## Ensuring Northern Territory Rights Bill 2021 Submission 17

A though living in Queensland, I would like to offer my support for the Ensuring Northern Territory Rights Bil. Whi st I do understand the background to our constitution a lowing the federal government to interfere in the egislation of Territories be leve that in this day and age this should be reduced to the absolute minimum, if not removed completely. I certainly strongly support the Northern Territory's right to be in line with those of the States when it comes to determining their own legislation on employment disputes, property acquisition and voluntary assisted dying

Thank you for the opportunity to provide my opin on.
