To the Secretary of the Committee  
re the current classification system.  
Congratulations to the Committee  
to conduct an inquiry.

I would welcome a huge  
change in the existing  
classification system, as  
I see our society degenerating  
at an alarming rate.

I see every opportunity to  
use provocative sex to  
advertise products, please  
include billboards here.

Please look at T.V. ads  
showing cars speeding on  
winding roads affecting  
the road tolls.

Sincerely
