

From:
To: [Community Affairs Committee \(SEN\)](#);
Subject: Submission to the Inquiry into the National Disability Insurance Scheme Bill 2012
Date: Thursday, 17 January 2013 10:58:40 AM

Please consider this email a formal submission by me to the Senate Standing Committee on Community Affairs Inquiry into the National Disability Insurance Scheme Bill 2012.

The current disability system has many problems that need to be addressed.

Not applicable. I am a supporter but not affected at present.

The main features of the NDIS that will make a difference to the community are:

Ensure support and equipment is available when needed, People with a disability can plan their lives and pursue their goals and dreams, The ability to receive services when needed and in the way that suits the person

The most important services for the NDIS to provide are:

Support for families and carers, Accommodation options, In-home care and domestic assistance

I support the introduction of the NDIS.

This is a must if people with Disabilities are to live in our community with dignity and adequate support. This is not only for people born with disabilities but those with acquired disabilities when other insurance options are not available. We need to support and provide the person with the ability to continue to live a full and productive life within the constraints of their disability.

I agree for my submission to be made public

Regards,

Mrs Margaret Bain
