3	Community	WA	City of Fremantle	Construct Fremantle Leisure Centre Pool Roof	Improvements to community facilities – re-sheeting of pool roof at Fremantle Leisure Centre. The original sheeting was damaged during storms which required the entire roof sheeting to be removed as a safety precaution to protect patrons. The existing steel frame is to be treated for any corrosion and painted ready to receive new cladding. The structure has been assessed by the original design engineers, Airey Taylor and deemed fit to receive new cladding. The facility caters for approximately 100,000 patrons annually with the enclosed structure catering for swimming lessons during the school holidays, leisure activities for younger age groups and fitness/squads throughout the year. The roof provides UV protection year- round and thermal insulation during the heat of summer and cool of winter which helps provide a temperate atmosphere for patrons. The roof also provides protection from wind and rain in the cooler months. The addition of skylights, translucent wall sheeting and clear blinds together with new, efficient LED lighting, provides illumination to code requirements at a fraction of the cost of conventional lighting. The roof also aids in reducing evaporation and water loss with vastly improved running costs. The new roofing and cladding will provide patrons with a comfortably optimum environment to undertake their activities, whether leisure, fitness or lessons, protected from the elements and UV. The City of Fremantle owns the asset (the Leisure Centre and the Leisure Centre Pool roof).	Complete	$587,804	Sep-22	Dec-22

2	Community	WA	Shire of Bruce Rock	Bruce Rock Supermarket. Corner of Johnson and Bath Street, Bruce Rock, WA.	The only supermarket in the Bruce Rock town site burnt down as a result of arson in March 2020. The Shire seeks to construct a new supermarket building to ensure residents have access to a secure food supply. This is paramount for vulnerable community members who are unable to travel 40km to the next town for grocery shopping with no support system present. Currently, the Shire are operating a temporary supermarket from the Town Hall, resulting in the hall being unavailable for community events and sporting activities. A retail consultant determined that the Shire of Bruce Rock would be extremely unlikely to attract a retailer to operate a grocery store if the retailer had to also construct a building. The Shire intend to build the supermarket, fit it out, and lease it to an independent retailer. Building a new supermarket contributes to the local economy by creating jobs during construction and ensuring the continued future of the local retail economy. At present, many retail businesses in Bruce Rock have been negatively impacted by people travelling out of town for grocery shopping, as the current supermarket is unable to stock all the stock lines they require. Specific components of the construction of the Supermarket Phase 2 funding will be used for include: substructure, trenching and conducting for Electrical and Communication Services, and power supply head works.	Complete	$375,578	Sep-22	Sep-23
3	Community	WA	Shire of Bruce Rock	Bruce Rock Supermarket. Corner of Johnson and Bath Street, Bruce Rock, WA.	OTHER. The only supermarket in the Bruce Rock townsite burnt down as a result of arson in March 2020. The Shire of Bruce Rock seek to construct a new supermarket building to ensure our residents have access to a secure food supply. This is especially important for vulnerable members of our community who are unable to travel 40km to the next town for grocery shopping and lack a support system who could do this for them. At present, the Shire are operating a temporary supermarket out of the Town Hall, which was not designed for this purpose and has resulted in the hall being unavailable for community events and sporting activities. After engaging a retail consultant, it was determined that the Shire of Bruce Rock would be extremely unlikely to attract a retailer to operate a grocery store if the retailer had to construct a building as well. The Shire intend to build the supermarket and fit it out, and then lease it to an independent retailer. Constructing a new supermarket will contribute to the local economy by creating jobs during the construction phase and ensuring the continued future of the local retail economy. At present, many retail businesses in Bruce Rock have been negatively impacted by people travelling out of town for grocery shopping, as the temporary supermarket is unable to stock all the stock lines they need/desire, and then completing the rest of their retail shopping in the other town for conveniences sake. Specific components of the construction of the Supermarket Phase 3 funding will be used for the superstructure (column, roof, external & internal walls, windows, external & internal doors).	Complete	$1,052,604	Sep-22	Sep-23
1	Community	WA	Shire of Bruce Rock	Johnson Street, Bruce Rock - Parklet upgrades	Before Council installed the temporary parklets, there were no attractive outdoor seating and dining options on the main street, especially near operating food businesses. The temporary parklets have made our main street more vibrant and have been deemed a great success. The parklets make it obvious to passing travellers that the food businesses are open, and encourage them to stop and spend, which boosts our local economy. Making the parklets permanent will increase all these benefits and ensure we can continue to reap them well into the future.	Complete	$126,003	Apr-21	Oct-21
1	Community	WA	Shire of Bruce Rock	Bruce Rock Caravan Park, Dunstall St - Various upgrades	The existing ablution facility is very old and is well and truly due for an upgrade. When Council investigated costings, it was deemed more cost-effective to demolish the current facility and build a new structure rather than renovating. The current facility does not have adequate equal accessibility, which will be rectified in the new building.	Complete	$333,674	Feb-21	Jun-21
1	Community	WA	Shire of Bruce Rock	Bruce Rock Recreation Centre, Dunstall St - Installation of power	Currently the cricket shed has no power, which has resulted in the local Cricket Club having to use a generator to run equipment including ball machines and lighting for their training sessions, club days, and fixtures night matches. The installation of power will prevent the carting of a generator to the facility each week, and makes the facility more user friendly.	Complete	$4,500	May-21	Jun-21
1	Community	WA	Shire of Bruce Rock	Railway Dam, off Bruce Rock East Road - Improvements to water catchment system	The project will improve the water catchment system as well as increase the capacity of the catchment, which will allow us to retain more water during rainfall events. In previous years where poor weather conditions have occurred, Council has had to purchase water to keep our oval and gardens alive. This project will not only save Council funds in the future, but makes our town attractive to tourists, and allows our sporting clubs to still be able to participate in their sporting activities. 3	Road	WA	Shire of Capel	Hasties Road Footpath, Drainage and Kerbing Upgrade	Hasties Road is the principle entry road to the Gelorup townsite. The road has inconsistent edge treatments with some sections kerbed and other areas underbed. This leaves the impression that the road is unfinished or unimportant. Steep verges contribute to considerable surface runoff during heavy rain events. This has resulted in excessive erosion and deposition of sand and gravel onto the roadway - generally near the Bussell Highway. Stormwater drainage along Hasties Road is limited, resulting in flooding of the road. The proposal includes additional pits and soakwells to address this issue. The installation of embayed parking spaces along Hasties Road will provide formal parking during community events and will provide quick turnover parking for users of the adjacent community centre. The proposed path alongside the embayed parking will provide safe universal access between the parked vehicles; the existing path network and the community facilities. The scope of works involves construction of stormwater drainage, reshaping of verge, construction of 716m of kerb, realignment of existing footpath, construction of 215m of footpath and construction of 11 embayed parking bays. 3	Road	WA	Shire of Capel	Peppermint Grove Beach School Bus Turnaround	The Peppermint Grove Road car park was originally built in early 1980's. Currently the school bus drivers use the car park as a turnaround area. Turning in the car park area is difficult. When some of the car parking spaces are occupied, it is near impossible. Moreover, there is an existing safety issue where children are being picked up and dropped off in a live carpark. The Shire has received many complaints from residents/parents to improve this safety issue. This project will provide safe pick up and drop off for school buses and provide better storage of runoff during storms and minimize nuisance flooding of the road and adjacent property. The scope of works involves construction of formal asphalt roundabout, allowing buses to turn around away from the carpark with a central drainage basin, construction of sealed bus pull in bay, construction of 45m of new footpath, replacement of 54m of footpath, relocating existing soakwells, installation of new bus shelter, and install line marking and signage.	Complete	$281,949	Sep-22	Jan-23

3	Community	WA	Shire of Carnamah	Carnamah Recreation Centre 3 Niven Crescent Carnamah	Refurbish change rooms and install air-conditioning in function room. The door frames in the wet area are rusting out, the floor and wall tiles are cracking and starting to lift, and access the change rooms with a stretcher is limited. Therefore these aspects of the change rooms will be refurbished accordingly. In addition, the shower heads will be replace with water wise ones. The Shire also proposes to install split system air conditioning in the function room so that the facility is suitable to be used in both winter and summer. The proposed work will ensure that the facility will need the social and sporting needs of the community into the future.	Complete	$142,654	Jan-23	Jun-24
3	Community	WA	Shire of Carnamah	Carnamah Swimming Pool 3 Niven Crescent Carnamah	Construction of shed for storage of chlorine and other chemicals, repairs to pool bowl, provision of BBQ facilities and other improvements. Currently the Shire purchases liquid chlorine in 200L drums which are kept in the existing plant room. The only access to room is across a grassed area which makes it very difficult to handle the drums safely. The Shire proposes to build a shed behind the existing plant room which will allow 1000L shuttles of chlorine to be placed using a fork lift without the need for manual handling. The pool bowl itself appear to be lower on one side that the other resulting in lack of water circulation in that corner. It proposed to lower the drainage channel on that side to rectify this circulation issue. Its proposed to construct a BBQ area in on corner of the pool grounds to provide a facility for the community to socialise. These items will reduce the risk of injuries to staff and provide a safer workplace as well a meeting point for the community	Complete	$94,874	Jan-23	Jun-24

3	Community	WA	Shire of Jerramungup	Fishery Beach Boat Ramp and Jetty Construction	Construction of a 2 new boat ramps and jetty. The ramps and jetty are now more than 25 years old. The jetty is narrow, corrosion of steelwork and damage to fenders and ladders is evident, timber kerbing is subject to marine growth, and numerous concrete ramp units have been displaced with degradation to the running surface. The structures have exceeded their intended design life the jetty does not meet current standards and the ramps are in very poor condition. The predominant benefit of this project is ensuring that Bremer Bay continues to have recreational boat access to its waters. A widened Jetty will provide safer access for the Volunteer Marine Rescue Service to access and egress their boat having noted that it is very difficult to carry a stretcher along the existing jetty. A widened jetty will also provide universal access of which the existing facility currently restricts. Bremer Bay's attractiveness as both a destination and as a place to live is largely attributed to the marine environment and a reliable recreational boat launching facility is a fundamental part of this. The project addresses the paucity of specialist early childhood development services in region. Currently, families either travel considerable distances to Perth or relocate from the region to Perth to access specialist services. This project will link major teaching hospitals, specialists and facilities with a regional centre of clinical expertise. The Centre will incorporate a specialist Indigenous child health unit to serve the significant indigenous population of the region. Construction involves the construction of a brand new 55 place childcare centre and a separate early childhood development centre that provides specialist medical and clinical services. The early childhood development centre will be the only facility of its type outside Perth. It will provide specialist services medical and clinical services to address childhood issues such as physical, developmental, behavioural, mental health, hearing, visual, gastrointestinal, orthopaedic and skin disorders. The facility will be linked to the Perth Children's Hospital, Telethon Children's Institute, Joondalup Health Campus, Moora Regional Hospital and private practitioners. The current 28 place day care centre building is very old, has substantial cracking due to deep flooding and requires regular treatment to manage mould infestations following major flooding. 4	Community	WA	Shire of Mukinbudin	Cruickshank Road Aquatic Centre - Changeroom & Chlorination System Upgrade	The ongoing enhancement of the Mukinbudin Aquatic Centre involves upgrading its changerooms, a significant part of the facility. Following the extensive $1.8 million refurbishment in 2014 that revitalised the pool built in the 1960s into a contemporary and appealing space, the next phase involves modernizing the changerooms. This upgrade will encompass installing a new roof structure and revamping the toilet facilities, including updated flooring, toilets, showers, and changing booths. The upgrade to the chlorination system will enable a shift from a tablet-based to a liquid chlorine system. This transition will enable in-house maintenance, reducing downtime and eliminating the necessity of outsourcing maintenance to qualified tradespersons located over 300 kilometres away. ADDITION TO SCOPE OF WORKS Construction of additional storage facility (shed) to meet compliance obligations and increase storage capacity for equipment.	Complete	$215,000	May-24	Jun-25

