

Illegal Cigarettes easily available.

Inquiries show there is an abundance of websites and retailers in Australia where one can purchase cheap cigarettes.

Examples include: -

1. <https://www.aucigs.com> - (see attached)
2. <http://www.cheapcigarettes.com.au/> - (see attached)
3. <https://cheapsmokesonline.com.au/> - (see attached)

4. Some of these sites boast of their capability to get their products through customs (ABF) and delivered to their customers. Some even carry purchase insurance guaranteeing a full refund if your product is confiscated (see attached – same site www.aucigs.com)

5. An initial brief online check in the Mandarin language has revealed over **600** individuals selling cheap cigarettes and tobacco related products. [Note: - a proportion of these sites are run by people in Australia on student visas. (snapshot attached)]

6. Retailing of illicit cigarettes also occurs in full public view, in many electorates just down the road from State and Federal members offices, and many not far from local police stations (example, at 319 Illawarra Road Marrickville NSW, attached)

7. These illicit stores are directly competing with honest legitimate businesses, whilst not paying any taxes [excise / GST / income & business taxes] on the products they sell.

Cheap cigarette store

cigarettez.com.au / aucigs.com

Dear customers! We have some news for you.

1. Since this kind of business cannot be legal, we have problems with domain renewal. Therefore, we are forced to move the store to a new domain. Previously, you could find us at cigarettez.com.au. The new store address is aucigs.com. Bookmark it, because for some time it will be difficult to find us in search engines.
2. Now all prices are in Australian dollars.
3. In the near future, it is planned to expand the range of products.
4. The payment system has changed. Now we accept payment using Paysend with 0% fee for the buyer. You place an order, we check it and send you the payment link by SMS. You'll be able to pay with your credit/debit card.
5. Changes to the refund policy. Seizure insurance is now included in the price. If your order has been seized by customs, you will receive a full refund. So there is no more risk.
6. Statistics for the last 6 months of our work: Delivered: 94.3%, seized by customs: 5.7%.

Kind regards,
Dave

TERMS & CONDITIONS

The shipment is carried out to all parts of Australia. If you have a post office near you, that means you can get your order.

Customs and taxes

In most cases, the Australian Border Force releases the packages without problems and you don't have to pay any additional taxes. But sometimes customs authorities may open the package and find cigarettes inside. In this situation, you will need to pay an extra fee (from 15 to 20 AUD per pack) to get your purchase. The exact amount of customs fee varies depending on the brand of cigarettes.

Refund Policy

If you received a letter from customs telling that your package is seized, you should first let us know about this. We'll check up your case and if your purchase is really held by customs we'll issue the refund. There are two possibilities of what to do next.

1. You can pay customs taxes and in a couple of days, your package will be delivered to you.
2. You can pay nothing. Then your package will be destroyed, but you will not lose anything.

Limits

To reduce the risk of seizure, we suggest not to exceed a certain limit while ordering. Remember, the smaller the parcel, the lower the risk. Please, follow this limit when you place an order:

- King size cigarettes: 3 cartons
- Compact format: 3 cartons
- Slim cigarettes: 4 cartons

Mixed orders

For added security, we do not accept mixed orders, as this increases the risk of seizure. If you still want to order several brands, then contact us. In some cases, we can still send you a mixed order.

Terms of delivery

Delivery usually takes from 10 to 20 days. Sometimes this period can be increased because of flight irregularities or if the package is held for additional customs inspection. Next 2-3 days after the date of release from customs your order should be delivered by courier service. We track all our parcels and inform customers by WhatsApp or e-mail about the estimated date of delivery.

How much is the shipping?

The cost of delivery includes the cost of the delivery itself, as well as measures to protect the parcel against seizure.

- 1 carton – 50 AUD
- 2 cartons – 60 AUD
- 3 cartons – 65 AUD
- 4 cartons – 80 AUD
