

Dear Christina

Thank you for your email.

I advise that I have reviewed the transcript and that there is one minor correction to be made on page CA105 - Jane Sharp is not Executive Director of VPELA but is an Executive Board Member of VPELA.

Further, although not a transcript correction, I note on Page CA111, in answer to a question from Senator Boyle, I answered that the consultation process is funded by the local Council. Since answering that question, i have been advised that this not strictly correct as the consultation process is often funded by the applicant applying for the planning scheme amendment and not the local Council. I am informed that this cost can be quite high and in some cases in excess of \$100,000 which includes application fee, costs of advertising notices, planning panel costs (accommodation, mileage) and venue hire for hearings.

Finally, I advised the Senate Committee that I would forward copies of a VPELA seminar into windfarms. I have already forwarded these to you however if you have not received them, please advise and I will re-send.

Please call with any queries

Regards

Jane Sharp