3	Community	WA	Shire of Sandstone	Sandstone Caravan Park extensions	This project is for the purchase of two 2-bedroom x 1 bathroom fully self-contained accommodation units for placement in the Shire caravan park. It differs from Project I which is withdrawn, in that these units will not require construction. These are good quality prebuilt units and can meet the conditions of the grant and ensure project completion by 30/06/2024.Accommodation is difficult to acquire in Sandstone especially for some of our residents who live remotely on cattle stations. Their homes are quite distant from the townsite and when visiting the town for medical, dental or other services they use this accommodation rather than drive home at night. The shire also has various medical dental and trades services that visit the town. If we can't provide accommodation for these people they will not come to Sandstone. This directly affects our residents are they are then deprived of essential services, very concerning for our elderly residents.	Complete	$291,229	Apr-24	Jun-24
3	Community	WA	Shire of Sandstone	Street Beautification	This project involves the pruning of approximately 40 trees, removal of approximately 20 dead trees and purchasing and planting of 50 new trees Brachychiton Bella Pink (native Kurrajong). It also includes the planting of approximately 60 small flowering shrubs.	Complete	$84,317	Jun-24	Jun-24
3	Community	WA	Shire of Sandstone	Community Centre	The Shire plans to increase the usage of its Community Centre for local residents by providing more BBQ nights, drinks and light entertainment year round. The local hotel recently closed down and we lost our popular gathering place. The Community centre is now our only place for people to get together, socialise and share meals. As our nearest supermarket is 150 kilometres away it is necessary to bulk buy foods, especially meats. To cater for the increased use of the centre this project is to purchase and install new commercial grade fridge/freezers to store a sufficient quantity of meats and other foods and ensure the health standards of food storage are met. Having these fridges reduces the times we have to travel that 150 kms to the supermarket. Community members will have full access to the fridges and will be able to use the facilities as and when they wish. Its expected there will be a minimum of 4 days a week when the Centre will be fully occupied. On the other 3 days the Centre will be accessible to and likely used by individuals or small family groups by acquiring the key from the Shire office, as they do now when they want to use the sporting equipment. Fortunately we live in a very safe community and people know if they leave their meats and salads in the fridges with their name on the packs, it will be safe.	Complete	$23,038	Jun-24	Jun-24
3	Road	WA	Shire of Sandstone	Installation of whoa boys on Wiluna Road	This project involves the application of new gravel, grading, rolling the road surface, repairing floodways and the creation of whoa boys on the road. Spoon drains are then constructed at the site of the whoa boys. The whoa boys are like speed humps and they prevent an accumulation of water flow travelling downhill and scouring the road making it hazardous and often impassable. The whoa boys slow the water speed and the spoon drains feed the water off onto the surrounding land.	Complete	$245,000	Jun-24	Jun-24
2	Community	WA	Shire of Sandstone	Increase Fuel Capacity 22 Payne Street Sandstone WA 6639	Shire requires the capacity of the diesel fuel outlet to be doubled by 30,000lt	Complete	$124,443	Jul-21	Feb-22

3	Community	WA	Shire of Shark Bay	Denham Town beach (Knight Terrace)	Other - Beach accessibility project. Purchase and installation of matting and beach wheelchair to allow beach/water access for those living with a disability. There is currently no access at the Denham Town Beach for wheelchairs. A floating beach wheelchair is a wheelchair that has specialised wheels and large armrests that become stable floatation devices, meaning the wheelchair can be pushed into the water. The Shire has received many requests from our older residents to improve beach access and they currently find it difficult to get to the water (ABS statistics show that 45% of Denham's population is aged 50 or over). This wheelchair will allow those with disability and the elderly to access the water (via the matting which will be installed from the footpath to the water) so older residents and people living with a disability can swim and experience water activities.	Complete	$47,495	Oct-23	May-24

