

Dear committee secretary ,

As I am acutely aware of the disparity in jobs for our Aboriginal people,
I am also aware that we as a Nation are placing instead Aboriginal people in lock up.
As all Australians know we have up ! so to speak.

Fixing the problem.

Easy for a white person, go to school, uni, job , professional, security and financial, hope.
Stream lined !

Spend the money on a simple steam line for education and job placements for Aboriginal
people with professionals !

Take away the spending on bigger prisons .

Put your money where your mouth is !

Justice now !

yours sincerely

Lisa Barry
