

**Page CA 2-3: Senator Xenophon asked whether donations to IPA are tax-deductible.**

The IPA is a deductible gift recipient and therefore all donations are tax deductible.

**Page CA 7,10: Senator Siewert asked for your evidence and papers about causes of deforestation including detailing any (or lack of) relationship with palm oil production.**

I have done research into the area of palm oil, publications are below:

blewett review - formatted - edited.pdf](http://www.ipa.org.au/library/publication/1274145149_document_100514_-_submission_-_blewett_review_-_formatted_-_edited.pdf)

[http://www.ipa.org.au/library/publication/1257034755\\_document\\_091030 - paper - palm oil.pdf](http://www.ipa.org.au/library/publication/1257034755_document_091030_-_paper_-_palm_oil.pdf)

**Page CA 10: Senator Xenophon asked about work you had done on voluntary versus mandated labelling.**

Nothing that has detailed the effectiveness of voluntary versus mandated labelling specifically. The essential difference is choice. I have written a book chapter along these lines looking about fairtrade. It has been published, but the electronic proof is attached for Senator Xenophon's interest.

**Page CA 5: Senator Xenophon asked whether the Australian Food and Grocery Council or any of its constituent members are donors to IPA.**

With relation to the final question, I will have to make an inquiry regarding AFGC funding I will forward the request onto the appropriate people and they shall respond.
