

hi my name is lalita sharma and i am australian citizen now, and i am disagree with your this bill

because the students who came from overseas 4 years ago and waiting for their residency now cant do anything because the GOLDEN TIME OF THEIR LIFE THEY JUST WASTED HERE. IF they go back now what they will do their .if u have to take this decision u should take it before

if u can return that golden time then pass this bill !

because as they already applied for residency after fulfilling all conditions they should not be affected by this bill

regards
lalita
