**Question No: 20**

**NBN Co Limited**

**Hansard Ref: Written, 22/08/2018**

**Topic: Project fusion**

**Mr Brian Mitchell, MP asked:**

How much money has been spent under Project Fusion to date?

**Answer:**

As Mr Rue explained in the Senate Estimates hearing on 27 February 2018 (ref. page 112 of Hansard), the costs to remediate unserviceable premises in the FTTN footprint vary greatly depending on many factors, including the geography and density of premises in the area, and the type of solution deployed. The work undertaken to remediate currently unserviceable premises is often part of, or builds on, business-as-usual work under existing contracts and therefore cannot be broken out in a meaningful way.
