Hale Road, Welshpool Road and Kelvin Road. This includes a Principal Shared Path and widening sections of the highway to tie into the graded interchanges. The development phase activities include design, underground and geotechnical investigations, traffic modelling, environmental approvals, utility relocations and land acquisition.
WA	Tonkin Highway Stage 3 Extension	Road Investment	Tonkin Highway																	In Planning	Shire of Serpentine Jarrahdale	The Project will extend the Tonkin Highway from Thomas Road to South Western Highway, south of Mundijong Road. This includes intersections at Bishop Road, Mundijong Road, Thomas Road and Orton Road, as well as a bridge over the freight/passenger railway line in the Project area.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

2025-26 Supplementary Budget Estimates: Infrastructure Investment Program - Australian Government Committed Projects
Projects reflect profiles as at PEFO 2025.
Information on the progress status of projects as at 1 September 2025. Project description and Local Government Area (LGA) are as at 29 September 2025.
The table includes projects with funding from 2024-25 only (except for Corridors, which have total Australian Government investment in Corridors displayed).
All figures are in $ million and prepared on a cash basis. Funding profiles are informed by project start and end dates, which are subject to change following discussions with states, territories and local governments.
Table includes Major Projects only, including those committed to in the 2022-23 October Budget, 2023-24 MYEFO (including Corridors), 2024-25 Budget, 2024-25 MYEFO, 2025-26 Budget and PEFO 2025.
The table does not list projects in the following sub-programs: Roads to Recovery, Black Spots Program, Safer Local Roads and Infrastructure Program (which includes the former Heavy Vehicles Safety and Productivity and Bridges Renewal programs) and Active Transport Fund (please refer to separate tables that incorporate these sub-programs).
Some project commitments are being delivered by two different entities. These projects have been split into individual lines.
Where there are changes to projects, they will be reflected at the next Budget / MYEFO update.
Funding profiles may not equate to the total Australian Government funding, with the difference due to funding being expensed in earlier financial years.
Completed projects are included where final payments are to be made (awaiting project closure report).
Where LGA information is not provided for a project, the LGA information is either not applicable for the project, not known at this time, or in progress with being updated with LGA information.

