

Joint Select Committee on Road Safety

ANSWERS TO QUESTIONS ON NOTICE

Inquiry into Road Safety – Public hearing 12 October 2021

Institute for Sensible Transport

Committee Question Number: RSQN033

Proof Hansard Page: p. 45 (12 October 2021)

Mr THISTLETHWAITE: What jurisdiction do you believe does this the best? Of all of the states, which jurisdiction has the best plan to get the best outcomes?

Dr Fishman: Queensland is widely considered to have a good positive provisioning policy. But I would need to take that question on notice to give you a more comprehensive answer on the relative rankings of the different states and territories regarding that issue.

Answer

In general, positive provisioning is not done well, and there are many projects that provide some infrastructure provided, but often fails to connect to nearby existing cycling infrastructure.
