Topic: Number of people with disabilities with individualised funding packages

Hansard Page: 8/11/10 - CA6

Senator Boyce asked:

Would you have any sense of how many people have individualised funding packages, compared to those who do not?

Answer:

The most recent publication of data on individualised funding was the *Commonwealth State Territory Disability Agreement National Minimum Data Set* in 2006-07. Based on that report, approximately 27 per cent of service users, or 59 016 people, were reported to be on individualised funding arrangements.
