Dear Minister

I am writing in relation to the new funding arrangements for Northern Territory government schools over the forward estimates period.

As you would be aware, our Government is committed to ensuring funding certainty for all schools across all states, territories and sectors over the forward estimates period. For the Northern Territory government sector, this equates to the reinstatement of an additional \$272.5 million in funding removed by the previous government. This commitment by the Government exceeds our election promise to match the funding envelope of the previous Government over the forward estimates.

To provide further certainty, the table below outlines the total Commonwealth funding for your Government sector over the forward estimates period and by calendar year.

| Total Commonwealth Funding [#] - Calendar Year | | | | | |
|---|------------------|------------------|------------------|-----------------------|-------------------|
| Year | 2014 (\$'000) | 2015 (\$'000) | 2016 (\$'000) | 2017 half (\$'000) | Total (\$'000) |
| Amount | 127,694 | 139,992 | 153,656 | 84,624 | 505,966 |

| Total Commonwealth Funding [#] - Financial Year | | | | | |
|--|---------------------|---------------------|---------------------|---------------------|-------------------|
| Year | 2013-14 (\$'000) | 2014-15 (\$'000) | 2015-16 (\$'000) | 2016-17 (\$'000) | Total (\$'000) |
| Amount | 63,847* | 133,843 | 146,824 | 161,452 | 505,966 |

[#] the final payments will be updated annually according to the most current enrolment and student characteristic data. *amount represents funding from 1 January 2014 and does not include residual National Partnership payments from the 2013 calendar year.

To maintain consistency across all other jurisdictions, it is also the Government's intention to terminate the Low Socio-Economic Status School Communities National Partnership and the Rewards for Great Teachers National Partnership on 31 December 2013.

Upon cessation of the National Partnerships, remaining funding will be redirected to the new funding arrangements from 2014.

Tabled - 16/05/14
Mr Tony Cook,
Secretary, Department
of Education (Cth)

Officials from my department have provided officials from your department the full profile of this funding over the forward estimates. On this basis, I am seeking your acknowledgement of the additional funding committed by the Australian Government to the Northern Territory, and of the Government's intention to terminate the before mentioned National Partnerships on 31 December 2013.

The Government recognises that states and territories remain responsible for their schools and that all non-government schools should maintain their independence and autonomy. In 2014 it is the Government's intention, following consultation, to amend the command and control aspects of the *Australian Education Act 2013* to ensure jurisdictions maintain authority for their schools.

Given our joint commitment to addressing student need and improving educational outcomes for all students, it is my expectation that your Government would continue its funding effort across schools in the Northern Territory through the forward estimates period.

As the Minister for Education, I remain committed to building a world-class education system based on the quality of teaching, a robust curriculum, increased school autonomy and parental engagement. I look forward to continuing to work with you to implement these important measures.

Yours sincerely

Christopher Pyne MP

Dear Minister *John Paul*

I am writing in relation to the new funding arrangements for Queensland government schools over the forward estimates period.

As you would be aware, our Government is committed to ensuring funding certainty for all schools across all states, territories and sectors over the forward estimates period. For the Queensland government sector, this equates to the reinstatement of an additional \$794.4 million in funding removed by the previous government. This commitment by the Government exceeds our election promise to match the funding envelope of the previous Government over the forward estimates.

To provide further certainty, the table below outlines the total Commonwealth funding for your Government sector over the forward estimates period and by calendar year.

| Total Commonwealth Funding [#] - Calendar Year | | | | | |
|---|------------------|------------------|------------------|-----------------------|-------------------|

| Amount | 523,060* | 1,128,094 | 1,300,189 | 1,492,518 | 4,443,861 |

*# the final payments will be updated annually according to the most current enrolment and student characteristic data. *amount represents funding from 1 January 2014 and does not include residual National Partnership payments from the 2013 calendar year.*

To maintain consistency across all other jurisdictions, it is also the Government's intention to terminate the Low Socio-Economic Status School Communities National Partnership on 31 December 2013. The individual funding agreements with non-government sectors in Queensland under the Rewards for Great Teachers National Partnership will also cease on 31 December 2013.

Upon cessation of the National Partnerships, remaining funding will be redirected to the new funding arrangements from 2014.

Officials from my department have provided officials from your department the full profile of this funding over the forward estimates. On this basis, I am seeking your acknowledgement of the additional funding committed by the Australian Government to Queensland, and of the Government's intention to terminate the before mentioned National Partnerships on 31 December 2013.

Dear Minister

I am writing in relation to the new funding arrangements for Western Australian government schools over the forward estimates period.

As you would be aware, our Government is committed to ensuring funding certainty for all schools across all states, territories and sectors over the forward estimates period. For the Western Australian government sector, this equates to the reinstatement of an additional \$120.3 million in funding removed by the previous government. This commitment by the Government exceeds our election promise to match the funding envelope of the previous Government over the forward estimates.

Dear Minister *Nick*

I am writing in relation to funding to Tasmanian government schools under the new funding arrangements over the forward estimates.

As you would be aware, our Government is committed to ensuring funding certainty for all schools across all states, territories and sectors.

I write to inform you that the Australian Government's intention is to consider Tasmania a non-participating state under the *Australian Education Act 2013* (the Act) as it has not met the requirements as set out in Section 14 of the Act. This approach would not affect our funding commitment made to Tasmanian schools over the forward estimates, which matches that of the previous government. Rather, it represents a reduction in compliance burden and red tape.

Senior officials from my Department are ready to consult should you or your Department have any specific enquiries in relation to this matter. For your information, the table below outlines the total Commonwealth forward estimates and calendar year funding profile for the Tasmanian government sector.

| Total Commonwealth Funding [#] - Calendar Year | | | | | |
|---|------------------|------------------|------------------|-----------------------|-------------------|
| Year | 2014 (\$'000) | 2015 (\$'000) | 2016 (\$'000) | 2017 half (\$'000) | Total (\$'000) |
| Amount | 151,379 | 162,694 | 176,498 | 95,285 | 585,856 |

| Year | 2013-14 (\$'000) | 2014-15 (\$'000) | 2015-16 (\$'000) | 2016-17 (\$'000) | Total (\$'000) |
| Amount | 75,689* | 157,036 | 169,596 | 183,534 | 585,856 |

[#] the final payments will be updated annually according to the most current enrolment and student characteristic data. *amount represents funding from 1 January 2014 and does not include residual National Partnership payments from the 2013 calendar year.

Given my Government's commitment to recognise that states and territories remain responsible for their schools and should maintain their independence and autonomy, it is my intention, following consultation, to amend the command and control aspects of the Act to ensure jurisdictions maintain authority for their schools.

To maintain consistency across all other jurisdictions, and consistent with the previous Government, it is also the Government's intention to terminate the Low Socio-Economic Status School Communities National Partnership and the Rewards for Great Teachers National Partnership on 31 December 2013.

Upon cessation of the National Partnerships, funding will be redirected to the new funding arrangements from 2014.

If you have any questions in relation to our ongoing commitment to Tasmanian schools please do not hesitate to contact my office.

As the Minister for Education, I remain committed to building a world-class education system based on the quality of teaching, a robust curriculum, increased school autonomy and parental engagement. I look forward to continuing to work with you to implement these important measures.

Yours sincerely
