Subject: no nuclear waste dump
Date: Tuesday, 9 March 2010 8:23:42 AM

Dear Parliamentarians,

I strongly oppose a nuclear waste dump on Muckaty Station in the NT. As a former resident of Tennant Creek I know how beautiful the country is there, and how important the relationship between Indigenous peoples and their lands are. Placing a nuclear waste dump on these lands threatens the health of immediate and wider environments and ecosystems, with negative consequences in tourism, upon which the NT relies heavily. I would like my strong opposition to be recognised.

Yours sincerely,
Anna Beilharz