This corridor includes the Stuart, Victoria and Barkly highways in the Northern Territory. There are currently 16 projects in the corridor: - Barkly Highway Upgrades - Berrimah Road Duplication – Stuart Highway to Tiger Brennan Drive - Duplication of Stuart Highway (Darwin to Katherine) - National Network Highway Flood Resilience Upgrades - Northern Territory National Network Highway Upgrades (Phase 2) - Northern Territory National Network Highway Upgrades (Phase One) - Roystonea Avenue Duplication – Terry Drive to Lambrick Avenue - Stuart Highway – Schwarz Crescent Intersection Upgrade - Stuart Highway / Katherine Cotton Gin Intersection Upgrade - Stuart Highway Road Safety and Fatigue Management Upgrades - Stuart Highway Strengthening and Widening (Regional) - Stuart Highway Upgrade at Coolalinga - Stuart Highway Upgrades - Stuart Hwy Safety improvements - Tiger Brennan Drive/Berrimah Road Intersection Upgrade - Victoria Highway Upgrades
NT	Barkly Highway Upgrades	Northern Australia Roads	Stuart, Victoria and Barkly Highways																	In Planning	Barkly Regional Council	Upgrade priority sections of the Barkly Highway with works involving pavement strengthening, widening, resealing and surface correction.
NT	Berrimah Road Duplication - Stuart Highway to Tiger Brennan Drive	Road Investment	Stuart, Victoria and Barkly Highways																	In Planning	Not applicable / allocated	The Project will duplicate the Berrimah Road to a dual carriageway between the Stuart Highway and Tiger Brennan Drive.
NT	Duplication of Stuart Highway (Darwin to Katherine)	Road Investment	Stuart, Victoria and Barkly Highways																	In Planning	City of Darwin, City of Palmerston, Katherine Town Council, Litchfield Council	The project will progressively duplicate selected sections of the Stuart Highway between Darwin and Katherine to increase road transport freight efficiency and improve road safety.
NT	National Network Highway Flood Resilience Upgrades	Road Investment	Stuart, Victoria and Barkly Highways																	In Planning	Not applicable / allocated	Upgrade priority sections of the Stuart, Victoria and Barkly Highways vulnerable to flooding
NT	Northern Territory National Network Highway Upgrades (Phase 2)	Road Investment	Stuart, Victoria and Barkly Highways																	Under Construction	Alice Springs Town Council, Barkly Regional Council, Central Desert Regional Council, City of Darwin, City of Palmerston, Coomalie Community Government Council, Katherine Town Council, Litchfield Council, MacDonnell Regional Council, Northern Territory Rates Act Area, Outback Communities Authority, Roper Gulf Regional Council, Victoria Daly Regional Council	The project will upgrade priority sections of the Stuart, Victoria and Barkly Highways in the Northern Territory with works involving pavement strengthening, widening and resurfacing to upgrade deteriorating sections of road, and upgrades to address identified road safety and fatigue management issues that contribute to vehicle crashes. Specific packages of works will be delivered on a rolling basis based on ongoing investigations, assessments and analysis of road conditions and vehicle accident data, and community consultations.
NT	Northern Territory National Network Highway Upgrades (Phase One)	Road Investment	Stuart, Victoria and Barkly Highways																	Under Construction	Alice Springs Town Council, Barkly Regional Council, Central Desert Regional Council, MacDonnell Regional Council	The project will upgrade priority sections of the Stuart, Victoria and Barkly highways in the Northern Territory with works involving pavement strengthening, widening and resurfacing to upgrade deteriorating sections of road, and upgrades to address identified road safety and fatigue management issues that contribute to vehicle crashes. The upgrades will provide a better quality and more efficient road network, allowing for growth in traffic volumes, as well as improving road safety. This will support industry and business by providing better freight links, and enhance social equity by providing a more efficient, safe and reliable means for Territorians to access key essential services such as education, health and time-critical emergency services. Specific packages of works will be proposed on a rolling basis by the Northern Territory Government based on ongoing investigations, assessments and analysis of road conditions and vehicle accident data, and community consultations.
NT	Roystonea Avenue Duplication - Terry Drive to Lambrick Avenue	Road Investment	Stuart, Victoria and Barkly Highways																	Under Construction	City of Palmerston	The Project will extend the existing four-lane, dual carriageway on Roystonea Avenue from Terry Drive to Lambrick Avenue
NT	Stuart Highway - Road Safety and Fatigue Management Upgrades	Road Investment	Stuart, Victoria and Barkly Highways																	Completed	City of Darwin, City of Palmerston, Coomalie Community Government Council, Litchfield Council, Roper Gulf Regional Council	Upgrades to roads on the Alice Springs to Darwin road corridor involving road safety and fatigue management works.
NT	Stuart Highway - Schwarz Crescent Intersection Upgrade	Road Investment	Stuart, Victoria and Barkly Highways																	In Planning	Alice Springs Town Council	The Project will upgrade and signalise the Smith Street and Stuart Highway intersection for improved road safety and pedestrian access. The Project will also construct a three pronged roundabout to connect the Stuart Highway to Schwarz Crescent and Anzac Hill Road.
NT	Stuart Highway / Katherine Cotton Gin Intersection Upgrade	Road Investment	Stuart, Victoria and Barkly Highways																	Completed	Katherine Town Council	This project includes an intersection upgrade on the Stuart Highway at the Cotton Gin north of Katherine.
NT	Stuart Highway Strengthening and Widening (Regional)	Road Investment	Stuart, Victoria and Barkly Highways																	Under Construction	Barkly Regional Council, Central Desert Regional Council, Litchfield Council, MacDonnell Regional Council, Roper Gulf Regional Council	Upgrades to four priority sections of the Stuart Highway in regional areas of the Northern Territory, including pavement strengthening and widening and pavement rehabilitation, at: approximately between chainages 598km and 600km; Renner Springs; Elizabeth River to Jenkins Road; and approximately between chainages 1437km and 1439km (North of Tropic of Capricorn).
NT	Stuart Highway Upgrade at Coolalinga	Road Investment	Stuart, Victoria and Barkly Highways																	In Planning	Litchfield Council	The project will upgrade the Stuart Highway at Coolalinga, which is 29km from Darwin, to address problems related to the efficiency of traffic flow and road safety. The project will improve the management of traffic by: - Constructing two new fully signalised intersections on the Stuart Highway, including two signalised pedestrian crossings, to provide safe access and egress to the new commercial and residential developments located on either side of the Highway. - Upgrading and extending the service roads on both sides of the Stuart Highway at Coolalinga. - Constructing a new link to the Coolalinga Shopping Centre. - Closing the existing median break which currently provides access to the service roads. - Extending Henning Road to Virginia Road, and constructing a new link from Henning Road to the southern service road.
NT	Stuart Highway Upgrades	Northern Australia Roads	Stuart, Victoria and Barkly Highways																	In Planning	Not applicable / allocated	Upgrade priority sections of the Stuart Highway with works involving pavement strengthening, widening, resealing and surface correction.
NT	Stuart Hwy - Safety improvements	Road Investment	Stuart, Victoria and Barkly Highways																	Completed	Alice Springs Town Council, Barkly Regional Council, Central Desert Regional Council, City of Palmerston, Coomalie Community Government Council, Katherine Town Council, Litchfield Council, Roper Gulf Regional Council, Victoria Daly Regional Council	The package will deliver various safety improvement works along the Stuart Highway.
NT	Tiger Brennan Drive/Berrimah Road Intersection Upgrade	Road Investment	Stuart, Victoria and Barkly Highways																	Completed	City of Darwin	This project will upgrade the Tiger Brennan Drive and Berrimah Road intersection through various safety improvements, including the construction of a new overpass.
NT	Victoria Highway Upgrades	Northern Australia Roads	Stuart, Victoria and Barkly Highways																	In Planning	Katherine Town Council, Victoria Daly Regional Council	Upgrade priority sections of the Victoria Highway with works involving pavement strengthening, widening, resealing and surface correction

Black Spots Program

- Eligible proponents - State, Territory or Local Government Entities.
- Scope: Black Spots Projects approved since 2021-22. Data is as reported by jurisdictions as at 1 September 2025
- Program Objectives: The Black Spots Program provides up to $3 million in funding per project for the treatment of road locations where known vehicle crashes occur or are at risk of occurring.
- Eligible treatments include traffic signals, roundabouts, turning lanes, safety barriers and lighting.
- Nominations for Black Spots locations are invited from state and territory governments, local councils, community groups and associations, road user groups, industry and individuals.
- On receipt of a completed Black Spots nomination form, the relevant state of territory transport agency will examine the nominated site's eligibility for funding.
- Eligible projects are then assessed by a Consultative Panel. Each state and territory have their own Black Spots Consultative Panel that consists of representatives drawn from community and road user groups, industry, Australian and local government, and state road and transport agencies.
- Only projects that have been recommended for funding by a Consultative Panel are submitted to the department and provided to the Minister for funding approval

Heavy Vehicle Rest Area initiative - Projects approved for funding (as at 1 September 2025)

