

Respected sir,

Please consider the following disadvantages of migration.

1. it reduces the immigration departments responsibilities, e.g after this bill they does not has to make planning for future demand in Australia.
2. Immigration minister thinks that some thing going wrong. this may be his illusion .in western Australia you will see the students working in hairdressing, and in restaurant, Now the hospitality industry does not complaining for shortage of staff
3. if a doctor who migrate to on skill basis and currently doing he is not doing the doctors job he is doing some thing else ,and he is permanent residence of Australia so can immigration minister send him back.
4. i agree that department has received more application for GSM than they was expecting. But why they did not aware of this in advance .
5. Specifically department has received many applications from cooks , if for example they do not need more cook . Than they should had to remove the commercial cookery for their demand list. but didn't
6. Migrated student are not proved burden on Australian economy they have made significant contribution in every field where previously employers discretely looking for employee.
7. the refugees are burden on taxpayer of Australia frequently Australia does not need refugee who cant speak English, if they don't speak English how they can work. Their family's needs houses, Medicare, and social security, my dear sir, what a student does need any thing want to life Australia.
8. This law is unfair and there is no example of such law in rest world even in Africa, peoples of Australia does not have any problem with students because they are well educated and easily mix with other communities.

summing up all i would like to give a simple solution to [Legal and Constitutional Affairs Committee](#) to replace current bill

Example.

TOTAL NO CURRENT APPLICANTS	YEAR 2010` NUMBER OF . VISA AVAILABLE 5000	2011 NUMBER OF. VISA AVAILABLE 5000	2012 NUMBER OF. VISA AVAILABLE 5000	RESULT
15000	5000	5000	5000	
				NO NEED TO TERMINATE ANY APPLICANT.

ABOVE IS THE EXAMPLE OF TOTAL NO. OF 15000 APPLICANTS APPLIED FOR PERMANENT RESIDENCE VISA BETWEEN YEAR 2009-10 . THE TOTAL NO. OF VISA AVIALABE WAS 5000. THE DEPARTMENT CAN DIVIDE THE VISAS ON YEARS AND DOES NOT HAS TO ACCEPT ANY MORE APPLICATIONS, AND PLEASE ADJUST THE CURRENT APPLICANTS BY FOLLOW THE ABOVE EXAMPLE.

AND PLEASE REMOVE THE COURSE FROM DEMAND LIST PRIOR TO RECIEVE EXCESSIVE APPLICATIONS AND TO AVOID THE SAME SITUATION IN FUTURE.

Regards

Tahir ali
