

Dear Human Rights Commissioner

Re: Social Security Legislation Amendment bill 2011.

Stronger Futures in NT(Consequential and Transitional Provisions) 2011

Stronger Futures in NT Bill 2011

I wish to strongly protest against the 10year extension on NT intervention. It is not working and the proposals to inflict harsher punishment will continue to undermine, disrespect and isolate the people.

The government needs to work WITH and respect the original Australians and not railroad through legislation that will continue to grow disharmony.

Please withdraw this Stroger Futures legislation.

Many thanks
Jenny Smith