1	Community	WA	Shire of West Arthur	Darkan Railway Reserve - Shelter. Council has had a decrease in scope of works for Project 13 and will be no longer installing the BBQ shade shelter in the Darkan Railway Reserve.	The existing facilities are over 20 years old and in dire need of upgrading. The existing shelter does not address the current needs of the community and is big enough for one group to use at a time. It is proposed that the shelter will cover 3 BBQs, picnic tables and other seating. The shelter will be designed as a feature which will showcase some of the Shire's history and community story. It will be constructed closer to the centre of the reserve which will allow improved access to the public toilets and closer to the existing War Memorial for use on ANZAC Day and Remembrance Day events. This is the only community BBQ facility in Darkan. Upgrade of dilapidated BMX track into a pump track. Council has had a decrease in scope of works for Project 13 and will be no longer installing the BBQ shade shelter in the Darkan Railway Reserve.	Complete	$55,725	Aug-21	Oct-21

1	Community	WA	Town of Bassendean	Mary Crescent Reserve - Path installation and earth works	The current path is a straight line between Second Ave and Gallagher St. The incline from Second Ave is very steep and bikes take the path at speed. The new path will curve the alignment and reduce the incline to make it more user-friendly, wheelchair accessible and encourage bikes to slow down.	Complete	$72,531	May-21	Jun-21
3	Road	WA	Town of Cambridge	Lake Monger Car Park South West	Off-road Car Parks: Lake Monger Reserve currently has four car parks located on its south side. Three of these have been servicing visitors to Lake Monger Reserve for the past 50 years. Their combined number of parking spaces is 64. In July 2021, the Town completed construction of a fourth car park on the south east side of Lake Monger Reserve. The three older car parks are ageing and require resurfacing work if they are continued to be utilised. Entry and exit points of each car park with Lake Monger Drive present safety issues with crossing the shared path that traverses Lake Monger lake and with traffic along Lake Monger Drive. It is proposed to construct a new car park (60-80 bays) in the south west area of Lake Monger Reserve (adjacent to the newly constructed all-inclusive playground). Once this car park has been opened, the three existing, ageing car parks will be removed and decommissioned. Consolidating parking for Lake Monger Reserve over two car parks will improve safety for pedestrians using the shared path, vehicles entering and exiting Lake Monger Drive, and assist with asset management in future. The facility is a Council owned facility with a multipurpose room, toilets, and a large kitchen. It is for public use with bookings being made through application to the Town. It is often used for local clubs and not-for-profits meetings and gatherings. A user group of the facility is the Meals on Wheels team which is co-funded by the Town. This group prepares meals for vulnerable/at need community members, delivering them throughout the week. Unfortunately, the kitchen is approximately 50 years old, and although minor repairs and additional pieces of equipment have been organised over the years, the entire kitchen is in need of renewal. We intend to refurbish these rooms, replacing all fixtures and fittings with modern commercial type equipment while also undertaking other minor repairs and improvements to the fabric of the building.	Complete	$120,000	Jul-22	Jun-24

2	Community	WA	Town of Claremont	Claremont Tennis Club. 2 Davies Rd Claremont, WA 6009. Synthetic Court and Flood Light Renewal.	Improvements to community facilities. Improved Accessibility of Community Facilities and Areas. Sporting and recreation facilities. The Tennis Club has two old synthetic courts which are heavily worn and in need of resurfacing. They have excessive wear in high use areas. The existing lights illuminating the courts have failed and, due to the type and condition of the poles, cannot easily be replaced. The existing brick shade structure is in a poor condition and requires renewal. The retaining structure and shade structure does not comply with current building code requirements for accessibility and require renewal. The project will be to remove worn and ripped non-seam synthetic court surface. Decommission and remove old lighting. Demolish shade structure and retaining walls. Undertake earthworks. Construct new BCA compliant retaining and shade structures. Install new light poles and LED lighting. Resurface two courts with seamless synthetic materials.	Complete	$125,000	Dec-21	May-23

