

Please, I urge all our government decision makers and other stakeholders to fully embrace the refund of 10 cents a container.

The environmental impact alone of land filling what SHOULD be recyclables is reason enough to pass the necessary bill/law Nation wide. I am a member of the Seabrook Cricket Club and it is one of the few Clubs I know to recycle. We have 4 recycle bins in our rooms and every fortnight all 4 are full of just bottles and cans and placed out for collection. No profit, no thank-you, we are just trying to DO the RIGHT thing !!!!! Picture what those 4 bins look like and imagine if , every sporting/social club alone across Australia would then be doing to save the environment.

Thank-you
Stephen Robert Fletcher
