

Dear Sir/Madam,

I am writing this letter to against the proposal of 'Migration Amendment (Visa Capping) Bill 2010'.

As an applicant of Australian Permanent visa, although I have been waiting for a long time, I understand the pressure of the staff of Migration Department. However, I handed in my application for a long time, and my whole future plan is to live Australia as a permanent resident, living here and working here. I love this country, the friendly people, the culture and the society.

I have been living in this country for 6 years since I was 18, and it is almost my second home country. I meet friends here, got work here, and enjoy my life here. My whole adult life spends here. I follow the steps that the Migration Department asked; finished my university, got degrees, finding jobs, and then handed in my application for living in Australia forever. I plan to contribute my competence here for my rest of life. **We bring money, skills and working force for this country, we try out finest effort to contribute this country, more than pressures.**

It obviously does not acceptable if government send back our applications which met the policies at the time we send in. All the documents meet the requirements at that time. If government send back these applications, then what is the function of the previous Law, transition statute, and statements which are still hanging there on Migration Website??? If you pass the proposal, what is the different of this behavior with fraud??? How can a country mislead people from other countries, and does such irresponsible things??? **We CAN wait until you reduce Your Stress, but we CANNOT accept to be abandoned.**

The population, economy, and job problems, these are all the responsibility that Migration Department should take and should be planed in advance; we should not be the victims of your imperfect planning problems; we should not be the victims to take the consequence. **I**, as a part of Millions victims under your Migration System, kindly request **'PLEASE! PLEASE WITHDRAW the PROPORSAL of Migration Amendment (Visa Capping) Bill 2010'!** For your Best, For our Best, For Australia Best!

Your sincerely
