## Inquiry into the 2025 federal election Submission 11

Committee Secretary
Joint Standing Committee on Electoral Matters
PO Box 6021
Parliament House
Canberra ACT 2600

To Whom it may concern

In our ever increasing 'paper less' society, why don't we simply vote online?

We complete our tax returns online, We deal with Services Australia online, would it not be more efficient, better for the environment and considerably cheaper if we did away with poling booths?

Anyone who cant access a computer could contact the electoral office and organise a Postal vote.

Regards

Bruce Waddell
