Mr Scott Buchholdz MP
Chair
Parliamentary Standing Committee on Public Works
Parliament House
Canberra ACT 2600

Dear Mr Buchholdz,

**COMMUNITY CONSULTATION REPORT FOR FITOUT AND RELOCATION OF
THE AUSTRALIAN CYBER SECURITY CENTRE PROJECT**

This letter is to inform the Parliamentary Standing Committee on Public Works (PWC) about the nature and extent of community consultation undertaken as part of the Fitout and Relocation of the Australian Cyber Security Centre Project (Project).

The objectives of the community consultation undertaken by Defence were to ensure that the community:

- Was well informed about the Project by using effective and proven communication channels to convey details of the proposed works; and
- Had every opportunity to raise issues of concerns so that wherever feasible, they could be addressed by Defence in its program of works.

The consultation activities undertaken included:

- Correspondence sent by mail and follow-up email to local groups, State and Federal members with individual briefings where requested. The members and groups consulted, with a short description of the outcomes of the engagement are detailed in Annex A. An example of the correspondence sent to the members and groups on the 2 December 2016 is provided at Annex B.
- Advertisements in local newspapers, as detailed and listed in Annex C;
- A Public Information Session was held on 14 December 2016 at 2 Brindabella Circuit, Brindabella business park, as detailed at Annex D; and
- Consultation with HR representatives and representatives of the Community and Public Sector Union (CPSU).

Key issues raised by the Community through the community consultation session and the responses provided are outlined at Annex E (none received at the time of writing).

A-2

In conclusion, no significant issues have been identified during Defence's community consultation that will impact on the proposed works. Defence is satisfied that it has undertaken all reasonable steps to inform the Community about the Project and to provide opportunities for the Community to raise concerns.

Yours sincerely,

N.F. BEUTEL

EXAMPLE CORRESPONDENCE SENT TO KEY STAKEHOLDERS

An example of the correspondence issued to stakeholders is as follows:

PROPOSED FIT-OUT OF NEW LEASED PREMISES FOR THE DEPARTMENT OF DEFENCE (DEFENCE), AUSTRALIAN CAPITAL TERRITORY (ACT)

In accordance with the requirements of the Parliamentary Standing Committee on Public Works' *Manual of Procedures for Departments and Agencies*, I am writing to notify you of Defence's intention to deliver the Australian Cyber Security Centre Relocation and Fitout Project, located in Canberra, ACT. These works are subject to Parliamentary approval.

The Project has now been referred to the Parliamentary Standing Committee for Public Works (PWC) and can be reviewed on the Committee's website at the following link:

http://www.aph.gov.au/Parliamentary_Business/Committees/Joint/Public_Works/ACSCfit-out

It is proposed the fit-out and relocation associated with The Project will address three major requirements:

1. **Expansion of the ACSC.** BP14-16 will support up to 650 workstation location allowing for the expansion of the ACSC;
2. **Multiple Security Levels.** The proposed fit-out will support multiple physical security zones which is not possible in the Ben Chifley Building; and
3. **Partnerships.** The proposed fit-out will provide accommodation for industry, academia and innovation initiatives which is not possible in the Ben Chifley Building.

The Project proposes to fit-out lease space within BP14-16 to provide working accommodation and ancillary facilities to accommodate 650 new personnel.

Please do not hesitate to contact me if you require additional information on this project.

Yours faithfully,

Rebecca Booth
Assistant Director
ACT Office Accommodation
