Subject: RE: Senate Economics References Committee - Hansard Transcript, 31 July 2017 - Non-conforming building products

Date: Thursday, 17 August 2017

Thank you for your email.

During my appearance in the Question and Answer session of my submission, I was asked if there are any “repeat offenders” in terms of importation/ manufacture of building products containing asbestos. I was unable to provide an answer with 100% certainty and so took the question on notice.

I can now confirm that the company Yuanda Australia has supplied building products containing asbestos to at least 3 major construction projects in Australia, including the Pert Children’s Hospital.

Kind Regards,