Eligible proponents: State, Territory or Local Government Entities.
Scope: Approved projects since initiative began.
Objectives: The Australian Government has committed $140 million over 10 years for the Heavy Vehicle Rest Area (HVRA) initiative, which is currently delivered under the Safer Local Roads and Infrastructure Program.
The initiative aims to provide rest areas that improve the productivity and safety outcomes of heavy vehicle operations across Australia, and includes the delivery of new and upgraded formal rest areas, informal rest areas and signage.
Project selection: Applications undergo a four stage process within the Department including: eligibility assessment, merits assessment, input from the HVRA Steering Committee, and a quality assurance process. Projects approved in the first three tranches also included input from states and territory road authorities (for council-led projects). Only proposals which are eligible and demonstrate good value for money are recommended to the approving Minister for Australian Government funding. Ministers do not approve recommended proposals in their own electorate / jurisdiction.
Caveat: Construction start and end dates are the most recent as provided by the proponent.

Local Roads and Community Infrastructure Program - Projects approved for funding (as at 1 September 2025)

Eligible funding recipients: Local governments, state governments for unincorporated areas and not-state entities for administered territories.
Scope: Approved projects across all four phases for the funding period 2020-2026 (Phase 1: Jul 2020 -Dec 2024| Phase 2: Dec 2020-Dec 2024| Phase 3: Jan 2022-Dec 2024| Phase 4: Jul 2023 - Jun 2026)
Objectives: The Local Roads and Community Infrastructure Program provides direct funding for the delivery of priority local road and infrastructure projects that supplement existing spending on infrastructure in the community.

3	Community	ACT	Transport Canberra and City Services Directorate	ACT Property Group Community facilities upgrades	Improvements to community facilities including HVAC upgrades and Enhancements to three community facilities: National Convention Centre, Mount Rogers Community Centre; and Tuggeranong Community Sector including works at: Tuggeranong Community Centre Tuggeranong Library Tuggeranong Youth Centre Gumnut Childhood Centre, Tuggeranong Tuggeranong 55 Plus Club Bunyarra Childcare Centre, Tuggeranong Isabella Plains Early Childhood Centre, Isabella Plains (Tuggeranong region) Chisholm Community Centre, Chisholm (Tuggeranong region).	Complete	$5,165,000	Mar-22	Jun-25
4	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Urban – Mouat Street	Works include preparatory work for asphalt mill and fill treatments, and reinstatement works (e.g., linemarking etc.) Asphalt mill (approximately 60mm) and fill will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB). approximate location for works along Mouat Street. The estimated length of the works is 965m (or 14100m2).	Complete	$1,029,720	Dec-24	Jun-25
4	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Urban – Ginninderra Drive	Works include preparatory work for asphalt mill and fill treatments, and reinstatement works (e.g., linemarking etc.) Asphalt mill (approximately 60mm) and fill will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB). approximate location for works at the intersection of Ginninderra Drive and Kingsford Smith Drive. The estimated length of the works is 255m (or 6300m2).	Complete	$434,480	Dec-24	Jun-25
4	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Urban – Tuggeranong Parkway	Works include resealing and preparatory work as relevant (e.g., patching). Asphalt overlay and asphalt mill and fill treatments are both in scope for different segments. These treatments are not considered to be rehabilitation in the ACT. Asphalt resurfacing treatments don't return a road asset to its original standard (i.e., treatment don't reinstate strength of the road, which is likely due to structural issues with the base and/or sub-base layer/s). Asphalt will be mostly Denser Grade Asphalt, 14mm aggregate with a Polymer Modified Binder (DGA14 PMB). Shoulder treatments, through lanes and treatment over bridge structures may be different. E.g. AC14PMB for through lane, AC10PMB for shoulder and AC14PMB over bridge structures. The majority of the works will be focused on the south-bound carriageway. Sites with extensive crocodile cracking rutting or roughness due to structural strength issues that may be candidates for rehabilitation are thoroughly investigated and then designed through a separate initiative and are not included in this work schedule. approximate location is between Hindmarsh Drive and Cotter Road. The estimated length of the works is 2330m (or 26700m2).	Complete	$1,034,972	Dec-24	Jun-25
4	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Urban – Kerrigan St – Asphalt	Works include asphalt mill and fill treatments, and reinstatement works (e.g., line marking etc.) Asphalt mill (approximately 120mm) and fill will be mostly Denser Grade Asphalt, 14mm and 20mm aggregate with a Polymer Modified Binder (DGA14 PMB and DGA20). approximate location for works at the intersection of Shakespeare Cr/Lhotsky St. The estimated extent of works is 3,800m2.	Complete	$320,000	Jun-25	Jun-25
4	Road	ACT	Transport Canberra and City Services Directorate	Road resurfacing – Rural – Corin Road	Works include resealing and preparatory work where relevant (e.g., patching). Works will be focused on reseal using chipseal (14/7 aggregate & S45R bitumen) double seal. approximately 10% preparatory patching has been anticipated to be required prior to resealing. approximate location for works on Corin Road. From 16.2 km from Tidbinbilla Road to Corin Dam.	Complete	$548,512	Dec-24	Jun-25

3	Community	NAT	Shire of Christmas Island	Foreshore Precinct, Christmas Island, -Lingiari Electorate NT	Project Name: Foreshore Artwork - Category: Painting/Improvement to Community Facilities - Brightening up the 40m blank wall looking over the Foreshore Padang Park area with colour, creativity and community stories. The Shire has just completed a successful public art program 'Our Streets Are Our Museums' which featured 7 walls around the township depicting images from local history. We were looking to continue this public art theme with the LRCI grant by beautifying the Foreshore Padang, which is a leisure and recreation precinct of some size on the Foreshore. The site used to be an outdoor cinema in the past, so we were looking at some creative documentation of that in the artworks to interpret that history onsite. It is also the precinct where the historical Chinese Literary Association resides. Thus the artist will be given a brief to not only make the art fit a rec/leisure precinct, but to also add the dimension of local history and culture to the place.	Complete	$40,000	Nov-22	Dec-22

