RE: Submission on the National Consumer Credit Protection Amendment (Supporting Economic Recovery) Bill 2020.

To whom it may concern.

This Bill contravenes every banking law breaking corruption that was exposed at the Banking Royal Commission by Commissioner Kenneth Hayne.

The perpetual complicity of our upper echelon of both major parties, APRA and Treasury of placing the financial cartels { the banks } before the people will be their downfall.

For as our populous are now understanding the ramifications of this Bills { remember the cash ban bill } governments attempt to make them and future generations eternal debt slaves. Consequently the harder those who contrive to pass this bill ensure the masses will awaken and arise to action to the demise of the guilty and their political ambitions.

Just listen to one of countless experts in opposition to this Bill. Such as The Banking and Finance Consumers Support Association's Denise Brailey. So in your contemplations please consider the above as you cast your vote against this bank enslaving Bill of the people. Thanking you for your time in reading the above and we remain.

Respectfully Yours.