2	Community	WA	Town of Claremont	Claremont Aquatic Centre. 12 Davies Rd Claremont, WA 6009. Aquatic Centre Roof.	Improvements to community facilities Sporting and recreation facilities The aquatic centre changing facilities are in a poor condition and require renewal. The original aquatic centre complex was constructed in 1960. The change rooms and toilets that are still in use today were constructed in 1971. The tile roof installed at that time is fifty years old and has numerous leaks which cause damage to the internal walls, ceilings, and wiring and needs total renewal. The solar system on the roof has not functioned fully for many years and would need removing to replace the roof. When the new roof is installed a new 33kw system will be installed to replace this old system.	Complete	$115,925	Jul-21	Nov-22
3	Road	WA	Town of Claremont	Leura Ave Roundabout	Reconstruction of damaged roundabout. The existing roundabout was originally constructed using rubber materials and since installation the road network usage has intensified significantly due to developments occurring within the Town inclusive of a new public bus terminal and the Metronet Project. Unfortunately, the intensification in use has seen the existing roundabout materials break up and fall apart leaving it in a very poor condition. We intend to reconstruct the roundabout using more durable materials inclusive of reinforced concrete and kerb.	Complete	$88,020	Jul-22	Sep-22
2	Community	WA	Town of Claremont	Cresswell Park Swanbourne. 383972.7 6461620.9 GDA94/MGA50	Playgrounds and Skate parks (including all ability playgrounds). Playground Installation. 1	Community	WA	Town of Claremont	Claremont Aquatic Centre works Renewal of the Town's aquatic centre disabled change room and toilet facility and the addition of a family change room, improvements to the associated universally accessible access ramp, and the retaining and landscaping of the surrounding garden area.	The existing disabled facilities at the aquatic centre are in a poor condition and require renewal. The original aquatic centre complex was constructed in 1960. The change rooms and toilets that are still in use today were constructed in 1971 without dedicated disabled facilities. Around 2004 a demountable disabled toilet and change room was added to the south of the change rooms with a short access ramp connection provided. Having originally been constructed as a temporary measure, this disabled toilet and change facility is still in use today and is in urgent need of renewal. The disabled access path to this area is also in need of enlargement and improvements. Due to the vertical grades of the site, retaining of the land will be required to accommodate this work. The community facility also lacks a dedicated family change room with some patrons instead using the disabled change room in this capacity. New family change rooms will be added adjacent to the disabled facilities. All proposed renewals and upgrades will be designed to comply with universal access requirements in accordance with the Town's Disability Access and Improvement Plan.	Complete	$104,010	Jul-20	Jun-21

127623-24NSW-RTR	NSW	Ku-Ring-Gai Council	Perth Ave, East Lindfield	The project entails reconstructing the pavement structure between Sydney Road and Melbourne Road. This involves excavating varying depths between 110 mm and 150 mm of the existing pavement and reconstructing it with a 100 mm thick base layer of AC20 asphalt concrete, followed by a 50 mm thick AC14 wearing layer (top layer). Additionally, missing kerb sections will be constructed with proper concrete kerb and gutter to protect the road shoulder and improve surface drainage. The project will also include the reinstatement of existing line markings and signages.	$956,000	$956,000	Aug-24	Jun-25
133384-25NSW-RTR	NSW	Ku-Ring-Gai Council	Lady Game Drive, Lindfield	The project involves reconstructing the pavement structure between Little Blue Gum Creek and Blue Gum Creek. Works will include excavation of the existing pavement to depths ranging from 110 mm to 150 mm, followed by reconstruction with a 100 mm AC20 asphalt concrete base layer and a 50 mm AC14 asphalt wearing course. Additional works include the installation of approximately 360 m of swale drain along the rock wall, upgrades to existing stormwater pits, resurfacing of shoulder car parks, and reinstatement of line markings and signage.	$900,000	$900,000	Sep-25	Jun-26