1	Community	NSW	Bogan Shire Council	Lower Bogan River Development	Although the Bogan River flows through Nyngan it has not been recognised by previous town planners as a feature for tourists and residents. In recent years Bogan Shire Council has been gradually developing this area, building a pontoon and a pathway. It has been well received and is a popular exercise and meeting area. Council would like to further develop this area to provide more alternatives for recreation and leisure and to capitalise on the Bogan River. It would also add a new tourism opportunity to the Shire.	Complete	$130,000	Nov-20	Mar-22
1	Community	NSW	Bogan Shire Council	Frank Smith Oval - Upgrades	Frank Smith Oval is used for senior and junior cricket and touch football in summer and soccer in winter. The main pitch does not have a boundary fence which means for cricket a boundary has to be made from rope or poly pipe before the games. There is currently no all-weather shelter at the oval which means players and spectators must sit in their cars or gather under trees in the typically hot summer. There are no existing cricket sight screens on the oval. There is currently no designated pathway through the scrub between the oval and the nearby Dandaloo Street. An all-weather designated path will be used as a regular walking track as well as an access route.	Complete	$110,000	Mar-21	Nov-21
1	Community	NSW	Bogan Shire Council	Upper Bogan River Development	The upper weir area is a popular location for fishing, birdwatching, walking and camping. The site is undeveloped with no amenities. It requires tidying up the existing overgrown vegetation and repairs to the gravel access road. The installation of a toilet block, picnic table, seats, garbage bins and a bird watching platform will make the destination a more attractive and hygienic place for residents and visitors. It will also provide a free of charge option for recreation close to the township.	Complete	$100,000	Nov-20	Nov-21
1	Community	NSW	Bogan Shire Council	Hermidale Park - Upgrade	The village of Hermidale is located between Nyngan and Cobar on the Barrier Highway. It is 50km from Nyngan. The playground and park are very old and the equipment is broken and unsafe. The existing wire fencing is not in good order. This is the only play equipment available for the village children.	Complete	$30,000	Jun-21	Nov-21
1	Community	NSW	Bogan Shire Council	Coolabah Village - Toilets	There is currently no public toilet in Coolabah. This toilet would be built near the coach stop on the highway where it is needed.	Complete	$30,000	Feb-21	Sep-21

1	Community	NSW	Bogan Shire Council	Swimming Pool - Water Slide	Nyngan in western NSW has long hot summers, and like many rural and regional towns there is a lack of recreational options for children and youth. Bogan Shire Council would like to install a slide at the pool to enhance the experience for children and youth and to encourage them outside during the summer. Council installed the stage 1 of a water splash play at the pool in 2019 to cater for very small children to make the pool attractive to young families. This project will comprise stage 2 of that with the purchase and installation of four aquatic water play features which can be attached to existing fittings.	Complete	$200,000	Jan-21	Jul-21
1	Road	NSW	Bogan Shire Council	Local Roads - Resealing	Old and cracked bitumen surface is allowing moisture infiltration into the pavement causing potholes and deformation.	Complete	$84,000	Apr-21	Jun-21
2	Community	NSW	Bogan Shire Council	Nyngan Showground Multipurpose Arena, Hoskins street, Nyngan NSW	Sporting and recreation facilities. The construction of an 80m x 40m enclosed arena with 1.7m high steel fence for horse events. There is currently no safe space for horse riding and lessons at Nyngan Showground and riders are instead going to other towns to learn and compete.	Complete	$34,000	Jun-21	Jun-21
1	Community	NSW	Bogan Shire Council	Netball Oval - Sealing	Nyngan has no all-weather netball courts which rules it out of hosting competitive games. The five grass courts in town were recently improved with lighting to enable weeknight competition, but the grass surface is slippery in winter, and requires constant maintenance and line marking. Netball is a popular sport in Nyngan, but with no suitable facilities for local competition, the teams must travel 160km to Dubbo to compete.	Complete	$100,000	Nov-20	May-21
1	Community	NSW	Bogan Shire Council	Nyngan Cemetery - Re-fencing	Nyngan cemetery includes a modern irrigated lawn plot which during dry time is invaded by hungry wildlife, particularly kangaroos, which cause damage to gravesites. This is distressing for those who visit, and also makes it difficult for the Bogan Shire to maintain	Complete	$51,000	May-21	May-21
1	Road	NSW	Bogan Shire Council	Local Roads - Re-sheeting 3km	Poor quality deformed pavement allows infiltration of moisture creating wheel ruts and potholes.	Complete	$76,524	Dec-20	Jan-21

4	Road	NSW	Bourke Shire Council	Reform West Culgoa Road	The road surface has been lowered by many years of grading the surface down to reduce deformation. Consequently, the road surface holds water during and for a long time after precipitation or inundation. It is proposed to completely reform the shape of the road formation using in situ materials. This would create deeper table drains (with associated mitre drains) and a raised level of road surface. It is proposed to then stabilise the re-formed road surface to a depth of 150mm so that it is less reactive under wet conditions. The stabilisation material, slag/cement or similar, is to be chosen to best match the specific conditions at the location.	Complete	$585,822	Jan-25	Jun-25

