### Further information on changes made by the Administrative Review Tribunal (Miscellaneous Measures) Bill 2024

#### Category 1 – Terminology changes

Amendments to these 14 Acts make simple terminology changes, such as repealing outdated references to the Administrative Appeals Tribunal, the AAT and the *Administrative Appeals Tribunal Act 1975*, and replacing them with references to the Administrative Review Tribunal, the ART and the *Administrative Review Tribunal Act 2024*, including in Bills or Acts that are before the Parliament or have been introduced or passed the Parliament since the introduction of the ART legislative package. These amendments ensure that the Tribunal has jurisdiction to review decisions that are reviewable by the AAT, and that the relevant provisions continue to operate in substantively the same way in relation to the new Tribunal.

## Category 2 – Harmonisation

The amendments to these Acts:

- remove modifications to the ART Act timeframes to apply for review of deemed decisions, so that the standard timeframe to make an application applies (no less than 28 days, commencing the day after a decision is deemed to have been made)
- ensure provisions that refer to actions that can be taken, consequences that flow, or decisions that take effect once a Tribunal review is completed properly reflect the new guidance and appeals panel process in the ART Act, and
- ensure that, when a proceeding is before the guidance and appeals panel, an original decision-maker may only vary or substitute the decision under review in accordance with section 31 of the ART Act.

Some of these Acts also have minor technical or terminology changes in addition to harmonisation amendments.
