

Working for Break Thru People Solutions for 5 years, I can confidently say that there is a large importance on continuing Disability Employment Service - ESS. I believe that Break Thru People Solutions should not have to enter the re-tender process. Break Thru People Solutions are a unique service that holds a positive reputation on the Central Coast.

As a consultant I receive weekly phone calls from potential clients that require assistance for returning to or entering the work force. Break Thru's reputation is strong within the other local agencies and schools, as we are a first point of call for referrals. Break Thru People delivers a service that holds strong links with all disability service standards. As we work **with** our clients and assist by empowering our clients with a delivery that allows them ownership of their career/vocational goals.

In my 5 years I have seen clients return to the office to thank Break Thru for the assistance given, I have been a customer at work places to see past clients still working and demonstrated such gratefulness of where they have got themselves with assistance of Break Thru.

Some written quotes from my clients:

"I want to thank you for all you have done for me"

"I really want to thank you for taking the time to help and being there and getting me ready for interviews"

"You're so awesome. Thank you so much for all help and advice you have given to me over the past year"