1	Community	NSW	Central Coast Council (NSW)	Upgrade of Narara District Skate Park	The Narara District Skate Park will service the Gosford Central and Narara Valley and Ourimbah social planning precincts which are inclusive of 8,263 young people. Consultation undertaken throughout the development of the Central Coast Youth Strategy identified that young people are concerned about their own and other young people's mental health along with their physical health and are worried about the increasing numbers of young people who are overweight and obese. The provision of no cost recreation opportunities such as the proposed upgraded Narara District Skate Park will provide equitable access for all ages to develop physical, emotional, social and cognitive skills. Providing free active facilities helps combat obesity and allows socialisation opportunities for young people from all demographics and socio-economic backgrounds to engage in an unprejudiced environment resulting in improved behavioural development and social integration. The ability to stage low cost or no cost skate events and programs at the upgraded facility will also create an avenue to increase social connectedness and inclusion leading to enhanced positive relationships between community members and a decrease in anti-social behaviours. 1	Community	NSW	Dubbo Regional Council	Dubbo Aquatic Leisure Centre - Upgrades	The Dubbo Aquatic Leisure Centre (DALC) is a well-loved community recreation facility, however it is aging facility and is in need of an upgrade. Recent audits of the Centre's security, lighting and pump room facilities, as well as a number of security breaches that have occurred have highlighted major deficiencies in the safety and security of the site. As previous upgrades have been completed in an ad-hoc manner, parts of the existing lighting and security infrastructure are obsolete and do not meet current environmental standards. Lighting: A December 2020 audit of lighting at the DALC highlighted a safety concern for after-hours use of the Centre. At least half of the current floodlights are inoperative and there is no lighting directed at the public car park, staff car park, splash park or waterslide. No lighting exists outside the entrance to the DALC's new foyer and the current floodlights directed at the 50m pool are insufficient for evening events and carnivals. Replacing the existing Metal Halide Flood Lights with LED Flood Lights will reduce the existing energy use by up to 70% and reduce operational costs - every $100 it costs to run the existing metal halide lights will be reduced to $30 if replaced by an LED equivalent. Maintenance costs will be significantly reduced as the proposed LED fittings have a three-year replacement warranty excluding labour and have a life span of approximately 35,000 hours. 2. Security: A November 2020 audit of security at the DALC, as well as two concurrent break-ins, theft and damage to the centre, highlighted major gaps in the current security measures. The audit found that the facility has insufficient, incompatible and outdated security systems, with major sections of the facility (such as the club room and outdoor spaces) lacking even the most rudimentary alarms or monitoring. An integrated, comprehensive and custom-installed security system would protect property and infrastructure, alleviate the risk associated with unauthorised trespassers drowning or injuring themselves, allow improved access for Council staff and reduce the cost of ongoing maintenance and replacement of keys and locks. 3. External Smart Digital Signage Digital signage would boost visitors to the facility, allow promotion of upcoming events and carnivals and allow	Complete	$150,000	May-21	Aug-21

3	Road	NSW	Gilgandra Shire Council	Marshall Street Gilgandra	Council aims to construct a new road where no road currently exists for a residential sub-division to address housing shortages in our town and region. The construction of the new road for the residential sub-division will also assist in the provision of Inland Rail Narromine to Narrabri construction. Development of the new urban street also aligns with the strategies and outcomes outlined in Councils Local Roads Hierarchy Plan, please see attached. The benefit to the community will result in an exciting and new residential area for the region for existing and new members of the community to live and enjoy. Gilgandra is currently experiencing issues surrounding housing and rental shortages, the construction of the new road to the residential sub-division will be a welcomed inter-generational infrastructure for the community. Project Scope: The roads component of the subdivision is to construct the extension of Marshal Street and Hercules Street cul-de-sac (approx.. 17,600m2 combined total). The works include hauling, placing and compacting all pavement materials and sealing with a 14/7mm two coat C170 or C240 bitumen seal. 1	Road	NSW	Gilgandra Shire Council	Undertaking erosion restoration works, including batter and bed scour protection which will improve stability of the area. This project supports stabilisation of Biddon Creek banks, contributing to natural resource management outcomes. Public safety outcomes will also be achieved through stabilisation of the eroded area, which is encroaching on the power lines located in close proximity to Biddon Creek. The project is in addition to Council's existing work schedule for 2020/21. The proposed expenditure items under the LRCI funding include labour costs and material to complete the works, which are all eligible expenditure items.	Biddon Creek at Biddon is a location where heavy rainfall and flood events cause significant damage to the creek channel. Stabilisation of the area will reduce the potential for recurrent erosion issues to occur. A number of power lines in close proximity to the creek are also at risk of falling over, creating a safety concern.	Complete	$150,717	Jan-21	Jun-22
1	Road	NSW	Gilgandra Shire Council	The project involves construction of a concrete causeway over the existing culvert on Dooroombah Road which will support improved road safety outcomes. The proposed works are in addition to Council's existing work plan for 2020/21. This project supports improved road safety outcomes through improved access for road users on an existing unsealed road. Expenditure items under the LRCI funding include labour costs and material to deliver the works which are all eligible expenditure items.	Dooroombah Road is currently unsealed and is impacted during periods of heavy rainfall and prolonged wet weather. The existing culvert is continually being washed away, preventing access for road users. Construction of concrete causeway over the culvert will improve stability of the area, along with improving accessibility, conditions and overall safety for road users.	Complete	$90,000	Apr-21	Jun-22
1	Community	NSW	Gilgandra Shire Council	The project will deliver Stage 2 upgrades to the Armatree War Memorial Precinct within the Armatree Village. The proposed upgrades include soft landscaping, signage board and lighting at the Big Armatree sculpture, along with pathways linking the key elements within the Precinct. The proposed works are in addition to 2020/21 work plans. Expenditure items under the LRCI funding include labour costs, materials to construct the walkway, establish landscaping, installation of lighting and interpretive signage board which are all eligible expenditure items.	Armatree is a small village located approximately 5km off the Castlereagh Highway, north of Gilgandra. Stage 1 of the upgrades to the War Memorial precinct are nearing completion, which includes development of History Boards and the Big Armatree Sculpture in close proximity to the existing War Memorial. LRCI funding will be used to deliver Stage 2 which addresses the lack of wayfinding signage and connectivity between the precinct elements, ultimately creating a circuit for visitors to engage with and learn about the village and district's history. Community safety and sense of place will also be enhanced through improved lighting and soft landscaping features.	Complete	$72,727	Apr-21	Jun-22

