

Dear Dr Dermody,

Following AstraZeneca's attendance at the Senate Economics Committee's hearing into corporate tax avoidance, we took two questions on notice.

In relation to the first item, please find attached the past ten years of AstraZeneca Australia's financial reports.

In relation to the second item as to whether AstraZeneca has a presence in Luxemburg we wish to submit the following information.

AstraZeneca has a local distribution entity based in Luxemburg which serves the sole purpose of providing medicines to the Luxemburg market.

Regards,

Robert Gunning
Head of Corporate Communications

AstraZeneca Australia
