

This proposed legislation to strip Telstra of its infrastructure monopoly is a MONUMENTAL SWINDLE.

Telstra shareholders paid a premium for their shares and should be fully compensated.

ALL AUSTRALIANS SHOULD STAND UP AGAINST A GOVERNMENT WHO SEEM TO CONSIDER IT A RIGHT TO INTIMIDATE ITS CITIZENS INTO SUBMISSION. TELSTRA IS AN ICONIC AUSTRALIAN OWNED BY 1.4MILLION AUSTRALIANS MAKE NO MISTAKE THEY WILL SHOW THEIR ANGER AT THE BALLOT BOX

I propose an enquiry into the complex network on interests that surround the government's decision to pursue its own \$43 billion NBN proposal and strip TELSTRA of its network infrastructure monopoly.

The article in the FINANCIAL REVIEW REVEALED: "STOKES SPENDS \$500m STALKING TELSTRA.

STOKES WANTS TELSTRA'S 50% SHARE OF FOXTEL AND HIS VIEWS ON BROADBAND ARE KNOWN TO RUDD.

Rudd's meteoric rise owes much to regular spot's on SEVEN'S SUNRISE program.