Local Roads and Community Infrastructure Program - Projects approved for funding (as at 1 September 2025)

1	Community	NSW	Gilgandra Shire Council	The project involves the following elements: * redevelopment of the CHC car park area * relocation of the old visitor information building and existing BBQ shelter to the recreation area out the back of the CHC and fronting the Castlereagh River * establish driveable access linking the CHC to the nearby Rural Museum * installation of irrigation system and soft landscaping. The proposed works will improve connectivity and accessibility between the CHC and Rural Museum, linking these two culturally significant spaces and encouraging community interaction and enjoyment of the facilities. The upgraded car parking spaces will be located on the northern side of the CHC, where visitors will be able to clearly observe and experience some of the main upgrade features such as the outdoor deck and Aboriginal garden. The proposed LRCI activities are in addition to Council's 2020/21 work plan and will enhance the overall CHC upgrades. The CHC upgrade project will result in improved functionality of the building and exhibition opportunities, incorporation of our Aboriginal Heritage, and improved accessibility and appreciation of the natural surroundings and view of the Castlereagh River. The proposed expenditure items are all eligible under the LRCI funding including: * labour costs * material to construct the car parking spaces, establish driveable access, landscaping and irrigation systems.	The proposed project will address the inadequate available parking at the CHC and establish linkages between the CHC and Rural Museum as key elements of Gilgandra's Cultural precinct. The existing carpark space will be enhanced considerably, creating designated caravan parking spaces on the western side of the CHC along with car parking spaces on the northern side of the carpark. The CHC and Rural Museum are currently not directly linked, meaning visitors and locals alike are not invited or encouraged to explore past their immediate stopping point. Establishing driveable access and landscaping connecting the two spaces will enhance the general aesthetics and linkages between these two culturally significant facilities. Freedom camping opportunities are currently being explored for Cooee Oval, located between the CHC and Rural Museum, which will enhance the overall opportunities for the Precinct.	Complete	$200,000	Oct-21	Jun-22
1	Road	NSW	Gilgandra Shire Council	Rehabilitation and sealing a section of the existing unsealed Leeches Creek Road at the intersection of Berida-Innisfail and Leeches Creek Road. This section of road is regularly impacted by local floodwaters during periods of heavy and persistent rainfall. This project supports improved road safety outcomes through improved access for road users during times of wet weather, as the section of road becomes inundated and is unsafe for vehicles to drive through the water. The proposed works are in addition to Council's 2020/21 work plan. Expenditure items under the LRCI funding include labour costs and material to deliver the works which are all eligible expenditure items. 3	Combination	NSW	Lord Howe Island Board	Depot pavement renewal	Lord Howe Island is a remote island in the south Pacific with the local Authority being the Lord Howe Island Board (LHIB) and a community population of around 400 people. LHIB manages numerous Civil Infrastructure Services streams from its operational depot and well as providing community mechanics services from the same space. LHIB depot pavement area is in immediate need of renewal and requires hard stand and resealing to make safe for depot operations – enabling various service delivery streams to operate from this facility such as civil infrastructure reconstructions, maintenance works and vehicle maintenance services. Large failures in the pavement area have expanded over time causing the area to become difficult to manoeuvre machinery such as forklifts in a safe and efficient manner as well as other mobile plant such as cranes, excavators and general light vehicles – all used to delivery works for the local community. The depot is used to house numerous materials and equipment to enable delivery and construction of community assets such a facilities, roads and walkways across the island. It is also used to store both public and private and community building materials that would otherwise be exposed to harsh marine conditions. Other works undertaken at the depot include providing community services such as car registration checks and community vehicle maintenance works - LHIB is the only vehicle registration mechanic operating on the island servicing the populations' vehicle and machinery maintenance needs. If the depots pavement area is not treated soon it may pose safety risks to the local community users. The depot is a multi-purpose facility that without it operating effectively a reduction in infrastructure delivery and maintenance service delivery across the island could occur rapidly. The project proposed consists of designing a treatment option for the existing depot pavement area to increase hardstand area as well resealing its existing aged flexible pavement. An adjoining section of road and community carpark is also planned to be resealed as part of the works.	Complete	$102,858	Jul-22	Jun-23

