*To Whom it may Concern.*

*I am writing to you regarding the dental sheme which you had made available for me for 2012.*

*I like to tell you that this service has improved my life greatly. I am a pensioner, 80 years old and I can not see how this sheme would affect me if it would be removed or even discontinued.*

*You see, I am so blessed to be able to eat again, no more stomach pain, because I have lovely teeth again.*

*I hope that you understand what I am saying. Without your kind help, where would we go???*

*Yours thankfully,*
