Dear Senator Stewart

**Freedom of Information Amendment Bill 2025  
Public Hearing, Friday, 17 October 2025**

I write to clarify an answer provided to the Committee during the public hearing on the inquiry into the Freedom of Information Amendment Bill 2025 on Friday, 17 October 2025.

In answering a question from Senator Collins regarding Artificial Intelligence (AI) generated content and which agency statistics suggested that of the FOI matters they had on hand almost 20% of personal matters and 50% of non-personal matters included AI generated content. I stated, 'and Services Australia' to include Services Australia in the response given by the Department of Home Affairs that they did not know.

It has been brought to my attention following the hearing that the agency in question was Services Australia. Therefore, I would like to clarify this for the record.

Yours sincerely