Safer Local Roads and Infrastructure Program - Projects approved for funding (as at 1 September 2025)

Eligible proponents: State, Territory or Local Government Entities.
Scope: Approved projects since 2015. All projects listed were approved under either the former Bridges Renewal Program or former Heavy Vehicle Safety and Productivity Program.
Objectives: The Safer Local Roads and Infrastructure Program (SLRIP) provides funding to address current and emerging priorities in road infrastructure needs, with focus areas such as improving road safety, productivity, bridge renewal, road resilience, sustainability and heavy vehicle rest areas. The SLRIP consolidated the former Bridges Renewal Program and Heavy Vehicle Safety and Productivity Program from 2024-25. Existing approved BRP and HVSPP projects will continue to be delivered under SLRIP until they are completed.
Project selection: Applications for SLRIP undergo a three stage process within the Department including: eligibility assessment, merits assessment, and a quality assurance process. Projects approved under the former BRP and HVSPP also included input from states and territory road authorities (for council-led projects).Only proposals which are eligible and demonstrate good value for money were recommended to the approving Minister for Australian Government funding. Ministers do not approve recommended proposals in their own electorate / jurisdiction.
Caveat: Construction start and end dates are the most recent as provided by the proponent

Active Transport Fund - Projects approved for funding (as at 1 September 2025)

Eligible proponents: State, Territory or Local Government Entities.
Scope: There was $100 million of available funding via tranche 1, and 81 projects were approved under program. There is no expectation that this terminating program will have additional tranches.
Objectives: The Active Transport Fund provides funding for the design and construction of new or existing bicycle and walking pathways to encourage the use of active transport..
Project selection: Applications for ATF underwent a three stage process within the Department including: eligibility assessment, merits assessment, and a quality assurance process. Only proposals which were eligible and demonstrated good value for money were recommended to the approving Minister for Australian Government funding. Ministers do not approve recommended proposals in their own electorate / jurisdiction.
Caveat: Construction start and end dates are the most recent as provided by the proponent

Active Transport Fund - Council	132058-25QLD-AT1	QLD	Queensland Department of Transport and Main Roads.	Brisbane City Council	Brisbane City Council - Construction of Sylvan Road Bikeway	This project will complete the "missing link" between the Western Freeway Bikeway and the Bicentennial Bikeway by providing a bi directional fully separated facility over a distance of about 1.5km. Due to topographic and network constraints, the most feasible route between the two bikeways is along Sylvan Road. The Western Freeway Bikeway and the Bicentennial Bikeway offer a high standard of safety and amenity with protected and off-road facilities for people on bikes. Sylvan Road, which connects the two, is currently a mix of peak hour bike lanes (delivered in 2017) and bike lanes between parked cars and motor vehicle traffic. This infrastructure gap means the network link is inaccessible to people using e-mobility devices. This project will significantly improve active transport outcomes for a very large catchment by providing a continuous dedicated cycle facility between the Western Freeway and Bicentennial Bikeways. This missing link is the final piece in providing a fully separated active transport facility from Richlands in the West to the Brisbane CBD totally a distance of approximately 20km. This project is identified as a priority project by Bicycle Queensland in consultation with Bicycle User Groups.	$ 5,000,000	$ 12,000,000	Mar-26	Mar-28	In Planning

Response to Senator Canavan Request

The following information is provided in relation to the Domestic Aviation and Reform Division and the International Aviation, Technology and Services Division in response to Senator Canavan's request in correspondence to the Department for the following programs:

- Western Sydney Airport
- Managing PFAS at Australian Airports
- Regional Airports Program
- Regional Airports Screening Infrastructure (Enhanced Regional Security Screening)
- Emerging Aviation Technologies Programs
- Remote Airstrip Upgrade

Not all requested data is captured by the Department, or captured in an easily reportable, reliable, and consistent format.

