Hi [REDACTED]
Thanks for the draft and yes, I the plan was to do a joint announcement with both Ministers and some successful applicants.
I can touch base with Minister O'Dwyers office about a date and let you know.
Happy for the Infra Grants release to be delayed to include the figures.
Finally, [REDACTED] has moved in policy now so we can take [REDACTED] off the media lists.

Instead, [REDACTED] has joined the media team and his details are below:

Office of Senator Bridget McKenzie
Minister for Regional Services, Sport, Local Government and Decentralisation

Subject: Media Release - Women Leaders in Sport [SEC=No Protective Marking]

Hi [REDACTED] and [REDACTED],
I received a request to draft a media release on the Women Leaders in Sport grants for 2019.

A draft is attached, but it does require you to consult with the Office for Women in relation to timing and their content.

Please let me know if you would like to discuss the possibility of a launch involving the Ministers and some successful applicants.

I have also received a request for a media release on the announcement of the Community Sport Infrastructure Grants, due this Friday.

My understanding is these won't be announced until perhaps the week of December 10 and that the Minister is yet to approve the grants. Is it therefore possible to seek an extension for this media release until after the grants are approved, so that statistics and references within the media release are accurate.

Happy to discuss on phone if it's easier.

Thanks,

PDR: IQ20-000588

Questioner: Senator Janet Rice

Question:

In relation to the ascdigitaldiscovery.slack.com workspace, I ask that you confirm whether this is a slack workspace to which the Australian Sports Commission has access, and if so, provide:

- A list of all channels on the ascdigitaldiscovery.slack.com workspace; and
- A list of all individuals (or their roles, if more appropriate) outside the Australian Sports Commission who have been granted access to that slack workspace.

Answer:

The ascdigitaldiscovery.slack.com workspace was created on 22 June 2018 to support the development of several Australian Sports Commission (ASC) corporate digital projects. The workspace enabled collaboration between the ASC Digital team, technology vendors and a national sporting organisation to design these projects. This workspace is completely unrelated to the Community Sport Infrastructure grant program. Slack is not an official ASC corporate system but was used for this purpose as most of participating technology vendors had an established practice of using Slack as their preferred online collaboration method.

Below is a list and description of all channels on the ascdigitaldiscovery.slack.com workspace.

cyclingentryboss	Development of a data platform initiative for Cycling Australia	23 July 2018
