Please support homelands! Homelands are beneficial to Aboriginal health and well being. Aboriginal's have the right to live on their homelands and they have the right to be respected. Moving Aboriginal's off their homelands or simply not providing funding or support is another attempt to assimilate Aboriginal people into towns/shires. Assimilation did not work the first time, it only damaged the relationship thus, creating the gap. Show respect for Aboriginal Law/Spirituality, their homelands are their mother, why would you want to take this away from them? If you want to close the gap, then we must find ways to embrace Aboriginal culture, with respect comes trust and with trust a positive healthy relationship can begin to be mended!
