Dear Senate Committee,

Every child, regardless of gender, has the basic human right of life. So it is the duty of every legislator to see a reduction in abortion. By providing Medicare funding of sex-selection abortions is another way of contributing to the increase of this unnecessary inhuman act. Aborting an unborn child solely on the basis of gender is not at all a medical procedure and taxpayers should not be funding decisions based purely on cultural or personal preference. Please I urge you to oppose this legislation and where ever you can protect the unborn given their vulnerable state.

Yours truly,

(Mrs.) Carmen Zammit.
