

Dear Sir or Madam

I heard about the Capping Provisions, and I really concerns about my situation.

I submitted PR in Sep 2009, for bacholar of accounting with 1 year working experience and master degree, does it affect me ??

I'm already here in Melbourne for seven years, really got strong emotion about the city, if the bill passed, and I've been denied for no reason, just too many people waiting, I'll be really really disappointment about that.

So please make the judgement carefully,think about fairness and other people's feel