In the Program overview tables below:

- Contracted, committed but not yet contracted and unallocated figures are as at 19 September 2025.
- Figures in the tables below are dollars with rounding.

Underspends go back into an unallocated pool to be committed. The total unallocated pool is managed at a program level within the financial year allocations, how individual underspends get repurposed is not tracked.

Additional project level information is included at:

- Regional Airports Program project-level listings are detailed at **Attachment A**.
- Managing PFAS at Australian Airports project-level listings are provided at **Attachment B.**
- Remote Airstrip Upgrade Program project-level listings are detailed at **Attachment C**.
- Emerging Aviation Technologies Programs project-level listings are detailed at **Attachment D.**

Response to Senator Canavan Request

The following information is provided in relation to the Regional Development and Local Government Division in response to Senator Canavan's request in correspondence to the Department for the following programs and national partnership funding of interest:

- Australian Opal Centre – Lightning Ridge
- Building Better Regions Fund, Rounds 4 and 5
- Busselton Jetty Village and Marine Discovery Centre
- Community Development Grants Programme
- Growing Regions Program
- Hillcrest Tragedy Memorial
- Queensland Holocaust Museum and Education Centre
- Stronger Communities Programme, Round 8 & 9
- Thriving Suburbs Program
- Upgrades to Qtopia Sydney Museum
- Warburton Mountain Bike Destination Project

Not all requested data is captured by the Department, or captured in an easily reportable, reliable, and consistent format.

In the Program overview tables below:

[1]Budget figures align with the last published 2025/26 Budget decisions. Unless otherwise requested/stated, the funding profile provides the full or life of program totals.

[2]Contracted, Committed but not yet contracted and Unallocated figures are as at end of August 2025.

Figures in the tables below are dollars without rounding.

Q1, Q8. Program overviews and funding over forward estimates

The tables below show contractually committed, committed but not yet contracted and unallocated by program for each year over the forward estimates where relevant.

Project-level listings for programs and national partnership projects of interest are at **Attachment A.**

Note: Where project/program-specific Federation Funding Agreement (FFA) Schedule has been added to the project-level listing, the Australian Government will make payments to state and territory governments and the Contracted/Committed amounts in the tables below reflect the funding the Australian Government has contracted/committed to pay to the relevant state and territory governments. Where a project is not directly being delivered by the state or territory government, the successful project applicants will enter into a funding agreement with the relevant state or territory government agency responsible for administering the program funding their area.

Australian Opal Centre – Lightning Ridge (national partnership funding to NSW)

Appropriation	2023-24	2024-25	2025-26	Total
Budget[1]	0	3,133,840	0	**3,133,840**

Committed but not yet contracted[2]	0	0	0	**0**
Unallocated[2]	0	0	0	**0**

Note: A Movement of Funds (MoF) has been requested for $300k to be moved from 2024-25 to 2025-26 to enable the final payment that was not able to be accrued to be made in 2025-26. Budget Paper 3 published a budget figure of 7,467,653 however the project commitment was subsequently reduced by an early payment from BBRF Administered underspends.

Q2, Q3. Changes since the previous 2025-26 Budget Estimates

Revised project completion dates are reflected in **Attachment A** which have been provided in a format that allows for comparison of changes. Generally, changes to completion dates are to take account of administration to close projects or variations for extensions.

Q4, Q5, Q6, Q7. Projects discontinued, completed, scheduled for completion

Details for projects by program (i) discontinued since 9 May 2023, including projects that have been contractually committed, and committed but not yet contracted; (ii) completed in 2025-26 financial year; (iii) scheduled for completion in the current (2025-26) financial year or forthcoming financial years; and (iv) withdrawn, declined, assessed as unsuccessful or not complying with program guidelines, are reflected in **Attachment A**.

Response to Senator Canavan Request

Q9. Details of how any underspends have been repurposed

Underspends go back into an unallocated pool to be committed or returned to consolidated revenue. The total unallocated pool is managed at a program level within the financial year allocations - how individual underspends get repurposed is not tracked.
