

Monday 25 May

To the Standing Committee on Rural + Regional Affairs Transport
 Dear Senators, **Subject:** Pre Weighing or Post Weighing of Livestock, Pre Weighing gives the buyer + Seller the weights before auction. Post weighing gives the buyer an advantage over the Seller, as he buys on estimated weight and this can cost Sellers dearly.
Subject: Letting up the Farmer + Graziers Direct Meat Supply in Victoria, Post 2nd world War, because sellers in the old Newmarket yards, were so unhappy with prices they received, they turned to their own Meat Processing, it had magnificent support with the prices to the breeders greatly improved, but then it collapsed, not because of lack of supplies, the Growers took it up again, and it paid good profits, but the same thing happened the Growers did not resurrect it. The Sale of British meats is another blow to the Meat producers, The constitution Rule where by the Federal Treasurer is the one who says sell, or not to sell, Senators this needs to be reviewed, and placed in the hands of a committee that has connections Australia wide, to advise the Govt whether it is in the Best Interest of Australia.

"Subject, TPP." Twelve will make up membership from various parts of the world. Page, Hochstetler, May, 7, 2015, Minister Robb, quotes TPP boon for Agriculture. The Weekly Times, May 16th 2015, Tears of TPP by Rob. Harris, writes Australia Exporters may be derailed by Domestic U.S. Politics. Minister for Trade Mr Robb, has drawn criticism along with the TPP, over Secrecy of Negotiations, and the inclusion of provisions allowing companies to sue "foreign" "Governments." A Presidential Candidate for the American Elections, complains of the fact that no one can see it, except a few "Senators." It is your opportunity to report what is contained in this document, when you look at how the "WTO" acts on our lamb exports, "Australia is so valuable" to allow any control of its exports, "Subject, Biosecurity, Quarantine." It is pleasing to know, that the new, Post Entry Quarantine Facility at Nicklehams Vic. on the outskirts of Melbourne, has begun construction. Biosecurity especially livestock is a concern, when it is known how many "Lethal" diseases there are in the world, at all costs we must protect our meat exports along with all other food exports that we sell all over the world. Please Pay attention to the story on "Human Faeces".

"Subject A" WTO. Control over Australian Imports to
the E.U. Figures from an "Elder Smith Manual."
1941. Showed Australia delivered to England.
early days of 2nd world War 200-000 thousand tonnes
of Meat. 12 million tonnes of Wheat 500-000 tonnes
of Flour. In the early 1960's Sir John McEwan
set up an advisory committee to advise him on lamb.
Ron McPherson a stud breeder of Dorset Horns from
Melton Vic, was nominated by the Executive of the
VWVGA, 24 Collins Street Melbourne, now the VFF.
to fill the vacancy, after attending many meetings
the members could ~~not~~ not make out what it
was meant to do, on resigning from the VWVGA and
moving to Junee NSW, he learnt some years later
that England had joined the E.U. and that New Zealand
had gained 230-000 tonnes of Meat to the E.U. than
England, from the 1941 figures quoted, Australia
was left with "19-500" tonnes per year and that if
we exceed this figure the WTO will place an above tariff
on Australia. On his recent visit to Australia the Mayor
London, Mr Denis Johnston made reference to the way
Australia was treated. A note of interest. Woolworths
Countdown Stores NZ Imported Aust Lamb for Christmas
& sold it for \$10-99 per kilo, while NZ Lamb was \$18-49
a kilo. Info source: WA Farm Weekly, Jan 8, 2015

Subject, Chinese to Graze National Park,
 Weekly Times, Page 10 April the 1st, 2015.
 The lease has been approved for 99 years, It is
 believed China will build a 28 Storey, Hotel, at Ticola.
 along with a Casino, along with a Airstrip, capable
 of handling an Air bus, A 3 Quail be constructed,
 at Dargo, High Plains, Where the Dim Cattle breed
 will be flown in to Establish a breeding Programme
 This along with Indonesian Stations bought for breeding
 cattle, and other properties Australia wide bought
 for dairying and animal production, posed disease threat
 to Australian livestock breeders of Livestock for
 food Production, quote when 600 tonnes of
 Chinese dirt can be imported at Manure and
 got fast Quarantine, what hope has the livestock industry
 got, especially with breeding herds down in NSW, take
 for instance a Beef Cow in America, making 4000 \$
 Senator please be advised that the Gate and Protection efforts
 Subject, Purity of Animal Food. Recently Copra Meal
 was imported by a Beef Feedlot, It was growing under stand
 with Human Faeces, It killed numerous numbers with
 Beef Measles Understand Understand that Wagga Uni was
 doing an investigation, a Dairy farmer friend of
 mine was informed by letter not to use
 Copra Meal for his dairy Cows for milk Production
