

To whom it may concern,

My name is Safitri Wahyuasih. I have been living in Perth, Western Australia for around four years.

At first I came to Australia on a student visa but now I applied for permanent resident. At the moment I hold a bridging visa.

I have spent a lot of money, time and energy setting up my life in Australia. I left everything behind in Indonesia to give myself more opportunity to have a better life. I have spent the last four years making very good friends in Perth, I have a good job and I am able to support myself really well and can also help my family in Indonesia. I love living in this country. I love the people and the weather and the food and lifestyle that the country gives.

I really want to stay here, this is where my whole life is now. Please, please let me stay here so that I can continue to live my life. Thank you for your time and consideration.

Sincerely

Safitri Wahyuasih
