

Senators

Can you please tell me if the proposed legislation will protect my religious freedom.

Will I be allowed to pursue my faith without discrimination or harrassment?

Will my grandchildren be allowed to pursue heterosexual relationships without barrages of homosexual propaganda?

Will they be allowed to attend a school where they will be taught the values of their faith or will they be forced to learn about a lot of uproven theories that are presented as scientific facts?

Will they be forced to adopt behaviour contrary to traditional values of honesty integrity and morality?

Will I be allowed to complain against people who want to destroy the traditional celebration of Christmas with carols and nativity displays? How did people ever get the idea they could celebrate Christmas without Christ?

Will I be able to complain against public displays of behaviour that are offensive and denegrating to my religion?

And lastly, will I again be subjected to a barrage of insulting, denegrating, intimidation from the offices of certain politicians as I was the last time I dared to speak up for civil rights and personal freedoms?
