Subject: Cashless debit card support
Date: Tuesday, 17 July 2018 6:30:44 PM

Dear Senator,

I fully support the cashless debit card for Hinkler. As i am watching the local news this evening the We Care 2 spokesperson has just stated that homelessness in our region is in large part due to alcohol and drugs being purchased before buying food and shelter.

I would like point out that there is the loud minority in this region who do not support the cashless debit card but a vote taken by the local newspaper has proven the wide support for the card here.

Recently the region has been visited by various politions who want to self-promote by engaging with the loud minority. I hope you can see this behaviour for what it is.

Please support the cashless debit card for Hinkler.

Thank you and regards,
