Retail and manufacturing liaison committee members

Spoken

Hansard Page number: 14

Senator: Susan McDonald

Question:

CHAIR: Can I clarify, with your retail and manufacturing committee, did you consult with your agricultural suppliers committee?

Dr Cuthbert: Our retail and manufacturing liaison committee is made up of a broad range of members. I will have to get the list, if you like, of exactly who was the member at the time. But I am not sure what the title of the committee you were referring to is.

CHAIR: I was trying to find out if you had input of people who actually grow the food or if it was just manufacturers and retailers?

Dr Cuthbert: Great question. I'm sure that Glen could provide more detail on whose input was involved more specifically in the consultation.

CHAIR: On notice, if we can ask for the list of who was on that committee at that time and who is on the committee now, thank you.

Dr Cuthbert: Sure.
