

31 January 2012

Steven Mitchell

To whom it may concern,

I am appalled and disgusted by the proposed bills under the title of *Northern Territory Bill 2011 and two related bills*.

I do state in unequivocal and unambiguous terms that:

It is **MY WILL** that the proposed bills be rejected outright and never be submitted to any de facto or de jure Parliament within the Commonwealth of Australia, and

It is **MY WILL** that the nature and intent of the proposed bills never be represented in other bills in the future to any de facto or de jure Parliament within the Commonwealth of Australia.

I do also state that it is my view that:

Any person that attempts to enforce this bill as an Act and subsequently as a law of the Commonwealth is committing serious offences against people of the Commonwealth.

Sincerely,

Steven William of the Mitchell Family
