

Christmas Island Tourism Association STRATEGIC PLAN 2016-2020

WELCOME

Welcome to Christmas Island, A Natural Wonder

Welcome to the Christmas Island Tourism Association (CITA). We are a truly passionate and committed organisation dedicated to facilitating beneficial natural and cultural tourism outcomes on Christmas Island, and indeed across Australia's Indian Ocean Islands.

CITA became an incorporated body in 1996 and operates on a membership base. Our Association is open to any interested person or organisation, wherever they are located.

We firmly believe that Christmas Island is a special and unique place, and we are committed to sharing our beautiful home with as many people as is sustainably possible.

Christmas Island is one of nature's most impressive feats. It is an island full of natural wonders, which includes the unique annual red crab migration, one of the highest concentration of robber crabs across the world, rare and unusual birds and glorious deserted beaches

where nesting turtles and wandering crabs leave behind distinctive footprints. With so many endemic species, it is a very special place to visit.

Yet the Island also displays an amalgam of cultures, history and industry. From its British beginnings of exporting phosphate utilising an indentured workforce, to struggles for equality of opportunity for all, to its now harmonious approach to Island and multi-cultural living, there is much to explore and learn about this Australian Indian Ocean Island.

The Staff and Committee of CITA are dedicated to ensuring that sustainable tourism takes its rightful place on Christmas Island, and indeed throughout Australia's Indian Ocean Islands. The following outlines our pathway to ensuring that the culture, heritage and natural environment are all protected and sustainably enhanced, and that tourism increases its contribution to the Region's economy.

The purpose of CITA is to:
