

Dear Committee Members,

Thanks for your time yesterday and your interest in the Mackay Conservation Group.

I was asked a question about whether DGR funds were used for our court challenge to the Carmichael mine. As you can appreciate I wanted to double check that my understanding about the situation was correct before answering that question.

Getup made a donation to Mackay Conservation Group for the purposes of meeting our court costs, however that was not a tax deductible donation. We did not issue a tax deductible receipt for that donation.

Please contact me if you have any further questions.

Kind regards,

Ellen Roberts,
Coordinator
Mackay Conservation Group