3	Community	NSW	Moree Plains Shire Council	Bank Art Museum Moree (BAMM) 25 Frome Street, Moree, NSW – Improve access and upgrade climate control.	Improvement to Community facility BAMM is located in a century old building with non-compliant access representing a barrier to the less mobile in our community. The climate control in the Museum does not meet modern standards to protect art. The sub-standard climate management also inhibits access to touring art collections. Moree community has less equitable access to collections available to larger centres with appropriate climate control. Improve access and equity for community members and visitors with mobility restrictions. Upgrade climate control in the building to maintain the condition of the existing collection and enable visiting collections that require a higher standard of climate control.	Under Construction	$1,160,000	Mar-24	Sep-25
3	Community	NSW	Moree Plains Shire Council	Moree NSW Playground Equipment	Purchase of new playground equipment forand park furniture for Kirkby Park. The Moree “Rocket” was a 14.9m play structure within the park that recently was subjected to fire damage. The new equipment and bike path extension will reinvigorate Council’s main tourist attraction as well as provide a space for children to learn to ride	Under Construction	$210,225	Jun-25	Sep-25
3	Community	NSW	Moree Plains Shire Council	Moree Netball Amenities	Purchase of Ablution & Changeroom to be used for the Moree Netball Association and the general public. Under Construction	$120,000	Jun-25	Sep-25
4	Community	NSW	Moree Plains Shire Council	Moree Artesian Aquatic Centre Re Development 20 Anne Street MOREE NSW 240	Demolition of existing artesian pool and construction of a new reinforced concrete pool, to detailed design specifications, including disability access ramp, perimeter guttering, plumbing, pool plant and tiling	Under construction	$580,000	May-25	Sep-25
4	Community	NSW	Moree Plains Shire Council	Upgrade of Council Max Centre and Reception space at 30 Heber St Moree	Improved electrical and fire safety works to enable all facilities to be available for community use. At this stage an interim audit of requirements has been undertaken. There will be major upgrades to electrical mains, reconstruction of fire stairs and major upgrades to air-conditioning units. The external presentation of the Max Centre is in poor condition. Council will undertake painting works and various improvements to the external façade of the Moree Max Centre which is one of the largest and most visually prominent buildings in the Moree CBD. These works will greatly improve the amenity of Moree’s main street and help celebrate our rich architectural history. Council will also look to improve street furniture around the vicinity of the Max Centre that will build a space that is welcoming and attractive for the wider community.	Complete	$200,000	Mar-24	Aug-25

4	Community	NSW	Narrandera Shire Council	Destination & Discovery Hub interpretative fit out	Interpretative fit out in accordance with the masterplan, including interactive displays and audio visual experience. The joinery and associated works are all fixed items as per the attached drawing set and costings. This includes: • 1 x Intro panel - with digitally printed graphics • Wall Mounted Interpretive Panels with digitally printed graphics - 4 x 2140mm H x 1160mm and 3 x 3 smaller panels, each panel is 1550mm H x 1100mm. • Island display unit with incorporates an interactive 'touch/feel' area - 2890mm L x 2200mm W x 2400mm H. • Touchscreen Interactive Table Unit - 1700mm L x 1185mm W x 850mm H. • (4D Immersive Experience) – The Fish Trap - This experience is created to enrich the significance of the Murrumbidgee River and in particular, its connection to First Nations Peoples. The "Fish Trap" provides us with a perfect structural form to deliver the Murrumbidgee story. With controlled lighting, projected imagery, and interesting sound effects, the visitor becomes part of the river itself. In traditional theatre the audience, the "fourth wall", merely observe the show. A visitor walking through the fish trap has the Murrumbidgee story delivered in three dimensions, creating a memorable immersive experience. • (It was decided that the fish tank posed significant potential operational risk long-term, with the management of live fish, cleaning and maintenance requirements of the tank. It was also felt that this would dissuade people from visiting the John Lakes Learning Centre as they will have already experienced a native fish tank, rather than encourage them to visit. In its place we anticipate a 4D immersive experience that engages the public, and reflects our culture and how it naturally entwines with our waterways and with a feature on the surrounding wildlife including fish. 3	Community	NSW	Orange City Council	Glenroi Oval playground -	Council is creating a district level playground within Glenroi Oval. In line with a district level playground, the equipment has been selected to provide a variety of play options across a wide range of age groups. This places the Glenroi Oval playground at the same level as the popular facilities at Elephant Park and Gosling Creek Reserve. The materials used in the design are generally more robust than standard play equipment so we certainly hope that the playground will be able to withstand a lot of the vandalism that occurs in our parks from time to time. We have included rubber soft fall in higher wear areas (e.g. under swings and slide exits) to reduce maintenance requirements. Total investment for supply and install is $170K. Council is contributing $120k to the project.	Complete	$50,000	Jul-22	Dec-22

