Subject: Corrections to Record of Evidence and Tabling of Document

With reference to the email from Danielle Oldfield of Monday 2 May providing a copy of the record of evidence from the public hearing in Canberra on 27 April 2011.

I would like to make correction to some of the wordings written so as to reflect my exact words and set the record straight.

The changes are as follows and I have highlighted in them with italics and underlined:

On page ref L&C 1 of the transcript para 3, I said that "For more than a year these three inquiries,demanded the attention of more than two dozen MPs, Thirteen federal departments"

Ref to page L&C 2, in para 4 insert the word "Opponents say the definition of 'owner' in the amended bill is confusing and could lead to....."

On page ref L&C 11, the first line – delete "This bill..." and insert The Wild Rivers Act is all about locking Cape York up.

Kindly amend your records accordingly and should you have any questions, I can be contacted on telephone (07) 40539222.

Yours sincerely,

CAPE YORK LAND COUNCIL
