To: Secretary of the Committee,

Dear Sir/Madam,

I am writing to you to express my views on the fairness of access to cancer medicines. My father died of Lung cancer so I know from first hand how costly cancer treatments are.

We were fortunate that my father had medical cover and caring family that was able to assist.

Having cancer is bad enough without worrying about the cost of the treatment, I therefore strongly believe that Cancer medicines should be made available to all patients regardless of their cancer type and how much they have.

Best regards,

Leroy Lai