2	Community	NSW	Parkes Shire Council	Cheney Oval	The proposed works at Cheney Oval, home of Parkes Touch Football, is to provide clean fill and laser level the area, irrigation lateral construction, and installation of turf to complete the work at the oval to address salinity issues which have plagued the grounds. The project will complete a suite of works recently undertaken to improve the drainage across the oval which has plagued touch football for a number of years and affected their ability to bid for regional and state carnivals. The considered works will enable the oval to once again be used for sport.	Complete	$145,000	Feb-21	Dec-21
1	Community	NSW	Parkes Shire Council	Spicer Oval Parkes - new lighting	Spicer Oval is currently without any lighting and is unable to host any training at site for rugby in winter or cricket in summer. These sports are now sharing Northparkes Oval with Little Athletics and AFL.	COMPLETE	$400,000	Oct-20	Nov-21
1	Community	NSW	Parkes Shire Council	Henry Parkes Centre repairs	There are a number of areas within the Motor Museum where a gap exists between the wall and the roof. As a result, unwanted debris (e.g. dust and leaf litter) blows into the facility, settling on the vehicles on display and onto the floor. Additionally, there is no a/c in the Motor Museum which, given the extremes of temperature experienced at its location, does nothing to enhance the visitor experience.	COMPLETE	$50,000	Apr-21	Nov-21
1	Community	NSW	Parkes Shire Council	Woodward Oval Parkes - tennis courts upgrade	All courts now require resurfacing, 6 of them urgently (according to advice from Tennis NSW). Project will provide a safe and fit-for-purpose facility for the local community and visiting players during regional tournaments, sporting and school events, social tennis and local competitions - supporting more than 1000 players. The courts are now too dangerous to use and some have needed to be closed.	Complete	$175,000	Feb-21	Jun-21
1	Community	NSW	Parkes Shire Council	Peak Hill main street (Caswell Street) - CCTV installation	The CCTV cameras are being installed to address issues of vandalism and anti-social behaviour which has become an increased concern in the CBD of Peak Hill. The cameras will provide increased security for community members and businesses alike.	COMPLETE	$20,000	Jan-21	Jun-21
1	Community	NSW	Parkes Shire Council	Parkes CBD smart pole banners	The traditional banner systems which Council has installed on existing lighting poles in other sections of the street, requires the procurement of a suitably qualified contractor to undertake the changing of the banners each time a new event or campaign is in market. This includes time and cost in the development of traffic management plans, safe work method statements, machinery hire and staff time in terms of procurement and supervision. Because of these time and cost factors (up to $10,000 annually), along with disruption to commerce on the main street during changeover, Council can only change these promotional banners twice a year.	COMPLETE	$30,000	Nov-20	Jun-21
1	Community	NSW	Parkes Shire Council	Rose Street and Coleman Street Parkes - footpath	The new shared pathway will mitigate stormwater damage caused to current walking area which makes it uneven and dangerous. 1	Community	NSW	Parkes Shire Council	Alectown Cemetery - fencing, memorial wall and seating	There is no current 'fit for purpose' space in which cremated remains can be interned. Meaning that people who choose cremation over burial are unable to be interned within their own community but rather at either the Peak Hill cemetery (to the north) or the Parkes cemetery to the south. The erection of a fence and Memorial Wall will alleviate both issues	COMPLETE	$30,000	Sep-20	Mar-21
1	Community	NSW	Parkes Shire Council	Woodward Oval tennis courts - stormwater drainage improvements	Currently storm water is unable to leave the court area quickly in rain events, causing it to run back over the courts causing damage to the surface and subsurface. The most severely affected courts are being resurfaced, so this work is a priority to protect the new asset of resurfaced courts.	COMPLETE	$66,613	Jan-21	Mar-21
1	Community	NSW	Parkes Shire Council	Cooke Park - Improvements	Cooke Park is Parkes' premium event park. One of the challenges that we face during events is if there has been rain the Park can be very wet and we have had to bring in bark chip in the past to allow events to go ahead. Improving the storm water drainage across the park will help alleviate the problem. Additionally. the irrigation system in the park is nearly 20 years old, the aging infrastructure is prone to leaks and breakages and is not as water efficient as it could be. Additionally, Council is constructing a new multipurpose stage facility in the Park which will create the opportunity for water to be captured off the roof and reused in the Park. It is timely that Council upgrades the irrigation system to minimise water usage in the park and allow for the preparation of events in the Park (including the Parkes Elvis Festival) but also help with the recovery of the park after events.	COMPLETE	$80,000	Sep-20	Feb-21

It includes the provision of picnic tables and shelters, a drinking fountain, paved walkways, gardens and other landscaping works. The proposed upgrades will address connectivity issues within the area and encourage additional patronage to the town centre. It will also increase amenity through screening off the adjoining industrial zone.	Complete	$397,381	Feb-22	Jun-22
2	Community	NSW	Singleton Council	Townhead Park Amenities Replacement	Council adopted the Townhead Park Masterplan in October 2018, which provides a vision for the long-term development and management of the Park. As a response to community feedback during the exhibition of the Masterplan, it was proposed that the existing public toilets in Townhead Park would be replaced with new toilets. The project entails the demolition of the existing public toilet block located in Townhead park and the construction of new accessible facilities. The existing toilets do not meet current accessibility guidelines, are dated and are not in keeping with the surrounding structures and the high profile nature of the site, being the gateway to the town and a rest stop for visitors	Complete	$295,957	Dec-21	Jun-22
2	Community	NSW	Singleton Council	Civic Administration Building Roof Replacement	Replacement of the roof sheeting, gutters and downpipes on Council administration building, along with investigation of the structural capacity of the existing roof structure to support the future installation of solar panels. The Civic Administration Building was built in 1983. The original roof structure is still in place and has deteriorated due to its age. Recently there have been significant and continual incidents of water ingress during storm events resulting in damage to the ceiling and disruption to Council staff. In addition, Council wishes to pursue renewable energy options to reduce Councils carbon footprint and improve future sustainability. The installation of solar panels onto the administration building roof is currently being investigated.	Complete	$467,434	Aug-21	Nov-21

2	Community	NSW	Strathfield Municipal Council	Fragrant Garden Strathfield District Park Mitchell Street, Strathfield	Community – Landscaping Improvements Community Infrastructure – other The Strathfield District Park is an area that was formerly a golf course and is being converted to meet the active and passive recreational needs of residents and visitors from surrounding areas. The Park is surrounded by medium and high density housing. To date, the community needs for active recreation are being met through walking and bicycle routes through the park, extensive parkland areas that allow for personal exercise and "workouts" and it is planned that in the future, there will be a number of hard courts constructed for mainly ball sports. The park also adjoins Council's Golf Driving range that is constantly patronised. In terms of areas for passive recreation such as family gatherings there are extensive lawn and BBQ areas, a feature lake and currently under construction with Federal funding support is an amenities facility that will allow for extended stays. For children with disability and their carers Council is constructing a Maze and play area that will be available to all children, regardless of their abilities. The missing component of this park is an area for singular, quiet passive recreation that would appeal to older residents or those needing to access a peaceful and stimulating area. The Fragrant Garden will provide this space and allow Strathfield District Park to respond to the health and wellbeing needs of all residents	Complete	$801,335	Sep-21	Apr-22
