

I am a Disability Support worker and was looking for polling booths with the read aloud pens for a person I support in our community who has communication needs. I was unable to find any local booth with this accessible technology. I know it might not be feasible to have a pen at every booth, if there was a way to request one in a particular day of prepoll or at a certain booth on election day

Expansion of parliament

My expansion model: House of Representatives of 240 seats and a Senate of 120 seats

State	Lower House	Senate
NSW	75	18
VIC	62	18
QLD	45	18
SA	17	18
WA	26	18
TAS	5	18
NT	2	6
ACT	4	6

Tasmania's entitlement quota would be ~5 if parliament were this size

States would have 9 senate elected at a half senate election. Territories could have all 6 senators elected at each election, or could have staggered terms and elect 3 senators at each half election.
